203.6 CONSENT AGENDAS

I. PURPOSE

The purpose of this policy is to allow the use of a consent agenda.

II. GENERAL STATEMENT OF POLICY

In order for a more efficient administration of school board meetings, the school board may elect to use a consent agenda for the passage of noncontroversial items or items of a similar nature.

III. CONSENT AGENDAS

- A. The superintendent, in consultation with the school board chair, may place items on the consent agenda. By using a consent agenda, the school board has consented to the consideration of certain items as a group under one motion. Should a consent agenda be used, an appropriate amount of discussion time will be allowed to review any item upon request.
- B. Consent items are those which usually do not require discussion or explanation prior to school board action, are noncontroversial and/or similar in content, or are those items which have already been discussed and/or explained and do not require further discussion or explanation. Such agenda items might include ministerial tasks such as, but not limited to, the approval of the agenda, approval of previous minutes, approval of bills, approval of reports, etc. These items might also include similar groups of decisions such as, but not limited to, approval of staff contracts, approval of maintenance details for the school district buildings and grounds or approval of various schedules.
- C. Items shall be removed from the consent agenda by a timely request by an individual school board member for independent consideration. A request is timely if made prior to the vote on the consent agenda. The request does not require a second or a vote by the school board. An item removed from the consent agenda will then be discussed and acted on separately immediately following the consideration of the consent agenda.
- D. Consent agenda items are approved en masse by one vote of the school board. The consent agenda items shall be separately recorded in the minutes.

405 VETERAN'S PREFERENCE

[Note: The provisions of this policy substantially reflect legal requirements.]

I. PURPOSE

The purpose of this policy is to comply with the Minnesota Veterans Preference Act (VPA) which provides preference points for veterans applying for employment with political subdivisions, including school districts, as well as additional rights for veterans in the discharge process.

II. GENERAL STATEMENT OF POLICY

- A. The school district's policy is to comply with the VPA regarding veteran's preference rights and mandated preference points to veterans and spouses of deceased veterans or disabled veterans.
- B. The school district's policy is also to comply with the VPA requirement that no covered veteran may be removed from public employment except for incompetency or misconduct shown after a hearing upon due notice, upon stated charges, and in writing. This paragraph does not apply to the position of teacher.
- C. Veteran's preference points will be applied pursuant to applicable law as follows:
 - 1. A credit of ten points shall be added to the competitive open examination rating of a non-disabled veteran, who so elects, provided that the veteran obtained a passing rating on the examination without the addition of the credit points.
 - 2. A credit of fifteen points shall be added to the competitive open examination rating of a disabled veteran, who so elects, provided that the veteran obtained a passing rating on the examination without the addition of the credit points.
 - 3. A credit of five points shall be added to the competitive promotional examination rating of a disabled veteran, who so elects, provided that (a) the veteran obtained a passing rating on the examination without the addition of the credit points and (b) the veteran is applying for a first promotion after securing public employment.
 - 4. A preference may be used by the surviving spouse of a deceased veteran and by the spouse of a disabled veteran who, because of the disability, is unable to qualify.
- D. Eligibility for and application of veteran's preference, the definition of a veteran, and the definition of a disabled veteran for purposes of this policy will be pursuant to the VPA.
- E. When notifying applicants that they have been accepted into the selection process, the school district shall notify applicants that they may elect to use veteran's preference.
- F. The school district's policy is to use a 100-point hiring system to enable allocation of veteran's preference points. The school district may or may not use a 100-point hiring system for filling teaching positions. If a 100-point hiring system is not used for filling a

teaching position, preference points will not be added, but all veteran applicants who have proper licensure for the teaching position will be granted an interview for the position.

- G. If the school district rejects a member of the finalist pool who has claimed veteran's preference, the school district shall notify the finalist in writing of the reasons for the rejection and file the notice with the school district's personnel officer.

[Note: A school district may require a veteran to complete an initial hiring probationary period as defined in Minnesota Statutes section 43A.16.]

- H. In accordance with the VPA, no honorably discharged veteran shall be removed from a position of employment except for incompetency, misconduct, or good faith abolishment of position.
 - 1. Incompetency or misconduct must be shown after a hearing, upon due notice, upon stated charges, in writing.
 - 2. A veteran must irrevocably elect to be governed either by the VPA or by arbitration provisions set forth in a collective bargaining agreement in the event of a discharge.
- I. The VPA and the provisions of this policy do not apply to the position of private secretary, superintendent, head of a department, or any person holding a strictly confidential relation to the school board or school district. The VPA and the provisions of this policy apply to teachers only with respect to the hiring process, as set forth in Paragraph F., above.

507 CORPORAL PUNISHMENT

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to describe limitations on corporal punishment of students.

II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district or charter school shall cause corporal punishment to be inflicted upon a student to reform unacceptable conduct or as a penalty for unacceptable conduct. As used in this policy, the term "corporal punishment" means conduct involving hitting or spanking a person with or without an object, or unreasonable physical force that causes bodily harm or substantial emotional harm.

III. EXCEPTIONS

A teacher or school principal may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another. Other school district employees, school bus drivers, or other agents of a school district may use reasonable force when necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

IV. VIOLATION

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

516.5 OVERDOSE MEDICATION

[Note: School districts are not required to adopt a policy on the use of emergency drugs for the treatment of drug-related overdoses. School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of a prescription medication, particularly to an individual to whom it was not prescribed. The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day or at school district activities.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **“Drug-related overdose”** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **“Naloxone Coordinator”** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district’s Naloxone Coordinator is [insert title of staff person appointed as coordinator].
- C. **“Opiate”** means any dangerous substance having an addiction forming or addiction

sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.

- D. **“Opiate Antagonist”** means naloxone hydrochloride (“Naloxone”) or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.

- E. **“Standing Order”** means directions from the school district’s medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team (“District Planning Team”) who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

- 1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
- 2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff in all school facilities and activities and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
- 3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical

care;

- b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
- c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
- d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.

- 4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

B. Site Planning Teams

- 1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
- 2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

C. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. **NALOXONE STORAGE**

- A. The Site Planning Team will select numerous Naloxone storage locations within the school site and outside the school site when activities are conducted off school grounds (i.e., transportation services, field trips, etc.).

[Note: School districts may decide that Naloxone will not be sent on field trips, transportation or activities that occur outside of the typical school day or off school property and may modify this statement accordingly. If Naloxone is provided during these auxiliary activities, schools should ensure that it is only provided if there is an available trained staff member to administer it and that the medication can be safely and legally stored and transported.]

- B. The selected storage locations of Naloxone will be classified as non-public “security

information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.

- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

535 SERVICE ANIMALS IN SCHOOLS

I. PURPOSE

The purpose of this policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

II. GENERAL STATEMENT OF POLICY

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this policy.

III. DEFINITIONS

A. Service Animal

A "service animal" is a dog (regardless of breed or size) or miniature horse that is individually trained to perform "work or tasks" for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual's disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

B. Handler

A "handler" is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, "handler" means the person who cares for and supervises the animal on that individual's behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

C. Work or Tasks

1. "Work or tasks" are those functions performed by a service animal.
2. Examples of "work or tasks" include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

3. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not "work or tasks" for the purposes of this policy.

D. Trainer

A "trainer" is a person who is training a service animal and is affiliated with a recognized training program for service animals.

IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES

- A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school- sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.
- B. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:
 1. Is the service animal required because of a disability; and
 2. What work or tasks is the service animal trained to perform.
- C. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability has completed and submitted the request form described in Part VI., below.
- D. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

V. REQUIREMENTS FOR ALL SERVICE ANIMALS

- A. The service animal must be required for the individual with a disability.
- B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.
- C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- D. The service animal must be housebroken.

- E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.
- F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.
- G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.
- H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL

- A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.
- B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.
- C. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL

- A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:
 - 1. Any of the requirements described in Part V., above, are not met.
 - 2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;
 - 3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or
 - 4. The service animal behaves in a way that poses a direct threat to the health or safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.

- B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;
- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

IX. ALLERGIES; FEAR OF ANIMALS

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are not life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

XII. LIABILITY

- A. The owner of the service animal or non-service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while on school district property.

- B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.

906 COMMUNITY NOTIFICATION OF PREDATORY OFFENDERS

[Note: School board adoption of a policy regarding a predatory offender notification is discretionary. Minnesota Statutes section 244.052 imposes duties on law enforcement agencies but does not impose mandatory notification duties on school districts except as set forth in Paragraph IV.B.6., below.]

I. PURPOSE

The purpose of this policy is to assist school administrators and staff members in responding to a notification by a law enforcement agency that a convicted predatory offender is moving into the school district so that they may better protect individuals in the school's care while they are on or near the school district premises or under the control of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide information to staff regarding known predatory offenders that are moving into the school district so that they may monitor school premises for the safety of the school, its students, and employees. Staff will be notified as appropriate and have access to Offender Fact Sheets.
- B. The superintendent, in cooperation with appropriate school transportation officials, will evaluate bus routes and bus stops. Bus drivers will have access to Offender Fact Sheets. If necessary, bus stops may be moved if they place children in close proximity to a predatory offender who has been convicted of crimes against children of similar ages.
- C. The superintendent, in conjunction with the building principal or designee, shall prepare or provide safety information for distribution to students regarding protecting themselves from abuse, abduction, or exploitation. The school district will prepare a list of available resources. Staff will provide safety information to students on how to protect themselves against abuse, abduction, or exploitation. School officials may ask their police liaison officer or local law enforcement officials for assistance in providing instruction to staff and students.

III. DEFINITIONS

- A. Minnesota Statutes section 244.052, as amended, allows law enforcement agencies to disclose information about certain predatory offenders when they are released into the community. The information disclosed and to whom it is disclosed will depend upon their assessment of the level of risk posed by the predatory offender.
- B. "Risk Level Assessment" is the level of danger to the community as established by the Minnesota Department of Corrections following a review by a committee of experts. The level of risk assigned to a soon-to-be-released offender determines the scope of notification.
- C. "Risk Levels"
 - 1. "Level I" – Risk Level I is assigned to a predatory offender whose risk

assessment score indicates a low risk of reoffense.

2. "Level II" – Risk Level II is assigned to a predatory offender whose risk assessment score indicates a moderate risk of reoffense.
3. "Level III" – Risk Level III is assigned to a predatory offender whose risk assessment score indicates a high risk of reoffense.

D. "Notification or Disclosure by Law Enforcement Agency"

1. Risk Level I – The local law enforcement agency may disclose certain information to other law enforcement agencies and to any victims of or witnesses to the offense committed by the offender. There will be no disclosure to school districts.
2. Risk Level II – In addition to those notified in Level I, a law enforcement agency may notify agencies and groups the offender is likely to encounter that the offender is about to move into the community and provide to those agencies and groups an Offender Fact Sheet on the offender. School districts, private schools, day care centers, and other institutions serving those likely to be victimized by the predatory offender are included in a Level II notification.
3. Risk Level III – In most cases, the local law enforcement agencies will hold a community meeting and distribute an Offender Fact Sheet with information concerning and a photograph of the soon-to-be-released Level III offender.

E. "Offender Fact Sheet" is a data sheet compiled by the Department of Corrections or local law enforcement agency. The Offender Fact Sheet contains both public and private data including a photograph and physical description of the predatory offender, as well as the general location of the offender's residence.

1. A local law enforcement agency will generally provide Offender Fact Sheets for Level II predatory offenders directly to the school district.
2. Level III Offender Fact Sheets will be distributed at a community meeting conducted by the local law enforcement agency.

F. "Law enforcement agency" means the law enforcement agency having primary jurisdiction over the location where the offender expects to reside upon release.

G. "Criminal history conviction data" is public data on a convicted criminal which is compiled by the State Bureau of Criminal Apprehension (BCA).

IV. PROCEDURES

A. Level II Notification

In keeping with the statutorily designated purpose that Offender Fact Sheets are to be used by staff members to secure the school and protect individuals in the school district's care while they are on or near the school district's premises or under the control of the school district, the school district will take the following steps:

1. The superintendent shall notify the law enforcement agencies within the school district that all appropriate Level II and Level III notifications are to be provided at least to the superintendent of schools.
2. Upon notification of the release of a Level II predatory offender, the superintendent shall forward the Offender Fact Sheet to all building principals and central office administrators. This would include transportation, food service and buildings and grounds supervisors.
3. Principals of schools in close proximity to the Level II predatory offender's residence shall meet with staff and show the Offender Fact Sheet to persons within the buildings who supervise students or who would be in a position to observe if the Level II offender was in or around the school. This includes, but is not limited to, administrators, teachers, coaches, paraprofessionals, custodians, clerical and office workers, food service workers, volunteers, and transportation providers.
4. The school district shall request criminal history conviction data on the Level II predatory offender from its local law enforcement agency. On a case-by-case basis, the superintendent may determine whether to send a letter to parents with general information regarding release of the Level II offender and a copy of the criminal history conviction data that the school district obtained from its local law enforcement agency. The offender fact sheet contains data classified as private or not public under Minnesota law and may only be distributed to parents, students, or others outside the school district if it determines the release is for the purpose of securing the schools and protecting individuals under the school district's care while they are on or near school premises.
5. The building administrator shall cause the Offender Fact Sheet to be posted in each building in an area accessible to staff and employees but not the general public unless a determination has been made that public posting will help secure the school or protect students.
6. The school district shall not distribute or provide access to Level II Offender Fact Sheets to parents, students, or others outside the school district unless a determination has been made that dissemination of the data will help secure the school or protect students.

[Note: The Minnesota Department of Administration issued an opinion confirming that the Predatory Offender Fact Sheet contains private data or not public data. However, it is the department's opinion that a school district may release any information contained in the notification to anyone, including staff, students, parents, and guardians, if it determines that the release of data will help secure the school or protect students.]

B. Level III Notification

1. The superintendent shall notify the law enforcement agencies within the school district that all Level III notifications of community meetings are to be provided to the superintendent of schools.
2. When a Level III predatory offender is released into a community, generally the local law enforcement agency will notify the school district of the time and

location of the community meeting at which the Level III Offender Fact Sheet will be distributed to the community.

3. When the school district receives this information, the superintendent shall determine on a case-by-case basis whether the school district will notify parents and students of the time, date, and location of the community meeting.
4. When notified of a Level III predatory offender community meeting the superintendent or another school district administrator designated by the superintendent shall attend the community notification meeting.
5. When the school district receives information that a Level III predatory offender is moving into the school district, in addition to following the procedures specified above, the school district shall follow the procedures outlined for a Level II notification.
6. If the predatory offender is participating in programs offered by the school district that require or allow the person to interact with children other than the person's children, the superintendent shall notify parents of children in the school district of the contents of the Offender Fact Sheet.
