To modernize the district's crisis management and physical security posture, we propose migrating to the integrated Raptor Technologies Campus Movement and Emergency Management platform and request authorization to procure Quote # Q-125871-1 from Raptor Technologies, LLC (Item of Consideration with proposal attached/linked). This transition is necessitated by the vendor's discontinuance of our current platform, Intrado SafetyShield, and aims to mitigate critical end-of-life (EOL) risks. - Institutions where the children go through the school cafeteria line, do not have to have a contract meal delivery receipt. The school will put this information in their Production Records.
- Not completing the CMDR or not following CACFP Meal Patterns, the Institution is not obligated to pay the district for meals that do not meet USDA requirements.
- If the District does not give the Recipient recipes, labels, CN Labels, or any other documentation needed from the district for the institution's CACFP Administrative Review, payment can be withheld until all documentation is obtained.
- Any noncompliance or meals reclaimed by OSDE due to errors by the district such as not having a Contract Meal Delivery Receipt, the CMDR not being filled out, meal not meeting meal pattern requirements, not enough quantity delivered, etc. The district may be responsible for the overclaim amount due.

Dear Sir or Madam:

This is in response to your request dated June 08, 2026, for information about your tax-exempt status.

We issued a determination letter to you on October 2005, and you're currently exempt under Internal Revenue Code (IRC) Section 501(c)(3).

We also recognized the subordinates on the list you submitted as exempt from federal income tax under IRC Section 501(c)(3).

For federal income tax purposes, donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106 and 2522.

Because IRC Section 170(c) describes your subordinate organizations, donors can deduct contributions they make to them.

For information about filing requirements visit www.irs.gov/charities. Specifically, IRC Section 6033(j) provides that if you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

In addition, each subordinate organization is subject to automatic revocation if it doesn't file a required return or notice for three consecutive years. Subordinate organizations can file required returns or notices individually or as part of a group return.

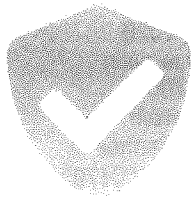

If you have questions, you can call 877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific time).

Keep a copy of this letter for your records.

Sincerely,

Stephen A. Martin

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Stephen A. Martin

Yukon HS Homerun Club:**Purpose and goals of applicant group:**

The Yukon High School Homerun Club exists to support and enhance the Yukon Baseball program through fundraising, volunteerism, and community engagement. Our mission is to provide resources that elevate the experience for student-athletes—on and off the field—by helping fund equipment, travel, facilities, and special events. We strive to foster school spirit, build lasting partnerships with local businesses and families, and ensure that every player has the opportunity to grow, compete, and succeed in a positive and well-supported environment.

Describe how the school district and its students will benefit from sanctioning is granted:

Continued sanctioning of the Yukon High School Home Run Club will allow us to maintain and build upon the strong foundation we've already established in support of the Yukon Baseball program. Over time, the club has provided consistent financial and volunteer support that directly benefits student-athletes through upgraded equipment, enhanced facilities, team travel opportunities, and special events that enrich the overall experience.

Ongoing recognition ensures we can continue operating in alignment with district policies while fostering transparency, accountability, and community involvement. The school district and its students benefit from a well-supported program that reflects positively on Yukon Public Schools and promotes pride, engagement, and opportunity both on and off the field.

Has this group been sanctioned by the board of education before?

Yes

If yes, what year(s)?

At least the last 3 years, but our charter is dated April 6, 2011.

Dear Sir or Madam:

This is in response to your request dated June 08, 2026, for information about your tax-exempt status.

We issued a determination letter to you on October 2005, and you're currently exempt under Internal Revenue Code (IRC) Section 501(c)(3).

We also recognized the subordinates on the list you submitted as exempt from federal income tax under IRC Section 501(c)(3).

For federal income tax purposes, donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106 and 2522.

Because IRC Section 170(c) describes your subordinate organizations, donors can deduct contributions they make to them.

For information about filing requirements visit www.irs.gov/charities. Specifically, IRC Section 6033(j) provides that if you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

In addition, each subordinate organization is subject to automatic revocation if it doesn't file a required return or notice for three consecutive years. Subordinate organizations can file required returns or notices individually or as part of a group return.

If you have questions, you can call 877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific time).

Keep a copy of this letter for your records.

Sincerely,

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

Based on the information you submitted in your application, we approved your request for reinstatement under Revenue Procedure 2014-11. Your effective date of exemption, as listed at the top of this letter, is the submission date of your application.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

We sent a copy of this letter to your representative as indicated in your power of attorney.

Sincerely,

A handwritten signature in cursive script that reads "Stephen A. Martin".

Employee making request:

Describe the Fund-Raising event: required

"Slice of TSA" is a donation-based, product-free fundraiser organized by the Yukon High School Technology Student Association (TSA) chapter. Instead of selling traditional goods like chocolate or wrapping paper, students raise money by asking supporters to symbolically "purchase a slice" of a graphic TSA logo.

How the Fundraiser Works

The Tracking Sheet: Each TSA member receives a personalized flyer featuring the TSA logo broken down into 26 unique geometric shapes ("slices").

The Slices: Each slice is marked with a specific, low-cost donation amount: \$1, \$5, or \$10.

The Donation: Supporters choose one or more slices to sponsor and pay the corresponding amount. Because this is a direct-donation campaign, no physical product is exchanged.

The Goal: A student successfully completes their sheet when every slice is sponsored, raising a total of \$89 per calendar sheet.

Purpose and Impact of Funds

Every dollar raised through this fundraiser goes directly toward supporting the students' academic and technical growth. Specifically, the proceeds fund:

Competition Fees: Registration costs for regional and state-level TSA events.

Travel Expenses: Lodging and transportation required to get students to and from their competitions.

STEM Supplies: Materials and resources needed for hands-on STEM projects, activities, and competitive event preparation.

Why it matters: This fundraiser lowers the financial barrier for students, allowing them to gain vital, hands-on STEM experience and proudly represent Yukon High School in regional and state competitions.

I can email a picture of the sheet if needed as there is nowhere to attach it.

Active Outreach: Students approach family members, neighbors, teachers, and local businesses to pitch their TSA club.

Filling the Slices: When a supporter agrees to donate, they pick an available amount on the logo (like a \$5 or \$10 spot). The student then colors in that slice, crosses it off, or writes the donor's initials inside it.

Visual Goals: The visual layout makes it easy for the student to see exactly how close they are to hitting their final \$89 goal, encouraging them to keep going until the entire logo is "filled."

TSA Competition Fees: Covers the registration costs required for students to enter and compete in official TSA events.

Member Participation: Broadly subsidizes the overall cost of club activities, ensuring that financial barriers don't prevent interested students from taking part.

Employee making request:

Describe the Fund-Raising event: required

This fundraising initiative is a student-led design and manufacturing venture that bridges our Carpentry and STEM programs. Students will gain hands-on, real-world business and technical experience by designing, producing, and marketing high-quality items.

Utilizing the tools in our carpentry room and STEM labs—including 3D printers, a laser engraver, and CNC machining—students will manufacture a diverse range of products, including:

Small Novelties: 3D-printed trinkets, custom-designed coasters, and personalized cups/drinkware.

Large-Scale Work: Custom wooden and acrylic signage.

B2B & Organizational Sales: Custom awards, trophies, and promotional items tailored for school departments, sports teams, and outside organizations.

Current Operations & Growth Plan:

We are currently fulfilling custom orders generated through word-of-mouth to test our production workflows and refine student skills. Our scaling plan involves building inventory and finalizing designs over the summer and early fall, with the goal of launching a comprehensive, district-wide product catalog by October.

Impact & Use of Funds:

The proceeds generated from this program will serve two vital purposes:

Program Sustainability: Reinvesting in raw materials (lumber, filament, acrylic) and equipment maintenance to keep the lab self-sustaining.

Student Opportunities (TSA): Directly funding student participation in TSA (Technology Student Association) competitions. The proceeds will cover registration fees, travel, and meals. By offsetting these costs, we ensure that these high-level competitive opportunities are accessible to all students, eliminating the financial burden that travel expenses can often place on families.

Students are entirely responsible for the full product lifecycle, managing 100% of the workflow from inception to final delivery. The process is broken down into three student-led phases:

Design: Students use digital software (CAD/CAM) to create original blueprints, 3D models, and custom graphics for both standard inventory and custom organization orders.

Fabrication (Making): Students safely operate all machinery to manufacture the products, working with traditional woodworking tools in the carpentry room as well as advanced tech in the STEM labs (3D printers, laser engravers, and CNC machining).

Packaging: Students handle quality control, post-processing (sanding, finishing), and the final branding and packaging of each item so it is retail-ready for the customer.

By owning the design, manufacturing, and packaging phases, students gain authentic experience in engineering, supply chain logistics, and quality assurance.

One hundred percent (100%) of the revenue generated by this student-led enterprise will be split between covering material overhead and directly supporting student opportunities. The funds will be allocated into two primary categories:

1. Student Competition & Equity Fund (TSA)

The largest portion of our net profits will be used to fund student participation in TSA (Technology Student Association) competitions. This removes financial barriers for families and ensures all students can participate regardless of their economic background.

Competition Fees: Covering individual and team registration costs for regional, state, and national TSA events.
Travel & Lodging: Subsidizing or fully covering transportation and hotel stays for overnight competition trips.
Student Meals: Providing daily meal stipends for students while they are traveling and competing, eliminating out-of-pocket burdens on families.

2. Program Sustainability & Material Overhead

To ensure this business model remains self-sustaining year after year, a portion of the proceeds will be reinvested back into our fabrication labs.

Raw Materials: Replenishing high-use inventory, including lumber/hardwoods, 3D printing filament, acrylic sheets, and blank drinkware.
Tool & Machine Maintenance: Funding routine maintenance and consumable parts for our machinery, such as CNC router bits, replacement 3D printer nozzles, and laser engraver lenses.

By utilizing this self-funding model, we are not only teaching students how to run a profitable business, but we are also creating a sustainable ecosystem where their hard work directly funds their own academic and competitive success without placing a financial burden on their families.

Canadian Valley Technology Center

Our mission is to prepare people to succeed through quality career and technical education programs and services.

Since 1970, we have been providing educational opportunities for high school students and adults. Our programs and services help you if you're ready to enter the workforce, if you're going to college, if you're an adult ready to make a career change or simply ready to expand your skills. CV Tech is ready to help you focus on your future.

CV Tech's student body is a diverse group of high school students from 14 sending schools and adults from the communities we serve. We have three campuses and offer training in 29 career fields.

Each year, hundreds of students choose to maximize their education by adding Canadian Valley's career-focused curriculum to their class schedules. Students are taught the fundamental concepts of their chosen field and learn to apply them in a professional lab/shop environment, all while learning to apply math, science, literacy, and employment readiness into their studies. This approach helps our students master highly technical procedures and gives them a head start on developing the work ethic employers demand from employees. As a result, our graduates are prepared to keep up with today's rapidly changing job market.

At CV Tech, instructors utilize instructional delivery that consists of individualized, standards-based learning through the use of an online learning management system and hands-on, skills-driven, project-based learning that includes work-based learning opportunities and capstone projects. Employability skills and academic skills instruction are incorporated with occupational skills education throughout the program.
