## **Superintendent's Update**

Shared with the Corvallis School Board during the April 8, 2021 meeting.

### **Demographic Changes for Registration Form**

We have worked with the Linn Benton Lincoln ESD over the last six months to update the demographic information collected as part of student registration. Equity coordinator Marcianne Rivero Koetje and members of the District Equity Leadership Team advisory group provided input on this process. We learned that the federally identified racial categories were so limited, that some students and families felt excluded when trying to identify their student's racial identity with the categories provided. Our registration form now includes 22 racial categories and a write-in option. This is one way that our district is making sure kids and families feel included from the very beginning. This change will have a positive impact across our region and all other school districts served by the Linn Benton Lincoln ESD will also have the new categories available in their registration process.

### **Online Option will be Available Next Year**

A fully online option will be offered for the 2021-22 school year. Based on a survey of current Corvallis Online families, we know that some are interested in having this as a more permanent option for their child. More information will be shared later this spring.

### **Dedication of Hiroshima Peace Tree**

Students from the Adams Green Team will dedicate the Adams Elementary Hiroshima Peace Tree on Earth Day, April 22, at 3 pm. The outdoor dedication will take place behind the Western View Center located adjacent to the district administration building.

The Hiroshima Peace tree is one of 45 trees that were grown from seeds of trees that miraculously survived the atomic bombing of Hiroshima on August 6, 1945. They are part of the One Sunny Day Initiative and are meant to promote peace, hope, and reconciliation and to work towards a world free of nuclear weapons. Adams Elementary is one of only two elementary schools to receive a tree.

### **HR Director Jennifer Duvall Recognized with Leadership Award**

Last year, our HR Director Jennifer Duvall was recognized by the Oregon School Personnel Association with the Human Resources Leadership Award. Today, Jennifer was recognized during a virtual meeting of district leadership to acknowledge and celebrate this award. We are fortunate to have such an experienced, strong, and innovative HR Director in our district. We appreciate all that she contributes to our district and to the human resources profession in the state of Oregon and across the country.

### **Student Artwork in the Board Room**

Our art teachers continue to inspire our students with projects that integrate real-world and hands-on learning. This month, the board room is filled with student art thanks to the work from Adams, Franklin, and Garfield elementary students, Linus Pauling and Franklin middle school students, and Corvallis and Crescent Valley high school students. Thank you to all of our art teachers for providing these engaging art opportunities for our students and thank you to our student artists for sharing your perspective and creativity with us!

- VI. PUBLIC COMMENT

*Please contact [parker.schulze@corvallis.k12.or.us](mailto:parker.schulze@corvallis.k12.or.us) by noon on the day of the Board Meeting to schedule public comment. Please include your name, address, the phone number you would like to call in from, and the topic you would like to speak about.*

## PROVIDING INPUT TO THE SCHOOL BOARD AT VIRTUAL MEETINGS DURING THE PANDEMIC

(Revised 09-09-21)

The Corvallis School Board values the opinions and input of students, staff, parents, and community members. Comments may be provided during certain meetings, via telephone, and via written correspondence, as outlined below.

### **Public Comment at School Board Meetings**

This option is available when *Public Comment* is an item on the agenda. At this time, Board meetings are held virtually and there will be no in-person public comment. To offer comments via telephone during designated meetings:

- A. Email Board Secretary Kim Nelson at [kimberly.nelson@corvallis.k12.or.us](mailto:kimberly.nelson@corvallis.k12.or.us) by noon on the day of the meeting.
- B. Provide your name, home address, and the telephone number you will be calling in on.
- C. You will be provided a telephone number and meeting access code.
- D. At the time designated on the agenda, call the number provided and enter any required access codes.
- E. You will be “in the waiting room” until it is your turn to provide comments; at that time, you will be admitted to the virtual meeting.
- F. When you provide public comment, your name, address, and comments are matters of public record; however, students and staff do not need to provide their addresses.
- G. Keep your comments within the specified time allotted, usually three minutes, to allow time for others to comment. Please be respectful of those who wish to comment after you.
- H. Direct your comments to the School Board. The Board Chair will refer questions or requests for action to staff for response at a later date.
- I. If you read from a prepared statement, you may choose to email your written comments to Kim Nelson at [kimberly.nelson@corvallis.k12.or.us](mailto:kimberly.nelson@corvallis.k12.or.us) to post online with the informational packet of the meeting and to file with the official minutes of the meeting. It is not required, however.
- J. Speakers may offer objective criticism of District operations and programs but the Board will not hear complaints concerning individual District personnel.
  - Complaints shall be handled following the steps outlined in Board Policy KL and Administrative Regulation KL-AR, copies of which are available at <http://policy.osba.org/corvall/KL/index.asp>.
  - Complaints regarding budget, programs, or other District issues also should be handled by first following the steps outlined in policy KL.
- K. Undue interruption or other interference with the orderly conduct of Board business cannot be allowed.
  - Defamatory or abusive remarks are always out of order.
  - The Board Chair may terminate a speaker’s privilege of address if, after being called to order, the speaker persists in improper conduct or remarks.

### **Written Correspondence**

Letters, emails, and other written materials submitted to the School Board are considered public record. They may be submitted via U.S. mail to: Corvallis School Board, 1555 SW 35<sup>th</sup> Street, Corvallis, OR 97333. Emails sent to: [schoolboard@corvallis.k12.or.us](mailto:schoolboard@corvallis.k12.or.us), will reach all Board members as a group as well as the following District staff: Superintendent, Assistant Superintendent, Human Resources Director, Finance and Operations Director, Communications Coordinator, and Executive Assistant to the Superintendent and Board of Directors (also known as Board Secretary).

### **Bond Program Update**

### **ACTION REQUESTED**

#### Background

Wenaha Group provides project management services for the Facilities Improvement Bond approved by voters in May 2018. Wenaha Group's project managers will prepare a monthly report to communicate status and progress on bond projects. The report will be included in a board packet each month, published on the district website, and shared with key communicators.

Direct questions regarding bond projects to [kim.patten@corvallis.k12.or.us](mailto:kim.patten@corvallis.k12.or.us)

#### Action Requested

Approve the Bond Program Requests for the CHS Bond Reserve Request, the Convergent CHS Request, and the CVHS Seismic request.

#### Motion Language

"I move to approve the Bond Program Requests for the CHS Bond Reserve Request, the Convergent CHS Request, and the CVHS Seismic request."

## **CORVALLIS SCHOOL DISTRICT BOND PROGRAM UPDATE APRIL 8, 2021**

### **GENERAL PROGRAM UPDATES**

Spring Break has opened up opportunities to make progress on several fronts. This is important, as most renovation projects cannot be completed during the summer months alone.

- Jaguar and Wildcat both benefited from empty buildings over Spring Break, with abatement and demolition occurring at both sites, and the removal of an old underground fuel tank at Jaguar. Wildcat has a fuel tank as well, but it will be removed during the demolition phase this summer.
- Although the main renovation/addition project at Adams will be bid later this year, a bid package is being prepared to provide new electrical and data service this summer.
- Lincoln Elementary is making good progress with portions of the building already receiving interior paint. The exterior brick and metal siding are close to completion. Underground utilities are going in, and sidewalks and paved areas will be starting in the near future. Move coordination is in full swing with planners and staff meeting regularly.
- The steel at the Husky project should be completed this month. Already, exterior wall framing is going well, with exterior sheathing in place. All concrete slabs are now poured.
- Garfield is making steady progress in the new addition and admin areas. Casework is installed in the front office and the place is looking great!
- The design processes for Mt. View and Franklin are both proceeding well. The plans for both schools are getting good reviews with the Core Teams and Design Advisory Committees with valuable input being incorporated.
- There is a lot of work going on at CVHS now. Active projects include the CTE project, the new elevator at the gym, the fiber backbone replacement and (pending board approval) crews are scheduled to start the Seismic Upgrade project at the gym.
- Abatement work has already started at the Corvallis High CTE project, with move-out activities completed for an April start on demolition. This project will see a new covered walkway and work area, new cameras, a new restroom, new solar arrays and new carpeting in the main building.
- The Cheldelin Library renovation is well underway with the dark, low ceilings now removed and abatement work completed.
- The College Hill project design is at about the halfway point, and estimates are being reviewed. The team will be considering cost saving measures and will consider additional funding.

**Enthusiastic Teachers Touring at Lincoln!**

| Construction        | April 2022 | June 2023  | 0%         |          |

### CURRENT ACTIVITIES – DESIGN

- The design team is working with David Dodson, the District's Land Use Planner, on updating the site design and exploring impacts to the public elements that will be impacted by the new work, e.g., sidewalks and street trees. City's recent comments have been responded to.
- Land Use submittal process has been paused to focus on Jaguar and Wildcat.
- Public Improvements submittal will be submitted at receipt of Land Use approval. Documents for Building permit cannot be submitted until approval of Public Improvements.
- Decision made by Corvallis School District to delay this project until 2022.

### ACTIVITIES SCHEDULED FOR NEXT QUARTER

- All permit work has been placed on hold.
- Planning to bid the electrical gear, service and low voltage fiber work for district office and kitchen warehouse this summer. This will also facilitate the work next year.

## COLLEGE HILL

MAJOR ADDITION AND REMODEL

Project Manager: **Wenaha Group**

Architect: **Pivot Architecture**

CM/GC Contractor: **Gerding Builders**

## PROJECT DESCRIPTION

Adds multi-use cafeteria, renovate two (2) classrooms to support science construction, improve ADA accessibility, renovate locker rooms, replace cabinetry in classrooms, replace roof and gutter system, upgrade mechanical infrastructure including electrical, heating, and plumbing systems, improve emergency lighting, improve seismic safety in one story portion of the building, install access control system, replace emergency communication systems, replace fire monitoring system.

## SCHEDULE

| Key Milestones      | Start     | Completion | % Complete | Comments |
|---------------------|-----------|------------|------------|----------|
| Pre-Design          | Nov 2018  | Feb 2019   | 100%       |          |

| Construction        | June 2022 | May 2023   | 0%         |          |

## CURRENT ACTIVITIES

- Design activities continue with weekly meetings with the Site Team and other stakeholders.
- The cost estimate of the 50% Design Development documents has been received and is currently under review. The estimate exceeds the current budget allocation and the team is considering scope and funding options.
- The second meeting with the City Planning Department and building officials was held on March 3<sup>rd</sup>. All issues were of a routine nature and we're not seeing any significant road blocks in the City zoning and permit process.
- Traffic study is underway.
- Brendle Group is beginning to review the on-going design work to make sure we are meeting all sustainability goals.

## ACTIVITIES SCHEDULED FOR NEXT QUARTER

- Detailed review of the current cost estimate is underway.
- Continued design activities with the Site Team and other stakeholders

# CORVALLIS SCHOOL DISTRICT BOND PROGRAM UPDATE April 8, 2021

## HIGHLIGHTS

- The Design Advisory Committee includes a good cross-section of stakeholders including staff, a past-student, parents and neighbors. They are enthusiastic and fully engaged.

## CHALLENGES AND SOLUTIONS

- The current cost estimate exceeds the current budget allocation. The team is reviewing ways to decrease costs and also reviewing how an additional budget allocation would affect the overall bond master budget.

### CURRENT ACTIVITIES

- CSD's team led by Elizabeth Wyatt has done an incredible job at clearing the CHS spaces and construction is ready to start.
- The team is waiting for permit comments from the City. Permit is needed soon to maintain schedule.
- Gerding has received approval on the covered work area structure and is ready to release the order once we have preliminary permit comments back from the City.
- B.E. Solar has developed some plan views of the proposed solar arrays on the main building roof. This work is likely to start in May pending site coordination.
- Abatement work has been completed in the AT buildings.
- Subcontracting, scheduling, submittals, RFI's and field investigations are all happening by Gerding and Pivot in anticipation of a permit and work starting mid-April.

## **CORVALLIS SCHOOL DISTRICT BOND PROGRAM UPDATE April 8, 2021**

### **ACTIVITIES SCHEDULED FOR NEXT QUARTER**

- CTE - HVAC renovations will be in full construction mode.

### **HIGHLIGHTS**

- CSD has literally “cleared the way” to make this construction project ready to start for Gerding Builders. Renovation projects provide a great opportunity to thin out materials collected over many years.

### CURRENT ACTIVITIES

- CVHS Renovation:
  - Seismic improvements inside the Building F are nearing completion with the exterior improvements (footing to stem wall connections) starting now.
  - Slabs for the new section of building are poured
  - HVAC and electrical work continue at a fast pace. HVAC is being installed in equipment rooms and rough-in throughout Building F.
  - Elevator walls are at full height now. Next will be waterproofing and the exterior brick cladding.
  - Gerding is erecting steel columns and beams for both building A and F improvements.

## **CORVALLIS SCHOOL DISTRICT BOND PROGRAM UPDATE April 8, 2021**

- Electrical room is filling up fast with new panels and a expertly crafted conduit.
- CVHS Fiber Backbone: The fiber backbone project is well underway. Stoner Electric Group started last week and will continue through April until complete.
- CVHS Seismic for Building A: Gerding received subcontractor bids and provided the GMP for this work. A new structural design direction paid off resulting in budgetary gains for the project. Work is currently scheduled to proceed after June 27<sup>th</sup> and wrap up at the end of summer 2021 with the CTE renovation work.

### **ACTIVITIES SCHEDULED FOR NEXT QUARTER**

- Seismic work in Building A is expected to start in June 2021.
- Replacement of the ramp topping slab at building A.
- Finishes will be happening in the CTE spaces.
- Exterior panel reinforcement and joint caulking replacements will occur throughout the campus.

### **HIGHLIGHTS**

- Foundation work is complete for the elevator work and the new building F addition
- The elevator walls are topped out and we are working on the outside finishes of the elevator – brick & waterproofing.

### **CHALLENGES AND SOLUTIONS**

- Dealing with existing utilities that interfere with new design elements including the track sewer line. Solutions included rerouting this line with new pipe.

VIII.B. CHS Reserve Allocation Approval

# Corvallis

## SCHOOL DISTRICT

Prepared for: Corvallis School Board  
Prepared by: Kim Patten, Director of Facilities and Transportation  
Meeting Date: April 8, 2021

### **CHS Bond Reserve Allocation**

### **Action Required**

#### **Background**

In May 2018 voters approved a Facilities Improvement Bond in the amount of \$199,916,925. Renovations at Corvallis High School were approved within the bond projects.

The current forecast project costs for CHS total 10,433,489, including the CTE project, the turf field, the softball improvements, Taylor field lighting and all remaining CHS bond promises. To fund the currently forecasted costs, Bond Leadership will be transferring \$350,000 from the Husky Elementary project contingency as allowed by the Bond Management Plan. In addition, we are recommending the board approve a bond reserve allocation of \$2,019,110. This request is a slight increase from the reserve allocation planning communicated in the February reports.

We anticipate utilizing all of the bond reserves, including premium from the most recent bond sale, to ensure the remaining bond promises are met district-wide. This request for board approval of the usage of bond reserves should have been included in the board approval request for the GMP for this project, but was inadvertently omitted.

#### **ACTION REQUESTED**

Authorize staff to allocate bond reserves in the amount of \$2,019,110 to complete the Corvallis High School work.

#### **MOTION REQUESTED**

"I move to authorize the allocation of bond reserves in the amount of \$2,019,110 for Corvallis High School to fully fund the bond work promised for the school.

VIII.C. CVHS Seismic GMP Approval

# Corvallis

## SCHOOL DISTRICT

Prepared for: Corvallis School Board  
Prepared by: Kim Patten, Director of Facilities and Transportation  
Meeting Date: April 8, 2021

### **CVHS Building A Seismic Improvements**

### **Action Required**

#### **Background**

In May 2018 voters approved a Facilities Improvement Bond in the amount of \$199,916,925. Renovations at Crescent Valley High School were approved within the bond projects.

On February 12, 2021 Gerding Builders published an advertisement in the Oregon Daily Journal of Commerce and in the Corvallis Gazette Times, requesting bids for the Crescent Valley High School (CVHS) Building A Seismic Upgrades project. Additional ads were published in March and the bid notice was posted in area plan centers and on the Gerding Builders Building Connected page. A non-mandatory site visit was scheduled for March 1<sup>st</sup> at the school. Bids were due to Gerding Builders March 11, 2021 at 2PM. Wenaha Group provided virtual oversight for the bid opening.

Previously, Gerding Builders had executed a Guaranteed Maximum Price for the CVHS CTE Renovation and the Building A Elevator project which stands currently at \$11,999,816.20. This request will add the Building A seismic scope of work to this contract as a change order in the amount of \$1,598,224.29 bringing the total GMP for CVHS projects to \$13,598,040.49. These amounts are within the budgets established for the CVHS projects.

The current forecast project costs for CVHS total \$20,628,899, including the CTE project, the turf field, seismic upgrades, new elevator, parking improvements and the remaining CVHS bond promises. To fund the currently forecast costs and the work that is still pending, Bond Leadership is recommending the board approve a bond reserve allocation of \$4,336,801. We anticipate utilizing all of the bond reserves, including premium from the most recent bond sale, to ensure the remaining bond promises are met district-wide.

#### **ACTION REQUESTED**

Authorize staff to execute Guaranteed Maximum Price amendment with Gerding Builders for the Crescent Valley High School Building A Seismic Upgrades project.

#### **MOTION REQUESTED**

"I move to authorize staff to execute Guaranteed Maximum Price amendment with Gerding Builders for the Crescent Valley High School Building A Seismic Upgrades project for \$1,598,224.29 establishing a full Guaranteed Maximum Price of \$13,598,040.49 and approve the allocation of bond reserves in the amount of \$4,336,801 for Crescent Valley High School to fully fund the projects.

## SCHOOL DISTRICT

Prepared for: Corvallis School Board  
Prepared by: Kim Patten, Director of Facilities and Transportation  
Meeting Date: April 8, 2021

### **CHS Video Surveillance**

### **Action Required**

#### Background

In May 2018 voters approved a Facilities Improvement Bond in the amount of \$199,916,925. Video surveillance cameras at Corvallis High School are included within the bond projects.

Convergent Technologies has been selected by the district to furnish, install and program a Genetec video management system at Corvallis High School. The pricing received was quoted using the Sourcewell cooperative purchasing agreement and is in the amount of \$178,085.

Funds to complete this work are included in the current Corvallis High School budget for bond projects.

#### ACTION REQUESTED

Authorize staff to execute a purchase order with Convergent Technologies for the Corvallis High School video surveillance camera system and associated programming in the amount of \$178,085.

IX. EDUCATIONAL UPDATE (9:00 p.m.)

# EDUCATIONAL UPDATE

*April 8, 2021*

**Since the beginning of the pandemic, student health and well-being has been a top priority.**

# We have kept our community in mind with all of our decisions and our students have sacrificed a great deal

- On March 22, the Ready School Safe Learner guidelines regarding physical distancing for individuals in schools were changed from 6 feet to 3 feet. This change came about after CDC guidance was updated due to an increased understanding of how COVID-19 is transmitted.
- As of March 31, Benton County is reporting nearly 30,000 (37%) of individuals (16 and older) in our county have received at least one dose of the vaccine. The number of individuals immunized will continue to grow in the coming weeks.
- Our students deserve a return to what is familiar—a regular school day—with caring adults and their peers.

## **Return to On-Site School Schedule**

On May 3, an on-site, four day per week schedule will go into effect for all grades in the Corvallis School District.

Students in Cohort C and students who must quarantine will have the option to continue in remote learning.

**On-site school start times have been scheduled to accommodate transportation requirements.**

**On-site schedules were shared with families earlier today.**

Students and staff will wear masks on the bus and during the school day.

We encourage families to practice wearing masks at home so students feel comfortable and confident wearing them throughout the day.

**Students and staff will continue to follow safety protocols and keep physically distanced at school.**

**During passing periods between classes, students will go straight to their next class, and signs and staff in the halls will remind students to keep moving, stay safe, and stay to the right.**

**Sharing of materials will be discouraged.**  
**Students should bring their iPad to school.**  
**Remember to charge it at home so it's ready to use at school.**

We are grateful for our maintenance and custodial staff for rearranging classrooms and replenishing supplies in our health and safety stations in all of our buildings.

Additionally, our maintenance team has worked to increase ventilation throughout our school buildings.

Fresh air intake, mixing, and air exchanges will be increased whenever local weather conditions allow, and our maintenance staff conduct regular maintenance and inspections of our heating, cooling and ventilation systems to ensure the proper fit of filters and that equipment is operating efficiently.

# Free meals will continue

- A free breakfast and morning snack will be provided to elementary students. A lunch will be sent home.
- Middle and high school students will eat lunch on-site.
- Drive-up grab-and-go meals will be available for students who are not attending school on-site.

Our schools will continue to encourage proper hand hygiene, including washing hands for 20 seconds with soap and water and using hand sanitizer at stations located throughout the building.

A woman with long brown hair, wearing a black and white patterned face mask and a blue V-neck shirt over an orange shirt, is giving a thumbs up. She is in a classroom setting with educational posters on the wall. One poster shows a person with their hands clasped and the text 'Rule 2: Eyes are looking'. Another poster shows a person with their hands on their hips and the text 'Rule 3: Hands and Feet are to yourself'. A third poster shows a person with their hands on their head and the text 'WORRIED'. A fourth poster shows a person with their hands on their chest and the text 'Zone'.

**We are excited to welcome students back into our classrooms.  
We are READY and happy to serve the students of Corvallis!**

**II. PLEDGE OF ALLEGIANCE**

**III. PROMISE SCHOLARSHIP WORK SESSION**

Kristen Miles, OSBA Board Development Specialist, and Marcianne Rivera-Koetje, Corvallis School District Equity Coordinator, presented a PowerPoint to the Board related to Equity and Race. (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

The Board reflected on the importance of race, how the Board can approach issues with a more equitable perspective, and how the Board can develop policies that are more just for our students of color.

Members discussed how action over lip service is the most valuable component of any governing body, the vital importance of being anti-racist, and how shifting focus to these issues is part of the Board's official goals. Educational opportunities for community members, engaging the community in various equity projects within the School District, and the disproportionate impact of variables on our most vulnerable populations were also topics of discussion.

**IV. SHORT BREAK**

## V. CONSOLIDATED ACTION

**This item was moved to the beginning of the agenda.**

There was discussion on item A.

- Director Adams would like to applaud this work and thank staff for their hard work and time spent on this project.
- Dale Kuykendall, from Wenaha Construction Group, and Kim Patten, Director of Facilities presented on this topic and spoke to the equity and accessibility of these various playground items.
- Superintendent Noss spoke to the funding of these items, and the engineering/design process that was utilized in order to make sure that construction was efficient.
- Director Jones asked how much more taxpayers are investing in these structures than originally anticipated, and if the funds now allocated to these items are displacing alternative projects.
- Dale Kuykendall stated that these are contingency funds and they are not displacing additional or alternative projects – this is an upgrade.
- Kim Patten spoke to the fact that many areas provide the minimum play structures possible and ask PTA groups to fundraise for the additional structures. Corvallis School District is not doing that, and is thus more equitable in their funding for these items.
- Director Whitebear asked about the safety of the various equipment, especially the safety considerations for the swing sets.
- Kim Patten answered that the construction teams have had in-depth conversations about this topic. They determined that some student groups greatly enjoy the swinging back and forth, and while there are inherent risks, they believe they can create a safe environment with staff supervision. Additionally, they have installed rubber matting underneath the swing sets, and are planning to conduct regular safety checks on the equipment to make sure that all structures are safe and maintained regularly.
- Chair Al-AbdRabbuh is interested in whether or not the construction has taken into account the moisture in the Pacific Northwest, as well as varying hot and cold temperatures, snow, and so on.

- Kim Patten stated that construction teams have indeed considered weather variables and have selected appropriate equipment for the environment.

**MOTION:**

**It was moved by Director Adams and seconded by Director Jones to approve the Consolidated Action items. The motion was voted on and unanimously approved.**

**A. Bond Action Items**

- 1. CHS Solar** (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)
- 2. NW Playground Equipment** (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

**VI. CONSOLIDATED INFORMATION**

There were no items presented for Consolidated Information.

**VII. BOARD MEMBER COMMENTS**

- Vice-Chair Finger-McDonald expressed appreciation for the work that this Board did today, and for all the work they have done so far. There are many steps yet to come and the Board is committed to advocating for positive change for students and within the community.
- Director Whitebear expressed cautious optimism for the future. She expressed that it's important to face the reality of the events we are experiencing but taking care of oneself is also important. This work is exhausting but vital and she feels proud to be part of this Board and the work that it has done (and will do).
- Director Adams expresses that equity work is so important and democracy happens in many areas – not merely on a Federal level. Work on local boards, county-level, state-level, and so on, is equally as important as Federal change. He appreciates this governing body and he is excited to be a part of the work that it is doing for our students and community.
- Director Conroy reflected on the messages he would like to send to his family, his community, and the public at large. He would like to convey the importance of the Democratic process and peaceful demonstration.

- Director Jones wants to emphasize our responsibility to our community and the needs of those around us. She would like to make sure that awareness is maintained that individuals here and in surrounding areas are still suffering and accountability is extremely important.
- Chair Al-AbdRabbuh supports Superintendent Noss's prioritization of student and staff health during this pandemic. Additionally, he mentions that he is optimistic, based on meetings with state leadership, as to the future of school reopening and public health plans.

### **VIII. ADJOURNMENT**

There being no further business before the Board, Chair Al-AbdRabbuh adjourned the meeting at 9:44 p.m.

Corvallis School District 509J

**I. CALL TO ORDER AND ROLL CALL**

The meeting was called to order at 6:31 PM in the Board Room of the Central Administration Building, 1555 SW 35th Street, Corvallis, OR 97333. The secretary recorded those present as listed below.

|                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

**II. PLEDGE OF ALLEGIANCE**

**III. BOARD MEMBER REPORTS**

Board members provided brief updates regarding various activities in which they engaged during the past month.

**IV. SUPERINTENDENT'S REPORT**

Superintendent Noss ceded his time to a student performance in celebration of School Board Appreciation Month. (The Superintendent's report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

**V. BOARD RECOGNITION MONTH**

A student's bass performance video was played for Board Recognition Month.

## VI. STUDENT REPRESENTATIVE REPORTS

Student representatives provided updates regarding their schools.

## VII. PUBLIC/STAFF COMMENT

**Maureen Hinman of Corvallis** commented on Resolution 20-0101: Universal Healthcare. She provided some insight into her personal experiences seeing members of the community struggle without healthcare. She stated that lack of healthcare further widens the equity gap that exists within communities. In addition, she thinks that diverting funds from providing staff healthcare to education would boost the quality of educational services provided.

**Christopher Viggiani of Corvallis** provided Public Comment to the Board. He stated that he has three children in the Corvallis School District and has lived here for a few years. He states that he and his wife both have science and policy backgrounds and are fully in favor of returning to school as soon as possible. They feel that the current approach is too cautious and too slow and that students are struggling without in person instruction. He feels that with masks and safety measures students and staff can be just as safe as the general community. He stated that mental health, educational progress, social and emotional development is inferior to in-person learning and he feels that the equity gap is further widened by keeping students out of school.

- Director Whitebear was curious as to the structures that are created when learning pods, nanny groups, and camps develop in the community, as this is something that a privileged family is able to do but not necessarily all families.
- Mr. Viggiani stated that when students were shifted to remote learning, families felt that they needed to use the resources they had and developed these strategies. He does think that if students were back in school, the equity gap would be lessened and these strategies would no longer present an equity issue.

**Rachel Beyer of Corvallis** provided Public Comment to the Board. She stated that she has taught in the Corvallis School District for seven years and would like to provide her support for the Universal Healthcare Resolution. Families are having to make unconscionable choices between healthcare and other resources, if they are even able to have healthcare at all. Additionally, she does not think that healthcare should be tied to employment. She mentioned that her husband has cystic fibrosis and was unable to work; thus, their family lost healthcare when they needed it the most. This diagnosis created extreme financial distress, though she does feel lucky that they have been able to not have to make the choice between eating and providing healthcare. She is strongly in favor of this resolution and encourages the Board to vote for this.

**Karen Christianson of Corvallis** provided Public Comment to the Board. She appreciates the fact that the Board is considering supporting publicly funded universal healthcare. She is a former Corvallis School District teacher and believes that it is vital that the District support the physical and emotional wellness of children. She states that children who are distressed with physical or emotional issues are unable to focus on school like their peers. She supports this concept for the state and is hoping that the District passes this resolution to make their voices known. She would like a copy of this resolution sent to state and federal lawmakers to show support.

**Aleita Hass-Holcombe of Corvallis** provided Public Comment to the Board. She would like to provide her support for the District's efforts to influence a positive, high quality, and affordable environment for their staff and students. She stated that this resolution directly aligns with Board Goal #4: Improve the Health and Wellness of Students and Staff. She is a retired special education teacher with the Corvallis School District and feels that students who are in special education environments are disproportionately affected by the current healthcare laws in this community.

**Tom Sincic of Portland** provided Public Comment to the Board. He would like to provide his support for the Universal Healthcare resolution. He believes this resolution is historic. He has decades of experience in educational settings and thinks that it's important to note that students are having issues obtaining healthcare because their health insurance (or lack thereof). He shared his experience with a former student who was unable to obtain mental health care and later committed suicide. He feels this was preventable and that we have an obligation to provide care in this way. He also feels that Universal Healthcare would alleviate many public health issues and that a single payer system would be less confusing. He encourages the Board and the community to let legislators know that they support this, and to make their voices known.

## **VIII. EDUCATIONAL UPDATE**

Superintendent Noss and Assistant Superintendent Harder gave a presentation on the metrics that we are using to determine when students will be able to return to in-person learning. We anticipate metric changes in the coming days and we will adjust accordingly. We will be sure to give parents, staff, and students as much time as possible to adjust when we return to in-person learning; transportation, cohorts, and sanitation measures that we have developed will need to be coordinated before students return. (This presentation is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

- Director Conroy asked follow up questions related to metrics in neighboring states and how the rollout plan would work with changing metrics.
- Director Whitebear asked follow up questions related to equity in the state metrics and appreciated the consistency of the Corvallis School District's messaging and communication with our community. She states that she appreciates the District's consistency and the communication with families.

- Vice-Chair Finger-McDonald asked questions about how we will make sure to include and support transitioning kids, especially those on the cusp of a larger transition, and summer school.
- Superintendent Noss responded that we will be considering all of this and making sure that supports are in place for the students that are returning.

## VIII. BUDGET PARAMETERS

Olivia Meyers Buch, Chief Financial Officer for Corvallis School District, responded to questions related to documents that the Board received in their meeting packets prior to this meeting. (This presentation is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

- Director Adams asked follow up questions related to the residual impact of the pandemic; much equipment is needed to support our programs in the future, and there is so much uncertainty related to funding and budgets at the moment.
- CFO Buch responded that she believes that we will have the flexibility to do what we need to do to maintain quality programs and address student needs but also recommends adopting evolving practices that allow the District to reduce expenditures. She stated that we anticipate a slight increase in funding and we will need to plan for spending those funds strategically. Currently we are saving some funds due to reduced overhead while students are out of school. She feels confident that we will be able to preserve our contingency funds and is cautiously optimistic as to the general health of the budget.
- Director Whitebear asked follow up questions related to the changing strategies that have been implemented due to the pandemic. She wondered how this will impact our decision making and whether or not data driven and trending educational changes were considered here. Additionally, she would like to know more about the phrasing in the preface to this document concerning emotional regulation and decision making; a certain phrase seems didactic.
- CFO Buch responded that this comes from a template text, but she is definitely open to modifications in this language or phrasing.
- Director Conroy mentioned that he appreciates Director Whitebear's question and agrees with her. He would like to know more about the uncertainty of our enrollment numbers during this pandemic and states that we will have a challenge forecasting budgets depending on how many students are enrolled.
- Chair Al-AbdRabbuh stated that in the future he would like to see a reference to how the budget and the District investments were made with equity in mind.

**MOTION:**

**It was moved by Director Adams and seconded by Vice-Chair Finger-McDonald that the Board “readopt the budget parameters as presented” The motion was voted on and passes in a 6-1 majority.**

**Director Whitebear would like to make clear that she voted no due to the phrasing in the preface of the document and no other reason.**

**MOTION:**

**It was moved by Director Adams and seconded by Director Jones that the Board “reconsider the previous decision of the Board” due to issues with vote timing, technology issues, and concern for staff time. The motion was voted on and passes unanimously.**

**MOTION:**

**It was moved by Director Adams and seconded by Director Jones that the Board “adopt the budget parameters excepting the preamble, pending approval at the Boards next business meeting”. The motion was voted on and passes unanimously.**

**IX. POLICY BF – POLICY DEVELOPMENT**

Superintendent Noss discussed policy development and the goals of the Board in relation to the Diane Efseaff Memorial Scholarship work the Board has been doing this year. (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

**X. RESOLUTION 21-0101: UNIVERSAL HEALTHCARE**

Chair Al-AbdRabbuh presented this resolution to the Board for first-read consideration. He feels healthcare is a human right. People should not be excluded from life for any reason; the system is broken and this is an opportunity the Board has to advocate for justice and equitable systems. He feels that this is not only a fiscally responsible solution but will also benefit the development of whole individuals. (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

- Director Adams asked CFO Buch what portion of our budget goes to providing healthcare packages for staff and if there is a dollar amount there.
- Director Jones would also like to know the cost of loss of work, forced retirement, and so on; she feels that the ability to do their jobs is beneficial to the District.
- CFO Buch stated that the supplemental budget line item for compensation is about 78% of the general budget; of that insurance is \$11.1 million dollars, which is

about 13% of the general fund budget. She does not have the numbers for Director Jones's question but directs her to Human Resources.

- Director Adams summarized that if Universal Healthcare was passed, the District would no longer be obligated to provide health insurance to staff and thus would save a significant portion of our revenue that could be redirected to student programs. He states that the majority of Americans believe that healthcare is a human right. Healthcare should be a public good; from an economic standpoint we see that it cannot be responsibly managed through private companies, it is more fiscally sound to pass a single-payer system. This is not only what is best for the District, but staff, students, and the community in general. He believes that there is no credible argument against Universal Healthcare and we have a moral obligation and imperative to pass this resolution.
- Chair Al-AbdRabbuh highlights Director Whitebears support and contribution to this resolution, as co-sponsor.
- Director Whitebear stated that many individuals, even those who have healthcare, have chronic illnesses and not all individuals have the same standard for what it means to be healthy and exist in a healthy way. Additionally, she believes that advocating for this concept as much as possible is extremely important. She encourages the legislature to maintain the current education budgets so that Districts are able to utilize the funds that would then be available, instead of reducing budgets to pay for these changes. She believes that this is part of a comprehensive push for systemic changes on many levels.
- Director Jones stated that many individuals might be wondering why Universal Healthcare might be needed in a state like Oregon, where there are some gap coverage programs for individuals who are uninsured or underinsured. She states that children need healthy parents and families are healthy, there are many alleviated burdens on the entire group. Children should not have to make the decision between helping ill parents or investing in their education. Regardless of fiscal responsibility, she feels this is vital to our community, and that the benefit of one individual will benefit all individuals.
- Director Conroy wanted clarification on whether or not the Universal Healthcare resolution is calling for a single payer system or a different model.
- Chair Al-AbdRabbuh stated that this resolution calls for a publicly funded healthcare system, such as the Medicare for All Act of 2019.
- Director Conroy expressed concern that we are too broad in asking for Medicare for All but without also expressing that we do not want educational budgets reduced.

- This resolution will be returned for a second reading at a later date.

## **XV. CONSOLIDATED ACTION**

### **Discussion was held regarding item C.**

- Director Whitebear asked whether or not the definition of equity is aligned between our District and LBL ESD, and invited clarification on this point.
- Superintendent Noss and Vice-Chair Finger-McDonald posit that the LBL ESD are working on equity and having conversations on equitable concepts, but there is room for more work in these areas.
- Chair Al-AbdRabbuh stated that some members of the community have specific ideas for improving equitable systems in services and he believes that there is room for a partnership and improvement in this area.
- Director Whitebear thanked the Board for their input and stated that there are aspects that may not be in alignment with our idea of equity and we need to be aware of those areas and work to support those needs.
- Chair Al-AbdRabbuh voiced appreciation for the work that LBL ESD is doing.
- Director Conroy asked for clarification on the prioritization of needs within our service provision.
- Superintendent Noss stated that the system is currently set up with a Teir 1 and Teir 2 classification. Tier 2 allows us to do things that we want to do within our District, such as equitable improvements, but generally the apportionment is related to the number of students within a district.

**XVII. BOARD MEMBER COMMENTS**

- Vice-Chair Finger-McDonald would like to address the insurrection at the US Capitol last week. She acknowledges the critical roles schools play in the future of political landscapes. Making sure that students understand civics, government, and related concepts as well as decision-making and critical thinking are extremely important. In addition, our equity work is vital to teaching our children that everyone has a place in our society. Our goal is to produce citizens and community members that vote to make well informed decisions as they move through life. She thanks the Board for the work that they do to support these concepts.

- Director Whitebear would also like to address the community concern regarding groups in our community who have historically been marginalized. She states that this is an ongoing fear and it will likely continue to be a concern within these communities. We must strive to have love in our communities and no one should live in fear. She would also like to recognize Martin Luther King Day and encourage the community to not use a sanitized version of his ideals.
- Director Conroy cited an article by Corvallis graduate Peter Webber who highlighted the idea that a riot is the language of the unheard. He agrees with Vice-Chair Finger-McDonald that a solid understanding of civics is vital and a peaceful discussion is important. He also would like to encourage an honest analysis of our history in an attempt to combat repeating the past.

**II. PLEDGE OF ALLEGIANCE**

**III. DISCUSSION WITH CORVALLIS PUBLIC SCHOOLS FOUNDATION**

The Corvallis School Board and the Corvallis Public Schools Foundation Board of Trustees met and exchanged ideas. The CPSF presented information about what the foundation has been doing (such as the Golden Apple Awards) and what the Board plans to do in the future. They shared the 2020 awards video and made sure to explain the programming they are looking to expand in the coming year(s). Additionally, they discussed community needs, support of resumption and basic needs, and decided what topics the two Boards should discuss in future meetings.

**IV. SUPT'S COMPREHENSIVE DISTANCE LEARNING UPDATE**

Superintendent Noss presented on the updates that the District has been working on, the future plans for students, and the reasoning behind all of our decisions. We hope to have students back in school as soon as we can and we look forward to seeing them greatly! We are working very hard to make this a reality.

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

## **V. DIVISION 22 ASSURANCES REPORT**

The date for approval of this item has been changed to November so we will be seeing this report in November from here on out. We are in compliance with all Division 22 standards that have been set forth under the newest version of this document. Assistant Superintendent Harder responded to questions from the Board.

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

### **MOTION:**

**It was moved by Director Adams and seconded by Director Jones to approve the Consolidated Action items. The motion was voted on and unanimously approved.**

## **VI. REPORT ON HAZING, HARASSMENT, INTIMIDATION, BULLYING, MENACING, CYBERBULLYING, TEEN DATING VIOLENCE, OR DOMESTION VIOLENCE - STUDENT**

Assistant Superintendent Harder discussed our work in this area, especially in terms of the overall goals of equity and so forth. This is very good and important work and we would like to return this data to the Board frequently so that they are able to track the District's progress in this area. We feel that the best way for the Board to contribute to this item is by creating, editing, and updating District policies.

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

## **VII. CONSOLIDATED ACTION**

### **A. Ratify Financial Agreement With Corvallis Education Agency (CEA)**

Superintendent Noss expressed appreciation for the hard work and long discussions had by all parties involved in this negotiation. Obviously, these circumstances are unprecedented and we are grateful for this agreement.

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

**(Continued – Next Page)**

### **MOTION:**

**It was moved by Director Conroy and seconded by Director Adams to approve the Consolidated Action items. The motion was voted on and unanimously approved.**

## **VIII CONSOLIDATED INFORMATION**

### **A. Bond Program Update**

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

There were no items presented for Consolidated Information.

## **IX. BOARD MEMBER COMMENTS**

- Vice-Chair Finger-McDonald expressed her encouragement to the community to vote. She feels that voting is extremely important.
- Additionally, she would like to remind the community that how we choose to follow regulations on community restrictions will determine how soon our children go back to school and how quickly things are able to return to some sense of normalcy.
- Director Whitebear agrees with Vice-Chair Finger-McDonald and thanks her for her comments. Additionally, she would like to emphasize how important it is for historically marginalized communities to participate in local government by voting and making a significant impact.
- Additionally, she would like to speak to the number of incident reports that the District is receiving. She thanks Assistant Superintendent Harder for her work in this area. She encourages the community to say something to a trusted person if you feel that someone might be at risk.
- Lastly, she would like to thank everyone at College hill for their response to a negative incident that happened during class. They responded swiftly and strongly and they provided assistance to students for processing that incident and did very well in this area.
- Director Conroy stated that he has heard concern from community members regarding returning students to school. He assures the community that their voices have been heard and reminds them that we are bound by state metrics. He thanks everyone who has been working very hard in this area.

**V. SUPERINTENDENT'S EDUCATIONAL UPDATE**

Superintendent Noss presented on the updates that the District has been working on, the future plans for students, and the reasoning behind all of our decisions.

## **VI. RATIFY FINANCIAL AGREEMENT WITH OREGON SCHOOL EMPLOYEES ASSOCIATION – CHAPTER 2 (OSEA)**

Board members expressed appreciation for the hard work that everyone involved in this agreement gave to the District. Our leadership and organizations have collaborated and come to an agreement that is the best for all parties involved in these extraordinary times. We have tried to address the needs of the association and the needs of our budget during the pandemic. (This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

### **MOTION:**

**It was moved by Director Adams and seconded by Director Conroy to approve the Consolidated Action items. The motion was voted on and unanimously approved.**

## **VII. CONSOLIDATED ACTION**

**There was discussion regarding item B in this section.**

The Board asked some questions regarding the Bond Promises, moving funding from our reserve accounts, and reviewed some details regarding the CVHS Change Order.

**A. Licensed Personnel Action** (This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

**B. CVHS Change Order – Renovation Early Work** (This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

### **MOTION:**

**It was moved by Director Adams and seconded by Director Jones to approve the Consolidated Action items. The motion was voted on and unanimously approved.**

## **VIII. CONSOLIDATED INFORMATION**

**There was discussion regarding item B.1 and B.2 in this section.**

The Board received the following information and discussed the two policy items. There was some discussion on the reasoning behind certain phrases and wording, as well as support for these policies as a whole. Board members had questions regarding the citations that were involved in these policies and our reasoning behind utilizing brackets in areas where we changed the template policy. Some discussion occurred regarding community concerns over the word “swastika”. Overall, the Board appreciates these policies and wants to make sure that we are phrasing things to the best of our abilities.

### **A. Non-Licensed Personnel Action**

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

### **B. Board Policies**

#### **1. Board Policy ACB – All Students Belong**

(This document is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

#### **2. Administrative Regulation ACB – AR**

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

## **IX. BOARD MEMBER COMMENTS**

- Director Jones reminds everyone who is able to do so to get the word out about the STEM grants that are available through community organizations. They need more applicants in order to award the full funding possible. It would be great if we could win some of those.
- Director Finger-McDonald would like to speak to the fact that November is Native American Heritage month and it is a great time to focus on the history and contributions to our country's culture. Also, she would like to reinforce that the community will decide our timeline – if we as a community do our part, we will be able to return children to school, and vice versa. Social distancing, wearing masks, and so on, is vital to this goal.
- Director Whitebear suggests thinking of amazing Indigenous people either contemporary or historic, or think of heroes you have that are Native American and start learning about their contributions. Additionally, she agrees with Vice-Chair Finger-McDonald that the community can help us reopen sooner by following the recommended guidelines.
- Director Conroy thanks everyone who was involved in the extra hard work of participating in bargaining. Additionally, he thanks Chair Al-AbdRabbuh for his strong leadership and encouragement of Board members in key areas. He also thanks Superintendent Noss for holding together all the pressures and complex work for this.
- Chair Al-AbdRabbuh reminds everyone that the OSBA conference is this week. He is excited to learn more about some very interesting topics. He will be presenting on a panel at this conference and invites all members to join if they are interested.

**X. ADJOURNMENT**

**III. BOARD MEMBER REPORTS**

Board members provided brief updates regarding various activities in which they engaged during the past month.

**IV. SUPERINTENDENT'S REPORT**

Superintendent Noss provided a few highlights of District-wide work since his last report such as the Winter Smiles program, the recent work of our student support programs, and other seasonal business. He ceded a portion of his time to our guests from the Linn-Benton-Lincoln Educational Service District. (The Superintendent's report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

## V. STUDENT REPRESENTATIVE REPORTS

Student representatives provided updates regarding their schools.

## VI. PUBLIC/STAFF COMMENT

**Dr. Ed Junkins of Corvallis** spoke on the importance of SB 770, a resolution to create a task force which will advise the legislative body on the Health Care for All Oregon Plan, administered by Health Care for All Oregon Board to provide publicly funded, equitable, affordable, comprehensive and high quality health care to all Oregon residents.

**Dr. Mike Huntington of Corvallis** spoke on the importance of SB 770, a resolution to create a task force which will advise the legislative body on the Health Care for All Oregon Plan, administered by Health Care for All Oregon Board to provide publicly funded, equitable, affordable, comprehensive and high quality health care to all Oregon residents.

## VII. ACTION ON MATTERS DISCUSSED IN 12-10-2020 EXECUTIVE SESSION

### MOTION:

**It was moved by Director Conroy and seconded by Director Adams that** in accordance with Board Policy KL-AR - the Board not hold a hearing with regards to the complaint from Ginger Larcom, dated 11/9/2020, to "review the findings and conclusion of the superintendent," thus making the Superintendent's findings decision final." **The motion was voted on and was approved.**

**Five Board members voted "Yes", one Board member abstained, and one Board member was absent from this meeting.**

**Director Baker abstained from voting due to being absent during the 12-10-2020 executive session.**

## VIII. EDUCATIONAL UPDATE (TEACHING AND LEARNING)

Melissa Harder, Assistant Superintendent for Corvallis School District, and Amy Lesan, Elementary Schools Coordinator for Corvallis School District gave a slide presentation regarding educational updates. They discussed the hybrid model plan that teaching and learning will implement when we are able (via state metrics) to return students to in-person learning. (This presentation is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

## IX. BOND PROGRAM UPDATE REPORT

Kim Patten, Director of Facilities and Maintenance, and Dale Kykendall, of Wenaha Construction Group gave a slide presentation regarding updates to the Bond Program. They showed images of new construction, provided budget overviews, and made sure to reiterate that all bond promises are on track to be met. (This presentation is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

#### **X. STUDENT INVESTMENT ACCOUNT AGREEMENT**

Olivia Meyers-Buch, Chief Financial Officer for Corvallis School District, spoke to the Board regarding the student investment account agreement, after which she responded to questions from Board members. The Board should expect to see no programmatic changes to the student investment grant.

(This report is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

#### **MOTION:**

**It was moved by Director Adams and seconded by Vice-Chair Finger-McDonald that the Board “approve the District’s Student Investment Account (SIA) Grant Agreement”. The motion was voted on and unanimously approved.**

**There was no public comment.**

#### **XII. RESOLUTION NO. 20-1201: SUPPLEMENTAL BUDGET FOR GENERAL FUND AND GRANTS FUND**

Olivia Meyers-Buch, Chief Financial Officer for Corvallis School District, gave a presentation to the Board regarding the supplemental budget for general fund and grants fund. The Board heard the complexities of budgeting during a pandemic, preparing for COVID supplies, and making sure that we retain as many employees as possible while still being able to function as an educational entity. The Board will hear more about the budget in future meetings and will be updated as district staff move forward with planning. (This resolution is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

- We have a lower enrollment than usual due to the pandemic.
- In-person instruction costs are higher than usual due to the pandemic.
- We can adjust the budget as necessary as future variables are resolved.

#### **MOTION:**

**It was moved by Director Adams and seconded by Director Conroy that “Resolution No. 20-1201 be adopted to amend budgeted resources and appropriations in the General Fund and Grants Fund.” The motion was voted on and unanimously approved.**

### **XIII. UPDATE ON BULLYING/HARASSMENT DATA AND TRACKING**

Melissa Harder, Assistant Superintendent for Corvallis School district, discussed updates on bullying/harassment data and tracking.

- Consistency in the way that the district tracks data needs improvement.
- We have a great opportunity to create a system that works for us.
- Our measures to improve health and wellness within the district are working well; there are many systems being built around this concept right now.
- We have been working with students to focus on trauma centered interpersonal interactions, social-emotional learning, and other similar work.
- More training and education will occur regarding bias incident response.

### **XIV. DIANE EFSEAF MEMORIAL SCHOLARSHIP APPLICATION CRITERIA**

Ryan Noss, Superintendent for Corvallis School District, gave a slide presentation regarding the Diane Efseaff Memorial Scholarship Application Criteria.

The Board needed to select criteria for this scholarship, appoint members to a scholarship work group, and decide how many awards there will be (as well as how much each award will be).

- Director Whitebear, Director Adams, and Director Conroy volunteered for the Board scholarship work group.
- These three members will decide the criteria, amount of award(s), and number of award(s) and report back to the Board as soon as possible.

(This presentation is posted online with the informational packet of this meeting and will be filed with the official 2020-21 Board records.)

### **XV. CONSOLIDATED ACTION**

Discussion was held regarding items B, C, D.

- Item C is approved with minor language changes.

XI.C. Budget Parameters for Readoption

# Corvallis

## SCHOOL DISTRICT

Prepared for: Corvallis School Board

Prepared by: Olivia Meyers Buch, Director of Finance and Operations

Meeting Date: April 8, 2021

### **Budget Parameters**

### **ACTION REQUESTED**

#### Background

Budget parameters are general guidelines that the district intends to honor through its budget process. They set forth the ideals that the district's decision-makers will adhere to as they develop the budget through an understanding that these decisions have long-term consequences. Budget parameters are important for creating a shared understanding of the overarching values that underpin budget development. Unlike the district's fiscal policies, which tend to be more technical, budget parameters can be understood and appreciated by all stakeholders, including the public.

The budget parameters presented for readoption tonight are rooted in the [GFOA's Best Practices in School Budgeting](#) and incorporate feedback received from board members during and after the February 7, 2019 board meeting, prior to when the budget parameters were first adopted. The terms "should" and "shall" are used throughout rather than the word "must" as budget parameters are general guidelines, not policy. No changes are proposed at this time.

#### Action Requested

Readopt the budget parameters as presented.

# CORVALLIS SCHOOL DISTRICT BUDGET PARAMETERS

Adopted by the School Board on April 8, 2021

*Budget parameters are general guidelines that the district intends to honor through its budget process. They set forth the ideals that the district's decision-makers will adhere to as they develop the budget through an understanding that these decisions have long-term consequences. Budget parameters are important for creating a shared understanding of the overarching values that underpin budget development. Unlike the district's fiscal policies, which tend to be more technical, budget parameters can be understood and appreciated by all stakeholders, including the public.*

## **Goals for Student Outcomes Should Drive the Budget Process**

Clear goals for student outcomes should guide how resources are allocated, how progress is tracked, and how budget decisions are made to prioritize programs and strategies.

## **Provide Every Student with Equitable Access and Opportunities**

The district is committed to educational equity by recognizing institutional barriers and creating access and opportunities that benefit each student. In order to achieve educational equity for each and every student, the district shall make every effort to provide all students with equitable access to high quality curriculum, support, facilities, and other resources, even when this means differentiating resource allocations.

*(Excerpted from [Corvallis School District Policy JBB – Educational Equity](#))*

## **Decisions Should Be Informed By Data**

Decisions that impact the future of student learning should be centered on evidence of what works. Qualitative and quantitative data on student outcomes, both in terms of student achievement and overall student educational experience, should inform the decision-making process.

## **Base Resourcing Decisions on the Total Value Created for Students**

The budget process should seek to allocate available resources optimally, in a way that will create the most benefit for students given the costs.

- **Prioritize strategies and programs with proven cost-effectiveness**  
Strategies and programs that have proven to produce larger gains and close the opportunity gap in learning for all student groups relative to their cost should be given priority for funding. Strategies and programs that are chosen should be implemented fully and faithfully even if that means fewer strategies or programs are implemented.
- **Make student-centered decisions**  
Budget decisions should be based on what is best for students, not adults. In some cases, there is pressure to develop a budget that puts the interests of adult stakeholders above the interest of students. That priority should be reversed.

### **Critically Re-Examine Patterns of Spending**

Past patterns of spending may no longer be relevant given changing needs of the community and student body. Hence, the budget process should encourage review of past spending decisions and critically change, where necessary. The district should develop and implement a program review and sunset process to identify and discontinue programs that are not achieving their objectives or that are simply not as effective as available alternatives.

### **Take a Long-Term Perspective**

The district will not be able to make large changes to its educational strategy and resource allocation patterns within a single year. Further, a consistent application of proven strategies over a multi-year period will deliver better results. Therefore, to the degree possible, the district should develop and adhere to a multi-year funding plan for its strategies, with the goal of fully funding and re-aligning resources where necessary to fund high priority elements of the strategies.

### **Be Transparent**

Effective budgeting requires valid information about the true costs of serving students and the outcomes produced for students.

- Make performance data readily available. The budget process should be informed by valid and reliable data on fiscal and academic performance.
- Consider all direct and indirect expenditures in evaluating the cost of educating students.
- Use a consolidated budget that considers all available funds. Acknowledge constraints on categorical spending, but consider all available funds to make the most impact with available resources.
- Be clear on what actions are being funded to help the district reach its student achievement goals – not just line items and broad expenditure categories.

## XII.B. February 2021 Financial Statements (Unaudited)

# Corvallis

## SCHOOL DISTRICT

Prepared for: Corvallis School Board

Prepared by: Olivia Meyers Buch, Finance and Operations Director

Meeting Date: March 11, 2021

### **February Financial Statements (Unaudited)**

### **NO ACTION REQUIRED**

#### Background

The Statement of Resources and Requirements for the General Fund for the period ending February 29, 2020 and February 28, 2021 follow this report. Year-to-date operating revenues through the end of February 2021 total \$69.6 million or 86.4% of total budgeted operating revenues as compared to \$67.1 million or 84.0% through the end of February 2020. Total resources are projected to be \$48,000 less than budgeted.

Year-to-date operating expenditures through the end of February 2021 total \$42.0 million or 48.8% of total budgeted operating expenditures as compared to \$48.3 million or 55.3% through the end of February 2020. The district is currently experiencing savings in operational costs related to staffing vacancies, contracted student transportation services, contracted substitute services, and travel. Projected underspending in 2020-21 is expected to be much higher than normal at about 7% of budgeted expenditures.

Projected resources and requirements through June 30, 2021 result in an ending fund balance of \$13.1 million, or 16.3% of projected operating revenues. The projected ending fund balance reflects an increase in fund balance, or operating surplus, of \$450,000. All General Fund reserves are projected to be at the designations outlined in board policy on June 30, 2021.
