Cc: Dr. Amy MacCrindle, Superintendent of Schools

From: Graydon Engle, Director of Teaching & Learning

Date: November 16, 2026

Re: E-Learning Plan Resolution 2026-2029

According to Section 10-20.56 of IL School Code [105 ILCS 5/10-20.56], school districts may, by adopted resolution, utilize "e-Learning days" in lieu of emergency days. This public hearing is being held for the purpose of approving Central Community Unit School District 301's E-Learning Plan for the 2026-27, 2027-28, and 2028-29 school years. The plan meets all required criteria under the School Code, including:

- Ensures and verifies at least 5 clock hours of instruction or school work, as required under Section 10-19.05, for each student participating in an e-Learning day.
- Ensures appropriate learning opportunities for students with special needs.
- Ensures the monitoring and verification of each student's electronic participation, including make up opportunities for missed attendance due to technology failures.
- Addresses the extent to which student participation is within the student's control as to the time, pace, and means of learning.
- Provides effective notice to students and their parents/guardians of the particular days for e-Learing.
- Ensures input from collective bargaining units (CEA and BEST) as legally required.

- Ensures the program and its implementation will be reviewed to address difficulties confronted through revision or otherwise.
- Ensures that protocol regarding general expectations and responsibilities of the program is communicated to teachers, staff, students, and parents at least 30 days prior to utilization.
- Ensures all teachers and staff who may be involved in the provision of e-Learning have access to any and all hardware and software that may be required for the program.
- Will be verified by the Regional Office of Education for the school district to ensure access for all students.
- Will be implemented for a period of 3 years prior to renewal. School years: 2026-27, 2027-28, and 2028-29.

Recommendation

The Teaching and Learning department recommends that the Board of Education approve the E-Learning Plan Resolution following the public hearing at the November 16, 2026 Board of Education Meeting.

CENTRAL
UNIT SCHOOL DISTRICT 301

E-Learning Plan

Background:

The state of Illinois began to allow the use of e-Learning days in order to continue instruction and learning during inclement weather and other situations during 2019. Central Unit School District 301 began planning for what this could look like during the 25-26 school year through conversations with the DLT and leadership. During the Fall of 2026, a finalized version of what this plan has been created with feedback from CEA, BEST, administration, student, and parent perspective.

Notification of E-Learning Days:

Staff and families will be notified of a potential or confirmed e-learning day through district communication channels, which may include email, phone calls, text messages, website updates, and social media.

Weather conditions often require snow-related decisions to be made in the morning. Whenever possible, Central 301 will communicate a decision before 5:30 a.m. Temperature-related decisions may be communicated the evening before. ***Staff will receive advance notice when an e-learning day is possible so they can prepare instructional materials and ensure students take home devices and other needed resources.***

Information about staff access to buildings will be shared based on the circumstances of each e-learning day.

Schedule and General Expectations

Students and staff will follow a modified e-learning schedule that includes five hours of instruction and learning activities. A sample schedule for elementary and the 6-12 schedules are included below.

- **Pathway Students:** D301 Students who are enrolled in a pathway program that meets at U46, D300, D303, or Fox Valley Career Center (FVCC) will NOT attend in person classes on e-Learning day. Students should communicate directly with their instructor on educational work that needs to be completed.
- **Specialized Programs, including Mid-Valley and Private Day Schools:** When District 301 utilizes an e-Learning day, students attending a Mid-Valley program housed within District 301 will follow the instructional expectations established by Mid-Valley for that program.
    - Central 301 will coordinate with Mid-Valley to ensure students have access to appropriate learning opportunities and that families receive clear information regarding attendance, instruction, services, and transportation when an e-Learning day affects the student's program.
    - When a District 301 student attends a Mid-Valley program or a private day school program at a location outside of District 301 that remains open, District 301 transportation will not be available. Parents/guardians may choose to transport their child to the program.

Re: E-Learning Plan Resolution 2026-2029

According to Section 10-20.56 of IL School Code [105 ILCS 5/10-20.56], school districts may, by adopted resolution, utilize "e-Learning days" in lieu of emergency days. This public hearing is being held for the purpose of approving Central Community Unit School District 301's E-Learning Plan for the 2026-27, 2027-28, and 2028-29 school years. The plan meets all required criteria under the School Code, including:

- Ensures and verifies at least 5 clock hours of instruction or school work, as required under Section 10-19.05, for each student participating in an e-Learning day.
- Ensures appropriate learning opportunities for students with special needs.
- Ensures the monitoring and verification of each student's electronic participation, including make up opportunities for missed attendance due to technology failures.
- Addresses the extent to which student participation is within the student's control as to the time, pace, and means of learning.
- Provides effective notice to students and their parents/guardians of the particular days for e-Learing.
- Ensures input from collective bargaining units (CEA and BEST) as legally required.

- Ensures the program and its implementation will be reviewed to address difficulties confronted through revision or otherwise.
- Ensures that protocol regarding general expectations and responsibilities of the program is communicated to teachers, staff, students, and parents at least 30 days prior to utilization.
- Ensures all teachers and staff who may be involved in the provision of e-Learning have access to any and all hardware and software that may be required for the program.
- Will be verified by the Regional Office of Education for the school district to ensure access for all students.
- Will be implemented for a period of 3 years prior to renewal. School years: 2026-27, 2027-28, and 2028-29.

Recommendation

The Teaching and Learning department recommends that the Board of Education approve the E-Learning Plan Resolution following the public hearing at the November 16, 2026 Board of Education Meeting.

CENTRAL
UNIT SCHOOL DISTRICT 301

E-Learning Plan

Background:

The state of Illinois began to allow the use of e-Learning days in order to continue instruction and learning during inclement weather and other situations during 2019. Central Unit School District 301 began planning for what this could look like during the 25-26 school year through conversations with the DLT and leadership. During the Fall of 2026, a finalized version of what this plan has been created with feedback from CEA, BEST, administration, student, and parent perspective.

Notification of E-Learning Days:

Staff and families will be notified of a potential or confirmed e-learning day through district communication channels, which may include email, phone calls, text messages, website updates, and social media.

Weather conditions often require snow-related decisions to be made in the morning. Whenever possible, Central 301 will communicate a decision before 5:30 a.m. Temperature-related decisions may be communicated the evening before. ***Staff will receive advance notice when an e-learning day is possible so they can prepare instructional materials and ensure students take home devices and other needed resources.***

Information about staff access to buildings will be shared based on the circumstances of each e-learning day.

Schedule and General Expectations

Students and staff will follow a modified e-learning schedule that includes five hours of instruction and learning activities. A sample schedule for elementary and the 6-12 schedules are included below.

- **Additional support staff roles:** Administrative Assistants, Deans Assistants, Food Service, LMC Aide, all Nurses, all Paraprofessionals, Technology, Transportation, and District Office personnel will complete training and work tasks assigned by their supervisor during their regularly scheduled work hours. *Staff are responsible for ensuring they have access to a device, internet access, and any resources needed to complete these assignments.* Please coordinate with your supervisor before an anticipated e-learning day to confirm expectations and arrange access to needed technology. Completion of assigned training and tasks will serve as documentation of work performed that day.
- **Building and Grounds Staff:** On-site work may be required based on district needs. Their supervisor will provide any modification to the schedule, training, or work assignment.
- **Learning plans:** Teachers will share plans at least 15 minutes before the e-learning day for students begins through the communication platform identified below.

- **Learning access:** Grades 3–12 lessons will provide learning experiences equivalent to in-person instruction. Hotspots are available for families and/or staff by contacting your

building administrator for support before an e-learning day.

Central 301 Students Attending Other Programs

Staff supporting students enrolled in outside programs should be aware of the following expectations:

- **ECC Part Time/Full Time Students:** Secondary students who are enrolled in part time or full time courses located at ECC will follow ECC attendance expectations.
- **Pathway Students:** D301 Students who are enrolled in a pathway program that meets at U46, D300, D303, or Fox Valley Career Center (FVCC) will NOT attend in person classes on e-Learning day. Students should communicate directly with their instructor on educational work that needs to be completed.
- **Specialized Programs, including Mid-Valley and Private Day Schools:** When District 301 utilizes an e-Learning day, students attending a Mid-Valley program housed within District 301 will follow the instructional expectations established by Mid-Valley for that program.
    - Central 301 will coordinate with Mid-Valley to ensure students have access to appropriate learning opportunities and that families receive clear information regarding attendance, instruction, services, and transportation when an e-Learning day affects the student's program.
    - When a District 301 student attends a Mid-Valley program or a private day school program at a location outside of District 301 that remains open, District 301 transportation will not be available. Parents/guardians may choose to transport their child to the program.

RE: CHS Club Offering Update and Department Chair Update

Athletic and Activities, along with partnership with CEA and District Administration, are making the following updates to CHS student clubs:

Boys Volleyball Club, Model UN: Proposed by CHS students, these clubs will be piloted during the 2026–2027 school year. Approved club sponsors will be compensated at 50% of the Level A stipend rate, in accordance with the district's extracurricular stipend schedule.

Students United: One additional sponsor will be added to support the anticipated growth of the club. Several recently proposed student clubs will operate under the Students United umbrella, increasing the club's scope and responsibilities. Adding a sponsor will help ensure adequate support and oversight for these expanded activities.

Yearbook: The current sponsor will retire at the conclusion of this school year. To ensure a smooth transition and adequately prepare the incoming sponsor for the responsibilities and workload associated with yearbook production, the position will be posted in January 2027. This will allow the incoming sponsor to shadow the current sponsor and gain valuable experience prior to assuming the role.

In partnership with CEA and District Administration the below update is being made for Department Chairs:

Department Chairs (DCs) will be aligned to the same stipend level in accordance with the district's extracurricular stipend schedule. Currently, stipend levels vary based on the size of each department team.

Re: Veterinarian Affiliation Agreements (A)

As part of the National Association of Veterinary Technicians in America (NAVTA) program requirements for students to obtain their Veterinarian Assistant certificate, students are required to complete 100 hours of externships. We are currently working with many different animal clinics to seek partnerships for these opportunities for our students. This agreement ensures that students receive practical experiences that meet educational standards, and ensure an appropriate learning environment away from the students' school that matches the career focus. I am seeking approval for the following site for the SY26-27. This is a new location to expand options for placements.

Re: 2026 Proposed Tax Levy

Attached is information regarding the proposed 2026 property tax levy, which funds our schools for the upcoming school year. At this meeting, the Board will be asked to approve a tentative version and resolution of the levy. In December, we will hold a public hearing at the regular board meeting before the Board votes on the final tax levy.

The enclosed reports break down the district's total property values, new construction growth, and estimated tax rates based on the latest figures from Kane County.

- **Total Funding:** If county estimates hold true (roughly $1.37 billion in total district property value (EAV), including $26.9 million in new construction), the district expects to receive about $66.4 million in total property tax funding.

- **Day-to-Day Operations:** We anticipate about $2.9 million in new revenue to fund daily school operations (salaries/benefits, utilities, and classroom supplies).

- **Debt Payments:** The portion of taxes used to pay off existing building bonds will actually decrease slightly by 0.98%, keeping our annual bond payments flat at $1.94 million.

Like in past years, the district is officially requesting more money than we actually expect to collect. Under Illinois law, a school district is strictly capped by tax laws and can never collect more than it is legally entitled to—even if it asks for more. However, if a district asks for too little, it permanently loses out on tax revenue generated by new homes and businesses built in the community. Requesting a slightly higher number is a standard safeguard to ensure we capture those new construction dollars.

Because our requested increase for day-to-day operations is greater than 5% over last year, state law requires us to publish a formal "Truth in Taxation" notice in the local paper and hold a public hearing before taking a final vote in December.

RESOLUTION ESTIMATING AGGREGATE LEVY FOR THE YEAR 2026

WHEREAS, Board of Education of Central Community Unit School District No. 301, Kane and DeKalb Counties, Illinois (the "Board of Education"), is empowered to levy taxes on the real property within Central Community Unit School District No. 301, Kane and DeKalb Counties, Illinois ("the School District"); and
