# Considerations

---

- The unknown...
  - We made adjustments to the YRE calendar this year to align with the traditional calendar.
- Options discussed with USBE and Governor's office.
  - Delayed start (YRE or Traditional) would give more time to prepare and adjust for health precautions and classroom instruction.
- Jordan School District will be the only LEA to offer a year-round calendar.
  - Davis School District moved their last school to a traditional calendar for the 2020-21 year.
- Rumors about enrollment and the traditional calendar.
  - Recesses would remain.
  - Lunch would be similar.

President Dunford presided and conducted. He welcomed those participating in the meeting via electronic connection. Patrons were invited to view the meeting online at the YouTube web address provided in the meeting agenda. The Board of Education met in a study session to discuss the following:

**A. School Dismissal Update**

Superintendent Godfrey reported that the administration is continuing to follow COVID-19 updates as they continue to plan for graduation ceremonies. He noted that Board members either have been or will be contacted by the administration of the high school where they are assigned to speak in order to arrange a time to film them giving their graduation speech. He expressed appreciation to all high school personnel for the hard work they are doing to create alternate graduation plans and to make the experience memorable for the students. Dr. Godfrey said planning and preparations continue in the event the District is able to schedule athletic competitions and musical performances this summer and noted that being able to hold these events will be dependent upon whether the County has moved the risk level from the "orange" to "yellow" (low-risk) designation.

Dr. Godfrey invited Board member questions and comments. Board members asked for clarification about how students will be able to finish Driver's Education classes and obtain a license. They asked about an end date for student assignments, to which Dr. Godfrey stated that May 22 has been designated as the last day for assignments to be given and the remainder of the year used for work on assignments, assessments, or meeting individual needs of students. Board members also asked about plans for providing a safe environment when school opens in the fall and expressed concerns about

receiving inconsistent messages from various State departments. Dr. Godfrey explained that the District receives its direction from the State and County Health Departments and is expected to follow the directives given and to follow UHSAA mandates/guidelines.

President Dunford expressed that the public needs to understand how hard the high schools are working to provide a memorable experience for the graduating seniors and hopes that the public will be pleased with the efforts made on the students behalf. In response to a question about whether the graduation ceremonies will be recorded and made available, Dr. Godfrey noted that every graduating senior who wants a copy of graduation will be able to get one free of charge. President Dunford pointed out for the benefit of the public that in the past the cost to obtain a copy was \$40 and this is one more effort being made to provide students with a memorable graduation experience.

**B. Gift for Class of 2020 Graduates**

President Dunford invited Board members to present ideas about a gift the Board could give to the graduating class of 2020. Following the discussion about gift ideas, it was decided to look into having a commemorative plaque created and hung on a wall at each high school with the names of all graduates of the Class of 2020. The Board also asked to have the administration look into providing a fireworks display on a night each high school is able to get together for a class dinner or other celebration event and to have the plaque ready, if possible, to present at this type of school activity.

Mr. Young said he felt it was important to stress that the plaque would be from the Board and from the community that has funded and supported the education of students, and that the plaque recognizes the uniqueness of the pandemic situation that didn't allow the graduating class of 2020 to participate in many year-end activities which represent the culmination of the K-12 experience.

President Dunford recommended asking Ms. Atwood, chair of the Community Outreach Committee, to accept responsibility for looking into having commemorative plaques created and to research fireworks displays. Ms. Atwood accepted this responsibility and all Board members agreed to the recommendation.

President Dunford said he has been considering ways to pay for the graduating class gift. He stated that there are funds available that would have been used to pay for Board members to attend a national conference that could be used instead for the seven plaques. Mr. Young, chair of the Finance Committee, agreed that this would be a good use of the Board's funds and added that there is additional money available, if needed. All Board members agreed to this recommendation.

**C. Options for Moving ALPS Program from Jordan Ridge Elementary**

Mr. Mike Anderson, associate superintendent, invited Mr. Scott Festin, consultant for Planning and Enrollment, and Ms. Rebecca Smith, consultant for Gifted/Talented program, to present information about moving the ALPS program from Jordan Ridge Elementary School to another elementary school in the District. The purpose for moving the program would be to free up space at Jordan Ridge in the event a boundary change is made that will move students from South Jordan Elementary to Jordan Ridge to make it possible for South Jordan Elementary to move from a year-round calendar to a traditional calendar beginning with the 2021-22 school year.

Mr. Festin reviewed projected ALPS program enrollment for the 2020-21 school year at Jordan Ridge, Riverton, and Westland Elementary Schools. He also reviewed the top five elementary schools that feed each of the three ALPS programs, noting that 39 of the 182 ALPS program participants at Jordan Ridge are Jordan Ridge boundary students. Mr. Festin reviewed possible alternate elementary schools to house the ALPS program which included Copper Canyon, Oakcrest, Antelope Canyon, Jordan Hills, and Westland. He also provided information regarding capacity (with portables), estimated 2020-21 enrollment, available space, and considerations such as whether growth is stable and if portables would be needed.

Ms. Smith discussed the need for communicating with parents and students regarding moving the program and creating a plan for faculty and staff members. She said it would be important to formally announce the relocation of the ALPS program as soon as possible which would include notifying the families of all Jordan Ridge ALPS participants as well as families at the new location. She noted that current ALPS teachers at Jordan Ridge would have the option of moving with the program to the new location and interested teachers at the new location should be considered to fill open ALPS positions. She stressed the importance of clearly communicating with faculty and staff at the new location about the implications of having an ALPS program in their school. She also noted that Gifted and Talented endorsement classes and other training will be provided for new ALPS teachers and other than the cost of training that will be provided by the Teaching and Learning Department, there are not many other significant costs involved in moving the program.

Board members discussed the information provided and discussed feedback received from the Jordan Ridge community. They also discussed that in order to facilitate the move from a year-round to traditional calendar at South Jordan Elementary, 200 seats will need to be available at Jordan Ridge to accommodate a boundary change between the two schools and moving the ALPS program will make this possible.

Ms. Miller stated her preference to have this decision made in a general session Board meeting rather than a study session for the purpose of transparency and to allow public comment. Board members agreed that although it is the Board's intent to consider moving forward with a boundary change which requires the relocation of the ALPS program, it is important to provide an opportunity for public input before making a decision.

President Dunford asked to have this matter included as a special business item on the May 26 general session Board meeting agenda to provide an opportunity for public input prior to the formal vote to move the ALPS program out of Jordan Ridge in conjunction with a boundary change that will allow South Jordan Elementary to move to a traditional calendar in the 2021-22 school year. He noted that the May 26 meeting will be held electronically; therefore, written comments will need to be sent in advance and will be read during the public comment portion of the agenda item.

#### **D. Discussion on Options for South Jordan and Blackridge Elementary Schools**

President Dunford stated that in the event the two year-round elementary schools, South Jordan and Blackridge, are unable to begin the 2020-21 school year on July 27 due to the COVID-19 pandemic, it would be prudent to have a discussion about options so that preparations can be made. He invited Mr. Anderson, associate superintendent, to lead the discussion.

Mr. Anderson stated that the presentation involves two aspects. The first is to address the request made by the South Jordan Elementary PTA to make a change to the 2020-21 calendar to move fall recess from Friday, October 16 to Friday, October 23 so students have one day off that aligns with the traditional calendar. The second is to provide options for educating students should the school dismissal still be in effect on July 27, 2020. Mr. Anderson invited Mr. Caleb Olsen, consultant for Planning and Enrollment, to present information to the Board.

Mr. Olsen reviewed three options discussed by the Calendar Committee for addressing the South Jordan Elementary PTA request and the implications of each. A Board discussion regarding the three options was not held at this time due to the fact that if year-round students are not allowed to return to school on July 27, the year-round calendar may need to be adjusted to meet the educational needs of students.

Mr. Olsen presented five options for educating year-round students in the event the District's two year-round schools are not allowed to reopen by the July 27 start date. A synopsis of the options is as follows:

##### **Option 1: August Start**

- All tracks change start date to align with Traditional Calendar.
- Lost days (A: 15; B: 15; C: 17) move to off-track windows as blended learning/remote days, scheduled when possible as full weeks.
- A Track retains a one-day week due to the shift in Fall Recess.
- D Track has no blended learning days.

**Option 2: August start with single A Track day**

- Mostly identical to Option 1.
- A Track has an additional single blended learning day in March due to Fall Recess shift.

**Option 3: August Start with D Track Blended Learning**

- Mostly identical to Option 2.
- A Track keeps additional single blended learning day in March due to Fall Recess shift.
- D Track swaps 10 instructional days in April for blended learning days.

**Option 4: Condensed Year-round Calendar**

- All tracks change calendar to align with Traditional Calendar start, end, and recess dates.
- All off-track periods are replaced with blended learning sessions.
- D Track begins the year four days earlier to allow for a start with face-to-face instruction.

**Option 5: Traditional Bridge**

- Allows both Blackridge and South Jordan Elementary to transition to a traditional calendar for the 2020-21 school year while the Board finalizes long-term plans for the schools. This option adds four additional portables to Blackridge Elementary. For South Jordan Elementary, this option requires the removal of two SCSC classes, repurposing two labs to classrooms, and adding four additional portables.

Enrollment and capacity numbers were provided for Blackridge and South Jordan as well as comparisons with Bastian, Silver Crest, and Foothills (traditional calendar schools).

Board members reviewed the five options and determined that options 1, 2, 4, and 5 were the options they felt were the most viable. They also discussed the desire to survey Blackridge and South Jordan patrons to obtain input prior to making a decision. President Dunford asked the administration to proceed with a survey and present the survey results to the Board during the May 26 study session so a timely decision can be made.

President Dunford reiterated that the options presented are a back-up plan should the school closure continue beyond the July 27 year-round start date. He also reiterated that the Board's intent is for both schools to transition to a traditional calendar for the 2021-22 school year.

**E. Professional Development Board Book Study**

Ms. Jen Atwood led a discussion on part four of the book "Heart! Fully Forming Your Professional Life as a Teacher and Leader" by Timothy D. Kanold. She invited Board members to share insights and comments about the information contained in Part Four. Ms. Atwood asked Board members to read Part Five, the final chapter in the book, in preparation for the discussion at the study session in June.

President Dunford led a discussion about who should take the lead in choosing a new book since all Board members have now had an opportunity. Following the discussion, Board members invited Dr. Godfrey to choose a book and to be prepared to introduce it at the June 9 study session.

**F. Review of Board Policy Ends 402 Empowering Employees**

President Dunford invited Board members to discuss Ends 402 and make recommendations for changes. Following the discussion and recommendations for changes, he stated that the Executive Committee would update the policy based on the Board's recommendations and bring it back for review.

**G. Licensed Employee Advisory Committee (LEAC) Report**

President Dunford reported that as discussed at the April 14 study session, he reached out to all of the members of the Licensed Employee Advisory Committee and received answers to the following questions: 1) How are they doing?; 2) Is there anything they want the Board to know about?; and 3) When and how should LEAC meetings continue based on the current COVID-19 situation?

President Dunford indicated that the responses received were placed on BoardDocs for Board members to review. He suggested that it would be good to have Board members personally respond to the LEAC members. Dr. Godfrey volunteered to prepare a Google document with the respondent's names and areas of the District they represent and to send it to Board members so they can respond to the LEAC members in each of their areas.

Board members also expressed that based on the honest answers received, they felt a level of trust between the teachers and the Board had developed.

**H. Board Reports and Comments**

**1. Community Outreach Board Advisory Committee**

Ms. Atwood, Committee chair, reported that summer parades have been cancelled by the cities of South Jordan, West Jordan, and Bluffdale. Riverton City officials postponed their parade until the fall and Herriman City officials said they would have a decision about their parade in a week.

Ms. Atwood reported that the Committee has been discussing which day of the week to hold Parent University meetings and asked for Board input about holding them on Thursday evenings. Board members did not offer any opposition to holding meetings on Thursdays. Ms. Atwood reviewed ideas for topics for the coming year which included mental health (presented by McKinley Withers), elementary literacy, standards-based grading, arena scheduling, and blended learning.

**2. Facilities Board Advisory Committee**

Ms. Miller, Committee chair, reported that one positive aspect of the school dismissal is that work has begun earlier than planned on summer construction projects which will be beneficial for the Bingham High phase two construction as well as projects at Jordan Ridge and Oquirrh Hills. She noted that school lawns are looking better than ever as a result of the school closure but she would prefer to see kids using the fields. She noted that the West Jordan Middle School landscaping is being completed and the parking lot work will begin in a few weeks and she looks forward to the time when the Board can tour the school and hold the dedication. She noted that construction work on Antelope Canyon Elementary and Hidden Valley Middle School is on schedule and the schools will be ready for the August opening.

**3. District Finance and Audit Board Advisory Committee**

Mr. Young, Committee chair, stated that the Committee will be meeting in the coming week and he had nothing new to discuss at this time.

**4. Government Relations Board Advisory Committee**

Ms. Richards, Committee chair, reported that Committee members are following the work of the legislature during the special session and noted that for anyone interested, the meeting of the

Appropriations Committee will take place tomorrow at 10:15 a.m. and will be available online. Ms. Richards reported that she provided Board members with the results of the UHSAA meeting held last week and until the State has moved from “orange” to “yellow” (COVID-19 safety designation), sports activities will continue to be on hold. She said she would report more after she attends her UHSAA meetings next week.

5. **Innovations in Education Board Advisory Committee**

Mr. Robinson, Committee chair, said he has been happy with the positive effects of online learning and had no new Committee information to report.

6. **Other Committee Reports**

Ms. Voorhies reported that the Jordan Education Foundation is continuing to visit the homes of teachers who have been chosen to receive a Teacher of the Year Award. She said during this current school closure time when teachers are under a heavy load trying to continue educating students online, that being able to recognize them and say “thank you” has been an exhilarating experience.

7. **Superintendent’s Report**

Superintendent Godfrey said he wanted to echo what the Board said about teachers taking their jobs seriously and working hard on behalf of students. He said this is his first year as superintendent and for teachers this is their first year of learning to teach students online. He said the teachers are doing an awesome job and are working hard and being innovative in their efforts to meet the needs of students and their fellow teachers.

At 7:50 p.m., the meeting adjourned.

**MOTION:** At 7:50 p.m., it was moved by Janice Voorhies and seconded by Jen Atwood to go into closed session. The motion passed with a unanimous vote.

President Dunford presided and conducted. He welcomed those participating in the meeting via electronic connection. Patrons were invited to view the meeting online at the YouTube web address provided in the meeting agenda. The Board of Education met in a study session to discuss the following:

**A. Graduation 2020 Plans**

Mr. Brad Sorensen, administrator of schools, reported that discussions were held with high school principals to seek input about how to conduct graduation ceremonies this year due to the school closure. The principals expressed that they were most concerned with providing a graduation experience with which students and parents would be happy. Mr. Sorensen stated that over 3,200 surveys were completed by parents/guardians, graduating seniors, school personnel, and other community members. He noted that many suggestions were received regarding how to conduct ceremonies and ways to honor students.

As a result of the patron input and dependent upon approvals received from the Salt Lake County Health Department, Mr. Sorensen proposed a combination of three graduation activities: 1) A virtual graduation on the currently scheduled date that will provide students proper recognition for their accomplishments; 2) An organized and approved "stay-in-your-car" parade to celebrate the students. Students would follow a specified route, ending at the school. Well-wishers lining the parade route would need to

maintain the six feet social distancing requirements; and 3) At a later date when large gatherings are deemed safe, each school may host a celebration event, such as a senior dinner or other activity, and a yearbook signing activity to which students in other grades would also be invited to participate.

Mr. Sorensen reported that several companies have created virtual graduation events and these were reviewed by principals. He noted that during the bid approval portion of the general session, a recommendation will be made for the company that would best meet the needs of the District. He stated that the programs can be designed to include pre-recorded speeches, choir numbers, etc.

Mr. Sorensen invited Board member questions and discussion. In response to concerns about how to insure students maintain social distancing requirements, Mr. Sorensen stated that having the students in cars would seem to provide the safest approach and with the help of parents, the students should be able to be kept from congregating. Board members asked about the handing out of diplomas and expressed that they would like to participate in this process. They also expressed a desire to provide some sort of gift to the graduating class such as pins, a plaque, or fireworks. Following the discussion, President Dunford invited Board members to state whether they are in favor of the proposed three-phase plan for graduation events, to which all members expressed their support. He then instructed Superintendent Godfrey and Mr. Sorensen to move forward with graduation plans, as proposed.

**B. Update on Potential for Summer Tournaments and Performances**

Superintendent Godfrey reported that at the request of the Board and in the event social distancing restrictions are relaxed, a plan has been developed for senior students to participate in activities such as spring sports competitions with other Jordan District high schools, musical performances, etc. He stated that the proposal is to have each high school administration oversee and sponsor one of the spring sports over a two to three-week period, culminating in the awarding of a "Superintendent's Cup." He also stated that during this same time frame, musical performances and other activities could be scheduled for family members to enjoy. Dr. Godfrey reviewed some of the challenges in regard to carrying out this plan such as coaches/teachers that may no longer be employed in Jordan District or reside locally, students that may not be available to participate, student participation in other summer competition club teams, providing a 10-day conditioning period for athletes to reduce risk of injury, and, because the sports competitions would not be UHSAA-sanctioned, the District would need to purchase insurance and hire officials.

President Dunford invited Board questions and comments. Ms. Richards, a member of the UHSAA Board, noted that a meeting of the UHSAA Board has been scheduled for the purpose of discussing sports and she will report on the outcome following the meeting. In response to a question about timing, Dr. Godfrey stated that in the event these activities can take place, he anticipates having everything in place so they are ready to move forward.

**C. Fourth Quarter Grading and Other Dismissal Guidelines**

Ms. Miller stated that many parents have been asking questions about try-outs for musical groups, fall sports, etc. and asked for direction from Superintendent Godfrey. Superintendent Godfrey stated that in his phone call with the Salt Lake County Health Department, he received guidelines from them about how to conduct tryouts for fall sports, musical groups, student government elections, etc., and directions on cleaning the spaces required for the tryouts. He indicated that the District will be moving forward with these activities and that principals have been notified.

Board members discussed concerns about the start of the 2020-21 school year and support for students regarding achievement. Superintendent Godfrey stated that teachers have done a wonderful job and teachers and administrators will work to be prepared to help students reach achievement goals, and to be prepared for the possibility of the pandemic causing continued school closure. He noted that one of the next steps is to help teachers deepen and improve their online teaching skills and to provide them with ongoing support.

Board members also discussed communication with parents regarding graduation and possible summer sports competitions and musical performances. Superintendent Godfrey stated that a message to parents and students will be sent in the next few days regarding graduation and the message can include information about the potential sports competitions and musical performances so parents and students are aware of the Board's interest in providing students with these experiences.

**D. TSSA Plan Approval Process**

Mr. Michael Anderson, associate superintendent, reviewed the TSSA Plan approval process used this year and proposed using the same process for the coming year. He invited Board members to provide input about whether to change the process or use the same framework. Board members expressed support for maintaining consistency by continuing with the same framework.

**E. Exit Strategy for Year-Round Elementary Schools**

President Dunford invited Mr. Young, chair of the Finance Committee, and Ms. Miller, chair of the Facilities Committee, to present the information requested at the March 31 study session regarding two of the six options for transitioning South Jordan Elementary School from a year-round calendar to traditional. The two options were 1) to construct an additional 12 classrooms at South Jordan Elementary, and 2) build a new elementary on the Burgon property.

Mr. Matt Young reported that the Finance Committee met and reviewed available capital funds. He provided Board members with an updated version of the three-tiered chart for Capital fund availability and noted that currently, the available funds in the Capital budget is just under \$25 million.

Ms. Tracy Miller stated that her personal recommendation is to build on the Burgon property which she said is popular with the community and which would alleviate growth at South Jordan Elementary. She noted that the Burgon parcel is small and the school would accommodate only 500-600 students. She also reviewed the option to construct an additional 12 classrooms at South Jordan Elementary. She said this option would likely require expanding the parking lot and expressed concern about strains on the common areas of the school caused by the increase in the student population. Board members discussed the costs associated with these two options and also discussed the option to do a boundary change to move students from South Jordan to Jordan Ridge which would include moving the ALPS and pre-school programs from Jordan Ridge to Jordan Hills Elementary. Ms. Miller stated that if this option is given serious consideration she would like to receive detailed information about the cost to move the ALPS and pre-school programs and how the move would affect teachers, etc.

Board members discussed the options and expressed support for considering a boundary change rather than the construction options. President Dunford asked Superintendent Godfrey provide information at the next study session regarding moving the ALPS and pre-school programs from Jordan Ridge to Jordan Hills.

**F. Discussion on Potential Changes to the Year-Round Calendar for 2020-21**

Ms. Tracy Miller reported that she received a request from the South Jordan Elementary PTA to make a change to the 2020-21 calendar and move fall recess from Friday, October 16 to Friday, October 23. She noted that the reasoning provided was to give year-round students one day off with the traditional calendar students. She reviewed the pros and cons of making this change and invited Board input.

Following discussion by the Board, President Dunford asked each Board member to state whether they are willing to address the request to change an approved calendar. After the vote of four to three in favor of considering the calendar change, President Dunford invited discussion about how to solicit input from the year-round school communities.

Mr. Hamblin, director of Student Services, suggested having the Calendar Committee review the requested change to see if it meets the proper criteria, and then bring a recommendation to the Board.

President Dunford asked to have the recommendation available for discussion at the study session in two weeks.

Ms. Miller asked to have a Board discussion about options should the school dismissal remain in effect in July when the year-round schools, South Jordan and Blackridge, begin the 2020-21 school year. Following the discussion, President Dunford asked Superintendent Godfrey to explore this scenario and prepare recommendations for the Board at the next study session.

At 6:18 p.m., the meeting adjourned. The general session started at 6:31 p.m.

**A. BUDGET HEARING: Recommendation to Approve Amended Budget for the 2019-20 Fiscal Year**

Mr. Young, chair of the District Finance and Audit Board Advisory Committee, reported on significant changes to the amended 2019-20 budget. He noted that Student Support Services and Instructional Staff budgets increased by a combined \$8.3 million. This increase is a result of new hires and other items associated with the receipt of grants and professional development. He expressed concern over the hiring of new employees as a result of grants and the effect to the employee and District at the end of the term of the grant. He stated that he would like a better understanding of what the District might be expected to continue to fund once a grant ends and said he had asked for, but not yet received, additional information. Mr. Young made the following motion:

**MOTION:** It was moved by Matt Young and seconded by Jen Atwood to not approve the amended budget for the 2019-20 fiscal year.

Mr. John Larsen explained that the information Mr. Young sought was prepared within a few days of his request but it was his understanding that he was to present it during the budget hearing. He explained that the increases to which Mr. Young referred were mostly due to grants and that in the amended budget the entire grant amount is reflected; however, the funds may or may not be spent in that year, resulting in the increased budget amounts. He also noted that the total number of new FTEs as a result of grants is eight and these FTE increases are reflected in the budget amendment.

Based on the information provided by Mr. Larsen, Mr. Young withdrew his motion.

He also thanked them for their help in sending out communications in a timely way, particularly because of the importance of doing so at this time when many rely on videos, emails, and social media posts to communicate important information. Dr. Godfrey expressed appreciation to the Jordan Education Foundation for the recognition they have given to 19 District teachers who were honored as Teachers of the Year and to Kathe Riding as the Principal of the Year. He said these educators have a wide variety of backgrounds and are helping students in ways they never have before. Dr. Godfrey said the Foundation has been very creative in their blended approach to

honoring these individuals and have announced and presented the awards using car visits and electronic Zoom meetings. He expressed appreciation for being able to be part of the process to honor these individuals.

V. **Discussion Items**

A. **Committee Reports and Comments by Board Members**

1. **Community Outreach Board Advisory Committee**

Ms. Atwood, Committee chair, said the Committee is continuing to prepare city parade applications and thanked Ms. Ashley Covington for her help with this process.

President Dunford noted that Governor Herbert announced the cancellation of July 24 festivities and Mr. Robinson stated that he believes Herriman City has cancelled its summer parade.

2. **Facilities Board Advisory Committee**

Ms. Miller, Committee chair, reported that last week the Committee met to begin discussing and drafting the 2021 summer projects list. She said they also met with a couple of architects that offered ideas for Oquirrh Hills and Joel P. Jensen Middle Schools and she looks forward to sharing the ideas with the Board. Ms. Miller asked Board members if they could support using the same process as last year for summer project approval which included reviewing a draft of the entire list the first part of June and then spending time analyzing and prioritizing the list. She said in August, the Committee will be prepared with cost estimates and the Finance Committee will provide the budget allocation. Board members agreed to using this same process to develop the final list of 2021 summer projects. Ms. Miller added that she would like to schedule a tour of some of the facilities included in the project list when the Board meets for its summer retreat in July.

3. **District Finance and Audit Board Advisory Committee**

Mr. Young, Committee chair, said the Finance Committee has been discussing employee compensation as it relates to three categories which are schedule pay, benefits, and incentive pay (compensation that doesn't fall within either of the other two categories). He said the District offers a competitive package when looking at all three areas of compensation and noted that the Committee is interested in developing a report that will allow the Board and District personnel to understand the resources being allocated in each of the categories and a way to drill those reports down to an individual employee by employee basis. Mr. Young noted that creating this type of report would require utilizing Accounting Department staff time and resources over the next few months and asked Board members if they would be interested in having this type of report available or if they saw no value in the information, then efforts would be discontinued.

Board members discussed the proposal and agreed they would like the Finance Committee to continue its work as described by Mr. Young.

4. **Government Relations Board Advisory Committee**

Ms. Richards, Committee chair, reported that the legislature is currently meeting in a special session and noted that Joint House Resolution 301 applies to Jordan District and funding. She quoted from the resolution, "... exercise fiscal responsibility with the remainder of their 2020 budgets and to plan to continue to limit spending in the next fiscal year ..."

She said the Committee will be following the special legislative session with regard to funding and will report more as information becomes available.

**5. Innovations in Education Board Advisory Committee**

Mr. Robinson, Committee chair, said the Committee will be presenting an item related to RSL Academy during the study session following this meeting. He also said he visited the Academy and they have an amazing cafeteria that offers the same Salt City wings and chicken tenders sold at RSL games and the food is fantastic. He said the cafeteria is open for curb-side service and recommended it to anyone who might want to eat there.

**6. Other Committee Reports**

Ms. Voorhies reported that on Monday through Thursday of this week the Jordan Education Foundation Board has been presenting Outstanding Teacher Awards and one Outstanding Principal Award. She said that this morning they visited the home of a teacher who had a five-day old baby and as they arrived with honking horns and cheers to honor her as an outstanding teacher, she burst into tears which was very sweet.

Ms. Voorhies reported that the Utah School Boards Association held a meeting on Friday and ratified the vote of the Superintendents Association and USBA to hire Dr. Lexi Cunningham as a new lobbyist. She said USBA will be watching to see what happens during the current special legislative session.

At 7:34 p.m., President Dunford declared the general session meeting adjourned and announced that the Board would return to study session.

**K. Real Salt Lake Academy Mortgage**

Mr. Darrell Robinson reported that the questions raised during the discussion two weeks ago regarding the Real Salt Lake Academy decision to purchase the facility have been resolved. He stated that a legal opinion has been received that Jordan District, as charter authorizer, would have no financial obligation should a default on the loan occur. He also noted that Mr. Van Komen, Board attorney, let him know that he also sees no reason the District would be legally obligated.

Mr. Robinson asked Board members if they had any counsel for RSL Academy as the sponsoring District and if they felt their concerns had been addressed. Board members expressed that the Academy's purchase of the facility appears to be a good move for the Academy that the concerns they expressed were resolved.

At 9:25 p.m., the meeting adjourned.

Dear Jordan District School Board,

As the President of the Utah School Counselor Association and a school counselor at Copper Mountain Middle School, I just want to thank you for supporting your school counselors this school year! It's been a very unique school year and thank you for your support as we navigate this new world. I also wanted to say thank you for the grant program you made available this school year. I know many of us were able to utilize these grants to enhance our programs which go straight to helping our students. It is an honor to work in Jordan! Jordan has some of the best school counselors and they continue to do so much good work for students. They continually go out of their way to reach out to students and parents during this time and have used social media in a variety of creative ways to help keep our school communities together! School counselors could not do this great work, without your support and we thank you!

The Board recognizes that unique situations create circumstances where teachers will need to be hired and qualified for positions using Local Educational Agency (LEA)-specific licenses. The Board delegates to the Administration the responsibility for implementing policy for LEA-specific licenses in accordance with Utah State Board of Education (USBE) Rule [R277-301](#).

- d. Complete the educator ethics review described in [Rule R277-500](#) within one calendar year prior to the application.

2. Jordan LEA Endorsement Eligibility

---

SUBJECT: LEA-SPECIFIC EDUCATOR LICENSE REQUIREMENTS

---

  3. A Jordan LEA-specific license area or endorsement is valid for up to three years. After three years, renewal of the license is subject to the approval or denial of the Utah State Board of Education.
  4. A Jordan LEA-specific license expires immediately if the educator's employment with Jordan School District ends and the educator is not rehired by the District as an educator in the next contract year.
  5. The District is not authorized to provide an LEA-specific educator license in the areas of:
    - a. Special Education
    - b. Preschool Special Education

  2. The District shall provide at least a three-year mentoring program by a trained mentor educator who:
    - a. Holds a professional educator license; and
    - b. Where possible, performs substantially the same duties as the educator with release time to work as a mentor; or
    - c. Is assigned as an instructional coach or equivalent position.

    - e. All employees, to include mentors, must promptly report educator misconduct in violation of policy [DP378 Employee Code of Conduct](#).
  3. The Applicant and the District will jointly develop an Associate Licensing Plan to:
    - a. Encourage transition from a Jordan LEA License to a Professional License.
    - b. Identify applicable educational, skill, and/or content knowledge requirements for enrollment in a qualified educator preparation program.
    - c. Identify paths and opportunities to prepare for successful passage of a pedagogical performance assessment.
