Nome Public Schools  
Superintendent Report  
Jamie Burgess  
May 12, 2020

---

1. The main priority of district activities at this point is in developing plans for winding down the school year; including celebrations and ceremonies, teacher checkout, assisting departing teachers with travel permits and housing checkouts, and preparing for leadership team meetings to reflect on the year and begin preparations for FY21.

We are grateful for the support of the City of Nome and a variety of community partners to assist in recognizing our students in many ways; high school graduation, teacher appreciation, student engagement, and many more.

Planning for next year will be challenging, as we cannot predict the state of the pandemic, whether we will be opening in a shutdown/distance learning mode, if we will open in a fairly normal fashion, or if there will be some restrictions through state or city mandate which impact what school will look like. The district leadership team will be scenario planning and identifying costs associated with each scenario, limitations/concerns and possible solutions.

2. NMS Food Services sent a second kitchen manager for our food service program to provide assistance through the end of the year. The number of meals increased with the addition of weekend meals, and we are grateful to welcome Chris Tassos to provide support to our current kitchen manager, Terri Ami. NMS laid off their kitchen staff about a week into the shutdown and classified staff stepped in to help prepare and deliver the meals. Our NES kitchen manager was out of state when the shutdown occurred and NMS made the decision for her not to return; as a result, Ms. Ami has been directing the entire operation for our delivery program by herself. Mr. Tassos will return to Eagle River shortly after school ends and both kitchens are cleaned and closed for the summer.

3. The District has received its notification of CARES Act Funding (see attached document) in the amount of \$195,714. \$181,823 of this was directly supplied from the federal government, and DEED added an additional \$13,891 from the Governor's Emergency Education Relief Funds. The purpose of the two "buckets" of money was to ensure all districts across the state received the same total funds as they would have received from the \$30M one-time funding that the Governor vetoed out of the legislative budget. The money is presented to the district in the form of two separate grants, and there are guidelines for expenditures as well. The grant and guidance should be published next week. Funds are available to reimburse expenditures incurred March 27<sup>th</sup> and later, and will be available through the end of FY21. The district plans to cover some additional expenses incurred in the food service during the shutdown, and to provide certified teachers and staff designated as essential workers with a small additional stipend. The remainder of the funds will be held to either cover potential expenses in the coming school year associated with transportation, food services and instruction if the district does not open/operate as normal, or to cover expenses for an after school program at the elementary school to help address any academic slide due to the pandemic.

Dear Board Members,

The strangest two months of my career are winding up the school year. Teachers have continued to provide resources and support to students and families, and will continue to do so through the week of May 11<sup>th</sup>. We will be wrapping up our “open” hours on the 15<sup>th</sup> and 18<sup>th</sup> for any work turn-in, computer returns, and the retrieval of student belongings.

The most important Elementary School rites of passage are Kindergarten graduation, and the promotion of students to what will now be Middle School. These teachers are planning to set up a socially-distant photo booth in the school foyer, and scheduling families to come in for a photo opp to celebrate their students’ accomplishments in the final week of school (May 18-21). As an NES staff we are also planning a staff parade around town, to say, “Hello!” to our students and families. Watch for more details for that event on Thursday, May 14<sup>th</sup>.

Staff are still working hard, some from home, some at school, and some finding a combination that works well for them. Everyone is communicating well and coordinating with one another to make sure school business is still taken care of. Teacher and staff check-out will be processed by appointment, and staff have ample time to coordinate with our various departments prior to checking out for the completion of their contracts.

We are hoping to host some kind of virtual celebration to recognize our staff members who are moving on, and to celebrate Annie’s decades of service and wish her well on retirement. We are sad to not be able to get together and enjoy each other’s company in a relaxed environment and setting, but we will certainly be celebrating each other!

## **ACSA Board Report, May 12, 2020**

Lisa Leeper, Principal

### Enrollment / Attendance Update

- There were no changes to enrollment in April.
- Student of the Month for March and April - Levi Pederson, 5th grade, and Reese Knudsen, 5th grade. These students will be recognized in a Google Meet.

### Classes and Activities

- Students continue to receive school work on a weekly basis. About 10 of our 60 students are choosing to receive and submit paper packets, while the rest complete work online. One-third of the students checked out NPS ChromeBooks for home use; the rest use phones or computers to access and turn in assignments.
- ACSA teachers are keeping a collaborative record of student and family contacts. Communication takes place through texts, emails, phone calls, FlipGrid, Google Meet, or Google Classroom, depending on the mode of preference for each student or family. We see some parents or students in person if they come to gather and drop off school work.
- In order to help with scheduling for families, there is a pattern to the work assigned. Students are completing the work to various degrees. We find that most students are doing at least some of the work, about 15 percent have not completed much, and about 15 percent do all that is assigned. Some families have chosen to focus on other types of learning at home, such as cooking, sewing, domestic skills, and hunting.
- Plans for 8th grade promotion are being discussed by Beltz and ACSA staff. A proposal has been made for a procession, including a float/fire truck with district personnel followed by cars with teachers, to wind through neighborhoods to deliver certificates of promotion. Details are to be determined.

## Open Enrollment

- April was “Open Enrollment” month for ACSA.
- During April, students either re-enroll, elect to remain in a waiting pool, or apply to the program. All current ACSA students chose to re-enroll, and four of 16 students in waiting pool chose to remain. We had 19 new applicants. Fifteen of those applied to 5th grade and all are being offered placement; with 15 openings to fill, no lottery was needed and no students were placed in a 5th grade waiting pool.
- Sixteen of the new applicants used our new online application, and three submitted a scanned copy of the paper application. Several applicants commented that the online application was easy to use and submit, and we found it useful for keeping records.

NBHS continues to deliver a work packet to students on Monday afternoon. We pick up finished work at the same time. Our last day for new packets is May 11, 2020. We will pick up work and gather textbooks, supplies, and computers on May 18, 2020.

The National Honor Society induction ceremony was held May 4, 2020 and the following new members were welcomed: Raina McRae, Lizzy Hahn, Imari Bright, Guadalupe Callahan, Clara Hanson, Jenae Matson, Cathy Nguyen, Katie Smith, Della Medlin, Sarah Wade, and Mackenzie Goodwin.

The eighth-grade promotion ceremony will be held May 21, 2020. The ceremony will consist of a procession of an emergency vehicle with lights a siren followed by the Nanook Shuttle and other staff vehicles going from house to house to award their promotion certificate. We will start at 5:00pm and plan to be finished by 7:00pm.

Spirit week at NBHS will be held from May 11-15. There will be picture contests and prizes for the winners. The culminating activity will be a digital prom. The theme for prom is "A Night at the Movies" with prizes given for best costumes, original ideas, and many others. The prom will be hosted on KNOM radio from 7:00-9:00pm on May 15, 2020. This will be a regional prom, including all the BSSD schools. KNOM radio will take song requests and dedications for the event.

NBHS will hold a senior graduation parade and ceremony on May 20th beginning at 6:30pm. All graduates of NBHS, Extensions Correspondence Program, Mt Edgecumbe, and any Alaska Homeschooling program are welcome to participate.

Parade: Graduates will be riding in vehicles in their caps and gowns through town starting at the Rec Center and ending at the NBHS parking lot. All residents of Nome are encouraged to come out to porches and sidewalks and cheer the graduates as they pass by. The parade will be accompanied by lights and sirens courtesy of NPD and the Nome Volunteer Fire Department. Any residents who wish to view the ceremony may park in the parking lot but **MUST STAY IN THEIR VEHICLES DURING THE ENTIRE CEREMONY.**

Ceremony: The ceremony will be simultaneously broadcast over KICY and KNOM. Speeches from the valedictorian/salutatorian and the graduation speaker(s) will be broadcast over the radio. Each graduating senior will be introduced over the radio, then may proceed to the stage and receive their diplomas. Only immediate families of the graduate may exit vehicles to take photos (social distancing will be strictly enforced), then must return to their vehicles. NBHS Graduates will walk first, then Extensions graduates. Graduates from MEHS and other Alaska homeschooling programs may also walk and have photos taken (no diplomas will be given).

The week of May 4-8 was teacher appreciation week. I would like to acknowledge the many dedicated teachers at NBHS. To see their passion and work ethic through this time of crisis schooling has been inspiring. This pandemic has forced us all to learn new ways of doing business. The growth in the NBHS staff has been incredible. We will be a better, stronger staff in the future.

## **COVID 19 Response**

Tech Dept personnel have responded to COVID 19 by preparing student devices for home use, placing insurance on those devices. As of 28 April 2020 we have issued 108 ChromeBook computers for student use at home. We have also donated 221 older model iPads to NPS students to assist their learning at home. Our efforts will now shift to the recovery of ChromeBooks and preparing them for use next school year in the classroom.

We are steadily completing the conversion of existing older Mac devices to ChromeOS with over 400 older Apple devices converted to date.

We also continued to leverage empty classrooms so we can remove the Promethean Boards and complete installation of the ViewSonic Interactive Panels. Most teachers completed their in person “live” training on the ViewSonic panels and have their panels installed in their classrooms. 33 of 36 panels have been installed throughout the district.

## **Other Projects**

Over the last several months the Tech Department has been researching and testing security cameras in our common use areas (entryways / hallways) to assist in safety and security of our students, staff, and facilities. Our research and testing has narrowed the vendors based on price, accessibility, and scalability to Verkada. The Verkada cameras operate by steadily saving snapshots of data to cloud based servers for review by site administrators. The cameras allow for sharing of saved footage or live feeds directly to building admins and emergency responders both on and off campus via computer or mobile device. The cameras come with a 10 year warranty and an industry estimated 15 to 20 year lifespan.

### **Staffing:**

- Have ads running in the Nome Nugget and around Alaska for Custodial Supervisor.
- There is no more part-time custodial staff working.
- The maintenance Department remains short-staffed with one Foreman and three maintenance techs.
- New Administrative Assistant working.

### **Upcoming Tasks with Estimated Start Date:**

- Taylor Fire was hired to start fire deficiency repairs and start 2-24-20. This work is 75% complete, and crew returns in April 2020 to finish. Update the new timeline is probably moving to late May or early June.
- The new HVAC Filter system installation moved to June 2, 2020.

- Hired Pool Consultant to review and help us repair the City of Nome / High School Saltwater Pool plumbing issues. First Zoom meeting Wednesday, May 13.
- Still working with RSA Engineering on Elementary School Day Tank design issues and supplying them with information. Approximate completion May 25, 2020.
- Working weekly on the Vehicle fleet, setting up documents and files, building the SchoolDude Fleet setup, and repairing the entire fleet that was in extreme disrepair. Organization and systems for future service.
- Purchasing new SPED Van and Superintendent Vehicle.
- The new administrative assistant has been a great help in starting to repair the long-standing issues of the Facilities Department's lack of organization. It is necessary to build from the ground up a hard copy and digital copy document control and file system.
- This School District is, I believe, well over 50 years old, and there are no Facilities Department forms or documents of any kind saved in a mutually accessible network server or computer drive. There are extremely minimal hard copy files if any. This will be the main focus of the Administrative Assistant for the future.
- Working on the revised coordination of SchoolDude setup and synchronization with the CIP Program.

#### **Safety Concerns:**

##### **Tunnel Ceiling Crack and Concrete Failure.**

- Working with Bristol Companies Engineers to review and resolve the problem. I Will request an engineer to review on-site late May or early June.
- Shoring Support Posts have been ordered out of Texas and still waiting on placement direction from the engineers.
- Found two additional utility concrete penetration locations in the tunnel system that may affect the status of this situation.

##### **Coronavirus**

- We are working on facial masks for the second wave.
- No new COVID-19 cases in Nome, nothing to report.
- We ordered over a month ago but not received our two new Protexus Electrostatic Backpack Sprayers with Coronavirus rated Purtabs disinfectant to try and see how they work to start spraying the School district buildings interiors. It is a method to disinfect large areas with a sprayer as opposed to wiping everything down by hand.
- We have received new coronavirus rated disinfectant solution cleaners and selected a type to use going forward and will order those and work on that.

Special Education Board Report, May 2020  
Nadene Parshall, Special Education Director

**Special Education Department**

- 79 Active SpEd caseloads
- 10 Current paraprofessionals
- 1 Administrative Assistant
- 5 Special education teachers
- 1 Speech pathologist

**Current Events**

- The teachers are continuing to send packets home for the students. The teachers are contacting as many students as they can each week.
- The Speech Therapist is working with her students via teletherapy.
- We are continuing to conduct special education meetings via ZOOM.
- We are still waiting for the State to respond to our eligibility determination for Medicaid.
- The special education department is working on year end state reports.

**RECRUITMENT/RETENTION**

New Hires 2020-2021/Certificated:  
None

Current vacancies for the 2020-2021 school year:

1. Special Education Teacher K-6
2. Special Education Teacher 7-12
3. Music/Drama 6-12
4. Music/Art K-5

**PERSONNEL PROJECTS**

The NPS Certified Negotiated Agreement was ratified on April 14, 2020. The Teacher Salary schedule was updated, so Human Resources updated FY21 teacher contracts with amendments for those returning staff. HR continues to complete Verification of service requests and answer questions regarding personnel. Including processing end of the school year paperwork for employees departing and those returning. HR is continuously on the lookout for teacher applicants to fill the vacancy teacher positions for next year.

**EMPLOYEE BENEFITS**

NPS health insurance will renew in May. NPS is pleased to announce no new increase in health insurance premiums. We will do an open enrollment period for employees in May. This allows NPS to offer a nice health insurance plan at reasonable premiums.

**STAFF RECOGNITION/EMPLOYEE ACTIVITIES/FUNCTIONS**

There are no employee functions/activities planned in the next month. With the current situation with COVID-19, there is no traditional end of the year celebration planned in person. Superintendent Burgess will host a virtual Employee celebration via Zoom to recognize employees departing and employee of the month recipients and Employee of year for both classified and Certified. Date TBD. We would like to recognize Certified teacher Annie Conger. She will be retiring at the end of this school year. We thank her for her 22 years of service. Quyanna.

I am happy to answer any questions the board or anyone may have of me.

Quyanna.  
Respectfully submitted.

Report prepared for May 12, 2020

### **Consolidated Grant/Title I-A/Title I-C/Title II-A**

All funds from FY20 will rollover into FY21, except for Title I-C, Migratory Education (formerly Migrant Education). The Consolidated application is to be completed by May 15, 2020 and I have been working to complete the budget and application. Kagan Summer Academies have been canceled due to Covid-19. We are hoping to send teachers to future Kagan trainings.

Migratory Education:

- The Migrant Literacy Report has been completed and submitted and I am working on next year's application.
- **We offered rain gear and summer camp activity backpacks to our migratory students. Parents completed their orders on Sunday, May 10.**

### **Current reports and applications that I am working to complete:**

- **Migrant Literacy Application**
- **Consolidation Application**
- **ESEA Consolidated -including I-A, I-C, IIA, IV-A, and CAP.**
- **Summer OASIS**
- **Indian Education (EASIE)**
- **Suspension Expulsion**
- **Restraint and Seclusion**
- **Migrant Mass Withdrawal** (this report shows the services each migratory student has received throughout the year)
- **Summer OASIS-** I have been attending the webinars about how to complete this year's report

**Johnson-O'Malley-** The unspent funds roll over from year to year 100%

### **Federal/State Reports**

**Federal Reports-** An extension for the Indian Education (EASIE) grant was granted until June 19, 2020 due to Covid-19. At this time an in-person parent meeting and public hearing is still required, however I expect to see an amendment to this requirement.

### **Assessments**

The required Participation Rate report (also called "spring OASIS") was canceled. This report counts how many students we had enrolled on the first day of PEAKS assessments. Since PEAKS did not occur this report was not relevant so the state eliminated the report for Spring 2020.

## SCHOOL BOARD COMMUNICATION

**Title:** Approval of Fuel Order for the 2020-2021 School Year

**Date:** May 12, 2020

**Administrator:** Jamie Burgess, Superintendent

**Attachments:** NPS Fuel Inventory & Cost Projection

<input checked="" type="checkbox"/>	<b>Action Needed</b>	<input type="checkbox"/>	<b>For Discussion</b>	<input checked="" type="checkbox"/>	<b>Information</b>	<input type="checkbox"/>	<b>Other</b>
-------------------------------------	----------------------	--------------------------	-----------------------	-------------------------------------	--------------------	--------------------------	--------------

## BACKGROUND INFORMATION

Based on last year's fuel usage and current inventory levels, the administration has requested purchase of 190,000 gallons for the 2020-2021 school year. The current project price should be less than \$2/gallon, for a total of approximately \$380,000. The cost is included in the FY21 budget. NPS combines its fuel order with that of the City of Nome to receive the best possible pricing. The price per gallon may fluctuate up until the actual date of purchase.

The colder than anticipated weather this past winter has caused the District to dip into its fuel inventory cushion; however, the extremely low price per gallon will allow replenishing of the cushion at an overall price lower than that for FY20.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends purchase of 190,000 gallons of fuel oil for the 2020-2021 school year at an approximate cost of \$380,000.00.

**Sample Motion:** I move to approve the fuel order of 190,000 gallons for the 2020-2021 school year.

## SCHOOL BOARD COMMUNICATION

**Title:** Adoption of Biology Textbooks

## BACKGROUND INFORMATION

The Science Department teachers at Nome-Beltz High School are requesting that the Board approve adoption of new textbooks for two courses: Biology, and Science 10. The current Biology textbook is over 12 years old, and no current text has been adopted for Science 10. In addition, the recent adoption of the new Alaska State Science Standards requires an overhaul of the curriculum and texts which better support the changes. Both courses cover similar material from the Alaska State Science Standards; Biology is designed for students who wish a more in-depth study of the core concepts, while the Science 10 course incorporates standards in the area of Earth Science as well and provides a slower overall pace.

The Department proposes Miller & Levine's Biology (2019) for Biology, and Withgott's Environmental Science: Your World, Your Turn (2011) for Science 10. The Biology textbook is consistently one of the highest rated textbooks for Biology in the US, and the Environmental Science book, while an older edition, is very well respected and presents concepts at a reading level which is appropriate for students who may still be mastering comprehension. Both textbooks have robust digital supports, including integration into Google Classroom, and the Biology text package also provides for online labs. These features may be particularly useful if we find ourselves in rolling shutdowns for the coming year.

The District also presented an opportunity for public feedback; only one response was received. The respondent did not provide much feedback other than to state "I used both of these when teaching science (biology and Earth science) in NC. They are excellent and come with great materials for teachers. Highly recommend. (I work at NSHC now as a medical provider)."

## ADMINISTRATIVE RECOMMENDATION

The administration recommends adoption of Miller & Levine's Biology (2019) for the Nome-Beltz Biology Course and Withgott's Environmental Science (2011) for the Nome-Beltz Science 10 Course.

**Sample Motion:** I move to adopt Miller & Levine's Biology (2019) for the Nome-Beltz Biology Course and Withgott's Environmental Science (2011) for the Nome-Beltz Science 10 Course.

## BACKGROUND INFORMATION

Mr. Jim Shreve, Director of Information Technology, has been researching options for security cameras for the district to replace the 9 cameras installed in the District two years ago. The current cameras will be reused by relocating them in the server rooms and in the Maintenance Shop area.

The new cameras have a 10 year life, and will provide added security by allowing administration and secretaries to view activity in the hallways, in and out of restrooms, and monitoring of persons entering, leaving and moving through the schools. The images are uploaded to a Cloud account, making them accessible in real time or for viewing of previously recorded images from a desktop, laptop or even a cell phone. Temporary access can be granted to law enforcement and emergency personnel on an as needed basis for viewing off site of activity on campus, such as in a violent intruder situation or in case of a fire, flood, earthquake or other natural disaster. The cameras will provide monitoring to assist in cases of theft, graffiti, altercations, or parking lot incidents.

The vendor is highly motivated and quoted the cameras at a significant discount; funding will come out of the District's Capital Improvement Fund.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of security cameras for Nome-Beltz High School, Nome Elementary School and Anvil City Science Academy in the amount of \$46,095.00

## BACKGROUND INFORMATION

The Verkada security cameras require an annual license for the website to store and access the camera images at a cost of approximately \$4000 per year. The District has selected a 10-year licensing agreement to get the lowest possible annual cost and match the projected lifespan of the cameras. The District has agreed a 10-year no interest finance arrangement to pay for the licensing over a 5 year period; the Business Manager will amortize the expenditure over 10 years. Funds will come from the technology department's annual operating budget.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the 10 year Verkada security camera licensing agreement with VAR Technology in the total amount of \$39,975.00, to be paid in 5 annual installments and amortized over 10 years.

-------------------------------------	---------------	--------------------------	----------------	-------------------------------------	-------------	--------------------------	-------

## BACKGROUND INFORMATION

The Board of Education Policy Review Committee met on May 4<sup>th</sup> to review two newly proposed policies for adoption. The policies are now presented to the Board for a first reading approval.

BP 3515.5 Restrictions on Sex Offenders on Campus  
BP 5141.42 Professional Boundaries of Staff with Students

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the first reading of board policies listed above.

**Sample Motion:** I move to approve first reading of board policies BP 3515.2 Restrictions on Sex Offenders on Campus and BP 5141.42 Professional Boundaries of Staff with Students.

## **BP 3515.5 RESTRICTIONS ON SEX OFFENDERS ON CAMPUS**

Prior to restricting any person accused of a sex offense from campus, the district shall verify that the person is actually listed on the Alaska Department of Public Safety Sex Offender/Child Kidnapper Registry.

***Note:** Alaska law does not prohibit sex offenders from entering school campuses. School districts may want to have a policy that prohibits non-parent sex offenders from coming onto school grounds and that puts reasonable procedures in place for sex offenders that are parents of students enrolled in district schools. The following policy was developed by the Kenai Peninsula Borough School District. It may be adapted or revised to reflect the needs of your district.*

Recognizing that all students have the right to a public education in a safe and positive environment, the Board prohibits any sex offender from being on district property, except as authorized below. District property includes all land within the perimeter of the school site and all district buildings, structures, facilities, computer networks and systems, and school vehicles, whether owned or leased by the district, and the site of any school-sponsored activity.

(cf. [3515](#) - School Safety and Security)

(cf. [5030](#) - School Discipline and Safety)

(cf. [5137](#) - Positive School Climate)

Sex offenders are those convicted of a sex offense as defined in this or another state, or by federal law, and who are required to register as a sex offender under Alaska law or by court order. This policy also applies to those individuals convicted of child kidnapping who are required to register on the Alaska Department of Public Safety Sex Offender/Child Kidnapper Central Registry. This policy is not intended to impose a duty upon any district administrator or employee to review the Sex Offender/Child Kidnapper Central Registry to determine the presence of sex offenders in the community. This policy shall apply when district or school administrators are actually aware that a person in question is on the Registry.

### **Sex Offenders Who Do Not Have Children Enrolled in the District**

A sex offender or child kidnapper who does not have a child enrolled in the district is prohibited from entering district property except:

1. When he/she is a qualified voter and is coming upon district property, before or after normal school hours, solely for purpose of casting a vote;  
or
2. To attend an open meeting held outside the student instructional day.

3. With the Superintendent and school administrator's prior approval, under other special circumstances, on a case-by-case basis, for which the school administrator has given written consent.

### **Parent/Guardian Sex Offenders**

A parent/guardian sex offender or child kidnapper who has a child attending a district school is prohibited from entering district property, except in the following instances:

1. When he/she is a qualified voter and is coming upon district property, before or after normal school hours, solely for purpose of casting a vote;
2. To attend an open meeting held outside the student instructional day; or
3. With the Superintendent and school administrator's prior approval, under the procedures set forth below:
  - a. to pick up or drop off his/her own child at the school where the child is enrolled;
  - b. to attend a parent-teacher conference or other meeting with faculty or staff to discuss the child's progress or other educational needs of the child;
  - c. under other special circumstances, on a case-by-case basis, for which the school administrator has given written consent.

In no event will entrance onto district property be allowed if prohibited by court order.

### **Procedures for Prior Approval**

A parent/guardian sex offender or child kidnapper who comes onto school property to pick up or drop off his/her child(ren) needs to make specific arrangements in advance with the school administrator. These arrangements are to be approved by the Superintendent. The parent/guardian can only transport his/her own child(ren).

If a sex offender or child kidnapper wishes to come on to school property for another reason (e.g. parent-teacher conferences, student performances), he/she shall only do so under the following conditions:

- he/she must notify the principal of the school at least 48 hours in advance of the activity and obtain consent prior to coming onto district property;
- if consent is granted, the school administrator will assign an individual(s) to accompany the parent while on district property;

- he/she must report to the office, come only for the specific activity, cooperate with district supervision, and leave school property promptly upon the conclusion of the activity; and
- he/she must abide by all other terms and conditions of the school administration.

The school principal and/or Superintendent shall have the discretion to refuse permission if it is reasonably believed that the parent/guardian's presence on school property would be inappropriate or a danger to others, provided such permission shall not be unreasonably withheld.

At all times, the school administrator shall endeavor to protect the privacy of the offender's child.

### **Electronic Communications**

The Board prohibits electronic communications between sex offenders and students. A parent/guardian sex offender/child kidnapper may not communicate electronically with a student other than his/her own child while the student is on district property. A non-parent sex offender/child kidnapper may not communicate electronically with any student while the student is on district property. "Communicate electronically" means actual *or attempted* communication by electronic means, including, but not limited to, phone, email, text, instant messaging, social networks, web postings, web contacts, computer, fax, or photographs.

### **Student Sex Offenders**

The Superintendent or designee shall determine the appropriate placement for student sex offenders, except those identified as having a disability. When determining educational placement, including placement in an alternative educational setting, the Superintendent or designee shall consider such factors as the safety and health of other students and staff. The Superintendent or designee shall develop written procedures for managing each student sex offender in the district. The student's plan shall specify requirements for supervision and whether or not the student is permitted to attend school-sponsored or school-related activities outside of the instructional day.

If a student subject to this policy is a student with disabilities, he/she will be provided educational services in compliance with federal and state law.

### **Contractors**

Any outside contractor with whom the district contracts, and whose employees or agents may have contact with students, is prohibited from sending any employee or agent who is a sex offender/child kidnapper to any district property. The contractor shall certify in writing the contractor's knowledge and understanding of this policy.

### **Violations of this Policy**

The district will contact law enforcement when a sex offender/child kidnapper violates this policy and will immediately revoke any privileges granted to the individual under this policy.

## **BP 5141.42 PROFESSIONAL BOUNDARIES OF STAFF WITH STUDENTS**

### **Purpose**

The District is committed to protecting children from inappropriate conduct by adults, including school staff and volunteers. The purpose of this policy is to provide all staff, students, volunteers and community members with information about their role in protecting children. This policy applies to all district staff and volunteers. For purposes of this policy and its administrative regulation, the terms “district staff,” “staff member(s),” and “staff” also includes volunteers.

### **General Standards**

***Maintain professional boundaries:*** The board expects all staff to maintain the highest professional standards when they interact with students. District staff are required to maintain an atmosphere conducive to learning by consistently maintaining professional boundaries with students.

The interactions and relationships between district staff and students should be based upon mutual respect and trust, an understanding of the appropriate boundaries between adults and students in and outside of the educational setting, and consistency with the district’s educational mission.

District staff will not intrude on a student’s physical and/or emotional boundaries unless the intrusion is necessary to serve a bona fide health, safety, or educational purpose. An educational purpose is one that relates to the staff member’s duties as an educator. Additionally, staff members are expected to avoid any appearance of impropriety in their conduct when interacting with students.

***Report violations of professional boundaries:*** Whenever a staff member observes another staff member engaging in inappropriate boundary invasions with a student, they must report what they have observed to administration. ***When in doubt, report it out.***

***Preexisting, outside relationships with students:*** The board recognizes that staff may have familial and pre-existing social relationships with parents/guardians/caretakers of students and students. This could create dual relationships with students. Staff members should use sound professional judgment when they have a dual relationship with students to avoid violating this policy. In all such relationships staff should avoid any appearance of impropriety with any student and any appearance of favoritism toward any student.

Staff members shall pro-actively discuss dual relationship circumstances with their building administrator or supervisor. Regardless of any preexisting relationship with students outside of work, when on the job as an educator, staff shall abide by this policy and its accompanying administrative regulations.

***Use of technology:*** The board supports the use of technology to communicate for educational purposes. However, unless the student is the staff member's own child, staff are prohibited from communicating privately with students on-line or from engaging in any conduct on social networking websites that violates the law, district policies or procedures, or other generally recognized professional standards.

Staff whose conduct violates this policy may face disciplinary and/or termination consistent with the district's policies and procedures, acceptable use agreement, and collective bargaining agreements, as applicable.

***Training:*** The Superintendent or Superintendent's designee will develop staff training relating to this policy, including protocols for reporting and investigating allegations and develop procedures and training to accompany this policy.
