BOE Meeting

1. Meeting Call to Order

1.A Roll Call

1.B Approval to Allow Member Hemphill to Join the Meeting Remotely as Allowed by Board Policy 2:220 - The Board approved allowing Hemphill to enter the meeting remotely as she was traveling for work. Hemphill entered the meeting at 6:00 p.m.

1.C Approval of Agenda - The Board approved the agenda as presented.

2. Pledge of Allegiance

3. Public Open Forum

3.A Recognition of Visitors – President Gorman and Superintendent Mongan welcomed attendees and those watching remotely.

3.B Audit Report for Central 301 and Northern Kane County Regional Vocational System - Ms Juergensen from Eccezion reviewed the audit reports for both Central 301 and Northern Kane. Both audits reflected no negative findings, positive fund balances in all accounts, no cash overdrafts, and no deficiencies in internal controls.

3.C Public Comments - Public comment was heard regarding concerns about a student not receiving a handicap parking space, changes to the enrollment report, teacher compensation for advanced

degrees, staff retention, referendum, opposition stems from a feeling of distrust, FOIA requests and paying possible fees, and availability of materials online.

4. Action Items

- 4.A Consent Agenda – Business Manager Pflug reviewed the revenues and expenditures. The District received \$93,879.90 in impact fees for twelve new home starts and \$3,605.00 in transition fees this month. The bills payable reports for both Central 301 and Northern Kane are typical for October and include a construction payment for a little over \$2 million.
- 4.B Approve SkillsUSA Leadership Conference Overnight Trip – Athletics and Activities Director Juske shared that members of SkillsUSA were able to attend a CTE leadership conference in Peoria. Students competed in several events within the business field and earned a number of awards.
- 4.C Approve Boys Golf Overnight Trip – Athletics and Activities Director Juske shared that the boys golf team brought home their first state trophy, earning third place, earlier this month.
- 4.D Approve Softball Spring Break Trip – Athletics and Activities Director Juske explained that this trip is similar to what the boys baseball team did last year. It is funded by parents/guardians and will allow athletes to play some preseason games and enjoy team bonding. Director Juske explained that the expectation is that baseball and softball will alternate years for these trips.
- 4.E Approve Authorization to Conduct Auction for Electricity Service and Execute Agreement Within Approved Parameters – Facilities Director Polowy explained that, in an effort to get the best price for electricity service, the District will hold a reverse auction. This will allow us to lock in the best rate for a period of one to five years, with the length of the contract to be determined once final rates are received.

5. Information Items

- 5.A Facilities Update – Facilities Director Polowy shared that they are finalizing the HVAC controls in the HS addition and will complete owner training in the next week in order to finish that project. The Health Life Safety inspections were completed this past month and the ROE said we do a great job and our buildings are in great shape.
- 5.B Athletics and Activities Update – Athletics and Activities Director Juske shared that we are already transitioning from fall to winter sports. We were able to secure sponsors for National Honors Society, so that activity will be up and running. We are seeing increased participation in clubs and sports. He congratulated the middle school cross country team on their performance in the state competition and the boys golf team for their finish at state, and shared that HS cross country, soccer and volleyball teams have regional competitions coming up. Our football team clinched playoffs for the first time in ten years.
- 5.C AP Honor Roll - Dr. Mongan shared that Central High School received the AP Access Award and AP School Honor Roll Award from the College Board. These awards are granted to schools that reflect a commitment to expanding the access to AP courses and supporting students to ensure they are successful in those courses.
- 5.D FOIA Fee Options - FOIA Officer Engle shared information about the fees that organizations can charge for FOIA requests. The Board had requested information as we have seen an increase in FOIA requests and they do take a lot of time to complete. The allowable fees are minimal and would not cover the cost to the District for the time and work it takes to fulfill the requests. The Board is not looking to charge for FOIAs, but would like to better understand how much of the work could be delegated to another person and if it would be worth hiring someone for that purpose.

- 5.E Potential Issuance of Tax-Exempt Bonds - Business Manager Pflug explained that, if the referendum were to pass, the District would have the opportunity to issue \$14.7 million of bonds in December 2024 in order to take advantage of the small issuer exception. This would allow us to avoid paying the arbitrage rebate and be able to earn interest on these funds that could be used for the new high school project. If the referendum does not pass, this option would not be available to us.
- 5.F Enrollment Report - The enrollment report is in the Board packet. The enrollment report was changed this year because the Board determined the additional detail was not useful based on the time required to complete the report. The Board discussed the option of providing a more detailed report on a quarterly basis instead. We will see what reporting options may be helpful in Open Architects for future enrollment reporting.
6. Freedom of Information Act
- 6.A Ms. Welch - We received a request for the slide presentation and written report given by Eriksson Engineering at the October 16, 2023 Board meeting. – We were able to comply with this request; however, there wasn't a written report.
- 6.B Ms. Kurtz - We received a request for surveys and responses from the Central Education Association received by the Board or Superintendent between January 1, 2024 and June 30, 2024. – We were able to comply with this request; however, personal names and contact information were redacted pursuant to FOIA rules and regulations.
- 6.C Mr. Chapman - We received a request for costs for retrofitting PKMS, CMS and CHS if the referendum passes, information regarding the 23-24 and 24-25 Teacher Vacancy Grant including amount received, line item budget and actual expenditures, and information regarding how unused funds were redistributed, including District policy about how unspent allocations are handled. – We were able to comply with this request.
- 6.D Ms. Welch - We received a request for information provided by Gilfillan Callaghan Nelson related to the Rohrsen Road property in 2006 through 2008. – We were able to comply with this request.
- 6.E Ms. Martinez - We received a request for all meeting minutes, documentation, contracts, and internal communications between Dr. Mongan and Aramark. – The request was denied as it was unduly burdensome. We invited Ms. Martinez to reduce the scope of the request. We recently received a revised request.
- 6.F Ms. Cameron - We received a request for credit card statement details for purchases made by district credit cards for specific invoices between July and September 2024. – We were able to comply with this request.
- 6.G Ms. Crary - We received a request for information related to bid and permit documents for the High School project from Larson and Darby and/or Shales McNutt. – We were able to comply with this request.
- 6.H Ms. Welch - We received a request for enrollment information, including out of district and non-resident students, broken down by school and grade, as of October 1, 2024. – We were unable to comply with this request because we did not have the information compiled in the requested format.

7. Executive Session
 - 7.A Adjourn to Closed Session - The Board adjourned to closed session to hear information regarding exceptions 2(c)(1), 2(c)(2), 2(c)(10) and 2(c)(21).
8. Open Session
 - 8.A Adjourn Closed Session to Return to Open Session
 - 8.B Action Items from Closed Session
 - 8.B.1 Approval of September 23, 2024 Executive Session Minutes - The Board approved the Executive Session Minutes from the September 23, 2024 Board meeting.
 - 8.B.2 Approval of October 7, 2024 Executive Session Minutes - The Board approved the Executive Session Minutes from the October 7, 2024 Board meeting.
 - 8.C Board Discussion - The Board discussed possible adjustments to how we hold public comment, including reviewing expectations for public comment at each meeting, moving public comment to later in the agenda, and/or adding an opportunity for public comment response from the Board as an information item. We will look into what other districts are doing and consult with legal counsel before making a change. The Board also discussed the Teacher Vacancy Grant and the District's practice of not using grant funds for ongoing expenses since grants are not guaranteed. Additionally, the Board discussed how they could combat the misinformation that is being spread in the community and whether Board members should participate in District-level committees.
9. Adjourn

Board President

Board Secretary

MEMORANDUM

TO: Dr. Esther Mongan, Superintendent, Board of Education

FROM: Daina Pflug, Business Manager

DATE: November 18, 2024

RE: Board Financial Report

- The Revenue and Expenditure Summary Reports are included in your Board Packet. Revenues are currently at 35.58% compared to 37.05% a year ago. Expenditures are at 34.49% as compared to 28.76% a year ago.
- The district received impact fees for September in the amount of \$23,652.29 for 4 home starts. No transition fees came in this month.
- The bills payable reports for both Central 301 and Northern Kane are typical for the month of November. Included this month for Central 301 is a payment for the Bond Series 2013 of \$6,975,000 to Amalgamated Bank of Chicago.
- Tonight, the board will discuss and act on a resolution regarding the estimating aggregate levy for the year 2024.
- The Illinois State Board of Education (ISBE) audited Northern Kane's financials compared to the claimed expenditure amounts in ISBE. There were a couple accounts miscoded but in total all amounts tied out. New procedures have been created to prevent this for FY25 and moving forward. We have received the final closing letter from ISBE and they have accepted our corrective action plan.

Memorandum

To: Dr. Esther Mongan, Superintendent, Board of Education
From: Daina Pflug, Business Manager
Subject: 2024 Proposed Tax Levy
Date: November 18, 2024

Attached is information relating to the proposed 2024 tax levy. The Board will be asked to adopt a tentative tax levy resolution for the next school year. In December, a truth in taxation public hearing will be held prior to the regular board meeting and then the Board will be asked to adopt the final tax levy.

Enclosed is an analysis of the history of district EAV and new construction numbers, the estimated 2024 EAV, estimated tax rate, and the increase in new dollars over the previous year's extension. We are anticipating approximately \$3,027,631 in new operating dollars. There will be an increase in the debt service extension as our bond payments increase from \$8,918,450 to \$9,418,950. The total operating and debt service extension will be approximately \$67,898,950 if the estimated total EAV is close to \$1,150,300,000 and new construction is near \$23,000,000, which are the most recent numbers provided by the Kane County Tax Extension officer.

As in past years, it is necessary to request a higher amount than what we anticipate receiving to ensure full access to dollars that are generated through new construction EAV. The law provides that a district cannot receive more than what it is entitled. A district cannot receive more than what was requested in each fund.

Since the proposed operating extension is more than a 5% increase, we are required to publish a Truth in Taxation notice and conduct a public hearing.

MEMORANDUM

TO: Board of Education

FROM: Esther Mongan, Superintendent

DATE: November 15, 2024

RE: Approval of Renewal of Contract with Larson & Darby

I am presenting an updated contract with Larson & Darby Architect Firm for Board approval. The B133 agreement with Larson & Darby was prepared as a master agreement, with the intent that the parties agree upon Project Authorization Exhibits for each project (this is our practice). This updated agreement will replace the previous standard form of agreement and continue our longstanding partnership with Larson & Darby, who have provided architectural services to our district for approximately 20 years.

Our district has an extensive and positive history with Larson & Darby. Over the years, they have demonstrated a strong commitment to meeting our needs and understanding our facility requirements. They are well-acquainted with our district's facilities and have collaborated closely with Dan Polowy, Director of Building, Grounds and Maintenance, on our 10-year Health, Life, Safety plan and various other construction projects. This ongoing partnership has proven invaluable, allowing Larson & Darby to provide responsive support that aligns with our operational goals.

Additionally, Larson & Darby maintain a highly effective working relationship with our construction management firm, Shales McNutt, which has contributed to seamless collaboration and project coordination.

Continuing our partnership with Larson & Darby through this updated agreement allows us to leverage their deep understanding of our facilities and long-standing collaborative approach. Their productive relationship with Shales McNutt enhances project efficiency and consistency, benefiting our construction projects.

I recommend that the Board approve the updated contract with Larson & Darby Architect Firm, thereby continuing the long-standing partnership that has continually met the district's facility needs effectively and responsibly.

ARTICLE 1 INITIAL INFORMATION

§ 1.1 This Agreement is based on the Initial Information set forth in this Section 1.1.

- .A This Agreement shall be effective for one (1) year after the date first written above ("Date of this Agreement"). This Agreement will renew on an annual basis, on the day and month of the Date of this Agreement, unless either party provides notice of their intent not to renew this Agreement. Notice must be provided at least 60 days prior to the renewal date. In the event either party elects not to renew this Agreement, the terms of this Agreement shall remain applicable until all Project Authorization Exhibits under this Agreement are completed or terminated.
- .B This Agreement shall apply to all Project Authorization Exhibits agreed to by the Parties within the term of this Agreement until completion of the specific Project enumerated in the applicable Project Authorization Exhibit. In the event of a conflict between terms and conditions of this Agreement and a Project Authorization Exhibit, the terms of the Project Authorization Exhibit shall take precedence for the services provided pursuant to the Project Authorization Exhibit.
- .C An agreed upon Project Authorization Exhibit together with this Agreement form a "Project Agreement". A Project Agreement represents the entire and integrated agreement between the Parties, and supersedes prior negotiations, representations, or agreements, either written or oral. A Project Agreement may be amended or modified only by Modification.
- .D References herein to "Project" shall be deemed to be references to a particular Project as otherwise outlined in its corresponding Project Authorization Exhibit. Each Project Authorization Exhibit shall bear a unique numerical identifier.
- .E The Architect may decline to accept any Project Authorization Exhibit issued by the Owner.

- .F The Architect shall perform the services set forth in each agreed upon Project Authorization Exhibit. Each Project Authorization Exhibit must be executed by each party in order to be effective and shall further include all information as otherwise referenced herein.

(For each item in this section, insert the information or a statement such as "not applicable" or "unknown at time of execution.")

§ 1.1.1 The Owner's program for the Project:

(Insert the Owner's program, identify documentation that establishes the Owner's program, or state the manner in which the program will be developed.)

As set forth in the applicable Project Authorization Exhibit.

§ 1.1.2 The Project's physical characteristics:

(Identify or describe pertinent information about the Project's physical characteristics, such as size; location; dimensions; geotechnical reports; site boundaries; topographic surveys; traffic and utility studies; availability of public and private utilities and services; legal description of the site, etc.)

As set forth in the applicable Project Authorization Exhibit.

§ 1.1.3 The Owner's budget for the Cost of the Work, as defined in Section 6.1:

(Provide total and, if known, a line item breakdown.)

As set forth in the applicable Project Authorization Exhibit.

§ 1.1.4 The Owner's anticipated design and construction milestone dates:

- .1 Design phase milestone dates, if any:

As set forth in the applicable Project Authorization Exhibit.

- .2 Construction commencement date:

As set forth in the applicable Project Authorization Exhibit.

- .3 Substantial Completion date or dates:

As set forth in the applicable Project Authorization Exhibit.

- .4 Other milestone dates:

As set forth in the applicable Project Authorization Exhibit, if any.

§ 1.1.5 The Owner intends to retain a Construction Manager pursuant to the following agreement:

- [] AIA Document A133–2019, Standard Form of Agreement Between Owner and Construction Manager as Constructor where the basis of payment is the Cost of the Work Plus a Fee with a Guaranteed Maximum Price.

- [X] AIA Document A134–2019, Standard Form of Agreement Between Owner and Construction Manager as Constructor where the basis of payment is the Cost of the Work Plus a Fee without a Guaranteed Maximum Price.

§ 1.1.6 The Owner's requirements for accelerated or fast-track design and construction, or phased construction are set forth below:

(List number and type of bid/procurement packages.)

As set forth in the applicable Project Authorization Exhibit, if any.

§ 1.1.7 The Owner's anticipated Sustainable Objective for the Project:
(Identify and describe the Owner's Sustainable Objective for the Project, if any.)

As set forth in the applicable Project Authorization Exhibit, if any.

§ 1.1.7.1 If the Owner identifies a Sustainable Objective, the Owner and Architect shall complete and incorporate AIA Document E234™-2019, Sustainable Projects Exhibit, Construction Manager as Constructor Edition, into this Agreement to define the terms, conditions and services related to the Owner's Sustainable Objective. If E234-2019 is incorporated into this Agreement, the Owner and Architect shall incorporate the completed E234-2019 into the agreements with the consultants and contractors performing services or Work in any way associated with the Sustainable Objective.

§ 1.1.8 The Owner identifies the following representative in accordance with Section 5.4:
(List name, address, and other contact information.)

§ 1.1.13 Other Initial Information on which the Agreement is based:

As set forth in the applicable Project Authorization Exhibit.

§ 1.2 The Owner and Architect may rely on the Initial Information as set forth in each Project Agreement. Both parties, however, recognize that the Initial Information for a particular Project Agreement may materially change and, in that event, the Owner and the Architect shall appropriately adjust the Architect's services, schedule for the Architect's services, and the Architect's compensation as set forth in that particular Project Agreement. The Owner shall correspondingly adjust the Owner's budget for the Cost of the Work and the Owner's anticipated design and construction milestones, as necessary, to accommodate material changes in the Initial Information as set forth in a particular Project Agreement.

§ 1.3 The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties may use AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.3.1 Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™-2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide professional services as set forth in each Project Agreement. The Architect represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by the applicable Project Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

§ 2.2 The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall provide its services in conjunction with the services of a Construction Manager as described in the agreement identified in Section 1.1.5. The Architect shall not be responsible for actions taken by the Construction Manager.

§ 2.4 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project. The representative shall remain assigned to the Project for its duration and shall not be removed from the Project by the Architect without the consent of the Owner, which consent shall not unreasonably be withheld, conditioned, or delayed. Should the named representative no longer be employed by Architect during the term of this Agreement, the Architect shall promptly make a recommendation to the Owner as to the appropriate replacement representative for Owner's consideration. If at any time prior to the termination of this Agreement the Owner desires to have the Architect's representative replaced, the Owner shall notify the Architect of such and the parties shall promptly meet to mutually agree upon a replacement.

§ 2.5 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's Professional Judgment with respect to this Project. For purposes of this Agreement, the term "Professional Judgment" shall mean the judgement of the Architect, made with consideration of the facts, data, reports, and other information known to the person making the judgment, based upon the training, experience, and skill exercised by persons in the same profession under similar circumstances.

§ 2.6 Insurance. The Architect shall maintain the following insurance until termination of this Agreement.

§ 2.6.1 Commercial General Liability insurance, on an occurrence basis, with policy limits of not less than Two Million Dollars (\$2,000,000) for each occurrence and Four Million Dollars (\$4,000,000) in the aggregate, covering liability arising from personal injury, property damage, premises, operations, products and completed operations and contractual liability.

§ 2.6.2 Automobile Liability insurance covering leased, owned, rented, and non-owned vehicles operated by the Architect with policy limits of not less than One Million Dollars (\$1,000,000) combined single limit, per accident for bodily injury, and property damage along with any other statutorily required automobile coverage.

§ 2.6.3 The Architect may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.6.1 and 2.6.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

§ 2.6.4 Workers' Compensation at statutory limits.

§ 2.6.5 Employers' Liability with policy limits not less than One Million Dollars (\$1,000,000) each accident, One Million Dollars (\$1,000,000) each employee, and One Million Dollars (\$1,000,000) policy limit.

§ 2.6.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services, with policy limits of not less than Two Million Dollars (\$2,000,000) per claim and Five Million Dollars (\$5,000,000) in the aggregate. The Architect shall maintain this insurance for at least three (3) years after final completion of the Project.

§ 2.6.7 **Additional Insured Obligations.** To the fullest extent permitted by law, the Architect shall cause the primary and excess or umbrella policies for Commercial General Liability and Automobile Liability to include Owner, its individual Board members, officers, directors, employees and agents as additional insureds for claims caused in whole or in part by the Architect's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the additional insureds' insurance policies and shall apply to both ongoing and completed operations.

§ 2.6.8 The Architect shall provide certificates of insurance to the Owner that evidence compliance with the requirements in this Section 2.6. The certificate of insurance must provide the Owner with at least thirty (30) days advance written notice of any insurer termination of coverage. In addition, the Architect shall provide the Owner with at least thirty (30) days advance written notice, when possible, of any anticipated termination of coverage. If the Architect is not able to provide thirty (30) days advanced written notice of an anticipated termination of coverage, the Architect shall provide notice to the Owner as promptly as practicable.

§ 2.6.9 All insurance required of the Architect, with the exception of umbrella and excess policy, shall be the primary insurance on a non-contributory basis. With regard to the umbrella and excess policy, such policy shall follow the Commercial General Liability insurance policy in all respects, including non-contributory obligations. If the additional insureds have other insurance which is applicable to the loss, it shall be on an excess or contingent basis.

§ 2.6.10 With the exception of Professional Liability and Workers' Compensation insurance, all insurance required of the Architect shall provide that the insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

§ 2.6.11 Under no circumstances shall the Owner be deemed to have waived any of the insurance requirements hereunder. The Architect agrees that the obligation to provide the insurance is solely its responsibility and that this is a requirement which cannot be waived by any conduct, action, inaction or omission by the Owner.

§ 2.6.12 Notwithstanding any other provision contained herein or in any Contract Document, the Owner, at its own option, may satisfy its obligation to purchase any insurance required of the Owner hereunder through its membership in a self-insurance risk pool.

§ 2.6.13 The Architect, on its behalf and on behalf of its insurers, waives any and all rights of subrogation against any additional insured under this Agreement. Notwithstanding any other provision herein or in any Contract Document, the Owner shall not, in any manner, be deemed or intended to have waived any right of subrogation which it, any insurer or any self-insured risk pool of which it is a member may have against the Architect or any of its agents or consultants.

§ 2.6.14 The insurance requirements of Architect set forth herein are minimum contractual obligations and shall not preclude the Owner from accessing insurance limits above said stated minimums.

ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in this Article 3 and include usual and customary structural engineering services. Services not set forth in this Article 3 are Supplemental or Additional Services, *provided that* such Supplemental or Additional Services are authorized in writing by the Owner and agreed to by the Architect. The Architect shall exercise reasonable care to engage consultants who shall possess the experience, skill, knowledge, and character necessary to qualify the consultants for the particular duties they perform and who shall perform all work in conformity with the standards of reasonable care and skill with respect to professional services they are rendering. Said consultants shall carry professional liability insurance. The Architect assumes full responsibility to the Owner for the negligent act, errors and omissions of its consultants.

§ 3.1.1 The Architect shall manage the Architect's services, consult with the Owner, research applicable design criteria, attend Project meetings, Board of Education meetings at which the Project is to be discussed, provided Architect receives prior notice of such meeting, communicate with members of the Project team, and report progress to the Owner.

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner, the Construction Manager, and the Owner's consultants. The Architect shall be entitled to rely on, and shall not be responsible for, except as provided below, the accuracy, completeness, and timeliness of, services and information furnished by the Owner, the Construction Manager, and the Owner's consultants, unless the Architect knows, in its Professional Judgment, that the information provided is inaccurate or incomplete. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware, in its Professional Judgment, of any error, omission, or inconsistency in such services or information.

§ 3.1.3 As soon as practicable after the date of this Agreement, the Architect shall submit, for the Construction Manager's review and the Owner's approval, a schedule for the performance of the Architect's services. The schedule shall include design phase milestone dates, as well as the anticipated dates for the commencement of construction and for Substantial Completion of the Work as set forth in the Initial Information. The schedule shall include allowances for periods of time required for the Owner's review, for the Construction Manager's review, for the performance of the Construction Manager's Preconstruction Phase services, for the performance of the Owner's consultants, and for approval of submissions by authorities having jurisdiction over the Project. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause and with the prior written consent of the Owner, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.4 The Architect shall submit information to the Construction Manager and participate in developing and revising the Project schedule as it relates to the Architect's services. The Architect shall review and approve, or take other appropriate action upon, the portion of the Project schedule relating to the performance of the Architect's services.

§ 3.1.5 The Architect shall not be responsible for an Owner's directive or substitution, or for the Owner knowingly accepting non-conforming work, made or given without the Architect's written approval.

§ 3.1.6 The Architect shall, in coordination with the Construction Manager, contact governmental authorities required to approve the Construction Documents and entities providing utility services to the Project. The Architect shall respond to applicable design requirements imposed by those authorities and entities.

§ 3.1.7 The Architect, with the assistance of the Owner and Construction Manager, shall prepare and file the documents required of Owner by the Regional Office of Education having jurisdiction over the Project. The Architect shall assist the Owner and Construction Manager in connection with the Owner's responsibility for filing all other documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.1.8 Prior to the Owner's acceptance of the Construction Manager's Guaranteed Maximum Price proposal, or the Owner's approval of the Construction Manager's Control Estimate, as applicable, the Architect shall consider the Construction Manager's requests for substitutions and, upon written request of the Construction Manager, provide clarification or interpretations pertaining to the Drawings, Specifications, and other documents submitted by the Architect. The Architect and Construction Manager shall include the Owner in communications related to substitution requests, clarifications, and interpretations.

§ 3.2 Review of the Construction Manager's Guaranteed Maximum Price Proposal or Control Estimate

§ 3.2.1 At a time to be mutually agreed upon by the Owner and the Construction Manager, the Construction Manager shall prepare, for review by the Owner and Architect, and for the Owner's acceptance or approval, a Guaranteed Maximum Price proposal or Control Estimate. The Architect shall assist the Owner in reviewing the Construction Manager's proposal or estimate. The Architect's review is not for the purpose of discovering errors, omissions, or inconsistencies; for the assumption of any responsibility for the Construction Manager's proposed means, methods, sequences, techniques, or procedures; or for the verification of any estimates of cost or estimated cost proposals. In the event that the Architect discovers any inconsistencies or inaccuracies in the information presented, the Architect shall promptly notify the Owner and Construction Manager. The Architect represents that it is knowledgeable in school design and shall exercise reasonable care and skill to comply with all applicable federal and state laws, as well as all applicable rules, regulations and ordinances, specifically including, but not limited to, all rules, regulations and specifications adopted by the Illinois State Board of Education and any other agency with authority over the design of school facilities in effect at the date of the

certification of the Drawings and Specifications. The Architect is responsible for all materials specified as to appropriateness for the intended use in an educational facility.

§ 3.2.2 Upon authorization by the Owner, and subject to Section 4.2.1.14, the Architect shall update the Drawings, Specifications, and other documents to incorporate the agreed upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment or Control Estimate.

§ 3.3 Schematic Design Phase Services

§ 3.3.1 The Architect shall review the program, and other information furnished by the Owner and Construction Manager, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.3.2 The Architect shall prepare a preliminary evaluation of the Owner's program, schedule, budget for the Cost of the Work, Project site, and other Initial Information, each in terms of the other, to ascertain the requirements of the Project. The Architect shall notify the Owner of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project.

§ 3.3.3 The Architect shall present its preliminary evaluation to the Owner and Construction Manager and shall discuss with the Owner and Construction Manager alternative approaches to design and construction of the Project. The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

§ 3.3.4 Based on the Project requirements agreed upon with the Owner, the Architect shall prepare and present, to the Owner and Construction Manager, for the Owner's approval, a preliminary design illustrating the scale and relationship of the Project components.

§ 3.3.5 Based on the Owner's approval of the preliminary design, the Architect shall prepare Schematic Design Documents, based upon the most current approved Owner's budget, for Construction Manager's review and the Owner's approval. The Schematic Design Documents shall consist of drawings and other documents including a site plan, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital representations. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 3.3.5.1 The Architect shall consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on the Owner's program, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1. To the extent that the Owner utilizes environmentally responsible design approaches and private, local, state or federal funds may be available as a result, the Architect shall provide reasonable assistance to the Owner in completing any applications for such funding.

§ 3.3.5.2 The Architect shall consider with the Owner and the Construction Manager the value of alternative materials, building systems and equipment, together with other considerations based on the Owner's program, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

§ 3.3.6 The Architect shall submit the proposed final Schematic Design Documents, in the form of a Schematic Design Booklet ("SD Booklet"), to the Owner (including Superintendent and Director of Building Grounds) and the Construction Manager. The Architect shall meet with the Construction Manager, and Owner (including Director of Building Grounds and the Superintendent) to review the Schematic Design Documents and SD Booklet. During the development of the Schematic Design Documents, the Architect shall make a good faith effort to ensure that the Project Schedule provides sufficient time for multiple reviews by Owner of the Schematic Design Documents currently under development, so as not to delay substantial or final completion. If the Owner rejects the proposed final Schematic Design Documents as submitted in the SD Booklet, the Architect shall revise said documents in accordance with the Owner's comments and resubmit the SD Booklet to the Owner for its approval. Notwithstanding the foregoing, if the Owner rejects the proposed final Schematic Design Documents as submitted in the SD Booklet more than three (3) times on any particular Project for reasons unrelated to the Architect's error or omission, the Architect's revisions after the third (3rd) revision shall be paid for by the Owner as Additional Services. Interim reviews will be provided by the Architect prior to the final submission of the SD Booklet contemplated by this Section. If, for reasons unrelated to the Architect's error or omission, the Owner approves the Schematic Design Documents or a portion thereof during the interim review process, but subsequently rejects or requests revisions to portions of the previously approved Schematic Design Documents, the Architect's

revisions to such previously-approved Schematic Design Documents shall be paid for by the Owner as Additional Services."

§ 3.3.7 Upon receipt of the Construction Manager's review comments and cost estimate at the conclusion of the Schematic Design Phase, the Architect shall take action as required under Section 6.4, and request the Owner's approval of the Schematic Design Documents. If revisions to the Schematic Design Documents are required to comply with the Owner's budget for the Cost of the Work at the conclusion of the Schematic Design Phase, the Architect shall incorporate the required revisions in the Design Development Phase.

§ 3.3.8 In the further development of the Drawings and Specifications during this and subsequent phases of design, the Architect shall be entitled to rely on the accuracy of the estimates of the Cost of the Work, which are to be provided by the Construction Manager under the Construction Manager's agreement with the Owner, unless the Architect knows that the information provided is inaccurate or incomplete.

§ 3.4 Design Development Phase Services

§ 3.4.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents, based on the current approved Owner's budget, for the Construction Manager's review and the Owner's approval. The Design Development Documents shall be based upon information provided, and estimates prepared by, the Construction Manager and shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish in general their quality levels.

§ 3.4.2 Prior to the conclusion of the Design Development Phase, the Architect shall submit the Design Development Documents to the Owner and the Construction Manager. The Architect shall meet with the Construction Manager to review the Design Development Documents.

§ 3.4.3 Upon receipt of the Construction Manager's information and estimate at the conclusion of the Design Development Phase, the Architect shall take action as required under Sections 6.5 and 6.6 and request the Owner's approval of the Design Development Documents.

§ 3.5 Construction Documents Phase Services

§ 3.5.1 Based on the Owner's approval of the Design Development Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents, based on the current approved Owner's budget, for the Construction Manager's review and the Owner's approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels and performance criteria of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that, in order to perform the Work, the Construction Manager will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.5.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.5.3 During the development of the Construction Documents, the Architect shall assist the Owner and Construction Manager in the development and preparation of (1) the Conditions of the Contract for Construction (General, Supplementary and other Conditions) and (2) a project manual that includes the Conditions of the Contract for Construction and Specifications, and may include sample forms.

§ 3.5.4 Prior to the conclusion of the Construction Documents Phase, the Architect shall submit the Construction Documents to the Owner and the Construction Manager. The Architect shall meet with the Construction Manager to review the Construction Documents.

§ 3.5.5 Upon receipt of the Construction Manager's information and estimate at the conclusion of the Construction Documents Phase, the Architect shall take action as required under Section 6.7, and request the Owner's approval of the Construction Documents.

§ 3.5.6 The Architect shall provide reasonable assistance to the Owner and Construction Manager, as requested, with the following:

- .1 conducting a pre-bid conference for prospective bidders;
- .2 preparing responses to questions from prospective bidders and providing clarifications and interpretations of the Bidding Documents to the prospective bidders in the form of addenda;
- .3 conducting the opening of the bids, and subsequently documenting and distributing the bidding results, as directed by the Owner.

§ 3.5.7 If the Bidding Documents permit substitutions, upon the Owner's written authorization, the Architect shall, as an Additional Service, consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Construction Manager as set forth below and in AIA Document A201™-2017, General Conditions of the Contract for Construction, as amended by Owner ("General Conditions"). If the Owner and Construction Manager modify AIA Document A201-2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement. The term "Contractor" as used in A201-2017 shall mean the Construction Manager.

§ 3.6.1.2 Subject to Section 4.2, the Architect's responsibility to provide Construction Phase Services commences upon the Owner's acceptance of the Construction Manager's Guaranteed Maximum Price proposal, the Owner's approval of the Construction Manager's Control Estimate, or by a written agreement between the Owner and Construction Manager which sets forth a description of the Work to be performed by the Construction Manager prior to such acceptance or approval. Subject to Section 4.2, and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services terminates on the date the Architect issues the final Certificate for Payment.

§ 3.6.1.3 The Architect shall advise and consult with the Owner and Construction Manager during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Construction Manager's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Construction Manager or of any other persons or entities performing portions of the Work.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become familiar with the progress and quality of the portion of the Work completed, and to determine if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site observations to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Construction Manager, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents and shall notify the Owner of such rejection. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Construction Manager, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Construction Manager. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Construction Manager, shall not show partiality to either, and when acting in its role as the Initial Decision Maker, and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 3.6.2.5 Unless the Owner and Construction Manager designate another person to serve as an Initial Decision Maker, as that term is defined in the General Conditions, the Architect shall render initial decisions on Claims between the Owner and Construction Manager as provided in the Contract Documents. Notwithstanding anything in the Contract Documents to the contrary, the Architect shall not serve as the Initial Decision Maker with respect to disputes or claims between the Owner and Architect or disputes or claims where the Architect has a conflict of interest. In such instances the Owner shall select a replacement Initial Decision Maker, which selection shall be final.

§ 3.6.3 Certificates for Payment to Construction Manager

§ 3.6.3.1 The Architect shall review and certify the amounts due the Construction Manager and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Construction Manager's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the Contractor has submitted lien waivers for the materials and services subject to the certificate for payment, the quality of the Work is in accordance with the Contract Documents, and that the Construction Manager is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site observations to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Construction Manager's right to payment, or (4) ascertained how or for what purpose the Construction Manager has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.3.4 The Architect will, on Owner's request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Construction Manager's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's Professional Judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review, and take other appropriate action upon, the Construction Manager's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Construction Manager's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Construction Manager to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Construction Manager's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals. In the event the Architect discovers that the shop drawings or other submittals are inaccurate or incomplete, the Architect will appropriately express as much on the submittal, requesting that the submittal be reviewed and confirmed for accuracy.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Construction Manager in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work, in writing, that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents. Upon the proper notice from Contractor as required by Section 3.7.4 of the General Conditions, the Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4 of the General Conditions.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

- .1 conduct observations to determine the date or dates of Substantial Completion and the date of final completion;
- .2 issue Certificates of Substantial Completion;
- .3 forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Construction Manager; and
- .4 issue a final Certificate for Payment based upon a final observation indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 The Architect's observations shall be conducted with the Owner to (1) check conformance of the Work with the requirements of the Contract Documents and (2) verify the accuracy and completeness of the list submitted by the Construction Manager of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Construction Manager, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work. In accordance with Section 9.8.3 of the General Conditions, upon receipt of the Contractor's list as required by Section 9.8.2 of the General Conditions, the Architect shall also prepare a list of items that are not sufficiently complete in accordance with the Contract Documents so that that Owner can occupy or utilize the Work or designated portion thereof for its intended use ("Architect's Punch List"). The Architect shall provide the Owner and the Contractor with a copy of the Architect's Punch List and shall establish a date by which all work in the Architect's Punch List must be completed as further provided in Section 9.8 of the General Conditions.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Construction Manager: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Construction Manager under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

§ 3.6.6.6 The Architect, with the final Certificate of Payment, shall provide the Owner with one (1) set of "As-Built" drawings received from the Contractor, as well as all product manuals, warranty forms and occupancy permits available to Architect. For the avoidance of doubt, nothing in this Agreement shall be deemed to require the Architect to prepare "as-built" drawings.

§ 3.6.6.7 If Owner exercises its right to clean up in accordance with Section 6.3 of the General Conditions, the Architect shall allocate all costs and expenses associated with clean-up among the responsible parties.

ARTICLE 4 SUPPLEMENTAL AND ADDITIONAL SERVICES

§ 4.1 Supplemental Services

§ 4.1.1 The services listed below are not included in Basic Services but may be required for the Project. The Architect shall provide the listed Supplemental Services only if specifically designated in the table below as the Architect's responsibility, and the Owner shall compensate the Architect as provided in Section 11.2. Unless otherwise specifically addressed in this Agreement, if neither the Owner nor the Architect is designated, the parties agree that the listed Supplemental Service is not being provided for the Project.

(Designate the Architect's Supplemental Services and the Owner's Supplemental Services required for the Project by indicating whether the Architect or Owner shall be responsible for providing the identified Supplemental Service. Insert a description of the Supplemental Services in Section 4.1.2 below or attach the description of services as an exhibit to this Agreement.)

Supplemental Services	Responsibility <i>(Architect, Owner, or not provided)</i>
§ 4.1.1.1 Assistance with Selection of Construction Manager	As set forth in the applicable Project Authorization Exhibit.
§ 4.1.1.2 Programming	As set forth in the applicable Project Authorization Exhibit.
§ 4.1.1.3 Multiple Preliminary Designs	As set forth in the applicable Project Authorization Exhibit.
§ 4.1.1.4 Measured drawings	As set forth in the applicable Project Authorization Exhibit.

Supplemental Services	Responsibility <i>(Architect, Owner, or not provided)</i>
§ 4.1.1.28 Other services provided by specialty Consultants	As set forth in the applicable Project Authorization Exhibit.
§ 4.1.1.29 Other Supplemental Services	As set forth in the applicable Project Authorization Exhibit.

§ 4.1.2 Description of Supplemental Services

§ 4.1.2.1 A description of each Supplemental Service identified in Section 4.1.1 as the Architect's responsibility is provided below.

(Describe in detail the Architect's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit. The AIA publishes a number of Standard Form of Architect's Services documents that can be included as an exhibit to describe the Architect's Supplemental Services.)

As set forth in the applicable Project Authorization Exhibit.

§ 4.1.2.2 A description of each Supplemental Service identified in Section 4.1.1 as the Owner's responsibility is provided below.

(Describe in detail the Owner's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit.)

As set forth in the applicable Project Authorization Exhibit.

§ 4.1.3 If the Owner identified a Sustainable Objective in Article 1, the Architect shall provide, as a Supplemental Service, the Sustainability Services required in AIA Document E234™–2019, Sustainable Projects Exhibit, Construction Manager as Constructor Edition, attached to this Agreement. The Owner shall compensate the Architect as provided in Section 11.2.

§ 4.2 Architect's Additional Services

Upon written authorization from the Owner, the Architect may provide Additional Services after execution of a Project Agreement without invalidating the Project Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

- .1** Services necessitated by a material change in the Project Agreement's Initial Information, previous instructions or recommendations given by the Construction Manager (if confirmed in writing by the Owner), or the Owner, approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or bid packages involving accelerated or fast-track design and construction, or phased construction in addition to those listed in Section 1.1.6;
- .2** Making revisions in Drawings, Specifications, or other documents (as required pursuant to Section 6.7), when such revisions are required because the Construction Manager's estimate of the Cost of the Work, Guaranteed Maximum Price proposal, or Control Estimate exceeds the Owner's budget, except where such excess is due to changes initiated by the Architect in scope, capacities of basic systems, or the kinds and quality of materials, finishes, or equipment;
- .3** Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;
- .4** Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

- .5 Services necessitated by decisions of the Owner or Construction Manager not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;
- .6 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner- authorized recipients;
- .7 Intentionally Deleted;
- .8 Intentionally Deleted;
- .9 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Architect is party thereto;
- .10 Consultation concerning replacement of Work resulting from fire or other cause during construction; or
- .11 Assistance to the Initial Decision Maker, if other than the Architect;
- .12 Services necessitated by replacement of the Construction Manager or conversion of the Construction Manager as constructor project delivery method to an alternative project delivery method;
- .13 Services necessitated by the Owner's delay in engaging the Construction Manager;
- .14 Making revisions to the Drawings, Specifications, and other documents resulting from agreed-upon assumptions and clarifications included in the Guaranteed Maximum Price Amendment or Control Estimate; and
- .15 Making revisions to the Drawings, Specifications, and other documents resulting from substitutions included in the Guaranteed Maximum Price Amendment or Control Estimate.

§ 4.2.2 To avoid delay in the Construction Phase, the Architect may provide the following Additional Services, with the prior written consent of the Owner. If a circumstance arises that may result in any of the following Additional Services, the Architect shall notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. Thereafter, the Architect shall proceed as directed by the Owner.

- .1 Reviewing a Construction Manager's submittal out of sequence from the submittal schedule approved by the Architect;
- .2 Responding to the Construction Manager's requests for information that are not prepared in accordance with the Contract Documents or where such information is available to the Construction Manager from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Construction Manager-prepared coordination drawings, or prior Project correspondence or documentation;
- .3 Preparing Change Orders, and Construction Change Directives that require evaluation of the Construction Manager's proposals and supporting data, or the preparation or revision of Instruments of Service;
- .4 Evaluating an extensive number of Claims as the Initial Decision Maker; or
- .5 Evaluating substitutions proposed by the Owner or Construction Manager and making subsequent revisions to finalized Instruments of Service resulting therefrom.

§ 4.2.3 For each Project Agreement, the Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Architect shall notify the Owner:

- .1 Three (3) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Construction Manager.
- .2 As set forth in the applicable Project Authorization Exhibit.
- .3 Two (2) observations for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents.
- .4 Two (2) observations for any portion of the Work to determine final completion.

(Paragraphs deleted)

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements.

§ 5.2 The Owner shall retain a Construction Manager to provide services, duties, and responsibilities as described in the agreement selected in Section 1.1.5.

§ 5.3 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The

Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect and Construction Manager. The Owner and the Architect, in consultation with the Construction Manager, shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3.1 The Owner acknowledges that accelerated, phased or fast-track scheduling provides a benefit, but also carries with it associated risks. Such risks include the Owner incurring costs for the Architect to coordinate and redesign portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Construction Documents, and costs for the Construction Manager to remove and replace previously installed Work. If the Owner selects accelerated, phased or fast-track scheduling, the Owner agrees to include in the budget for the Project sufficient contingencies to cover such costs.

§ 5.4 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services. Notwithstanding the above, however, Architect acknowledges that the Owner, as public body, may not delegate full authority to its representative for the Project and certain matters may need approval by the Board of Education, *provided, however*, that Architect shall be permitted to rely upon the actions of Owner's appointed authorized representative and shall have no obligation to independently determine whether separate approval by Owner's Board of Education is required under any particular circumstance and shall further be held harmless and not incur any liability with regard thereto.

§ 5.5 Upon reasonable request of the Architect, the Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 5.6 Upon reasonable request of the Architect, the Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.7 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.8 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E234™-2019, Sustainable Projects Exhibit, Construction Manager as Constructor Edition, attached to this Agreement.

§ 5.9 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided, as determined by the Owner.

§ 5.10 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.11 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.12 Although the Owner has no duty or obligation to inspect the Project, the Owner shall provide prompt written notice to the Architect and Construction Manager if the Owner knows of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.13 the Owner shall endeavor to include the Architect in all communications with the Construction Manager that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of any direct communications between the Owner and the Construction Manager that may affect the Architect's services. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.14 The Owner shall coordinate the Architect's duties and responsibilities set forth in the agreement between the Owner and the Construction Manager with the Architect's services set forth in each particular Project Agreement. Upon request of the Architect, the Owner shall provide the Architect a copy of the executed agreement between the Owner and Construction Manager, including the General Conditions of the Contract for Construction.

§ 5.15 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Construction Manager to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.16 Intentionally Deleted.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include the Construction Manager's general conditions costs, overhead, and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner, if set forth in the applicable Project Authorization Exhibit or Change Order. The Cost of the Work does not include the compensation of the Architect; the compensation of the Construction Manager for Preconstruction Phase services; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner. For purposes of calculating the Architect's fee and compensation, the Cost of the Work shall not include additions by Change Order to the Construction Cost caused by errors of the Architect or its consultants.

§ 6.2 The Owner's budget for the Cost of the Work is provided in the Initial Information, and shall be adjusted throughout the Project as required under Sections 5.3 and 6.4. Evaluations of the Owner's budget for the Cost of the Work represent the Architect's judgment as a design professional.

§ 6.3 The Owner shall require the Construction Manager to include appropriate contingencies for design, bidding or negotiating, price escalation, and market conditions in estimates of the Cost of the Work. The Architect shall be entitled to rely on the accuracy and completeness of estimates of the Cost of the Work the Construction Manager prepares as the Architect progresses with its Basic Services, unless the Architect knows that such information is inaccurate or incomplete. The Architect shall prepare, as an Additional Service, revisions to the Drawings, Specifications or other documents required due to the Construction Manager's inaccuracies or incompleteness in preparing cost estimates, or due to market conditions the Architect could not reasonably anticipate. The Architect may review the Construction Manager's estimates solely for the Architect's guidance in completion of its services, however, the Architect shall report to the Owner any material inaccuracies and inconsistencies noted during any such review.

§ 6.3.1 If the Architect is providing cost estimating services as a Supplemental Service, and a discrepancy exists between the Construction Manager's cost estimates and the Architect's cost estimates, the Architect and the Construction Manager shall work together to reconcile the cost estimates.

§ 6.4 If, prior to the conclusion of the Design Development Phase, the Construction Manager's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect, in consultation with the Construction Manager, shall make appropriate written recommendations to the Owner to reduce the estimated Cost of the Work, including, but not limited to, adjusting the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments. The Architect shall provide the Owner detailed written information and supporting evidence pertaining to its recommendations.

§ 6.5 If the Construction Manager's estimate of the Cost of the Work at the conclusion of the Design Development Phase exceeds the Owner's budget for the Cost of the Work, the Owner shall

Init.

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 terminate in accordance with Section 9.5;
- .3 in consultation with the Architect and Construction Manager, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .4 implement any other mutually acceptable alternative.

§ 6.6 If the Owner chooses to proceed under Section 6.5.3, the Architect, without additional compensation, shall incorporate the revisions in the Construction Documents Phase as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Design Development Phase Services, or the budget as adjusted under Section 6.5.1. The Architect's revisions in the Construction Documents Phase shall be the limit of the Architect's responsibility pertaining to Basic Services under this Section 6.6.

§ 6.7 After incorporation of modifications under Section 6.6, the Architect shall, as an Additional Service, make any required revisions to the Drawings, Specifications or other documents necessitated by the Construction Manager's subsequent cost estimates, the Guaranteed Maximum Price proposal, or Control Estimate that exceed the Owner's budget for the Cost of the Work, except when the excess is due to changes initiated by the Architect in scope, basic systems, or the kinds and quality of materials, finishes or equipment.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive, irrevocable license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due, pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Construction Manager, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the reasonable cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by proceeds received by the claimant from property insurance obtained for the Project, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the Construction Manager, contractors, consultants, agents and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 Intentionally Deleted.

§ 8.1.4 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question arising out of or relating to this Agreement, to the extent such amount exceeds the limits of general liability or excess/umbrella insurance required by this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 Mediation

§ 8.2.1 Intentionally Deleted.

§ 8.2.2 Intentionally Deleted.

§ 8.2.3 Intentionally Deleted.

§ 8.2.4 The method of binding dispute resolution shall be the following:

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with a Project Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under the Project Agreement. If the Architect elects to suspend services, the Architect shall give fourteen days' written notice to the Owner before suspending services. In the event of a suspension of services under this Section, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and the time schedules shall be equitably adjusted.

§ 9.2 If the services under a Project Agreement have been suspended by the Owner, the Architect shall be compensated for services performed prior to notice of such suspension. When the services under the Project Agreement are resumed, the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the services under a Project Agreement for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate the Project Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate a Project Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of the Project Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate a Project Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates a Project Agreement for its convenience pursuant to Section 9.5, or the Architect terminates a Project Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates a Service Agreement for its convenience pursuant to Section 9.5, or the Architect terminates a Service Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees:

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

None

.2 Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:

To be negotiated at the time of Termination, if any.

§ 9.8 Except as otherwise expressly provided herein or as stated in the applicable Project Authorization Exhibit, a Project Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement and each Project Agreement shall be governed by the law of Illinois, excluding Illinois' choice of law rules.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction, as amended by the Owner, except as modified in any Project Agreement. The term "Contractor" as used in A201-2017 shall mean the Construction Manager.

Init.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement and each Project Agreement. Neither the Owner nor the Architect shall assign this Agreement or any Project Agreement without the written consent of the other, except that the Owner may assign this Agreement or any Project Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under the Project Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. However, the Architect's materials shall not include the images of any students or the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall endeavor to provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information when required by law (including pursuant to the Illinois Freedom of Information Act or Illinois Open Meetings Act), arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.8.2 The Owner is subject to the Freedom of Information Act, 5 ILCS 140/1, et seq. ("FOIA"), and any and all information submitted by the Architect to the Owner is subject to disclosure to third parties in accordance with FOIA. If the Architect requests that the Owner withhold any submitted information as trade secrets, commercial information, or financial information from disclosure to a third party in response to a Freedom of Information Act request, the Architect must notify the Owner of such request at the time such information is submitted to the Owner, along with a statement that disclosure of such information will cause competitive harm to the Architect, as provided by FOIA Section 7(1)(g), 5 ILCS 140/7(1)(g). Any content not so marked by the Architect at the time of submission to the Owner will be presumed to be open to public inspection. The Architect may be required to substantiate the basis for its claims at a later time. Notwithstanding timely notice received from the Architect in accordance with Section 7(1)(g), the Owner reserves the right, in its sole discretion and subject only to applicable law, to withhold or release the subject information in response to a FOIA request. As a potential provider of a governmental function on behalf of the Owner, the Architect agrees to cooperate with the Owner in responding to any FOIA request, including by timely providing electronic copies of any documents requested by the Owner that directly relate to the governmental function that the Architect has been engaged to perform on behalf of the Owner, provided that Owner requests such documentation from Architect in a timely manner so as to provide Architect with sufficient time in which to respond.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

§ 10.9.1 This Agreement, any Project Authorization Exhibit, and its other Exhibits shall constitute the complete understanding between the parties with regard to the subject matter hereof and thereof.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services described under Article 3, the Owner shall compensate the Architect as follows:

- .1 Stipulated Sum
(Insert amount)
- .2 Percentage Basis
(Insert percentage value)

As a percentage of the Owner's budget for the Cost of the Work, as calculated in accordance with Section 11.6, as follows:

Cost of the Work	New Construction (per site)	Building Additions and Renovations/Remodeling
Under \$500,000	Hourly Rate	Hourly Rate
\$500,000 to \$2,500,000	6.3%	6.8%
\$2,500,001 to \$10,000,000	5.7%	6.3%
\$10,000,001 to \$30,000,000	5.3%	5.7%
\$30,000,001 to \$60,000,000	5.0%	5.3%
\$60,000,001 to \$100,000,000	4.7%	5.0%

Owner agrees and acknowledges that the compensation set forth in this Section 11.1.2 is expressly conditioned upon and subject to Owner's engagement and utilization of a Civil Engineer and MEP/FP Engineer as set forth in Section 1.1.10. In the event Architect is required to engage a Civil Engineer or MEP/FP Engineer as an Architect consultant or contractor for a particular Project, alternative percentage pricing shall be applicable as set forth in that particular Project's Project Authorization Exhibit.

- .3 Other
(Describe the method of compensation)

§ 11.2 For the Architect's Supplemental Services designated in Section 4.1.1 and for any Sustainability Services required pursuant to Section 4.1.3, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

As approved by both parties in the applicable Project Authorization Exhibit or other writing.

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation.)

As approved by both parties in the applicable Project Authorization Exhibit or other writing.

§ 11.4 Compensation for Supplemental and Additional Services of the Architect's consultants when not included in Sections 11.2 or 11.3, shall be the amount invoiced to the Architect.

(Insert amount of, or basis for computing, Architect's consultants' compensation for Supplemental or Additional Services.)

§ 11.5 When compensation for Basic Services is based on a stipulated sum or a percentage basis, the proportion of compensation for each phase of services shall be as set forth in the applicable Project Authorization Exhibit.

(Table deleted)

The Owner acknowledges that with an accelerated Project delivery, multiple bid package process, or Construction Manager as constructor project delivery method, the Architect may be providing its services in multiple Phases simultaneously. Therefore, the Architect shall be permitted to invoice monthly in proportion to services performed in each Phase of Services, as appropriate.

§ 11.6 When compensation identified in Section 11.1 is on a percentage basis, progress payments for each phase of Basic Services shall be calculated by multiplying the percentages identified in this Article by the Owner's most recent budget for the Cost of the Work. Compensation paid in previous progress payments shall not be adjusted based on subsequent updates to the Owner's budget for the Cost of the Work. The Architect's final payment shall be based on the final Cost of the Work.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 Except as otherwise set forth in a Project Authorization Exhibit, the hourly billing rates for services of the Architect and the Architect's consultants are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices.

(If applicable, attach an exhibit of hourly billing rates or insert them below.)

As set forth on Exhibit A hereto.

§ 11.8 Compensation for Reimbursable Expenses

§ 11.8.1 Reimbursable Expenses are in addition to compensation for Basic, Supplemental, and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

- .1 Authorized out-of-town travel and subsistence;
- .2 Long distance services, dedicated data and communication services, teleconferences, Project web sites, and extranets;
- .3 Permitting and other fees required by authorities having jurisdiction over the Project;
- .4 Printing, reproductions, plots, and standard form documents;
- .5 Postage, handling, and delivery;
- .6 Expense of overtime work requiring higher than regular rates, if authorized in writing and in advance by the Owner;
- .7 Renderings, physical models, mock-ups, professional photography, and presentation materials requested in writing by the Owner or required for the Project;
- .8 If required by the Owner, and with the Owner's prior written approval, the Architect's consultants' expenses of professional liability insurance dedicated exclusively to a Project;
- .9 All taxes levied on professional services and on reimbursable expenses;
- .10 Site office expenses; and
- .11 Registration fees and any other fees charged by the Certifying Authority or by other entities as necessary to achieve the Sustainable Objective.

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the Architect's consultants.

§ 11.9 Architect's Insurance. Intentionally Deleted.

(Insert the additional coverages the Architect is required to obtain in order to satisfy the requirements set forth in Section 2.6, and for which the Owner shall reimburse the Architect.)

§ 11.10 Payments to the Architect

§ 11.10.1 Initial Payments

§ 11.10.1.1 An initial payment of Zero (\$0) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.10.1.2 If a Sustainability Certification is part of the Sustainable Objective, an initial payment to the Architect of (\$) shall be made upon execution of this Agreement for registration fees and other fees payable to the Certifying Authority and necessary to achieve the Sustainability Certification. The Architect's payments to the Certifying Authority shall be credited to the Owner's account at the time the expense is incurred.

§ 11.10.2 Progress Payments

§ 11.10.2.1

§ 11.10.2.1 Payments for services shall be made monthly in proportion to the services performed and in accordance with the Illinois *Local Government Prompt Payment Act*, 50 ILCS 505/1 et seq.
(Insert rate of monthly or annual interest agreed upon.)

§ 11.10.2.2 On or before the first day of each month during the performance of Basic Services or Additional Services, if applicable, the Architect shall submit to the Owner for its approval a request for payment ("Request for Payment") in form and substance satisfactory to Owner. Each Request for Payment shall set forth the amount due for services rendered, a detailed breakdown of the amount and the sum of all prior payments. The Architect shall furnish with each Request for Payment waivers of lien for itself in form and substance satisfactory to the Owner and any other such forms as reasonably required by Owner, lender or title insurer, in order to assure an effective waiver of mechanic and materialmen liens in compliance with the laws of the State of Illinois. The Owner shall review each such Request for Payment and make such exceptions as the Owner reasonably deems necessary or appropriate under the circumstances then existing. The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect.

§ 11.10.2.3 Records of Reimbursable Expenses, expenses pertaining to Supplemental and Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:

(Include other terms and conditions applicable to this Agreement.)

§ 12.1 The Architect shall indemnify and hold the Owner and the Owner's individual board members, agents and employees harmless from and against liabilities, damages, losses and judgments to the extent caused from claims by third parties, including reasonable attorneys' fees, court costs, expert witness fees and expenses, to the extent they are caused by the negligent acts or omissions of the Architect, its employees or its consultants in the performance of professional services under this Agreement, or Architect's breach of a Project Agreement.

§ 12.2 Notwithstanding any other provision herein or in any Contract Document, the Owner shall not, in any manner, be deemed or intended to have waived any claim by making a payment or a progress payment of any amount.

§ 12.3 The Architect shall notify the Owner, in writing, of any actual or possible claim for personal injury or property damage relating to the Work, or of any occurrence which might give rise to such a claim, of which Architect has knowledge.

§ 12.4 Any Additional Service for which the Owner is to compensate the Architect must be authorized in writing by the Owner before the services are commenced, and an estimate of the cost or a method of determining the cost must be submitted by the Architect prior to the authority being granted for the said service by the Owner. Notwithstanding anything in this Agreement to the contrary, the Architect shall not be entitled to payment for Additional Services involved in:

- a. Revisions of or additions to the Project documents required because of errors or omissions of the Architect, *provided, however*, in no event shall Architect be responsible for direct costs that the Owner would have incurred in the construction contract regardless of the Architect's error and omission.

§ 12.5 The Architect certifies that the Architect is not barred from entering into this Agreement as a result of a conviction for either bid-rigging or bid rotating under Article 33E of the Criminal Code of 1961, 720 ILCS 5/33E or any other applicable law, rule or regulation.

§ 12.6 To the extent required by law, the Architect agrees to fully comply with the requirement of the Illinois Human Rights Act, 775 ILCS 5/1-101 et. seq., including, but not limited to, the provision of sexual harassment policies and procedures pursuant to Section 2-105 of the Act. The Architect further agrees to comply with all federal Equal Employment Opportunity Laws, including, but not limited to, the Americans With Disabilities Act, 42 U.S.C. Section 12101 et. seq., and rules and regulation promulgated thereunder.

The following provisions of this Section are included in this Agreement pursuant to the requirements of the regulations of the Illinois Department of Human Rights, Title 44, Part 750, of the Illinois Administrative Code, and Architect shall be required to comply with these provisions only if and to the extent they are applicable under the law.

As required by Illinois law, in the event of the Architect's non-compliance with the provisions of this Equal Employment Opportunity Clause, the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of Human Rights ("Department"), the Architect may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the Agreement may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation. During the performance of the Agreement, the Architect agrees as follows:

- A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sexual orientation, marital status, national origin or ancestry, age, citizenship status, physical or mental handicap unrelated to ability, military status, or an unfavorable discharge from military service, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
- B. That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the Department's Rules) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.
- C. That, in solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, physical or mental handicap unrelated to ability, sexual orientation, or an unfavorable discharge from military service.
- D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Architect's obligation under the Illinois Human Rights Act and the Department's Rules. If any such labor organization or representative fails or refuses to cooperate with the Architect in its efforts to comply with such Acts and Rules, the Architect will promptly so notify the Department and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.
- E. That it will submit reports as required by the Department's Rules, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules.
- F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the Owner and the Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's Rules.

- G. That it will include verbatim or by reference the provisions of this clause in every consultant agreement it enters into under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such consultant. In the same manner as with other provisions of this Agreement, the Architect will be liable for compliance with applicable provisions of this clause by such consultant; and further it will promptly notify the Owner and the Department in the event any consultant fails to or refuses to comply therewith. In addition, the Architect will not knowingly utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

§ 12.7 No failure of either the Architect or the Owner to exercise any power given in this Agreement or to insist upon strict compliance by the other party with any obligation hereunder and no custom or practice of the Owner or the Architect at variance with the terms hereof shall constitute a waiver of the right of either party to demand exact compliance with the terms of this Agreement.

§ 12.8 Any written notices provided for in this Agreement and copies of all correspondence shall be transmitted to the Superintendent of the Owner and the Architect at the addresses set forth on the first page hereof. All notices or communications required or permitted by this Agreement shall be in writing, unless otherwise expressly provided, and shall be considered delivered (i) upon receipt, when personally delivered; (ii) three (3) business days after it is sent by registered or certified mail, return receipt requested, postage prepaid; or (iii) one (1) business day after it is sent for next business day delivery via a reputable overnight courier service.

§ 12.9 Architect hereby certifies that it will not specify or require any materials, products, fixtures and equipment that contain asbestos.

§ 12.10 This Agreement may not be assigned without the written consent of both parties.

ARTICLE 13 SCOPE OF THE AGREEMENT

§ 13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the Owner and Architect.

§ 13.2 This Agreement is comprised of the following documents identified below:

TO: Dr. Esther Mongan, Superintendent, Board of Education
FROM: Grady Engle, Director of Grants
DATE: November 18, 2024
RE: School Maintenance Project Grant

The 2025 School Maintenance Project Grant will be submitted upon approval at tonight's board meeting. This state grant is for \$50,000 with a minimum match of \$50,000 in local funds out of the O&M and/or Capital Projects Funds.

Grant funds are expected to be used to enhance security infrastructure in our district.

Tonight we are seeking approval to use local funds to match this state grant upon Board approval in the amount of \$50,000. Included in the Board packet is our FY25 Application District Certification.

The submissions made to the Illinois State Board of Education by the applicant and the terms and conditions described in the Grant Application Certifications and Assurances and the Program Specific and Financial Assurances of this application shall constitute the grant agreement between the applicant and the Illinois State Board of Education for the use of the funds to complete the projects described in the "Work Item Listing" section of the School Maintenance Project Grant Application. This grant agreement shall be deemed to be entered into when the application has been approved by the Illinois State Board of Education. This grant agreement constitutes the entirety of the agreement between the parties and supersedes any other agreement or communication, whether written or oral, relating to the award of the grant funds. The person submitting this application on behalf of the applicant certifies and assures the Illinois State Board of Education that he or she has been duly authorized to file this application for and on behalf of the applicant, is the authorized representative of the applicant in connection with this grant agreement, and that he or she is authorized to execute these Certifications and Assurances and Standard Terms of the Grant on behalf of the applicant. Further, the person submitting this application on behalf of the applicant certifies under oath that all information in the grant agreement is true and correct to the best of his or her knowledge, information and belief, that grant funds shall be used only for the purposes described in this agreement, and that the award of this grant is conditioned upon this certification.

The authorized representative of the applicant who will affix his or her signature below certifies that he or she has read, understood and will comply with all of the provisions of the following certifications and assurances.

The person approving these Certifications, Assurances and Standard Terms of the Grant hereby certifies and assures the Illinois State Board of Education that the person submitting the final application on behalf of the applicant (and thereby executing the grant agreement with the Illinois State Board of Education) has the necessary legal authority to do so. (v2.23.2017)

The person approving this application certifies (1) to the statements contained in the list of certifications, and (2) that the statements herein are true, complete and accurate to the best of his/her knowledge. He/she also provided the required assurances titled "Grant Application Certifications and Assurances, and Standard Terms for the School Maintenance Project Grant" and "Program Specific and Financial Assurances for the School Maintenance Project Grant" (found within the application under "Application Certifications and Assurances") and agrees to comply with any resulting terms if an award is accepted. He/she is aware that any false, fictitious, or fraudulent statements or claims may subject him/her to criminal, civil or administrative penalties. (U.S. Code, Title 18, Section 1001). The list of certification and assurances is included below.

By submitting this form, I certify to the above and that the local board of education or other school governing authority has authorized the school maintenance project during a duly convened meeting, and has reserved local funds to meet the local match requirement. In addition, the applicant has not obligated funds or begun work on any of the projects listed on this application prior to the submission of this application. Signing below certifies that he or she has read, understood, and will comply with all the provisions of the following:

- Grant Application Certifications and Assurances, and Standard Terms for the School Maintenance Project Grant, and
- Program-Specific and Financial Assurances for the School Maintenance Project Grant.

RE: Electricity Supply - Live Reverse Auction Results

The Board of Education of Central CUSD 301 voted on October 21, 2024 to allow Nania Energy Advisors to run a live reverse energy auction for procurement of electricity supply. The Board of Education further granted Administration to award and execute a new electricity agreement following the live auction if all RFP parameters and price thresholds were met.

Two live reverse auctions were held on October 22, 2024 for two electricity supply products. Both auctions were extremely successful, attracting a total of ten pre-qualified retail energy providers, and collecting a total of 230 bids over the course of the two auctions and producing savings below the pre-qualification round pricing conducted on October 16, 2024.

Following the live events, Central CUSD 301 selected SmartestEnergy for a 12-month fixed energy, all-in electricity contract at a rate of \$0.07090/kWh.

Nania Energy Advisors has partnered with One Tree Planted who plants trees on behalf of its clients in 38 US states and across 7 Canadian provinces. Their projects restore forests in the wake of major wildfires, repair damage caused by industry and resource extraction, and support endangered species, including the Southern Resident Orca of the Pacific Northwest. Nania has planted **81 new trees** on behalf of Central 301 through One Tree Planted.

NEW TEACHER TRAINING: HOW IT APPLIES

Instruction focused: Monthly meetings focus on some aspect on instruction. “Homework” for them to do to discuss at our meetings.

Active Learning: Induction days, teachers were led through a series of tasks as students to experience from a student’s perspective. Every monthly meeting, ICs use an instructional strategy to facilitate discussion for monthly topics that teachers can use in their own classrooms.

Job embedded: After school meetings and informal check-ins

Modeled Coaching opportunities: Coaches can help model strategies and provide support in planning.

Feedback: Non-evaluative observations with reflective conferences in the coaching cycle.

Sustained: Over the entire year

RE: Illinois Department of Transportation Audit and National Bus Safety Week

National School Bus Safety Week was October 21-25. During this week the district was audited by the Illinois Department of Transportation. The audit consisted of inspecting our entire fleet of school buses (80) inside and out. I am pleased to share that all our buses passed with flying colors except for one minor repair. This is a testament to our drivers for reporting bus repairs needed and to our mechanics for providing quick repairs and quality preventative maintenance schedules keeping our bus fleet safe for our community.

Also, during National School Bus Safety Week, daily bus safety information was shared through the school districts' media platforms, including:

- The 2024 National School Bus Safety Week theme was "Driving safely into the future"
- Central transports over 4,000 students each day across our 87 square miles and beyond
- The importance of stopping for buses whenever their red lights are flashing
- There were over 43.5 million school bus passings during the 2022-2023 school year
- Identifying the "danger zone" as the ten feet surrounding the bus
- The danger of distracted driving

RE: Teacher Retention

Below you will find the definition of retention, which is different from what was shared last month. The new retention rate calculation at the State Board of Education denoted a change in definition on October 13, 2023 and additional clarification was made on December 22 and December 29, 2023. Please note, based on communication with the ISBE the description currently has not been updated on the webpage to reflect the change in metrics.

Pre-2023

Teacher Retention was defined as the three-year average percentage of full-time teachers returning to the same school year to year. **The teacher retention rate at the district level is the total number of full-time teachers returning to the same school in the past three years, divided by the total number of full-time teachers from the past three years.** The data comes from the Employment Information System.

2023 Forward

Teacher Retention is defined as the three-year average percentage of full-time teachers returning to the same entity from year to year.

- Teacher retention rate at the school level is the total number of full-time teachers retained in the same school in the past three years, divided by the total number of full-time teachers from the past three years.
- **Teacher retention rate at the district level is the total number of full-time teachers staying in the same district in the past three years, divided by the total number of full-time teachers from the past three years.**

That being said, in reviewing our District retention over the course of the years and for the length that the State Board has been collecting this data, our district has remained fairly consistent with percent of retention. As a growing district, the mathematics behind growth impacts the overall retention rate.

For example: A District has 100 teachers in a school year and 4 teachers choose to retire. The District is left with 96 teachers. If staffing numbers did not need to increase and the District remained at 100 teachers, the retention rate would be 96% ($96/100 = 96\%$). However, if the District increases their need by 4 additional teachers, the total number of teachers would be 104; thereby having a retention rate of 92.3% ($96/104 = 92.3\%$), a difference of 3.7% due to growth. As the District continues to increase staffing numbers due to increasing enrollment, we will continue to see our retention rates impacted at a higher rate than our neighbors who do not see a growth in student enrollment.

RE: RESPONSE TO FOIA REQUEST

Dear Ms. Karavasis:

Thank you for writing to Central Community Unit School District No. 301 (“District”) with your request for information pursuant to the Illinois *Freedom of Information Act* (“FOIA”), 5 ILCS 140/1 *et seq.*, received October 21, 2024. The District previously notified you of the need for an extension of time, and we now provide the District’s timely response.

Your request is restated below:

“Board of Education meeting minutes from ‘Closed Meetings’ that have been approved for release from August 2021 through June 2024.”

Your request is granted. See the enclosed public records. We assume you are not seeking closed minutes that the Board of Education has not yet determined to release to the public, which are prohibited from release under the *Open Meetings Act* and, thus, exempt under FOIA. 5 ILCS 120/2.06(f); 5 ILCS 140/7(1)(a), (l).

To the extent that you believe any part of your FOIA request has been improperly denied, you may have a right to have this response reviewed by the Public Access Counselor (PAC) at the Office of the Attorney General. 5 ILCS 140/9.5(a). You can file your Request for Review with the PAC by writing to:
