## **Wrenshall January American Indian Cultural Liaison Report**

- MDE Indian Education reviewed the American Indian Education Program Plan and provided feedback on December 26, 2024. AIPAC and the administration met on January 9, 2025, to discuss and revise the plan. The final revision will be completed by 1/24/25.
- Two students, a sixth and tenth-grade student, are currently failing the first semester. One high school student initially failed the first quarter but successfully passed the second quarter; however, they will not receive credit for either quarter. Additionally, a middle school student has failed two classes. I will meet with these students weekly to help them develop goals and plans to reach their objectives, providing any necessary materials to stay organized.
- Beading classes after school are scheduled for 1/24 and 1/31. Katie Meyer will be the instructor. Food and beading supply kits will be provided for everyone who attends. This will be open to all American Indian students and their families.
- The Anishinaabe Gikinoo'amaadiwin (Indian Education room) has been regularly accessed by eight American Indian students, reflecting its importance as a valuable resource academically and culturally for our American Indian students.
- Storytelling programs will be available for PK-12 classrooms, first focusing on the themes of the Wintermaker and Fisher, known in Ojibwe as Bibookeonini and Ojiig. Students will engage in creative activities, including using plates to create representations of the Big Dipper or cups to project constellations onto the ceiling. To support educators, an

elementary curriculum guide will be provided, outlining the objectives and estimated time frames for reading and art projects. Additionally, a language guide will accompany the curriculum to introduce some Ojibwe terms featured in the story.

- Smudging policy. This is an important first step toward incorporating the cultural practices of American Indians in schools. Engaging in these practices benefits us emotionally, physically, and mentally, which in turn supports students' academic success. Smudging is a cultural practice, not a religious practice. It involves the use of four sacred plants: sage, sweetgrass, cedar, and asemaa, each with its beneficial properties and purposes. Please refer to the handouts for more detailed explanations of this practice and examples of school policies from other districts in Minnesota.
- A storage shed for the evaporator is needed. MDE Indian Education requested that we have a secure location to lock up the evaporator, as similar items have gone missing in the past at other school districts. Before approving the purchase, we need to establish a locked storage area and a policy that defines who has access to it. Additionally, it should be stipulated that American Indian Education has sole use of the evaporator. We are asking the school to purchase this shed.

## **801 EQUAL ACCESS TO SCHOOL FACILITIES**

### **I. PURPOSE**

The purpose of this policy is to implement the Equal Access Act by granting equal access to secondary school facilities for students who wish to conduct a meeting for religious, political, or philosophical purposes during noninstructional time.

### **II. GENERAL STATEMENT OF POLICY**

- A. The policy of the school district is not to deny equal access or a fair opportunity to, or to discriminate against, any students who wish to conduct a meeting, on the basis of the religious, political, philosophical, or other content of the speech at such meetings.
- B. The school board has created a limited open forum for students enrolled in secondary schools during which noncurriculum-related student groups shall have equal access and a fair opportunity to conduct meetings during noninstructional time.
- C. Student use of facilities under this policy does not imply school district sponsorship, approval, or advocacy of the content of the expression at such meetings.
- D. The school district retains its authority to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.
- E. In adopting and implementing this equal access policy, the school district will NOT:
  - 1. influence the form or content of any prayer or other religious activity;
  - 2. require any person to participate in prayer or other religious activity;
  - 3. expend public funds beyond the incidental cost of providing the space for student-initiated meetings;
  - 4. compel any school agent or employee to attend a school meeting if the content of the speech at the meeting is contrary to the beliefs of the agent or employee;
  - 5. sanction meetings that are otherwise unlawful;
  - 6. limit the rights of groups of students based on the size of the group;
  - 7. abridge the constitutional rights of any person.

### **III. DEFINITIONS**

- A. "Limited open forum" means that the school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.
- B. "Meeting" includes activities of student groups which are permitted under a limited open forum and are not directly related to the school curriculum. Distribution of literature

does not constitute a meeting protected by the Equal Access Act.

- C. "Noninstructional time" means time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends, including such other periods that occur during the school day when no classroom instruction takes place.
- D. "Sponsorship" includes the act of promoting, leading, or participating in a meeting. The assignment of a school employee for custodial, observation, or maintenance of order and discipline purposes does not constitute sponsorship of the meeting.
- E. "Secondary school" means any school with enrollment of pupils ordinarily in grades 7 through 12 or any portion thereof.

#### **IV. FAIR OPPORTUNITY CRITERIA**

Schools in this school district shall uniformly provide that:

- A. A meeting held pursuant to this policy is voluntary and student-initiated;
- B. There is no sponsorship of the meeting by the school or its agents or employees;
- C. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
- D. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- E. Nonschool persons may not direct, control, or regularly attend activities of student groups.

#### **V. PROCEDURES**

- A. Any student who wishes to initiate a meeting under this policy shall apply to the principal of the building at least 48 hours in advance of the time of the activity or meeting. The student must agree to the following:
  - 1. All activities or meetings must comply with existing policies, regulations, and procedures that govern operation of school-sponsored activities.
  - 2. The activities or meetings are voluntary and student-initiated. The principal may require assurances of this fact.
- B. Student groups meeting under this policy must comply with the following rules:
  - 1. Those attending must not engage in any activity that is illegal, dangerous, or which materially and substantially interferes with the orderly conduct of the educational activities of the school. Such activities shall be grounds for discipline of an individual student and grounds for a particular group to be denied access.
  - 2. The groups may not use the school name, school mascot name, school emblems, the school district name, or any name that might imply school or district sponsorship or affiliation in any activity, including fundraising and community involvement.

3. The groups must comply with school policies, regulations and procedures governing school-sponsored activities.
- C. Students applying for use of school facilities under this policy must provide the following information to the principal: time and date of meeting, estimated number of students in attendance, and special equipment needs.
  - D. The building principal has responsibility to:
    1. Keep a log of application information.
    2. Find and assign a suitable room for the meeting or activity. The number of students in attendance will be limited to the safe capacity of the meeting space.
    3. Note the condition of the facilities and equipment before and after use.
    4. Assure proper supervision. Assignment of staff to be present in a supervisory capacity does not constitute school district sponsorship of the meeting or activity.
    5. Assure that the meeting or activity does not interfere with the school's regular instructional activities.
  - E. The school district shall not expend public funds for the benefit of students meeting pursuant to this policy beyond the incidental cost of providing space. The school district will provide no additional or special transportation.
  - F. Nonschool persons may not direct, conduct, control, or regularly attend meetings and activities held pursuant to this policy.
  - G. School district employees or agents may not promote, lead, participate in, or otherwise sponsor meetings or activities held pursuant to this policy.
  - H. A copy of this policy and procedures shall be made available to each student who initiates a request to use school facilities.

Rev. 2024

## **503 STUDENT ATTENDANCE**

**[NOTE: The provisions of this policy substantially reflect statutory requirements.]**

### **I. PURPOSE**

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

### **II. GENERAL STATEMENT OF POLICY**

#### A. Responsibilities

##### 1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

##### 2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

##### 3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

##### 4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's

responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to any member of the board, a truant officer, a principal, or the superintendent. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.

**[NOTE: This paragraph quotes Minnesota Statutes, section 120A.22.]**

- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school.

**[NOTE: The school district may choose to include subparagraph (b).]**

- c. The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.

- d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

- (1) that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:
  - (a) child illness, medical, dental, orthodontic, or counseling

appointments<sup>17</sup> including appointments conducted through telehealth

- (b) family emergencies;
  - (c) the death or serious illness or funeral of an immediate family member;
  - (d) active duty in any military branch of the United States;
  - (e) the child has a condition that requires ongoing treatment for a mental health diagnosis; or
  - (f) other exemptions included in this attendance policy.
- (2) that the child has already completed state and district standards required for graduation from high school; or
- (3) that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, instruction conducted by a Tribal spiritual or cultural advisor, or a school for religious instruction conducted and maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

**[NOTE: Subparagraph 3iii above incorporates the 2024 amendment to Minnesota Statutes, section 120A.22, subdivision 12.]**

**[NOTE: In 2024, the Minnesota legislature amended Minnesota Statutes, section 120A.22, subdivision 12. The legitimate exceptions set forth above quote this statute. Minnesota law provides that a school board may include other exemptions in the school district's attendance policy. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]**

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within \_\_\_\_ days from the date of the student's return to school. Any work

not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
- (3) Work at home.
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Vacations with family.
- (6) Personal trips to schools or colleges.
- (7) Absences resulting from cumulated unexcused tardies (\_\_\_\_ tardies equal one unexcused absence).
- (8) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) Students with unexcused absences shall be subject to discipline in the following manner:
  - (a) From the first through the \_\_\_\_ cumulated unexcused absence in a [quarter or semester] the student will not be allowed to make up work missed due to such absence.
  - (b) After the \_\_\_\_ cumulated unexcused absence in a [quarter or semester], a student's parent or guardian

will be notified by certified mail that his or her child is nearing a total of \_\_\_\_\_ unexcused absences and that, after the \_\_\_\_\_ unexcused absence, the student's grade shall be reduced by one increment for each unexcused absence thereafter.

- (c) After such notification, the student or his or her parent or guardian may, within a reasonable time, request a conference with school officials regarding the student's absences and the prescribed discipline. The notification will state that the school strongly urges the student's parent or guardian to request such a conference.
- (d) After \_\_\_\_\_ cumulative unexcused absences in a [quarter or semester] the teacher will reduce the student's letter grade by one increment for each unexcused absence thereafter (i.e. A to A-). However, prior to reducing the student's grade, an administrative conference must be held among the principal, student, and parent.
- (e) After \_\_\_\_\_ cumulated unexcused absences in a [quarter or semester], the administration may impose the loss of academic credit in the class or classes from which the student has been absent. However, prior to loss of credit, an administrative conference must be held among the principal, student, and parent.
- (f) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

**[NOTE: MSBA encourages school boards to consider whether imposition of academic penalties for unexcused absences is consistent with the district's mission and pedagogical approach. If a school board determines that academic penalties should not be imposed, section 2(b) should be deleted or rewritten.]**

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
2. Procedures for Reporting Tardiness
  - a. Students tardy at the start of school must report to the school office for an admission slip.
  - b. Tardiness between periods will be handled by the teacher.
3. Excused Tardiness

Valid excuses for tardiness are:

- a. Illness.
- b. Serious illness in the student's immediate family.
- c. A death or funeral in the student's immediate family or of a close friend or relative.
- d. Medical, dental, orthodontic, or mental health treatment.
- e. Court appearances occasioned by family or personal action.
- f. Physical emergency conditions such as fire, flood, storm, etc.
- g. Any tardiness for which the student has been excused in writing by an administrator or faculty member.

4. Unexcused Tardiness

- a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
- b. Consequences of tardiness may include detention after \_\_\_\_ unexcused tardies. In addition, \_\_\_\_ unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

**III. RELIGIOUS OBSERVANCE ACCOMMODATION**

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. Requests for accommodation should be directed to the building principal.

**IV. DISSEMINATION OF POLICY**

- A. Copies of this policy shall be made available to all students and parents at the

commencement of each school year. This policy shall also be available upon request in each principal's office.

- B. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.

## **V. REQUIRED REPORTING**

### **A. Continuing Truant**

Minnesota Statutes, section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statutes, section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statutes, section 120A.05, without valid excuse within a single school year for:

2. Three or more class periods on three days if the child is in middle school, junior high school, or high school.

### **B. Reporting Responsibility**

When a student is initially classified as a continuing truant, Minnesota Statutes, section 260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following:

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes, section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes, section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes, section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes, chapter 260C;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes, section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

[NOTE: Where truancy services and programs under Minnesota Statutes chapter 260A are available within the school district, the following provisions should also be included in the policy.]

## **506 STUDENT DISCIPLINE**

**[NOTE: School districts are required by statute to have a policy addressing these issues.]**

### **I. PURPOSE**

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

### **II. GENERAL STATEMENT OF POLICY**

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

### **III. DEFINITIONS**

Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes, sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

#### **X. DISCIPLINARY ACTION OPTIONS**

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

  - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, ~~school readiness plus~~, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
  - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under ~~n~~Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the

child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the sSchool bBoard, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a

recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6<sup>th</sup>) consecutive day of suspension or the tenth (10<sup>th</sup>) cumulative day of suspension has elapsed.

6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
  - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
  - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
  - c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.

11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and

a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days

of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

### **XIII. ADMISSION OR READMISSION PLAN**

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

### **XIV. NOTIFICATION OF POLICY VIOLATIONS**

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

### **XV. STUDENT DISCIPLINE RECORDS**

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the

## **XVI. STUDENTS WITH DISABILITIES**

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

## **XVII. OPEN ENROLLED STUDENTS**

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

## **XVIII. DISCIPLINE COMPLAINT PROCEDURE**

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;

3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

#### **XIX. DISTRIBUTION OF POLICY**

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

#### **XX. REVIEW OF POLICY**

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

## 507 CORPORAL PUNISHMENT AND PRONE RESTRAINT

**[NOTE: The provisions of this policy substantially reflect statutory requirements. The revisions in this model policy incorporate legislative changes enacted throughout the 2024 Minnesota legislative session. School boards may have adopted some revisions in the spring, when the first set of laws were enacted.]**

### I. PURPOSE

The purpose of this policy is to describe limitations on the use of corporal punishment and prone restraint upon a student.

### II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district shall inflict corporal punishment or use prone restraint upon a student except as provided below.

### III. DEFINITIONS

1. "Corporal punishment" means conduct involving:
  - a. hitting or spanking a person with or without an object; or
  - b. unreasonable physical force that causes bodily harm or substantial emotional harm.
2. "Employee or agent of the district" does not include a school resource officer as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c).
3. "Prone restraint" means placing a child in a face-down position.

### IV. PROHIBITIONS

1. An employee or agent of a district shall not inflict corporal punishment or cause corporal punishment to be inflicted upon a pupil to reform unacceptable conduct or as a penalty for unacceptable conduct.
2. An employee or agent of the school district shall not use prone restraint.
- ~~2. An employee or agent of a district, including a school resource officer, security personnel, or police officer contracted with a district, shall not use prone or compressive restraint except that the restrictions on prone and compressive restraints do not apply under the circumstances enumerated in Minnesota Statutes, section 609.06, subdivision 1(1). All peace officers, including those who are school resource officers or otherwise agents of a school district, may use force as reasonably necessary to carry out official duties, including, but not limited to, making arrests and enforcing orders of the court.~~
3. An employee or agent of a district, ~~including a school resource officer, security personnel, or police officer contracted with a district,~~ shall not inflict any form of physical holding that restricts or impairs a pupil's ability to breathe; restricts or impairs a pupil's ability to communicate distress; places pressure or weight on a pupil's head, throat,

neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a pupil's torso.

4. Conduct that violates this Article is not a crime under Minnesota Statutes, section 645.241, but may be a crime under Minnesota Statutes, chapter 609 if the conduct violates a provision of Minnesota Statutes, chapter 609. Conduct that violates IV.1 above is not per se corporal punishment under the statute. Nothing in this Minnesota Statutes, section 121A.58 or 125A.0941 precludes the use of reasonable force under Minnesota Statutes, section 121A.582. The use of reasonable force as set forth in Section V does not authorize conduct prohibited pursuant to Minnesota Statutes, section 125A.0942.

## **V. EXCEPTIONS REASONABLE FORCE**

1. Reasonable force may be used upon or toward the person of another without the other's consent when the following circumstance exists or the actor reasonably believes it to exist
  - a. when used by a teacher, school principal, school employee, school bus driver, or other agent of the school in the exercise of lawful authority, to restrain a child or pupil to prevent bodily harm or death to the child, pupil, or another.
2. Reasonable force may be used upon or toward the person of a child without the child's consent when the following circumstance exists or the actor reasonably believes it to exist:
  - a. when used by a teacher, school principal, school employee, school bus driver, other agent of the district, or other member of the instructional, support, or supervisory staff of a public school upon or toward a child or pupil when necessary to restrain the child or pupil to prevent bodily harm or death to the child, pupil. Nothing in Minnesota Statutes, section 609.379 limits any other authorization to use reasonable force including but not limited to authorizations under Minnesota Statutes, section 121A.582, subdivision 1, and section 609.06, subdivision 1.
3. A teacher, school principal, and other school staff may use reasonable force under the conditions set forth in Policy 506 (Student Discipline).

## **VI. VIOLATION**

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements, and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

## **507.5 SCHOOL RESOURCE OFFICERS**

**[NOTE: The provisions of this policy substantially reflect statutory requirements. School districts utilizing school resource officers may choose to adopt this policy.]**

### **I. PURPOSE**

The purpose of this policy is to establish the contractual duties and training requirements of a school resource officer.

### **II. GENERAL STATEMENT OF POLICY**

The school district, upon securing the services of one or more school resource officers, is committed to establishing the qualifications and duties required of these officers. Any contract for the services of a school resources officer with the school district must meet the requirements of this policy.

### **III. DEFINITIONS**

- A. "School" means an elementary school, middle school or secondary school, as defined in Minnesota Statutes, section 120A.05, subdivisions 9, 11, and 13.
- B. "School Resource Officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

### **IV. CONTRACTUAL DUTIES**

- A. A school resource officer's contractual duties with the school district shall include:
  - 1. fostering a positive school climate through relationship building and open communication;
  - 2. protecting students, staff, and visitors to the school grounds from criminal activity;
  - 3. serving as a liaison from law enforcement to school officials;
  - 4. providing advice on safety drills;
  - 5. identifying vulnerabilities in school facilities and safety protocols;
  - 6. educating and advising students and staff on law enforcement topics; and,
  - 7. enforcement of criminal laws.
- B. The school district may contract with a school resource officer's employer for the officer to perform additional duties to those described in paragraph

IV.A.

- C. A school resource officer must not use force or the authority of their office solely to enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.
- D. Nothing in this Article limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

**V. TRAINING**

- A. Except as provided for in paragraphs V.B., V.C., and V.D. below, beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in Minnesota Statutes, section 626.8482, subdivision 4 prior to assuming the duties of a school resource officer.
- B. A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph V.A. above before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to Minnesota Statutes, section 626.8482, subdivision 4, paragraph (b), to satisfy the training requirement.
- C. If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. The officer is not required to perform the duties described in Minnesota Statutes, section 626.8482, subdivision 2, paragraph (a), clause (4) or (5), until the officer has completed the required training course. The officer must review any policy adopted by the officer's employer pursuant to section 626.8482, subdivision 6 before assuming the other duties of a school resource officer and must comply with that policy.
- D. An officer who is serving as a substitute school resource officer for fewer than 60 student contact days within a school year is not obligated to complete the required training or perform the duties described in Minnesota Statutes, section 626.8482 subdivision 2, paragraph (a), clause (4) or (5), but must review and comply with any policy adopted pursuant to subdivision 6 by the law enforcement agency that employs the substitute school resource officer.
- E. For each school resource officer employed by an agency, the chief law enforcement officer must maintain a copy of the most recent training certificate issued to the officer for completion of the training mandated under this section.

## 509 ENROLLMENT OF NONRESIDENT STUDENTS

**[NOTE: The provisions of this policy substantially reflect statutory requirements.]**

### I. PURPOSE

The school district desires to participate in the Enrollment Options Program (Open Enrollment) established by Minnesota Statutes, section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

### II. GENERAL STATEMENT OF POLICY

The school board adopts specific standards for acceptance and rejection of Open Enrollment applications.

### III. OPEN ENROLLMENT PROCESS

A. Open Enrollment applications will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of:  
(a) one percent of the total enrollment at each grade level in the school district;  
or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minnesota Statutes, section 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. If the school district limits enrollment of nonresident students pursuant to this section, the district shall report to the Commissioner of the Minnesota Department of Education (MDE) by July 15 on the number of nonresident pupils denied admission due to the limitations on the enrollment of nonresident pupils.

C. The parent of a student with a disability not yet enrolled in kindergarten and not open enrolled in a nonresident district may elect, in the same manner as the parent of a resident student with a disability, a school in the nonresident district where the child is enrolled in a Head Start program or a licensed child care setting in the nonresident district, provided the child can be served in the same setting as other children in the nonresident district with the same level of disability.

Under this paragraph, parents must demonstrate enrollment in a community preschool or childcare setting.

**[NOTE: MDE states: "There is no standard set for how parents must demonstrate enrollment in a community preschool or childcare setting. We recommend a written policy for this process." A district may choose to insert applicable local provisions here.]**

- D. A nonresident preschool aged child with a disability open enrolled in the district may be required to open enroll for kindergarten.

**[NOTE: MDE offers the following recommendation: "the non-resident district may elect to allow the child's enrollment status to continue without completing another application. We recommend that districts create policies around this election which must be non-discriminatory and in writing." A district may choose to insert applicable local provisions here.]**

#### **IV. BASIS FOR DECISIONS**

- A. Standards that may be used for rejection of application

In addition to the provisions above, the school district may refuse to allow a pupil who is expelled under Minnesota Statutes, section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;
3. selling or soliciting the sale of a controlled substance while at school or a school function; or
4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.

- C. Standards that may not be used for rejection of application

The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in this policy.

- D. Application

The student and parent or guardian must complete and submit the "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education (or the Statewide Enrollment Options Application for State-funded Voluntary Prekindergarten (VPK) ~~or School Readiness Plus (SRP)~~ Application if applicable) developed by MDE and available on its website.

The school district may require a nonresident student enrolled in a program under Minnesota Statutes, section 125A.13, or in a preschool program, except for a program under Minnesota Statutes, section 124D.151 ~~or Laws 2017, First Special Session chapter 5, article 8, section 9,~~ to follow the application procedures under this subdivision to enroll in kindergarten. A district must allow a nonresident student enrolled in a program under Minnesota Statutes, section 124D.151 or ~~Laws 2017, First Special Session chapter 5, article 8, section 9,~~ to remain enrolled in the district when the student enters kindergarten without submitting annual or periodic applications, unless the district terminates the student's enrollment under subdivision 12.

The school district shall notify the parent or guardian in writing by February 15 or within ninety (90) days for applications submitted after January 15 in the case of achievement and integration district transfers whether the application has been accepted or rejected. If an application is rejected, the district must state in the notification the reason for rejection. The parent or guardian must notify the nonresident district by March 1 or within ten (10) business days whether the pupil intends to enroll in the nonresident district.

E. Lotteries

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

F. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should

be initiated.

2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes, section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes, chapter 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8.

A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

## **512 SCHOOL-SPONSORED STUDENT PUBLICATIONS AND ACTIVITIES**

### **I. PURPOSE**

The purpose of this policy is to protect students' rights to free speech in production of official school publications and activities while at the same time balancing the school district's role in supervising student publications and the operation of public schools.

### **II. GENERAL STATEMENT OF POLICY**

**[NOTE: A school district generally will wish to reserve a forum it sponsors for its intended purpose in light of the special characteristics of the school environment. By doing so, the school district will have more authority/editorial control over student expression in such a forum. Sponsorship alone may not be enough, however. If the exercise of control is challenged, courts will examine factors such as whether the school district's purpose in creating the forum was educational, whether school officials supervised the publication or activity and exercised editorial control over the contents, whether the materials were produced as part of the curriculum, and whether students received grades and academic credit for the publication or activity. If a forum is reserved, regulation of student expression as in Section IV.B. of this policy will be permissible. If a forum is not reserved, but rather is opened for public communication by tradition or designation, then only the limited regulation of speech as described in Section IV.A. of this policy will be permissible.]**

- A. The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities.
- B. Expressions and representations made by students in school-sponsored publications and activities are not expressions of official school district policy. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies.
- C. Students who believe their right to free expression has been unreasonably restricted in an official student publication or activity may seek review of the decision by the building principal. The principal shall issue a decision no later than three (3) school days after review is requested.
  - 1. Students producing official school publications and activities shall be under the supervision of a faculty advisor and the school principal. Official publications and activities shall be subject to the guidelines set forth below.
  - 2. Official school publications may be distributed at reasonable times and locations.

### **III. DEFINITIONS**

- A. "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting, or displaying material, or placing materials in internal staff or student mailboxes.
- ~~B. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the~~

~~community.~~

B. "Material and substantial disruption" of a normal school activity means:

1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

C. "Minor" means any person under the age of eighteen (18).

D. "Obscene to minors" means:

1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

~~E. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as a part of the curriculum.~~

E. "School activities" means any activity of students sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.

F. "School-sponsored media" means material that is:

1. prepared, wholly or substantially written, published, broadcast, or otherwise disseminated by a student journalist enrolled in the school district;
2. distributed or generally made available to students in the school; and
3. prepared by a student journalist under the supervision of a student media adviser.

School-sponsored media does not include material prepared solely for distribution or transmission in the classroom in which the material is produced, or a yearbook.

G. "Student journalist" means a school district student in grades 6 through 12 who gathers, compiles, writes, edits, photographs, records, or otherwise prepares information for dissemination in school-sponsored media.

H. "Student media adviser" means a qualified teacher, as defined in Minnesota Statutes, section 122A.16, that the school district employs, appoints, or designates to supervise student journalists or provide instruction relating to school-sponsored media.

**[NOTE: The 2024 Minnesota legislature enacted the new definitions above and the new language in Article IV. below.]**

#### **IV. GUIDELINES**

A. Except as provided in paragraph B below, a student journalist has the right to exercise freedom of speech and freedom of the press in school-sponsored media regardless of whether the school-sponsored media receives financial support from the school or district, uses school equipment or facilities in its production, or is produced as part of a class or course in which the student journalist is enrolled. Freedom of speech includes freedom to express political viewpoints. Consistent with paragraph B below, a student journalist has the right to determine the news, opinion, feature, and advertising content of school-sponsored media. The school district must not discipline a student journalist for exercising rights or freedoms under this paragraph or the First Amendment of the United States Constitution.

B. Student expression in ~~an official school publication~~ school-sponsored media, a yearbook, or school-sponsored activity is prohibited when the material:

1. is obscene to minors;

4. constitutes an unwarranted invasion of privacy;
5. violates federal or state law;
6. causes a material and substantial disruption of school activities;
7. is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with Minnesota Statutes, section 121A.03 or 121A.031;
8. advertises or promotes any product or service not permitted for minors by law;
4. ~~encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;~~
9. expresses or advocates sexual, racial, or religious harassment or violence or prejudice; or
10. is distributed or displayed in violation of time, place, and manner regulations.

C. The school district must not retaliate or take adverse employment action against a student media adviser for supporting a student journalist exercising rights or freedoms under paragraph A above or the First Amendment of the United States Constitution.

D. Notwithstanding the rights or freedoms of this Article or the First Amendment of the United States Constitution, nothing in this Article inhibits a student media adviser from teaching professional standards of English and journalism to student journalists.

~~Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content so long as the school district's actions are reasonably related to legitimate pedagogical concerns.~~ These professional standards may include, but are not limited to, the following:

1. assuring that participants learn whatever lessons the activity is designed to teach;
2. assuring that readers or listeners are not exposed to material that may be inappropriate for their level of maturity;
3. assuring that the views of the individual speaker are not erroneously attributed to the school;
4. assuring that the school is not associated with any position other than neutrality on matters of political controversy;
5. assuring that the sponsored student speech cannot reasonably be perceived to advocate conduct otherwise inconsistent with the shared values of a civilized social order;
6. assuring that the school is not associated with expression that is, for example, ungrammatical, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

E. Time, Place, and Manner of Distribution

Students shall be permitted to distribute written materials at school as follows:

1. Time

Distribution shall be limited to the hours before the school day begins, during lunch hour and after school is dismissed.

2. Place

Written materials may be distributed in locations so as not to interfere with the normal flow of traffic within the school hallways, walkways, entry ways, and parking lots. Distribution shall not impede entrance to or exit from school premises in any way.

3. Manner

No one shall induce or coerce a student or staff member to accept a student publication.

## **V. POSTING**

## **513 STUDENT PROMOTION, RETENTION, AND PROGRAM DESIGN**

### **I. PURPOSE**

The purpose of this policy is to provide guidance to professional staff, parents, and students regarding student promotion, retention, and program design.

### **II. GENERAL STATEMENT OF POLICY**

The school board expects all students to achieve at an acceptable level of proficiency. Parental assistance, tutorial and remedial programs, counseling, and other appropriate services shall be coordinated and utilized to the greatest extent possible to help students succeed in school.

#### **A. Promotion**

Students who achieve at levels deemed acceptable by local and state standards shall be promoted to the next grade level at the completion of each school year.

#### **B. Retention**

Retention of a student may be considered when professional staff and parents feel that it is in the best interest of the student. Physical development, maturity, and emotional factors shall be considered, as well as scholastic achievement. The superintendent's decision shall be final.

#### **C. Program Design**

1. The superintendent, with participation of the professional staff and parents, shall develop and implement programs to challenge students that are consistent with the needs of students at every level. A process to assess and evaluate students for program assignment shall be developed in coordination with such programs. Opportunities for special programs and placement outside of the school district shall also be developed as additional options. All programs will be aligned with creating comprehensive achievement and civic readiness, the World's Best Workforce.
2. The school district may identify students, locally develop programs and services addressing instructional and affective needs, provide staff development, and evaluate programs to provide gifted and talented students with challenging and appropriate educational programs and services.
3. The school district must adopt guidelines for assessing and identifying students for participation in gifted and talented programs and services consistent with Minnesota Statutes, section 120B.11. The guidelines should include the use of:
  - a. multiple objective criteria; and
  - b. assessments and procedures that are valid and reliable, fair, and based on current theory and research. Assessments and procedures should be sensitive to under-represented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.

4. The school district must adopt procedures for the academic acceleration of gifted and talented students. These procedures will include how the school district will:
  - a. assess a student's readiness and motivation for acceleration; and
  - b. match the level, complexity, and pace of the curriculum to a student to achieve the best type of academic acceleration for that student.
5. The school district must adopt procedures consistent with Minnesota Statutes, section 124D.02 for early admission to kindergarten or first grade of gifted or talented learners consistent with Minnesota Statutes, section 120B.11, subdivision 2, clause (2). The procedures must be sensitive to underrepresented groups.

## **515 PROTECTION AND PRIVACY OF PUPIL RECORDS**

**[NOTE: School districts are required by statute to have a policy addressing these issues.]**

### **I. PURPOSE**

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

### **II. GENERAL STATEMENT OF POLICY**

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code, section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13, and Minnesota Rules, parts 1205.0100-1205.2000.

### **III. DEFINITIONS**

#### **A. Authorized Representative**

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

#### **B. Biometric Record**

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

#### **C. Dates of Attendance**

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student’s attendance at a school or schools in the school district.

D. Directory Information

1. **Under federal law, "directory information"** means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:
  - a. a student's social security number;
  - b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
  - c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
  - d. personally identifiable data which references religion, race, color, social position, or nationality; or
  - e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

**[NOTE: Under the federal Family Educational Rights and Privacy Act (FERPA), the federal definition of "directory information" identifies the types of information that may be specifically referenced as directory information. The federal definition applies to information requests by military recruiting officers, as set out in Article XI below.]**

2. **Under Minnesota law**, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

**The Minnesota definition imposes additional restrictions upon the types of information that may be designated as directory information. Minnesota law prohibits schools from designating student contact information as "directory information" despite the FERPA definition. Minnesota schools should comply with Minnesota law and should not include student contact information in their definition of "directory information."**

**This June 2024 revision to the “directory information” section seeks to clarify the law; no substantive change is presented in this revision.]**

**[NOTE: A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student’s religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]**

**[NOTE: The 2024 Minnesota legislature enacted Minnesota Statutes, section 480.40, which includes a law limiting disclosure of personal information concerning “judicial officials.” The new law includes a definition of “judicial official” that school districts can review. “Personal information” about a judicial official includes “the name of any child” and the name of any school that such a child attends if combined with an assertion that the child attends the school. School districts may not “knowingly publicly post, display, publish, sell, or otherwise make available on the Internet the personal information of any judicial official,” including in response to requests for directory information.]**

E. Education Records

1. What constitutes “education records.” Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term “education records” does not include:
  - a. Records of instructional personnel that are:
    - (1) kept in the sole possession of the maker of the record;
    - (2) used only as a personal memory aid;
    - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and

- (4) destroyed at the end of the school year.
- b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
  - (1) maintained separately from education records;
  - (2) maintained solely for law enforcement purposes; and
  - (3) disclosed only to law enforcement officials of the same jurisdiction.
- c. Records relating to an individual, including a student, who is employed by the school district which:
  - (1) are made and maintained in the normal course of business;
  - (2) relate exclusively to the individual in that individual's capacity as an employee; and
  - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
  - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
  - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
  - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
- f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. Education support services data does not include welfare data under Minnesota Statutes, section 13.46.

Unless otherwise provided by law, all education support services data are private data on individuals and must not be disclosed except according to Minnesota Statutes, section 13.05 or a court order.

G. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

It includes a person's need to know in order to:

1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student's education;
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid; or
4. Perform a task directly related to responding to a request for data.

J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

K. Personally Identifiable

"Personally identifiable" means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number or biometric record; (e) other indirect identifiers, such as the student's date of birth, place of birth, and mother's

maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

L. Record

“Record” means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

M. Responsible Authority

**[NOTE: School districts may wish to reference police liaison officers in the definition of a “school official.” Depending on the circumstances of the relationship, this may be added in subpart (d) of the definition or in a new subpart (e). Caution should be used to ensure that police liaison officers are considered “school officials” only when performing duties as a police liaison officer and that they are trained as to their obligations pursuant to this policy. Consultation with the school district’s legal counsel is recommended.]**

P. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

#### **IV. GENERAL CLASSIFICATION**

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

#### **V. STATEMENT OF RIGHTS**

##### **A. Rights of Parents and Eligible Students**

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;
6. The right to be informed about rights under the federal law; and
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy.

##### **B. Eligible Students**

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations, section 99.31(a).

##### **C. Students with a Disability**

The school district shall follow 34 Code of Federal Regulations, sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability.

## **VI. DISCLOSURE OF EDUCATION RECORDS**

### **A. Consent Required for Disclosure**

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
  - a. a specification of the records to be disclosed;
  - b. the purpose or purposes of the disclosure;
  - c. the party or class of parties to whom the disclosure may be made;
  - d. the consequences of giving informed consent; and
  - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
  - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
  - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
4. A signed and dated written consent may include a record and signature in electronic form that:
  - a. identifies and authenticates a particular person as the source of the electronic consent; and
  - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
  - a. in plain language;
  - b. dated;
  - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
  - d. specific as to the nature of the information the subject is authorizing to

be disclosed;

- e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
- f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
- g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes, chapter 256B or Minnesota Care under Minnesota Statutes, chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

- 1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
- 2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
  - a. performs an institutional service or function for which the school district would otherwise use employees;
  - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
  - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
- 3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous

weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code, section 7917, *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes, section 260B.171, unless the data are required to be destroyed under Minnesota Statutes, section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;

4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
  - a. determine eligibility for the aid;
  - b. determine the amount of the aid;
  - c. determine conditions for the aid; or
  - d. enforce the terms and conditions of the aid.

"Financial aid" for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
  - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released; or
  - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers;

7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 [United States Code, section U.S.C. § 2331](#), or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the

health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
  - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
  - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a

controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability.

Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code, section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.
23. When requested, educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

**[NOTE: The 2024 Minnesota legislature enacted this provision.]**

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

**VII. RELEASE OF DIRECTORY INFORMATION**

A. Educational Data

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:
  - a. Minnesota Statutes, section 13.32, subdivision 5; and
  - b. 20 United States Code, ~~title 20~~, section 1232g, and 34 Code of Federal Regulations, ~~title 34~~, section 99.37, which were in effect on January 3, 2012.
2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under this section.
3. When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes.

**[NOTE: This section became effective on the day following final enactment (May 19, 2023). Beginning on the effective date, a student's personal contact information subject to this section must be treated as private educational data under Minnesota Statutes, section 13.32, regardless of whether that contact information was previously designated as directory information under Minnesota Statutes, section 13.32, subdivision 5].**

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain

information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:
  - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
  - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
  - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

**[NOTE: Federal law allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the school district chooses to impose these limitations, it is advisable to add a new paragraph VII.C.1.d. that specifies that disclosures of directory information will be limited to specific parties and/or for specific purposes and identify those parties and/or purposes. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. This is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure, but also the additional administrative requirements such restrictions will place on the school district.]**

2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
  - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a

class in which the student is enrolled; or

- b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

- 1. Name of the student and/or parent, as appropriate;
- 2. Home address;
- 3. School presently attended by student;
- 4. Parent's legal relationship to student, if applicable; and
- 5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

**VIII. DISCLOSURE OF PRIVATE RECORDS**

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if

at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
  - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
  - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
  - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
  - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
  - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes, sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

**IX. DISCLOSURE OF CONFIDENTIAL RECORDS**

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes, chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes, chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes, chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes, section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
  - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
  - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or

c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.

5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

**X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING**

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, section 121A.40, *et seq.*

**XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS**

A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
3. copying fees shall not be imposed.

C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority [*designate title of individual, i.e., building principal*] in writing by [*date*] each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
  2. Home address;
  3. Student's grade level;
  4. School presently attended by student;
  5. Parent's legal relationship to student, if applicable;
  6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
  7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

## **XII. LIMITS ON REDISCLOSURE**

### A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

### B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
  - a. The disclosures meet the requirements of Section VI. of this policy; and
  - b. The school district has complied with the record-keeping requirements

of Section XIII. of this policy.

2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code, section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

**[NOTE: 42 United States Code, section § 14071 was repealed. School districts should retain this statutory reference, however, as it remains a reference in FERPA and the Minnesota Government Data Practices Act and still may apply to individuals required to register prior to the repeal of this law.]**

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations, section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

### **XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING**

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain

the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
  - a. the parties who have requested or received personally identifiable information from the education records of the student;
  - b. the legitimate interests these parties had in requesting or obtaining the information; and
  - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
  - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
  - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
  - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations, section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed

upon a request from a parent or eligible student to review the record of requests for disclosure.

3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B) or an act of domestic or international terrorism.

**[NOTE: While Section XIII.E.1. does not apply to requests for or disclosures of directory information under Section VII. of this policy, to the extent the school district chooses to limit the disclosure of directory information to specific parties, for specific purposes, or both, it is advisable that records be kept to identify the party to whom the disclosure was made and/or purpose for the disclosure.]**

4. The record of requests of disclosures may be inspected by:
  - a. the parent of the student or the eligible student;
  - b. the school official or his or her assistants who are responsible for the custody of the records; and
  - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
  - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
  - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

#### **XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS**

- A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except

those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
  - a. the cost of materials, including paper, used to provide the copies;
  - b. the cost of the labor required to prepare the copies;
  - c. any schedule of standard copying charges established by the school district in its normal course of operations;
  - d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
  - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

**XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA**

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
  - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
  - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes, chapter 14 relating to contested cases.

**XVI. PROBLEMS ACCESSING DATA**

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means ***[designate title and actual name of individual]***.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

**XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA**

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in writing to the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue S.W., Washington, D.C. 20202-8520.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

**XVIII. WAIVER**

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

**XIX. ANNUAL NOTIFICATION OF RIGHTS**

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and

the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and
6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal Every Student Succeeds Act and, if applicable, a student's history of violent behavior.

B. Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

C. Notification to Parents or Eligible Students Who are Disabled

The school district shall provide for the need to effectively notify parents or eligible students identified as disabled.

## 516 STUDENT MEDICATION AND TELEHEALTH

[NOTE: The necessary provisions for complying with Minnesota Statutes, sections 121A.22, Administration of Drugs and Medicine, 121A.221, Possession and Use of Asthma Inhalers by Asthmatic Students, and 121A.222, Possession and Use of Nonprescription Pain Relievers by Secondary Students are included in this policy. The statutes do not regulate administration of drugs and medicine for students aged 18 and over or other nonprescription medications. Please note that section 121A.22 does not require school districts to apply the administration of medication rule to drugs or medicine used off school grounds, drugs or medicines used in connection with athletics or extra-curricular activities, and drugs and medicines that are used in connection with activities that occur before or after the regular school day.]

### I. PURPOSE

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription medication to students at school.

### II. GENERAL STATEMENT OF POLICY

The school district acknowledges that some students may require prescribed drugs or medication or telehealth during the school day. The school district's licensed school nurse, trained health clerk, principal, or teacher will administer prescribed medications, except any form of medical cannabis, in accordance with law and school district procedures.

### III. DRUG AND MEDICATION REQUIREMENTS

[NOTE: The June 2024 Model Policy 516 revisions include insertion of headings and rearrangement of paragraphs so that similar content is grouped together. School boards can choose whether to make these revisions.]

#### A. Administration of Drugs and Medicine

1. The administration of ~~prescription~~ medication or drugs at school requires a completed signed request from the student's parent. An oral request must be reduced to writing within two school days, provided that the school district may rely on an oral request until a written request is received.
2. Drugs and medicine subject to Minnesota Statutes, 121A.22 must be administered, to the extent possible, according to school board procedures that must be developed in consultation with:
  - a. with a licensed nurse, in a district that employs a licensed nurse under Minnesota Statutes, section 148.171;
  - b. with a licensed school nurse, in a district that employs a licensed school nurse licensed under Minnesota Rules, part 8710.6100;
  - c. with a public or private health-related organization, in a district that contracts with a public or private health or health-related organization,

according to Minnesota Statutes, 121A.21; or

- d. with the appropriate party, in a district that has an arrangement approved by the Commissioner of the Minnesota Department of Education, according to Minnesota Statutes, 121A.21.

**[NOTE: Paragraph III.A.2 had appeared in a different spot in previous versions of this model policy. In June 2024, the paragraph is located here and is updated to reflect 2024 legislative changes.]**

3. Exclusions

**[Note: The provisions of III.A.3 are optional. The school board may choose to include or exclude any of the provisions specified. These exclusions appeared in previous versions of this model policy.]**

The provisions on administration of drugs and medicine above do not apply to drugs or medicine that are:

- a. purchased without a prescription;
- b. used by a pupil who is 18 years old or older;
- c. used in connection with services for which a minor may give effective consent;
- d. used in situations in which, in the judgment of the school personnel, including a licensed nurse, who are present or available, the risk to the pupil's life or health is of such a nature that drugs or medicine should be given without delay;
- e. used off the school grounds;
- f. used in connection with athletics or extracurricular activities;
- g. used in connection with activities that occur before or after the regular school day;
- h. provided or administered by a public health agency to prevent or control an illness or a disease outbreak as provided under Minnesota law;
- i. prescription asthma or reactive airway disease medications can be self-administered by a student with an asthma inhaler if:
- a. the school district has received a written authorization each school year from the pupil's parent permitting the student to self-administer the medication;
- b. the inhaler is properly labeled for that student; and
- c. the parent has not requested school personnel to administer the medication to the student.

In a school that does not have a school nurse or school nursing services, the student's parent or guardian must submit written verification from

the prescribing professional which documents that an assessment of the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting has been completed.

If the school district employs a school nurse or provides school nursing services under another arrangement, the school nurse or other appropriate party must assess the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting and enter into the student's school health record a plan to implement safe possession and use of asthma inhalers.

j. epinephrine auto-injectors, consistent with Minnesota Statutes, section 121A.2205, if the parent and prescribing medical professional annually inform the pupil's school in writing that

a. the pupil may possess the epinephrine or

b. the pupil is unable to possess the epinephrine and requires immediate access to epinephrine auto-injectors that the parent provides properly labeled to the school for the pupil as needed.

k. For the purposes of Minnesota Statutes, 121A.22, special health treatments and health functions, such as catheterization, tracheostomy suctioning, and gastrostomy feedings, do not constitute administration of drugs or medicine.

l. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy.

#### B. Prescription Medication

1. An "Administering Prescription Medications" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minnesota Statutes, section 152.22, subdivision 6.

2. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law and must be administered in a manner consistent with the instructions on the label.

3. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.

4. Prescription medications are not to be carried by the student, but will be left with the appropriate school district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler (See Paragraph III.A.3(i) above ~~Part J.5. below~~), and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).

5. The school must be notified immediately by the parent or student 18 years old or older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new

pharmacy instructions shall be required immediately as well.

6. The school nurse, or other designated person, shall be responsible for the filing of the Administering Prescription Medications form in the health records section of the student file. The school nurse, or other designated person, shall be responsible for providing a copy of such form to the principal and to other personnel designated to administer the medication.
7. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.

~~Procedures for administration of drugs and medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minnesota Statutes section 121A.21). The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.~~

**[NOTE: This paragraph is moved to Paragraph III.A.3 above, where it is updated to reflect 2024 legislative changes.]**

8. If the administration of a drug or medication described in this section requires the school district to store the drug or medication, the parent or legal guardian must inform the school if the drug or medication is a controlled substance. For a drug or medication that is not a controlled substance, the request must include a provision designating the school district as an authorized entity to transport the drug or medication for the purpose of destruction if any unused drug or medication remains in the possession of school personnel. For a drug or medication that is a controlled substance, the request must specify that the parent or legal guardian is required to retrieve the drug or controlled substance when requested by the school.

**[NOTE: Starting in June 2024, the exceptions appear under Article III.A.3 above.]**

1. ~~Special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings do not constitute administration of drugs and medicine;~~
2. ~~Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy;~~
3. ~~Drugs or medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;~~
4. ~~Drugs or medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;~~
5. ~~Drugs or medicines that are~~
6. ~~Medications:~~
  - a. ~~that are used off school grounds;~~

- ~~b. that are used in connection with athletics or extracurricular activities;  
or~~
- ~~c. that are used in connection with activities that occur before or after the regular school day are not governed by this policy.~~

C. Nonprescription Medication

A secondary student may possess and use nonprescription pain relief in a manner consistent with the labeling, if the school district has received written authorization from the student's parent or guardian permitting the student to self-administer the medication. The parent or guardian must submit written authorization for the student to self-administer the medication each school year. The school district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the privilege. This provision does not apply to the possession or use of any drug or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients. Except as stated in this paragraph, only prescription medications are governed by this policy.

**[NOTE: School districts should consult with licensed medical and nursing personnel to address whether nonprescription medications will be allowed at elementary schools and whether and under what conditions school personnel will participate in storing or administering nonprescription medications.]**

D. Possession and Use of Epinephrine Auto-Injectors

At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed epinephrine auto-injectors that enables the student to:

1. possess epinephrine auto-injectors; or
2. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to epinephrine auto-injectors in close proximity to the student at all times during the instructional day.

For the purposes of this policy, "instructional day" is defined as eight hours for each student contact day.

**[NOTE: Minnesota law states that "the school board of the school district must define instructional day for the purposes of Minnesota Statutes, 121A.2205." A sample definition appears above. School districts can create a definition that fits their circumstances.]**

The plan must designate the school staff responsible for implementing the student's health plan, including recognizing anaphylaxis and administering epinephrine auto-injectors when required, consistent with state law. This health plan may be included in a student's Section 504 plan.

Districts and schools may obtain and possess epinephrine auto-injectors to be maintained and administered by school personnel, including a licensed nurse, to a student or other individual if, in good faith, it is determined that person is experiencing anaphylaxis regardless of whether the student or other individual has a prescription for

an epinephrine auto-injector. The administration of an epinephrine auto-injector in accordance with Minnesota Statutes, section 121A.2207 is not the practice of medicine.

Effective July 1, 2024, registered nurses may administer epinephrine auto-injectors in a school setting according to a condition-specific protocol as authorized under Minnesota Statutes, section 148.235, subdivision 8. Notwithstanding any limitation in Minnesota Statutes, sections 148.171 to 148.285, licensed practical nurses may administer epinephrine auto-injectors in a school setting according to a condition-specific protocol that does not reference a specific patient and that specifies the circumstances under which the epinephrine auto-injector is to be administered, when caring for a patient whose condition falls within the protocol.

**[NOTE: The paragraph above was signed into law in May 2024. It is new model policy language.]**

A district or school may enter into arrangements with manufacturers of epinephrine auto-injectors to obtain epinephrine auto-injectors at fair-market, free, or reduced prices. A third party, other than a manufacturer or supplier, may pay for a school's supply of epinephrine auto-injectors.

#### E. Sunscreen

A student may possess and apply a topical sunscreen product during the school day while on school property or at a school-sponsored event without a prescription, physician's note, or other documentation from a licensed health care professional. School personnel are not required to provide sunscreen or assist students in applying sunscreen.

~~L. "Parent" for students 18 years old or older is the student.~~

#### F. Procedure regarding unclaimed drugs or medications.

1. The school district has adopted the following procedure for the collection and transport of any unclaimed or abandoned prescription drugs or medications remaining in the possession of school personnel in accordance with this policy. Before the transportation of any prescription drug or medication under this policy, the school district shall make a reasonable attempt to return the unused prescription drug or medication to the student's parent or legal guardian. Transportation of unclaimed or unused prescription drugs or medications will occur at least annually, but may occur more frequently at the discretion of the school district.
2. If the unclaimed or abandoned prescription drug is not a controlled substance as defined under Minnesota Statutes, section 152.01, subdivision 4, or is an over-the-counter medication, the school district will either designate an individual who shall be responsible for transporting the drug or medication to a designated drop-off box or collection site or request that a law enforcement agency transport the drug or medication to a drop-off box or collection site on behalf of the school district.
3. If the unclaimed or abandoned prescription drug is a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, the school district or school personnel is prohibited from transporting the prescription drug to a drop-off box or collection site for prescription drugs identified under this paragraph. The school district must request that a law enforcement agency transport the prescription drug or medication to a collection bin that complies with Drug Enforcement Agency regulations, or if a site is not available, under the agency's procedure for transporting drugs.

## **IV. ACCESS TO SPACE FOR MENTAL HEALTH CARE THROUGH TELEHEALTH**

- A. Beginning October 1, 2024, to the extent space is available, the school district must provide an enrolled secondary school student with access during regular school hours, and to the extent staff is available, before or after the school day on days when students receive instruction at school, to space at the school site that a student may use to receive mental health care through telehealth from a student's licensed mental health provider. A secondary school must develop a plan with procedures to receive requests for access to the space.
- B. The space must provide a student privacy to receive mental health care.
- C. A student may use a school-issued device to receive mental health care through telehealth if such use is consistent with the district or school policy governing acceptable use of the school-issued device.
- D. A school may require a student requesting access to space under this section to submit to the school a signed and dated consent from the student's parent or guardian, or from the student if the student is age 16 or older, authorizing the student's licensed mental health provider to release information from the student's health record that is requested by the school to confirm the student is currently receiving mental health care from the provider. Such a consent is valid for the school year in which it is submitted.

## **519 INTERVIEWS OF STUDENTS BY OUTSIDE AGENCIES**

### **I. PURPOSE**

There are occasions in which persons other than school district officials and employees find it necessary to speak with a student during the school day. Student safety and disruption of the educational program is of concern to the school district. The purpose of this policy is to establish the procedures for access to students by authorized individuals during the school day.

### **II. GENERAL STATEMENT OF POLICY**

- A. Generally, students may not be interviewed during the school day by persons other than a student's parents, school district officials, employees and/or agents, except as otherwise provided by law and/or this policy.
- B. Requests from law enforcement officers and those other than a student's parents, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the student's parents to inform them of the request, except where otherwise prohibited by law.

### **III. INTERVIEWS CONDUCTED UNDER THE MALTREATMENT OF MINORS ACT**

- A. In the case of an investigation pursuant to the Reporting of Maltreatment of Minors Act, Minnesota Statutes Chapter 260E, a local welfare agency, the agency responsible for investigating the report, and a local law enforcement agency may interview, without parental consent, an alleged victim and any minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school and during school hours. School district officials will work with the local welfare agency, the agency responsible for investigating the report, or law enforcement agency to select a place appropriate for the interview. When it is possible and the report alleges substantial child endangerment or sexual abuse, the interview may take place outside the presence of the alleged offender and may take place prior to any interviews of the alleged offender.

**[NOTE: This change is found in Minnesota Statutes, section 260E.22.]**

- B. If the interview took place or is to take place on school district property, an order of the juvenile court pursuant to Minnesota Statutes, Chapter 260E may specify that school district officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school district property and/or any other related information regarding the interview that may be a part of the child's record. The school district official must receive a copy of the order from the local welfare or law enforcement agency.
- C. When the local welfare agency, local law enforcement agency, or agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school district property, school district officials must receive written

notification of intent to interview the child on school district property prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school district property. Where the interviews are conducted by the local welfare agency, the notification must be signed by the chair of the local social services agency or the chair's designee. The notification is private educational data on the student. School district officials may not disclose to the parent, legal custodian or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until school district officials receive said notification, all inquiries regarding the nature of the investigation or assessment should be directed to the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.

- D. School district officials shall have discretion to reasonably schedule the time, place, and manner of an interview by a local welfare or local law enforcement agency on school district premises. However, where the alleged perpetrator is believed to be a school district official or employee, the local welfare or local law enforcement agency will have discretion to determine where the interview will be held. The interview must be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school district officials and the local welfare or law enforcement agency. However, school district officials must yield to the discretion of the local welfare or law enforcement agency concerning other persons in attendance at the interview. School district officials will make every effort to reduce the disruption to the educational program of the child, other students, or school staff when an interview is conducted on school district premises.
- E. Students shall not be taken from school district property without the consent of the principal and without proper warrant.

## 521 STUDENT DISABILITY NONDISCRIMINATION

**[NOTE: School districts are required by statute to have a policy addressing these issues.]**

### I. PURPOSE

The purpose of this policy is to protect students with disabilities from discrimination on the basis of disability and to identify and evaluate learners who, within the intent of Section 504 of the Rehabilitation Act of 1973 (Section 504), need services, accommodations, or programs in order that such learners may receive a free appropriate public education.

### II. GENERAL STATEMENT OF POLICY

- A. Students with disabilities who meet the criteria of Paragraph C. below are protected from discrimination on the basis of a disability.
- B. The responsibility of the school district is to identify and evaluate learners who, within the intent of Section 504, need services, accommodations, or programs in order that such learners may receive a free appropriate public education.
- C. For this policy, a learner who is protected under Section 504 is one who:
  - 1. has a physical or mental impairment that substantially limits one or more of such person's major life activities; or
  - 2. has a record of such an impairment; ~~or~~
  - 3. is regarded as having such an impairment; ~~or~~ or
  - 4. has an impairment that is episodic or in remission and would materially limit a major life activity when active.

**[NOTE: The 2024 Minnesota legislature revised the definition of 'disability' in Minnesota Statutes, section 363A.03, subdivision 12]**

- D. Learners may be protected from disability discrimination and be eligible for services, accommodations, or programs under the provisions of Section 504 even though they are not eligible for special education pursuant to the Individuals with Disabilities Education Act.

### III. COORDINATOR

Persons who have questions or comments should contact \_\_\_\_\_ (title, name, office address, and telephone number). This person is the school district's Americans with Disabilities Act/Section 504 coordinator. Persons who wish to make a complaint regarding a disability discrimination matter may use the accompanying Student Disability Discrimination Grievance Report Form. ## **524 INTERNET, TECHNOLOGY, AND CELL PHONE ACCEPTABLE USE AND SAFETY POLICY**

**[NOTE: School districts are required by statute to have a policy addressing these issues.]**

### **I. PURPOSE**

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

### **II. GENERAL STATEMENT OF POLICY**

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

### **III. LIMITED EDUCATIONAL PURPOSE**

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

### **IV. USE OF SYSTEM IS A PRIVILEGE**

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

### **V. UNACCEPTABLE USES**

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:

1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
  - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
  - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
  - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
  - d. information or materials that could cause damage or danger of disruption to the educational process;
  - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

**[NOTE: School districts should consider the impact of this paragraph on present practices and procedures, including, but not limited to, practices pertaining to employee communications, school or classroom websites, and student/employee use of social networking websites. Depending upon school district policies and practices, school districts may wish to add one or more of the following clarifying paragraphs.]**

- a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between

employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).

- b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
  - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
  - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
- 7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
  - 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
  - 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
  - 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.

- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

## **VI. FILTER**

**[NOTE: Pursuant to state law, school districts are required to restrict access to inappropriate materials on school computers with Internet access. School districts seeking technology revenue pursuant to Minnesota Statutes, section 125B.26 or certain federal funding, such as e-rate discounts, for purposes of Internet access and connection services and/or receive funds to purchase Internet accessible computers are subject to the federal Children's Internet Protection Act, effective in 2001. Those districts are required to comply with additional standards in restricting possible access to inappropriate materials. Therefore, school districts should select one of the following alternative sections depending upon whether the school district is seeking such funding and the type of funding sought.]**

### **ALTERNATIVE NO. 1**

**[NOTE: For a school district that does not seek either state or federal funding in connection with its computer system, the following language should be adopted. It reflects a mandatory requirement under Minnesota Statutes, section 125B.15.]**

All computers equipped with Internet access and available for student use at each school site will be equipped to restrict, by use of available software filtering technology or other effective methods, all student access to materials that are reasonably believed to be obscene, child pornography or harmful to minors under state or federal law. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.

**[NOTE: The purchase of filtering technology is not required by state law if the school site would incur more than incidental expense in making the purchase. In the absence of filtering technology, school sites still are required to use "other effective methods" to restrict student access to such materials.]**

## ALTERNATIVE NO. 2

**[NOTE: Technology revenue is available to school districts that meet the additional condition of also restricting adult access to inappropriate materials. School districts that seek such state technology revenue may adopt or retain the following language. However, the school district is not required to do so.]**

- A. All school district computers with Internet access and available for student use will be equipped to restrict, by use of available software filtering technology or other effective methods, all student access to materials that are reasonably believed to be obscene, child pornography or harmful to minors under state or federal law.
- B. All school district computers with Internet access, not just those accessible and available to students, will be equipped to restrict, by use of available software filtering technology or other effective methods, adult access to materials that are reasonably believed to be obscene or child pornography under state or federal law.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.

## ALTERNATIVE NO. 3

**[NOTE: School districts that receive certain federal funding, such as e-rate discounts, for purposes of Internet access and connection services and/or receive funds to purchase Internet accessible computers are subject to the federal Children's Internet Protection Act, effective in 2001. This law requires school districts to adopt an Internet safety policy that contains the provisions set forth below. Also, the Act requires such school districts to provide reasonable notice and hold at least one public hearing or meeting to address the proposed Internet safety policy prior to its implementation. School districts that do not seek such federal financial assistance need not adopt the alternative language set forth below nor meet the requirements with respect to a public meeting to review the policy. The following alternative language for school districts that seek such federal financial assistance satisfies both state and federal law requirements.]**

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
  - 1. Obscene;
  - 2. Child pornography; or
  - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
  - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
  - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the

genitals; and

3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
  - D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
  - E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

**[NOTE: Although school districts are not required to adopt the more restrictive provisions contained in either Alternative No. 2 or No. 3 if they do not seek state or federal funding, they may choose to adopt the more restrictive provisions as a matter of school policy.]**

#### **VII. CONSISTENCY WITH OTHER SCHOOL POLICIES**

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

#### **VIII. LIMITED EXPECTATION OF PRIVACY**

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

**IX. INTERNET USE AGREEMENT**

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

**X. LIMITATION ON SCHOOL DISTRICT LIABILITY**

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

**XI. USER NOTIFICATION**

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
  - 1. Notification that Internet use is subject to compliance with school district policies.
  - 2. Disclaimers limiting the school district's liability relative to:
    - a. Information stored on school district diskettes, hard drives, or servers.
    - b. Information retrieved through school district computers, networks, or online resources.
    - c. Personal property used to access school district computers, networks, or online resources.
    - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
  - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
  - 4. Notification that, even though the school district may use technical means to

limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.

5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

## **XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE**

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
  1. A copy of the user notification form provided to the student user.
  2. A description of parent/guardian responsibilities.
  3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
  4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
  5. A statement that the school district's acceptable use policy is available for parental review.

## **XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS**

- A. "Technology provider" means a person who:
  1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
  2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.

- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
  - 1. identify each curriculum, testing, or assessment technology provider with access to educational data;
  - 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
  - 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.
- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
  - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
  - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

#### **XIV. SCHOOL-ISSUED DEVICES**

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
  - 1. any location-tracking feature of a school-issued device;
  - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
  - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.

- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
  2. the activity is permitted under a judicial warrant;
  3. the school district is notified or becomes aware that the device is missing or stolen;
  4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
  5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
  6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

## **XV. CELL PHONE USE**

The school board directs the superintendent and school district administration to establish rules and procedures regarding student possession and use of cell phones in schools. These rules and procedures should seek to minimize the impact of cell phones on student behavior, mental health, and academic attainment. These rules and procedures may be designed for specific school buildings, grade levels, or similar criteria.

**[NOTE: In 2024, the Minnesota legislature enacted a law requiring that school districts adopt a policy on students' possession and use of cell phones in school by March 15, 2025. This law does not state that school districts must incorporate specific language or provisions in the school district policy.]**

**MSBA recognizes the common practice of setting forth cell phone rules in a student handbook or similar document. This Article directs school administration to establish cell phone rules, which the school board may require be presented to the board for approval. This approach enables administrators to craft flexible and specific rules that are specific to grade levels and buildings. The school board may choose to set forth general principles regarding cell phone use in this Article.**

**Under the new law, the Minnesota Elementary School Principals Association and the Minnesota Association of Secondary School Principals will collaborate to make best practices available to schools on a range of different strategies to achieve the goals stated above.]**

~~Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct.~~

~~If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search.~~

~~Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.~~

## **XVI. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN**

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

## **XVII. IMPLEMENTATION; POLICY REVIEW**

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

## **532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS**

**[NOTE: School districts are required by statute to have a policy addressing these issues.]**

### **I. PURPOSE**

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

### **II. GENERAL STATEMENT OF POLICY**

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

### **III. DEFINITIONS**

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- C. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

D. "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury.

**[NOTE: This definition is added to provide clarity for discussion of physical holds later in this policy and in light of recent Minnesota legislative action.]**

~~D. "Police liaison officer" is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.~~

E. The phrase "remove the student from school grounds" is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.

F. "School Resource Officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

**[NOTE: The 2024 Minnesota legislature enacted this definition of "school resource officer." MSBA deleted the definition of "police liaison officer" as part of this change. School districts should use the term that reflects their local circumstances.]**

G. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).

H. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

#### **IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS**

##### A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the ~~police liaison~~ school resource officer or a peace officer.

##### B. Removal By ~~Police Liaison~~ School Resource Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the [police liaison school resource](#) officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

**[NOTE: If the school district uses a different reference name for its student records policy, insert that name in place of the reference to Protection and Privacy of Pupil Records, which is the title of MSBA/MASA Model Policy 515.]**

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

1. In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the [police liaison school resource](#) officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another
2. In removing a student with an IEP from school grounds, [police liaison school resource](#) officers and school district personnel are further prohibited from engaging in the following conduct:
  - a. Corporal punishment prohibited by Minnesota Statutes, section 121A.58;
  - b.. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
  - c. Totally or partially restricting a child's senses as punishment;
  - d. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others

or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;

- e. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minnesota Statutes, Chapter 260E;
  - f. Physical holding (as defined above and in Minnesota Statutes, section 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
  - g. Withholding regularly scheduled meals or water; and/or
  - h. Denying a child access to toilet facilities.
3. Any reasonable force used under Minnesota Statutes, sections 121A.582; 609.06, subdivision 1; and 609.379 which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred shall be reported to the Minnesota Department of Education as a restrictive procedure, including physical holding or seclusion used by an unauthorized or untrained staff person.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes, section 125A.0942, subdivision 5, and otherwise comply with the requirements of section 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of

seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

## **535 SERVICE ANIMALS IN SCHOOLS**

### **I. PURPOSE**

The purpose of this policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

### **II. GENERAL STATEMENT OF POLICY**

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this policy.

### **III. DEFINITIONS**

#### **A. Handler**

A "handler" is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, "handler" means the person who cares for and supervises the animal on that individual's behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

#### **B. Service Animal**

A "service animal" is a dog (regardless of breed or size) or miniature horse that is individually trained to perform "work or tasks" for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual's disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

#### **C. Trainer**

A "trainer" is a person who is training a service animal and is affiliated with a recognized training program for service animals.

#### **D. Work or Tasks**

1. "Work or tasks" are those functions performed by a service animal.
2. Examples of "work or tasks" include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities,

and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

3. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not "work or tasks" for the purposes of this policy.

#### **IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES**

- A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school-sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.

B. It is an unfair discriminatory practice to prohibit a person with a disability from taking a service animal into the public place or conveyance to aid persons with disabilities, and if the service animal is properly harnessed or leashed so that the person with a disability may maintain control of the service animal.

C. The school district shall not require a person with a disability to make an extra payment or pay an additional charge when taking a service animal into any school district building.

**[NOTE: The 2024 Minnesota legislature revised Minn. Stat. 3631.19, as reflected in Paragraphs B. and C.]**

- D. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:

1. Is the service animal required because of a disability; and
2. What work or tasks is the service animal trained to perform.

E. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability has completed and submitted the request form described in Part VI., below.

F. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

#### **V. REQUIREMENTS FOR ALL SERVICE ANIMALS**

- A. The service animal must be required for the individual with a disability.
- B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.
- C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of

a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

- D. The service animal must be housebroken.
- E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.
- F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.
- G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.
- H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

#### **VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL**

- A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.
- B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.
- C. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

#### **VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL**

- A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:
  - 1. Any of the requirements described in Part V., above, are not met.
  - 2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;
  - 3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or
  - 4. The service animal behaves in a way that poses a direct threat to the health or

safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.

- B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

#### **VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES**

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;
- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

#### **IX. ALLERGIES; FEAR OF ANIMALS**

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are not life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

#### **X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS**

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

#### **XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES**

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

#### **XII. LIABILITY**

- A. The owner of the service animal or non-service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while

on school district property.

- B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.
