Rational for Revised Policy/Administrative Regulation:

P/AR 5113 STUDENT ATTENDANCE AND TRUANCY

Public Act 15-225, effective July 1, 2015, adds new obligations for boards of education regarding students who are chronically absent. The new law defines a “chronically absent child” as a child who is enrolled in a school under the jurisdiction of a local or regional board of education and whose total number of absences at any time during a school year is equal to or greater than ten percent of the total number of days that the student has been enrolled at the school during the school year. In addition, the law also requires that an in-school suspension that is greater than or equal to one-half of a school day must be considered an absence, in addition to excused, unexcused and disciplinary absences. “Disciplinary” absences will be further defined by the Department of Education at a later date, which will necessitate further revisions to the district’s policy and administrative regulations at that time.

Where a district chronic absenteeism rate is determined to be ten percent or higher, under the new law, the district must establish a district-wide attendance review team. Where a school in a district has a school chronic absenteeism rate of fifteen percent or higher, the school must establish an attendance review team. If a district has more than one school with a school chronic absenteeism rate of fifteen percent or higher, the district may establish an attendance review team at the district-level or at each school with a high chronic absenteeism rate. Finally, if the district has a chronic absenteeism rate of ten percent or higher, and if one or more schools in the district has a school chronic absenteeism rate of fifteen percent or higher, the district may establish an attendance review committee for the district or at each affected school. A “district chronic absenteeism rate” is determined by dividing the number of chronically absent children in the district by the total number of enrolled children in the district in the previous school year.

Likewise, a “school chronic absenteeism rate” is determined by dividing the number of chronically absent children in a particular school by the total number of enrolled children in the school in the previous school year. The attendance review team, which must meet at least monthly, may consist of school administrators, guidance counselors, school social workers, teachers and representatives from community-based programs. Each attendance review team is responsible for reviewing cases of truants and chronically absent children, discussing school interventions and community referrals for truants and chronically absent children, and making any additional recommendations for such truants and chronically absent children and their parents or guardians.

In addition, Public Act 15-225 also requires boards of education to provide information regarding the number of truants and chronically absent children in the strategic school profile report for each school.

STUDENT ATTENDANCE AND TRUANCY

Regular and punctual student attendance in school is essential to the educational process. Connecticut state law places responsibility for assuring that students attend school with the parent or other person having control of the child. To assist parents and other persons in meeting this responsibility, the Board of Education, through its Superintendent, will adopt and maintain procedures to implement this policy.

In addition, the Board of Education takes seriously the issue of chronic absenteeism. To address this issue, the Board of Education, through its Superintendent, will adopt and maintain procedures regarding chronic absenteeism in accordance with state law.

**ADMINISTRATIVE REGULATIONS REGARDING STUDENT ATTENDANCE
AND, TRUANCY AND CHRONIC ABSENTEEISM**

I. Attendance and Truancy

A. Definitions for Section I

1. "Absence" - any day during which a student is not considered "in attendance" at his/her assigned school, or on a school sponsored activity (e.g. field trip), for at least one half of the school day.
2. "Disciplinary absence" – Any absence as a result of school or district disciplinary action. Any student serving an out-of-school suspension or expulsion should be considered absent. Such absence is not considered excused or unexcused for attendance and truancy purposes.
3. "Educational evaluation" - for purposes of this policy, an educational evaluation is an assessment of a student's educational development, which, based upon the student's presenting characteristics, would assess (as appropriate) the following areas: health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status and motor abilities.
4. "Excused absence" – a student is considered excused from school if the school has received written documentation describing the reason for the absence within ten (10) days of the student's return to school, or the child has been excluded from school in accordance with section 10-210 of the Connecticut General Statutes, and meets the following criteria:

~~A.a~~ Any absence before the student's tenth absence, is considered excused when the student's parent/guardian approves such absence and submits appropriate written documentation in accordance with this regulation.

~~B.b~~ For the student's tenth absence and all absences thereafter, a student's absences from school are, with appropriate documentation in accordance with this regulation, considered excused only for the following reasons:

- ~~a.i.~~ student illness (verified by an appropriately licensed medical professional);
- ~~b.ii.~~ religious holidays;
- ~~c.iii.~~ mandated court appearances (documentation required);

- d.iv funeral or death in the family, or other emergency beyond the control of the student's family;
- e.v extraordinary educational opportunities pre-approved by the district administrators and in accordance with Connecticut State Department of Education guidance and this regulation;
- f.vi lack of transportation that is normally provided by a district other than the one the student attends.

€.c A student, age five to eighteen, whose parent or legal guardian is an active duty member of the armed forces who has been called for duty, is on leave from or has immediately returned from deployment to a combat zone or combat support posting, shall be granted ten (10) days of excused absences in any school year, and, in the discretion of the administration, additional excused absences to visit such student's parent or legal guardian with respect to the parent's leave or deployment. In the case of such excused absences, the student and parent or legal guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence, and for ensuring that such assignments are completed by the student prior to his or her return to school.

5. "In Attendance" - any day during which a student is not considered to be absent from his/her assigned school, or from an activity sponsored by the school (e.g. field trip), for at least one half of the school day.
6. "Student" - a student enrolled in the Windsor Public Schools.
7. "Truant" - any student five (5) to eighteen (18) years of age, inclusive, who has four (4) unexcused absences from school in any one month or ten (10) unexcused absences from school in any school year.
8. "Unexcused absence" - any absence from a regularly scheduled school day for at least one half of the school day, unless the absence an excused absence as defined above or the absence is a disciplinary absence.

The determination of whether an absence is excused will be made by the building principal or his/her designee. Parents or other persons having control of the child may appeal that decision to the Superintendent or his/her designee, whose decision shall be final.

B. Written Documentation Requirements for Absences

“Written Documentation” - includes a signed note from the student’s parent/guardian, a signed note from a school official that spoke in person with the parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional, as appropriate, that explains the nature of and the reason for the absence as well as the length of the absence.

B.C. Truancy Exceptions:

1. A student five (5) or six (6) years of age shall not be considered truant if the parent or person having control over such student has appeared personally at the school district office and exercised the option of not sending the child to school at five (5) or six (6) years of age.
2. A student seventeen (17) years of age shall not be considered truant if the parent or person having control over such student consents to such student’s withdrawal from school. Such parent or person shall personally appear at the school district office and sign a withdrawal form indicating such consent. Such withdrawal form must include an attestation from a guidance counselor or school administrator from the school that the district provided the parent (or person having control of the child) with information on the educational options available in the school system and community.
3. If a parent or guardian of an expelled student chooses not to enroll the student in an alternative program, the student shall not be considered to be “truant.”

C.D. Readmission to School Following Voluntary Withdrawal

1. Except as noted in paragraph 2 below, if a student voluntarily withdraws from school (in accordance with Section **BC.2**, above) and subsequently seeks readmission, the Board may deny school accommodations to the student for up to ninety (90) school days from the date of the student’s withdrawal from school.
2. If a student who has voluntarily withdrawn from school (in accordance with Section **BC.2**, above) seeks readmission within ten (10) school days of his/her withdrawal, the Board shall provide school accommodations to the student not later than three (3) school days after the student requests readmission.

D.E. Determinations of Whether a Student is “In Attendance”:

1. A student serving an out of school suspension or expulsion shall be reported as absent unless he or she receives an alternative educational program for at least one half of the regular school day. In any event, the absence is considered a disciplinary absence, and will not be designated as excused or unexcused.

2. On early dismissal days and days shortened due to inclement weather, the regular school day for attendance purposes is considered to be the amount of instructional time offered to students on that day. For example, if school is open for four hours on a shortened day scheduled, a student must be present for a minimum of two hours in order to be considered "in attendance."
3. Students placed on homebound instruction due to illness or injury in accordance with applicable regulations and requirements are counted as being "in attendance" for every day that they receive instruction from an appropriately certified teacher for an amount of time deemed adequate by the administration so as to ensure that the student is able to successfully return to the regular classroom setting.

E.F. Procedures for students in grades K-8*

1. Notification

- a. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall notify the parent or other person having control of the student enrolled in grades K - 8 in writing of the obligations pursuant to Conn. Gen. Stat. §10-184 to assure that such a student attends school regularly or to show that the child is elsewhere receiving equivalent instruction in the studies taught in the Windsor Public Schools.
- b. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall obtain from the parent or other person having control of the student in grades K-8 a telephone number or other means of contacting such parent or other person during the school day.

2. Monitoring

Each school shall implement a system of monitoring individual unexcused absences of students in grades K-8. Whenever such a student fails to report to school on a regularly scheduled school day, school personnel under the direction of the building principal **[or his/her designee]** shall make a reasonable effort to notify the parent or other person having control of such student by telephone and by mail of the student's absence, unless school personnel have received an indication that the parent or other person is aware of the student's absence. **[Reasonable efforts shall include two (2) attempts to reach the parent or other person at the telephone number provided by the parent or other person. Such attempts shall be recorded on a form provided by the Superintendent.]** Mailed notice of the student's absence shall include a warning that two unexcused absences from school in a month or five unexcused absences in a school year may result in a complaint filed with the Superior Court pursuant to section 46b-149 **of the Connecticut General Statutes** alleging the belief that

the acts or omissions of the child are such that the child's family is a family with service needs. Any person who, in good faith, gives or fails to give such notice shall be immune from liability, civil or criminal, which might otherwise be incurred or imposed and shall have the same immunity with respect to any judicial proceeding which results from such notice or failure to give notice.

[*Note: State law mandates notification and monitoring only with regard to students in grades K-8. Boards of Education are free, however, to extend the application of monitoring and intervention procedures to students at all grade levels.]

F.G. Procedures applicable to students ages five (5) to eighteen (18)

1. Intervention

- a. When a student is truant, the building principal or his/her designee shall schedule a meeting with the parent (or other person having control of such student) and appropriate school personnel to review and evaluate the reasons for the student's truancy. This meeting shall be held no later than ten (10) days after the student becomes truant. The district shall document the meeting, and if parent or other person declines to attend the meeting, or is otherwise is non responsive, that fact shall also be documented and the meeting shall proceed with school personnel in attendance.
- b. When a student is truant, the Superintendent or his/her designee shall coordinate services with and referrals of students to community agencies providing child and family services, as appropriate. The district shall document efforts to contact and include families and to provide early intervention in truancy matters.
- c. If the parent or other person having control of a student who is truant fails to attend the meeting held pursuant to subsection a., above, or otherwise fails to cooperate with the school in attempting to solve the truancy problem, the Superintendent shall file, within fifteen calendar days of such failure to attend the meeting or other failure to cooperate with the school in attempting to solve the truancy problem, for such truant a written complaint with the Superior Court pursuant to Conn. Gen. Stat. § 46b - 149 alleging the belief that the acts or omissions of the truant are such that his/her family is a family with service needs.
- d. In addition to the procedures specified in subsections a through c above, a regular education student who is experiencing attendance

problems should be referred to the building Child Study Team [or other appropriate school based team] to consider the need for additional interventions and/or assistance. The Team will also consider whether the student should be referred to a planning and placement team ("PPT") meeting to review the student's need and eligibility for special education. A special education student who is experiencing attendance problems should be referred to a PPT meeting for program review.

- e. If a **family with service needs** FWSN petition is filed and the court orders an educational evaluation of the student, the district shall conduct an appropriate educational evaluation if no such evaluation has been performed within the preceding year.
 - i). For a regular education student, the educational evaluation will be conducted or arranged for by appropriate school personnel and coordinated through the Child Study Team [or other appropriate school based team]. Upon completion of the evaluation of a regular education student, the Child Study Team [or other appropriate school based team] shall review the evaluations and make appropriate recommendations for alternative procedures, programs or interventions. Such recommendations may include a referral of the student for further evaluation and/or consideration for special education eligibility.
 - ii). In the case of a student who requires or may require special education and related services, the district shall convene a PPT to determine what evaluations may be appropriate to assess any specific areas of concern. The PPT shall reconvene to review the evaluations and make appropriate recommendations regarding the student's need for special education services and the need, if any, to write and/or revise the student's individualized education program ("IEP").

Regulation Revised: March 17, 2015

Regulation Approved: June 18, 2013

Craig A. Cooke, Ph.D.
Superintendent of Schools

Windsor Public Schools
Windsor, CT

Rational for Revised Policy:

P 5141.4 REPORTS OF SUSPECTED ABUSE OR NEGLECT OF CHILDREN

Public Act 15-205 makes substantial modifications to the General Statutes regarding the mandated reporting of child abuse and neglect by school employees, the training of school employees in identifying abuse and neglect, the definition of a victim of abuse and neglect under the statute, and the investigation and reporting of abuse and neglect in the public school setting. Currently, the law requires school employees to report to the Department of Children and Families ("DCF") when, in the ordinary course of employment, a school employee has reasonable cause to suspect or believe that a child under age eighteen has been abused or neglected. In addition to those existing requirements, the new law, effective October 1, 2015, requires that a school employee also report to DCF, when, in the ordinary course of employment, the school employee has reasonable cause to suspect or believe that a person being educated by the technical high school system or a local or regional board of education requirement regarding the sexual assault of a student by a school employee applies based on the person's status as a student, rather than his or her age.

Public Act 15-205 also sets forth factors for a mandated reporter to consider in determining whether there is reasonable cause to suspect abuse or neglect or the sexual assault of a student by a school employee. The law provides that the mandated reporter may base such suspicion on factors including, but not limited to, observations, allegations, facts or statements by a child, victim or third party. In addition, the law clarifies that such suspicion or belief does not require certainty or probable cause.

Furthermore, the law now prohibits a board of education from employing a person whose employment was terminated, or who resigned from employment following a suspension, if that person is convicted of a crime involving an act of child abuse, neglect or sexual assault against a student. Additionally, boards of education may not hire a person whose employment was previously terminated due to a violation of the mandatory reporting laws, regardless of whether an allegation of abuse or neglect or sexual assault was substantiated.

Importantly, the new law creates additional reporting requirements for local boards of education with regard to training programs and refresher training programs for school employees who are mandated reporters. Effective October 1, 2015, the principal for each school of a local board of education must annually certify to the superintendent that each school employee working at the school is in compliance with the requirements for training and refresher training. The superintendent of schools must then certify such compliance to the State Board of Education.

Finally, and significantly, by January 1, 2016, each board of education must establish a confidential rapid response team to coordinate with the Department of Children and Families to ensure prompt reporting of suspected abuse, neglect or sexual assault against a victim, and to provide immediate access to information and individuals relevant to the investigation of the Department of Children and Families. This confidential rapid response team must include a teacher, the superintendent, a local police officer and any other person the board of education deems appropriate.

In addition, the requirement that a superintendent must suspend employees against whom abuse or neglect is substantiated is now limited to situations when the Commissioner of Children and Families recommends such school employee be placed on the child abuse and neglect registry.

**REPORTS OF SUSPECTED ABUSE OR NEGLECT OF CHILDREN OR
SEXUAL ASSAULT OF STUDENTS BY SCHOOL EMPLOYEES**

Connecticut General Statute § 17a-101 et seq. requires school employees who have reasonable cause to suspect or believe **(1) that a any child under eighteen has been abused or neglected, or has had a nonaccidental physical injury, or injury which is at variance with the history given of such injury, or has been placed at imminent risk of serious harm, or (2) that any person who is being educated by the technical high school system or a local or regional board of education, other than as part of an adult education program, is a victim of sexual assault, and the perpetrator is a school employee,** to report such suspicions to the appropriate authority.

In furtherance of this statute and its purpose, it is the policy of the Windsor Board of Education to require ALL EMPLOYEES of the Windsor Board of Education to report suspected abuse and/or neglect, **or nonaccidental physical injury, imminent risk of serious harm or sexual assault of a student by a school employee,** in accordance with the procedures set forth below.

Efforts should be made to choose a schedule for tests and makeup opportunities that are reasonable under the circumstances and maximize the number of students in attendance.
