Rational for New Policy:

**P 4600 REPORTS OF SUSPECTED ABUSE OR NEGLECT OF ADULTS WITH AN
INTELLECTUAL DISABILITY OR AUTISM SPECTRUM DISORDER**

Connecticut law current requires certain mandated reporters to notify the Office of Protection and Advocacy for Persons with Disabilities (“OPAPD”) of any instance in which the reporter has reasonable cause to suspect or believe that a person between eighteen and sixty years of age with an intellectual disability has been abused or neglected. Public Act 14-65 expands this current requirement to include reports of suspected abuse of any person who receives funding or services from the Department of Developmental Services’ (“DDS”) Division of Autism Spectrum Disorders. The requirements continue to apply only to persons between eighteen and sixty years of age and thus do not apply to children under the age of eighteen, even if the child has a disability. This new law goes into effect October 1, 2014. We have therefore revised our model policy to comply with these new requirements.

REPORTS OF SUSPECTED ABUSE OR NEGLECT OF ADULTS WITH AN INTELLECTUAL DISABILITY OR AUTISM SPECTRUM DISORDER

Section 46a-11b of the Connecticut General Statutes requires that certain school personnel report any suspected abuse or neglect of persons between eighteen (18) and sixty (60) years of age who: 1) have an intellectual disability or 2) receive funding or services from the Department of Developmental Services' ("DDS") Division of Autism Spectrum Disorder Services. In furtherance of this statute and its purpose, it is the policy of the Board of Education to require ALL EMPLOYEES of the Board of Education to comply with the following procedures in the event that, in the ordinary course of their employment or profession, they have reasonable cause to suspect that a person with an intellectual disability or an individual receiving funding or services from DDS' Division of Autism Spectrum Disorders Services between eighteen (18) and sixty (60) years of age has been abused or neglected.

1. Scope of Policy

This policy applies not only to employees who are required by law to report suspected abuse and/or neglect of adults with intellectual disabilities, but also to ALL EMPLOYEES of the Board of Education.

2. Definitions

For the purposes of this policy:

"Abuse" means the willful infliction of physical pain or injury or the willful deprivation by a caretaker of services which are necessary to the person's health or safety.

"Neglect" means a situation where a person with an intellectual disability either is living alone and is not able to provide for himself or herself the services which are necessary to maintain his or her physical and mental health, or is not receiving such necessary services from the caretaker.

"Statutory Mandated Reporter" means an individual required by Conn. Gen. Stat. Section 46a-11b to report suspected abuse and/or neglect of adults with intellectual disabilities. In the public school context, the term "statutory mandated reporter" includes teachers, school administrators, school guidance counselors, paraprofessionals, registered or licensed practical nurses, psychologists, social workers, licensed or certified substance abuse counselors, mental health professionals, physical therapists, occupational therapists, dental hygienists, speech pathologists and licensed professional counselors.

3. Reporting Procedures for Statutory Mandated Reporters

If a statutory mandated reporter has reasonable cause to suspect that any person with an intellectual disability, or any individual who receives funding or services from DDS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years of age has been abused or neglected, the mandated reporter shall, as soon as practicable, but not later than seventy-two (72) hours after having reasonable cause to suspect abuse or neglect, make an oral report to the Director of the Office of Protection and Advocacy for Persons with Disabilities. The statutory mandated reporter shall also immediately notify the Superintendent.

Such initial oral report shall be followed by a written report to the Director of the Office of Protection and Advocacy for Persons with Disabilities not later than five calendar days after the initial oral report was made, and a copy of any written report shall be given to the Superintendent.

4. Reporting Procedures for Non-Statutory Mandated Reporters

The following procedures apply only to employees who are not statutory mandated reporters, as set forth above.

- a) If an employee who is not a statutory mandated reporter has reasonable cause to suspect that any person with an intellectual disability, or any individual who receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years of age has been abused or neglected, the following steps shall be taken.
 - (1) The employee shall as soon as practicable, but not later than seventy-two (72) hours after having reasonable cause to suspect abuse or neglect, make an oral report by telephone or in person to the Superintendent of Schools or his/her designee, to be followed by an immediate written report to the Superintendent or his/her designee.
 - (2) If the Superintendent or his/her designee determines that there is reasonable cause to suspect or believe that any person with an intellectual disability, or any individual who receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years has been abused or neglected, the Superintendent or designee shall cause reports to be made in accordance with the procedures set forth for statutory mandated reporters, set forth above.

- b) Nothing in this policy shall be construed to preclude an employee from reporting suspected abuse and/or neglect of adults with intellectual disabilities, or any individual who receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services, directly to the Office of Protection and Advocacy for Persons with Disabilities.

5. Contents of Report

Any oral or written report made pursuant to this policy shall contain the following information, if known:

- a) the name and address of the allegedly abused or neglected person;
- b) a statement from the reporter indicating a belief that the person is intellectually disabled or receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services, together with information indicating that the person is unable to protect himself or herself from abuse or neglect;
- c) information concerning the nature and extent of the abuse or neglect; and,
- d) any additional information that the reporter believes would be helpful in investigating the report or in protecting the person with an intellectual disability or who receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services.

6. Investigation of the Report

If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report, and shall, to the extent feasible, endeavor to coordinate any such investigation with the investigation conducted by the Office of Protection and Advocacy for Persons with Disabilities.

The Superintendent's investigation shall include an opportunity for the suspected abuser to be heard with respect to the allegations contained within the report. During the course of an investigation of suspected abuse by a school employee, the Superintendent may suspend the employee with pay or may place the employee on administrative leave with pay, pending the outcome of the investigation.

If the investigation by the Superintendent and/or the Office of Protection and Advocacy produces evidence that a person with an intellectual disability, or any individual who receives funding or services from the Department of Developmental Services' Division of Autism Spectrum Disorder Services, has been abused by a school employee, the Superintendent and/or the Board, as

appropriate, may take disciplinary action, up to and including termination of employment.

7. Delegation of Authority by Superintendent

The Superintendent may appoint a designee for the purposes of receiving and making reports, notifying and receiving notification, or investigating reports pursuant to this policy.

8. Disciplinary Action for Failure to Follow Policy

Any employee who fails to comply with the requirements of this policy shall be subject to discipline, up to and including termination of employment.

9. Non-discrimination Policy

The Board of Education shall not discharge or in any manner discriminate or retaliate against any employee who, in good faith, makes a report pursuant to this policy, or testifies or is about to testify in any proceeding involving abuse or neglect.

P 5141.4 REPORTS OF SUSPECTED ABUSE OR NEGLECT OF CHILDREN

Public Act 14-186 makes several changes to the existing child welfare statutes, which changes become effective October 1, 2014. Specifically, Public Act 14-186 expands the list of mandated reporters set forth in Section 17a-101(b) to include a number of additional reporters, including any person eighteen years of age or older who: 1) holds or is issued a coaching permit by the State Board of Education and is a coach of intramural or interscholastic athletics; or 2) is employed either as a coach or director of youth athletics or a coach or director of a youth sports organization, league or team. The law previously included only coaches who were employed by a local or regional board of education.

In addition, the amendments to the law require that DCF notify the superintendent of a local or regional board of education of the results of its investigation of alleged abuse or neglect by a school employee not later than five working days after DCF completes its investigation of alleged abuse or neglect of a child by a school employee. Prior to the amendments, such notice was only required when DCF had reasonable cause to believe that a child had been abused or neglected by a school employee who had been entrusted with the care of a child and held an SDE-issued certification, permit or authorization, or when DCF recommended that the employee be placed on the DCF child abuse and neglect registry. Moreover, the requirement that a superintendent must suspend employees against whom abuse or neglect is substantiated is now limited to situations when the Commissioner of Children and Families recommends such school employee be placed on the child abuse and neglect registry.

Our model policy has been amended to reflect these new requirements.

REPORTS OF SUSPECTED ABUSE OR NEGLECT OF CHILDREN

Connecticut General Statute § 17a-101 et seq. requires school employees who have reasonable cause to suspect or believe that a child has been abused or neglected, or placed at imminent risk of serious harm to report such suspicions to the appropriate authority.

In furtherance of this statute and its purpose, it is the policy of the Windsor Board of Education to require ALL EMPLOYEES of the Windsor Board of Education to report suspected abuse and/or neglect, or imminent risk of serious harm, in accordance with the procedures set forth below.

1. Scope of Policy

This policy applies not only to school employees who are required by law to report suspected child abuse and/or neglect, but to ALL EMPLOYEES of the Windsor Board of Education.

2. Definitions

For the purposes of this policy:

"Abused" means that a child (a) has had physical injury or injuries inflicted upon him or her other than by accidental means, or (b) has injuries which are at variance with the history given of them, or (c) is in a condition which is the result of maltreatment, such as, but not limited to, malnutrition, sexual molestation or exploitation, deprivation of necessities, emotional maltreatment or cruel punishment.

"Neglected" means that a child (a) has been abandoned, or (b) is being denied proper care and attention, physically, educationally, emotionally or morally, or (c) is being permitted to live under conditions, circumstances or associations injurious to his well-being, or (d) has been abused.

"School employee" (A) A teacher, substitute teacher, school administrator, school superintendent, guidance counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by the Board or who is working in a Board elementary, middle or high school; or (B) any other person who, in the performance of his or her duties, has regular contact with students and who provides services to or on behalf of students enrolled in the Windsor Public Schools, pursuant to a contract with the Board.

"Statutory mandated reporter" means an individual required by Conn. Gen. Stat. Section 17a-101 to report suspected abuse and/or neglect of children. The term "statutory mandated reporter" includes all school employees, **as defined above, and any person who holds or is issued a coaching permit by the State Board of Education, is a coach of intramural or interscholastic athletics and is eighteen years of age or older.**

3. What Must Be Reported

A report must be made when any employee of the Board of Education in the ordinary course of such person's employment or profession has reasonable cause to suspect or believe that a child:

- a) has been abused or neglected;
- b) has had nonaccidental physical injury, or injury which is at variance with the history given for such injury, inflicted upon him/her; or
- c) is placed at imminent risk of serious harm.

4. Reporting Procedures for Statutory Mandated Reporters

The following procedures apply only to statutory mandated reporters, as defined above.

When an employee of the Windsor Board of Education who is a statutory mandated reporter and who, in the ordinary course of the person's employment, has reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm, the following steps shall be taken.

- (1) The employee shall make an oral report as soon as practicable, but not later than twelve hours after having reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm. Such oral report shall be made by telephone or in person to the Commissioner of Children and Families or the local law enforcement agency. The Department of ~~children~~ **Children** and Families has established a 24 hour Child Abuse and Neglect Hotline at 1-800-842-2288 for the purpose of making such oral reports.
- (2) The employee shall also make an oral report as soon as practicable to the Building Principal or his/her designee, and/or the Superintendent or his or her designee. If the Building Principal is the alleged perpetrator of the abuse/neglect then the employee shall notify the Superintendent or the Superintendent's designee directly.

- (3) In cases involving suspected or believed abuse or neglect by a school employee, the Superintendent or his/her designee shall immediately notify the child's parent or guardian that such a report has been made.
- (4) Not later than forty-eight hours after making an oral report, the employee shall submit a written report to the Commissioner of Children and Families or the Commissioner's designee containing all of the required information. The written report should be submitted on the DCF-136 form or any other form designated for that purpose.
- (5) The employee shall immediately submit a copy of the written report to the Building Principal or his/her designee and to the Superintendent or the Superintendent's designee.
- (6) If the report concerns suspected abuse or neglect by a school employee holding a certificate, authorization or permit issued by the State Department of Education, the Commissioner of Children and Families (or his/her designee) shall submit a copy of the written report to the Commissioner of Education (or his/her designee).

5. Reporting Procedures for Employees Other Than Statutory Mandated Reporters

The following procedures apply only to employees who are not statutory mandated reporters, as defined above.

- a) When an employee who is not a statutory mandated reporter and who, in the ordinary course of the person's employment or profession, has reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm, the following steps shall be taken.
 - (1) The employee shall make an oral report as soon as practicable, but not later than twelve hours after the employee has reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm. Such oral report shall be made by telephone or in person to the Superintendent of Schools or his/her designee, to be followed by an immediate written report to the Superintendent or his/her designee.
 - (2) If the Superintendent or his/her designee determines that there is reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm, he/she shall cause reports to be made in accordance with the procedures set forth for statutory mandated reporters.

- b) Nothing in this policy shall be construed to preclude an employee reporting suspected child abuse and/or neglect from reporting the same directly to the Commissioner of Children and Families.

6. Contents of Reports

Any oral or written report made pursuant to this policy shall contain the following information, if known:

- a) The names and addresses of the child and his/her parents or other person responsible for his/her care;
- b) the age of the child;
- c) the gender of the child;
- d) the nature and extent of the child's injury or injuries, maltreatment or neglect;
- e) the approximate date and time the injury or injuries, maltreatment or neglect occurred;

- j) any information concerning any prior cases in which such person or persons have been suspected of causing an injury, maltreatment or neglect of a child; and
- k) whatever action, if any, was taken to treat, provide shelter or otherwise assist the child.

7. Investigation of the Report

- a) The Superintendent or his/her designee shall thoroughly investigate reports of suspected abuse and neglect if/when such report involves an employee of the Board of Education or other individual under the control of the Board, provided such investigation does not impede an investigation

by the Department of Children and Families (“DCF”). In all other cases, ~~the Department of Children and Families (“DCF”)~~ DCF shall be responsible for conducting the investigation with the cooperation and collaboration of the Board, as appropriate.

- b) Recognizing that DCF is the lead agency for the investigation of child abuse and neglect reports, the Superintendent's investigation shall permit and give priority to any investigation conducted by the Commissioner of Children and Families or the appropriate local law enforcement agency. The Superintendent shall conduct the district's investigation and take any disciplinary action, consistent with state law, upon notice from the Commissioner of Children and Families or the appropriate local law enforcement agency that the district's investigation will not interfere with the investigation of the Commissioner of Children and Families or the local law enforcement agency.
- c) The Superintendent shall coordinate investigatory activities in order to minimize the number of interviews of any child and share information with other persons authorized to conduct an investigation of child abuse or neglect, as appropriate.
- d) Any person reporting child abuse or neglect, or having any information relevant to alleged abuse or neglect, shall provide the Superintendent with all information related to the investigation that is in the possession or control of such person, except as expressly prohibited by state or federal law.
- e) When the school district is conducting an investigation involving suspected abuse or neglect by an employee of the Board or other individual under the control of the Board, the Superintendent's investigation shall include an opportunity for the individual suspected of abuse or neglect to be heard with respect to the allegations contained within the report. During the course of such investigation, the Superintendent may suspend a Board employee with pay or may place the employee on administrative leave with pay, pending the outcome of the investigation. If the individual is one who provides services to or on behalf of students enrolled in the Windsor Public Schools, pursuant to a contract with the Board of Education, the Superintendent may suspend the provision of such services, and direct the individual to refrain from any contact with students enrolled in the Windsor Public Schools, pending the outcome of the investigation.

8. Evidence of Abuse or Neglect by a School Employee Holding a Certificate,
Authorization or Permit Issued by the State Department of Education

- a) If, upon completion of the investigation by the Commissioner of Children and Families (“Commissioner”), the Superintendent has received a report

from the Commissioner that he or she has reasonable cause to believe that a child has been abused or neglected by a school employee, as defined above, ~~who has been entrusted with the care of a child and who holds a certificate, permit or authorization issued by the State Board of Education;~~ ~~or~~ **and** has recommended that such employee be placed on the Department of Children and Families child abuse and neglect registry, the Superintendent shall request (and the law provides) that DCF notify the Superintendent not later than five (5) working days after such finding, and provide the Superintendent with records, whether or not created by DCF, concerning such investigation. The Superintendent shall suspend such school employee. Such suspension shall be with pay and shall not result in the diminution or termination of benefits to such employee.

- b) Not later than seventy-two (72) hours after such suspension, the Superintendent shall notify the Board of Education and the Commissioner of Education, or the Commissioner of Education's representative, of the reasons for and conditions of the suspension. The Superintendent shall disclose such records to the Commissioner of Education and the Board of Education or its attorney for purposes of review of employment status or the status of such employee's certificate, permit or authorization, **if any**.
- c) The suspension of a school employee employed in a position requiring a certificate shall remain in effect until the Superintendent and/or Board of Education acts pursuant to the provisions of Conn. Gen. Stat. §10-151. - d) The suspension of a school employee employed in a position requiring an authorization or permit shall remain in effect until the Superintendent and/or Board of Education acts pursuant to any applicable termination provisions. - e) Regardless of the outcome of any investigation by the Commissioner of Children and Families and/or the police, the Superintendent and/or the Board, as appropriate, may take disciplinary action, up to and including termination of employment, in accordance with the provisions of any applicable statute, if the Superintendent's investigation produces evidence that a child has been abused or neglected by a school employee.

9. Evidence of Abuse or Neglect by ~~Any Other Employee~~ or **An** Independent Contractor of the Board of Education

- a) If the investigation by the Superintendent and/or the Commissioner of Children and Families produces evidence that a child has been abused or neglected by any ~~school employee, as defined above, or any other employee of the Board of Education or individual under the control of the Board, the Superintendent and/or the Board, as appropriate, may take disciplinary action, up to and including termination of employment.~~

FAMILY AND MEDICAL LEAVE

PURPOSE

The purpose of these regulations is to establish guidelines for leaves taken by employees of the Board under the Federal Family and Medical Leave Act of 1993 **1993** ("FMLA").

ELIGIBILITY

Employees who have worked for the Board for at least fifty-two (52) weeks during the seven years preceding the start of a leave, and who have worked at least 1,250 actual work hours, **or, in the case of school paraprofessionals in an educational setting, who have worked at least 950 actual hours or work**, during the twelve (12) months immediately preceding the start of a leave, are eligible for unpaid leave under the FMLA.

Full-time teachers are deemed to meet the 1,250 service hour requirement. *Teacher* (or employee employed in an instructional capacity, or instructional employee) means an employee employed principally in an instructional capacity by an educational agency or school whose principal function is to teach and instruct students in a class, a small group, or an individual setting, and includes athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, nor auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily non-instructional employees.

REASONS FOR LEAVE

Leaves under the FMLA may be taken for the following reasons:

- For incapacity due to pregnancy, prenatal care, or child birth;
- To care for the employee's child after birth, or placement of a child with the employee by adoption or foster care (leave must be taken within 12 months after birth or placement);
- To care for the employee's spouse, **including same sex marriages**, ~~child son or daughter~~, or parent, who has a serious health condition;
- For the employee's own serious health condition that makes the employee unable to perform one or more essential functions of his or her current position.
- Because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is on (or has been notified of an impending call to) covered active duty in the Armed Forces (including a member of the National Guard or Reserves). Qualifying exigencies may include:

- (a) Short-notice deployment activities (if a member receives seven or fewer calendar days notice prior to the date of deployment);
 - (b) Military events and related activities;
 - (c) Childcare and school activities;
 - (d) Financial and legal arrangements;
 - (e) Counseling activities;
 - (f) Rest and recuperation activities;
 - (g) Post-deployment activities; and/or
 - (h) **Parental care leave for military member's parent who is incapable of self-care and care is necessitated by the member's covered active duty;**
 - (i) **Additional activities that arise out of the active duty or call to active duty status of a covered military member, provided that the Board and the employee agree that such leave qualifies as an exigency, and agree to both the timing and duration of such leave.**
- To care for the employee's spouse, parent, son or daughter, or next of kin who is a covered service member with a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank or rating. A covered service member includes (1) a member of the Armed Forces (including a member of the National Guard or Reserves) (a) who is undergoing medical treatment, recuperation, or therapy; (b) is in outpatient status; or (c) is on the temporary disability retired list for a serious injury or illness, and (2) a veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness who was a member of the Armed Forces at any time during the five years preceding the date on which the veteran undergoes medical treatment, recuperation, or therapy.

LENGTH OF LEAVE

General Entitlement

Except in the case of leave to care for a covered service member with a serious injury or illness, an eligible employee is entitled to take up to a maximum of twelve (12) workweeks of FMLA leave during any 12-month entitlement period. The 12-month entitlement period for family or medical leave is July 1 through June 30 of year.

An eligible employee is entitled to up to 26 workweeks of leave to care for a covered service member with a serious injury or illness during a single 12-month period. Leave for that purpose is measured forward from the date an employee begins leave to care for the covered service member.

More Than One Qualifying Reason

If leave is taken for more than one of the qualifying reasons listed above, the employee is entitled to a combined total of 12 workweeks of leave during any 12-month entitlement period unless one of the reasons is to care for a covered service member with a serious injury or illness. If one of the reasons is to care for a covered service member with a serious injury or illness, then the employee is entitled to a combined total of 26 workweeks of leave during the single 12-month period, but is still limited to a combined maximum of 12 workweeks for leave taken for any reason other than to care for a covered service member with a serious injury or illness.

Both Spouses Working for the School District

If both spouses are employees of the Board and request leave for the birth, placement of a child by adoption or for foster care, or to care for a seriously ill parent, they only will be entitled to a maximum combined total leave equal to twelve (12) weeks in any 12-month entitlement period. If either spouse (or both) uses a portion of the total 12-week entitlement for one of the purposes in the preceding sentence, each is entitled to the difference between the amount he or she has taken individually and the 12 weeks for FMLA leave for their own or their spouse's serious health condition in the 12-month entitlement periods.

TYPES OF LEAVE AND CONDITIONS

Block of Time, Intermittent And Reduced Schedule Leave

An employee may take FMLA leave in a block of time, on an intermittent basis, or on a reduced schedule basis, as explained below.

1. "Block" FMLA leave is leave for a continuous period of time. Such leave may be taken for any of the reasons permitted by the FMLA.
2. "Intermittent" leave means leave taken in separate periods of time rather than for one continuous period of time. Examples of intermittent leave include leave taken one day per week over a period of a few months or leave taken on an occasional/as needed basis for other than routine medical appointments. Non-exempt employees may take intermittent leave in increments of one-quarter hour.
3. "Reduced Schedule" leave is leave that reduces the employee's usual number of work hours per day for some period of time. For example, an employee may request to work part-time for a number of weeks so the employee can assist in the care of a parent with a serious health condition.

Intermittent or reduced schedule leave can only be taken when medically necessary for an employee's or covered family member's serious health condition, or because of a covered service member's serious illness or injury, and the medical need can best be accommodated through an intermittent or reduced schedule leave. Such leave may be taken:

1. When necessary for planned or unanticipated medical treatment, or for treatment that is required by a health care provider periodically (e.g., leave taken for chemotherapy or for prenatal examinations);
2. For recovery from a serious health condition or a covered service member's serious injury or illness;
3. To provide care or psychological comfort to a covered family member or a covered service member;
4. Where the employee or covered family member is incapacitated from performing the essential functions of the position because of a chronic serious health condition, or because of a serious injury or illness of a covered service member;
or
5. Due to a qualifying exigency.

Temporary Transfer

If foreseeable intermittent or reduced schedule leave is medically required based upon planned medical treatment of the employee or a family member, including during a period of recovery from a serious health condition, or if the School District agrees to permit intermittent or reduced schedule leave for the birth of a child or for placement of a child for adoption or foster care, the School District may temporarily transfer the employee to another job with equivalent pay and benefits that better accommodates the type of leave requested.

Also, special arrangements may be required of any instructional employee who needs to take intermittent or reduced-schedule leave which will involve absence for more than twenty (20) percent of the work days in the period over which the leave will extend (for example, more than five days over a five-week period).

Scheduling Planned Medical Treatment

When planning medical treatment for foreseeable FMLA leave, an employee must consult with his or her supervisor and make a reasonable effort to schedule the treatment so as not to disrupt unduly the School District's operations, subject to the approval of the health care provider. Ordinarily, the employee should consult with the supervisor prior to scheduling the treatment in order to work out treatment schedule which best suits the needs of the School District and the employee. The School District may, for justifiable cause, require an employee to attempt to reschedule treatment, subject to the approval of the health care provider as to any modification of the treatment schedule.

Leave Taken by Instructional Employees Near the End of an Academic Term

1. If a leave taken by an instructional employee for any reason begins more than five (5) weeks before the end of an academic term, the Board may require that employee to continue the leave until the end of the term if the leave will last at least three (3) weeks and the employee would return to work during the three-week period before the end of the term.
2. If the employee begins a leave during the five-week period preceding the end of an academic term for a reason other than the employee's own serious health condition, the Board may require the employee to continue taking leave until the end of the term if the leave will last more than two (2) weeks and the employee would return to work during the two-week period before the end of the term.
3. If the employee begins a leave during the three-week period preceding the end of an academic term for a reason other than the employee's own serious health condition, the Board may require the employee to continue taking leave until the end of the term if the leave will last more than five (5) working days.

REQUESTS FOR LEAVE

Initial Request

An employee must inform his or her supervisor of the need for a family or medical leave at least thirty (30) days before the leave is to begin if the need for the leave is foreseeable based upon an expected birth, placement for adoption for foster care, planned medical treatment for the employee's or family member's serious health condition, or the planned medical treatment for a serious injury or illness of a covered service member. If 30 days notice is not practicable, then the employee must provide notice as soon as practicable under the circumstances, usually the same day or the next business day after the employee becomes aware of the need for FMLA leave. An employee must provide notice as soon as practicable if the foreseeable leave is for a qualifying exigency. When the approximate timing of the need for leave is not foreseeable, an employee must inform his or her supervisor as soon as practicable under the circumstances.

The employee should follow the School District's normal procedures for providing notice of the need for leave. The employee must provide sufficient information to make his or her supervisor aware that the employee needs FMLA-qualifying leave, and must inform the supervisor of the anticipated timing and duration of the leave.

Subsequent Requests

If the requested leave is for a reason for which leave was previously designated as FMLA leave by the School District, the employee must specifically reference the reason for the leave or the need for "FMLA" leave. In addition, an employee must inform his or her supervisor as soon as practicable if date(s) of scheduled leave change or are extended, or if the date(s) were initially unknown.

Supervisor Notice Obligations

The supervisor must promptly (the same day) notify the School District's Human Resources Department/FMLA Administrator that an employee has requested leave that may qualify under FMLA. Human Resources will coordinate the processing of all FMLA leave paperwork.

CERTIFICATIONS REQUIRED

For leaves taken for any FMLA-qualifying reason, an employee may be required to submit a completed certification form supporting the need for leave. The appropriate form will be provided to the employee within five business days after the employee gives notice of the need for leave. The employee must submit the completed form within fifteen (15) calendar days of receiving the request for the completed certification. If it is not practicable for the employee to provide the completed form within 15 calendar days despite the employee's diligent, good faith efforts, the employee must inform Human Resources/the FMLA Administrator of the reason for delay. FMLA-protected leave may be delayed or denied if the employee does not provide a complete and sufficient certification as required.

USE OF PAID LEAVE

Accrued paid personal leave and accrued paid vacation will be substituted (in that order) for any unpaid portions of family or medical leave taken for any reason. However, where the leave is for the employee's own serious health condition, accrued paid sick leave shall be substituted for unpaid portions of family or medical leave prior to the substitution of accrued

paid personal and accrued paid vacation leave. The amount of unpaid family or medical leave entitlement is reduced by the amount of paid leave that is substituted.

MEDICAL INSURANCE AND OTHER BENEFITS

During approved family or medical leaves of absence, the Board will continue to pay its portion of medical insurance premiums for the period of unpaid family or medical leave. The employee must continue to pay his/her share of the premium, and failure to do so may result in loss of coverage. If the employee does not return to work after expiration of the leave, the employee will be required to reimburse the Board for payment of medical insurance premiums during the family or medical leave, unless the employee does not return because of a serious health condition or circumstances beyond the employee's control.

During an FMLA leave, an employee will continue to accrue benefits such as seniority and paid leave. Unused employment benefits accrued by the employee up to the day on which the leave begins will not be lost upon return to work. Leave taken under this policy does not constitute an absence under Board's attendance guidelines.

RETURN TO WORK/REINSTATEMENT

Except for circumstances unrelated to the taking of a family or medical leave, an employee who returns to work following the expiration of a family or medical leave is entitled to return to the job held prior to the leave or to an equivalent position with equivalent pay and benefits. If an employee takes leave to care for his or her own serious health condition, prior to returning to work, the employee must provide medical certification that the health condition which created the need for the leave no longer renders the employee unable to perform the functions of the job. This certification must be submitted to the Human Resources Department.

ADDITIONAL INFORMATION

Questions regarding family or medical leave may be directed to Human Resources.

P/AR 5113 ATTENDANCE AND TRUANCY

Public Act 14-198 provides that, effective with the 2014-2015 school year, a child age five to eighteen, enrolled in a public or private school, and whose parent or legal guardian is an active duty member of the armed forces (1) who has been called for duty, or (2) who is on leave from or has immediately returned from deployment, must be granted ten (10) days of excused absences in any school year to visit with such child's parent or legal guardian. The law grants boards of education discretion to grant additional excused absences in connection with such visits. However, under the new law, the student and parent (or legal guardian) remain responsible for obtaining the student's assignments prior to any excused absence, and for ensuring that such assignments are completed by the student before his or her return to school.

In addition, under current law, school officials must provide a notification of rights to parents regarding kindergarten enrollment when a child is identified as eligible for special education. This notice is to be provided at the PPT. Public Act 14-39 now requires that this notification of rights must now inform parents of their right to withhold from enrolling such child in kindergarten, in accordance with state law.

We have revised our model policy to incorporate changes necessitated by these two new public acts, and have included a model notice for use at PPTs to inform parents of their right to opt out of kindergarten enrollment.

STUDENT ATTENDANCE AND TRUANCY

Regular and punctual student attendance in school is essential to the educational process. Connecticut state law places responsibility for assuring that students attend school with the parent or other person having control of the child. To assist parents and other persons in meeting this responsibility, the Board of Education, through its Superintendent, will adopt and maintain procedures to implement this policy.

34. "Excused absence" – **a student is considered excused from school** if ~~an absence from a regularly scheduled school day for at least one half of the school day; for which absence,~~ the school has received written documentation describing the reason for the absence within ten (10) days of the student's return to school, or the child has been excluded from school in accordance with section 10-210 of the Connecticut General Statutes, and meets the following criteria:
 - A. Any absence before the student's tenth absence, is considered excused when the student's parent/guardian approves such absence and submits appropriate written documentation; **and in accordance with this regulation.**
 - B. For the student's tenth absence and all absences thereafter, a student's absences from school are, **with appropriate documentation in accordance with this regulation**, considered excused only for the following reasons:

In the case of such excused absences, the student and parent or legal guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence, and for ensuring that such assignments are completed by the student prior to his or her return to school.

45. "In Attendance" - any day during which a student is not considered to be absent from his/her assigned school, or from an activity sponsored by the school (e.g. field trip), for at least one half of the school day.

56. "Student" - a student enrolled in the Windsor Public Schools

67. "Truant" - any student five (5) to eighteen (18) years of age, inclusive, who has four (4) unexcused absences from school in any one month or ten (10) unexcused absences from school in any school year.

78. "Unexcused absence" - any absence from a regularly scheduled school day for at least one half of the school day, unless the absence an excused absence as defined above or the absence is a disciplinary absence.

The determination of whether an absence is excused will be made by the building principal or his/her designee. Parents or other persons having control of the child may appeal that decision to the Superintendent or his/her designee, whose decision shall be final.

89. "Written Documentation" - includes a signed note from the student's parent/guardian, a signed note from a school official that spoke in person with the

parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional, as appropriate, that explains the nature of and the reason for the absence as well as the length of the absence.

B. Truancy Exceptions:

1. A student five (5) or six (6) years of age shall not be considered truant if the parent or person having control over such student has appeared personally at the school district office and exercised the option of not sending the child to school at five (5) or six (6) years of age.
2. A student seventeen (17) years of age shall not be considered truant if the parent or person having control over such student consents to such student's withdrawal from school. Such parent or person shall personally appear at the school district office and sign a withdrawal form indicating such consent. Such withdrawal form must include an attestation from a guidance counselor or school administrator from the school that the district provided the parent (or person having control of the child) with information on the educational options available in the school system and community.
3. If a parent or guardian of an expelled student chooses not to enroll the student in an alternative program, the student shall not be considered to be "truant."

C. Readmission to School Following Voluntary Withdrawal

1. Except as noted in paragraph 2 below, if a student voluntarily withdraws from school (in accordance with Section B.2, above) and subsequently seeks readmission, the Board may deny school accommodations to the student for up to ninety (90) school days from the date of the student's withdrawal from school.
2. If a student who has voluntarily withdrawn from school (in accordance with Section B.2, above) seeks readmission within ten (10) school days of his/her withdrawal, the Board shall provide school accommodations to the student not later than three (3) school days after the student requests readmission.

D. Determinations of Whether a Student is "In Attendance":

1. A student serving an out of school suspension or expulsion shall be reported as absent unless he or she receives an alternative educational program for at least one half of the regular school day. **In any event, the absence is considered a disciplinary absence, and will not be designated as excused or unexcused.**
2. On early dismissal days and days shortened due to inclement weather, the regular school day for attendance purposes is considered to be the amount of instructional time offered to students on that day. For example, if school is

open for four hours on a shortened day scheduled, a student must be present for a minimum of two hours in order to be considered “in attendance.”

3. Students placed on homebound instruction due to illness or injury in accordance with applicable regulations and requirements are counted as being “in attendance” for every day that they receive instruction from an appropriately certified teacher for an amount of time deemed adequate by the administration so as to ensure that the student is able to successfully return to the regular classroom setting.

E. Procedures for students in grades K-8*

1. Notification

- a. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall notify the parent or other person having control of the student enrolled in grades K - 8 in writing of the obligations pursuant to Conn. Gen. Stat. §10-184 to assure that such a student attends school regularly or to show that the child is elsewhere receiving equivalent instruction in the studies taught in the Windsor Public Schools.
- b. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall obtain from the parent or other person having control of the student in grades K-8 a telephone number or other means of contacting such parent or other person during the school day.

2. Monitoring

Each school shall implement a system of monitoring individual unexcused absences of students in grades K-8. Whenever such a student fails to report to school on a regularly scheduled school day, school personnel under the direction of the building principal shall make a reasonable effort to notify the parent or other person having control of such student by telephone and by mail of the student's absence, unless school personnel have received an indication that the parent or other person is aware of the student's absence. Mailed notice of the student's absence shall include a warning that two unexcused absences from school in a month or five unexcused absences in a school year may result in a complaint filed with the Superior Court pursuant to section 46b-149 alleging the belief that the acts or omissions of the child are such that the child's family is a family with service needs. Any person who, in good faith, gives or fails to give such notice shall be immune from liability, civil or criminal, which might otherwise be incurred or imposed and shall have the same immunity with respect to any judicial proceeding which results from such notice or failure to give notice.

F. Procedures applicable to students ages five (5) to eighteen (18)

1. Intervention

- a. When a student is truant, the building principal or his/her designee shall schedule a meeting with the parent (or other person having control of such student) and appropriate school personnel to review and evaluate the reasons for the student's truancy. This meeting shall be held no later than ten (10) days after the student becomes truant. The district shall document the meeting, and if parent or other person declines to attend the meeting, or is otherwise is non responsive, that fact shall also be documented and the meeting shall proceed with school personnel in attendance.
- b. When a student is truant, the Superintendent or his/her designee shall coordinate services with and referrals of students to community agencies providing child and family services, as appropriate. The district shall document efforts to contact and include families and to provide early intervention in truancy matters.
- c. If the parent or other person having control of a student who is truant fails to attend the meeting held pursuant to subsection a., above, or otherwise fails to cooperate with the school in attempting to solve the truancy problem, the Superintendent shall file, within fifteen calendar days of such failure to attend the meeting or other failure to cooperate with the school in attempting to solve the truancy problem, for such truant a written complaint with the Superior Court pursuant to Conn. Gen. Stat. § 46b - 149 alleging the belief that the acts or omissions of the truant are such that his/her family is a family with service needs.
- d. In addition to the procedures specified in subsections a through c above, a regular education student who is experiencing attendance problems should be referred to the building Child Study Team [or other appropriate school based team] to consider the need for additional interventions and/or assistance. The Team will also consider whether the student should be referred to a planning and placement team ("PPT") meeting to review the student's need and eligibility for special education. A special education student who is experiencing attendance problems should be referred to a PPT meeting for program review.
- e. If a FWSN petition is filed and the court orders an educational evaluation of the student, the district shall conduct an appropriate

educational evaluation if no such evaluation has been performed within the preceding year.

- i) For a regular education student, the educational evaluation will be conducted or arranged for by appropriate school personnel and coordinated through the Child Study Team [or other appropriate school based team]. Upon completion of the evaluation of a regular education student, the Child Study Team [or other appropriate school based team] shall review the evaluations and make appropriate recommendations for alternative procedures, programs or interventions. Such recommendations may include a referral of the student for further evaluation and/or consideration for special education eligibility.
- ii) In the case of a student who requires or may require special education and related services, the district shall convene a PPT to determine what evaluations may be appropriate to assess any specific areas of concern. The PPT shall reconvene to review the evaluations and make appropriate recommendations regarding the student's need for special education services and the need, if any, to write and/or revise the student's individualized education program ("IEP").

G. Reports to the State Regarding Truancy Data:

Annually, each local and regional board of education shall include information regarding truancy in the strategic school profile report for each school under its jurisdiction and for the school district as a whole submitted to the Commissioner of Education. Measures of truancy include the type of data that is required to be collected by the Department of Education regarding attendance and unexcused absences in order for the department to comply with federal reporting requirements and the actions taken by the board of education to reduce truancy in the school district.

H. Attendance Records

All attendance records developed by the Board shall include the individual Student's state-assigned student identifier (SASID).

PROMOTION AND RETENTION

Student promotion shall be determined by academic performance and social and emotional maturity. The Administration and faculty shall apply these criteria when determining whether to promote or retain a student. Retention is an extraordinary measure that should be the result of the combined professional judgment of the school principal, teachers, guidance counselor and/or other support personnel.

The Superintendent or his/her designee shall be responsible for developing procedures, in furtherance of this policy, that are designed to foster student achievement and reduce the incidence of social promotion. Such procedures shall:

- 1) include objective criteria for the promotion and graduation of students,
- 2) provide for the measuring of the progress of students against such criteria and the reporting of such information to parents and students,
- 3) include alternatives to promotion such as transition programs, and
- 4) provide for supplemental services.

Such procedures may require students who have substantial academic deficiencies that jeopardize their eligibility for promotion or graduation to attend after school programs, summer school or other programs that are designed to assist students in remedying such deficiencies.

Students**Promotion/Retention**

The Board of Education is dedicated to the best total and continuous development of each student enrolled in its schools. Therefore, the District will establish and maintain the highest standards required for each grade and monitor student performance in a continuous and systematic manner. The administration and faculty shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, personal and social maturity, performance on objective tests, and student demonstration of mastery of the Goals for Windsor Students (P 0200) at each level.

To graduate from the Windsor Public Schools a student must demonstrate competency in specific basic skills. Assessment of the level of competency in the specified basic skills includes the results from the Connecticut Academic Performance Test (CAPT). Administration will identify a course of study to assist a student who has not successfully completed the assessments.

Students**Promotion/Retention**

1. The Windsor Public Schools are committed to ensuring that every graduate is a lifelong learner, productive worker, responsible citizen and thoughtful participant in our diverse communities. It is the goal of this school system that every graduate will achieve the Goals for Windsor Students, adopted by the Board of Education as Policy 0200.
2. These expectations shall frame the teaching, learning and assessment processes of the Windsor schools. Such expectations are viewed as crucial to lifelong learning and essential to gaining student's commitment to the learning process.
3. The Administration will maintain rigorous grade-by-grade standards and a curriculum and assessment system to support such standards. A high priority must be placed on ensuring a student's ability to read on grade level. These standards are based on Windsor's goals and aligned with Connecticut's statewide assessment system, CMT's, CAPT, Common Core of

Learning and Curriculum Frameworks. They are translated into local curriculum frameworks to guide instruction based upon high expectations for student achievement.

4. Social promotion is not acceptable.

5. Student promotion and graduation shall be based on demonstrated and/or assessed mastery of the content and skills standards. (*especially in the core subjects of English/language arts, mathematics, science and social science*) Students should earn the right to move from grade to grade through demonstration of the mastery of the knowledge and skills required of them.

A. Students are expected to progress through each grade usually within one school year. To accomplish this, instruction should accommodate the varying interests and growth patterns of individual students and include strategies for addressing academic deficiencies when needed. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement. The student's readiness for work at the next grade level shall be required before he/she is promoted.

The District shall utilize multiple measures of academic performance indicators as determinants in promotion/retention decisions. Student assessment of performance shall be based upon and aligned with the adopted standards. Student evaluation shall be fair, consistent and appropriate to program goals. The assessment program shall include, but not be limited to, the use of standardized and teacher made tests, projects, portfolios, and other student demonstrations of mastery, teacher observation, and student performance on objective tests.

B. Schools shall identify students at risk, modify instruction, and offer additional support to prevent retention. Prior to deciding on retention for a student not mastering the appropriate skills, the district shall provide and may require the student to attend one or more alternatives for remedial assistance.

C. Academic achievement, attitude, effort, work habits, behavior, attendance, and other significant learning related factors shall be regularly evaluated and communicated to students and their parents/guardians.

D. Parents/guardians shall also be included in the planning of intervention strategies and the ongoing monitoring of the student's progress. Parent/guardians are to be fully involved and informed throughout the promotion/retention decision-making process. Parents will be notified as early as possible of prevention and intervention strategies, and following unsuccessful attempts to bring the student to mastery, that retention is being considered. The Principal shall be responsible for making the final promotion/retention decision.

6. The District may provide alternatives to promotion for students not successfully completing academic requirements for promotion. Such programs could include, but not be limited to, transitional programs and alternative schools/programs within the District or in cooperation with other school districts.

P1110.1**Community Relations****Parent Involvements**

The Board of Education believes that the education of children is a cooperative effort among parents, school and community. In this policy the word “parent” also includes guardians and other family members involved in supervising the child’s schooling.

Increased parent and community involvement improves student achievement. Parent and community involvement initiatives in the school system will be flexible and creative, promote effective two-way communication, and offer opportunities for all parents to participate. The implementation of this policy is the responsibility of all district staff.

Further, the Board of Education believes that the administration must take whatever steps are necessary to facilitate a broad variety of opportunities for parents to connect frequently with the schools in which their children are enrolled and with the overall system.

Each school should:

- A. Encourage strong home-based partnerships;
- B. Provide for consistent and effective communication between parents and school officials;
- C. Offer parents ways to assist and encourage their children to do their best;
- D. Offer ways parents can support classroom learning activities;
- E. Provide opportunities for parents to have a voice in planning and decision-making at both the school and district level; and
- F. Include a parent and student/feedback mechanism.
