WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: November 17, 2015

Prepared By: Russell Sills

Presented By: Russell Sills, Chris Rau

Attachments:

Subject: Presentation on Scholastic Aptitude Test (SAT)

Background:

The State Department of Education has adopted the Scholastic Aptitude Test (SAT) as the required test for all juniors in Connecticut. This will be the first administration of the revised SAT and the first administration of the SAT to ALL juniors at WHS. The test administration date is March 2, 2016.

Status:

Windsor High is working to make the transition to the new exam. We will present an overview of the new exams, provide historical data about the performance of WHS students on the PSAT and SAT, and describe interventions we are implementing to support our students.

Recommendation:

Presentation for information only. No Board Action Required.

Subject: WHS Program of Studies 2016-2017

Background:

The Windsor High School Program of Studies for 2016-2017 was presented at the BOE Curriculum Committee meeting on November 5, 2015. The draft Program of Studies includes the new/revised course(s) presented this evening to the Board of Education. If the course(s) has/have not been approved, it/they will be eliminated from the Program of Studies, including:

- Addition of AP Computer Science Principles
- Addition of Mechanical AP Physics
- Addition of Electricity and Magnetism AP Physics
- Removal of Honors Statistics
- Removal of AP Physics
- Removal of Biotechnology
- Removal of Ecology
- Removal of Current Issues
- Change to Painting
- Change to Watercolor Techniques
- Change to Three-Dimensional Foundations
- Change to Two-Dimensional Foundation
- Change to Jewelry Design 1
- Change to Jewelry Design 2
- Change to Sculpture 2
- Change to Drawing 3
- Changes to Ceramics 1
- Changes to Painting 2
- Change to Drawing 1
- Change to Painting 1
- Change to Sculpture 1
- Change to Marketing 1 CWE
- Change to Accounting 2 CWE
- Change to E-Commerce
- Change to Intro to Transportation
- Change to Foundations of Technology
- Changes to Intro to Drafting
- Change to Individual Development & Family Studies
- Change to Introduction to Health Care Services
- Change to Yearbook
- Change to Read 180
- Change to Advanced Math Decision Making
- Change to AP Computer Science
- Change to Microbiology and Disease

- Change to Forensics
- Change to Astronomy
- Change to Chemistry
- Change to Meteorology
- Change to Medical Emergencies
- Change to Marine Biology
- Change to Physics
- Change to Grade 9 & 10 Science offerings
- Change to U.S. Government and Politics, AP
- Change to French 2

Program of Studies Changes
2016-2017

ADDITIONS

➤MATH

- *Computer Science Principles, AP* - Prerequisite: Algebra I or concurrent. 1 credit. AP Computer Science Principles (CSP) is a course designed to give students foundational computing skills, an understanding of the real-world impact of computing applications, and programming literacy. The course will introduce students to the creative aspects of programming, abstractions, algorithms, large data sets, the internet, cybersecurity concerns, and computing impacts. This course is aimed at those students with an interest in this subject, but no or limited prior knowledge and who might not otherwise consider studying the subject. Students who complete the course and examination successfully may receive credit for a one-semester introductory college computer science course for non-computer science majors. Students are required to take the AP exam at no cost. This course does not fulfill the graduation requirement for math.

➤SCIENCE

- *Mechanical AP Physics* - 1.0 Credit. Open to grades 11 and 12. Prerequisite: C- or better in Algebra 1 and Geometry. Qualifies for University of Connecticut Early College Experience.
AP Physics 1 is a full year, algebra-based, introductory college-level physics course designed for students wishing to earn credit from the Advanced Placement Board. Mechanical AP Physics explores topics such as Newtonian mechanics (including rotational motion); work, energy, and power; mechanical waves and sound; and introductory, simple circuits. Students are required to take the AP Exam in Physics at no cost.
- *Electricity and Magnetism AP Physics* - 1.0 Credit. Open to grades 11 and 12. Prerequisite: C- or better in Algebra 1 and Geometry. Qualifies for University of Connecticut Early College Experience.
AP Physics 1 is a full year, algebra-based, introductory college-level physics course designed for students wishing to earn credit from the Advanced Placement Board. Electricity and Magnetism AP Physics explores topics such as fluid statics and dynamics; thermodynamics with kinetic energy; PV diagrams and probability; electrostatics; electrical circuits with capacitors; magnetic fields; electromagnetism; physical and geometric optics; and quantum, atomic and nuclear physics. Students are required to take the AP Exam in Physics at no cost.

CHANGES

>ART

- **Course Name Changes -**

- Painting becomes *Painting 1*
- Watercolor Techniques becomes *Painting 2*
- Three-Dimensional Foundations becomes *Sculpture 1*
- Sculpture becomes *Sculpture 2*
- Two-Dimensional Foundation becomes *Art Foundations*

- **Course Description and Prerequisite Change - *Jewelry Design 1* -**

Prerequisite: Art Foundations. Level: College.

This proficient level course picks up where Art Foundations leaves off. This is an introductory design and fabrication course in the functional art/craft of jewelry making. Metals are the dominant media: cutting, soldering, forging and forming are the basic processes. This course uses materials and tools that require mature and responsible handling. The small scale of jewelry work requires dexterity, self-discipline and attention to details. Each unit consists of Research, Design Development, Construction and Reflection. This course is highly recommended for students interested in developing a jewelry portfolio for AP Studio Art or pursuing a career in Metals, Design, Fashion or Marketing.

- **Course Description Change - *Jewelry Design 2* -** This Accomplished Level course picks up where Jewelry Design 1 leaves off. Students will learn more advanced traditional jewelry techniques including metal etching and stone setting. They will also explore more contemporary techniques including metal clay, use of non-traditional materials and 3D printing. Students will have the chance to work with precious metals as they bring their own jewelry forms to life. This course will focus on advancing technical skill and developing each student's artistic voice as they create a professional collection of their own jewelry pieces. With a deeper focus on concept, this course serves as a bridge between Jewelry I and Pre-AP Art where students create individual portfolios of work. Each unit consists of Research, Design Development, Construction and Reflection. This course is highly recommended for students interested in developing a jewelry

portfolio for AP Studio Art or pursuing a career in Metals, Design, Fashion or Marketing.

- **Course Description and Prerequisite Change** - *Sculpture 2* - Prerequisite: Sculpture 1 or Ceramics 1. This Accomplished Level course picks up where Sculpture 1 leaves off. Students will examine their own relationship to three-dimensional space and how we identify with materials. This course will take the basic understanding of 3D Design principles and techniques students learned in the pre-requisite and challenge them to apply these on a more conceptual level as they are asked to now convey messages and stories with their work. With a deeper focus on concept, this course serves as a bridge between Sculpture 1 and Pre-AP Art where students create individual portfolios of work. Each unit consists of Research, Design Development, Construction and Reflection. This course is highly recommended for students interested in developing a portfolio for AP Studio Art or pursuing a career in Architecture, Design, or Engineering.
- **Course Description Change** - *Drawing 3* - Change from 0.5 credit to 1.0 credit. Additional sentence in course description: "Successful completion of this course may qualify for University of Connecticut Early College Experience (ECE) credit."
- **Course Description Change** - *Ceramics 2* - Not offered 2016/2017
- **Course Description Change** - *Painting 2* - Not offered 2016/2017
- **Prerequisite Changes** -
 - *Ceramics 1* - Prerequisite: Art Foundations. Level: College
 - *Drawing 1* - Prerequisite: Art Foundations
 - *Painting 1* - Prerequisite: Drawing 1 .
 - *Sculpture 1* - Prerequisite: Art Foundations
 - *Painting 2* - Prerequisite: Painting 1

> CAREER & TECH ED

- **Course Description Change** - *Marketing 1 CWE* - Not offered in 2016-2017.
- **Course Description Change** - *Accounting 2 CWE* - Not offered in 2016-2017.
- **Prerequisite Change** - *E-Commerce* - Prerequisite: Any business course.
- **Course Description Change** - *Intro to Transportation* - Offered in alternate years.
- **Course Description Change** - *Foundations of Technology* - Not offered in 2016-2017.
- **Course Name & Description Changes** - From *Intro to Drafting* to *Intro to Drafting & Design* - Change language in course from "CAD" to "CADD" (Computer Aided Drafting & Design)
- **Course Level Changes** -
 - *Individual Development & Family Studies* - Level change from honors to high honors.
 - *Introduction to Health Care Services* - level change from college to honors. (Qualifies for College Career Pathway college credit.)

- **Course Description Change -**

Yearbook - Prerequisite: one of the following - Art (2D or 3D Foundations), Business (Computer Applications I or II, Marketing I or II, Entrepreneurship), English (Creative Writing, Journalism), Technology (Intro to Graphic Communications, Intro to Photography, Applied Graphic Communications, TV Productions).

This course would be designed to provide students with experience publishing an authentic school publication. Students develop the book's organization, layout, and content using web based professional graphic design software. Units of study would include teamwork, responsibility, brainstorming, content, coverage, concept, reporting, writing, headlines, captions, editing, photography, typography, design, finances, yearbook campaigns, advertising, and distribution.

➤ **CAREER & TECH ED/MATH**

- **Course Name and Description Change -** (Was Computer Science) *Intro to Programming through Creative Computing* - 1.0 credit. Prerequisite: Algebra 1 or concurrent.

This course is an introduction to computer science and programming. In this year long course, students will learn the basic concepts of writing code by working with a variety of programs to create interactive games and simulations and control robotic devices. This course will introduce students to many of the concepts found in the AP Computer Science curriculum and advanced Technology Education courses. This course does not fulfill the graduation requirement in mathematics or technology education.

➤ **ENGLISH**

- **Course Name and Description Change -** From "Read 180" to "*Literacy Center*" - Prerequisite: Department Recommendation. .25 credit per quarter.

The purpose of the Literacy Center is to improve students' reading skills. The program is centered around intensive one-on-one teacher support combined with individualized instruction using the computers and Reading Plus software. In addition to reading high interest texts available in the classroom, students will also be able to use materials from other courses of student such as science, English, or social studies textbooks when working with the reading teachers.

Program of Studies Changes
2016-2017

>MATH

- **Prerequisite Change -**
 - *Advanced Math Decision Making* - Can take concurrently with Algebra 2.
- **Course Description Update - AP Computer Science** - addition of the sentence:
“This course does not fulfill the graduation requirement in Math.

>SCIENCE

- **Prerequisite Change -**
 - *Microbiology and Disease* - Prerequisite: Biology
 - *Forensics* - Prerequisite: Chemistry
 - *Astronomy* - Prerequisite: Algebra I
 - *Chemistry* - Prerequisite: C- or better in Algebra I or Algebra 2.
- **Course Description Change - Meteorology** - Students will examine the elements and causes of different types of weather as well as the forecasting of weather. Technological advances in meteorology will be discussed as well as the impact those advances have on the accuracy of weather prediction and the preservation of human life and property. Topics include structure of the atmosphere, severe weather, weather forecasting, and the impact of weather on humans as well as how humans impact weather and climate.
- **Course Name and Description Change - Medical Emergencies** (was Medical Emergencies 1) - This course is designed to help students react to and treat real-life problems and to be confident performing lifesaving skills. It is a skills-based course that requires all students to work hands-on with one another. Students must be willing to role-play and respect the classroom space and equipment. Upon successful completion of this course, and successful completion of all mandated assessments via the American Heart Association, students will leave this course with the following certification endorsed by the American Heart Association: BLS Healthcare Provider - good for 2 years.
- **Course Description Change - Marine Biology** - This course provides students with an understanding of the interrelationships between common marine organisms and mechanisms of adaptation and survival. Various aspects of marine life including comparative anatomy, physiology, biochemistry, ecology, taxonomy, and human impacts on marine organisms will be explored.
- **Course Description Change - Physics** (college and honors now combined into one) - Prerequisite: Geometry - This course is an overview of the major topics in physics including mechanics, light, sound and electricity. Extensive use of demonstrations, projects and student laboratory activities to reinforce student learning.
- **Grade Level Offerings Changes -**
 - Grade 9 & 10 will now be offered: *Astronomy, Meteorology, Zoology, Marine Biology*

Windsor High School
Program of Studies Changes
2016-2017

➤ **SOCIAL STUDIES AND HISTORY**

- **Course Description Change** - *U.S. Government and Politics, AP* - addition of the following sentence: "This course qualifies for University of Connecticut Early College Experience (ECE) credit. This course also satisfies the 12th grade Civics course requirement."

➤ **WORLD LANGUAGE**

- **Course Description Change** - *French 2* - This course continues to refine the four basic skills of listening comprehension, speaking, reading and writing in the French language. Students thoroughly review the *passé composé*, *imparfait* and future tenses and learn the conditional and subjunctive tenses. Students continue to learn the culture of the Francophone world through readings, video, audio-visuals and internet sites.

WINDSOR BOARD OF EDUCATION AGENDA ITEM

Prepared By: Douglas Couture

Presented By: Douglas Couture

Attachments:

Subject: WHS Music Stage Craft, Drawing 2, Drawing 3 (ECE), 3D Foundations

Background:

WHS Stage Music Stage Craft is for students interested in learning how to do set design/construction; lighting and sound support for events that take place on stage, such as drama productions, concerts and awards ceremonies.

Drawing 2 serves as a bridge between Drawing 1 and Pre-AP Art with a deeper focus on technique. This course presents more advanced drawing practices including complex mechanical forms and foreshortening using a variety of drawing media such as graphite, charcoal and/or marker.

Drawing 3 (ECE) is a year-long course that challenges students to expand their critical and creative thinking skills through opportunities to work with linear perspective, complex organic forms, interior spaces, reflective objects and personal still lifes. This course provides a college level experience I Drawing where students can earn college credit as part of the UConn ECE program.

3D Foundations follows 2D Foundations by introducing students to the elements and principles of design through the study and manipulation of three-dimensional media that requires dexterity, self-discipline and attention to details.

Status:

WHS Music Stage Craft, Drawing 2, Drawing 3 (ECE), and 3D Foundations were presented to the BOE Curriculum Committee on November 5, 2015

Recommendation:

The Board approves WHS Music Stage Craft, Drawing 2, Drawing 3 (ECE), and 3D Foundations curricula as a 1st reading as presented.

WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: November 17, 2015

Prepared By: Dana Plant

Presented By: Danielle Batchelder

Attachments: Food Service Financial Report

Subject: Cafeteria Operations – October 2015

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center and Museum Academy. New to us this year is CREC Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fourth year of the Summer feeding program serving breakfast to our summer school students this year at Oliver Ellsworth and CREC Metropolitan Learning Center serving breakfast and snack. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex and Goslee Pool during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

Status: Financial Report for October 2015

Recommendation: Informational only.

The following are the unapproved minutes of the October 1, 2015 Technology Committee. Any additions or corrections will be made at a future meeting.

Attendance Taken at 6:30 PM:

Present Board Members:

Mr. Richard O'Reilly

Absent Board Members:

Ms. Michaela Fissel

Ms. Cristina Santos

Mr. Kenneth Williams

1. Call to Order, Pledge to the Flag and Moment of Silence

Discussion:

The meeting was called to order at 6:30 PM by Richard O'Reilly. Doug Couture, Chief Information and Technology Officer was also in attendance.

2. Audience to Visitors

Discussion:

None.

3. High School 1:1 Roll Out

Discussion:

Doug Couture discussed that 1200 Chromebooks were prepared for students and 1200 quality bags were purchased. Rules and procedures for the Chromebooks were established.

4. District Website

Discussion:

Doug Couture indicated that the district website is almost complete. Some teacher content still needs to be moved over from the previous site.

5. State of CT Technology Grant

Discussion: Doug Couture indicated that it appears that funding will not occur before 2016. The district applied for 279 Chromebooks which cost \$68,913.

6. Network Upgrade

Discussion:

Doug Couture indicated that the CIP was approved by the Town Council for \$125,000 (\$25,000 contingency) to help cover the district's obligation to E-Rate. We are in the process of scheduling the installation of the switches and additional access points. The network has held up so far with the exception of a power issue which was recently repaired.

7. Adjournment

Discussion:

The meeting was adjourned at 7:10 PM.
