## BACKGROUND INFORMATION

The FY21 budget must be approved and submitted to the City Council by May 1<sup>st</sup>. The final draft of the budget assumes flat funding from the State Legislature, enrollment of 690 students, including 13 Intensive Special Education students, and a City of Nome appropriation of \$3 million dollars. In addition, increases to teacher salaries as a result of the recently approved negotiated agreement, as well as anticipated increases to health care costs, addition of one additional SPED paraprofessional position, adjustments to the administrative salary schedule and other adjustment to expenditures as a result of continued historical analysis and efficiency measures are included.

The budget does not take into consideration any funds anticipated to be received by the District as a result of the federal CARES Act, as those will be distributed to the District in a grant format from the State. These funds should be available to the district in June or July of 2020, and will be used to cover any costs incurred in the current fiscal year as a result of the mandated shutdown, as well as to cover costs for FY21 for interventions/after-school programs and needed Special Education compensatory services.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the final FY21 budget.

**Sample Motion:** I move to approve the final FY21 budget.

*We inspire and empower students to be culturally grounded responsible citizens who are deeply connected to our community and world.*

April 7, 2020

Members of the Board of Education  
Nome Public Schools  
Nome, Alaska 99762

The Nome Public Schools (District) is pleased to present you with the budget for the fiscal year 2021. The budget document is the primary document that communicates the District's plans for spending in the ensuing fiscal year, and it also details its organizational goals and objectives in monetary terms. The District is required to prepare and approve a balanced budget and submit it to the City of Nome by May 1<sup>st</sup> and to the Department of Education & Early Development by July 15<sup>th</sup> each year. A balanced budget is defined as revenue budgeted at least the same as, or more than, the budgeted expenditures or use of fund balance.

In presenting the FY2021 Budget document, we may discuss the instructional, operational, and financial plans in an open forum. We believe community interaction and input between stakeholders leads to improvements benefiting the education of children at Nome Public Schools. The administration of Nome Public Schools has reviewed and discussed its plan for the FY2021 school year in terms of what can be accomplished within the bounds of a balanced budget.

Budget development and analysis is always a work in progress. Changes will occur in FY2021 when salaries, benefits, and foundation funding are finalized.

## Organizational Component

The City of Nome was incorporated in 1901 as a first-class city under the laws of the Territory of Alaska. The City operates under council-manager form of government and performs municipal duties allowed by Alaska Statutes and as directed by its residents.

The Nome Public Schools is a component unit of the City of Nome and is organized under Title 29.42.030 of Alaska Statutes as amended. The City has delegated the administrative responsibility for these functions to the Nome Public Schools Board of Education. The School Board is governed by a five-member school board with members elected by district and complemented by a non-voting student representative.

## Budget Process

**Alaska Statute 14.14.065. Relationship between city school district and city.** The relationships between the school board of a city school district and the city council and executive

or administrator are governed in the same manner as provided in AS 14.14.060. AS 14.14.060 (c) states “except as otherwise provided by municipal ordinance, the borough school board shall submit the school budget for the following year to the borough assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget the assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved. Except as otherwise provided by municipal ordinance, by June 30, the assembly shall appropriate the amount to be made available from local sources from money available for the purpose.

The District’s School Board approves a budget timeline which includes opportunities for presentation to the public. Below is the FY2021 budget timeline.

## General Fund Revenues and Expenditures

Below are the assumptions used to develop the budget.

### *Revenue Budget*

We have developed this budget based on assumptions about legislative funding for FY2021. This budget assumes that we will be flat funded at \$5,930 per base student allocation (BSA) with no cuts to Basic Need or any part of the foundation formula itself. We are budgeting for a \$3M City of Nome appropriation.

In the State of Alaska, the number of students enrolled in a district during the 20-day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding provided to each district.

Revenue projection of \$13,976,389:

- ❖ Enrollment projected at 690 students

- ❖ Intensive students (13 x's the BSA of \$5,930) – **13** projected
- ❖ ISER Area Cost Differential of 1.45
- ❖ Career & Technical Education (CTE) Factor – 1.015
- ❖ Special Needs Factor – 1.20
- ❖ Base Student Allocation (BSA) - \$5,930
- ❖ 90% of the BSA for Correspondence students – 15 projected
- ❖ TRS On-Behalf and PERS On-Behalf – zero net effect against on-behalf expenditures
- ❖ City appropriation is budgeted at \$3,000,000
- ❖ Impact Aid estimated at \$80,000
- ❖ E-rate estimated with 90% discount rate on internet bills - \$598,647
- ❖ Other Revenues projected at \$310,000 (includes dorm rent, local contributions, gate fees)
- ❖ Utilize unreserved fund balance - \$330,546

## *Expenditure Budget*

Below are the expenditure highlights and other considerations for FY2021. This budget includes:

- ❖ Annual step increases & increased teacher salary schedule.
- ❖ An 8% increase to health insurance in anticipation of rising premiums.
- ❖ Increased Special Education teachers by 0.5 FTE and Special Education paraprofessionals by 1.0 FTE after needs analyzed by Administration.
- ❖ Increased ACSA regular instruction teaching staff by 0.5 FTE (50% reg inst; 50% SpEd).
- ❖ Eliminated College & Career Guide position at NBHS.
- ❖ Other employer-paid benefits remain status quo – 22% for PERS & 12.56% for TRS.
- ❖ Staffing based on a combination of needs-based and overall monetary availability.
- ❖ Administrative salary schedule update to reflect a steady step increase from year-to-year as opposed to the previous step increases of haphazard amounts.
- ❖ Site supply budgets decreased and may need an increase in FY2022.

## Nome Elementary School

Retained same staffing levels as FY20, with the exception of moving 6<sup>th</sup> grade to NBHS site.

### *Function 100 – Regular Instruction*

- ❖ Decreased Substitute days commensurate with next year's anticipated 1 FTE teacher being available (had extenuating circumstances in FY20 causing the need for a long-term substitute, thus the higher sub budget in FY20).
- ❖ Reduced travel relocation budget in anticipation of less turnover.
- ❖ Supplies, Textbooks, and Other Expenses reduced.

## Anvil City Science Academy

Added 0.50 FTE regular instruction teacher and 0.50 FTE special education instruction teacher, and freed up more preparation periods for Principal/Teacher position.

### *Function 100 – Regular Instruction*

- ❖ Increased salary and benefits.

### *Function 160 – Vocational Education*

- ❖ Reduced supply budget.

## Nome-Beltz High School

Increased staffing by 1 FTE in the Special Education department.

### *Function 100 – Regular Instruction*

- ❖ Reduced Other Purchased Services budget – FY20 contained large chemical disposal purchase.
- ❖ Reduced Supplies budget.

### *Function 200- Special Education*

- ❖ Increased Special Education paraprofessionals by 1 FTE (from 7 to 8).
- ❖ Large health/life insurance budget increase due to current salary staffing coverage levels; budgeted for vacant positions at highest coverage level.

## Districtwide

### *Function 220 – Special Education Instruction – Support Services*

- ❖ Reduced Relocation Reimbursement and Staff Travel to \$0.

### *Function 350 – Support Services-Instruction*

- ❖ Reduced DW Professional Development, Other Purchased Services, Supplies, and Educational Reimbursement (Other Expenses).

### *Function 351 – Support Services-Technology*

- ❖ Overall increase to Supplies for cycling in of staff and student devices (chromebooks, etc.).

### *Function 354 – Inservice Training*

- ❖ Decreased In-Service Training budget.

### *Function 510 – Office of the Superintendent*

- ❖ Reduced Transportation Allowance, Professional & Technical, Legal, and Supplies budgets.

### *Function 511 – Board of Education*

- ❖ Reduced Professional & Technical and Equipment budgets.

### *Function 600 – Operations & Maintenance*

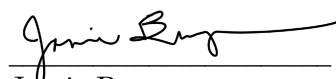

- ❖ Decreased Other Purchased Services (had increased budget in FY20 in March of 2020 due to many repairs needed).
- ❖ Increased Property Insurance budget.

### *Function 900 – Transfer of Funds*

- ❖ Transfer to Food Service and Pupil Transportation remains status quo.
- ❖ Transfer of \$250,000 to CIP for upcoming major maintenance, including \$67,700 technology bills coming due in FY21.

We thank you for your consideration of the FY2021 budget.

Sincerely,

Jamie Burgess  
Superintendent

## SCHOOL BOARD COMMUNICATION

**Title:** Approval of Purchase of New Wheelchair Van

**Date:** April 28, 2020

## BACKGROUND INFORMATION

In the spring of 2020, the Board approved conversion of an existing Special Education vehicle (Ford 7-passenger van) to four wheel-drive with an installation of a wheelchair lift, to be paid out of Special education department funds.

Conversion to four wheel-drive on the van was completed this year; however, it was discovered that seven passenger vans are not tall enough to correctly install a wheelchair lift. The District has been transporting a wheelchair bound student in a makeshift fashion in one of its vans; however, this is an unsafe situation and needs to be addressed. The District is requesting approval to purchase a customized AWD ADA compliant transit van from a vendor in Palmer Alaska, which will have the capacity to transport up to two wheelchairs at once, but can also transport up to seven students without the wheelchairs due to its flexible seating arrangement.

The unused portion of the original budget for the wheelchair conversion will be utilized (\$15,000) with the remaining funds covered from the Special Education budget for the current year. The total cost of the vehicle including barge shipping is \$76,859.

The addition of another vehicle to the District's fleet will provide an extra vehicle for coverage if a student transport vehicle goes into the shop.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of an ADA compliant wheelchair van in the amount of \$76,859.00 for the Special Education Department.

**Sample Motion: I move to approve the purchase of an ADA compliant wheelchair van in the amount of \$76,859.00 for the Special Education Department.**

**Title:** Approval of Purchase of Staff Laptops

## BACKGROUND INFORMATION

The District has 60 staff MacBook Pros which were originally purchased in 2010 and are well past their recommended lifespan of 3-4 years. The Information Technology Department is recommending replacement of these devices with MacBook Air laptops, as funding is available out of the current technology department budget and site budgets due to an innovative approach implemented by Mr. Shreve to extend the lifespan of student MacBooks by a conversion to a Chromebook-like device. This approach allows the District to delay replacement of these devices for several years and spread out high dollar technology purchases.

ACSA will cover four laptops out of their site budget, Special Education will cover seven of these devices out of their budget, and NBHS will cover nine laptops out of their budget. The remaining 40 devices will be funded out of the current technology budget. The purchase also includes adapters for each laptop which add additional USB ports and an Ethernet port, which are not available on the MacBook Air devices.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of 60 MacBook laptops for staff use in the amount of \$58,740.00.

**Sample Motion: I move to approve the purchase of 60 MacBook laptops for staff use in the amount of \$58,740.00.**
