Windsor High School Junior, Danielle Gozzo, Takes First Place in Home Builders & Remodeling Association's Student Home Design Competition

Windsor High School Junior Danielle Gozzo has won first place in the Home Builders & Remodeling Association's Student Home Design Competition on Friday, February 26, 2016 at the Connecticut Convention Center. In addition to winning the competition, Gozzo also received a \$1,000 cash prize and a \$1,500 scholarship.

This year, approximately 100 entries were submitted into the contest from comprehensive and technical high schools from all over Connecticut. Gozzo used many traditional model building materials such as foam core board, plastic, wood, and Styrofoam to complete her model. Using high tech equipment, Gozzo was able to fully customize her model through the use of CAD design, 3D printing and laser engraving. Many of her model's parts such as doors, windows, deck posts and railings were 3D printed on the CAD lab's Stratysys Objet24 3D printer. Gozzo's model also contained some pieces that were cut out using the CAD lab's LaserPro Mercury III laser.

The Home Builders & Remodelers Association of Central Connecticut sponsors the Student Home Design Competition for students in grades 10 – 12 that are enrolled in design or drafting courses in public and technical high schools across the state. For more than 60 years, this competition allows students from all Connecticut high schools the opportunity to demonstrate their creative and technical skills and to be recognized for their talents. Additionally, they are provided with the opportunity to win scholarships and awards.

Each student must include a scale model home with presentation drawings that meet specific criteria. This year's criteria was to design a three bedroom home, not to exceed 2,000 square feet of floor space, and the students must include three National Association of Home Builders Model Green Building Guidelines.

ATTACHMENTS: General Improvements to Alliance Districts' School Buildings Grant

SUBJECT: General Improvements to Alliance Districts' School Buildings Grant – 2nd Grant Submission

BACKGROUND:

With the signing of Public Act 15-1 of the June 2015 Special Session, Governor Malloy has committed \$50 million in fiscal years 2016 and 2017 to help maintain or repair school buildings in Alliance Districts.

The district submitted the original grant in January 2016 for \$1,222,292. The State of Connecticut approved \$899,380 of the original grant projects. The remaining \$322,912 were “unapproved costs” determined by the State because the projects were outside the scope of the Alliance Grant legislation. We are eligible to submit a final grant application for the remaining balance by March 31, 2016.

RECOMMENDATION:

The Board of Education approve the submission of the General Improvements to Alliance Districts' School Buildings Grant to the State of Connecticut.

For Consideration by the Board of Education at the Meeting of: March 15, 2016

Prepared By: Dana Plant

Presented By: Danielle Batchelder

Attachments: Food Service Financial Report

Subject: Cafeteria Operations – February 2016

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center and Museum Academy. New to us this year is CREC Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fourth year of the Summer feeding program serving breakfast to our summer school students this year at Oliver Ellsworth and CREC Metropolitan Learning Center serving breakfast and snack. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex and Goslee Pool during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.
