Board of Trustees
Friendswood Independent School District
Friendswood, Texas 77546

Dear Trustees,

I am pleased to submit the Friendswood Independent School District's budget for the upcoming fiscal year beginning September 1, 2026 and ending August 31, 2027.

The Texas Education Code establishes the legal basis for budget development and adoption in Texas public school districts. Budgets for the General Fund, Debt Service Fund, and Food Service Fund must be prepared and approved at the fund and function levels to comply with the State's legal level of control mandates. The District budget must be approved by the Board of Trustees no later than August 31st each fiscal year.

Through the hard work, dedication and collaboration of board members, district administrators and staff, the attached budgets for the General Fund, Debt Service Fund, and Food Service Fund have been prepared based upon the school finance provisions adopted by the 89th Legislature, Regular and Special Sessions.

We appreciate the support of the Board, the community, and the staff who all work together to ensure the best education for our students. It is because of this that FISD is an award-winning District with a reputation for academic excellence.

Respectfully submitted,

Thad Roher
Superintendent

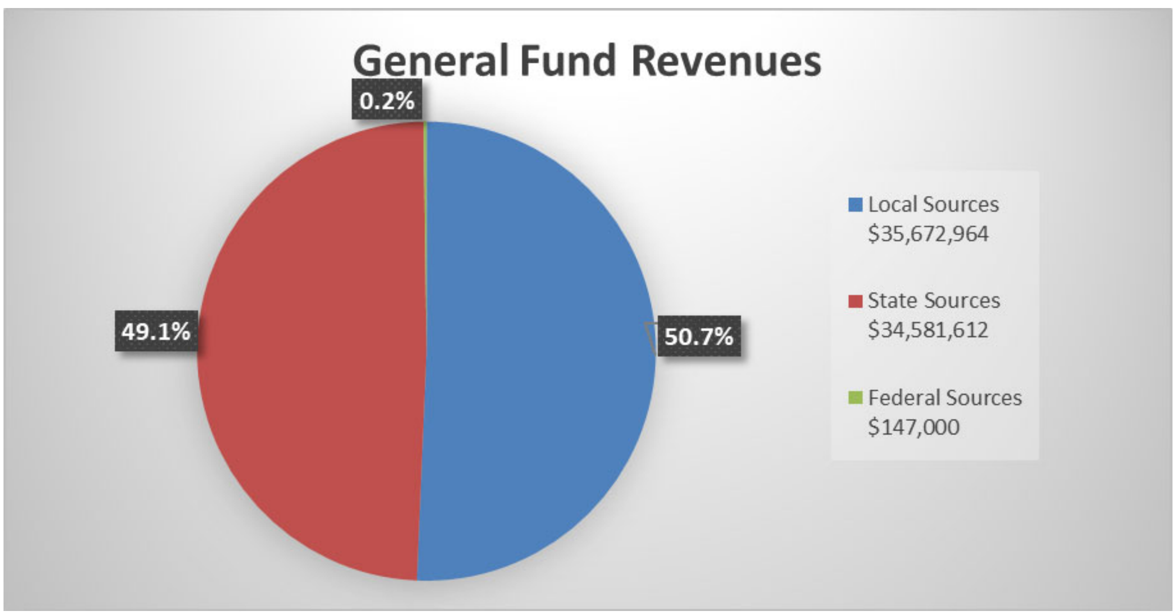
Executive Summary – General Fund

The General Operating Fund is a classification of school district dollars that includes revenues from local maintenance taxes, earnings from investments, participation and registration fees, co-curricular/athletic sales, and state revenues. Expenses from this fund include payroll of faculty and staff of the district, expenses directly related to student education, maintenance and operation of facilities, transportation of students, and other district operating expenses.

The 2026-27 budget was based on a projected enrollment of 5980 which is a decrease of 2.65% or 163 students less than the 2025-26 projected enrollment. The expected average daily attendance (ADA) is 5775.

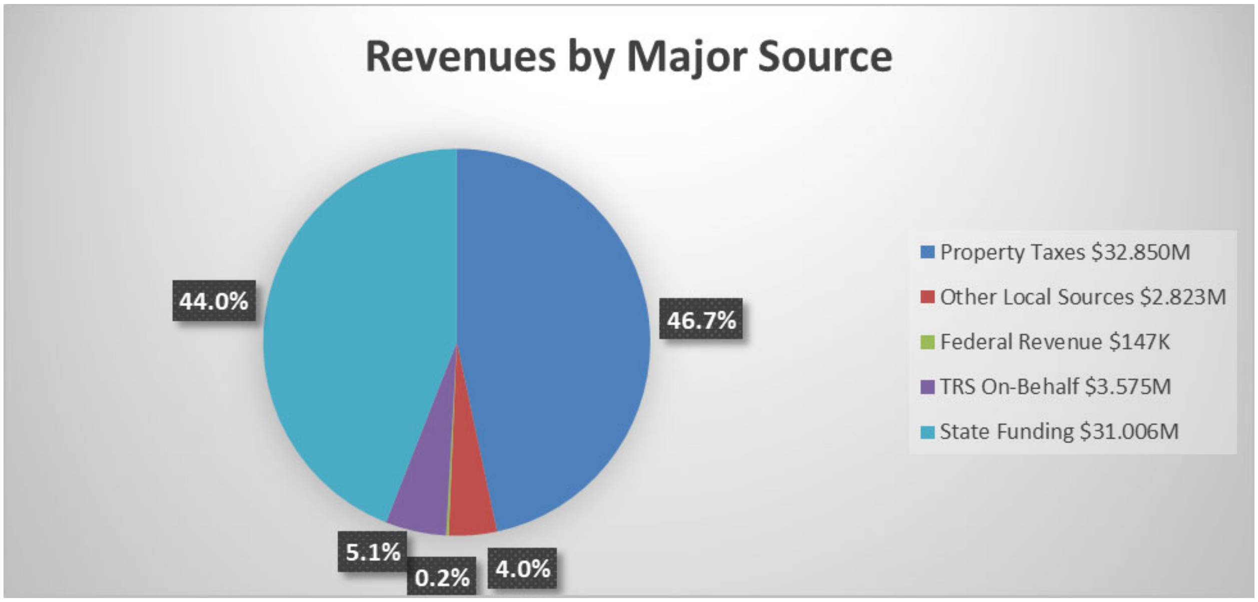
General Fund Revenues

There are four sources of revenue for Friendswood ISD's General Operating Fund (General Fund): local, state, federal, and other resources. The majority of local sources is from local tax collections. The general fund revenue budget for 2026-2027 is $70,401,576.



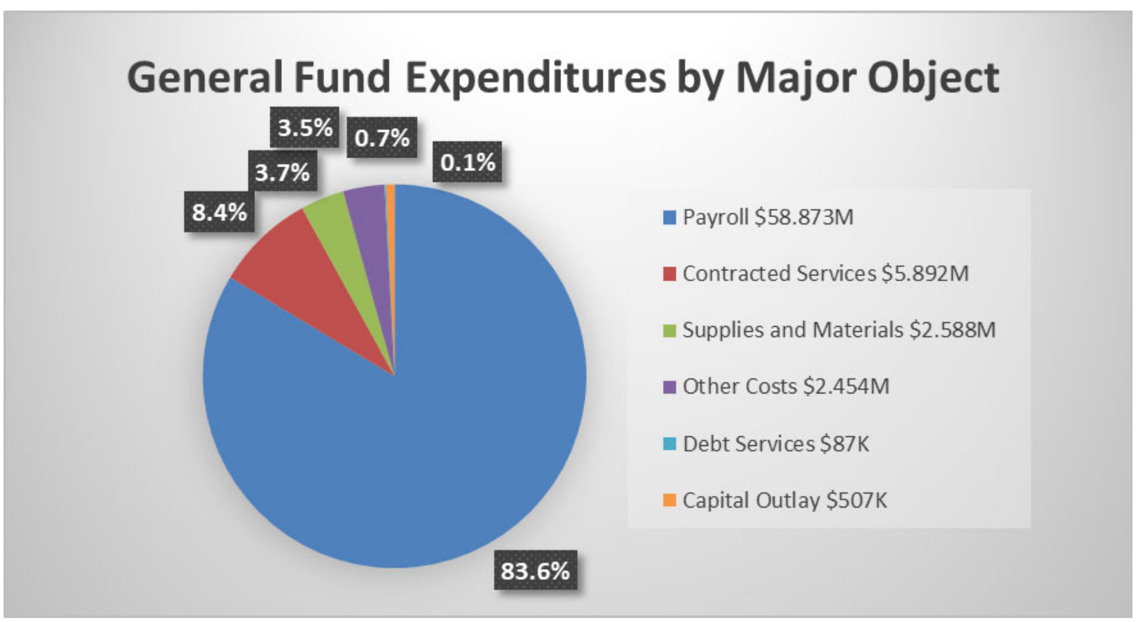
Highlights from this year's revenue budget:

- Tax collections are estimated at $32.85M which represent an increase of $1.5M over last year due to increase in property values.
- State revenues are estimated to increase by $1.6M due to legislative funding changes related to homestead exemptions and deferrals.
- In the 2025-26 revenue budget, 48.0% of the revenues were from state sources and 50.6% were from local sources as compared to 49.1% and 50.7%, respectively, for 2026-27.
- The chart at the top of the next page shows the revenues by major source.



General Fund Expenditures

The general fund expenditure budget for the 2026-2027 school year is $70,401,576. The state requires school districts to follow the Financial Accountability System Resource Guide when classifying these expenditures. The five major object categories are: payroll costs, professional and contracted services, supplies and materials, other operating costs, and capital outlay.



PAYROLL COSTS

Payroll costs account for 83.6 percent of total general operating expenditures in Friendswood ISD. This major classification consists of the gross salaries or wages and benefit costs for employee services. This includes pay for teachers, other professional personnel, support personnel, substitutes, and employee benefits contributed by the district. The Board of Trustees approved the following:

- Increase in starting pay for custodial, transportation, and mechanic paraprofessional matrices
- 2% increase in pay for all other staff
- Conditional one-time salary supplement for employees whose position salary was previously based on the teacher salary schedule (banded salaries) or those employees whose salaries are grandfathered above the salary bands during the 2024-2025 school year
- Additional district paid contribution of $50 per month per employee for those who elect TRS ActiveCare insurance
- One annual wellness leave day for full-time employees
- Additional special education stipends
- Adjustments for athletic and elementary/intermediate coaching stipends

PROFESSIONAL AND CONTRACTED SERVICES

This major account classification is used to record expenditures for services rendered to the school district by firms, individuals and other organizations. 8.4 percent of the total district total operating expenses are spent on professional or contracted services. Of this category, the single largest expenditure is for utilities to operate the district campuses and buildings; it totals 36.0 percent. The staff of FISD has made huge strides to reduce these costs and become more efficient energy users. Other expenditures in this category are audit fees, legal fees, contracted services for students with special needs, and miscellaneous professional services.

SUPPLIES AND MATERIALS

3.7 percent of the general operating budget is dedicated to equipping our students and employees with the supplies needed to be successful. These expenses include supplies and materials for maintenance and operations, textbooks and other reading materials, testing materials, and general supplies. Also included in this category, accounting for 9.7 percent of the expenditures, are the fuel costs needed to transport students to and from school each day.

OTHER OPERATING COSTS

Employee training, employee and student travel, insurance and bonding costs, election costs, and other miscellaneous operating costs make up the other operating costs major account classification. This group of expenditures accounts for 3.5 percent of the total FISD operating budget. The single largest expenditure in this account is for property and casualty insurance, accounting for over 64.7 percent of the total of other operating costs.

DEBT SERVICES

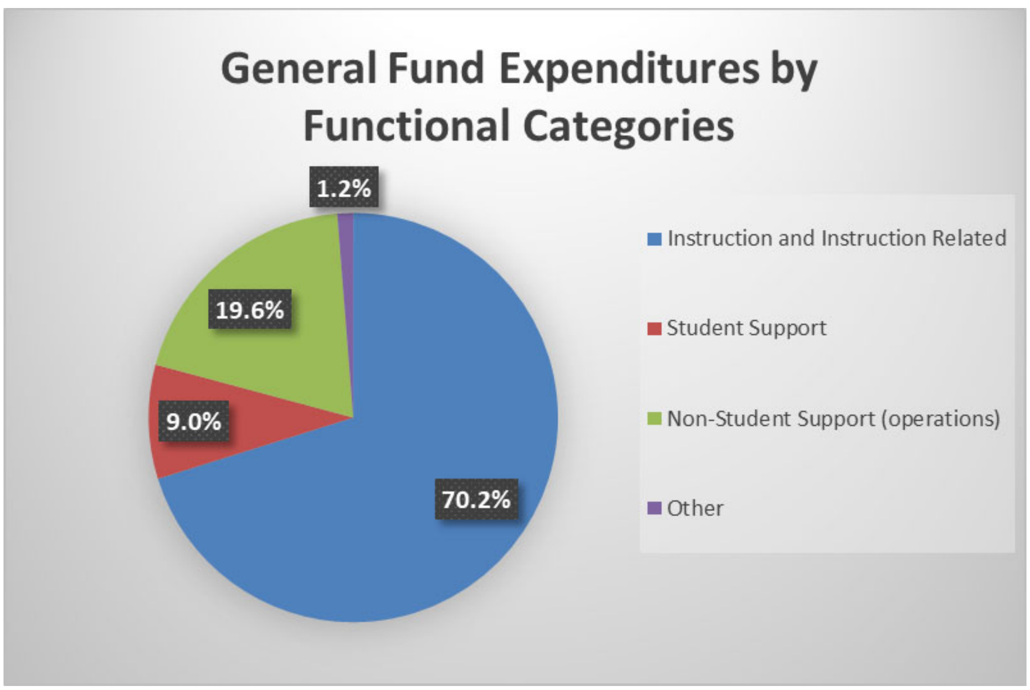
GASB 87 went into effect for the 2021-22 fiscal year. The 2026-27 budget reflects the lease payments as debt service payments which equals 0.12 percent of the general operating budget. The district currently has copier leases.

CAPITAL OUTLAY

This major account code classification is used for capital assets. Capital assets are typically defined as items having a per-unit cost of 5,000 dollars or more and a useful life of more than one year. Land purchases and improvements, building purchases and improvements, vehicles, and large furniture and equipment items are all considered to be capital outlay expenditures. $507,000 is budgeted for priority capital improvement projects needed in the next fiscal year.

EXPENDITURES BY FUNCTION

School districts are required to budget expenditures by function and the budget must be approved by at least the fund and function level. FISD's expenditure budget by major functional categories is represented below:



SUMMARY OF EXPENDITURES

Although there are many expenses associated with operating a school district, it is clear that payroll expenses make up the majority of obligations for Friendswood ISD. Analysis is done on an annual basis to ensure the staffing ratios are adequate and to adjust positions in the district due to changes in student needs or enrollment. Furthermore, an emphasis on keeping our teachers' salaries competitive with area school districts has been and will continue to be an area of focus.

FISD has been recognized as one of the top five most efficient school districts in the state of Texas. The continued dedication by all employees to spend taxpayer dollars in the most efficient and effective way is just one way FISD is leading to achieve excellence.

Fund Balance

It is essential that governments maintain adequate levels of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates. Fund balance levels are a crucial consideration, too, in long-term financial planning. The GFOA recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures.

FISD's total general fund balance was $17,544,879 of which $13.5M was unassigned at August 31, 2025. A $1.09M surplus is projected at the end of fiscal year 2026. With this operating surplus, the district projects to end the 2025-2026 fiscal year with a reserve of approximately $18.6M. The District's expenditures are expected to average $5.87M per month in 2026-2027, which equates to a 97-day reserve. The District is anticipating a balanced budget for fiscal year ending August 31, 2027.

Property Taxes

Residents of the Friendswood ISD school district are responsible for paying property taxes annually. The amount taxed to community members is made up of two figures: Maintenance and Operations Taxes (M&O) and Interest and Sinking Taxes (I&S).

2026-2027 Proposed FISD Tax Rate

M&O Rate	$0.7818
I&S Rate	$0.2431
Total FISD Tax Rate	$1.0249

The only portion of tax dollars collected that can be used to fund the general operation of the school district is the M&O taxed amount. The I&S tax (also called Debt Service) is reserved for the repayment of bond funds that are approved by voters – similar to a mortgage payment – and cannot be included in the General Fund. As part of Legislative mandates, the M&O rate has been compressed by $0.0051 for 2026-2027. The proposed I&S rate did not change. The overall proposed tax rate will decrease $0.0051 from the prior year.

Executive Summary – Debt Service Fund

The Debt Service Fund is used to account for resources set aside to pay interest and principal on general long-term debt. The general long-term debt of a state or local government is secured by the general credit and revenue-raising powers of the government rather than by the assets acquired or specific fund resources.

The debt service fund's revenue budget is $14,246,570 for 2026-2027. This represents an increase of $2,903,878 over last year's adopted revenue budget. See the section on Property Taxes for more information. The expenditure budget which is used to make bond payments is $14,448,254. The debt service fund balance at the August 31, 2026 fiscal year-end is projected to be approximately $4.98M, and is expected to be $4.59M at the end of August 2027.

Executive Summary – Food Service Fund

The Food Service Fund is a Special Revenue Fund and is used to account for all food service operations at the elementary and intermediate campuses. FISD contracts with Aramark to manage the food service operations for the District. The revenue budget for 2026-2027 is $947,010 which is a decrease of $96,620 compared to last year. The expenditure budget decreased by $234K and is $1,060,346. The expenditure budget accounts for a meal rate increase impacted by the consumer price index. The food service fund is anticipating a deficit for 2026-2027 of approximately $113K which will decrease the fund balance. The food service fund balance was $1.04M at August 31, 2025.
