## 7. Information Items

### 7.A. Superintendent Report - "Student Achievement & Student Advancement"

#### **ISAT Trajectory and State Goals**

Presentation on changes to the ISAT goals by the state of Idaho, focusing on more realistic growth targets for students at different proficiency levels.

#### **Technology Updates**

[Superintendent Lance Harrison] provided a detailed update on the technology projects, including the installation of cabinets, laying of cables, network refresh, server issues, firewall updates, segmentation, and hardware upgrades.

#### **Server and Network Issues**

[Superintendent Lance Harrison] discussed the server crash before school started, the installation of new servers, and the issues with the firewall and network segmentation.

#### **Hardware Upgrades**

[Superintendent Lance Harrison] mentioned the upgrade of hardware devices, including new sets for different grades and replacement of computers in labs.

#### **Projector and Sound System Issues**

[Superintendent Lance Harrison] addressed the installation of projectors and sound systems in various rooms and the issues faced with them.

#### **Junior High Internet Issues**

[Superintendent Lance Harrison] talked about the internet issues at the junior high and the steps taken to resolve them.

#### **Ticketing System**

[Superintendent Lance Harrison] discussed the implementation of a new ticketing system to track IT issues and improve communication.

#### **Metrics and Monitoring**

[School Board Member Chris Jones] inquired about the metrics and monitoring of the IT systems, and [Superintendent Lance Harrison] provided an update on the current status.

#### **Yearly Technology Plan**

[Superintendent Lance Harrison] discussed the need for a detailed three-year technology plan, including costs and funding sources like E-rate. [School Board Member Chris Jones] emphasized the importance of having a monetary plan for technology upkeep.

#### **Device Lifespan and Replacement**

[Superintendent Lance Harrison] and [School Board Member Chris Jones] talked the realistic lifespan of devices, with [School Board Member Chris Jones] expressing skepticism about devices lasting seven to eight years. [Superintendent Lance Harrison] mentioned plans for device rotation among grades.

### **Junior High and High School Device Plans**

[Superintendent Lance Harrison] outlined the plan for junior high and high school students to receive new devices at specific grades and repurpose older devices for lower grades.

### **Teacher Device Refresh**

[Superintendent Lance Harrison] discussed the ongoing review of teacher devices, considering cost and functionality. [School Board Member Chris Jones] questioned the disparity in cost between student and teacher devices.

### **Network and Security Upgrades**

[Superintendent Lance Harrison] mentioned plans for a comprehensive network refresh and security camera upgrades, emphasizing the importance of doing it all at once for cost efficiency.

### **Facility Maintenance and Construction**

[Superintendent Lance Harrison] and [Craig Kunz] discussed various facility maintenance issues, including water line breaks and the status of the Mantrap security system. [Craig Kunz] also explained the state-required 10-year facility plan.

### **State-Provided Financial Estimates**

Discussion about the financial estimates provided by the state for building maintenance and upgrades, including frustrations with arbitrary numbers and lack of clear instructions.

### **Maintenance and Construction Funding**

Detailed breakdown of the current and projected funding for maintenance and construction, including the impact of losing certain funds and the introduction of new ones.

### **Prioritization of School Projects**

Discussion on how to prioritize various school projects based on safety, ADA compliance, student use, and functionality, with input from principals and custodians.

### **High School Building Issues**

Specific focus on the issues with the high school building, including the need for HVAC, electrical, and plumbing updates, and the

potential for a comprehensive rebuild.

### **Strategic Planning for School Facilities**

Emphasis on the need for a strategic plan for school facilities, including regular maintenance schedules and long-term planning for new constructions.

### **Use of Modernization Funds**

Discussion on the use of modernization funds, including restrictions and potential uses for capital projects and maintenance.

### **Elevator and Accessibility Issues**

Discussion on the issues with the elevator in the high school and the need for better accessibility solutions.

### **Facility Plan**

Discussion on the 10-year facility plan, including the need for additional classrooms, library, auditorium, new gym, and storage at the junior high.

### **Library Usage**

Debate on the current usage of the library and whether it serves its intended purpose.

### **Audit Report**

Review of the recent audit completed by Quest CPA, including a discussion on an exception noted regarding retiree tracking.

### **Bank Statement Review**

Recommendation for either Shelby or the principal to review and sign off on bank statements.

### **Special Education Finances**

Discussion on special education finances and records, with a review to be completed within the next few weeks.

#### 9.C. Policy Amendment

##### **Student Club Policy**

Amendment to the student club policy to reflect that the superintendent or designee, not the board, will approve clubs.

Discussion on the process for parental consent and consistency in forms

In April 2023, a new policy entitled "Student Clubs" was approved by the Preston School Board. The policy included in BoardBooks as PSD board policy failed to capture all the recommendations discussed in the April 2023 board meeting for effective implementation of the policy. As such, it is recommended that the policy be amended to reflect the plans and intent of the board and school administration.

**STRIKE:** The principal shall forward the club request to the school district. The district *with board approval* shall respond to the request, accept or reject the application, and designate the club as a sponsored club or a non-sponsored club or a non-curricular club.

**ADD:** The activity director, under the direction of the principal, shall review each

written application and 1) determine if the proposed club's purpose and activities comply with school and district policies, 2) evaluate the club's risk management plan for thoroughness, 3) decide whether it is a school-sponsored club or a non-sponsored or non-curricular club, and 4) determine if the proposed club name is appropriate. The activity director, with the principal's approval, will make a recommendation to the superintendent to approve or deny the club. The superintendent or designee will respond to the request and accept or deny the application on behalf of the district. If a club is denied, suspended, or terminated, appeals may be made in writing to the board of trustees who has the final decision.

*Approve the ammendment as the board originally attended. This motion, made by Susan Yardley (Zone 5 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea  
Yea: 5, Nay: 0*

10. Executive Session - Pursuant to Idaho Code 74-206(1)(b) to consider the evaluation, dismissal, or disciplining of or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent, or public school student

*Move to executive session. This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea  
Yea: 5, Nay: 0*

11. Resume Open Session

*Resume open Session. This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea

## IHSAA Announces 2024 Fall Sports Academic State Champions

The Idaho High School Activities Association is pleased to announce the 2024 fall sports Academic State Champions sponsored by First Federal Bank. This award is presented to the varsity team in each classification that achieves the highest cumulative grade point average. Congratulations to these student-athletes for their academic achievement and commitment to excellence through activities.

**CHALLENGE**

*Simplify and Energize Your PLC at Work® Process*

**M A R I A N I E L S E N**

FOREWORD BY HEATHER FRIZIELLE

## **3 Big Ideas of a PLC**

1. Learning as our Fundamental Purpose
2. Collaborative Culture
3. Focus on Results

## **Four Critical Questions**

- 1) What do we want students to know and be able to do?**
  - What should each student know and be able to do as a result of each unit, grade level, or department course?
  - Essential standards are identified.
  - The curriculum is unpacked into learning targets.
  - Targets are written academic vocabulary and explained in kid-friendly terms or “I can” statements.
- 2) How will we know if they have learned it?**
  - Common formative assessments aligned with the essential standards and targets are created or agreed upon.
  - Data are analyzed to inform student and adult learning.
  - Students track their own progress.
- 3) How will we provide intervention when students have not reached mastery on the standard or target?**
  - Time is scheduled during the school day to provide skill-specific intervention.
  - Students are given multiple opportunities for success.
  - During this time, no new instruction takes places in the classroom.
- 4) How will we extend the curriculum when students have mastered the standard or target?**
  - Opportunities are scheduled each day for extending the essential standards during Tier 2 or flex time. No new instruction takes place.

<b>Write short- and long-term SMART goals.</b>					
<b>Unpack.</b> Identify concepts and skills embedded in each standard. This fosters a deep understanding of the standard before determining if it is essential.					
<b>Identify power standards.</b> These become the priority standards or essential knowledge.					
<b>Create pacing guides.</b> Determine when each power standard will be taught.					
<b>Design units of study based on standards and targets.</b>					
<b>Write common assessments aligned to the power standards.</b>

- Spring, summer, winter, fall: Which is the best season of them all?
- Should students be required to wear school uniforms?
- Should boys and girls be in separate classes?
- Should there be allowances?

- I need a lesson plan for a ninth grade class about writing a cause and effect paper

### **Lesson Plan: Writing a Cause and Effect Paper (Grade 9)**

#### **Objective:**

Students will be able to identify cause and effect relationships in texts and apply this knowledge to write a well-structured cause and effect essay.

#### **Materials:**

- Whiteboard or projector
- Markers or pens
- Handouts (cause and effect graphic organizers, essay outlines)
- Sample cause and effect essays

#### **Procedure:**

##### **1. Introduction (10 minutes)**

- **Hook:** Begin with a thought-provoking question or statement related to a current event or historical topic. For example, "What are the causes of climate change, and what are the effects on our planet?"
- **Definition:** Explain the concepts of cause and effect, providing clear definitions and examples.
- **Thesis Statement:** Introduce the thesis statement as the main argument of the essay, which should clearly state the main cause or effect to be explored.

##### **2. Identifying Cause and Effect Relationships (15 minutes)**

- **Activity 1: News Article Analysis:**
  - Distribute a news article or a short story.
  - In pairs or small groups, have students identify the main cause and effect relationships in the text.
  - Discuss the findings as a class, highlighting key points and strategies for identifying cause and effect.

##### **3. Organizing Ideas (15 minutes)**

- **Graphic Organizer:** Introduce a cause and effect graphic organizer to help students visually map out their ideas.

- **Brainstorming:** Encourage students to brainstorm ideas for their own cause and effect essay.
- **Outlining:** Guide students in creating a basic outline for their essay, including an introduction, body paragraphs, and a conclusion.

#### 4. Writing the Essay (30 minutes)

- **Introduction:** Review the importance of a strong introduction, including a hook, background information, and a clear thesis statement.
- **Body Paragraphs:** Discuss the structure of body paragraphs, emphasizing the use of topic sentences, supporting details, and concluding sentences.
- **Conclusion:** Explain how to write a strong conclusion that restates the thesis and summarizes the main points.

#### 5. Peer Review (20 minutes)

- **Peer Review Guidelines:** Provide students with specific guidelines for peer review, such as focusing on clarity, organization, and evidence.
- **Peer Review Activity:** Have students exchange drafts and provide constructive feedback to each other.

#### 6. Revision and Editing (20 minutes)

- **Self-Editing:** Encourage students to review their own work, checking for grammar, punctuation, and spelling errors.
- **Teacher Conference:** Offer individual conferences to provide specific feedback and guidance.

#### Assessment:

- **Participation:** Assess students' participation in class discussions and activities.
- **Graphic Organizer:** Evaluate the completeness and accuracy of students' graphic organizers.
- **Draft:** Assess the quality of students' drafts, focusing on the thesis statement, organization, and use of evidence.
- **Final Essay:** Grade the final essay based on the following criteria:
  - Clear thesis statement
  - Well-organized body paragraphs
  - Strong evidence and support
  - Effective use of language and style
  - Correct grammar, punctuation, and spelling

By following this lesson plan, students will develop a strong understanding of cause and effect relationships and be able to write well-structured and informative cause and effect essays.

- Can you be more specific and explain the introduction hook more

## A More Detailed Lesson Plan: Writing a Cause and Effect Essay (Grade 9)

### Introduction Hook Examples:

To make your introduction more engaging, consider using one of these hook techniques:

1. **Vivid Description:** Paint a picture with words.
  - *Example:* "Imagine a world shrouded in smog, where the sun is a distant memory and the air is thick with pollution."
2. **Thought-Provoking Question:** Stimulate curiosity.
  - *Example:* "What are the long-term consequences of our reliance on fossil fuels?"
3. **Startling Statistic:** Shock your audience.
  - *Example:* "Did you know that one in five teenagers experiences depression?"
4. **Anecdote:** Share a personal story or a real-life example.
  - *Example:* "Last summer, my family experienced a devastating wildfire that destroyed our home and countless acres of forest."

### Expanded Lesson Plan:

#### 1. Introduction (15 minutes)

- **Hook:** Use one of the techniques above to grab students' attention and introduce the topic. For example, if the topic is the impact of social media on teen mental health, you might start with a startling statistic about increased rates of anxiety and depression among teens.
- **Bridge:** Connect the hook to the thesis statement by providing background information or context. For example, you could briefly discuss the rise of social media and its pervasive influence on modern society.
- **Thesis Statement:** Clearly state the main argument of the essay. For instance, "Excessive social media use can negatively impact teen mental health by contributing to increased feelings of loneliness, anxiety, and depression."

#### 2. Identifying Cause and Effect Relationships (20 minutes)

- **Activity 2: Cause and Effect Chain:**

- Write a simple cause on the board (e.g., "It rained heavily last night").
- Ask students to brainstorm the effects of this cause (e.g., flooded streets, delayed school, canceled sports).
- Continue the chain by choosing one effect and asking students to identify its potential causes.

### 3. Organizing Ideas (25 minutes)

- **Graphic Organizer:** Introduce a more detailed graphic organizer that includes sections for:
  - **Main Cause/Effect:** The central idea of the essay
  - **Supporting Causes/Effects:** Secondary factors that contribute to the main cause or result from it
  - **Evidence:** Specific examples, statistics, or expert opinions to support each point

### 4. Writing the Essay (45 minutes)

- **Body Paragraph Structure:**
  - **Topic Sentence:** Clearly state the main point of the paragraph.
  - **Supporting Sentences:** Provide evidence and explanations to support the topic sentence.
  - **Concluding Sentence:** Summarize the main point and transition to the next paragraph.
- **Transition Words and Phrases:** Teach students how to use transition words and phrases to connect ideas smoothly (e.g., "therefore," "as a result," "in addition").

### 5. Peer Review and Revision (30 minutes)

- **Peer Review Checklist:** Provide a checklist for peer reviewers to focus on specific aspects of the essay, such as thesis statement clarity, evidence strength, organization, and language use.

By incorporating these additional elements, you can create a more engaging and effective lesson plan for teaching cause and effect writing.

- Write an example essay using cause and effect format on social media for a ninth grade audience

## The Impact of Social Media on Teen Mental Health

Social media has become an integral part of modern society, especially for teenagers. While it offers numerous benefits, such as connecting with friends and family, accessing information, and expressing creativity, it also poses significant risks to mental health. Excessive use of social media has been linked to a variety of negative psychological effects, including anxiety, depression, and low self-esteem.

One of the primary ways social media can negatively impact mental health is by fostering social comparison. Teenagers often compare themselves to others on social media, particularly influencers and peers who present carefully curated, often idealized versions of their lives. This constant comparison can lead to feelings of inadequacy and low self-worth. Additionally, social media can be a breeding ground for cyberbullying, which can have devastating consequences for victims' mental health. Cyberbullying can involve harassment, threats, and the spreading of rumors, all of which can contribute to anxiety, depression, and even suicidal thoughts.

Furthermore, excessive social media use can disrupt sleep patterns and lead to sleep deprivation. The blue light emitted by electronic devices, including smartphones and computers, can interfere with the body's natural sleep-wake cycle. Sleep deprivation, in turn, can exacerbate mental health problems, such as anxiety and depression. Moreover, social media can be addictive, and excessive use can lead to decreased productivity, poor academic performance, and strained relationships.

In conclusion, while social media can be a valuable tool for connecting with others and accessing information, it is important to use it in moderation. By setting limits on screen time, being mindful of social comparisons, and practicing digital citizenship, teenagers can mitigate the negative effects of social media and prioritize their mental health.

- Create a graphic organizer for a 9th grader to use when drafting a cause and effect essay.

Section	Purpose
Introduction	* Grab the reader's attention with a hook.*   * Provide background information on the topic.*   * Present the thesis statement, clearly stating the main cause or effect to be discussed.*
Body Paragraphs	* Topic Sentence: Introduce the main point of the paragraph.*   * Supporting Details: Provide evidence, examples, or facts to support the topic sentence. Explain the cause-and-effect relationship between the

ideas.\* <br> \* Concluding Sentence: Summarize the main point and transition to the next paragraph.\*

Conclusion

\* Restate Thesis: Reiterate the main argument in a new way.\* <br> \* Summarize Main Points: Briefly review the key points discussed in the body paragraphs.\* <br> \* Final Thought: Offer a closing thought, such as a prediction, a call to action, or a reflection on the significance of the topic.\*

I understand that you are a high school special education teacher in Idaho. Please let me know if you have any questions about special education in Idaho. I can provide you with information on topics such as:

- Idaho's special education laws and regulations
- Resources for special education teachers in Idaho
- Professional development opportunities for special education teachers in Idaho
- Support groups for special education teachers in Idaho

I can also answer general questions about special education, such as:

- What is special education?
- What are the different types of special education?
- What are the benefits of special education?

I am here to help you in any way that I can. Please feel free to ask me any questions that you may have.

- Would you create a life skills math worksheet for students in a severe classroom

### **Life Skills Math Worksheet: Grocery Shopping**

**Objective:** To practice basic math skills related to grocery shopping.

**Materials:**

- Worksheet
- Pencils
- Real or picture representations of food items with prices

**Instructions:**

**1. Item Identification:**

- Point to each picture of a food item and say its name.
- Have the student repeat the name.

**2. Price Recognition:**

- Point to the price tag on each item and say the price.
- Have the student repeat the price.

**3. Counting Money:**

- Provide a set of coins and bills.
- Ask the student to count out the exact amount needed to purchase a specific item.

**4. Addition:**

- Choose two items and ask the student to calculate the total cost.
- Use real objects or pictures to represent the items.

**5. Subtraction:**

- Give the student a specific amount of money (e.g., \$10).
- Ask them to calculate how much money they will have left after purchasing an item.

**6. Problem-Solving:**

- Present a real-world scenario: "You have \$5. Can you buy an apple for \$1 and a banana for \$2?"
- Have the student determine if they have enough money and explain their answer.

**Worksheet:**

**Item    Price**

Apple    \$1

Banana   \$2

Orange   \$3

Milk     \$4

Export to Sheets

**Questions:**

1. How much does an apple cost?
2. How much does a banana and an orange cost together?
3. If you have \$5, can you buy a milk and an apple?
4. If you buy a milk and an orange, how much change will you get from \$10?

**Adaptations:**

- Use real money and food items for hands-on learning.
- Simplify the worksheet by reducing the number of items and prices.
- Provide visual supports, such as pictures or symbols, to aid understanding.
- Use a calculator for more complex calculations.
- Offer choices to increase student engagement.

Remember to praise and encourage the student throughout the activity. The goal is to make learning fun and meaningful.

Let me know if you'd like another worksheet or have any other questions.

# Essential Standards

**The Why:** In response to requests from schools and districts for guidance on essential standards, committees of educators from around Idaho collaborated in the summer of 2024 to categorize the standards of the four core content areas. This guidance helps LEAs prioritize the most critical standards, recognizing that not all standards are of equal importance. This document serves as a resource—not a mandate—to assist local efforts. We encourage LEAs to engage in this process on their own, using these documents as a resource to support their efforts. Importantly, this work did not remove or revise any of the adopted Idaho Content Standards and is intended to help LEAs refocus time and effort.

**Essential Standards Definition:** Teachers will *explicitly teach* the standard, *assess* students’ skills or knowledge in the standard *more than once*, and *intervene* to provide support for those students not meeting proficiency.

### **Movement Beyond P1**

How does an educator advance from P1 to P2 on the professional rung?

The educator must have the following:

- Held a contract in the prior year
- Have 4 years of reported certificated professional experience
- Met professional compensation rung performance criteria in at least 2 of the previous 4 years
  - Overall rating of Proficient or higher
  - No components rated as Unsatisfactory
  - Majority of students have met measurable student achievement/success targets

Why hasn't an educator moved when they have met the professional compensation rung performance criteria in the prior year?

The educator likely doesn't have four (4) years of certificated professional experience reported in CLDS.

### **Movement Beyond AP1**

How does an educator advance from AP1 to AP2 on the advanced professional rung?

An educator must meet the advanced professional compensation rung performance criteria in the next year to move from AP1 to AP2:

- Overall rating of Proficient or higher
- No components rated as Unsatisfactory or Basic
- Rated as overall Distinguished in either Domain 2 – Classroom Environment or Domain 3 – Instruction and Use of Assessment
- Seventy-five percent (75%) or more of students have met measurable student achievement/success targets

Holding a leadership position is not required for movement to AP2, AP3, and etc.

**Suicide Prevention Fundamentals Instruction (SPFI)™**  
**For SCHOOLS**  
In partnership with the Idaho Lives Project  
*Virtual Training*

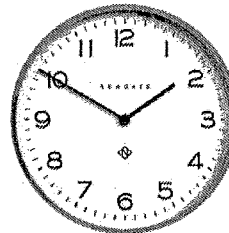

**Training Description**

SPFI™ is a regularly updated, evidence-informed training designed specifically for Idahoans and addresses the following topics:

- Understanding the suicidal mind and why people die by suicide
- What is true and false about suicide
- State, national and regional suicide statistics
- Suicide warning signs
- How to ask, the suicide question and practice scenario
- Getting those at risk to help
- Prevention, Intervention and Postvention in schools, including protocols
- Liability considerations
- How to instill hope and increase protective factors
- Postvention and helping survivors of suicide loss
- The importance of safety and proper messaging
- Upstream approaches to suicide prevention and helping students thrive

**Training Duration**

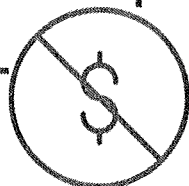

Recommended minimum duration for trainings is **2-1/2 hours**. A condensed version of the training may be conducted in 2 hours but will not be as thorough. Training times may be up to 4 hours. The more time allotted, the more robust the training, with opportunities for activities and more practice.

CEs are available for clinicians

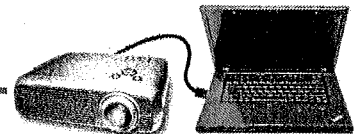

**Training Cost**

Trainings from the Idaho Lives Project for schools are **free**.

**A/V Requirements**

Virtual trainings require participants to use Zoom. Whether on individual devices or all participants are in one room, it is best they participate with cameras on. If participants are all together in one room, please ensure the presentation will be on a large screen and that audio is sufficient for the trainer to be heard well. External speakers may be needed.

**Special Accommodations**

SPFI™ training is currently only available in English. Please indicate if you anticipate training participants with disabilities who require special accommodations, and we will work with you to address those accommodations.

## **Suicide Prevention and Intervention in Schools**

School personnel spend more time with our children than any other professionals and are in a valuable position, through appropriate knowledge and action, to prevent suicide among students. Idaho Code §33-136(3)(a) states “Each public school district shall adopt a policy on student suicide prevention. Such policy shall, at a minimum, address procedures relating to suicide prevention, intervention, and postvention.” Important factors to consider for suicide prevention in school settings include Student Well-Being, Staff Gatekeeper Training, Student Training, and Student Screening.

### **Know the Risk Factors**

Risk factors are characteristics that make it more likely someone will consider, attempt, or die by suicide. They cannot cause or predict a suicide attempt, but they are important to be aware of, particularly if you have noticed warning signs.

- Mental disorders, particularly mood disorders, schizophrenia, anxiety disorders, and certain personality disorders
- Alcohol and other substance use disorders
- Hopelessness
- Impulsive and/or aggressive tendencies
- History of trauma or abuse
- Major physical illnesses
- Previous suicide attempt(s)
- Family history of suicide
- Job or financial loss
- Loss of relationship(s)
- Easy access to lethal means
- Local clusters of suicide
- Lack of social support and sense of isolation
- Stigma associated with asking for help
- Lack of healthcare, especially mental health and substance abuse treatment
- Cultural and religious beliefs, such as the belief that suicide is a noble resolution of a personal dilemma
- Exposure to others who have died by suicide (in real life or via the media and Internet)

## **Know the Warning Signs**

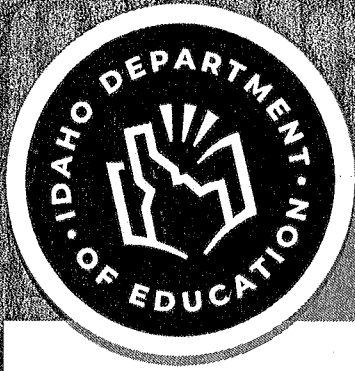

Knowledge of warning signs may help you determine if a loved one is at risk for suicide, especially if the behavior is new, has increased, or seems related to a painful event, loss, or change. If you or someone you know exhibits any of these, seek help by calling or texting the Idaho Crisis & Suicide Hotline at 988.

- Talking about wanting to die or to kill themselves
- Withdrawing or isolating themselves
- Nightmares (in adults)
- Looking for a way to kill themselves, like searching online or buying a gun
- Acting anxious or agitated, behaving recklessly
- Sleep changes (not enough or too much)
- Talking about feeling hopeless or having no reason to live
- Talking about being a burden to others
- Increasing the use of alcohol or drugs
- Talking about feeling trapped or in unbearable pain
- Extreme mood swings

## **Know the Protective Factors**

Protective factors are personal or environmental characteristics that help protect people from suicidal thoughts and behavior.

- Strong connections to family and friends
- Strong connections to community support
- No access to highly lethal means
- Problem-solving and conflict-resolution skills
- Effective professional care for mental health and substance use disorders
- Easy access to different types of professional health
- Mental and medical health care relationship that are ongoing
- Being supported to seek help
- Cultural or religious beliefs that discourage suicide and support self-preservation

The Idaho Department of Education is proud to partner with SchoolPulse, in a dedicated effort to strengthen student wellness and bolster suicide prevention.

SchoolPulse is a multi-tier solution to help schools and parents promote student academic success, school engagement, and behavior. We do this in three key ways.

### **WEEKLY EMAIL CAMPAIGNS**

Parents and students receive weekly videos designed to promote evidence-based Positive Psychology and Growth Mindset Strategies.

### **STUDENT WELLNESS RESOURCES**

Each school receives a comprehensive Student Wellness Resource page. This includes Restorative Justice and Student Success Activities and Lessons.

### **LIVE TEXT-BASED SUPPORT**

We provide live text-based support for students. Parents can choose to sign-up their student to receive weekly inspirational texts, and live professional support.

When youth feel hopeful, optimistic, and happier, their academic performance, retention, social engagement, and decision-making improve.

### **EFFECTIVE SUICIDE PREVENTION**

SchoolPulse's email and live text campaigns are proactive, focused on enhancing the protective factors of every student, and on early intervention.

### **RESTORATIVE JUSTICE ACTIVITIES**

Administrators dealing with discipline issues (i.e. bullying, discrimination, vaping, etc), can easily assign corrective discipline activities to students and parents. These are documented for easy tracking.

### **STUDENT SUCCESS LESSONS**

Inspiring videos that are easily integrated into a class, homeroom, or advisory time. Counselors can also assign activities to students based on individual needs, and parents can be included in these assignments.

### **REPORTS & DATA**

All assigned activities are documented for easy tracking. Our text-based support includes student self-reported data about Academic Effort, School Climate, General Wellness, and Confidence. Data can evaluate current efforts and inform future interventions.

**3B: USING QUESTIONING AND DISCUSSION TECHNIQUES**

- UNSATISFACTORY**
- Questions are rapid-fire and convergent, with a single correct answer.
  - Questions do not invite student thinking.
  - All discussion is between the teacher and students; students are not invited to speak directly to one another.
  - The teacher does not ask students to explain their thinking.
  - Only a few students dominate the discussion.

- BASIC**
- The teacher frames some questions designed to promote student thinking, but many have a single correct answer, and the teacher calls on student quickly.
  - The teacher invites students to respond directly to one another's ideas, but few students respond.
  - The teacher calls on many students, but only a small number actually participate in the discussion.
  - The teacher asks students to explain their reasoning, but only some students attempt to do so.

**Evidence:**

Many DOK level 3 questions were posed by the teacher, and students engaged in a discussion that elicited higher-level thinking.

# Community Outreach

Department of Education

## FUNDS

The Department of Education has funds through the Millennium Fund for community awareness on substance misuse. Your LEA can request up to \$3,000 per event- these events are meant to be part of a larger scope (not intended for a one and done event). Pooling funds with other LEAs or schools can provide more funding if needed.

## IDEAS FOR COMMUNITY OUTREACH

Department of Education is partnering with Idaho State police to train communities on fentanyl. Please use this link: [idahofentanyleducation.com](http://idahofentanyleducation.com) to schedule your ISP training.

## OTHER IDEAS FOR COMMUNITY OUTREACH

- Guest speaker presents about technology use/relation to substance abuse
- Nick Sick vaping documentary/Idaho Public Television panel presentation
- Guest speaker on marijuana or other substance misuse
- Officer Gomez or Tall Cop Jermain Galloway

## HOW CAN FUNDS BE USED?

**Presenter, event space, advertising, daycare, food/drinks, materials**

**Note:** Please look at the Community Outreach form for more information:

# 3-5 Year Technology Plan - PSD

## Student Device Refresh

### Elementary Schools:

Conduct 1 grade a year. Starting from the lowest grade up. Class set devices should be able to remain in service for 7-8 years.

2024 – 1<sup>st</sup> Grade and 2<sup>nd</sup> Grade – Touch Screen

2025 – 3<sup>rd</sup> Grade – Non-Touch Screen

2026 – 4<sup>th</sup> Grade – Non-Touch Screen

2027 – 5<sup>th</sup> Grade – Non-Touch Screen

2028 – Kindergarten – Touch Screen

If Kindergarten refresh does not become a priority, we can evaluate 1st-grade machines and hand them down to kindergarten.

(Elementary Cost: 200 Machines at \$300 = \$60,000 per year)

---

### Junior High School:

Refresh will be started in 8<sup>th</sup> grade in 2025. Then, as the student moves on, the machine cycles back to 6<sup>th</sup> grade. Keeping the devices in the same school.

This year's 8<sup>th</sup> grade machines will cycle back to one in good standing. We will evaluate how many replacements will be needed. After two years of this action, we will have enough JHS surplus that will be able to easily have enough machines for failing or student repairs.

(Junior High Cost: 200 Machines at \$300 = \$60,000 per year)

---

### High School:

Refresh will begin Junior year. This allows devices to cycle back to younger students remaining in the High School. As students get up in grades and receive a new machine, we have seen they will better take care of their machine. Refreshing a machine at the height of their academic careers in the Preston School District allows the students to develop an understanding and appreciation of new devices. Allowing the devices we deploy to extend their use and get the most out of their life span.

Refresh occurs Junior Year > They carry said device to the end of their Senior Year > All devices in good standing will be rotated back to Freshman year

If the device is still in good standing by the time it gets to Junior year again, it will be put into a backup position. To replace, repair, or sustain Failed Freshman – Sophomore devices.

(High School Cost: 200 Machines at \$300 = \$60,000 per year)

---

## Franklin County High School:

Depending on the longevity of the devices deployed. We will conduct a refresh every 5-7 years of the Laptops within the school. We had enough Surplus we were able to replace aged laptops in 2024 for the school.

In total, the intended refresh plan is to maximize the life span of devices. Simplify the process to keep devices within their own schools they began in. While also enabling and teaching students how to properly maintain and appreciate new devices.

(FCHS Cost: 60 Machines at \$300 = \$18,000 every five years)

---

## Lab Device Refresh

Each year we will replace one Lab of Devices. We conducted more at first of the refresh cycle as the age of all the labs required this action. (Cost: 35 machines at \$300 = \$10,500 per year)

2024 – Oakwood Lab, Junior High Lab, PHS Shipley Lab, PHS Library Lab, and FCHS Lab

2025 – Pioneer Lab

2026 – IDLA Lab

2027 – No labs are old enough

2028 – Oakwood Lab

2029 – Junior High Lab

Continue on allowing devices that are 4+ years to move into backup position for failing and/or repair currently deployed machines.

---

## Teacher Device Refresh

Under review as it stands with the cost of devices, we can only refresh at the max 20 machines a year. If we want to better sustain faculty, it would be good for us to evaluate different makes / models. Current devices cost from \$1,400 - \$1,600. We can get the same performance out of \$800 - \$1,000 laptops. The cost is represented by needing to buy the base device and then a keyboard. The price is usually based on the mobility of said device as well.

Makes under review:

Lenovo

Dell

HP

Dynabook

We will get a few of the devices of choice and then deploy them to get reviews on how they perform in production. (Current Cost: 30 Computers at \$1,400 = \$42,000) ... (@ \$900-\$27,000)

---

## Network Device Refresh

All devices that pertain to Network Infrastructure will be on rotation and refreshed every 5 years at the height of E-Rate. (District Cost: \$100,000-\$200,000 every five years after 70% Rebate)

Network Refresh Occurred 2024 – 2025 School year.

Next Refresh will occur 2029 – 2030 School year.

Refresh consists of Core Switches, Access Switches, Access Points, Firewalls, and Servers. This will allow us to maximize E-Rate funding and ensure we do not keep devices in service that are near the end of life or have already been discontinued.

---

## Security Cameras

Security Cameras – Lifespan ranges from 8-10 years. We are in the process of evaluating the age, location, height, and needed maintenance of cameras to ensure we get the most out of the cameras.

\*Quantity, needed updates, and replacement cost information is forthcoming.

---

## Cabling Infrastructure

Redoing or the need to replace cables varies from environment to environment. You can have cabling last from 10 years to upwards of 50+ years. It all depends on how utilized they are and how much throughput is being put through them. For instance, a cable being used in a data center may only last 10 years. But a cable for a VOIP phone can last upwards of 50 years based on utilization. If we start seeing degrade in lines, we would make a plan to replace infrastructure the following summer.

As it stands, the current cabling is nearly all new, with minimal old cable deployed. So, we may not begin seeing degradation in lines for Computers, Cameras, and Phones until 2074.

(Cost: \$60,000 every 50 years)
