Title	Copy of Family & Medical Leave of Absence ("FMLA")
Number	po1630.01*
Status	Policy Committee Review

## 1630.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

### Introduction

In accordance with Federal and State law, the Board of Education will provide family and medical leave to administrative staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members ~~you~~ should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

### Eligibility Requirements

To be eligible for leave under the FMLA, a staff member ~~you~~ must have been employed by the Board for at least twelve (12) months in the past seven (7) years **and** must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. All full-time instructional staff members are deemed to meet the 1,250 hour requirement.

To be eligible for leave under the WFMLA, a staff member ~~you~~ must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to ~~you~~ the staff member under this policy, as well as ~~you~~ the staff member's rights during leave, depend upon whether the staff member ~~you~~ satisfies the above requirements.

### Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member ~~you~~ have assumed the day-to-day obligations of a parent. A child must be **either** under eighteen (18) years of age or unable to care for himself/herself due to a physical or mental disability or, for leave under State law only, unable to care for himself/herself due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if ~~you~~ the staff member is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be

registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short- notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post- deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation, or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of fifty percent (50%) or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

#### **Amount of Leave Available**

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a **calendar year** for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to ten (10) work weeks of leave in a **calendar year** as follows:

- A. a total of six (6) weeks of leave for the birth of his/her natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

### **Definitions of Serious Health Conditions**

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

#### **A. Hospital Care**

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

#### **B. Absence Plus Treatment**

A period of incapacity of more than three (3) consecutive calendar days\* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

\*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

#### **C. Pregnancy**

Any period of incapacity due to pregnancy, or for prenatal care.

#### **D. Chronic Conditions Requiring Treatment**

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); **and**
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

#### **E. Permanent/Long-Term Conditions Requiring Supervision**

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. You or your family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

#### **F. Multiple Treatments (Non-Chronic Conditions)**

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

#### **Required Staff Member Notice**

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for your own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member **Employees** must provide an explanation as to why proper advance notice was not provided in such cases and may be required to verify the explanation. Notice that was not provided timely without reasonable explanation may result in the denial of the leave request.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her supervisor in order to work out a treatment schedule which best suits his/her needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

#### **Certification By Healthcare Provider**

If a staff member requests leave due to his/her own serious health condition or the serious health condition of his/her spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the Board doubts the validity of a certification, the District may require, at the Board's expense, that the District Administrator obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the District Administrator's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The District Administrator must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

### **Designation of Leave**

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he notifies his/her supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one (1) notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

### **Manner In Which Leave Can Be Taken**

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which s/he is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the

District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that

better accommodates the recurring periods of leave than the staff member's regular position.

### **Coordinating Leaves - Substitution**

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which s/he have earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

### **Continuation of Benefits**

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

### **Accrual of Benefits**

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

### **Employment Restoration**

A staff member will generally be reinstated to the same position s/he held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to

return to work, s/he is not entitled to be reinstated.

A staff member who exceeds his/her FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member **may** be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify his/her supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment provided s/he has the present skill and ability to perform the essential functions of his/her job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of his/her ability to return to work.

### **Fitness For Duty Certification**

If leave is due to the staff member's serious health condition, s/he must present certification to return to work to his/her supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, s/he may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

### **Confidentiality**

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

### **No Discrimination**

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

### **Miscellaneous**

The District Administrator may designate another administrator to perform his/her duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

#### 2430 - **DISTRICT-SPONSORED CLUBS AND ACTIVITIES**

The Board of Education believes that the goals and objectives of this District are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are directly related to the curriculum.

The purpose of curricular-related activities shall be to enable students to explore a wider range of individual interests than may be available in the District's courses of study, but are still directly related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131. The Board encourages all students, including those students in elementary and middle school grades, to participate in such opportunities. In implementing this policy, the District Administrator shall take steps to make such opportunities accessible to all students.

For purposes of this policy, curricular-related activities are defined as those activities in which:

- A. the subject matter is actually taught or will be taught in a regularly offered course;
- B. the subject matter concerns the District's composite courses of study;
- C. participation is required for a particular course;
- D. participation results in academic credit.

No curricular-related activity shall be considered to be under the sponsorship of this Board unless it meets one or more of the criteria stated above and has been approved by the District Administrator.

Such activities, along with extra-curricular activities (not directly related to courses of study), may be conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

The Board shall allow non-district-sponsored, student clubs and activities during non-instructional time, in accordance with the provisions in Policy 5730 - Equal Access For Non-district-Sponsored, Student Clubs and Activities.

Non-curricular, student activities that are initiated by parents or other members of the community may be allowed under the provisions of Policy 7510 - Use of District Facilities. The Board, however will not:

- A. assume any responsibility for the planning, conducting, or evaluating of such activities;
- B. provide any funds or other resources;
- C. allow any member of the District's staff to assist in the planning, conducting, or evaluating of such an activity during the hours s/he is functioning as a member of the staff.

No non-district-sponsored organization may use the name of the School District or any other name which would associate an activity with the District.

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

Whenever a student becomes a member of a District-established student group or national organization such as the National Honor Society, in order to remain a member, s/he must continue to meet all of the eligibility criteria and abide by the principles and practices established by the group or the organization.

#### 2431 - INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the value to the District and to the community of a program of interscholastic athletics for as many students as feasible, and in accordance with Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the District.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics. Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

~~The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the District.~~

Participation in interscholastic athletics is limited to students in grades 9-12. Students in grades 7 and 8 may also be permitted to participate in a limited program which involves competition with other schools within their own grade levels. In sports where the district co-ops with another district, students in earlier grades can participate if allowed by the host district

The District Administrator shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate.

Prior to enrolling in the sport, each participant shall submit to a physical examination as per W.I.A.A. guidelines.

### 3122.01 - DRUG-FREE WORKPLACE

The Board of Education believes that quality education is not possible in an environment affected by the use of illegal drugs and alcohol as well as the abuse of prescription drugs. It will seek, therefore, to establish and maintain an educational setting which is free from alcohol and other drug abuse ~~illegal drugs~~.

Consistent with the Drug-Free Workplace Act, the Board prohibits the manufacture, possession, use, distribution, or dispensing of any controlled substance, or alcohol, by any member of the District's professional staff at any time while on District property or while involved in any District-related activity or event. Professional staff members who use or possess a prescription drug that has been lawfully prescribed to the staff member, and taken in accordance with the prescribed dosage, shall not be deemed to be in violation of this policy. Wherever possible, a staff member should take prescribed medications at home and not bring them to school. Where that cannot be accomplished, any staff member in possession of prescribed medications while at school is responsible for taking appropriate precautions to assure that the drugs remain in the staff member's possession at all times and are taken only in private, out of the view of students. Nothing in this policy shall prohibit the District Administrator from evaluating a staff member's fitness for duty pursuant to Policy 3161 - Unrequested Leaves of Absence/Fitness for Duty.

Any staff member who violates this policy shall be subject to disciplinary action in accordance with the Employee Handbook.

#### Use of Resources for Treatment

The District makes available resources to assist staff members in overcoming alcohol, illegal drug use or controlled substance abuse. However, the decision to seek diagnosis and accept treatment for alcohol, illegal drug use or controlled substance abuse is primarily the individual staff member's responsibility. Any costs associated with treatment in excess of those costs covered by the staff member's medical insurance plan shall be borne by the individual.

## 3430.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

### Introduction

In accordance with Federal and State law, the Board of Education will provide family and medical leave to professional staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members you should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

### Eligibility Requirements

To be eligible for leave under the FMLA, a staff member you must have been employed by the Board for at least twelve (12) months in the past seven years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. All full-time instructional staff members are deemed to meet the 1,250 hour requirement.

To be eligible for leave under the WFMLA, a staff member you must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to a staff member you under this policy, as well as the staff member's your rights during leave, depend upon whether the staff member you satisfies is the above requirements.

### Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member you has ve assumed the day-to-day obligations of a parent. A child must be either under eighteen (18) years of age or unable to care for himself/herself due to a physical or mental disability or, for leave under State law only, unable to care for himself/herself due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if the staff member you is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short- notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post- deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

### **Amount of Leave Available**

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

### **Definitions of Serious Health Conditions**

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

#### **A. Hospital Care**

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

#### **B. Absence Plus Treatment**

A period of incapacity of more than three (3) consecutive calendar days\* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

\*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

#### **C. Pregnancy**

Any period of incapacity due to pregnancy, or for prenatal care.

#### **D. Chronic Conditions Requiring Treatment**

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a

nurse or physician's assistant under a healthcare provider's supervision;

2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

#### **E. Permanent/Long-Term Conditions Requiring Supervision**

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. You or your family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

#### **F. Multiple Treatments (Non-Chronic Conditions)**

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

#### **Required Staff Member Notice**

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for your own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her supervisor in order to work out a treatment schedule which best suits his/her needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

#### **Certification By Healthcare Provider**

If a staff member requests leave due to his/her own serious health condition or the serious health condition of his/her spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the District Administrator doubts the validity of a certification, the District Administrator may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

### **Designation of Leave**

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he notifies his/her supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

### **Manner In Which Leave Can Be Taken**

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which s/he is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to

return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

The District Administrator may require instructional staff members who take Federal leave near the end of an academic term to extend their leave through the end of the academic term if:

- A. the leave is commenced more than five (5) weeks from the end of the term but the employee intends to return during the final three (3) weeks of the term and the leave is longer than three (3) weeks in duration;
- B. the leave is commenced within five (5) weeks of the end of the term and the employee intends to return during the final two (2) weeks of the term and the leave period was at least two (2) weeks in duration; or
- C. the leave commences within three (3) weeks of the end of a term and the leave was at least five (5) working days in duration.

Staff members whose leave is extended at the end of an academic term under this section will be charged against their FMLA entitlement only the time that they required for purposes of their leave.

### **Coordinating Leaves - Substitution**

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which s/he have earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

### **Continuation of Benefits**

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to

retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

### **Accrual of Benefits**

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

### **Employment Restoration**

A staff member will generally be reinstated to the same position s/he held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, s/he is not entitled to be reinstated.

A staff member who exceeds his/her FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member may be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify his/her supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided s/he has the present skill and ability to perform the essential functions of his/her job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of his/her ability to return to work.

### **Fitness For Duty Certification**

If leave is due to the staff member's serious health condition, s/he must present certification to return to work to his/her supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the

staff member does not promptly provide a certification or qualify for another leave of absence, s/he may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

### **Confidentiality**

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

### **No Discrimination**

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

### **Miscellaneous**

The District Administrator may designate another administrator to perform his/her duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

#### 4122.01 - DRUG-FREE WORKPLACE

The Board of Education believes that quality education is not possible in an environment affected by the use of illegal drugs and alcohol as well as the abuse of prescription drugs. It will seek, therefore, to establish and maintain an educational setting which is free from alcohol and other drug abuse~~illegal drugs~~.

Consistent with the Drug-Free Workplace Act, the Board prohibits the manufacture, possession, use, distribution, or dispensing of any controlled substance, or alcohol, by any member of the District's support staff at any time while on District property or while involved in any District-related activity or event. Support staff members who use or possess a prescription drug that has been lawfully prescribed to the staff member, and taken in accordance with the prescribed dosage, shall not be deemed to be in violation of this policy. Wherever possible, a staff member should take prescribed medications at home and not bring them to school. Where that cannot be accomplished, any staff member in possession of prescribed medications while at school is responsible for taking appropriate precautions to assure that the drugs remain in the staff member's possession at all times and are taken in private, out of the view of students. Nothing in this policy shall prohibit the District Administrator from evaluating a staff member's fitness for duty pursuant to Policy 4161 - Unrequested Leaves of Absence/Fitness for Duty.

Any staff member who violates this policy shall be subject to disciplinary action in accordance with District guidelines ~~and consistent with applicable terms of collective bargaining agreements~~.

The District Administrator shall establish whatever programs and procedures are necessary to meet the Federal certification requirements and shall provide these to staff.

#### Use of Resources for Treatment

The District makes available resources to assist staff members in overcoming alcohol, illegal drug use, or controlled substance abuse. However, the decision to seek diagnosis and accept treatment for alcohol, illegal drug use or controlled substance abuse is primarily the individual staff member's responsibility. Any costs associated with treatment in excess of those costs covered by the staff member's medical insurance plan shall be borne by the individual.

#### 4430.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

##### Introduction

In accordance with Federal and State law, the Board of Education will provide family and medical leave to support staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, [a staff member](#) should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

##### Eligibility Requirements

To be eligible for leave under the FMLA, [a staff member](#) must have been employed by the Board for at least twelve (12) months in the past seven (7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. All full-time instructional staff members are deemed to meet the 1,250 hour requirement.

To be eligible for leave under the WFMLA, [a staff member](#) must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to [a staff member](#) under this policy, as well as [the staff member's](#) rights during leave, depend upon whether [the staff member](#) satisfies the above requirements.

##### Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom [the staff member](#) has assumed the day-to-day obligations of a parent. A child must be either under eighteen (18) years of age or unable to care for himself/herself due to a physical or mental disability or, for leave under State law only, unable to care for himself/herself due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if [the staff member is](#) requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be

registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short- notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post- deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

### **Amount of Leave Available**

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

### **Definitions of Serious Health Conditions**

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

#### **A. Hospital Care**

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

#### **B. Absence Plus Treatment**

A period of incapacity of more than three (3) consecutive calendar days\* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

\*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

#### **C. Pregnancy**

Any period of incapacity due to pregnancy, or for prenatal care.

#### **D. Chronic Conditions Requiring Treatment**

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

#### **E. Permanent/Long-Term Conditions Requiring Supervision**

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. [The staff member](#) ~~You~~ or [his/hers](#) ~~your~~ family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a

disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

#### **F. Multiple Treatments (Non-Chronic Conditions)**

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

#### **Required Staff Member Notice**

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for ~~the staff member's~~ your own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her supervisor in order to work out a treatment schedule which best suits his/her needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

#### **Certification By Healthcare Provider**

If a staff member requests leave due to his/her own serious health condition or the serious health condition of his/her spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare to clarify illegible answers and to authenticate the Certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the District Administrator doubts the validity of a Certification, the District Administrator may require, at the Board's

expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

### **Designation of Leave**

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her rights and responsibilities under this policy.

The District Administrator will give the staff member the Notice on each occasion that s/he notifies his/her supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

### **Manner In Which Leave Can Be Taken**

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which s/he is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

### **Coordinating Leaves - Substitution**

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which s/he have earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

### **Continuation of Benefits**

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

### **Accrual of Benefits**

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

### **Employment Restoration**

A staff member will generally be reinstated to the same position s/he held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, s/he is not entitled to be reinstated.

A staff member who exceeds his/her FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member may be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify his/her supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided s/he has the present skill and ability to perform the essential functions of his/her job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of his/her ability to return to work.

### **Fitness For Duty Certification**

If leave is due to the staff member's serious health condition, s/he must present certification to return to work to his/her supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other

limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, s/he may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

### **Confidentiality**

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

### **No Discrimination**

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

### **Miscellaneous**

The District Administrator may designate another administrator to perform his/her duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

#### 5111 - ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

The Board of Education establishes the following policy for determining the eligibility of students to attend the schools of this District.

- A. The Board will educate, tuition-free, students who are residents of the District. Proof of residency will be required for registration in the District. If residency is with individuals other than a parent, it must be based on a reason other than educational purposes.
- B. The District shall provide a free education to those students who are considered by Federal law to be illegal aliens or considered to be homeless by State-established criteria.
- C. Upon request of a student's parent, students who have gained twelfth grade status and who no longer reside within the District shall be permitted to complete their high school education tuition free.
- D. Resident students in grades 9-12 who attend a tribal school, private school, or home-based educational program shall be accepted into the District's educational programs for up to two (2) classes if the student satisfies the high school admission standards and sufficient space is available in the classes.
- E. A high school student who now resides in a different school district as a result of a reorganization under Chapter 117 and who has completed 9th and 10th grade at his/her former school district shall be allowed to complete his/her education at the former school district, provided the other district agrees. The school board of residence shall pay the student's tuition. The school of attendance shall count the student in its membership for State Aid purposes under subchapter II.
- F. If a parent (or adult student) presents information to the District certifying that the parent (or adult student), his/her child, or a member of the parent's household is a participant in the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice, the Board shall use the address designated by the Department of Justice to serve as the student's address for enrollment purposes. The District shall place a copy of any certification provided by the parent in the enrollment files.
- G. Children of joint custody orders may attend school without payment of tuition if one (1) parent resides in this District or the order designates as the residential parent the parent with legal residence in the District.
- H. Foreign students, participating in a bona fide, foreign-exchange program and living with a resident host family, may be admitted tuition-free.
- I. Students whose parents do not reside within the District, but who present evidence that they will move into the District within a short period of time, may enroll in the schools of this District as tuition students for the time not in residence. Tuition will be refunded in accordance with State law.
- J. Minor students residing in the District, but not living with a parent, may be required to provide information sufficient to allow the administration to properly determine resident status under law.
- K. Tuition students may be accepted in accordance with State law and the approval of the District Administrator.
- L. Nonresidents may be accepted into the District's Adult Education classes upon payment of the appropriate fees.
- M. Nonresident students may be accepted into the District's Summer or Interim Session School Program upon payment of appropriate fees.

N. Nonresident students may be accepted into the District's program under the Full-Time Open Enrollment Program.

O.

Any student that has been expelled from another school or district and seeks to enroll in the District during the term of the expulsion order shall be considered for enrollment as follows:

1. If the student has been expelled from another Wisconsin public school district, the student is not entitled to enroll. In the event that the District Administrator intends to enroll a student during the term of an expulsion order issued by another Wisconsin public school District, the enrollment must be approved by the Board.
2. If the student has been expelled by a public school in another state or by a Wisconsin charter school the Board may permit the student's enrollment or may deny the enrollment if it finds that the conduct giving rise to the expulsion would have been grounds for expulsion from the District under Policy 5610.

~~The District Administrator, at his/her discretion, may deny admission to a student who has been expelled from another Wisconsin public school district, for the period of the unexpired term of the expulsion. When the expulsion from the other district has expired, the student is to be admitted providing all other eligibility requirements have been met. The Board may prohibit the enrollment of a student during the term of an expulsion order issued by a charter school under section 118.40(2r) Wis Stats., or by a public school district in another state, provided that the Board determines that the conduct giving rise to the expulsion would have been grounds for expulsion under Policy 5610.~~

P. Students who have begun the school year as residents and who no longer reside in the District may be permitted to complete the school year tuition- free.

Q. Nonresident students may be accepted into the District's program under the Course Options Program. Nonresident students accepted into the District's Course Options Program may attend no more than two courses at any time.

#### 5130 - WITHDRAWAL/DROPOUT FROM SCHOOL

The Board of Education affirms that, while Wisconsin law requires attendance of each student until eighteen (18) years of age, it is in the best interests of both students and the community that they complete the educational program that will equip them with skills and increase their chances for a successful and fulfilling life beyond the schools.

When a student wishes to withdraw from school, efforts should be made to determine the underlying reasons for withdraw. District resources should be used, when and as appropriate, to assist students in reaching his/her career goals and for compliance with compulsory attendance requirements.

No student under the age of eighteen (18) will be permitted to withdraw without the written consent of a parent and the approval of the District Administrator. The withdrawal of any student under the age of eighteen (18) must comply with the requirements for participation in a program leading to the child's high school graduation or leading to a high school equivalency diploma, consistent with State law.

~~The Board directs that whenever a student wishes to withdraw from school, efforts should be made to determine the underlying reason for such action and the resources of the District should be used, when and as appropriate, to assist the student in reaching his/her career goals. No student under the age of eighteen (18) will be permitted to withdraw without the written consent of a parent and the approval of the District Administrator. Title	PERSONAL COMMUNICATION DEVICES
Number	po5136*
Status	Policy Committee Review

## 5136 - PERSONAL COMMUNICATION DEVICES

"Personal communication devices" ("PCDs") as used in this policy are defined in Bylaw 0100.

Students may use PCDs before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g., extra-curricular activities), or at school-related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered off and stored out of sight.

However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. If the violation involves potentially illegal activity, the confiscated-PCD may be turned over to law enforcement.

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

While in some instances the possession and use of technology resources (as defined in Bylaw 0100) and other electronic equipment or devices by a student at school may be appropriate, the possession and use of such technology resources and other equipment or devices by students at school may also have the effect of distracting, disrupting and/or intimidating others in the school environment and leading to opportunities for academic dishonesty and other disruptions of the educational process.

Students may use technology resources and other electronic equipment/devices during instructional time for an educational or instructional purpose (e.g. taking notes, recording a class lecture, writing papers) with the teacher's permission and supervision, and may use these technology resources and other electronic equipment during non-instructional time, provided such use is consistent with the Policy 7540.03 Student Acceptable Use and Safety:

Students may use technology resources and other electronic equipment/devices while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, sponsor/advisor/coach, building principal  
Distracting behavior that creates an unsafe environment will not be tolerated.

Students are prohibited from using technology resources and other electronic equipment or devices in a manner that may be physically harmful to another person (e.g. shining a laser in the eyes of another student). Further, at no time may any technology resources or other electronic equipment/device be utilized by a student in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using technology resources, a camera, or other electronic equipment/device to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex (including transgender identity, sexual orientation, and gender identity), age, disability, religion, or political beliefs; and (2) send, share, view or possess pictures, text messages, e-mails or other materials of a sexual nature (i.e., sexting) in electronic or any other form. Violation of these prohibitions shall result in disciplinary action.

Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are prohibited from using technology resources and other electronic equipment/devices to capture, record, or transmit test information or any other information in a manner constituting fraud, theft, or academic dishonesty. Similarly, students are prohibited from using technology resources and other electronic equipment and devices to capture, record, or transmit the words (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture and/or recording of such words or images. Using technology resources or other electronic equipment/devices to capture, record, or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Technology resources and other electronic equipment/devices are expressly banned from and may not be possessed, activated, or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, ( ) classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a camera or other electronic equipment/device is absolutely prohibited.

Unauthorized technology resources and other electronic equipment and devices will be confiscated from the student by school personnel and disciplinary action taken.

If technology resources or other electronic equipment/device is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed.

Any [technology resources or other](#) electronic equipment/device confiscated by District staff will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. [Technology resources or other electronic](#) equipment/devices in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules (e.g. a student is observed using a camera in a prohibited area). Any search will be conducted in accordance with Policy 5771 – Search and Seizure.

Students are personally and solely responsible for the care and security of any [technology resources and other](#) electronic equipment or devices they bring to school. The Board assumes no responsibility for theft, loss, damage, or vandalism to electronic equipment and devices brought onto its property, or the unauthorized use of such devices.

Title	Copy of ADMINISTRATION OF MEDICATION/EMERGENCY CARE
Number	po5330*
Status	Policy Committee Review
Adopted	March 13, 2017

### 5330 - ADMINISTRATION OF MEDICATION/EMERGENCY CARE

The Board of Education shall not be responsible for the diagnosis and treatment of student illness. The administration of medication to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication were not administered during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, "practitioner" shall include any physician, dentist, podiatrist, optometrist, physician assistant, and advanced practice nurse prescriber who is licensed in any state. "Medication" shall include all drugs including those prescribed by a practitioner and any nonprescription drug products. "Administer" means the direct application of a nonprescription drug product or prescription drug, whether by injection, ingestion, or other means, to the human body. "Nonprescription drug product" means any nonnarcotic drug product which may be sold without a prescription order and which is prepackaged for use by consumers and labeled in accordance with the requirements of State and Federal law.

Before any prescribed medication may be administered to any student during school hours, the Board shall require the written instructions from the child's practitioner accompanied by the written authorization of the parent.

Nonprescription drug products may be administered to any student during school hours only with the prior written consent of the parent. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written instruction of a practitioner and the written consent of the parent. Only those nonprescription drugs that are provided by the parent or guardian in the original manufacturer's package which lists the ingredients and dosage in a legible format may be administered.

The document authorizing the administration of both prescribed medication and nonprescription drug products shall be kept on file in the administrative offices.

Only medication in its original container; labeled with the date, if a prescription; the student's name; and the exact dosage will be administered. Parents, or students authorized in writing by their practitioner and parents, may administer medication.

No student is allowed to provide or sell any type of medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct.

Medications will be administered and the instruction and consent forms will be maintained in accordance with the District Administrator's guidelines.

Any bus driver, staff member or volunteer, authorized in writing by the District Administrator or a principal, is immune from liability for his/her acts or omissions in administering medication including, but not limited to glucagon and epinephrine, unless the act or omission constitutes a high degree of negligence. Such immunity does not apply to health-care professionals.

All prescription medication shall be kept in a locked storage case in the school office, unless the medication is an emergency medication which the student is authorized to carry and self-administer by authorization of both the parent and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

The Board shall permit the administration by staff of any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and that staff member voluntarily agrees to deliver the medication. No staff member, other than a health care professional, shall be required to administer medications that are administered by means other than oral ingestion.

Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for his/her acts or omissions in rendering such emergency care.

Any ~~district~~ administrator or principal who authorizes an employee or volunteer to administer a nonprescription drug product or prescription drug to a student is immune from civil liability for the act of authorization unless it constitutes a high degree of negligence or the administrator or principal authorizes a person who has not received the required Department of Public Instruction training to administer the nonprescription drug product or prescription drug to a student. School nurses, as district employees, are regulated by the Wisconsin Nurse Practice Act and are therefore not necessarily immune from civil liability.

The school nurse(s) providing services or consultation on the District's Emergency Nursing Services Plan has provided assistance in the development of this policy and will also provide a periodic review of the written instructions and consent forms and the Medications Administration Daily Log(s).

### Epinephrine Auto-Injectors

The Board intends to adopt and maintain a plan for managing students with life-threatening allergies so as to permit each school to obtain a school prescription for epinephrine auto-injectors and to permit each school nurse and designated school personnel to administer them. Accordingly, the Board directs the school nursing staff in consultation with the District Administrator to develop a plan that meets the following:

1. specifies those designated school personnel that have agreed to receive training and that will be trained and authorized to perform the functions of the plan:
- 
2. identifies the specific training program that will be implemented to prepare each school nurse and designated school personnel to identify the signs of anaphylaxis and to provide or administer epinephrine auto-injectors accordingly:
- 
3. delineates the permissible scope of usage to include providing District-owned epinephrine auto-injectors to students who have a prescription on file with the school in the event the student is experiencing an anaphylactic event and/or administering epinephrine auto-injectors to such students, and/or administering epinephrine auto-injector treatment to any student, regardless of whether the student has a prescription on file or the staff member so trained is not aware of whether the student has a prescription on file, but believes in good faith the student is suffering from anaphylaxis, provided that the staff member immediately contacts emergency medical services:
- 
4. identifies the number and type of epinephrine auto-injectors each school will keep on site and identifies a member of the nursing staff or other school official who will be responsible for maintaining the epinephrine auto-injectors supply:
- 
5. is approved by a physician licensed in the State of Wisconsin:
- 
6. notes that the school and any school nurse or designated school personnel that provide or administer epinephrine auto-injectors under this plan are immune from civil liability for any harm that may result, regardless of whether there is a parental or medical provider authorization, unless the administration was a result of gross negligence or willful or wanton misconduct:
- 
7. is published on the District's website

#### 5421 - GRADING

The Board of Education recognizes its responsibility for providing a system of grading student achievement that can help the student, teachers, and parents judge properly how well the student is achieving the goals of the District's program.

The Board believes that the District's grading system should be a reliable system and one that ensures each student's grades signify accurately his/her degree of accomplishment of those expected learning outcomes which are to be stated for each program at every grade level.

The Board directs the District Administrator to develop procedures for grading in accordance with Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity.

~~It is the philosophy of the District that students will respond more positively to the opportunity for success than to the threat of failure. It seeks, therefore, through performance objectives in its instructional program, to make achievement both recognizable and possible for students. It emphasizes achievement in its processes of evaluating student performance and it reports achievement through the use of symbols and letter grades.~~

~~The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance, to inform the student, his/her parents/guardians, and his/her counselor of his/her progress, and to provide a basis for bringing about change in student performance, if such change seems necessary.~~

~~The District shall not discriminate in the methods, practices, or materials used for evaluating or testing students on the basis of sex, race, national origin, religion, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.~~

## 5517 - STUDENT ANTI-HARASSMENT

### Prohibited Harassment

It is the policy of the Board of Education to maintain an educational environment that is free from all forms of harassment, including sexual harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

The Board will vigorously enforce its prohibition against harassment based on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as "Protected Characteristics"), and encourages those within the School District community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. Additionally, the Board prohibits harassing behavior directed at students for any reason, even if not based on one of the Protected Characteristics, through its policies on bullying (See Policy 5517.01 – Bullying).

Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female. The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the Board will take immediate steps designed to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "School District community" means individuals students, administrators, teachers, staff, and as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams parent), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

### Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties

## Definitions

### Bullying

Bullying is prohibited by Board Policy 5517.01 – Bullying. It is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. Bullying need not be based on any Protected Characteristic. Bullying behavior rises to the level of harassment when the prohibited conduct is based upon the student's sex (including transgender status, change of sex, or gender identity), race color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation of physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights.

### Harassment

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student based on one or more of the student's Protected Characteristics that:

- A. places a student in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or
- C. has the effect of substantially disrupting the orderly operation of a school.

### Sexual Harassment

"Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of access to educational opportunities or program;
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education;
- C. that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile, or offensive educational environment.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- D. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- E. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- F. unwelcome behavior or words directed at an individual because of gender;

Examples are:

1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
  2. rating a person's sexuality or attractiveness;
  3. staring or leering at various parts of another person's body;
  4. spreading rumors about a person's sexuality;
  5. letters, notes, telephones calls, or materials of a sexual nature;
  6. displaying pictures, calendars, cartoons, or other materials with sexual content.
- G. inappropriate boundary invasions by a District employee or other adult member of the District community into a student's personal space and personal life.
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history; and
- I. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the work place, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.

Not all behavior with sexual connotations constitutes sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's education, or such that it creates a hostile or abusive educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

#### **Race/Color Harassment**

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

#### **Religious (Creed) Harassment**

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

#### **National Origin Harassment**

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

#### **Disability Harassment**

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's

physical, mental, emotional or learning disability and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

### Reporting Procedures

Students and all other members of the School District community, as well as third parties, are encouraged to promptly report incidents of harassing conduct to a teacher, administrator, supervisor, or District employee or official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the District's Anti-Harassment Compliance Officer at his/her first opportunity.

Students who believe they have been subjected to harassment are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint will not adversely affect the complaining individual's participation in educational or extra-curricular programs unless the complaining individual makes the complaint maliciously or with knowledge that it is false.

If, during an investigation of a reported act of bullying in accordance with Policy 5517.01 – Bullying, the principal determines that the reported misconduct may have created a hostile learning environment and may have constituted harassment based on sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws, the principal will report the act of bullying to one of the Compliance Officers who shall assume responsibility to investigate the allegation in accordance with this policy.

Reporting procedures are as follows:

- A. Any student who believes s/he has been the victim of harassment prohibited under this policy will be encouraged to report the alleged harassment to any District employee, such as a teacher, administrator or other employee.
- B. Any parent of a student who believes the student has been the victim of harassment prohibited under this policy is encouraged to report the alleged harassment to the student's teacher, building administrator or District Administrator.
- C. Teachers, administrators, and other school officials who have knowledge or received notice that a student has or may have been the victim of harassment prohibited under this policy shall immediately report the alleged harassment to the Compliance Officer and the building principal or District Administrator.
- D. Any other person with knowledge or belief that a student has or may have been the victim of harassment prohibited by this policy shall be encouraged to immediately report the alleged acts to any District employee, such as a teacher, administrator or other employee.
- E. The reporting party or complainant shall be encouraged to use a report form available from the principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall not be mandated. However, all oral complaints shall be reduced to writing.
- F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, each school's building principal shall be advised to designate both a male and a female [Compliance Officer](#) ~~Complaint Coordinator~~ for receiving reports of harassment prohibited by this policy. At least one (1) [Compliance Officer](#) ~~Complaint Coordinator~~ or other individual shall be available outside regular school hours to address complaints of harassment that may require immediate attention.

#### District Compliance Officers

The Board designates the following individuals to serve as the District's "Compliance Officers" (hereinafter referred to as the "COs").

Building Principal	School Guidance Counselor
New Glarus Schools	New Glarus Schools

1701 2<sup>nd</sup> Street      1701 2<sup>nd</sup> Street  
New Glarus, WI 53574    New Glarus, WI 53574

608-527-2410      608-527-2410

The names, titles, and contact information of these individuals will be published annually:

- A. in the staff handbooks.
- B. in the School District Annual Report to the public.
- C. on the School District's web site.

A CO will be available during regular school/work hours to discuss concerns related to harassment, to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

Any Board employee who directly observes harassment of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Thereafter, the COs must contact the student, if over age eighteen (18) or the student's parents if under the age eighteen (18), within two (2) business days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the compliance officer to conduct an investigation following all the procedures outlined in the complaint procedures.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a visitor to the District, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin review and investigation or the CO will designate a specific individual to conduct such a process. The CO will prepare recommendations for the District Administrator or will oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of harassment that are reported to them to the Compliance Officer as soon as possible, but always within no more than two (2) calendar days of learning of the incident.

### **Investigation and Complaint Procedure**

Any student who believes that s/he has been subjected to harassment may seek resolution of his/her complaint through the procedures described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of harassment was substantiated are set forth below.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

### **Complaint Procedure**

A student who believes s/he has been subjected to harassment hereinafter referred to as the "complainant", may file a complaint, either orally or in writing with a teacher, principal, or other District employee at the student's school, the CO, District Administrator, or other District employee who works at another school or at the District level. Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a complainant informs a teacher, principal, or other District employee at the student's school, the CO, District Administrator, or other District employee, either orally or in writing, about any complaint of harassment, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process as described herein, the CO should keep the parties informed of the status of the investigation and the decision making process.

All complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or to be actively engaging in, harassment; a detailed description of the facts upon which the complaint is based; and a list of potential witnesses.

If the complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the complainant from further harassment or retaliation including but not limited to a change of class schedule for the complainant or the alleged harasser, or possibly a change of school for either or both of the parties. In making such a determination, the Compliance Officer should consult the District Administrator prior to any action being taken. The Complainant should be notified of any proposed action prior to such action being taken.

As soon as appropriate in the investigation process, the CO will inform the individual alleged to have engaged in the harassing conduct, hereinafter referred to as the "respondent", that a complaint has been received. The respondent will be informed about the nature of the allegations and a copy of these administrative procedures and the Board's anti-harassment policy shall be provided to the respondent at that time. The respondent must also be provided an opportunity to respond to the complaint.

Within five (5) business days of receiving the complaint, the CO will initiate a formal investigation to determine whether the complainant has been subject to offensive conduct/harassment. A principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Although certain cases may require additional time, the Compliance Officer will attempt to complete an investigation into the allegations of harassment within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the complainant;
- B. interviews with the respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in Board policy and State and Federal law as to whether the complainant has been subject to harassment. In determining if harassment occurred, a preponderance of evidence standard will be used. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. The CO may consult with the Board Attorney before finalizing the report to the District Administrator.

Absent extenuating circumstances, within ten (10) business days of receiving the report of the CO, the District Administrator must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the complainant and the respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) business days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the complainant feels that the decision does not adequately address the complaint s/he may appeal the decision to the State Superintendent of Public Instruction.

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

### **Additional School District Action**

If the evidence suggests that the harassment at issue is a crime or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the CO or District Administrator shall report the harassment to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

Any reports made to the local child protection service or to local law enforcement shall not terminate the CO's obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the District Administrator.

### **Confidentiality**

The District will make all reasonable efforts to protect the rights of the complainant and the respondent. The District will respect the privacy of the complainant, the respondent, and all witnesses in a manner consistent with the District's legal obligations under State and Federal law. Confidentiality cannot be guaranteed however. All complainants proceeding through the investigation process should be advised that as a result of the investigation, the respondent may become aware of the complainant's identity.

During the course of an investigation, the CO will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the CO in accordance with the Board's records retention policy ([see Policy 8310](#)). Any records which are considered student records in accordance with the state or Federal law will be maintained in a manner consistent with the provisions of the law.

### **Sanctions and Monitoring**

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable law. When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

### **Reprisal**

Submission of a good faith complaint or report of harassment will not affect the complainant's status or educational environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.

The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

### **Education and Training**

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator will develop a method of discussing this policy with the School District community. Training on the requirements of non-discrimination and the appropriate responses to issues of harassment will be provided to the School District community at such times as the Board in consultation with the District Administrator determines is necessary or appropriate.

This policy shall be reviewed at least annually for compliance with local, State, and Federal law.

The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address and telephone number of the [Compliance Officers](#)~~Complaint Coordinators~~, the name, mailing address and telephone number of the State agency responsible for investigating allegations of discrimination in educational opportunities, and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights.

A summary of this policy shall appear in the student handbook and shall be made available upon request of parents, students, and other interested parties.

#### 5540 - THE SCHOOLS AND GOVERNMENTAL AGENCIES

The Board of Education is committed to maintaining the educational atmosphere of the schools and restricting access by individuals not part of the school system but also recognizes its responsibility to cooperate with law enforcement agencies and its need for assistance from law enforcement in certain circumstances.

When law enforcement requests permission to interview a student at school, the District Administrator or building administrator shall be contacted prior to any further action by law enforcement. The administrator shall determine whether it is appropriate to provide access to the student based on the officer's purpose, whether the officer has stated that there is an emergency involving imminent threat, or that the officer is in possession of a valid warrant. A warrant shall be deemed valid if executed by a judicial officer and describes the school premises.

If law enforcement is contacted by the administration for assistance, administration shall maintain the lead role in the investigation and shall be present or contact a parent to be present for any interview to the extent reasonable.

When an agency requests permission to remove a student, or does remove a student without prior permission, the building administrator shall notify the District Administrator.

Law enforcement investigations on school premises fall into two (2) primary categories. First, some investigations will occur at the request of school administration due to suspicion of a violation of school policy that may also be criminal. Second, law enforcement investigations may occur without the initiation of school officials and may or may not involve activity on school grounds.

Different procedures are to be followed in each instance as outlined below:

##### A. By law enforcement personnel, on request of school authorities

1. An administrator may exercise his/her discretion in determining whether to request assistance of [law enforcement police](#) in investigating a crime, or allegation of a crime, committed in his/her school building or school grounds during school hours. If assistance is so requested, it shall be directed to the local law enforcement agency and the administration shall remain the primary investigator with assistance from law enforcement. When determining whether to contact law enforcement, a school administrator shall consider the mandatory reporting requirements of Section 48.981 in the event the allegations involve suspected child abuse or neglect.
2. If the administrator requests assistance, a [law enforcement police](#) officer may conduct an investigation within the school building and interview students as witnesses in school during the school day. Administrators shall take steps to assure that students are not removed from classes if at all possible. The administrator shall be present during the interview unless the law enforcement officer, student or his/her parent requests that the school official not be present. The student may request other representation such as legal counsel. If a student requests legal counsel, the administrator will make an effort to contact the parent(s) and the student will be put in custody of the [law enforcement agency police](#). The administrator shall attempt to contact the parent(s) of any student prior to questioning by [law enforcement police](#). A decision whether to take a student into custody is the decision of the [law enforcement officer police](#).
3. If the investigation focuses on a particular student as a prime suspect of crime, the administrator and the [law enforcement police](#) officer shall abide by the guidelines with respect to any interrogation, search and arrest. Once law enforcement is involved in an investigation of possible criminal activity on school grounds, assuring that the

constitutionally protected rights are respected during the investigation process is the law enforcement officers' responsibility.

4. School officials shall assist and cooperate in investigations as requested by law enforcement and consistent with District responsibility to maintain the confidentiality of student records under State and Federal law.

#### B. By law enforcement personnel without request of school authorities

1. **Law enforcement** officers will be asked to make every effort to interview students outside of the school hours and outside of the school setting in those cases where assistance has not been requested by school authorities. This procedure will not apply to circumstances where a serious crime may be involved, or where imminent threats to persons or property may be involved or where law enforcement states that it is not feasible to interview the student outside of school due to the nature of the investigation and that they are not able to provide specific information substantiating the need to immediately interview the student.
2. If **law enforcement** deem it absolutely necessary to interview a student at school, the law enforcement personnel shall first contact the administrator regarding the planned visit and inform the administrator of the circumstances that require him/her to investigate within the school and obtain his/her approval to interview a student during school hours. The police officer shall not commence his/her investigation until such approval is obtained. The law enforcement personnel may appeal to the District Administrator if it is deemed that approval was unreasonably withheld.

The administrator shall make every effort to maintain the privacy of the student.

3. Accordingly, the administrator shall do the following:

Request that the student be pulled out of class by a school administrator, rather than a police officer, if necessary.

4. If law enforcement officer is in possession of a **valid warrant**, school officials shall in no way interfere with the officer's execution of the warrant. A warrant shall be considered "valid" if it accurately describes the school facility and is executed by an authorized judicial official. District officials shall not attempt to evaluate the sufficiency of probable cause upon which the warrant is based.

In the event a law enforcement officer seeks to execute a warrant on school grounds, the officer is to be directed to building administration. The administration shall attempt to assist in executing the warrant by directing the student to report to the office. The school administration shall then (1) contact the student's parent if the student is a minor; and (2) contact the District Administrator. This process shall be followed unless the law enforcement official states that s/he has reason to believe that the subject of the warrant poses an immediate threat to the health and safety of others while in the school. In such a case, school officials shall grant access to the facility for execution of the warrant.

## 5610 - SUSPENSION AND EXPULSION

The Board of Education recognizes that exclusion from educational programs of the School District, by suspension or expulsion, is a substantial sanction and that such action must comply with the student's due process rights.

### SUSPENSION

For purposes of this policy, "suspension" shall be the short-term exclusion of a student from a regular District program.

The District Administrator, the principal, or a teacher designated by the District Administrator may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days, or ten (10) consecutive school days for each incident if the student is eligible for special education services under Chapter 115, Wis. Stats.

The suspension must be reasonably justified based upon the grounds authorized under Sec. 120.13, Wis. Stats., which include, but are not limited to: noncompliance with school rules or Board rules; knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; conduct by the student while at school or while under the supervision of a school authority that endangers the property, health, or safety of others; conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of others at school or under the supervision of a school authority; or conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of any employee or School Board member of the District in which the student is enrolled.

The District Administrator, the principal, or a teacher designated by the School District Administrator shall suspend a student if the student possessed a firearm, as defined in 18 U.S.C. 921(a)(3), while at school or while under the supervision of a school authority.

The parent of a suspended minor must be given prompt notice of the suspension and the reason for the suspension. The student's suspension from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of the student records. The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with the District Administrator, who shall be someone other than a principal, administrator or teacher in the suspended student's school, to discuss removing from the student's records reference to the suspension. Reference to the suspension on the student's school record shall be removed if the District Administrator finds that: the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension.

A suspended student shall not be denied the opportunity to take any quarterly, semester, or grading period examinations or to complete course work missed during the suspension period. Such work shall be completed pursuant to the procedures established by the Board.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The Homeless Coordinator will assist administration and the student's parents or guardian in correcting conduct subject to disciplinary action that is caused by homelessness.

### EXPULSION

Under this policy, expulsion shall mean the Board will not permit a student to attend school at all, [including any school-sponsored events or activities](#), for a specified period of time. If the student is expelled, the Board will determine the length of the expulsion period, which may extend at a maximum to the student's 21<sup>st</sup> birthday. [The Board's expulsion order may include](#)

the opportunity for the student to return to school prior to expiration of the term of expulsion under a specified set of early reinstatement condition(s) which are related to the conduct for which the student was expelled. The condition(s), once set forth in an expulsion order, shall be administered at the discretion of the District Administrator who shall have the authority to deny early reinstatement if any early reinstatement condition is not met prior to reinstatement or to revoke it for the remainder of the expulsion period if any enrollment conditions applicable to the student's attendance during a period of expulsion under early reinstatement, or conditional enrollment, are deemed by the District Administrator to have been violated. The decision to revoke a student's conditional enrollment shall be explained in writing. The student or student's parent may request a conference with the District Administrator within five (5) school days of a decision to revoke early reinstatement. The District Administrator shall meet with the student and/or parents within five (5) school days of a request. The District Administrator's decision is final.

The District Administrator may designate another School District employee to perform the functions pertaining to a student's early reinstatement, but may not designate someone that is an administrator or teacher in the student's school.

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and only when the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school while under the supervision of a school authority that endangered the property, health, or safety of others; engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health, or safety of others at school or under the supervision of a school authority or endangered the property, health, or safety of any employee or Board member of the School District in which the student is enrolled; or was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion. For purposes of this policy, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The School Board shall hold an expulsion hearing in the event a student is in possession of a firearm while at school or under the supervision of school authorities and shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, as defined in 18 U.S.C. 921(a) (3), unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing. This does not include any circumstance in which a student possessed a firearm while lawfully hunting on school forest land.

The District shall refer any student who brings a firearm (as defined in 18 U.S.C. 921(a)(3)) or a weapon to school to law enforcement.

As required by 20 U.S.C. 7151, the District Administrator will ensure that the following information is sent to the Wisconsin Department of Public Instruction: a copy of this policy; a description of the circumstances surrounding any expulsion(s) for violating the above- stated firearms policy; the name of the school; the number of students expelled; and the types of firearms involved.

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the hearing must be sent separately to both the student and if the student is a minor, to his/her parent(s) or guardian(s). The notice must be sent at least five (5) days prior to the date of hearing, not counting the date notice is sent. The notice must also satisfy the requirements of Sec. 120.13(1) (c)4, Wis. Stats.

An expelled student or, if the student is a minor, the student's parent(s) or guardian(s) may appeal the Board's expulsion decision to the Wisconsin Department of Public Instruction. An appeal from the decision of the Department may be taken within thirty (30) days to the circuit court for the county in which the school is located.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The District will not expel a homeless student for conduct that is caused by the student's homelessness. The Homeless Coordinator will assist administration and the student's parents or guardians in correcting conduct subject to disciplinary action that is caused by homelessness. If the conduct in question is determined not to be caused by the student's homelessness, the District shall proceed with expulsion proceedings as outlined in this policy.

## 5771 - SEARCH AND SEIZURE

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

### School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The District retains ownership and possessory control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official. The Board directs the school principals to provide students with written notice of this policy at least annually and that routine inspections be done at least annually of all such storage places.

The Board directs that the searches may be conducted by the District Administrator, Police Officer, and Dean of Students.

### Student Person and Possessions

The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion that the search will turn up evidence that the student has violated or is violating either a particular law or a particular rule of the school. Any search under this paragraph must be reasonable in scope and reasonable in the manner in which it is conducted. The extent of the search will be governed by the seriousness of the suspected infraction, the student's age and gender, the student's disciplinary history, and any other relevant circumstances or information. The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the result indicates a violation of school rules as described in the student handbook, the disciplinary procedure described in the student handbook will be followed. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with the student handbook.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

In a situation in which a search of a student's person or possessions is appropriate, school administrators should first attempt to contact the school ~~resource~~liaison officer to conduct the search under the administrator's direction. If the officer is not available, the administrator may proceed with the search, unless the information justifying the search suggests that the student is in possession of dangerous materials whereby the expertise of law enforcement is necessary. In such a case, the school official shall contact law enforcement and request their assistance.

Under no circumstances shall a school official ever conduct a strip search of a student.

### Parking Permit Required

Permission for a student to bring a vehicle on school property shall be conditioned upon written consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of a particular law, a school rule, or a condition that endangers the safety or health of the student driver or others. If an administrator determines a search is necessary, he or she should request consent to search the

vehicle and all containers inside the vehicle. If consent is not given, a school administrator may proceed with the search. An administrator may contact the police liaison officer or law enforcement agency for assistance in conducting a search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal. S/He shall attempt to obtain the freely-offered, written consent of the student to the inspection; however, provided there is reasonable suspicion pursuant to the above paragraphs, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable suspicion that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and in a manner that is minimally intrusive to the student based on the reasonable suspicion justifying the search.

### **Use of Dogs**

The Board authorizes the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property under the following conditions:

- A. The presence of the dogs on school property is authorized in advance by the District Administrator, except in emergency situations, or is pursuant to a court order or warrant.
- B. The dog must be handled by a law enforcement officer or certified organization specially trained to safely and competently work with the dog.
- C. The dog is represented by the Sheriff or Chief of the law enforcement agency providing the service as capable of accurately detecting drugs and/or devices.

The Administration shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

The District Administrator may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the District Administrator, the search shall be conducted by the law enforcement officers at the direction of a District official. ### 5830 - **STUDENT FUNDRAISING**

The Board of Education acknowledges that the solicitation of funds from students must be limited since compulsory attendance laws make the student a captive donor and may also disrupt the program of the schools.

For purposes of this policy "student fundraising" shall include the solicitation and collection of money from students for any purpose and shall include the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities.

The Board will permit student fundraising by students in school, on school property, or at any school-sponsored event only when the profit therefrom is to be used for school purposes or for an activity connected with the schools. The Board requires that fundraisers by student clubs and organizations that involve the sale to students food items and/or beverage that will be consumed on campus, the food and/or beverages items to be sold comply with the current USDA Dietary Guidelines for Americans and the Smart Snack Rules. Each student organization shall be permitted two (2) fundraising exceptions per school year where foods and beverages that are not allowable under the Smart Snack Rules can be sold. If approved, fundraisers that involve the sale, to students, of food items or beverages to be consumed on District property shall not compete directly with the sale of reimbursable meals.

Fundraising by approved school organizations, those whose funds are managed by the District, may be permitted in school by the Principal.

Fundraising off school grounds may be permitted by the District Administrator.

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extra-curricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free, appropriate, public education to any students in the classroom may be permitted, but only with the specific approval of the Superintendent.

Fundraising by students on behalf of school-related organizations whose funds are not managed by the District may be permitted on school grounds by the District Administrator. If the fundraising activity will involve students under age twelve (12), such students' parents must provide written permission for the student to participate in the fundraising activity. Any student under nine (9) years of age, or each group containing one (1) or more students under nine (9) years of age, must be physically accompanied by a parent or a person at least sixteen (16) years of age.

All other fundraising shall be done in accordance with Board Policy 9700.
