

Work Session/Regular Meeting

Tuesday, January 26, 2021 5:30 PM

NBMHS RC/Zoom, 2920 3.5 Nome-Teller Hwy, Nome, Alaska 99762

A. Call to Order

Work Session

B. Items for Discussion

1. Student Achievement Presentation
2. Law Enforcement & Schools

C. Call to Order

Regular Meeting

1. Pledge of Allegiance
 2. Nome Public Schools Mission Statement
 3. Roll Call
 4. Approval of Agenda
- D. Opportunity for Public Comments on Agenda/Non-agenda Items**
(3 minutes per speaker, 30 minutes aggregate)

E. Action Item

1. Approval of Civil Engineering Contract for New Teacher Housing
2. Approval of Architectural and Engineering Contract for New Teacher Housing

F. Upcoming Events:

- Tuesday, February 9, Regular Meeting, 5:30 pm, NBMHS RC/Zoom
- Tuesday, February 23, Work Session, 5:30 pm, NBMHS RC/Zoom

G. Adjournment

Class Report

Leeper, Lisa
Class: ACSA Attendance-8(A)

Term Rostered: Fall 2020-2021
Term Tested: Fall 2020-2021
District: Nome School District
School: Anvil City Science Academy

Norms Reference Data: 2020 Norms.
Weeks of Instruction: 4 (Fall 2020)
Small Group Display: No

Math: Math K-12

Summary	
Total Students With Valid Growth Test Scores	55
Mean RIT	217.4
Median RIT	217
Standard Deviation	15.6
District Grade Level Mean RIT	*
Students At or Above District Grade Level Mean RIT	*
Norm Grade Level Mean RIT	*
Students At or Above Norm Grade Level Mean RIT	*

Overall Performance		Lo %ile < 21		LoAvg %ile 21-40		Avg %ile 41-60		HiAvg %ile 61-80		Hi %ile > 80		Mean RIT (+/- Smp Err)	Median RIT	Std Dev
		count	%	count	%	count	%	count	%	count	%			
Math: Math K-12		7	13%	17	31%	13	24%	10	18%	8	15%	215-217-220	217	15.6

Explanatory Notes

Tests shown in gray are excluded from summary statistics. Either the test occurred outside the testing window for a term, had an invalid score, or was a repeat test for a student within a term.

Test Invalidation Reasons: ***1 The test duration was too short to provide a valid result. ***2 The overall RIT score for this test is above the valid range. ***3 The overall RIT score for this test is below the valid range.

***4 The standard error for this test is below acceptable limits. ***5 The standard error for this test is above acceptable limits. ***6 The test has been identified as invalid. ***7 High level of rapid guessing has invalidated test.

Due to statistical unreliability, summary data for groups of less than 10 are not shown.

* This data is not available for reporting. Please refer to help and documentation for more information.

Our Mission

We inspire and empower students to be culturally grounded responsible citizens who are deeply connected to our community and world.

Our Vision

Together, strong in identity, purpose, potential

Board and Superintendent Guiding Principles

- ✦ Works to ensure academic success for all students
- ✦ Works to promote positive community partnerships
- ✦ Provides leadership and support to ensure reading proficiency by 3rd Grade
- ✦ Supports the recruitment and retention of effective staff

Board and Superintendent Goals

- ✦ Provide the resources for the development and adoption of curriculum as per Board Policy (BP 6141).
- ✦ Support the integration of a student's culture in the curriculum within the context of the community through implementation of the Alaska standards for culturally responsive schools.
- ✦ Work to ensure all students feel connected to their peers and the adults in their schools by improving school climate.

SCHOOL BOARD COMMUNICATION

Title: Approval of Civil Engineering Contract for New Teacher Apartment

Date: January 26, 2021

Administrator: Jamie Burgess, Superintendent

Attachments: Bristol Engineering Task Order with City of Nome

<input checked="" type="checkbox"/>	Action Needed	<input type="checkbox"/>	For Discussion	<input checked="" type="checkbox"/>	Information	<input type="checkbox"/>	Other
-------------------------------------	---------------	--------------------------	----------------	-------------------------------------	-------------	--------------------------	-------

BACKGROUND INFORMATION

John Blees of Bristol Engineering is the City of Nome's Civil Engineer under contract. Mr. Blees will provide civil engineering services for the new Teacher Apartment Building in coordination with the selected Architectural & Engineering Team under a separate Task Order. He will bill the City for his services, and the City will invoice the District.

The costs for the architecture and engineering phase of the Building will be covered out of a combination of the Alaska Housing Finance Corporation grant and the District Apartment Fund.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of payment for Bristol Engineering's Task Order Amendment with the City of Nome in the projected amount of \$74,879.00 for Civil Engineering Services.

Sample Motion: I move to approve payment for Bristol Engineering's Task Order Amendment with the City of Nome in the projected amount of \$74,879.00 for Civil Engineering Services.

January 15, 2021

32114044

Glenn Steckman
City Manager
City of Nome
PO Box 281
Nome, Alaska 99732

**Subject: Nome Public Schools 18-Unit Apartment Building
Task Order 44, Amendment 2 - Modification to include Civil Design,
Owner's Representation, and Bid Phase Services.**

Bristol Engineering Services Company, LLC (Bristol) is pleased to provide this fee proposal to provide professional engineering support for the City of Nome and Nome Public Schools 18-Unit Apartment Building (18-Plex) project. The purpose of this letter is to define our scope of services, proposed schedule, and estimated fee for completing the work.

BACKGROUND

Nome has a need for quality housing for the workforce and professionals that are vital to the community's success. This 18-unit apartment project would house Nome Public school employees, their families, and possibly other public employees.

The location of the 18-unit apartment building would be on consolidated Lot 3B, Block 31 between East 3rd Ave. and East 1st Ave just east of Steadman St. The apartment building is proposed to be located on the northern portion of the lot and the parking and access would be near 1st Ave. The site is currently home to the community ice rink. Utilities are located on both E. 1st and 3rd Avenues.

SCOPE OF SERVICES

Bristol has developed the following scope of services to outline the project approach and anticipated work. This scope is based on a 01/04/2021 phone conversations with Bettisworth North and Nome Public Schools. The following is a list of sub-tasks for the project:

Task 1: Project Management, Coordination, and Bidding Assistance:

This task includes civil engineering design management of the project including, but not limited to; project accounting, scheduling, Owner and Architect team coordination, whole design team plan and estimate reviews, and project startup and closeout. Time is included to generate the City's standard bid documents, respond to questions that may arise during bidding, and to prepare conformed documents after the bidding has been completed.

Task 2: 35% Design Confirmation, Site Planning, and Design Narrative:

This task includes development of 35% Civil Site sheets showing site features, building and site amenities locations, property boundaries, existing buildings, necessary demolition, offsets, site and fire access, parking, and utilities.

Site planning for the 18-Plex will be accomplished during the 35% Design Confirmation Phase. 35% Site Development Plan drawings will be developed showing the planned grading, driveway, parking, utilities, drainages, building location, and other items. Specifications will not be developed during this phase.

A 35% level cost estimate will be provided by HMS as part of the Architect team. Bristol will review this cost estimate and provide comments to HMS. An owner-designer review meeting is planned at the completion of this phase.

A geotechnical investigation will be performed by Golder and driveway / pad / foundation recommendations will be provided. A topographic survey is currently underway by George Krier, PLS. Mr. Krier will locate or establish lot corners, site topography and base flood elevation of the site, and verify NJUS utility locations adjacent to the site.

Task 3: 90% Construction Documents:

In this task, the documents provided in the 35% Design Confirmation phase will be refined to the 90% Construction Document level incorporating design review comments. Coordination with local utilities, the local fire department, permitting agencies, and other team members will be carried out at this stage. Specifications will be developed during this phase. A cost estimate will be further refined by HMS as part of the Architect team during this task, and Bristol will review this cost estimate and provide comments to HMS.

An owner-designer review meeting is planned at the completion of this phase. Periodic over-the-shoulder check-in meetings with the Owner are anticipated during this task.

Task 4: 100% Bid Documents:

This task includes completions of 100% Bid Documents for the 18-Plex. These documents will incorporate all comments from the 90% design reviews of the drawings and specifications.

Task 5: Civil Permitting:

Bristol will coordinate a Fill and Excavation permit from the City of Nome. A stormwater pollution prevention plan (SWPPP) will not be provided by Bristol for this project. Specifications will indicate that the Contractor will be responsible for preparing a SWPPP for construction activities at the site. No ADEC permitting for stormwater, water, and wastewater services are anticipated for this project, however coordination with Nome Joint Utility Services (NJUS) will be accomplished.

ASSUMPTIONS

- Design will be in English Units (feet / inches).
- No site visits are anticipated for the design of this project.

- We anticipate that review meetings will be conducted by video conference.
- We anticipate that the on-site fuel tank will not require a SPCC (< 1,300 gallons).
- Cost estimating shall be provided by the Architect team's estimator, HMS.
- Foundation design will be provided by others.
- No contamination remediation coordination is included in this fee estimate.
- Design for power, communications, and data utilities shall be provided by others,
- It is expected that conventional below ground gravity sewer and water service connections are possible based on existing NJUS as-builts.
- Additional permit applications that may be necessary for this project includes Section 106 Archeological Report, borrow source permitting, and NEPA documents are not included in this estimate.
- This fee proposal does not include preparation of a SWPPP or erosion/sediment control (ESC) plan.
- Landscaping plan if required shall be prepared by others.
- It is assumed that the deliverables will be submitted in PDF format for this project.

SCHEDULE

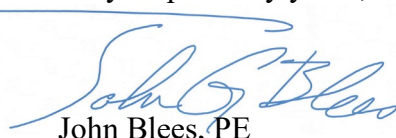

The 35% Design Confirmation phase shall be completed with an advanced pile package in March 2021, the 95% Construction Document phase shall be completed in May 2021, and the 100% Bid Documents shall be completed by June 28th, 2021. The project is expected to be bid shortly thereafter and awarded to a construction contractor in August of 2021.

FEE PROPOSAL

Bristol is prepared to complete the above scope of services in accordance with the project schedule on a Time and Expense Basis. At this time, we recommend budgeting \$74,879 for these services. We will notify you when we reach 80% of this amount so we can discuss the remaining scope of work and any necessary revisions of the budget. Bristol has provided itemized fee spreadsheets as part of this proposal, included as Attachment A.

Thank you for the opportunity to work with you on this very important project. Please contact me directly if you have any questions as you review our proposal.

Very respectfully yours,

John Blees, PE
Civil Project Manager

Task Order No. 44, Amendment No. 2

TASK ORDER AMENDMENT

This Task Order pertains to an Agreement by and between the City of Nome, ("OWNER"), and Bristol Engineering Services Company, LLC, ("ENGINEER"), dated January 11, 2011 as amended January 1, 2021, ("the AGREEMENT"). Engineer shall perform services on the project described below as provided herein and in the Agreement. This Task Order shall not be binding until it has been properly signed by both parties. Upon execution, this Task Order shall supplement the Agreement as it pertains to the project described below.

TASK ORDER NUMBER: **044**

AMENDMENT NUMBER: **02**

PROJECT NAME: **Nome Public Schools District – 18-Unit Apartment Building**

PART 1.0 PROJECT DESCRIPTION: Civil Design, Owner's Representation, and Bid Phase Services

PART 2.0 SCOPE OF SERVICES TO BE PERFORMED BY ENGINEER:
The ENGINEER will:

Added under this modification:

- Perform Civil Design Services, Owner's Representation & Architect Team Coordination, and Bid Phase Services as described further in the attached cover letter.

PART 3.0 OWNER'S RESPONSIBILITIES: City will provide any available and relevant documents to review.

PART 4.0 DELIVERABLES

Deliverables for this project will include:

- Civil Design Documents
- Bid Documents for the Construction Contract

PART 5.0 PAYMENTS TO ENGINEER (Estimate of not-to-exceed costs):

Task Order 044 original Contract including Amendment No. 1: \$10,000

Task Order 044, Amendment No. 2
Estimate of not-to-exceed costs: \$74,879

Total Task Order 044 Contract Amount: \$84,879

PART 6.0 OTHER:
Not Used

This Task Order is executed this _____ day of _____, 2021.

City of Nome

SCHOOL BOARD COMMUNICATION

Title: Approval of Architectural and Engineering Contract for New Teacher Apartment

Date: January 26, 2021

Administrator: Jamie Burgess, Superintendent

Attachments: Bettisworth North A&E Proposal

<input checked="" type="checkbox"/>	Action Needed	<input type="checkbox"/>	For Discussion	<input checked="" type="checkbox"/>	Information	<input type="checkbox"/>	Other
-------------------------------------	----------------------	--------------------------	-----------------------	-------------------------------------	--------------------	--------------------------	--------------

BACKGROUND INFORMATION

Bettisworth North Architects and Planners Inc. (BNAP) was selected as the Architect for the New Teacher Apartment, and will be teaming with RSA Engineering to provide mechanical and electrical engineering services.

The proposed lump sum for these services is \$620,764 and cost for this phase of the New Teacher Apartment building will be covered with a combination of the Alaska Housing Finance Corporation grant and the district Apartment Fund.

Bidding and Construction Administration is shown in the proposal and will be billed on a time and materials basis. Costs for this phase will be paid by the District and billed to the City of Nome, to be covered with bond proceeds.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of a contract with Bettisworth North Architects and Planners, Inc. for Architectural and Engineering Services for the New Teacher Apartment Building in the projected amount of \$620,764, and for Bidding and Construction Administration costs not to exceed \$220,416.

Sample Motion: I move to approve a contract with Bettisworth North Architects and Planners, Inc. for Architectural and Engineering Services for the New Teacher Apartment Building in the projected amount of \$620,764, and for Bidding and Construction Administration costs not to exceed \$220,416.

FEE MEMORANDUM

DATE January 18, 2021

TO Jamie Burgess, Superintendent, Nome Public Schools; John Bles, Project Manager, Bristol Engineering Services Co.

FROM Roy Rountree, Principal
Bettisworth North Architects and Planners Inc. (BNAP)

PROJECT NO. 21-103 Nome Public Schools 18-Unit Apartment Building

SUBJECT Full Design Services – Rev1

Dear Ms. Burgess and Mr. Bles,

Thank you for the opportunity to provide a fee proposal for professional design and engineering services for the new 18-unit apartment building comprised of 2- and 3-bedroom apartments, separate unit-specific storage, and facility support spaces including mechanical, electrical and janitor rooms. We have included the tasks and associated fee to complete the work under this cover, please review.

Services Provided: Architectural Design, Interior Design, Landscape Design and Engineering Services

Type of Agreement: Design Fee - Lump Sum
Bidding and Construction Administration - Time and Materials Not to Exceed

Fees: Design Fee - Lump Sum: \$620,764
Bidding and Construction Administration - Time and Materials Not to Exceed: \$220,416

Project Scope:

The scope of the design effort will include (3) chronological design phase efforts broken out as:

1. 35% Schematic Design Package
2. 95% Construction Documents Package
3. 100% Signed Construction Documents Package and Permitting Assistance (Fee proposal combines phases 2 & 3 in one matrix)

Bidding and Construction Administration will begin at the conclusion of these design phases and be billed as a Time and Materials Service.

Basic Services:

The scope of professional services proposed for this project is limited to:

- Landscape, Structural, Architectural, Interiors, Mechanical, and Electrical Engineering and Design Services, Drawings, Narratives, and Specifications
- Review of cost estimate, value engineering suggestions; cost estimate to be provided by the HMS Estimating.
- Design Services Include:
 - (2) Submittal review meetings with the client, to be organized by BNAP
 - Bi-Weekly Coordination meetings with Design Team, to be organized by BNAP

This proposal is offered with the understanding that:

- Design Documents are to be a digital submittal, including:
- Drawings: 22x34 PDF (Full Size), 11x17 PDF (Half Size)
Specifications: 8.5x11 PDF
- Consultant Engineering Team remains as:
 - Structural – BBFM Engineers, Inc.
 - Mechanical, Plumbing, & Electrical – RSA Engineering, Inc.
 - Estimating – HMS Estimating

Architectural Services:

Scope:

- Code review (IBC, ADA, ANSI 117.1-2009, Fair Housing Act)
- Architectural plans, elevations, sections, details, schedules, and specifications to obtain building permit
- Cost estimate review
- Permitting assistance
- Bidding assistance
- Construction Administration services

Landscape Services:

Scope:

- Provide landscape plans, details and specifications appropriate to attain a building permit
- Details will include standard planting details and site furnishings
- We will coordinate landscape lighting with Electrical. Landscape lighting will be represented on the Electrical site plan

Interior Design Services:

Scope:

- Provide interior design finish schedules, legends, specifications, details, finish plans in support of building permit documents and to inform a comprehensive construction cost estimate
- Provide digital samples of interior finish materials for Owner review and design record

Excluded Services:

This proposal specifically excludes:

- Printing of Drawing/Narrative Submittals, all submittals to be digital PDF
- Interior FF&E (Furniture selection, specification and procurement assistance) to be handled under separate contract
- Wayfinding, custom sign design and environmental graphic design
- Civil design scope. Design team will coordinate with Civil engineers for a complete design package, but civil engineering scope and fees are not included in this contract.

Cost Estimation:

- To be provided by HMS Estimating and evaluated by the design team members at each phase.

Proposed Draft Schedule with Deliverables:

Design Phases: Lump Sum Fee

1. 35% Schematic Design
 - a. Deliverables
 - i. 22x34 PDF Drawings
 - ii. 8.5x11 Design Narratives
 - iii. 8.5x11 Cost Estimate
 - b. Schedule
 - i. Start – January 25, 2021
 - ii. End – March 10, 2021

2. Advanced Pile Package
 - a. Deliverables
 - i. 22x34 PDF Drawings
 - ii. 8.5x11 PDF Specifications
 - iii. March 31, 2021
3. 95% Construction Documents
 - a. Deliverables
 - i. 22x34 PDF Drawings
 - ii. 8.5x11 PDF Specifications
 - iii. 8.5x11 PDF Cost Estimate
 - b. Schedule
 - i. Start – March 17, 2021
 - ii. End – May 10, 2021
4. 100% Signed Construction Documents
 - a. Deliverables
 - i. 22x34 PDF Drawings Stamped
 - ii. 8.5x11 PDF Specifications
 - b. Schedule
 - i. Start – May 14, 2021
 - ii. End – June 28, 2021

Bidding Assistance & Construction Administration: Time and Materials Fee

1. Bidding Assistance
 - a. Services
 - i. Prepare Bidding addenda
 - ii. Answer bidder questions
 - iii. Conformed documents
 - iv. Prepare bid Solicitations
 - v. Attend bid opening
 - vi. Contractor negotiations
2. Construction Administration
 - a. Services
 - i. Submittal Review
 - ii. ASI/RFI/DCVR Responses
 - iii. Inspections with Field Reports (1 Architect, 2 trips)
 - iv. Punchlist Walkthrough (2 Architects, one trip)
 - v. Construction Meetings as required
 - vi. As-Built Drawing updates based on contractor provided redlines

We look forward to working with you, thank you.

Roy Rountree, AIA, Principal

FEES\2021GEN\

BBFM Engineers, Inc.
Structural Fee Proposal

COMMENTS:

- Lump Sum design fee
- 25,000 sf two story wood frame structure on piling
- Will have back and front entry ramps and stairs
- Geotech recommendations by Golder and Associates
-
- No site visits included for Design or CA. If needed they will be billed hourly with expenses
-
-
- Special Inspection by others
- Seismic design of mechanical and electrical equipment support not included in this proposal, but can be included as added scope with added fee.

FEE SUMMARY		Labor	Expenses	Total
Design				
Schematic Design	35%	\$18,954	\$0	\$18,954
Construction Documents	65%	\$35,201	\$0	\$35,201
Subtotal		\$54,155	\$0	\$54,155
Construction Administration		\$11,960	\$0	\$11,960
Totals		\$66,115	\$0	\$66,115

ATTENTION: Kate Incarnato

Dear Kate,

**REFERENCE: Nome Public Schools 18-Unit Apartment Building
Mechanical and Electrical Fee Proposal**

RSA Engineering is pleased to offer a fee proposal for mechanical and electrical engineering services for the referenced project. We have based our scope of work on your e-mail correspondence dated 1/6/2021 and along with the following assumptions:

- Scope: Provide mechanical and electrical engineering services for design of a 25,000 square foot. The project will be located in Nome, Alaska and will be a 2-story apartment building with 18 apartments, mechanical, electrical, telecom, vestibule, and unit storage rooms.
- Mechanical Scope: The mechanical design will include a central boiler system to serve hydronic terminal heat. Ventilation will be provided by individual HRV's for each apartment that draw from a central outside air duct. Plumbing will be designed to extend to the edge of the building. Water and sewer will be connected to city services. Domestic hot water will be provided from hot water generators connected to the boiler system.
- A fire sprinkler system will be performance specified for detailed design by the fire protection contractor.
- Electrical Scope: Electrical design will include interior lighting, site lighting, power for receptacles, unit kitchen appliances, and mechanical equipment, cable television system, door bell system, fire alarm system, and headbolt heater outlets. Perform lighting, load, and short circuit calculations.
- We will provide an AKWarm energy model of the facility to show BEES 5-star compliance. This model will count on a high performance building envelope to achieve the rating.
- Specifications: We will provide bound CSI specifications.
- Deliverables: There will be a 35% submittal in February, a **95%** submittal will be in March, and a 100% signed document in April. The **95%** submittal will be submitted for building permit.
- Cost estimates: We will review two cost estimates provided by others. One cost estimate will be at the 35% submittal and one will be provided at the **95%** submittal.
- Permitting: We will answer any questions that come up during the plan review process and issue any sketches or clarifications as required.
- Construction phase services include, submittal review, DCVR review/response, two construction inspections for each discipline, review of operation and maintenance manuals and preparation of record drawings based upon contractor generated redline mark-ups.

Exclusions:

- No site visits to Nome during design have been included.
- Cost Estimating, LEED, and Commissioning services are not included in our proposal.

RSA proposes the following lump sum fees for this project:

<u>Design Phase</u>	<u>Mechanical</u>	<u>Electrical</u>	<u>Total</u>
35% Concept Design	\$33,820.00	\$26,200.00	\$60,020.00
<i>95% Construction Design</i>	\$37,190.00	\$30,410.00	\$67,600.00
100% Construction Documents	\$10,630.00	\$9,230.00	\$19,860.00
Bidding & Permitting	\$1,340.00	\$1,480.00	\$2,820.00
Design Subtotal:	\$82,980.00	\$67,320.00	\$150,300.00

<u>Construction Phase</u>			
In Office C/A	\$19,980.00	\$15,540.00	\$35,520.00
Inspections	\$4,330.00	\$6,010.00	\$10,340.00
C/A Subtotal:	\$24,310.00	\$21,550.00	\$45,860.00

GRAND TOTALS:	\$107,290.00	\$88,870.00	\$196,160.00
----------------------	---------------------	--------------------	---------------------

Reimbursable Expenses:	\$3,596.00
------------------------	-------------------

Grand Total with Reimbursable:	\$199,756.00
--------------------------------	---------------------

Please review and advise if this proposal is acceptable by signing below and returning a copy to our office as our notice to proceed. We look forward to working with you on this project.

Sincerely,

Xuan P. Ta, P.E.
Principal Electrical Engineer

Fee Proposal Prepared For:

Bettisworth North
2600 Denali Street, Suite 710
Anchorage, Alaska 99503

Attn: Kate Incarnato

Project: Nome Public Schools
18-Unit Apartment Building
Location: Nome, Alaska

1. *Project Description and Service*

Provide cost estimates for construction of an 18-unit, 27,000 SF, two-story apartment building in Nome, Alaska.

Estimates will be prepared in DEED Cost Format and priced for construction on a date to be determined.

2. *Fee Breakdown and Schedule (Lump Sum)*

35% Design Estimate	\$ 10,950.00	<i>Within (12) Full Working Days</i>
95% Design Estimate	<u>12,658.00</u>	<i>Within (14) Full Working Days</i>

TOTAL FEE: **\$ 23,608.00**

Should any phase of estimating be omitted from this proposal, HMS reserves the right to increase fee for subsequent estimate by 10% to 30% depending upon the additional level of effort. Also, add two extra days to the schedule for completion of the estimate.

The above fee does not include preparation of additive bid items or alternates. See 3. Terms below.

Allow the above full working days to provide the proposed services. Time for task completion will begin following receipt of all available design information for that particular phase. Please note the above durations exclude weekends, holidays and partial days. Please give two weeks advance notice for commencing each phase of work.

3. *Terms*

Deliverable:

HMS Inc. will provide a copy of our estimate via email in a PDF file format or in Excel, if necessary. Should a hard copy of the estimate be necessary, at your request, a bound or loose copy will be provided to you.

3. Terms (Continued)

Drawings:

Architect/Engineer shall provide HMS Inc. with full size, correct scale drawings, along with an electronic set (PDF format preferred). Should these not be provided, it may be necessary to increase our fee proposal and add additional days to complete our work.

Should it be necessary, HMS Inc. has the capability to print one or two drawings, however, depending on the quantity, an additional charge may be added at \$4.00/sheet.

Additive Bid Items or Alternates:

Our fee proposal does not include preparing estimates for additive bid items or alternates (except those included in Section 2 Fee Breakdown) that require re-measurement of work items included in the Base Bid cost estimate. We reserve the right to renegotiate our fee should alternates become necessary beyond one or two minor alternates or additive bid items.

Reimbursable Expenses:

This fee proposal does not provide for long distance phone calls, site visits, meetings with the owner, or any other unforeseen expenses unless listed in Section 2. Fee Breakdown. Any such items, if required, will be charged on a time-and-expense basis at our current rate schedule.

Penalty/Bonus Condition:

This proposal is made on the understanding that we will not be entering into an agreement with the client that includes a penalty/bonus condition dependent on the outcome of the bid. Should such a clause be required, we reserve the right to modify our proposal or possibly withdraw from the project.

Additional Insured:

Any requirements to name additional insureds on our insurance policies may be subject to additional fees should fees be added to our policy by our carrier.

Payment Terms:

Payment shall be made within (45) days of invoice date. Delayed payment beyond that period is subject to a 1.5% fee per month.

Expiration Date:

This fee proposal is valid for (6) months from the date of issue. HMS Inc. reserves the right to adjust the fee to incorporate the current years rates after the (6) month period.

Change in Scope:

Should the project scope or format change, HMS Inc. reserves the right to modify this proposal. Written approval for work on increased scope items prior to proceeding with additional work will be required.

Notice to Proceed:

Designer/owner will provide written notice to proceed. Delivery of documents is not considered a notice to proceed.
