 - ORS 192.660(2)(b) To consider the dismissal or disciplining of, or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent who does not request an open hearing.
5. Call Meeting to Order - Open Session 6:00 PM
6. Action Item:
 - a. Board approval of complaint procedure
 - b. Fencing project approval

Alsea Fence Project:

OK for board approval

4/22/23

This project will entail putting a black vinyl 6' tall fence around the school facility. The one concern is that of the VOC building and parking in that vicinity. Until that building is completed, we will have temporary fencing from Hwy 34 to the building. Once this project is completed, we will have over 1100' of fencing and our building will be much more secure.

#1: 20' gate that would swing open. If we would like to have it roll open it would add approximately \$2000. This gate allows access to handicap parking.

#2: 4' gate with a panic bar and a wireless remote with a gate bell to allow people through. The front office will have access to the remote.

#3: 4' gate with no panic bar that will be open during unloading and loading of buses. Gate will be locked during the day.

#4: 4' gate with no panic bar that will be open on weekends for families and children to play on the play structures. This will be locked during the school day.

#5: 12' gate that will be locked at all times. This gate will be used for mowers and possibly life flight situations to get equipment in and out.

#6: 10' gate that will be locked at all times.

#7: 4' gate with a panic bar.

#8: 4' gate with a panic bar.

#9: 10' gate that will be locked at all times.

#10: 4' gate with a panic bar.

#11: 4' gate with a panic bar.

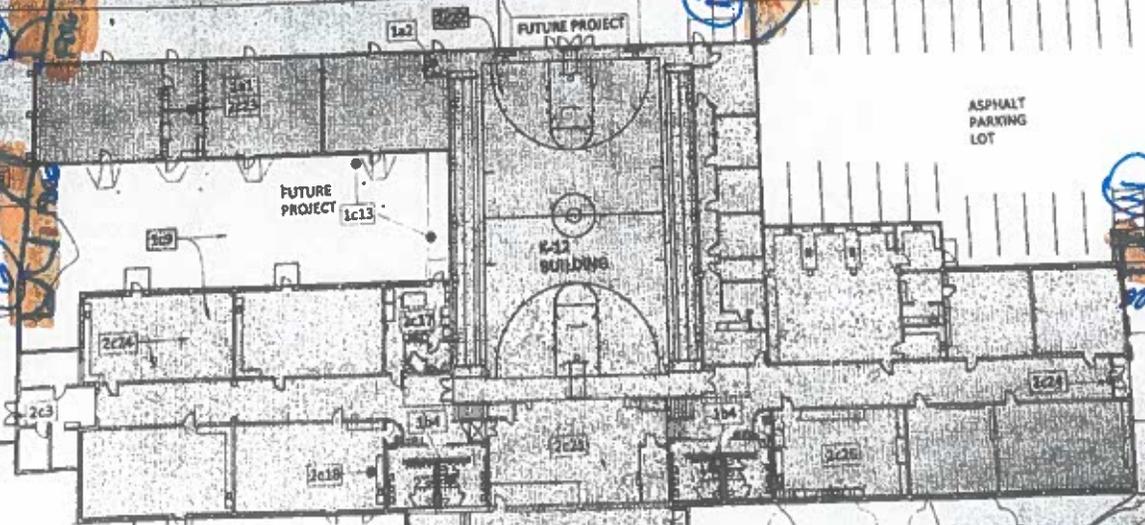

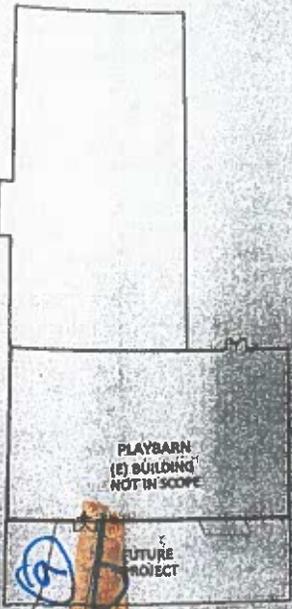

#12: Add panic bar to gate that is already there.

#13: 12' gate that will be locked at all times. This gate will be used for mowers and possibly life flight situations to get equipment in and out.
