Fire doors closing completely around the building was an issue. We had 3 of our 14 zones report that fire doors did release, but did not completely shut. We got all students out of the building using the designated routes in about 3 mins and 20 seconds, which is about 20 seconds slower than when we used the alternate evac routes on the south side of the school in the spring of 2026. Going to dig into some data about the number of classes trying to exit as well because it felt like the stack had less classes active at the time than the spring.

Our staff's bilingual capabilities continue to grow, with 8.86% of our workforce able to serve our increasingly diverse student population in multiple languages.

Recruitment Efforts

The need for recruitment events has changed. Because our teacher applicant pool is larger, we did not see a need to continue our teacher career fair. We held a Drive the Bus Event in July, which helped recruit a few bus drivers.

- Climate and Culture Surveys
- Employee Services Listening Sessions
- Grow Your Own Program
- Employee Referral Program
- Employee Health and Wellness Clinic
- Employee Wellness (fitness rooms, yoga, fitness and wellness classes)
- Pet and Identity Theft Insurance

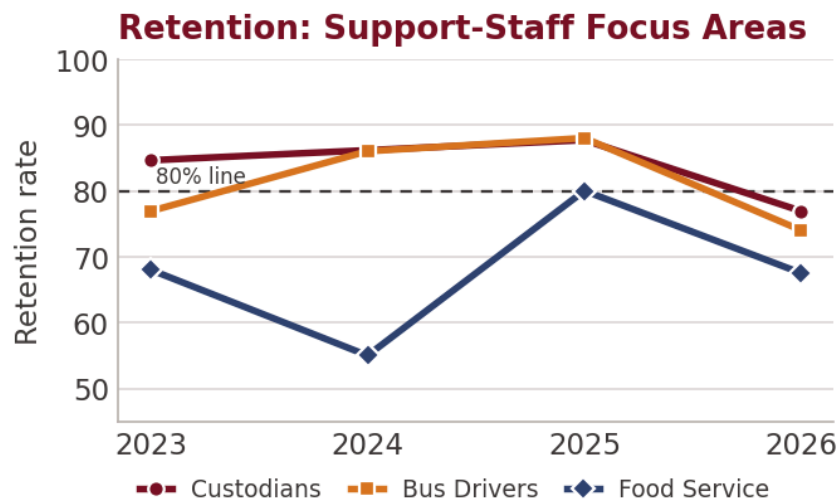

Why Are Staff Leaving?

District exit survey data indicates that departing staff members leave for various reasons, including retirement, relocation, personal circumstances, career advancement, and higher education. For both certified and support staff, personal reasons are the primary factor in departure.

Retention Challenges

While we celebrate our certified staff retention success, we acknowledge that support staff turnover remains a challenge. We see lower retention among custodians, bus drivers, and food service staff. The District will continue to explore retention strategies for these positions.

We also track retention with retirees removed to distinguish retirement-related departures from other turnover. As a result, retention excluding retirements is about two to three points higher each year; in 2025-26 it was 89.0%, compared with 86.5% for all staff.

All three focus-area groups fell below the 80% line in 2026

Where Are New Staff Coming From?

Our newest staff members are joining us from area districts, including River Valley, Madison, Marinette, McFarland, Mt. Horeb, Hartford Union, Milwaukee, Germantown, Jefferson, Lodi, Stoughton, Baraboo, Onalaska, Franklin, Sun Prairie, Fort Atkinson, DeForest, Verona, Whitewater, and from as far away as Iowa, Nebraska, Michigan, Missouri, Washington, and China.

Vacancies & Where Are We Posting?

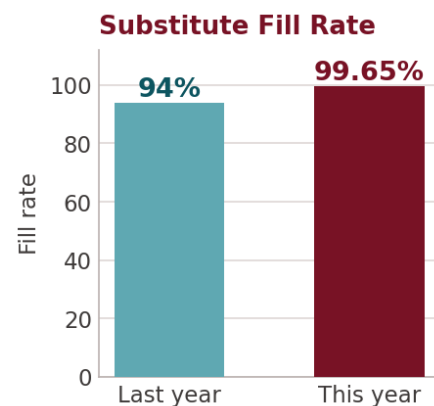

As of September 30th, we have **15 support staff and 3.8 certified staff vacancies** posted. Last year at this time, we had **12 support staff and 7 certified staff** vacancies.

We post our vacancies on the following websites, job boards, and organizations:

Posting Channels, Job Boards & Partner Organizations	
Indeed and LinkedIn	Wisconsin Education Career Access Network (WECAN)
Wisconsin School Leadership Center (WSLC)	Black Men Coalition
UW Handshake	Minority Student Achievement Network (MSAN)
Educational Leadership & Policy Analysis at UW (ELPA)	Urban League of Greater Madison
School Newsletters and District Magazine	Facebook

Substitutes

As of September 21st, our substitute fill rate averages 99.65%, up from 94% at this time last year, and we continue to have 7.47 FTE of permanent substitutes in our schools.

Student Teachers

This fall, we have 55 practicum and student teachers placed in our schools. Of the new educators hired this year, 8 were former student teachers in our schools.

Summary

Overall, the District enters 2026-27 with a large, experienced, and increasingly diverse workforce. Our overall retention rate continues to be above 85%. Certified staff retention remains strong at 91.7%, staff of color has grown to 16.0% district-wide, and substitute fill rates have climbed to nearly 100%. The area of focus is strengthening retention among support staff, particularly custodians, bus drivers, and food service, where retention remains below the district average and open positions have grown.
