I. FY12 Budget Workshop

# Granby Board of Education Budget Workshop

March 9, 2011

## Question

Are we increasing our cost per student given level funding (0%)?

## Response

Yes. Our approximate spending per pupil will raise from \$11,910 to \$12,154 per student. We will still be in the bottom 25% when compared against the DRG FY10 spending rates.

## Question

Class size is projected to be below BOE guidelines in all grades and in many grades is lower than previous years. Can any savings be derived by increasing at least to BOE minimums?

## Response

Yes, however, this budget consciously tries to protect class sizes at the primary level.

## Question

What is our policy on teaching assistants?  
Is there a teaching assistant in every class?

## Response

There is no policy that places TAs in every classroom. Our practice provides TAs in each kindergarten class. First grade and second grade classes share TAs.

## Question

Can you provide the data on employee headcounts for the last four years and next years by budget and by category (i.e. administrators, teachers, TAs, custodial, main office, etc.?)

## Response

The change in total FTEs from FY09 to FY12 has been reduced by -3%.

## Question

The Board discussed exploring the leasing of buses last year. Are we planning on leasing or purchasing in FY12?

## Response

The Board did have discussions about leasing buses as part of last year's budget discussions but there was no decision to change this long-standing practice.

## Question

Can we charge for magnet and other non-Granby school choice options?

## Response

No.

## Question

Why the large (8.7%) increase in substitute teachers?  
Is this PLC related?

## Response

The line item was calibrated back to FY10 actual usage (\$145K) and increased by an additional \$7,000 to reflect the new curriculum writing process. This line item was offset by a decrease of \$7,000 in purchased services instructional.

## Question

Why the large increase in transportation costs?

## Response

There is a 3% contract increase in daily bus rates in addition to the increase in fuel prices. An increased cost in special education transportation is driven by placements and IEPs.

## Question

Why the increase in administrative supplies but decrease in regular education supplies?

## Response

This increase in Central Services supplies is offset by decreases in Central Services postage and textbooks (\$3400).
