GLOSSARY OF EDUCATIONAL TERMS AND ACRONYMS

The following terms are used by the School District not only in policy and administrative guidelines, but in communications with parents, students, and the public.

ASSESSMENT

The comparison that is made between what should have been accomplished and what has been actually accomplished. With student learning, it is a comparison between what has been learned and what should have been learned.

ATTITUDE

One of the five major types of learning contained in courses of study, along with facts, concepts, principles, and skills. Students develop (or change) a mind-set towards acting in a particular way. Examples are a mind-set or attitude toward "doing quality work," "maintaining a clean environment," "participating in civic affairs," "not using drugs," etc.

CONCEPT

One of the five major types of learning involved in a course of study, along with attitudes, facts, principles, and skills. Students form an abstract idea of a class or type by understanding the characteristics that are true of any instance. For example, a triangle is the name for the concept of any plane, closed, geometric figure that has three sides which form three internal angles.

CONTENT

The name that is used to refer to all of the facts, concepts, principles, attitudes, and skills that students are to learn in any course of study.

COURSE OF STUDY

An organized sequence of activities designed for students to acquire a body of knowledge, attitudes, and skills associated with a particular academic or vocational field. The learning activities may be scheduled over a period of a semester, a school year, or several school years. Examples are a K-6 math program, 11th grade American History, and Junior High School Science.

CRITERION (CRITERIA)

A feature or characteristic by which something or someone is to be measured or judged. For example, in judging a student's writing ability, criteria that might be used are "legibility," "spelling," "clarity of expression," "grammar," etc.

CURRICULUM

All the planned activities, formal and informal, individual and group, in and outside of the classroom, necessary to accomplish the educational goals of the District. (See Policy 2210).

DIAGNOSIS

A determination of the causes for a particular condition, usually based on an assessment or evaluation. It deals with the question "What are the reasons for?". In education, it could deal with the reasons students are or are not accomplishing what they are expected to be accomplishing as a result of instruction.

EVALUATION

A value judgment that is made about an assessment. For example, if assessment shows that a student has satisfactorily achieved 90% of the objectives of a course, the evaluation (judgment) could be that the student's achievement is judged to be "excellent" or "better-than-average," "superior," and the like.

FACT

One of the five major types of learning involved in a course of study, along with attitudes, concepts, principles, and skills. Students acquire knowledge of verified, specific information about an event, procedure, place, person, or object.

GOAL

An intention or expectation, usually stated, which requires several tasks to produce the desired result. Most goals involve the accomplishment of two or more related objectives.

IDEA

The Federal law which defines how states and local school systems will provide education for disabled children. Usually referred to as special education or "special ed." Enforced by the Department of Education (DOE).

IEP

The acronym for Individualized Education Plan. Such a plan is required for every student who is classified as eligible for special education by Federal and State criteria.

INSTRUCTION

The information, questions, and/or directions provided to students by teachers, books, computers, etc., in order that they may acquire some type of learning.

LEADERSHIP

A process of working with people where certain knowledge and skills, and attitudes, combined with risk-taking, are used to 1.) envision a desired or needed outcome; 2.) communicate to others so they participate willingly in the necessary tasks; 3.) monitor progress toward the outcome; 4.) reinforce and/or remediate actions; 5.) evaluate the results.

MANAGEMENT

The process of organizing and maintaining needed resources (people, things, time, and money) and ensuring they are utilized appropriately for their intended purpose.

MEASUREMENT

A determination of the quantity and/or quality of something. In education, it is usually a determination (often by testing) of how much has been learned or how well it has been learned. It is the necessary first step for an assessment and evaluation.

MISSION

The stated purpose or intent of a school or school system. The reason it exists.

MODEL

In education, the term usually refers to a program or project designed to demonstrate unique activities, structures, and/or organizations.

NORMS

In education, the term is primarily related to testing and refers to a set of achievement levels attained by a given number or percentage of students from representative populations or areas of a state or the nation.

OBJECTIVE

An intended action or result, often a step in the process of achieving a goal. For students, a learning objective is usually the first level of accomplishment which, when sequenced and correlated with other objectives, allows for the achievement of Course of Study objectives, which, if achieved and correlated with the accomplishment of other Courses of Study objectives, lead to the accomplishment of one (1) or more of the District's Educational Goals for Students.

OUTCOME

The situation that exists when one (1) or more goals have been achieved. In plans, outcomes are usually stated in terms of expected accomplishment; goals are usually stated in terms of intended actions. Both emanate from the Mission Statement.

PILOT

The try-out of a new or innovative program or activity before making a major, long-term commitment.

PLACEMENT

The assignment, for reasons other than educational achievement, of a student to another group, grade, program, or course.

PLAN

The thought-out sequence of actions designed to accomplish an objective or goal. Usually describes needed resources, appropriate actions and timelines, contingencies, and procedures for monitoring progress.

PRINCIPLE

One of the five major learnings involved in a course of study, along with attitudes, concepts, facts, and skills. Students acquire knowledge of cause-effect relationships in the natural and social sciences, mathematics, and other subject areas.

PROGRAM

A series of related, planned activities which are designed to accomplish one or more stated purposes.

PROMOTION

The advancement of a student from one level of learning to a higher level of learning usually by assignment to a higher group, grade, program, or course.

RELIABILITY

In education, the term relates primarily to testing and refers to how consistently test items or a test as a whole measures the same learning among different students.

RETENTION

The decision to have a student remain at his/her current level for an additional semester or school year, because the student lacks knowledge or skills needed for further learning and/or exhibits emotional or social immaturity.

SCOPE

A curriculum term which refers to both the length of a particular course of study and to the amount and types of learnings that will be dealt with from beginning to end.

SECTION 504

The section of the Rehabilitation Act of 1973 that includes requirements for employment and education of disabled persons. Enforced by the Office of Civil Rights (OCR).

SEQUENCE

A curriculum term correlated to SCOPE which describes the order in which learnings will be developed and should cumulate throughout a course of study.

SKILL

One of the five major types of learning involved in a course of study, along with attitudes, facts, concepts, and principles. Students have learned a skill when they can take certain actions and produce a particular result at a given standard of quality. This type of learning is acquired through repeated practice interspersed with clear, concise feedback on what to change and what to maintain in order to improve the result.

STANDARDIZED TEST

A test in which the items have been designed by educators outside of the district rather than by the students' teachers and has state or national norms by which to judge the level of each student's achievement.

STANINE

A term used in reporting test results that refers to one of nine levels of performance on the test.

TEST

A method, consisting of questions or activity directions, designed to determine what students have acquired in the way of attitudes, facts, concepts, principles, and/or skills. It may also be used to determine how much or how well they can apply what they have learned.

UNDERSTANDING

A level of knowledge beyond memorization or rote which makes it possible for a student to explain what s/he has learned and/or to apply the knowledge in new and unfamiliar situations.

VALIDITY

In education, the term relates primarily to testing and refers to how well test items or a test as a whole actually measures what is intended to be measured or needs to be measured. (See RELIABILITY).

POWERS AND PHILOSOPHY

0121 **Authority**

The supervision of this District shall be conducted by the Board of Education, hereinafter sometimes referred to as the "Board", which is constituted and is governed by the laws of the State of Wisconsin.

Chapters 118 and 120, Wis. Stats.

0122 **Board Powers**

The power of this Board of Education extends to those matters expressly or implicitly granted by constitution, statute, local charter or ordinance, or other law, including the power to do all things reasonable to promote the cause of education.

120.13, Wis. Stats.

The Board shall also authorize the development and promulgation of rules and guidelines by the District Administrator for the proper operation and management of the District, including the conduct of students while in school or enroute on school buses.

0123 **Philosophy of the Board**

A Board of Education is a legal entity for providing a system of public education within a geographic area of the State of Wisconsin. The system was created by, and is governed by, State statutes. Members of a Board are chosen by citizens to represent them and the State in the governance of the local schools.

bylaw

**BOARD OF EDUCATION

BYLAWS
0120/page 2 of 2

The Board has the dual responsibility for implementing statutory requirements pertaining to public education and for meeting the desires of residents. While the Board has an obligation to determine and assess citizen desires, it is understood that when the voters elect delegates to represent them in the conduct of specified educational programs, they, at the same time, are endowed with the authority to exercise their best judgment in determining policies, making decisions, and approving procedures for carrying out the responsibility.

The Board declares and, thereby, reaffirms its intent to:

- A. Maintain two-way communications with citizens of the District. The Board shall keep them informed of the progress and problems of the School District, and the citizens shall be urged to bring their aspirations and concerns about the District to the attention of this body.
- B. Establish policies and make decisions on the basis of declared educational philosophy and goals.
- C. Act as a truly representative body for citizens in all matters related to programs and operations. The Board recognizes that ultimate responsibility for public education rests with the State, but the Board of Education has been assigned specific authority through statute, and the Board shall not relinquish or fail to exercise that authority.

Sexual and Other Forms of Harassment

The Board of Education believes that sexual or other forms of offensive speech and conduct are wholly inappropriate to the harmonious relationships necessary to the operation of the District and intolerable in an environment in which students and staff members of this District function.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct has the purpose or effect of unreasonably interfering with work performance or creating an intimidating, hostile, or offensive working environment. Other forms of harassment include verbal or non-verbal expression related to race, gender, age, religion, disability, pregnancy, or sexual orientation.

Substantial interference with a person/employee's work performance or creation of an intimidating, hostile, or offensive work environment is established when the conduct is such that a reasonable person under the same circumstances as the person/employee would consider the conduct sufficiently severe or pervasive so as to interfere substantially with the person's work performance or create an intimidating, hostile, or offensive work environment. 111.36(1) Wis. Stats.

The harassment of a District staff member, student or another Board member by a member of the Board is strictly forbidden. Any member who is found to have harassed a member of the staff, a student or another Board member, will be subject to discipline by the Board and may be reported to law enforcement authorities.

0162 **Quorum**

Four (4) members present at a meeting shall constitute a quorum, and no business shall be conducted in the absence of a quorum.

The Board shall cause to be posted at the Board office and in other locations considered appropriate by the Board, a notice listing the date, time, place, and subject matter of each regularly-scheduled meeting of the Board, including subjects intended for the consideration at any closed session, in the form which is reasonably likely to inform members of the public and the news media. To assure that notice of a meeting is specific enough to apprise the public of the purpose of the meeting, the following factors shall be considered: (1) the time and effort required to provide detailed notice; (2) the level of public interest in the particular subject; and (3) whether the meeting will involve routine or novel issues. The notice shall contain the name and address of the District and its telephone number. The notice shall be given at least twenty-four (24) hours prior to the meeting unless for good cause such notice is impractical, but in no case may the notice be less than two (2) hours in advance of the meeting.

Said notice shall be posted in such places as the Board may determine. Said notice shall be posted at least twenty-four (24) hours before the rescheduled meeting.

0165.3 **Special Meetings**

A notice of any special meeting shall be posted at least twenty-four (24) hours before said special meeting at the Board office and such other places as the Board may determine. A copy of said notice shall be served upon each member of the Board by personal delivery to the member or his/her residence or by first-class mail, at least twenty-four (24) hours prior to the meeting. The agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President. The level of specificity of the description of subject matter for discussion shall be determined considering the following: (1) the time and effort required to provide detailed notice; (2) the level of public interest in the particular subject; and, (3) whether the meeting will involve routine or novel issues.

The Board shall transact business according to the agenda that has been provided to all Board members in advance of the meeting. The order of business may be altered at any meeting by a majority vote of the members present.

If the Board wishes to discuss items that were not posted at least twenty-four (24) hours prior to the meeting, the Board must (1) post a separate notice of the item(s) no less than two (2) hours prior to the meeting and (2) show good cause why posting the item at least twenty-four (24) hours prior to the meeting was impossible or impractical.

Any item on the consent agenda may be removed and discussed as a nonaction item or be deferred for further study and discussion at a subsequent Board meeting if the District Administrator or any Board member thinks the item requires further discussion.

0167 **Conduct**

0167.1 **Voting**

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public. If a Board member does utilize electronic mail, it may be used only for the purposes of communicating:

BOARD - DISTRICT ADMINISTRATOR RELATIONSHIP

The Board of Education believes that, in general, it is the primary duty of the Board to establish policies and that of the District Administrator to administer such policies. Policy should not be originated or changed without the recommendation of the District Administrator. The District Administrator should be given the latitude to determine the best method of implementing the policies of the Board.

The District Administrator, as the chief administrative officer of the School District, is the primary professional advisor to the Board. S/He is responsible for the development, supervision, and operation of the school program and facilities. His/Her methods should be made known to the staff through the administrative guidelines of the District. The Board shall retain oversight supervision of such administrative guidelines.

The District Administrator and those administrators directed by the District Administrator, shall attend meetings, as needed. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

Members of the Board cannot act for the Board on any matter unless authorized by law or officially delegated by law or the Board with the authority to do so. Members shall refrain from involving themselves in purely administrative matters. Board members shall avoid situations that present a conflict of interest or a perceived conflict of interest. Board members shall refer all non-action matters and criticisms to the Superintendent.

Cooperation is the key to good teamwork. This applies to policy development, District organization and operation, bond issues, building plans and procedures, site selection, insurance, salaries, transportation, food services, instructional services, and developmental plans for new programs. The Board-Administration team recognizes the need for continuous evaluation of all the functions and services of the school system.

When the business of the District is being conducted, the welfare and concern for students shall be the Board's and administrations primary focus.

STUDENT SUPERVISION AND WELFARE

Administrative staff members because of their proximity to students are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the administrative staff member. It is the intent of the Board of Education to direct the preparation of guidelines that would minimize that possibility.

An administrative staff member, or a person who works or volunteers with children, who is found to have had sexual contact with a student, including a student age sixteen (16) or older, shall be referred to the proper authorities and be subject to discipline up to and including discharge.

This section should not be construed as affecting any obligations on the part of staff to report suspected child abuse under Wis. Stats. 48.981 and Policy 8462.

Most information concerning a child in school is a confidential student record under Federal and State laws. Any administrative staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse (see Policy 8330).

Pursuant to the laws of the State and Board Policy 8462, each administrative staff member shall report to the proper legal authorities immediately, any sign of suspected child abuse or neglect.

EMPLOYMENT OF THE DISTRICT ADMINISTRATOR

The Board of Education vests the primary responsibility for administration of this District in the District Administrator of Schools. The appointment of that officer is, therefore, one of the most important functions the Board can perform.

Whenever the position of District Administrator shall be vacant, the Board shall appoint a District Administrator of Schools as chief executive officer and fix his/her salary and term of office which shall be no more than two (2) years. However, a contract for a term of two (2) years may provide for one or more extensions of one (1) year each, consistent with 118.24(1) Wis. Stats.

The Board shall actively seek the best qualified and most capable candidate for the position of District Administrator.

No person may be employed as District Administrator of this District unless s/he has the proper Wisconsin certification or has applied for certification as a superintendent in Wisconsin and has signed an employment contract with the Board. If certification has been applied for, receipt is to be timely.

Any candidate's intentional misstatement of fact material to his/her qualification for employment or the determination of his/her salary shall be considered by this Board to constitute grounds for his/her dismissal.

The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited.

In accordance with the Genetic Information Nondiscrimination Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Education, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

The COs are responsible for coordinating the District's efforts to comply with the applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), the Age Discrimination in Employment Act of 1975, and the Genetic Information Nondiscrimination Act (GINA) to students, their parents, staff members, and the general public.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are expected to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other supervisory employee so that the Board may address the conduct. Any administrator, supervisor, or other supervisory employee who receives such a complaint shall file it with the CO at his/her first opportunity, but no later than two (2) business days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint will not adversely affect the complaining individual's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the School District community (District employees, students, parent(s), and member of the Board), resident of the District, or a visitor to the District. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin an investigation, or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. All members of the School District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

policy

BOARD OF EDUCATION SCHOOL DISTRICT OF NEW GLARUS

ADMINISTRATION
1422/page 3 of 9

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO must contact the employee within two (2) business days to advise him/her of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Once the complaint process begins, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights, the Wisconsin Equal Rights Division, or the Equal Employment Opportunity Commission ("EEOC").

Complaint Procedure

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a complaint, either orally or in writing, with a Principal, the CO, District Administrator, or other supervisory employee. Any complaint received regarding the District Administrator or a Board member shall be referred to the Board president who shall assume the role of the CO for such complaints or may refer it to legal counsel. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall assume the role of CO for such complaints.

policy

**BOARD OF EDUCATION
SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION
1422/page 4 of 9

Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a Principal, District Administrator, or other supervisory employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her position to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the District Administrator.

Within two (2) business days of receiving the complaint, the CO will initiate an investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

policy

ADMINISTRATION
1422/page 5 of 9

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including this Policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the District Administrator that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the District Administrator.

policy

BOARD OF EDUCATION SCHOOL DISTRICT OF NEW GLARUS

ADMINISTRATION
1422/page 6 of 9

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO, the District Administrator must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the Complainant and the Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

If the District Administrator determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the District Administrator may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the District Administrator's final decision. In an attempt to resolve the complaint, the Board shall review the findings and may meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of its decision. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Board will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants will be advised that their identities may become known to the Respondent(s) through the investigation process.

During the course of an investigation, the CO will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of discrimination/retaliation will be maintained in accordance with the School Board's records retention policy.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law. When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised their rights, aided or encouraged any other person in the exercise of any right granted or protected by those laws.

PHYSICAL EXAMINATION

The Board of Education requires all candidates for positions in which the employee will come in contact with children or prepare food, as a condition of employment, to submit to an examination, including a test for tuberculosis, in order to determine the physical capacity to perform assigned duties. Such examinations shall be done in accordance with 118.25 Wis. Stats.

Employees will be required to execute a release that complies with the requirements of the Health Insurance Portability and Accountability Act in order to allow the report of the medical examination to be released to the Board/District Administrator and to allow the District Administrator or his/her designee to speak to the health care provider who conducted the medical examination in order to get clarification (see Form 1460 F2).

Reports of all such examinations or evaluations shall be delivered to the District Administrator, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. In compliance with the Genetic Information Nondiscrimination Act (GINA) and Board Policy 1422.02 the successful candidate who is required to submit to a medical examination, as well as the health care provider that is designated by the Board to conduct the examination, are directed not to collect genetic information or provide any genetic information, including the candidate's family medical history, in the report of the medical examination.

Employees will be notified of the results of the medical examination upon receipt. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA).

UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

It is the policy of the Board of Education to protect the students and employees of this District from the effects of contagious diseases and other circumstances that render school administrative employees unable to perform their duties.

The Board authorizes the District Administrator to place an administrative employee on leave for physical or mental condition that affects the employees ability to perform assigned duties in conformance with the law and consistent with any applicable terms of a collective bargaining agreement.

The District Administrator shall require that the administrative employee submit to an appropriate examination approved by the District. :

The employee will be required to execute a release that complies with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) in order to allow the report of the medical examination to be released to the Board/District Administrator and to allow the District Administrator to speak to the health care provider who conducted the medical examination in order to get clarification. Refusal to submit to an appropriate examination or to execute the HIPAA release will be grounds for disciplinary action, up to and including termination.

As required by Federal law and regulation and Board Policy 1422.02, the District Administrator shall direct the provider designated by the Board to conduct the examination not to collect genetic information or provide any genetic information, including the individual's family medical history, in the report of the medical examination.

Pursuant to State law and in accordance with the Americans with Disabilities Act, as amended (ADA) and the Genetic Information Nondiscrimination Act (GINA), the results of any such examination shall be treated as a confidential medical record and will be exempt from release, except as provided by law. If the District inadvertently receives genetic information about an individual who is required to submit to an appropriate examination from the medical provider it shall be treated as a confidential medical record as required by the ADA.

SECTION 504/ADA

PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

The Board of Education prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

policy

BOARD OF EDUCATION SCHOOL DISTRICT OF NEW GLARUS

ADMINISTRATION
1623/page 2 of 7

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The COs are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District COs.

The COs will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Training

The COs will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the COs will be posted throughout the District, and published in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.

SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION
1623/page 5 of 7

- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the CO of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) calendar days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the CO for good cause.
- C. The CO will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The CO will provide the complainant with a written disposition of the complaint within ten (10) work days. If no decision is rendered within ten (10) work days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the District Administrator. The CO shall maintain the District's files and records relating to the complaint.
- D. The District Administrator will, within ten (10) work days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The District Administrator will render his/her decision within ten (10) work days of the hearing.
- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

- F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Introduction

In accordance with Federal and State law, the Board of Education will provide family and medical leave to administrative staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, you should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Eligibility Requirements

To be eligible for leave under the FMLA, you must have been employed by the Board for at least twelve (12) months in the past seven (7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. All full-time instructional staff members are deemed to meet the 1,250 hour requirement.

To be eligible for leave under the WFMLA, you must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to you under this policy, as well as your rights during leave, depend upon whether you satisfy the above requirements.

Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom you have assumed the day-to-day obligations of a parent. A child must be either under eighteen (18) years of age or unable to care for himself/herself due to a physical or mental disability or, for leave under State law only, unable to care for himself/herself due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if you are requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six (26) weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

Amount of Leave Available

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Definitions of Serious Health Conditions

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

policy

**BOARD OF EDUCATION

ADMINISTRATION
1630.01/page 6 of 16

In general, a “serious health condition” under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

A. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

B. Absence Plus Treatment

A period of incapacity of more than three (3) consecutive calendar days* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician’s assistant or physical therapist under a healthcare provider’s supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

*Under the WFMLA, leave may also be available for a “serious health condition” of less than three (3) consecutive days in duration.

C. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

D. Chronic Conditions Requiring Treatment

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

E. Permanent/Long-Term Conditions Requiring Supervision

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. You or your family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

F. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

Required Staff Member Notice

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for your own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

Employees must provide an explanation as to why proper advance notice was not provided in such cases and may be required to verify the explanation. Notice that was not provided timely without reasonable explanation may result in the denial of the leave request.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her supervisor in order to work out a treatment schedule which best suits his/her needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

Certification By Healthcare Provider

If a staff member requests leave due to his/her own serious health condition or the serious health condition of his/her spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

policy

**BOARD OF EDUCATION
SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION
1630.01/page 10 of 16

If the District Administrator doubts the validity of a certification, the District Administrator may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

Designation of Leave

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he notifies his/her supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one (1) notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

Manner In Which Leave Can Be Taken

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which s/he is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or

policy

**BOARD OF EDUCATION
SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION
1630.01/page 12 of 16

- B. transfer temporarily to an available alternative position offered by the District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

Coordinating Leaves - Substitution

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which s/he have earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

policy

SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION
1630.01/page 13 of 16

Continuation of Benefits

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

Accrual of Benefits

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

Employment Restoration

A staff member will generally be reinstated to the same position s/he held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, s/he is not entitled to be reinstated.

A staff member who exceeds his/her FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member may be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify his/her supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided s/he has the present skill and ability to perform the essential functions of his/her job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of his/her ability to return to work.

Fitness For Duty Certification

If leave is due to the staff member's serious health condition, s/he must present certification to return to work to his/her supervisor upon returning to work. The staff member's Principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

policy

BOARD OF EDUCATION SCHOOL DISTRICT OF NEW GLARUS

ADMINISTRATION
1630.01/page 15 of 16

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, s/he may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

Confidentiality

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

No Discrimination

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

Miscellaneous

The District Administrator may designate another administrator to perform his/her duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

EMPLOYEE ANTI-HARASSMENT

Prohibited Harassment

The Board of Education is committed to a work environment that is free of harassment of any form. The Board will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it. Any member of the School District community who violates this policy will be subject to disciplinary action, up to and including termination of employment. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our employees.

The Board will vigorously enforce its prohibition against harassment based on race, color, national origin, age, sex (including transgender status, change of sex, sexual orientation, or gender identity), pregnancy, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in 111.32, Wis. Stats.), national origin, ancestry, arrest record, conviction record, use or non-use of lawful products off the District's premises during non-working hours, declining to attend an employer-sponsored meeting or to participate in any communication with the employer about religious matters or political matters, or any other characteristic protected by law in its employment practices (hereinafter referred to as "Protected Characteristics"), and encourages those within the School District community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board prohibits harassment that affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile, or offensive working environment. Harassment may occur employee-to-employee, employee-to-student, student to employee, parent to employee, male-to-female, female-to-male, male-to-male, or female-to-female.

The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the School Board will take immediate steps calculated to end the harassment, prevent its reoccurrence, and, if applicable, remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

- F. unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;

Sexual relationships between staff members, where one staff member has supervisory responsibilities over the other, are discouraged as a matter of Board policy. Such relationships have an inherent possibility of being construed as sexual harassment because the consensual aspect of the relationship may be the result of implicit or explicit duress caused by uncertainty regarding the consequences of non-compliance.

Members of the School District community or third parties who believe they have been harassed by another member of the School District community or a third party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment unless the complaining individual makes the complaint maliciously or with knowledge that it is false.

District Compliance Officers

The Board designates the following individuals to serve as the District's "Compliance Officers" (hereinafter referred to as the "COs").

Director of Pupil Services
1701 2nd Street
New Glarus, WI 53574

Director of Human Services
1701 2nd Street
New Glarus, WI 53574

608-527-2410

608-527-2410

The names, titles, and contact information of these individuals will be published annually in the parent and staff handbooks and on the School District's web site.

A CO will be available during regular school/work hours to discuss concerns related to harassment, to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a visitor to the District, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an investigation or the CO will designate a specific individual to conduct such a process. The CO will prepare recommendations or will oversee the preparation of such recommendations. All members of the School District community should report incidents of harassment that are reported to them to the CO within two (2) business days of learning of the incident.

Investigation and Complaint Procedure

Any employee or other member of the School District community or visitor to the District who believes that s/he has been subjected to harassment or has witnessed harassment of another may seek resolution of his/her complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of harassment was substantiated are set forth below.

policy

BOARD OF EDUCATION SCHOOL DISTRICT OF NEW GLARUS

ADMINISTRATION
1662/page 11 of 17

Once the complaint process begins, the investigation will be complete in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

Complaint Procedure

An individual who believes s/he has been subjected to harassment hereinafter referred to as the "complainant," may file a complaint, either orally or in writing with a teacher, Principal, CO, District Administrator, or other supervisory employee. As noted above, any complaint received regarding the District Administrator or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall assume the role of the CO for such complaints.

Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a Principal, District Administrator, or other supervisory employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process as described herein, the CO should keep the parties informed of the status of the investigation and the decision making process.

All written complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be actively engaging in, harassment; a detailed description of the facts upon which the complaint is based; and a list of potential witnesses.

If the complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

SCHOOL DISTRICT OF NEW GLARUS**

ADMINISTRATION

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the complainant and/or the alleged harasser. In making such a determination, the CO should consult the Complainant to assess his/her position to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the District Administrator. No temporary arrangements shall be disciplinary to either the complainant or respondent.

Within two (2) business days of receiving a complaint, the CO will inform the individual alleged to have engaged in the harassing conduct, hereinafter referred to as the "respondent", that a complaint has been received.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The respondent will be informed about the nature of the allegations and a copy of this policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Within five (5) business days of receiving the complaint, the CO will initiate a formal investigation to determine whether the complainant has been subject to offensive conduct/harassment.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of harassment within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the complainant;
- B. interviews with the respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the District Administrator that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in this policy and State and Federal law as to whether the complainant has been subject to harassment. The COs recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. The CO may consult with the School Board Attorney before finalizing the report to the District Administrator.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO, the District Administrator must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the complainant and the respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the investigation results in disciplinary action, the employee subject to discipline is entitled to file a grievance pursuant to Board Policy 3340. Nothing in this policy shall be construed to prevent an employee from bringing a complaint before the Equal Employment Opportunity Commission or the Wisconsin Equal Rights Division.

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and all the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligation in an investigation of harassment. The School District will respect the privacy of the complainant, the respondent, and all witnesses in a manner consistent with the School District's legal obligations under State and Federal law. Confidentiality, however, cannot be guaranteed. All complainants proceeding through the formal investigation process should be advised that their identities may be disclosed to the respondent.

During the course of an investigation, the CO will determine whether confidentiality during the investigation process is necessary to protect the interests and reputations of those involved and/or to protect the integrity of the investigation and if so shall instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the CO in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the State or Federal law will be maintained in a manner consistent with the law.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable law. When imposing discipline, the District Administrator shall consider the totality of the circumstances. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

All sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Allegations Constituting Criminal Conduct

If the CO has reason to believe that the complainant has been the victim of criminal conduct, such knowledge should be reported to local law enforcement. After such report has been made, the District Administrator shall be advised that local law enforcement was notified.

If the complainant has been the victim of criminal conduct and the accused is the District Administrator, such knowledge should be reported by the CO to local law enforcement. After such report has been made the Board President shall be advised that local law enforcement was notified.

Any reports made to local law enforcement shall not terminate the COs obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, the harassment investigation shall not be stopped due to the involvement of outside agencies without good cause after consultation with the District Administrator.

Reprisal

Submission of a good faith complaint or report of harassment will not affect the complainant's or reporter's work status or work environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.

The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Miscellaneous

The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address, and telephone number of the COs, the name, mailing address, and telephone number of the State agency responsible for investigating allegations of discrimination in educational employment, and the mailing address and telephone number of the United States Equal Opportunity Employment Commission.

A summary of this policy and any related administrative guidelines shall appear in the employee handbook and a copy shall be made available upon request of employees and other interested parties.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of harassment. The District Administrator shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District staff at such times as the Board in consultation with the District Administrator determines is necessary or appropriate.

CONTROVERSIAL ISSUES IN THE CLASSROOM

The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the schools.

Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program:

- A. is related to the instructional goals of the course of study and level of maturity of the students;
- B. does not tend to indoctrinate or persuade students to a particular point of view;
- C. encourages open-mindedness and is conducted in a spirit of scholarly inquiry.

Controversial issues related to the program may be initiated by the students themselves provided they are presented in the ordinary course of classroom instruction and it is not disruptive to the educational setting.

Controversial issues may not be initiated by a source outside the schools unless prior approval has been given by the principal. Issues pertaining to human growth and development, as defined by statute, are subject to 118.019, Wis. Stats.

When controversial issues have not been specified in the curriculum, the Board will permit the instructional use of only those issues which have been approved by the principal.

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation in, or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Training

The CO will also oversee the training of employees of the Board so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

PROGRAM
2260.01/page 5 of 9

If a student has a physical or mental impairment that significantly limits one or more major life activities, the Board will provide the student with a free appropriate public education ("FAPE"). An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the Individuals with Disabilities Education Improvement Act ("IDEIA"), the related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The Board will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and nonacademic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

ENGLISH LANGUAGE PROFICIENCY

The Board of Education recognizes that there may be students whose primary language is not English residing within the District. With that in mind, the Board shall provide appropriate identification and transition services for District students who possess limited command of the English language. The purpose of these services is to develop English language skills that will enable the students to function successfully in an all English classroom and complete the District's required curriculum.

These services shall include the identification of students who are English language learners (ELL), the implementation of curricular and instructional modifications, the assessment of the ELL student's academic progress, identification of ELL students that achieve English Language Proficiency (ELP), and continued monitoring of ELP students. The degree of modification, the duration and the type of services shall be determined individually and shall be based on the needs of each student.

If a sufficient number of the students identified with limited English proficiency are of the same language group to meet statutory requirements; the Board shall establish and implement a bilingual-bicultural education program as required by the law.

The parent(s) of ELL students shall be notified of student testing arrangements and of educational programs and services available to help their children improve their English language skills and academic achievement. The notifications shall be consistent with legal requirements and presented in such manner as to ensure that the student's parent(s) understands them.

Decisions regarding the administration of State-required tests to ELL students shall be made on a case-by-case basis. Testing accommodations may be made based on student needs, provided the validity of the test is maintained. The District shall administer State-required tests to an ELL student unless a determination has been made that the results of the test, with allowable accommodations made for the student as needed, will not be a valid and reliable indicator of the student's academic knowledge and skills. Any ELL student exempted from taking a State-required test shall be administered an alternative assessment approved by the Department of Public Instruction.

The results of both State-required tests and alternate assessments shall be consistent with District policies in making instructional, promotion, and graduation decisions. Test results may not be used as the sole criterion in re-classifying an ELL student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for postsecondary education opportunities.

ELL students will no longer be considered limited-English proficient when they have the language skills necessary to compete with mainstream English speakers. The District Administrator shall establish administrative guidelines that provide the:

- A. standards for reclassification/exit decisions;
- B. process for monitoring and maintaining documentation on the exiting student for two (2) years;
- C. access for students to re-enter a bilingual or ESL program if there is evidence that the reclassification decision was premature;

RELIGION IN THE CURRICULUM

As a public entity, the District must comply with the U.S. Constitution's First Amendment requirement that the District neither establish religion in the schools nor prohibit students' free exercise of religion according to pertinent interpretation and application of those Constitutional provisions by the Courts. Accordingly, no Board of Education employee will promote religion in the classroom or in the District's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally. Teachers shall forward requests for religious accommodation in instruction to the Principal.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the District schools frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the District. The Board directs that professional staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the District's students, not for its conformity to religious principles. Students should receive unbiased instruction in the schools, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets if any.

Accordingly, no student shall be exempted from completion of a required course of study on the grounds that components of the instruction interfere with the free exercise of his/her religion. However, if after careful personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from a particular class period. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

The District's instructional materials shall not be designed to influence students to accept or reject a particular religious belief or point of view and the District Administrator shall prepare administrative guidelines to that affect.

Complaints by students or the public regarding any such course of study will be handled in accordance with Board Policy 9130.

CLASS SIZE

The Board of Education believes that many factors must be given consideration in the establishment of class size. All efforts will be made to maintain classes at a sound educational level. However, this provision in no way should interfere with the ability of the Board and administration to experiment with different forms of classroom instruction.

Recommended class sizes, other than special education classes are:

	Maximum Size	Optimum Size	Minimum Size
K-2	22	20	14
3-6	25	23	14
7-12 Lab Classes	24	22	12
7-12 Non-Lab Classes	30	25	12
4K	17	15	10

The District Administrator must also approve any class with less than ten (10) (excluding four (4) year old kindergarten) students or more than twenty-eight (28) (K-6) and thirty-three (33) (7-12) students.

The following considerations will be used when granting approval for classes above or below the recommendations above:

- A. Consideration will be given to those courses which are sequential in nature, such as Spanish I, II, III, and IV.
- B. Whether assistant time would improve the instruction of the class.
- C. Characteristics of special classes or special needs of students, such as vocational courses, advanced mathematics, science courses, or small group music instruction.

- E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from District premises, which is under the supervision of a professional staff member and an integral part of a course of study.

Other District-sponsored trips shall be defined as any planned, student-travel activity which is approved as part of the District's total educational program.

SPECIAL PROGRAMS BY COMMUNITY VOLUNTEERS

The Board of Education believes in providing opportunities for students to enhance their education through a variety of appropriate co-curricular and extra-curricular activities. The Board recognizes that the community itself can be an excellent resource for such activities and welcomes the participation of community members who have special knowledge and skills that can add to the District's program.

DISTRICT-SPONSORED CLUBS AND ACTIVITIES

The Board of Education believes that the goals and objectives of this District are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are directly related to the curriculum.

The purpose of curricular-related activities shall be to enable students to explore a wider range of individual interests than may be available in the District's courses of study.

For purposes of this policy, curricular-related activities are defined as those activities in which:

- A. the subject matter is actually taught or will be taught in a regularly offered course;
- B. the subject matter concerns the District's composite courses of study;
- C. participation is required for a particular course;
- D. participation results in academic credit.

No curricular-related activity shall be considered to be under the sponsorship of this Board unless it meets one or more of the criteria stated above and has been approved by the District Administrator.

Such activities, along with extra-curricular activities (not directly related to courses of study), may be conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

The Board shall allow non-district-sponsored, student clubs and activities during non-instructional time, in accordance with the provisions in Policy 5730 - Equal Access For Non-district-Sponsored, Student Clubs and Activities.

Non-curricular, student activities that are initiated by parents or other members of the community may be allowed under the provisions of Policy 7510 - Use of District Facilities. The Board, however will not:

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the value to the District and to the community of a program of interscholastic athletics for as many students as feasible.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the District.

Participation in interscholastic athletics is limited to students in grades 9-12. Students in grades 7 and 8 may also be permitted to participate in a limited program which involves competition with other schools within their own grade levels. In sports where the district co-ops with another district, students in earlier grades can participate if allowed by the host district

The District Administrator shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate.

Prior to enrolling in the sport, each participant shall submit to a physical examination as per W.I.A.A. guidelines.

RECORDING OF IEP TEAM MEETINGS

In order to facilitate parents' ability to fully participate in the IEP process, parents of students with disabilities are ordinarily permitted to audio record IEP Team meetings in accordance with the procedures set forth.

- A. Parents wishing to audio record an IEP Team meeting must utilize their own recording device and tapes and provide notice to the District prior to the date of the scheduled IEP Team meeting.
- B. Parents must obtain the consent of any staff member or other participant in the IEP meeting prior to the meeting in order to tape record the meeting. If any member of the IEP team does not consent to an audio recording of the meeting, the parent will not be permitted to record the meeting.
- C. If parent(s) elects to audio record an IEP Team meeting, the District will also record the meeting.

Video recording an IEP Team meeting is prohibited, unless only video recording the IEP meeting will effectively remove a parent(s) barrier to access to the IEP process caused by a disability. A health care provider's verification of this necessity will be required.

If the District records an IEP Team meeting, the resulting recording shall become a part of the student's educational record and will be maintained in accordance with State and Federal law.

COPYRIGHT LAW/PRINTING AND DUPLICATING SERVICES

The Board of Education directs its staff and students to use copyrighted works only to the extent that the law permits. The Board recognizes that Federal law applies to public school districts and the staff and students must, therefore, avoid acts of copyright infringement under penalty of law.

The Board will make available the equipment necessary for staff to carry out their assignments. This equipment will include machines for the reproduction of materials in either single or multiple copies.

The Board recognizes, however, that the Federal copyright law makes it illegal to duplicate copyrighted materials without permission, except for certain exempt purposes. The Board further realizes that severe penalties are provided for unauthorized copying of audio, visual, or printed materials unless the copying falls within the bounds of the “fair use” doctrine. The Board, therefore, informs all personnel that unauthorized reproduction and/or use of copyrighted materials is illegal and unethical, and that violations of the copyright laws may result in criminal or civil suits and/or suspension or dismissal from employment in the system.

To protect staff members and the District against legal redress for alleged violations of the copyright laws, the person making the reproduction must be certain that the action is within the law. When an individual is not certain, he/she should contact the Library Media Specialist in their building in order to ascertain whether copying falls under “permitted use”. If it does not, the staff member may request permission to reproduce materials from copyright holders.

Requests to reproduce copyrighted materials on District equipment will not be honored unless the reproduction is legally permissible.

The District Administrator shall recommend improvements in the educational program annually, based on the evaluation of the District's program. Such improvements shall reflect the plans for improvement of the educational program.
