Congratulations! We are proud to announce that Calallen ISD has 2010 NCEA Higher Performing Schools (*formerly known as Just for the Kids Higher Performing Schools*). We identify Higher Performing Schools based on one of two measures: consistent improvement in student achievement from previous years at the school (growth) and/or absolute student achievement at the school using their Commended Performance results on the spring 2010 TAKS (Texas Assessment of Knowledge and Skills) test.

We are truly grateful for the dedication of you and your team in serving students. The presence of your district's schools on the 2010 NCEA Higher Performing Schools List not only demonstrates their belief that all students are capable of graduating prepared for college and careers, but also their commitment to making it happen

Enclosed we have provided you with a copy of each certificate we are presenting to Calallen ISD's Higher Performing Schools as well materials to help you spread the word in the community about your district's success. You can also find an online press kit at www.nc4ea.org/txdistpress. To see the complete 2010 NCEA Higher Performing Schools List in Texas, please visit www.nc4ea.org/HPschoolstx. Our website also offers College and Career Readiness Charts, school-level performance against our research-based College and Career Readiness Targets, for every public school in Texas.

Once again, thank you for your ongoing efforts to better serve students. If you have any questions or would like further information, please don't hesitate to contact us at 512.320.1800 or by e-mail at emercado@nc4ea.org.

Sincerely,

Angela Hall Watkins

The 2010 NCEA Higher Performing Schools List Highlights Texas Schools that Are Beating the Odds in Student Achievement

The National Center for Educational Achievement's annual list released this week recognizes schools that are having more success than their peers at preparing students for college and careers.

(Austin, TX–January 27, 2011) The National Center for Educational Achievement (NCEA), a department of ACT, released the 2010 NCEA Higher Performing Schools List for Texas on its public website www.nc4ea.org this week. The list identifies NCEA Higher Performing Schools—those elementary, middle, and high schools that have consistently outperformed their peers that serve similar student populations—and recognizes their achievement in bringing more students to college and career readiness than expected.

The 2010 NCEA Higher Performing Schools List sends a strong message to schools and districts across the nation—that all students can achieve at high standards and school improvement is possible no matter the zip code. Several schools with high poverty levels, defined as those with at least a 50% low-income population are included on the list. MacArthur Ninth Grade School in Aldine Independent School District in Houston, Texas is one such school and has consistently made the list in one or more state-tested subject areas for the last three years (2008, 2009 and 2010).

“Making the list, especially in all subjects, is a great achievement for these schools. With education reforms focused on higher standards and rigorous accountability measures such as the coming of the STAAR (State of Texas Assessments of Academic Readiness), these higher performing schools show us that all students can, and will, get there,” says Efrain Mercado, Director of Outreach at NCEA. “Our Texas educators are doing great work, but if we want every student to graduate with the skills to be successful beyond high school, there’s still more work to do. The schools on this list show us that Texas is making college and career readiness a priority.” Notably, for the spring 2010 TAKS (Texas Assessment of Knowledge and Skills) testing, fewer than 1%, or 77 of the state’s public schools, were higher performing in all grades and tested subjects.

Schools on the list are identified by one of two measures: academic growth of students at the school and/or absolute achievement of students at the school using the TAKS’ Commended Performance level. The measures exemplify not only those schools that are able to improve their student performance from previous years but also those schools that push their students beyond the Met Standard (passing) level—a level that is typically too low to accurately measure student preparedness for postsecondary learning. These rigorous methods identified approximately 10% of all eligible schools in the areas of reading, mathematics, and science combined. When writing and social studies are included, the percentage of higher performing schools increased to approximately 12%.

BACKGROUND INFORMATION

See attached information

ITEM ADDRESSED

We have a student requesting to graduate early. Graduation will depend on their compliance with CISD regulations regarding early graduation and necessary credits being accomplished.

RECOMMENDED ACTION

The administration recommends the Board approve CHS Early Graduation request.

Dear, Mrs. Neth and School Board

I have decided that I should graduate early so that I have an extra year to get money together for college. It is my understanding that if I graduate early I get a scholarship, which could be a great help for my further education.

I have figured out exactly how I'm going to graduate in three years with still having all 26 credits on the recommended plan. When I finish this year I will have 16 credits, and can only get 7 more during school hours next year, but I have talked with my father and he has decided to let me take my other four mandatory classes online thru Texas Tech. I've looked up the pricing of all these classes and I know the total cost of them is around 1,000 dollars. My dad would like to pay for two of the classes as soon as possible with his income tax, so that I can start on them right away. I have decided to purchase and complete English and Pre-Cal during the summer, and maybe even begin them before this school year is complete so that I can guarantee completion way ahead of time. If I complete those two classes during the summer all I have left to complete is my half credit of economics and half credit of government. I know if I complete the two more challenging classes first, government and economics should be a breeze.

I still want to start working on my career in the year 2013, but I would like the year of 2012 empty so I can get a full time job or two part time jobs. 2012 would be a full dedicated year for making money for my further education. I know schooling is expensive and it would be hard on my family to send two kids to school back to back. My brother is only a year younger and would graduate the year after me, so I thought it would be helpful to my family to graduate two years before him, and help with my schooling expenses through the extra year I will gain by graduating in the three year plan.

I hope you can see where I am coming from in the letter and know that what I want to do is not only beneficial to my family, but to be because I will be gaining a lot of responsibility skills during the year I'm working for my schooling money. I know I cannot get all the money I will need for school in just a year but it will be a large help to my family.

**Sincerely,
Cassidy Meadors**

BOARD OF EDUCATION
CALALLEN INDEPENDENT SCHOOL DISTRICT
CORPUS CHRISTI, TEXAS

Date : March 7, 2011

Subject: Consider approval to submit TEA Waiver for making-up bad weather days

New Business

Action

BACKGROUND INFORMATION

According to TEA policy, if one or more days were missed due to bad weather after the scheduled make-up day(s) has (have) already passed and were not used for make-up days, then the days missed (up to two) must be made up. Even if the day(s) set aside for make-up has (have) passed, they must be made up.

Calallen ISD proposes to TEA to amend its calendar to waive the bad weather day scheduled for May 30, 2011 in favor of adding 30 additional minutes of teaching time per day from February 28 – April 7 (24 days) so the 2 inclement weather make-up days can be completed!

ITEM ADDRESSED

Consider approval to submit TEA Waiver for making-up bad weather days

RECOMMENDED ACTION

The Administration recommends the Board approve the submittal of the TEA waiver for making-up bad weather days.

TEA Policy Regarding MAKE-UP DAYS for 2010-11

Scenario:	TEA Policy:
Missed more than two (2) instructional days for weather/heath/safety reasons.	Two (2) make-up days are required to be used. Approval to excuse additional days must be requested.*
District forced to close only SOME campuses for one or more days because of a weather-related occurrence or a health/safety issue.	Days missed do not have to be made up. Not necessary to request that a day missed at a campus be made up.
Missed one or more days do to bad weather after scheduled make-up day(s) has (have) already passed and were not used for make-up days.	Day(s) missed (up to two) must be made up, even if the day(s) set aside for make-up has(have) passed.
Below average attendance on a make-up day.	Day(s) <u>will not</u> be excused. TEA does not grant attendance excuses for low attendance on a make-up day.
Closed campus all day for UIL academic district competition.	Day(s) does (do) not need to be made up.
District wants to have an early release day on their make-up day(s).	An early release on a make-up day <u>will not</u> be allowed. All other requests will be forwarded to the TEA Waivers Office (512/463-9630).

*APPLICATION FOR MISSED INSTRUCTIONAL DAYS 2010-2011 SCHOOL YEAR form is available on the State Waivers Unit website at http://www.tea.state.tx.us/index2.aspx?id=6637&menu_id=932&menu_id2=788.

Foreign Exchange Student Waiver, pursuant to TEC §25.001(e). This expedited waiver allows the district to limit the number of foreign exchange students to a number that is not less than five per high school. An application to limit the number to less than five per high school must be submitted as a general waiver. The number requested by the district for an expedited waiver is ___ (state number of students) per high school. The waiver is subject to the provisions in the attached guidelines and FAQ

<http://www.tea.state.tx.us/waivers/ForeignExchangeGuidelines.doc> <http://www.tea.state.tx.us/waivers/ForeignExchangeFAQ.doc>

The waiver will be issued if it is determined that admission of more than this number indicated will (check all that apply):

- (1) create a financial or staffing hardship for the district;
- (2) diminish the district's ability to provide high quality educational services for the district's domestic students; or
- (3) require domestic students to compete with foreign exchange students for educational resources.

CORPUS CHRISTI, TEXAS

Date : March 7, 2011

Subject: Consider approval of application to TEA for Optional Flexible School Day
Program for 2011-2012

New Business

Action

BACKGROUND INFORMATION

Dr. Danaher held a public hearing as required to present this item to the community.

ITEM ADDRESSED

Consider approval of application to TEA for Optional Flexible School Day
Program for 2011-2012.

RECOMMENDED ACTION

The Administration recommends the Board approve the application to TEA for
Optional Flexible School Day Program for 2011-2012.

Texas Education Agency

APPLICATION

Optional Flexible School Day Program (OFSDP)

2011-2012 School Year

ELIGIBLE APPLICANTS: The Texas Education Agency (TEA) will make available to eligible school districts and open-enrollment charter schools an application form that must be completed and submitted to the TEA for approval.

Definition of Program Provisions

Eligible Students

A student is eligible to participate in an optional flexible school day program (OFSDP) authorized under the Texas Education Code (TEC) §29.0822, if:

1. the student meets one of the following conditions:
 - the student is at risk of dropping out of school, as defined by the TEC, §29.081; or
 - the student is attending a school implementing an approved innovative campus plan; or
 - the student is attending a school with an approved early college high school program designation; or
 - the student, as a result of attendance requirements under the TEC, §25.092, will be denied credit for one or more classes in which the student has been enrolled;

and

2. the student, if less than 18 years of age and not emancipated by marriage or court order, and the student's parent, or person standing in parental relation to the student, agree in writing to the student's participation.

Assessment

The student must take the appropriate Texas Assessment of Knowledge and Skills (TAKS) tests specified under the TEC, §39.023, during the regularly scheduled assessment calendar.

Participation in University Interscholastic League (UIL)

A student enrolled in an OFSDP under the TEC, §29.0822, may participate in a competition or other activity sanctioned or conducted under the authority of the University Interscholastic League (UIL) only if he or she meets all UIL eligibility criteria.

Attendance Credit

A student attending an OFSDP under the TEC, §29.0822, may be counted in attendance for purposes of funding under the TEC, Chapters 41, 42, and 46, only for the actual number of contact hours the student receives, not to exceed 1,080 hours per 12-month period.

Public Hearings

The board of trustees of a school district or governing board of an open-enrollment charter school must hold a public hearing concerning the proposed application for an OFSDP before applying to operate an OFSDP under the TEC, §29.0822. In addition, the board of trustees of a school district or governing board of an open-enrollment charter school must hold a public hearing annually to review the performance of the OFSDP (see Appendix Two).

Continuation or Revocation of Program Authorization

Applications are approved for a period of one (1) school year. Continuation of the approval for the OFSDP will be contingent on the demonstrated success of the program. Determination of success will include a review and analysis of data provided in the mandatory final progress report(s). The commissioner of education may revoke authorization for participation in the OFSDP after consideration of relevant factors, including performance of students participating in the program on assessment instruments required under the TEC, Chapter 39; the percentage of students participating in the program who graduate from high school; and other criteria agreed to in the application and adopted by the commissioner of education. A decision to revoke approval of the program by the commissioner of education is final and may not be appealed.

Reporting Requirements

Following approval of the application, the applicant will be required to submit progress reports based on criteria selected by the applicant and agreed to by the commissioner. Reports will require applicants to disclose the overall progress of the students in the program, the number of students enrolled in the program (disaggregated by ethnicity, age, gender, and socioeconomic status), the number of students graduating from high school (disaggregated by ethnicity, age, gender, and socioeconomic status), and additional criteria selected by the applicant and agreed to by the commissioner. The TEA will provide notice to applicants and additional instructions for completion of reports at least 45 days before the date a report is due, or as soon as possible, in order to give school districts and charter schools adequate time to prepare and submit the reports to the TEA. The TEA may request additional reports as necessary to monitor and assess progress of students participating in the program.

Provisions of Agreement

Article I - Parties to Agreement

This agreement is entered into by and between the Texas Education Agency, an agency of the State of Texas, hereinafter referred to as the "TEA," and

Appendix One Assurances

The definition of terms of the application applies to this Appendix One, Assurances. The school district or open-enrollment charter school hereinafter called "district" does hereby certify and agree to the following conditions of the agreement. PAGE LIMIT: SUBMIT NO ADDITIONAL PAGES FOR APPENDIX ONE. ALL INFORMATION REQUESTED MUST BE INCLUDED WITH THIS FORM.

The district agrees to enroll only eligible students to participate in an OFSDP authorized under this application. A student is eligible to participate in an OFSDP authorized under the TEC, §29.0822, if:

1. the student meets one of the following conditions:
 - the student is at risk of dropping out of school, as defined by the TEC, §29.081; or
 - the student is attending a school implementing an approved innovative campus plan; or
 - the student is attending a school with an approved early college high school program designation; or
 - the student, as a result of attendance requirements under the TEC, §25.092, will be denied credit for one or more classes in which the student has been enrolled;

and

2. the student, if less than 18 years of age and not emancipated by marriage or court order, and the student's parent, or person standing in parental relation to the student, agree in writing to the student's participation.

The district agrees:

1. to administer mandatory assessment instruments during the regular assessment cycle to students enrolled in OFSDPs;
2. All instructional materials and facilities must be comparable to or exceed the required standards for students in similar programs;
3. that the students participating in an OFSDP will not be isolated from other academic and vocational programs of the school district and that all students will have access to school counselors for pre- and post-entry counseling, academic or personal counseling, and career counseling;
4. to provide knowledgeable, highly qualified instructors and staff for the program;
5. to adopt a policy that does not penalize students participating in an OFSDP in accordance with the 90% rule (TEC, §25.092[a]) or the 75% to 90% rule for class credit (TEC, §25.092[a-1]);
6. to adopt a policy to require students to attend regularly scheduled instruction for the OFSDP with penalties for nonattendance including filing truancy charges, if appropriate;
7. to comply with all reporting requirements established by the TEA;
8. not to discriminate based on disability, race, color, national origin, religion, or sex; and
9. to prohibit a student participating in an OFSDP from participating in a competition or other activity sanctioned or conducted under the authority of the UIL unless the student meets all UIL eligibility requirements.

AGREED and accepted on behalf of the school district or open-enrollment charter school by a person authorized to bind the district.

Subject: Consider approval to extend bank depository contract

New Business

Action

BACKGROUND INFORMATION

State law requires districts to go through a formal RFP (Request for Proposal) process for bank depository contracts at least every six years. The district issued a request for proposals for bank contracts in 2009. We selected Frost Bank. We managed a smooth transition from our former bank and have been happy with the service and rate structure provided by Frost. The law allows us to extend our original contract by mutual agreement for two additional two-year periods. Frost Bank has agreed to continue to honor the original agreement for the next two years.

ITEM ADDRESSED

Consider extension of bank depository contract.

RECOMMENDED ACTION

The Administration recommends the Board extend the bank depository contract with Frost Bank for the two years beginning September 1, 2011.

Subject: Consider approval of contract for Auditor for Annual Financial Statements

New Business

Action

BACKGROUND INFORMATION

The law requires that the district have an independent Certified Public Accountant audit our annual financial statements. We are not required to go through a bidding process for this particular professional service. The district has been using Lowvorn & Kieschnick and we are more than satisfied with their services and their fees. The fees are estimated to be approximately \$18,900 to audit the fiscal year ended August 31, 2011, which is a modest \$550 increase over last year.

ITEM ADDRESSED

Selection of an Auditor for Annual Financial Statements.

RECOMMENDED ACTION

The Administration recommends the Board approve naming Lowvorn & Kieschnick to conduct the audit of our annual financial statements for the fiscal year ended August 31, 2011.

BUDGETARY INFORMATION

The district will budget their fees, approximately \$18,900, to be paid in the 2011-2012 fiscal year.

Board of Trustees
Calallen Independent School District
4205 Wildcat Drive
Corpus Christi, TX 78410-5198

Members of the Board:

We are pleased to confirm our understanding of the services we are to provide Calallen Independent School District for the year ended August 31, 2011. We will audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, which collectively comprise the basic financial statements, of Calallen Independent School District as of and for the year ended August 31, 2011. Accounting standards generally accepted in the United States provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Calallen Independent School District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Calallen Independent School District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis.

Supplementary information other than RSI also accompanies Calallen Independent School District's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and will provide an opinion on it in relation to the financial statements themselves, and other

additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole:

1. Budgetary Comparison Schedules.
2. Schedule of Delinquent Taxes Receivable.
3. Indirect Cost Comparison Schedules.
4. Schedule of Expenditures of Federal Awards.

The following additional information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and for which our auditor's report will not provide an opinion or any assurance.

1. "Fund Balance and Cash Flow Calculation Worksheet – General Fund"
(TEA's Optimum Fund Balance Worksheet)

Audit Objectives

The objective of our audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of supplementary information referred to in the second paragraph when considered in relation to the financial statements taken as a whole. The objective also includes reporting on –

- Internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements; noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

The reports on internal control and compliance will each include a statement that the report is intended solely for the information and use of management, the body or individuals charged with governance, others within the entity, specific legislative or regulatory bodies, federal awarding agencies, and if applicable, pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single

Audit Act Amendments of 1996; and the provisions of OMB Circular A-133, and will include tests of accounting records, a determination of major program(s) in accordance with Circular A-133, and other procedures we consider necessary to enable us to express such opinions and to render the required reports. If our opinions on the financial statements or the Single Audit compliance opinions are other than unqualified, we will fully discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

Management Responsibilities

Management is responsible for the basic financial statements and all accompanying information as well as all representations contained therein. Management is also responsible for identifying government award programs and understanding and complying with the compliance requirements, and for preparation of the schedule of expenditures of federal awards in accordance with the requirements of OMB Circular A-133. As part of the audit, we will assist with preparation of your financial statements, schedule of expenditures of federal awards, and related notes. You are responsible for making all management decisions and performing all management functions relating to the financial statements, schedule of expenditures of federal awards, and related notes and for accepting full responsibility for such decisions. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and the schedule of expenditures of federal awards and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you are required to designate an individual with suitable skill, knowledge, or experience to oversee any nonaudit services we provide and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements. You are also responsible for the selection and application of accounting principles; for the fair presentation in the financial statements of the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Calallen Independent School District and the respective changes in financial position and, where applicable, cash flows in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for ensuring that management and financial information is reliable and

properly recorded. Your responsibilities also include, including identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants. Additionally, as required by OMB Circular A-133, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to present the supplementary information with the audited financial statements.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the

financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because an audit is designed to provide reasonable, but not absolute assurance and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform you of any material errors and any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform you of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will also require certain written representations from you about the financial statements and related matters.

Audit Procedures—Internal Controls

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by OMB Circular A-133, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to OMB Circular A-133.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and OMB Circular A-133.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Calallen Independent School District's compliance with applicable laws and regulations and the provisions of contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

OMB Circular A-133 requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB Circular A-133 *Compliance Supplement* and related addenda for the types of compliance requirements that could have a direct and material effect on each of Calallen Independent School District's major programs. The purpose of these procedures will be to express an opinion on Calallen Independent School District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to OMB Circular A-133.

Audit Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors'

reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audits.

The audit documentation for this engagement is the property of Lovvorn & Kieschnick and constitutes confidential information. However, pursuant to authority given by law or regulation, we may be requested to make certain audit documentation available to the Texas Education Agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Lovvorn & Kieschnick personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release or for any additional period requested by the Texas Education Agency. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audits in October 2011 and to issue our reports no later than the December 2011 board meeting. Frank Lovvorn is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. Our fees for these services will be \$18,900 for 2011. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

Also, if the District requests additional assistance from us in preparing the District's books and records for closeout in order to be ready for the annual audit, we will charge \$95 per hour for these services performed by audit staff and \$125 per hour for partners.

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2010 peer review report accompanies this letter.

We appreciate the opportunity to be of service to Calallen Independent School District and believe this letter accurately summarizes the significant terms of our engagement. BACKGROUND INFORMATION

This year Texas Public Schools Week is scheduled for the week of March 7-11, 2011.

ITEM ADDRESSED

As per attachment.

RECOMMENDED ACTION

The administration recommends Board approve the Texas Public Schools Week Resolution.

TEXAS PUBLIC SCHOOLS WEEK

WHEREAS, today's students in Texas public schools represent our best asset for the future; and

WHEREAS, our local schools are a cornerstone of improvement, economic development and quality of life in our community; and

WHEREAS, we believe a cooperative effort must be made by school staff members, parents and other community members to work together with a genuine commitment to academic excellence for all children; and

WHEREAS, Texas Public Schools Week is designed to focus on the significant accomplishments our state has made in educating all students;

THEREFORE, be it resolved that we, as members of the Board of Trustees, in partnership with our community, remain committed to strengthening our schools and encourage all residents to visit their local schools during this special emphasis scheduled March 7-11, 2011. We also encourage our community to donate their time and talents throughout the year to make our public schools even better.

Subject: Consider approval of Localized Update 89

New Business

Action

BACKGROUND INFORMATION

Localized Updates are prepared and submitted to local school districts by Texas Association of School Boards Policy Service as a result of changes to law and policy by the Texas Legislature.

ITEM ADDRESSED

Update 89 includes a variety of issues, with a key focus on the reorganization of the E Section of the manual, addressing instruction. The reorganization addresses new options available to students to earn credit, such as through distance learning and, more specifically, the Texas Virtual School Network (TxVSN). The new policies created addresses alternative methods for earning credit through credit by examination, correspondence courses, and distance learning. Update 89 also addresses Board member vacancies, appraisal districts, student admissions, academic assessments for students in DAEPs, school health advisory councils (SHAC), and eye and face protection for accident prevention purposes.

RECOMMENDED ACTION

The Administration recommends the Board adoption of Localized Update 89. Please bear in mind that the (LEGAL) policies reflect the ever-changing legal context for governance and management of the District. They should not be adopted but, rather, should inform local decision making. The (LOCAL) policy recommendations will need to be adopted, revised or repealed by the Board.

Vantage Points

A Board Member's Guide to Update 89

Vantage Points is an executive summary, prepared specifically for board members, of the TASB Localized Update. The topic-by-topic outline and the thumbnail descriptions focus attention on key issues to assist local officials in understanding changes found in the policies. The description of policy changes in **Vantage Points** is highly summarized and should not substitute for careful attention to the significantly more detailed, district-specific Explanatory Notes and the policies within the localized update packet.

PLEASE NOTE: This Update 89 **Vantage Points** and the Localized Update 89 packet may not be considered as legal advice and are not intended as a substitute for the advice of a board's own legal counsel.

We welcome your comments or suggestions for improving **Vantage Points**. Please write to us at TASB Policy Service, P.O. Box 400, Austin, TX 78767-0400, e-mail us at policy.service@tasb.org, or call us at 800-580-7529 or 512-467-0222.

A main component of Update 89 is the reorganization of the E section of the policy manual, concerning instruction, with a new policy series addressing alternative methods for earning credit that now contains policies on credit by examination, correspondence courses, and distance learning, including the Texas Virtual School Network (TxVSN). This Update also addresses board member vacancies, appraisal districts, student admissions, academic assessments for students in DAEPs, school health advisory councils (SHAC), and eye and face protection for accident prevention purposes.

Instruction

With the reorganization of the E section of the manual, provisions previously at codes EEJA and EEJB, concerning credit by examination with prior instruction and credit by examination without prior instruction, have been moved to EHDB and EHDC, respectively, as part of a new policy series on alternative methods for earning credit.

Credit by Examination with Prior Instruction

EHDB(LOCAL) POLICY CONSIDERATIONS:

We have moved to this code text from EEJA on credit by examination with prior instruction. A recommended change to the text is the inclusion of a list of the circumstances under which a student who has had prior instruction in a subject may be given an opportunity to demonstrate mastery or earn course credit through an examination. Those circumstances include when the student is enrolling in a district from a nonaccredited school, when the student has failed a subject or course, and when the student has earned a passing grade in a subject or course but has failed to earn credit because of excessive absences.

We recommend deleting provisions regarding the minimum grade a student must score on an exam to earn credit, which is addressed at EHDB(LEGAL), and provisions prohibiting the use of credit by examination to gain eligibility for participation in extracurricular activities, which is governed by UIL rules.

Credit by Examination without Prior Instruction

EHDC(LOCAL) POLICY CONSIDERATIONS:

This code now contains provisions on credit by examination without prior instruction, previously at EEJB, and we are recommending significant revisions to the text.

We have revised and reordered provisions addressing fees and requests for alternative examinations or dates to clarify that, while districts are still prohibited from charging fees for examinations administered on the published or alternative dates, a district can require a parent to pay for an alternative examination purchased from a source approved by the State Board of Education.

The text now references board approval of kindergarten acceleration procedures to comply with the statutory requirement that a district develop board-approved procedures, and we have clarified that these procedures are used to determine whether a child who is five years old at the beginning of the school year may be assigned to first grade.

Rather than specifying that a district will publish test dates in the student handbook, the text now includes a more flexible requirement to publish the test dates in “appropriate District publications or on the District’s Web site.” A provision requiring students to register for examinations by a specific deadline is recommended for deletion, since that information is better suited for administrative regulations.

Distance Learning

Texas Virtual School Network

The Texas Virtual School Network (TxVSN) was established by the 80th Legislature as a supplement to the instructional programs of public school districts, allowing students to take courses from educational providers such as other school districts and colleges in an online environment. For more information about the TxVSN, see the TxVSN Web site at www.txvsn.org.

EHDD(LOCAL) POLICY CONSIDERATIONS:

This policy on college coursework and dual credit has been revised to include information about college-level courses available through the TxVSN. The recommended text states that, in accordance with guidelines published by the TxVSN and the course provider, students may enroll in dual-credit courses through the TxVSN. When a student successfully completes a course, credit will be applied toward graduation requirements.

We recommend for deletion from this policy the list of the types of partnership programs that a district may enter into with a college or university, as this information is at EHDD(LEGAL).

Provisions addressing correspondence courses have been moved from EEJC to EHDE to group the various types of distance learning courses in one location in the manual. At EHDE(LEGAL), we have added existing statutory provisions to provide more detail on the TxVSN. As a result of amendments to the Administrative Code, we have also added online courses and the TxVSN to the list of distance learning technologies at EHDE(LEGAL).

Information regarding a district’s statutory authority to charge fees for enrollment in a TxVSN course has been added to FP(LEGAL).

EHDE(LOCAL) POLICY CONSIDERATIONS:

Like EHDE(LEGAL), this new recommended local policy includes provisions on the TxVSN and, from EEJC, material on other distance learning and correspondence courses. Provisions regarding the TxVSN are addressed separately because of the specific legal requirements and obligations applicable to the TxVSN. The recommended policy text requires a superintendent or designee to establish separate procedures for students to enroll in TxVSN courses and maintains that enrollment in TxVSN courses is not subject to any limitations a district may impose for other distance learning courses.

We have revised the text regarding other types of distance learning to reflect that distance learning may be used to earn credit in a subject or course, not just to receive graduation credit. And for flexibility, we recommend deleting the requirement that the district publish its distance learning procedures in the student handbook, as these could be published online or in other publications.

**Institutions of
Higher
Education**

We have added an existing statutory provision at EHDD(LEGAL) requiring a public institution of higher education to assist a district in developing and implementing the district's college credit program. We have also added information from existing Administrative Code rules regarding instructional partnerships with community college districts, including detailed information about the types of partnerships and required elements of partnership agreements.

**Other
Instructional
Issues**

Changes to the E section policies also include the following:

- At EHAA(LEGAL), we have added existing statutory text requiring the board to determine the specific content of a district's human sexuality instruction.
- We have added existing statutory provisions at EHBC(LEGAL) regarding standards for intensive programs of instruction for students receiving special education services.
- We have added new Administrative Code provisions regarding graduation requirements at EIF(LEGAL), including a requirement that students receiving special education services who are on a modified curriculum be automatically placed in the minimum high school program and a provision allowing a student who took courses under the minimum program prior to the 2009–10 school year to remain in the minimum program. We have also added details regarding physical education substitutions.

- At EHBI(LEGAL), we have added a new Administrative Code provision requiring a school district’s adult education program to include as one of its components collaboration with multiple community partners to expand the services available to adult learners and prevent duplication of services.

Board Issues

Board Member Vacancies

We have extensively reorganized BBC(LEGAL), concerning board member vacancies, to reflect the various types of vacancies that may occur and to replace the term “trustee” with “board member” throughout for consistency within the policy. Existing statutory text was added to clarify that a resigning board member remains subject to nepotism provisions until the vacancy created by his or her resignation is filled. We have also added existing statutory provisions to provide more detail about legal actions used to remove a board member from office and have added more detailed provisions on conducting a special election to fill a vacancy.

Tax Officials

We have revised and reorganized text on selection and duties of chief tax officials at BDAF(LEGAL), simplifying the duties of the assessor and collector to provide a broader overview and adding existing statutory text to clarify when a district can require a new collector’s bond.

Appraisal Districts

We have added existing Tax Code provisions at CCH(LEGAL) concerning a school board’s rights and responsibilities regarding an appraisal district. The school board and other taxing units that participate in the appraisal district have the authority to approve appraisal district proposals to acquire or convey real property and allocation of proceeds from a conveyance of real property, to approve the budget and allocation of operating costs, and to disapprove actions of the appraisal district board of directors. We have also added existing statutory provisions regarding eligibility and appointment to an appraisal review board and a prohibition against school district contracts with an appraisal review board member or certain relatives of a member of an appraisal review board.

Employment

At DC(LEGAL), concerning employment practices, we have repeated from BBC(LEGAL) a provision prohibiting a board member from accepting employment with the district until one year after his or her board membership ends. We have also added an existing statutory provision referencing the civil penalties for violating the new hire reporting requirement.

We have added at DK(LEGAL) a link to the Administrative Code chart listing the certification requirements for various positions.

Superintendent

At policy BJB(LEGAL), we have repeated, in a condensed format, statutory provisions from DC(LEGAL) requiring a district to post an employment vacancy, which includes a vacancy in the superintendent’s position.

We have renamed BJCE to reflect that the code addresses both suspension and termination during a superintendent's contract term and have added to the newly reorganized legally referenced material existing statutory text on the procedures for a hearing when a superintendent is suspended without pay. We have also added extensive Administrative Code details regarding severance payments.

Students

Admissions

FD(LOCAL) POLICY CONSIDERATIONS:

Recommended revisions to this policy on admissions now allow a minor student living apart from his or her parent, guardian, or other person having lawful control to present an authorization agreement that meets the Family Code requirements as an alternative to a power of attorney when enrolling in a district. The authorization agreement designates responsibility for a student in all school-related matters to an adult resident of the district. A minor living apart must provide either a power of attorney or an authorization agreement, but the superintendent continues to have authority to grant exceptions to this requirement based on the individual student's circumstances.

We also recommend changes to clarify that a parent, rather than a student, must provide evidence upon enrollment of the student's prior schooling outside the district. Similarly, a parent must present a signed request stating the reason for a student's withdrawal.

Finally, we recommend revisions to clarify that a district will validate courses taken by a student at a nonaccredited school before the district grants credit.

Discipline

Since provisions prohibiting seclusion apply to all students, we have repeated text on that subject at FO(LEGAL), which covers general provisions on student discipline. Provisions prohibiting seclusion were already included at FOF(LEGAL), which specifically concerns the discipline of students with disabilities.

DAEP

At FOCA(LEGAL), we have added new Administrative Code provisions regarding which academic assessments may be administered to a student in a DAEP, factors to determine the appropriate grade-level assessment, and reporting requirements to the student's locally assigned campus. The new provisions require a district to develop procedures for administering the assessments that must be given when a student is placed in and departs from a DAEP. Appropriate provisions will be included in the 2011 *Model Student Code of Conduct*, to be issued in the summer.

Physical Fitness Assessments

At BDF(LEGAL), we have added an existing statutory provision requiring a district to notify parents that they can request their child's physical fitness assessment results at the end of the school year.

**School Health
Advisory Council**

At BDF(LEGAL), we have added existing statutory provisions requiring a school health advisory council (SHAC) to meet at least four times per year and have rearranged text within the policy to group together all provisions specific to the SHAC. At EHAA(LEGAL), we have added existing statutory text addressing the SHAC’s duties regarding policy recommendations concerning daily recess for elementary school students.

Safety Program

At Update 89, we are adding to all districts’ localized policy manuals CKB(LEGAL), previously included only in the *TASB Policy Reference Manual*, addressing eye and face protection for accident prevention purposes. The policy references the Texas Department of State Health Services (TDSHS) recommended guidelines on protective eye and face equipment in schools and includes Administrative Code provisions listing when the guidelines are applicable.

CKB(LOCAL) POLICY CONSIDERATIONS:

To match the scope of CKB(LEGAL), we recommend expanding this local policy to address face protection in addition to eye protection and to add a reference to visitors in the schools.

We have also added a reference to the relevant TDSHS guidelines and have replaced the list of circumstances when eye and face protection must be worn with a cross-reference to CKB(LEGAL), where the list may now be found.

Miscellaneous

Other policy changes at Update 89 include the following:

- At AC(LEGAL), we have added existing statutory provisions regarding minor boundary adjustments made by agreement between two contiguous districts and the requirement that a district notify the appraisal office of any boundary changes.
- At CL(LEGAL), we have added existing Administrative Code language to specify that a district must provide a buyer of district property any certificate of mold remediation issued during the five years preceding the date the district sells the property.
- At CPC(LEGAL), we have added a link to the records retention schedules published by the State Library and Archives Commission.

**More
Information**

For further information on these policy changes, refer to the policy-by-policy Explanatory Notes—customized for each district’s policies—and the policies themselves, found in your localized update packet.

Closed Session Statement

The Superintendent requests that the Board of Trustees convene in closed meeting as authorized by the provisions of the Open Meetings Act, Chapter 551 of the Texas Government Code. This executive session is in accordance with Section 551.074: For the purpose of considering the appointment, employment, evaluation, reassignment, duties, discipline or dismissal of a public officer or employee or to hear complaints or charges against a public officer or employee; and Section 551.071 and 551.0821, consultation with a school attorney regarding possible Agreement for Private School Services for students A.T. & E.T.
