VI. NAMING OF CHS SOFTBALL FIELD

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board
Prepared by: Matt Boring and Blake Rodman
MeetingDate: August 15, 2016

Name CHS Softball Facility Will Keim Field

ACTION REQUESTED

Background

The school board received this proposal at its June 20, 2016, meeting. Matt Boring, Corvallis High School Principal, and Blake Rodman, former school board member and parent of three Corvallis School District graduates, presented the proposal on behalf of the CHS and Corvallis softball communities and with the approval of the Keim family.

Will Keim was a former assistant CHS softball coach, a vocal longtime booster of CHS softball, and a tireless advocate for Title IX compliance at CHS and throughout the district. Over the past 10 years, Will played a key role in the development, upgrade and maintenance of the CHS softball field and facilities, investing countless hours and thousands of his own dollars. Sadly, Will Keim died on June 1, 2016, after a two-year battle with cancer.

Will's wife, Donna, says that "baseball was his love, until he met softball," when his daughter Sami started playing the sport in 6th grade. Within a year, he was the assistant coach on Sami's Corvallis little league team. When Sami began playing high school softball as a freshman in 2005, Will began coaching the little league team of his youngest daughter, Hannah. His new mission in life was to get girls interested in softball.

Will's involvement in high school softball began as a parent booster when Sami started playing her freshman year at CHS. But he soon became concerned when he saw that the team was playing on a substandard field behind Franklin Elementary School. The surface was grooved and uneven and there was no outfield fence, no electronic scoreboard to keep track of balls, strikes and outs, and no dugouts for the teams. To make matters worse, Will only needed to peer over the fence toward the boys' field, one of the best high school baseball facilities in the state, with its grandstand, electronic scoreboard, flush toilets, concession stand, press box, PA system, dugouts, lights, and a name, Taylor Field. As Sami's team took their "field" in their hand-me-down volleyball uniforms, in the shadow of Taylor Field, Will, as Donna recalls, "went crazy with that." And then there was no stopping him.

Corvallis

SCHOOL DISTRICT

When the new Corvallis High School opened in 2006, the site for the new softball field was occupied by rubble from the old building. For most of the next decade, Will was involved on two crucial fronts: He worked hard to ensure that the new field would meet appropriate softball specs and safety standards, and that it would meet Title IX requirements, making it comparable to the boys' playing facilities. In 2012, when Sami took over as CHS softball coach, she enlisted Will as her assistant coach and head groundskeeper. Will encouraged parents and students to raise money for a scoreboard and other needed materials and work. He organized work parties to remove old building debris from the infield and spearheaded a plan to add an adequate drainage system for the infield and outfield. Will was also instrumental in getting the right dirt for the infield, additional turf for the outfield, and a permanent outfield fence. Among many other things, Will even purchased, out of his own pocket, a rain tarp and a 4-wheel ATV so that he could drag his dry, debris-free dirt infield. Finally, in 2013, the CHS softball team was able to play a complete season on its "new" field.

It was Will's strong belief that the girls deserved a softball facility every bit as nice as Taylor Field. While great progress has been made, naming the CHS softball field after Will Keim will be a perpetual reminder that Title IX is not about goals or good intentions. Title IX is about equity.

School Board Policy FF–Naming or Renaming of Facilities or Areas grants authority to the Board to name facilities or portions of facilities according to specific criteria outlined in the administration regulation, FF-AR.

Involvement

Matt Boring, Corvallis High School Principal, and Blake Rodman, parent of three Corvallis school district graduates and former school board member, acting on behalf of the CHS and Corvallis softball communities and with the approval of the Keim family.

Cost Impact

There will be no cost to the District. Fundraising will be carried out in order to purchase signage.

Name the Corvallis High School softball facility in honor of Will Keim.

VII. SPECIAL REPORTS

VII.A. School Health Navigators Update

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board

Prepared by: Amy Lesan, Teaching & Learning Coordinator

Meeting Date: August 15, 2016

School Health Navigators Update

NO ACTION REQUIRED

I. School Navigator Pilot Summary

In partnership with Benton County Health Services (BCHS), we are fortunate to have school health navigators. Briefly, navigator details include:

- Three health navigators (“school navigators” “SNs”) placed into schools in the Corvallis School District at:
 - Lincoln Elementary School
 - Garfield Elementary School
 - Linus Pauling Middle School
- SNs work with parents and families of students to help them access health, social service, and community resources.
- SNs can work with any family, but initially focused on Latino families.

II. Pilot Results and Data

As part of the ongoing data collection and study, feedback was sought from teachers, administrators, and families. Families and school staff have been very positive about the presence of School Navigators; some of their quotes are included at the end of this report. School Navigators work with families “beyond the school walls.”

The primary method of data collection includes tracking the number of times the SN works with a family, called a “touch.” Examples of touches include:

- Accessing community resources
- Coordinating care
 - Dental, vision, other medical service
 - Information management
- Education provided:
 - One-on-One or Group setting
- Language services
- Medicaid eligibility assistance
- Transportation assistance
- Warm hand-off (from provider to HN)

Tracking the touches from August 2015 through May 2016, we have the following data:

III. Plans for 2016-17 and Beyond

We are utilizing a three-pronged funding stream between stakeholders to “bridge the 2016-17 gap” as we gather data and continue to develop other strategies. The cost to the District is approximately \$110,000.

We are currently working with the Traditional Health Worker (THW) Subcommittee, the Intercommunity Health Network-Coordinated Care Organization (IHN-CCO), and other THW pilot programs to explore future funding to sustain this important program. We are standardizing touch tracking and using the same tools across pilot programs.

We are exploring other possible funding including:

- Northwest Health Foundation
- Robert Wood Johnson Foundation
- Action for Healthy Kids
- Salud America!
- Conversations with OHA (Oregon Health Authority) in Corvallis

Local Option Levy Renewal

Questions and Answers

What is the local option levy?

In the fall of 2006, voters approved the current local option levy which has provided the Corvallis School District with additional funding over the past nine years. The current levy will expire in June, 2017. Renewing the levy would extend the existing levy for another five years.

Why does CSD need a levy?

The state doesn't fully fund district operations and programs. Local districts may make up the shortfall through school levies. Currently, the levy funds \$4.2 million for school operations. Local option levy funds made up about 6.5% of the district's operating funds in 2015-16 and paid for the equivalent of 50 teaching positions.

How would the funds be used?

The Corvallis School District will use the revenue from this measure to fund teachers at all schools to sustain class sizes; instructional coaches to improve teaching and learning; music, physical education and art instruction for elementary students; vocational and technical education opportunities; counseling for students; and support for high school athletics and activities.

What would happen if the levy is not renewed?

The budget for staffing would be reduced by the equivalent of 50 teaching positions, resulting in larger class sizes and reduced funding for the arts and PE, athletics, counseling, and vocational training programs for students.

How much would this cost?

There is no change from the current rate. This measure would continue the existing levy rate for another five years. At the current levy tax rate of \$1.50/\$1,000 in assessed value (not market value), a homeowner whose home is assessed at \$275,000 pays about \$34 a month in levy taxes.

When would this measure take effect?

The local option renewal would extend the existing levy and take effect for another five years beginning in 2017-18.

How is a levy different than a bond?

Levies pay for basic education programs and services for the day-to-day operations of schools. Levy funds bridge the gap between state and federal funding and what it actually costs to run our district.

Bonds are used for buildings and facility upgrades. In 2002, voters approved an \$86 million bond measure to provide funds for two new school buildings, facility repairs, and improvements. In 2016, we began a review of the CSD Facilities Master Plan with a focus on educational design to plan for the future of learning in Corvallis. This process resulted in guiding principles for a possible bond measure in the next three to five years.

When is the election?

The Local Option Renewal measure will be on the ballot in the November 8, 2016 election. Ballots for this election are expected to be mailed beginning October 19, 2016.

CORVALLIS SCHOOL DISTRICT LOCAL OPTION LEVY

Levy renewal would continue local funding for school operations without raising the tax rate

Originally approved by voters in 2006 | Renewed in 2010

Under Oregon's property tax law, a local option levy gives individual communities the ability to supplement state funding for their local schools. The current local option levy expires in 2017.

IMPACT OF LEVY

The local option levy currently provides about \$4.2 million per year, equivalent to about 50 teaching positions. Without the levy, the district would need to reduce its operating budget by about 6.5%.

Ballot Measure 2-97 would renew the local option levy at the same tax rate for another five years, through 2022.

HOW WOULD LEVY FUNDS BE SPENT?

Preserve current class sizes

Improve teaching and learning practices

Music, physical education, and art instruction

Vocational and technical education

High school athletics and activities

More counseling support for students

WHAT IS THE COST?

no change from current rate
\$1.50 maximum per \$1,000 of assessed value

Due to Oregon's property tax limits, owners of each property pay a different amount, depending on the difference between the assessed value and the real market value.

To see how much you pay, check your 2015 tax statement and look for "Corvallis SD 509J LO 2012". If the levy is renewed, you would continue to pay about the same amount. Changes in your property's real market value and/or assessed value may affect the amount of your taxes.

Register to vote by October 18. Ballots will be mailed to voters beginning October 19. Completed ballots must be returned to Benton County Elections or a ballot drop box by 8 p.m. on

BOARD MEETING DATE: August 15, 2016

FOR INFORMATION

SUBJECT: Board Policy JBB—Educational Equity—New—First Reading

This policy has been reviewed by educational specialists from the Oregon Department of Education's Equity Unit and the Oregon Leadership Network Steering Committee.

Options Considered: Not adopting the policy.

Involvement: District office staff.

Consequences: Although not required by law this policy supports our equity philosophy.

Cost Impact: Unknown.

CONTACT PERSON(S): Ryan Noss, Kerry Richey

Educational Equity

The district is committed to the success of every student in each of our schools. For that success to occur, the district is committed to equity by recognizing institutional barriers and creating access and opportunities that benefit each student. “Achieving equity” means students’ identities will not predict or predetermine their success in school.

Educational equity is based on the principles of justice in allocating resources, opportunity, treatment and creating success for each student.

Educational equity promotes the real possibility of equality of educational results for each student and between diverse groups of students. Equity strategies are intentional, systemic, and focused on the core of the teaching and learning process.

To achieve educational equity, the district will commit to:

1. Systematically using districtwide and individual school level data, disaggregated by race, ethnicity, national origin, language, special education, sex, socioeconomic status, and mobility¹ to inform district decision making,.
2. Raising the achievement of all students while narrowing the gap between the lowest and the highest performing students.
3. Eliminating the predictability and disparity in all aspects of education and its administration, including but not limited to, the disproportionate representation of students by race, poverty, sex, sexual orientation², and national origin in discipline, special education, and in various advanced learning.
4. Graduating all students ready to succeed in a diverse local, national, and global community.

In order to achieve educational equity for each and every student:

1. The district shall provide every student with equitable access to high quality curriculum, support, facilities, and other educational resources, even when this means differentiating resource allocation.

¹These are data categories that the Oregon Department of Education collects.

²“Sexual orientation” is defined by Oregon Revised Statute (ORS) 174.100(7) to mean an individual’s actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual’s gender identity, appearance, expression, or behavior differs from that traditionally associated with the individual’s sex at birth.

2. The district shall review existing policies, programs, professional development, and procedures for the promotion of educational equity, and all applicable new policies, programs, and procedures will be developed with educational equity as a priority.
3. The district shall actively work toward a balanced teacher and administrator workforce to reflect the diversity of the student body. The district seeks to recruit, employ, support, and retain a workforce that includes racial, sex, and linguistic diversity, as well as culturally responsive administrative, instructional, and support personnel.
4. The district shall provide professional development to strengthen employees' knowledge and skills for eliminating opportunity gaps and other disparities in achievement.
5. The district shall create schools with a welcoming, inclusive culture and environment that reflects and supports diversity of the student population, their families, and their community.
6. The district shall include partners who have demonstrated culturally specific expertise, including but not limited to, families, government agencies, institutions of higher learning, early childhood education organizations, community-based organizations, local businesses, and the community in general in meeting our high goals for educational outcomes. The district shall seek to involve students, staff, families, and community members who reflect district demographics to inform decisions regarding the narrowing of the achievement and other opportunity gaps.
7. The district shall provide multiple pathways to success in order to meet the needs of the diverse student body and shall actively encourage, support, and expect high academic achievement for each student.
8. The district shall provide materials and assessments that reflect the diversity of students and staff and are geared toward the understanding and appreciation of culture, class, language, ethnicity, poverty, ability, and other differences that contribute to the uniqueness of each student and staff member.

The superintendent shall include equity practices in the district's strategic plan strategies to implement this policy. The superintendent will report to the Board the progress of the strategic plan.

Board members provided brief updates regarding the District work groups with which they liaise and the activities they attended throughout the District.

IV. SUPERINTENDENT'S REPORT

Dr. Prince provided a slide show of memories from her five year tenure with the District.

V. PUBLIC/STAFF COMMENT

Joe Haberman, 6430 NW Sisters Place, Corvallis, is a physician who had mailed a letter to each Board member in May regarding the health benefits of Ultimate (Frisbee). He encouraged the Board to fund a coaching position for the sport. He noted that his perspective on the sport changed after watching his kids play for CVHS and CHS. He said that last August, Ultimate was made an official Olympic sporting event; the sport offers excellent cardiovascular benefits

without the downside of chronic traumatic encephalopathy, which is a form of neurodegeneration associated with repeated injuries to the brain that can happen with other sports such as football.

Colleen Llewellyn, 3055 SW Morris Avenue, Corvallis, is the coach of the CHS Ultimate team. She said that there has been a 150% increase in participation over the last four years. She said that four of the team members were valedictorian candidates and one was a salutatorian candidate; the sport tends to attract students with a high academic standard. She noted that two former 509J students played at the world championship and two existing students will be playing this summer. She said she has been working hard to attract coaches, adding that the stability of the program is directly related to the stability of the coaching. She welcomed any support that the Board could offer to keep the sport alive for future students.

In response to questions from Board members, Dr. Haberman and Ms. Llewellyn provided the following information:

- The only contact between players of Ultimate would happen if they went for a disc and collide; however, usually that's their bodies. I've only seen one concussion; it's rare but it is a possibility.
- Eight or nine schools in Oregon have Ultimate teams but the sport is being developed in Portland and I expect the participation to explode.
- Regarding the availability of coaches, it's hard for people who have jobs to get off work for a 3:30 practice, especially if they aren't getting paid; coaches of other team sports in the district receive compensation.
- Probably the participation rate will drop for a few years because there was only one middle school program; it then stopped. But Ultimate is beginning to return as a middle school program.
- I've had a lot of training in neurophysiology; I used to love boxing but now can't stomach watching it.
- I love football but this is the sport to replace football. Players are playing four games a day and could play six to eight games in a weekend.
- There will come a time when you can't support football anymore because of the danger for the students.
- I was a player for about 20 years. We have a community of people to draw from for coaching; even teachers in the district. I believe potential coaches will come out of the woodwork when Ultimate becomes a school sport.

Vice Chair Sauret noted that Ultimate is a fairly low cost sport. He said he has watched a match before and the players displayed incredible athleticism.

Director Newsham said that OSAA (Oregon School Activities Association) can be petitioned to recognize Ultimate as a sport if 50 schools are interested in it. He referenced the policy regarding club sports, which is on the Board's agenda tonight. He said that he volunteered a

couple of years ago to keep score at the Western High School Regional Championships, which have been held in Corvallis for the last several years. He noted that at the end of each contest, the teams came together and conversed, and they rated each other for a spirit score. He added that there are no referees; players call their own penalties. He opined that it's sort of like a pickup game and is like the sport of the future.

Peg Cornell, teacher at Crescent Valley High School, read from a prepared statement, which will be filed with the minutes of this meeting. She referenced the recent announcement that Aaron McKee, assistant principal, will be moved to another school next year, and said that staff wished they would have been asked about what their students needed following the death of their fifth classmate in three years; staff would have said that one of the most important relationships for students is with Mr. McKee. Ms. Cornell noted that students will have a new principal next year as well. She said that changes were made without consideration of the students and without consultation with the people who know the students best. She asked that the decision to move Mr. McKee be reversed because imposing another loss on the students completely disregards their needs.

Corvallis High School students, Courtney Rouleau, Katie Sinclair, and Olyvia Childress (2016 graduate) spoke regarding their late softball coach, Will Keim, and the proposal to name the CHS softball field in his honor. They said they had often seen him working on the softball field on his personal time, and held up a rock that was representative of the many rocks and shards of metal that had been in the field before Mr. Keim dug them out. They credited him with singlehandedly fixing the field from its dangerous, unplayable condition and they reminisced about Mr. Keim's comment before the first home game after the field was complete, "It's a beautiful thing." They encouraged the Board to approve the proposal to name the field after Mr. Keim because it would be a great way to honor him; he meant a lot to everybody, not just softball players.

Malia Hee, teacher at Crescent Valley High School, read from a prepared script regarding the moving of assistant principal Aaron McKee to another school. (Ms. Hee's statement will be filed with the minutes of this meeting.) Ms. Hee said that last month the superintendent and a grief counselor visited with CVHS staff and told them to reach out whenever they needed help. She said the reason for her presence at this meeting is to tell the Board that the staff needs help; they've endured the loss of many students and the departure of their principal; the moving of Mr. McKee is unthinkable and was so shockingly abrupt that many students don't even know he won't be there next year. She added that Mr. McKee is an incredible leader and a person of support the likes of which she has never seen; the students will be asking why such a stable adult figure would be removed from their lives. She said that staff are asking *why would the very individuals whose job it is to support us during these difficult times remove a pillar of support from us?* She said that in her 20 years at CV she has never seen a school so vulnerable and shell shocked. She said that CV is in dire need right now and she asked the Board to bring back Mr. McKee.

Mark Edwards, 1810 NW 14th Street, Corvallis, said that both of his daughters graduated from CHS and one daughter played varsity softball all four of her years at that school. He spoke in support of the proposal to name the softball field after Will Keim, noting the contributions he

had made to students and his genuine desire to improve opportunities for girls in sports. Mr. Edwards said that his sense of respect for Mr. Keim as a real advocate for students and student athletes is unquestioned, and he's excited that the community could honor him in this way; it is a way for the whole community, the Board and the District to say that this is the kind of service we want to honor, that we want to celebrate this way of being in the community.

Marsha Lincoln, departing president of the Corvallis Education Association, said that this meeting is the last one she'll attend as association president. She said she has been negligent in appreciating Board members for their commitment to kids and to the staff of the Corvallis School District; she apologizes and wants to do it now. She said that before she became an association leader she had no idea of the work of school board members. That they would choose to spend their time and expertise in this way is a true gift to this community; she has appreciated the collaborative conversations, the contract negotiations, and Board members' concern when teachers brought up concerns, and she has really appreciated the candid conversations she's had with the Board Chair and Vice Chair and the superintendent.

Vice Chair Sauret said he hopes that all CEA members know how much Ms. Lincoln cared about them, how well she represented them, and her willingness to see both sides of the issues and to put kids first. He said that as a parent who's had a child go through Ms. Lincoln's class, he's sure the students would thank her for her service as well.

Chair Rochester said he greatly valued the conversations with Ms. Lincoln. He said that thanks to Ms. Lincoln and her colleagues, an extraordinary level of trust exists between the teachers and the Board. He noted that it's not an easy role to be the intermediary and he thinks Ms. Lincoln represented her membership extremely well; he thanks her for her enormous contribution to a constructive relationship with the association.

Eitan Wolf, 2016 graduate of Crescent Valley High School, referred to the testimony given earlier in the evening by CVHS teachers in support of keeping Mr. McKee at that school. Mr. Wolf said that if he had to name a single person who's most important to keeping the school happy, stable and the community that it is, it would be Mr. McKee. Mr. McKee was the person who had to break bad news to people. Instead of sending CVHS staff an email regarding the impending move, it would have been good for the Superintendent to tell them in person. He opined that the Board will receive a lot of emails from students. He said that Mr. McKee is CVHS; it is not right to take him away just as they're losing another administrator.

VI. SPECIAL REPORTS

A. Proposal to Name the Corvallis High School Softball Facility Will Keim Field

Matt Boring, Principal of Corvallis High School, and Blake Rodman, former school board member and the parent of three Corvallis School District graduates, presented.

Some of Mr. Rodman's comments included:

- We're here to ask you to name the CHS softball field after a very worthy recipient in this community.

- It was over two years ago that I first thought about naming the field after Will Keim. I had come out to the field to observe a game and I was struck by what a beautiful facility the girls were playing at. One person made it happen: Will Keim.
- It took eight years to get the field like that.
- Mr. Keim's middle daughter, Sami, was a sophomore softball player when the new CHS building was opened. There was a softball field planned there, but it was a pile of rubble.
- One day when my daughter was a sophomore and the team was trying to play on the field, she literally had to chase a pair of mallards who had made the corner of their field their home, which meant that there was no drainage in that field.
- Mr. Keim had a strong belief about complying with the requirements of Title IX, a federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity.
- Mr. Keim made a lot of people at the District Office and the school mad; part of the reason was that he was insistent not about adequate funding, good goals or good intentions, but about equity.
- The girls deserved to play on a field that was just as good as the boys have at Taylor field; Mr. Keim believed the girls shouldn't have any less than that.
- Over the years, Mr. Keim made sure the field had a built-in outfield fence, secure storage, adequate drainage, and lighting.
- Over the years I saw Mr. Keim go from frustration to anger to *I'm going to do this by myself* because, frankly, the District didn't have the money or the will to do it. Mr. Keim paid for it himself.
- If Mr. Keim were here tonight he would ask where the fresh colors, press box and public address system were, and why the field doesn't have a name.

Some of Mr. Boring's comments included:

- In the first couple of months of my tenure at CHS when I could hear Mr. Keim coming, I would have my secretary schedule another meeting *right now*.
- But we became good friends. We didn't agree on a lot of things but on Title IX and a commitment to equity around athletics, we agreed wholeheartedly.
- It was the end of my first year that there were two playoff games going on at the same time: the boys played at Taylor field; but the girls had to play on the field at Franklin K-8 School because we couldn't get the varsity field ready in time.
- I saw a substandard field and also one of the nicest facilities in the state.
- I appreciate how Mr. Keim just wanted to get things done and how it became a collaborative effort.
- I have so much respect for the way he treated the girls in the program and with a mind to their futures.

- One of the most moving things I saw was six days before he passed away. He actually went to Springfield and was able to help coach that game; it was really moving.
- We want to name the field after him as a reminder that the work on Title IX and equity is not done.
- We ask that the Board accept our proposal.

In response to a question from Director Adams, Mr. Boring said that Mr. Keim was one of the most compassionate and empathetic people he has met and that Mr. Keim had loyalty to the young people in the community. Mr. Boring added that some of Mr. Keim's most passionate stories are about CVHS athletes and what they've been able to do.

Mr. Rodman said that Mr. Keim brought people together; he was an empowering person. The Board had received the proposal prior to the meeting; Mr. Rodman referred to a photograph included in the report that showed Mr. Keim surrounded by both CHS and CV girls softball players. Mr. Rodman said that photograph sort of embodies what Mr. Keim was about and what this town is about.

An audience member said that her daughter had Mr. Keim as a coach for four years and that he touched her family so much. She said that in a speech Mr. Keim used to give a speech to students each year, he made each student feel as if they were the only person on Earth and that they were so important. She said she doesn't know anyone who's touched the community more than Mr. Keim did.

An audience member said that she volunteered to help Mr. Keim and his daughter, Sami Arnst, coach this year. The audience member said that throughout the season, Mr. Keim's health decreased so drastically; yet he went to one of their games and told them, "This is the first time I have gotten out of bed; to do what I love and to be with the girls and to coach." She opined that it would be disrespectful to not name the field after him.

Kim Patten, Facilities Director, said she remembers Mr. Keim as a man with contagious passion; once a person got to know him even a little, they would not be able to walk away without knowing his commitment to equity.

An audience member said that Mr. Keim spoke to over three million kids across the country. She reminded the Board that Mr. Keim's family still lives in the District, adding that what Mr. Keim has done will be passed down and will live on.

Mr. Rodman said that when Mr. Keim passed away, the family got cards from other teams; they respected him and liked him.

Director Ball said she is absolutely in favor of the proposal to honor someone who's been so important to the community and the high schools. She asked who would pick up where Mr. Keim left off. Mr. Boring said that all of the young women here tonight will. He said he hopes that Mr. Keim's daughter, Sami Arnst, will continue coaching for a very long time.

Mr. Rodman said that the girls who played for Mr. Keim were stronger, more powerful women because of his leadership; for the past decade you couldn't spend time around Mr. Keim without hearing about Title IX.

Director Ball said it is the Board's responsibility to pick up the banner of Title IX.

Chair Rochester said that after hearing Mr. Keim speak, "uncompromising" is the one word he'd choose to describe Mr. Keim. Chair Rochester added that it is a good thing; everybody needs to meet someone who is uncompromising.

Director Adams opined that just naming the field after Mr. Keim is insufficient; there needs to be some sort of fixed structure to the field telling people who he was and what he stood for.

VI. BUDGET ACTIONS - 2015-16 BUDGET

A. Resolution No. 16-0601 – Supplemental Budget (less than 10%) for fund 100 – General Fund (100) and Transfer of Appropriations in Fund 402 – Capital Improvement Fund

Finance and Operations Director Olivia Meyers Buch and Facilities Director Kim Patten led review of the resolution.

Some of the information they provided in response to Board member questions included:

- It is common to have these sorts of adjustments at the end of each year.
- Transportation costs increased for special needs students and homeless students.
- We transport 27 different students on individual transportation plans; sometimes via taxi, sometimes in coordination with other districts.
- Some of our students attend other districts and students from other districts attend here who need special services.
- Next year's budget takes into account transportation and facilities needs.
- Regarding the budget for capital projects, we go with whatever the State's estimate is.
- Part of the increased costs for transportation this year relates to the difficulties First Student has been having in hiring drivers; however, it's unlikely that First Student would be able to provide services for some of the needs of our students.
- The contract with First Student calls for 13 individualized routes; we currently have nine due to the driver shortage.
- The 27 students mentioned earlier are kids that attend school outside of the district; it doesn't make sense to send a route bus for these situations.

In response to a request from Director Adams, Ms. Meyers Buch committed to providing a report on transportation statistics sometime next year.

MOTION:

It was moved by Director Adams and seconded by Director McQuillan that Resolution 16-0601 be adopted to increase resources and expenditure appropriations in Fund 100 – General Fund, and to transfer appropriations within the Capital Improvement Fund as recommended. The motion was voted on and passed unanimously.

VII. PUBLIC HEARING FOR PUBLIC TESTIMONY ON THE 2016-17 BUDGET

Chair Rochester opened the public hearing but no one wished to testify. Chair Rochester then closed the public hearing.

VIII. BUDGET ACTIONS – 2016-17 BUDGET

A. Motions to Revise 2016-17 Budget

No motions were made.

B. Resolution No. 16-0602 – Adopt 2016-17 Budget, Make Appropriations, Impose Property Taxes, and Categorize Taxes

MOTION:

It was moved by Director Kemper and seconded by Vice Chair Sauret that Resolution No. 16-0602 be approved to adopt the 2016-17 budget, make appropriations, and to impose and categorize 2016-17 ad valorem taxes. The motion was voted on and passed unanimously.

X. LOCAL OPTION LEVY RENEWAL

A. Survey Results and Ballot Language

Board members discussed the results of the survey and their implications. Some of their comments included:

- Could we make mental health a higher priority or include it in the levy language? It was one of the highest “asks” in survey responses.
- Elementary art is very important.
- I think that mental health and counseling is hugely important, particularly with everything we have going on with kids. I do think people see it as important, based on the number of survey responses that were either “agree” or “strongly agree.”

- I think people don't understand what "instructional coaches" means; we should change it in the ballot language.
- We're going to make the very best faith effort to spend the money on what we promised but the levy is not exempt from financial crisis; we can't promise that the levy won't be cut because the amount of funding provided by the levy may actually be decreased.
- Historically, our list of what we'll spend levy money on is very explicit. Other districts are more general; however, this district's approach has been very successful; I believe that's what the voters expect to see.
- We need to include some of the aspects of the survey in the messaging. We need to build trust with the voters that we heard them and are responding to their concerns.

B. Resolution No. 16-0603 – Call a Measure Election to Submit to the Electors of the District the Question of Authorizing a Five-Year Local Option Levy Renewal

Ms. Meyers Buch briefly reviewed the language in the resolution and responded to questions from Board members. Board members offered suggestions to revise the wording.

MOTION:

It was moved by Director Ball and seconded by Director Kemper that Resolution No. 16-0603 be approved to call a measure election on November 8, 2016 to submit to the electors of the district the question, as revised, of authorizing a five-year local option levy renewal. The motion was voted on and passed unanimously.

XI. ELECTION OF OFFICERS FOR 2016-17

A. Chair

Director Adams nominated Chris Rochester for the position of Board Chair. **The Board voted and unanimously approved the nomination.**

B. Vice Chair

Director Newsham nominated Alexis McQuillan for the position of Board Vice Chair. **Director Ball voted in opposition to the nomination; the remaining six directors voted in favor of it. The nomination carried.**

XII. CONSOLIDATED ACTION

MOTION:

It was moved by Director Adams and seconded by Director Newsham to approve the Consolidated Action items, with staff's assurance that legal counsel approval would be sought for the lease purchase agreement with Apple Inc. The motion was voted on and passed unanimously.

The following items were approved:

- A. **Minutes** – May 9, 2016; May 31, 2016
- B. **Licensed Personnel Recommendations** – (This document will be filed with the minutes of this meeting.)
- C. **Addendum Agreement to Superintendent Prince's Employment Contract**
- D. **Non-Represented Employee Group – Change in Position** – (This document will be filed with the minutes of this meeting.)

Chair Rochester noted that this action won't create a new position, it will replace the Teaching and Learning Director position with co-coordinators. Superintendent Prince clarified that one of the coordinator positions already exists and is just being elevated. She said that no other body has been replaced; it's just a title shift. Teaching and Learning Director Noss stressed that there is no change in total FTE for the Teaching and Learning Department.

Chair Rochester asked Mr. Noss if the change would unduly fragment the department. Mr. Noss noted that the co-coordinators are temporary positions. He added that having two people with knowledge of special education best practices and being involved with equity work will actually enhance services vs. fracturing them.

- E. **Board Policy GCBDD/GDBDD—Sick Time—New—Second Reading** – (This document will be filed with the minutes of this meeting.)
- F. **Insurance Renewals for 2016-17 (Property, Liability, Workers' Compensation)** – (This document will be filed with the minutes of this meeting.)

Vice Chair Sauret asked that the statement "not to exceed" be added to the workers' compensation contract. Ms. Meyers Buch clarified that the total cost is based on an estimate of payroll hours and will be adjusted after the fiscal year ends; however, the rates that will be charged against our payroll won't change and are what really drives the cost of the premiums.

- G. **Substitute Teacher Per Diem Rate** – (This document will be filed with the minutes of this meeting.)
- H. **YES House Alternative Education Program Evaluation** – (This document will be filed with the minutes of this meeting.)
- I. **Ratify Corvallis Education Association Contract Extension** – (This document will be filed with the minutes of this meeting.)

- J. Resolution No. 16-0604 - Designation of District Officers, Clerks, Agents, and Depositories of Funds (2016-17 Organizational Resolution)** – (This document will be filed with the minutes of this meeting.)
- K. Resolution No. 16-0605 - Approving Lease Purchase of Computer Hardware** – (This document will be filed with the minutes of this meeting.)

Superintendent Prince provided the background leading to this resolution. Ms. Meyers Buch noted that the purchase falls within the technology budget already approved by the Board.

Vice Chair Sauret said he had concerns regarding some of the finer details of the lease agreement; he asked that legal counsel review it.

Ms. Meyers Buch noted that a deadline exists for the pricing offer. She added that Apple failed to include costs for some of the services in the price offerings; the offer as written is legitimate but has an impending expiration date. Assistant Superintendent Kevin Bogatin noted that the services are valued at approximately \$56,000.

Dr. Prince pointed out that this agreement would just spend money that had already been approved in the budget; the hardware would either be purchased or leased.

Director Kemper said that it is important to get the best possible deal; through this agreement, the District would be paying less to get more.

The Board approved this item contingent upon staff receiving approval from legal counsel regarding the terms of the agreement.

- L. Roof Replacement & Restoration Contract Award: Western View Center, Linus Pauling Middle School North Building, Harding Center (Area 2, 4, and 6), and Corvallis High School (Area 2)** – (This document will be filed with the minutes of this meeting.)

Director Ball commented that she is uncomfortable with the vast price difference between the highest and lowest bids; she asked if the District had prior experience with the lower bidder. Facilities Director Patten responded that the successful bidder has done exceptional work for the District in the past.

XIII. CONSOLIDATED INFORMATION

The Board received the following information.

- A. Non-Licensed Personnel Information** – (This document will be filed with the minutes of this meeting.)

- B. Unaudited Financial Statements - April 30, and May 31, 2016** – (These documents will be filed with the minutes of this meeting.)

C. Board Policy IGCA—Post-Graduate Scholar Program—New—First Reading

Director Newsham said he has heard students say that the reason they're doing so well at College Hill is because they know they'll be able to participate in the Post-Graduate Scholar Program; it's a real motivator.

D. Board Policy INDB—Flag Displays and Salutes—Revision—First Reading

E. Board Policy IGDA—Student Organizations—Revised—First Reading

F. Administrative Regulation—IGDA-AR—Student Organizations—Revised—For Information

G. Board Policy—IGDJB—Community Sponsored Club Sports—Revised—First Reading

Director Newsham said that he had been seeking background regarding the wording in the District's existing policy. He commented that had he received the information from Dr. Haberman before reviewing the policy as part of the work group, he might have made other changes.

Dr. Prince said there's a huge issue of liability for the district and due to a situation in the past, the District needed to be very clear between an OSAA-sanctioned sport and a non-sanctioned sport.

Mr. Bogatin said this policy is intended to provide clear guidance about what schools can spend their money on.

Some of the comments from Board members included:

- Club sports aren't recognized by OSAA but does that necessarily mean that we support all the sports that are recognized by OSAA?
- In terms of our equity work, we need to know what sports we have and who's participating.
- No sport can be sanctioned by OSAA unless it can demonstrate viability in a certain number of districts.
- There's got to be a way around this conundrum.
- Precedent is critical; what you have now is a very clean process but it's not flexible.
- It would be nice to have a description of the hurdles one has to get over to demonstrate the value of a sport to OSAA and to be able to consistently explain them to the community.

- H. Administrative Regulation—IGDJB-AR—Community Sponsored Club Sports—Revised—For Information**
- I. Board Policy JEA—Compulsory Attendance—Revised—First Reading**
- J. Board Policy JEC—Admissions—Revising—First Reading**
- K. Administrative Regulation JEA-AR—Compulsory Attendance Notices and Citations—Revised—For Information**
- L. Board Policy JEDA—Truancy—Revised—First Reading**
- M. Board Policy JFC/JG—Student Conduct—Revised—First Reading**
- N. Administrative Regulation JFC-AR—Student Code of Conduct**
- O. Board Policy JGD—Suspension—Revised—First Reading**
- P. Board Policy JGE—Expulsion—Revised—First Reading**

XIV. ADJOURNMENT

There being no further business before the Board, Chair Rochester adjourned the meeting at 9:27 p.m.

IX.E. Board Policy IGCA—Post-Graduate Scholar Program—New—Second
Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: August 15, 2016

FOR ACTION

SUBJECT: Board Policy IGCA—Post-Graduate Scholar Program—New—2nd Reading

Issue: Senate Bill 1537 provides an opportunity for districts to increase high school graduation rates for under-served students and increase the percentage of students annually attending a post-secondary education institute. It establishes the terms by which a district may implement a Post-Graduate Scholar Program, and the criteria by which a student may utilize this program.

Options Considered: Not adopting the policy.

Involvement: District office staff.

Consequences: We would be out of compliance with Oregon law.

Cost Impact: Unknown.

ACTION REQUESTED: Adoption of the policy.

CONTACT PERSON(S): Rynda Gregory, Eric Wright, Kerry Richey

Post-Graduate Scholar Program*

The Corvallis School District will provide a Post-Graduate Scholar Program for students in the district. A “post-graduate scholar” means a student who has been in grades 9 through 12 for more than a total of four school years and has satisfied the requirements for a high school diploma as provided in ORS 329.451.

The district’s program allows post-graduate scholars to:

1. Enroll in any course listed in the Linn Benton Community College course catalog that may lead to a certificate or diploma;
2. Enroll in such courses for one school year after the post-graduate scholar has satisfied the requirements for a high school diploma; and
3. Have the district pay the costs for such approved course of study, including tuition, fees, and books.

The district will provide transportation service in existing bus routes to post-graduate scholars.

Program Qualifications

Under Oregon law, a post-graduate scholar qualifies to participate in the program if the post-graduate scholar:

1. Has completed and submitted the Free Application for Federal Student Aid, if eligible to file the application;

IX.L. Board Policy JFC/JG—Student Conduct—Revised—Second Reading

Student Conduct and Discipline**

The Board expects student conduct to contribute to a productive learning climate. Students shall comply with the district's policies, administrative regulations, school and classroom written rules, pursue the prescribed course of study, submit to the lawful authority of district staff, and conduct themselves in an orderly manner at school during the school day or during district-sponsored activities.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments. The major objectives of the district discipline program are to teach the following fundamental concepts for living:

1. Understanding and respect for individual rights, dignity, and safety;
2. Understanding and respect for the law, Board policies, administrative regulations, and school rules;
3. Understanding of and respect for public and private property rights.

Careful attention shall be given to procedures and methods whereby fairness and consistency without bias in discipline shall be assured each student. The objectives of disciplining any student must be to help the student develop a positive attitude toward self-discipline, realize the responsibility of one's actions, and maintain a productive learning environment. All staff members have responsibility for consistency in establishing and maintaining an appropriate behavior atmosphere.

Age appropriate, and when possible research-based disciplinary procedures, ~~Disciplinary procedures that are age appropriate and to the extent practicable using approaches that are shown through research to be effective~~ shall be used by district personnel to correct behavioral problems, while supporting students' attendance to school and classes. Examples include, but are not limited to, reprimands, conferences, detention, and denial of participation in co-curricular and extracurricular activities. Titles and/or privileges available to or granted to students may be denied and/or revoked (e.g., valedictorian; salutatorian; study body, class, or club office positions; field trips, senior trip, prom).

Students may be suspended in cases of serious infractions or repeated failure to comply with Board policy, administrative regulation, school or classroom rules. Students may be expelled for any of the following circumstances:

1. When a student's conduct poses a threat to the health or safety of students or employees;
2. When other strategies to change the student's behavior have been ineffective, ~~except that expulsion may not be used to address truancy;~~ or
3. When required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to a suspension or expulsion of the student. The district will ensure careful consideration of the rights and needs of the individual concerned, as well as the best interests of other students and the school program as a whole.

The use of out-of-school suspension or expulsion for discipline of a student in the fifth grade or below, is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the suspension or expulsion is required by law.

When an out-of-school suspension is imposed on a student, the district shall take steps to prevent the recurrence of the behavior that led to the out-of-school suspension, and return the student to a classroom setting to minimize the disruption of the student's academic instruction.

Restitution may be sought for willful damage to district property. Additionally, a student's driving privileges, or the right to apply for driving privileges, may be suspended for violations of ORS 339.254 and 339.257, as provided by Board policy JHFDA—Suspension of Driving Privileges. A referral to law enforcement also may be made for violations of the law. Parental assistance shall be requested when persistent violations occur.

Students in violation of Board policy, administrative regulation, and/or code of conduct provisions shall be subject to discipline, suspension, or expulsion for misconduct, including but not limited to: theft; disruption of the school; damage or destruction of school property; damage or destruction of private property on school premises or during a school activity; assault or threats of harm; unauthorized use of weapons or dangerous instruments; unlawful use of drugs, narcotics, or alcoholic beverages; persistent failure to comply with rules or the lawful directions of teachers or school officials.

Students may face disciplinary consequences for:

1. Any off-campus behavior that would otherwise tend to disrupt the educational process or the operation of the school district;
2. Conduct that occurs off the school premises at school-related or supervised functions and at a school bus stop; or
3. Behavior that threatens or affects the safety or well-being of any student, parent, or school employee, when the person affected or threatened is traveling to or from a school or a school-related activity.

A student handbook, code of conduct, or other document shall be developed by district administration, in cooperation with staff, and will be made available and distributed to parents, students, and employees outlining student conduct expectations and possible disciplinary actions, including consequences for disorderly conduct, as required by the No Child Left Behind Act of

2001 (NCLBA). In addition, each school in the district shall publish a student/parent handbook detailing additional rules specific to that school.

The district ~~annually~~ will record and report expulsion data for conduct violations as required by the Oregon Department of Education. **Such data will be reported to the Board annually.**

The district will provide the opportunity for all students in any district school identified as persistently dangerous or for any victim of a violent criminal offense occurring in or on the grounds of the school the student attends, to the extent feasible, the opportunity to transfer to a safe school within the district.

Parents, students, and employees shall be notified by handbook, code of conduct or other document of acceptable behavior, behavior subject to discipline and the procedures to address behavior and the consequences of that behavior. These procedures will include a system of consequences designed to correct student misconduct and promote acceptable behavior.

IX.M. Board Policy JGD—Suspension—Revised—Second Reading

SUSPENSION**

The Board authorizes student suspension for one or more of the following reasons:

1. Willful violation of Board policies, administrative regulations, or school rules;
~~regulations;~~
2. Willful conduct which materially and substantially disrupts the rights of others to an education;
3. Willful conduct which endangers the student, other students, or staff members;
4. Willful conduct which damages or injures ~~endangers~~ district property.

Students and parents are given notice of possible discipline actions resulting from student misconduct that may result in suspension in the Student/Parent Handbook made available by the district.

Each suspension will include a statement of the reasons for suspension, the length of the suspension, ~~and~~ a plan for readmission, ~~and~~ may include a plan for the student to make up school work. No suspension shall extend beyond 10 school days. The district may require a student to attend school during nonschool hours as an alternative to suspension. Every reasonable and prompt effort must be made to notify the parents of suspended students.

The district shall consider the age of the student and the student's past pattern of behavior prior to a suspension of the student. The district will ensure careful consideration of the rights and needs of the individual concerned, as well as the best interests of other students and the school program as a whole.

The use of out-of-school suspension for discipline of a student in the fifth grade or below, is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the suspension is required by law.

When an out-of-school suspension is imposed on a student, the district shall take steps to prevent the recurrence of the behavior that led to the out-of-school suspension, and return the student to a classroom setting to minimize the disruption of the student's academic instruction.

In emergency situations that are a result of risk to health and safety, the district may postpone the suspension notice process above until the emergency condition has passed.

Students who are suspended may not attend after-school activities and athletic events, be present on district property without a parent, or participate in activities directed or sponsored by the district.

Suspensions may be appealed to the Board.

IX.N. Board Policy JGE—Expulsion—Revised—Second Reading

EXPULSION**

A principal, after reviewing available information, may recommend to the superintendent that a student be expelled. Expulsion of a student shall not extend beyond one calendar year.

The district shall consider the age of the student and the student's past pattern of behavior prior to an expulsion of the student. The district will ensure careful consideration of the rights and needs of the individual concerned, as well as the best interests of other students and the school program as a whole. Expulsion may not be used to address truancy.

The use of expulsion for discipline of a student in the fifth grade or below, is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parents, or the student if 18 years of age, waive the right to a hearing, either in writing or by failure to appear at a scheduled hearing. By waiving the right to a hearing, the student and parent agree to abide by the findings of a hearings officer.

When an expulsion hearing is not waived, the following procedure is required:

1. Notice will be given to the student and the parent by personal service¹ or by certified mail² at least five days prior to the scheduled hearing. Notice shall will include:
 - a. ~~(1)-t~~ The specific charge or charges;
 - b. ~~(2)-t~~ The conduct constituting the alleged violation, including the nature of the evidence of the violation and reason for expulsion;
 - c. ~~(3)-a~~ A recommendation for expulsion;
 - d. ~~(4)-t~~ The student's right to a hearing;
 - e. ~~(5)-w~~ When and where the hearing will take place; and
 - f. ~~(6)-t~~ The right to representation.

¹The person serving the notice shall file a return of service. (OAR 581-021-0070)

²When certified mail is given to a parent of a suspended student, the notice shall be placed in the mail at least five days before the date of the hearing. (OAR 581-021-0070)

2. The Board may expel, or may delegate the authority to decide on an expulsion to the superintendent or the superintendent's designee who will act as the hearings officer. ~~The superintendent or designee will act as hearings officer.~~ The district may contract with an individual who is not employed by the district to serve as the hearings officer. The hearings officer designated by the Board will conduct the hearing and will not be associated with the initial actions of the building administrators.
3. Expulsion hearings will be conducted in private and will not be open to the general public unless the student or the student's parents request an open session.
43. In case the parent or student has difficulty understanding the English language or has other serious communication disabilities, the district will provide a translator.
54. The student shall ~~will~~ be permitted to have a representation ~~on~~ ~~ve~~ present at the hearing to advise and to present arguments. The representation ~~on~~ ~~ve~~ may be an attorney and/or parent. The district's attorney may be present.
65. The student shall ~~will~~ be afforded the right to present his/her version of the events underlying the expulsion recommendation ~~charges~~ and to introduce evidence by testimony, writings or other exhibits.
76. The student shall ~~will~~ be permitted to be present and to hear the evidence presented by the district.
8. The hearings officer or the student may record the hearing.
9. Strict rules of evidence shall not apply to the proceedings. However, this shall not limit the hearings officer's control of the hearing.
107. If the Board is conducting the expulsion hearing, the Board may designate the Board chair or a third party as the hearings officer. The hearings officer will determine the facts of each case on the evidence presented at the hearing. Evidence may include the relevant past history and student education records. The hearings officer will provide to the Board findings as to the facts, the recommended decision, and whether or not the student has committed the alleged conduct. This will include the hearings officer's recommended ~~Findings of fact as to whether the student has committed the alleged conduct will be submitted to the Board, along with the officer's~~ decision on disciplinary action, if any, including the duration of any expulsion. This material ~~decision~~ will be available in identical form to the Board, the student if age 18 and over, and the student's parents at the same time. Following the review by the Board of the hearings officer's recommendations, the Board will make the final decision regarding the expulsion.
8. ~~The hearings officer or the student may make a record of the hearing.~~
119. If the Board has delegated authority to the superintendent or designee to act as the hearings officer, the superintendent may designate him or herself, or a third party, as the

hearings officer. The hearings officer's decision is final; however, a decision of the hearings officer may be appealed by the parent or the student, if age 18 or over to the Board for review. If the decision of the hearings officer is appealed to the Board for review, the findings as to the facts and the hearings officer's decision will be submitted to the Board and will be available in identical form to the Board, the student, and the student's parents at the same time. ~~However, this decision may be appealed to the Board. At its next regular or special meeting the Board will review the hearings officer's decision and will affirm, modify, or reverse the decision. Parents of students who wish to appeal the hearings officer's decision will have the opportunity to be heard at the time the Board reviews the decision;~~

~~1210. Expulsion hearings will be conducted in private and~~ A Board review of the hearings officer's decision will be conducted in executive session unless the student or the student's parent requests a public hearing. If an executive session is held by the Board or a private hearing ~~held~~ by the hearings officer, the following will not be made public:

- a. The name of the minor student;
- b. The issues involved, including a student's confidential medical record and that student's educational program;
- c. The discussion;
- d. The vote of Board members, which may be taken in executive session ~~when considering an expulsion.~~

Prior to expulsion, the district must propose alternative programs of instruction or instruction combined with counseling to a student subject to expulsion for reasons other than a weapons policy violation. The district must document to the parent of the student that proposals of alternative programs have been made.
