## **BP 1330 USE OF SCHOOL FACILITIES**

The School Board believes that the schools belong to the citizens of the community and that community use of the school facilities fosters understanding and support for school programs.

The School Board recognizes that when schools encourage and welcome community elders during and after the school day, this supports continued learning opportunities between youth and older generations.

The School Board shall make school facilities and grounds available to citizens and community groups for lawful gatherings and assemblies to the extent that such use serves the interests of the citizens and does not conflict with school or district purposes. The Superintendent or designee shall establish administrative regulations governing the reasonable and impartial use of school facilities and grounds by community members or groups.

## BP 3310 PURCHASING PROCEDURES

**Note:** Pursuant to [A.S. 14.14.060](#) and [14.14.065](#), city and borough school districts may establish their own procedures for purchase of supplies and equipment. [A.S. 14.08.101](#) empowers regional school boards to establish their own fiscal procedures, including the purchase of supplies and equipment. All contracts made under federal awards must comply with the Office of Management and Budget's procurement procedures found in [2 CFR 200.317-326](#). Prior to any purchase, the District should review the federal funding award or grant to determine if it requires compliance with OMB's procurement procedures.

The School Board desires to ensure that maximum value is received for money spent by the district and that records are kept in accordance with law. The Superintendent or designee may issue and sign purchase orders and shall submit them for School Board approval or ratification. Purchase orders in excess of \$25,000 will require prior approval of the Board. Purchases may not be segmented in order to circumvent the requirement for prior approval.

All purchases under federal awards will meet general standards as follows:

1. The District will maintain written procurement policies and procedures that meet the following standards and any other applicable laws and regulations.
2. Costs incurred must be necessary and cost-effective.
3. All procurement transactions must provide full and open competition.
4. The District will maintain written standards of conduct covering conflicts of interest.
5. The District will maintain documentation addressing cost and price analysis, and vendor selection, as applicable for the selected method of procurement.

(cf. [3310](#) – Purchasing Procedures)

No employee, officer, or agent of the District may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, non-substantial gifts of nominal value may be accepted if the item is non-solicited.

Employees in violation of this conflict of interest section are subject to disciplinary measures set forth in statute, board policy, and applicable negotiated agreements, up to and including termination.

(cf. [9270](#) - Conflict of Interest)

**Note:** [A.S. 36.15.050](#) establishes a preference for purchasing Alaskan agricultural and fisheries products. [A.S. 14.03.085](#) makes school districts, except REAA's, subject to [A.S. 29.71.050](#), which establishes a preference for purchasing recycled Alaska products.

The School Board encourages the selection of Alaskan products when such products meet the needs of the district and shall adhere to state law regarding purchasing preferences for Alaskan products.

(cf. [3311](#) - Bids)

(cf. [3312](#) - Contracts)

**Note:** A U.S. Supreme Court decision ([City of Richmond v. J. A. Croson Co.](#)) indicates that before enacting an affirmative action purchasing program, the district would have to have strong evidence of past district discrimination against minority contractors and the district's program would have to be narrowly tailored to accomplish its remedial purpose.
