### A. Superintendent / 9-12 Principal Report

Mr. Tharman shared that volleyball, football, and FFA events were in full swing. He highlighted a couple of items on the calendar in the next couple of weeks; one of which is the motivational speaker, Harvie Herrington, next Monday, September 19th. Homecoming week kicks off on Sunday, September 18th with a movie in front of the cafeteria. Parade on Friday in Almena and dance on Saturday to wrap up the week. The grant application for assistance with the exterior mortar work that was submitted to Dane G. Hansen was not selected for funding. The next board meeting is October 10th in Long Island.

### B. K-8 Principal Report

My apologies for not being in attendance for tonight's meeting. Below is my principals report.

The school year is off and running. At the Junior High we have 12 volleyball players and 10 football players participating. We had our first home game this past Thursday which included a Book Fair & Open House. Special thanks to the Legion for hosting a watermelon feed as well that night. At the elementary school we have begun to get in a routine. We have had some sad times to get through as a staff, but everyone is staying positive and I just want to thank all those that have taken on and helped out in filling voids.

## XI. Reports of Board Members

Mr. Whitney asked about the status of Bus #17. The report from the individual that was contacted to work on it, said it was in need of a new ECU. The reported delivery date of that was said to be anywhere from 6 weeks to 6 months. Mr. Tharman had asked that they pursue looking for a good, used one, rather than waiting for the new one as it was a needed vehicle. Mr. Tharman said he plans to follow up with the individual tomorrow.

## XII. Adjournment

I move to adjourn this meeting. This motion, made by Shanna Hammond and seconded by Laquita Smith, Carried.

# REVENUE NEUTRAL RATE

## Process and Requirements

### 2022 HB 2239 amending K.S.A. 79-2988

The timelines will remain the same as last year budgeting purposes. County Clerks will notify individual tax payers this year.

\*\*\*New this year, there will be a requirement for a **roll call vote** of board members and how they voted on the RNR resolution.

Remember, with normal increases in local assessed valuation the mill levy (Revenue Neutral Rate) goes down to raise the same amount of dollars.

Revenue Neutral Rate – Summary of Timelines	
Timeline	Action
June 15	County Clerk notifies district of Revenue Neutral Rate
July 20	District notifies County Clerk of tax rate for new year, if exceeding the Revenue Neutral Rate. This tax rate becomes the maximum for the district.
After July 20	County Clerk notifies individual tax payers of new tax levy.
Minimum of 10 days between publication and hearing	District publishes notice to exceed Revenue Neutral Rate Concurrent with Budget publication and posts the RNR form on the USD website.
Aug 20 – Sept 20	District holds hearing to exceed Revenue Neutral Rate May be same night as Budget hearing
September 20 on or before	District submits budget to Kansas State Department of Education
On or before October 1	District certifies levy and budget documents to county clerk

#### Notes:

- USDs not exceeding the Revenue Neutral Rate would follow the old law dates for publication and hearing and submit their budget to the county clerk and KSDE by August 25.
- The board of education should be informed of the mill rates reported to the county clerk by July 20, however the Resolution to Exceed the Revenue Neutral Rate is not adopted until after the hearing is held.

- *The taxing subdivision cannot levy above the RNR. If the taxing subdivision adopts a budget that does not exceed the RNR, the subdivision should contact the county clerk to prepare for valuation decreases from the June 15<sup>th</sup> property valuation estimates to the November 1<sup>st</sup> property valuations certified to the county clerk. If property valuations decrease from June 15<sup>th</sup> to November 1<sup>st</sup>, the taxing subdivision would realize less dollars than budgeted. If the taxing subdivision levied higher than the RNR, the legislation requires refunds to tax payers in any amount levied above the RNR.*
- *Based on the State Department of Administration, Office of Accounts and Reports, recreation commissions will be computed separately and will not be included in the school district's Revenue Neutral Rate.*

## Excerpts K.S.A. 79-2988

1. **County Clerk will provide** to taxing subdivisions on or before **June 15** of each year their revenue neutral rate and include said rate on the notice of the estimated assessed valuation provided to each taxing subdivision for budget purposes.
2. No tax rate in excess of the revenue neutral rate shall be levied by the governing body of any taxing subdivision unless a resolution or ordinance has been approved by the governing body according to the following procedures:
3. At least **10 days in advance of the public hearing**, the governing body shall publish notice of its proposed intent to exceed the revenue neutral rate by publishing notice:
  - (A) On the **website** of the governing body, if the governing body maintains a website; and
  - (B) in a weekly or daily **newspaper** of the county having a general circulation therein. The notice shall include, but not be limited to, its proposed tax rate, its revenue neutral rate and the date, time and location of the public hearing.
4. On or before **July 20**, the **governing body shall notify the county clerk** of its proposed intent to exceed the revenue neutral rate and provide the date, time and location of the public hearing and its proposed tax rate.
5. The **public hearing** to consider exceeding the revenue neutral rate shall be held not sooner than **August 20 and not later than September 20**. The governing body shall provide interested taxpayers desiring to be heard an opportunity to present oral testimony within reasonable time limits and without unreasonable restriction on the number of individuals allowed to make public comment. The public hearing may be conducted in conjunction with the proposed budget hearing pursuant to K.S.A. 79-2929, and amendments thereto, if the governing body otherwise complies with all requirements of this section. Nothing in this section shall be construed to prohibit additional public hearings that provide additional opportunities to present testimony or public comment prior to the public hearing required by this section.
6. A **majority vote** of the governing body, by the adoption of a resolution or ordinance to approve exceeding the revenue neutral rate, shall be required prior to adoption of a proposed budget that will result in a tax rate in excess of the revenue neutral rate. Such vote of the governing body shall be **conducted at the public hearing** after the governing body has heard from interested taxpayers and **shall be a roll call vote**. If the budget, budget certificate and other budget forms filed with the county clerk and the director of accounts and reports and shall be published on the website of the department of administration.

7. Any governing body subject to the provisions of this section that **does not comply** with subsection (b) shall **refund** to taxpayers any property taxes over-collected based on the amount of the levy that was in excess of the revenue neutral rate.
8. governing body approves exceeding the revenue neutral rate, the governing body shall not adopt a budget that results in a tax rate in excess of its proposed tax rate as stated in the notice provided pursuant to this section. A copy of the resolution or ordinance to approve exceeding the revenue neutral rate and a certified copy of any roll call vote reporting, at a minimum, the name and vote of each member of the governing body related to exceeding the revenue neutral rate, whether approved or not, shall be included with the adopted budget.
9. Any taxpayer of the taxing subdivision that is the subject of the complaint or such taxpayer's duly authorized representative **may file a complaint** with the state board of tax appeals by filing a written complaint, on a form prescribed by the board, that contains the facts that the complaining party believes show that a governing body of a taxing subdivision did not comply with the provisions of subsection (b) and that a reduction or refund of taxes is appropriate. The complaining party shall provide a copy of such complaint to the governing body of the taxing subdivision making the levy that is the subject of the complaint. Notwithstanding K.S.A. 74-2438a, and amendments thereto, no filing fee shall be charged by the executive director of the state board of tax appeals for a complaint filed pursuant to this paragraph. The governing body of the taxing subdivision making the levy that is the subject of the complaint shall be a party to the proceeding. Notice of any summary proceeding or hearing shall be served upon such governing body, the county clerk, the director of accounts and reports and the complaining party. It shall be the duty of the governing body to initiate the production of evidence to demonstrate, by a preponderance of the evidence, the validity of such levy. **If upon a summary proceeding or hearing, it shall be made to appear to the satisfaction of the board that the governing body of the taxing subdivision did not comply with subsection (b), the state board of tax appeals shall order such governing body to refund to taxpayers the amount of property taxes over collected or reduce the taxes levied, if uncollected.** The provisions of this subsection paragraph shall not be construed as prohibiting any other remedies available under the law.
10. On and after January 1, 2022, in the event that the 20 mills levied by a school district pursuant to K.S.A. 72-5142, and amendments thereto, increases the property tax revenue generated for the purpose of calculating the revenue neutral rate from the previous tax year and such amount of **increase in revenue generated from the 20 mills is the only reason the school district would exceed the total property tax revenue from the prior year, the school district shall be deemed to not have exceeded the revenue neutral rate** in levying a tax rate in excess of the revenue neutral rate to take into account the increase in revenue from only the 20 mills.
11. If the governing body of a taxing subdivision must conduct a public hearing to approve exceeding the revenue neutral rate under this section, the governing body of the taxing subdivision **shall certify, on or before October 1**, to the proper county clerk the amount of ad valorem tax to be levied.
12. If a governing body of a taxing subdivision **did not comply** with the provisions of subsection (b) and certifies to the county clerk an amount of ad valorem tax to be levied that would result in a tax rate in excess of its revenue neutral rate, the county clerk shall **reduce the ad valorem tax** to be levied to the amount resulting from such taxing subdivision's revenue neutral rate.

13. **After the first two years**, in the event that a county clerk incurred costs of printing and postage that were not reimbursed pursuant to section 7, and amendments thereto, such county clerk may seek **reimbursement from all taxing subdivisions** required to send the notice. Such costs shall be shared proportionately by all taxing subdivisions that were included on the same notice based on the total property tax levied by each taxing subdivision. Payment of such costs shall be due to the county clerk by December 31.

## Process to determine taxes needed.

1. Most school districts will levy taxes for General, Supplemental General (LOB) and Capital Outlay.
2. The county clerk will provide the estimated assessed valuation and the Revenue Neutral Rate by June 15 for General fund, Capital Outlay (if different assessed valuation), Bond & Interest (if different assessed valuation) and another assessed valuation and the Revenue Neutral Rate for all other funds.
3. For General fund, multiply 20 mills times the General fund assessed valuation provided by the county clerk.
4. For Capital outlay, multiply the Capital outlay assessed valuation (if provided) times the mill rate the district plans to use.
5. For the bond and interest levy, determine the taxes needed using code 62 in the budget software to determine the amount necessary to meet the bond and interest payments.
6. The other tax levies can be determined based on completing those funds in the budget software.
7. The tax levies needed for the Historical Museum and Public Library will need to be determined on the budget software.
8. As noted, the Recreation Commission levies are **not** part of the school districts calculation for the Revenue Neutral Tax Rate and is responsible to provide their tax levy amounts to the county clerk by July 20.

### **IMPORTANT: The District's Planned Tax Rate must be certified to the county clerk on or before July 20.**

- If a district fails to meet that deadline, the district will have the same taxes from the previous year or they could be lower if the assessed valuation decreases from the previous year.
- If a district certifies a higher amount of taxes needed to the county clerk, the amount can be lowered prior to publishing the budget or it can be reduced by the board of education after having their public hearing.

USDs can publish Code 99 hearing & RNR hearing on the same page and hold the hearings together. When the board adopts the budget, they should have a motion to adopt the RNR Resolution first and then adopt the budget.

## **2022-2023 Budget General Information**

**USD #: 212**

### **Introduction**

Northern Valley is a small, rural 1A school nestled between northern Norton and Phillips Counties. Northern Valley is a combination of the former Almena Rural School and Long Island School.

The Almena and Long Island buildings have a great history. They were constructed in 1924 and 1917 respectfully. Over the years, there have been fires, additions, reshaping, repairs, and modifications. They continue to withstand the test of time and the many great educators and students that have traveled the hallways.

## The District's Accomplishments and Challenges

Over the past 100 years, the population of rural Kansas area has continually decreased. There is evidence of this along every paved and gravel road. Old barns that have fallen into disrepair, houses that are no longer inhabited, windmills that are now an island in a field. These are reminders of the changing world in which we live, but they are each a monument to the way of life we choose to live.

The enrollment, according to [www.ksde.org](http://www.ksde.org), in 2002 was 177, 2009 it was 196, 2016 it was 146, and this year it is projected to be .... 132.

This is an indicator of a continuing decline in students, but hopefully the last.

**Accomplishments:** The distance between the houses have increased, but technology and our shared values of education and family have strengthened the bonds of those in the valley. The Northern Valley School District is the center of our communities. Generations upon generations of people attend our events showcasing the talents of our young men and women each year. They cheer on the victors and provide words of encouragement and support when the favor goes the other direction. The small classroom size allows for more one-on-one student/teacher interactions.

The following year, that was not corrected, which caused Juniors to appear in the graduation section. KSDE and PowerSchool representatives were contacted and made aware of this error. After several hours of troubleshooting, it was determined the correction would appear in next year's graduation report, thus the remaining incorrect data. The actual 2021 graduation rate was 100%.

Items identified that must be overcome for each student to achieve grade level proficiency on assessments include student motivation, emotional / personal situations, test anxiety, and students that move in and out of the district (migrant). While reviewing the data; it was noted that these were the similarities among those testing at a level one.

**(B) Identify the budget actions that should be taken to address and remove those barriers.**

In order to aid in removing / reducing those barriers, the following list of items were identified:

- 1) Evaluate curriculum across all buildings and grade level to ensure consistency.
- 2) Provide professional development opportunities for parent / teacher / student relationships.
- 3) Develop and implement programs to encourage parental involvement.
- 4) Improve on the opportunities for students to access counseling services.

Most projects are complete .... there a few items that will be wrapped up in the next couple of weeks (gym floors, touch-up painting, painted floors, etc). Alan, Hal, Noah, Cindy, Laurie, Kassandra, and Korey have done an outstanding job this year. Thank you to everyone's hard work and perseverance in the hot weather.

B. State Assessment Scores

Mr. Gebhard went over the state assessment scores with the board. These were also reviewed by the DLT (district leadership team) and recommendations were made that would enable students to improve their test scores over the next five years. The board will review those recommendations and ensure the budget addresses those at the September board meeting.

C. Meals / Books / Instrument Fees

Book and instrument rental fees did not change from last year; however, we are once again charging for meals unless a person qualifies for free meals. Board of Education & Mr. Tharman,

In regards to the Out of District Request of Martin Orr. After discussion with staff and the Principal at Eisenhower Elementary it is my recommendation that we do not accept Martin as a student.

Reason being is that we do not have the resources available to handle his needs. After the request to enroll was made, I explained my recommendation to the mother, Catherine Llamas. She understood my reasoning, but wanted to know if we would possibly hire her as para professional for him. Another option she asked was if he could attend starting 2<sup>nd</sup> grade? I simply replied back to her that all options would be discussed. In the end I must stick to the recommendation that we cannot accept Martin as we do not have the resources to meet his needs.

I understand that I did not get into many details, but wanted to give you the penny version. If need be I can give a much lengthier explanation of why I am making this recommendation at another time.

Thanks for your time....

Mr. Tharman and BOE,

Please accept my resignation as the Summer Weightlifting Sponsor. I was glad to help out and take on the responsibility. However, due to a new venture this past summer, I will not be able to continue helping out with summer weights.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Gebhard', is written above the printed name.

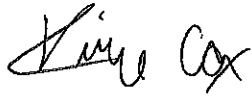

Marvin Gebhard

To Whom It May Concern,

I would like to provide my official resignation as Secretary/Treasurer for Northern Valley High School. I am planning on working until the baby is born sometime in mid-January and then I am planning on staying home with my children after that. I am thankful for my time here at Northern Valley and really have enjoyed working with the staff and students. I am sad to leave, but this is what we feel is the best for our family at this time.

Thank you,

Kinze Cox
