X.B. Board Policy IGDA - Student Organizations - Revised - Second Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: October 8, 2012

FOR ACTION

SUBJECT:

Board Policy—IGDA—Student Organizations—Revised—First Reading
Board Policy—IGDJB—Community Sponsored Club Sports—New—First Reading

Issue:

Board Policy IGDA—Student Organizations was originally adopted in 1999. This policy has been reviewed by building principals and district office staff. The district encourages curriculum-related student organizations. District staff facilitate such organizations and district resources may be used to support them. The district also may support student organizations which are not directly curriculum related. An administrative regulation—IGDA-AR—Student Organizations has been developed and specifies the criteria and procedures for the formation and conduct of district sponsored and non-district sponsored student groups and their use of district facilities.

In addition, a new board policy—IGDJB—Community Sponsored Club Sports and accompanying administrative regulation have been developed to address the issue of community sponsored club sports that are non-private and school recognized. We recognize the value of community sponsored club sports and their benefit to Corvallis students and the community. Community sponsored club sports are independent from and receive no funding, in-kind services, or supervision from the Corvallis School District.

Options Considered: Not revising the policy.

Involvement: Building principals, risk management, district office staff.

Consequences: Guidelines for student organizations would remain unclear.

Cost Impact: Unknown.

ACTION REQUESTED: Adopting the policies.

CONTACT PERSON(S): Kevin Bogatin, Melissa Harder, Alicia Ward-Satey, Kerry Richey

Student Organizations

The district encourages curriculum-related student organizations. District staff will facilitate such organizations and district resources may be used to support them. The district also may support student organizations which are not directly curriculum related. An administrative regulation shall specify the criteria and procedures for the formation and conduct of district sponsored and non-district sponsored student groups and their use of district facilities.

~~The building principal will develop general guidelines for student organizations.~~ Among other provisions, such regulations guidelines will require the assignment of at least one staff advisor to each student organization and strict adherence to the following restrictions:

- Normal class activities shall not be interrupted;
- The meeting shall not incite hazard to person or property;
- No group which encourages or advocates the violation of federal laws, state laws, or school laws shall be granted use of school facilities;
- No speaker who encourages or advocates breaking the law shall be invited to speak.

Voluntary student-organized clubs which are not curriculum related may meet on school premises during noninstructional time. If the content of such a club's meetings is religious, political, or philosophical in nature, school staff may attend only in a nonparticipatory manner. Staff may be assigned to attend such meetings for custodial purposes only, but will not be compelled to attend a meeting if the content of the speech at the meeting is contrary to that person's beliefs.

The federal Equal Access Act prohibits discrimination against school student-initiated and controlled groups which are:

- Of a political, philosophical, or religious nature;
- Not directly related to the school curriculum and which meet before or after school hours.

These student groups, though not district sponsored, shall have the same opportunity to use district facilities as other non-curriculum-related student groups, subject to the right and obligation of the district to maintain order and discipline on district premises, to protect the well being of students and staff, and to ensure that participation by students is voluntary.
