Rather than relying on trial-and-error, I will gain actionable, evidence-based tools for sensory regulation, functional communication, and individualized behavior support that I can implement immediately, while also sharing these insights with our team to ensure consistent support across our entire school.

In addition to the above, every school employee having reason to believe, or receiving an allegation or disclosure, that a student is the victim of sexual abuse, sexual assault, or sexual misconduct shall report the disclosure, allegation or information within twenty-four hours to local law enforcement.

Local law enforcement means a law enforcement agency that is independent of the school district, campus police department and shall not include a school resource officer employed by the school district unless directed by the independent law enforcement agency. Reports must be made prior to any formal investigation or questioning of the subject of the disclosure or allegation.

No school investigator, administrator or official shall conduct formal interviews of the subject of the disclosure or allegation or engage in disciplinary proceedings until law enforcement has been notified and has had the opportunity to interview the involved parties, unless law enforcement determines that an immediate school response is necessary to protect student safety.
