Review Board Goals & Establish Goal Targets

NO ACTION REQUESTED

Following the February 15th board [work session](#), we received new information from ODE related to the state's Every Student Succeeds Act (ESSA) [plan](#) approved by the U.S. Department of Education in late August 2017. Starting with the 2017-18 school year data, Oregon's growth model will utilize "[Measures of Interim Progress](#)" (MIP) when outcomes are reported on school and district report cards released in the fall of 2018. Since the MIP **incorporate the concepts behind student growth percentiles**, I am recommending that we use this to build our measures for Goals 1 and 2 in the areas of 3rd grade reading, student growth, and four-year graduation rate.

1. Student Achievement	Data Available
Read grade level texts by 3 rd grade	SBAC 57.7% (2016-17) – See Appendix A
Student growth	SBAC – See Appendix B
Successfully complete Algebra 1 by end of 9 th grade	83.4% (2016-17) – See Appendix C
Freshman on track to graduate	91.3% (2016-17) – See Appendix D
Four-year graduation rate	85% (2015-16) – See Appendix E

2. Equitable Systems	Data Available
Read grade level texts by 3 rd grade	See Appendix A
Student growth	SBAC – See Appendix B
Successfully complete Algebra 1 by end of 9 th grade	See Appendix C
Freshman on track to graduate	See Appendix D
Four-year graduation rate	See Appendix E

3. Real-World Learning	Data Available
CTE Participants (.5 HS credit)	See Appendix F
CTE Concentrator (1.0 HS credit)	See Appendix F

4. Health and Wellness	Data Available
Oregon Healthy Teens Survey	2013, 2015, 2017 surveys – See Appendix G
Oregon Student Wellness Survey	2010, 2012, 2014, 2016 surveys – See Appendix G

5. Long Range Facilities Planning	Data Available
Building assessments	2013 report
Approval of Long Range Facilities Master Plan	Plan Adopted January 11, 2018
Election results

- Recommend adopting the following achievement targets (MIP) for Board Goals 1 & 2 related to 3rd grade reading.
- Recommend eliminating the consolidation of “Students of Color” in favor of reporting progress of each race/ethnicity separately.
- Recommend adopting additional targets for Logramos for Board Goal 1: 3rd grade reading.

- Recommend adopting the following achievement targets (MIP) for Board Goals 1 & 2 related to Student Growth on ELA and Math achievement.
- Recommend eliminating the consolidation of “Underserved Races/Ethnicities” in favor of reporting progress of each race/ethnicity separately.
- Recommend eliminating the high school ELA and Math measures due to shift in focus toward Essential Skills and graduation.

Beginning in 2017-18, targets will be diversified by student group, with the aim that all groups will be achieving at a rate of 80% or higher by 2024-25. ODE will periodically review the number of years to attain the long-term goal and may revise if appropriate.

- Students must earn 6 credits before start of next school year.
- May 1st; FAY

Statewide, more than 91% of students who were “on track” with credit requirements by the end of 9th grade graduated in four years.* (Note this was based on a simple count of credits earned, not the “quality” of those credits.) Students who were not on track in 9th grade graduated at a rate of 40%; however, those who were not on track but remained steadily enrolled and attended regularly for all four years of high school graduated on time at a rate of 79%.

➤ Recommend the following “on track” targets, pending additional guidance (MIP) from ODE:

CTE (Career & Technical Education) means content, programs, and instructional strategies based on business and industry workplace skills and technical skill sets and needs. Instruction incorporates standards-based academic content, technical skills and workplace behaviors necessary for success in careers and the 21st century.

1,077 students took one or more CTE courses in 2016-17. (Approximately 45% of 2,376 high school students.)
(Excludes 21 dual enrolled.)

Sources: Oregon Healthy Teens Survey, Oregon Student Wellness Survey

The biennial Oregon Healthy Teens Survey collects information from students in grades 8 and 11. Physical activity data is collected in the survey. The Centers for Disease Control and Prevention (CDC) recommends that children and youth should be physically active at least 60 minutes per day, including aerobic, muscle strengthening, and bone strengthening activities.

- **Recommend increase percentage of students reporting physical activity a minimum of 60 minutes a day for at least 5 days a week, as measured by the Oregon Healthy Teens Survey.**

Students Physically Active 60 minutes a day for 5 to 7 days a week				
	2013	2015	2017	2019 Target
Grade 8	57.6%	61.5%	62.8%	66%
Grade 11	46.3%	50.8%	45.5%	52%

The biennial Oregon Student Wellness Survey collects information from students in grades 6, 8, and 11; it asks questions about emotional and mental health including a series of five questions known as the Mental Health Inventory (MHI-5). When all five responses are considered together, the result is an estimate of the level of psychological distress that youth are experiencing.

- **Recommend reducing the number of students reporting high levels of psychological distress, as measured by the Oregon Student Wellness Survey.**

The following table shows the percentage of students with high levels of psychological distress during the 30-day period prior to the survey.					
	2010	2012	2014	2016	2020 Target

Draft School Board Goals 2017-2022

(As revised during the 02-15-18 board work session.)

Goal 1: Student Achievement

All students will read grade level texts by 3rd grade and stay on grade level; successfully complete Algebra I by the end of 9th grade; be on track with required credits by the end of 9th grade; and graduate with a post-secondary plan. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Monitor students' reading progress in grades pre-K - 3rd grade using a system of sound instruction, assessment, and intervention so that all students are reading at grade level by 3rd grade.

Strategy 2: Prepare students to successfully complete Algebra I by the end of 9th grade.

Strategy 3: Develop a system that ensures each 9th grade student is on track to graduate.

Strategy 4: All students graduate with a post-secondary plan.

Goal 2: Equitable Systems

Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school. Disaggregated data will be used to measure progress on goal.

Strategy 1: Recruit and retain racially and culturally diverse staff.

Strategy 2: Increase and support student voice, empowerment, and leadership in our schools.

Strategy 3: Expand parent and community partnerships.

Strategy 4: Increase racial consciousness of staff through professional development focused on race, culture and culturally relevant instruction.

Goal 3: Real-World Learning

All students participate in real-world learning, with a global perspective, that prepares them for an ever-changing future. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Support cultural responsiveness and biliteracy in our students and staff.

Strategy 2: Create additional learning pathways toward graduation and life beyond high school.

Strategy 3: Integrate real-world, experiential learning in all grades.

Strategy 4: Integrate communication, critical thinking, collaboration, creativity, and problem solving skills into learning experiences.

Strategy 5: Integrate environmental, social, and economic-sustainability in learning experiences.

Goal 4: Health & Wellness

Improve the health and wellness of district students and staff. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Support and enhance programs that promote student mental wellness and safety.

Strategy 2: Support and enhance programs that promote student physical wellness and safety.

Strategy 3: Support a robust worksite wellness program for district staff.

Goal 5: Long Range Facility Planning

Transform aging school facilities to provide safe, effective, efficient, innovative, and equitable learning opportunities for every student. student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Communicate the needs for improved infrastructure and facilities with the Corvallis community.

Strategy 2: Engage staff, parents, students and community in execution of facility improvements consistent with the district's core values for educational design.

Strategy 3: Complete construction projects through a voter-approved bond levy.
