## 2023-2024 BUDGET HIGHLIGHTS

### I. General Operations Fund Balance (Pre-Audit)

The District maintains a fund balance as a safety net for unexpected and uncertain events. A fund balance of 10-25% of the preceding year's expenses is recommended, with 25% being the suggested target provided by the District's financial auditors. In reviewing the District's long-range financial projections and evaluating options to ensure future financial health, the school board set a goal of achieving at least 25% of operating expenses within the next five years with the majority of the increased balance expected to be achieved in the 2023-2024 school year.

The June 30, 2024 General Fund Balance is budgeted to increase by \$3,740,580 compared to the prior year. Based on the 22-23 budgeted year-end balance, this will bring the total fund balance in the general fund to \$7,638,625 as of 6/30/24, which reflects a fund balance percentage of just under 25%.

Fund balance is not a static amount, it is a single day balance on the last day of the fiscal year. Fund balance includes cash and booked receivables for the District.

### II. Property Tax Levy

The budget anticipates a total property tax levy of \$26,224,272, which reflects an increase of \$3,355,015, or 14.7% over the current year levy. In April 2023, voters in the Village of Shorewood approved an operational referendum that allows the school board to increase the revenue limit by \$5.5M per year for five years. A portion of this increase is realized in an increase to the tax levy. The equalized mill rate is expected to increase by 1.44 to 13.28.

10 Year Tax Levy and Mill Rate History					
Fiscal Year		Tax Levy	Increase (Decrease)	Change	Equalized Mill Rate
2014-15	Actual	19,022,886			
2015-16	Actual	19,679,974	657,088	3.5%	13.88
2016-17	Actual	20,105,480	425,506	2.2%	13.88
2017-18	Actual	20,816,294	710,814	3.5%	13.88
2018-19	Actual	21,659,543	843,249	4.1%	13.88
2019-20	Actual	22,405,811	746,268	3.4%	14.07
2020-21	Actual	22,284,348	(121,463)	-0.5%	14.13
2021-22	Actual	21,665,147	(619,201)	-2.8%	13.40
2022-23	Actual	22,869,257	1,204,110	5.6%	11.84
2023-24	Proposed	26,224,272	3,355,015	14.7%	13.28

The tax levy supports educational and support programs (general), repayment of debt, capital projects and community services. Taxes for uses other than the general fund are restricted to the specific purpose for which they are levied. As shown in the chart below, the levy is primarily for education and support.

In the three years shown, the proportion of taxes levied for each of the four categories does not change substantially.

### III. State Aid

The State of Wisconsin has three classifications of revenue designed to share the costs of education between the state and the local district. General Aid is direct property tax relief distributed to school districts in accordance with several aid formulae. Per Pupil Adjustment Aid is classified as a general-purpose aid and is used for operation and maintenance of school programs. Categorical Aid is based on performance of specific tasks or programs and restricted to the specific purpose for which it is intended.

State Aid by Category					
Fiscal Year	General Aid	Per Pupil Aid	Categorical Aid	Total State Aid	Increase (Decrease)
2011-12	3,633,592	0	808,602	4,442,194	
2012-13	4,870,290	82,800	818,009	5,771,099	1,328,905
2013-14	5,143,964	126,225	815,378	6,085,567	314,468
2014-15	5,039,363	256,200	919,545	6,215,108	129,541
2015-16	5,367,323	268,650	951,145	6,587,118	372,010
2016-17	5,641,758	458,250	963,561	7,063,569	476,451
2017-18	6,131,376	840,150	1,041,050	8,012,576	949,007
2018-19	5,824,659	1,226,250	1,403,679	8,454,588	442,012
2019-20	5,390,317	1,386,056	1,129,249	7,905,622	(548,966)
2020-21	6,396,264	1,348,956	1,136,122	8,881,342	975,720
2021-22	6,340,962	1,314,824	1,169,809	8,825,595	(55,747)
2022-23	6,654,148	1,271,945	1,227,677	9,153,770	328,175
2023-24	6,364,812	1,275,498	1,133,814	8,774,124	(379,646)

The table above shows the amount of aid received in each of the three classification since the 2011-12 school year. While 2022-23 shows an increase compared to other years, the Department of Public Instruction (DPI) notified the District late in the year that this amount was overstated by DPI and would be reduced in 2023-2024. Preliminary projections from the Department of Public Instruction show aid for the Shorewood School District staying closer to the 2021-2022 aid amount. Aid estimates are based on 22-23 budget numbers, however, and do not take into account actual expenditures or the increase in property values relative to the rest of the state. Final aid amounts will be provided to the District in October.

#### IV. Other Budget Information

##### Revenue Limits

The State of Wisconsin limits the amount of revenue public schools generate through the combination of state general aid and the District tax levy. This limitation is referred to as “Revenue Limits.” The biennial budget signed into law in July 2023 provides for an annual revenue limit increase of \$325 per member until the year 2425. While predictability is helpful to planning, this amounts to an increase of less than 2% in fiscal year 2024. The increase declines as a percentage of revenue every year, falling to approximately 1.5% over the next five years.

The operating referendum passed by residents of Shorewood in April 2024 helps to bridge the gap between the actual cost of education and the baseline revenue limit provided by the state. Between the 2008-2009 and 2022-2023 school years, revenue limits lagged inflation by an average of \$3,235 per pupil. With CPI standing above 4%, this gap is projected to continue growing. The \$5.5 million annual increase approved for Shorewood allows the District to increase revenue to

a level that more closely aligns with the actual cost of education.

### **Student Membership and Enrollment**

Student membership refers to the number of students that the District counts for the purpose of calculating the revenue limit. The District counts all full-time, resident students who attend Shorewood schools, as well as Shorewood residents who attend other public school districts through open enrollment. The District also counts part-time students, such as K4 and Summer School, although they do not each count as a fulltime student. The membership upon which the District's 2023-2024 revenue limit projection was determined is 1,720, based on the rolling average of the previous three years.

Enrollment is the number of students that are educated in a District school, and may include students who reside in other districts. Enrollment is important in determining the resources needed, such as space, instructional materials, and number of staff. Whereas membership determines revenue, enrollment determines costs.

School funding formulas reallocate funds from one district to another for the number of non-resident students in each school district. Therefore, for budget purposes, the District must monitor both membership and enrollment. The table below shows a decline in membership following the COVID19 global pandemic and in alignment with statewide decreases in the school age population and declining birth rates.

<b>10 Year Membership and Enrollment History</b>					
<b>Year</b>	<b>Revenue Limit Members *</b>	<b>Member Change</b>	<b>Enroll</b>	<b>Enroll Change</b>	<b>Enroll Over (Under) Members</b>

### **V. Energy Efficiency Exemption**

The District borrowed \$5,515,000 in February 2018 to complete several energy efficiency projects as permitted under Wisconsin Acts 28 and 32. In compliance with the acts, the District is required to report to the taxpayers the utility cost savings achieved during the most recent reporting period. The savings for the 2022 reporting period are provided in the table below.

## VI. Budget Publication

The DPI has established standard formatting for the publication of budgets and a recommended format for approval by the Board of Education. The required publication standard was followed in the publication of the budget in the local newspaper. The recommended budget adoption format is displayed below, and provides additional information about the sources and uses of funds.

Projected budgets are estimates based on information available at the time of development and will change as additional facts and circumstances necessitate.
