WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: June 21, 2016

Prepared By: Craig A. Cooke

Presented By: Cristina Santos, Craig A. Cooke

Attachments: 2016 Senior Exhibit Award Winners

Subject: WHS Juried Art Show Awards

Background:

On Wednesday, June 1, the Windsor High School held their annual juried art show. The board president and superintendent viewed the students' art work that afternoon and selected the BOE Purchase Prize "Bart's Drive-in" by Catie Lewis and the Superintendent's Choice Purchase Prize "Portrait" by Shayla Gawlak. The Windsor High School Purchase Prize "Dreamer" by Gisselle Rosado was selected by Principal Russell Sills. The students will receive \$150.00 for their pieces.

BOE Purchase Prize by Catie Lewis for "Bart's Drive-in" - This work marks the beginning of Catie's journey through the Windsor High School AP Studio Art program. It is fitting for her community landscape drawing to be selected, as she has had such a powerful impact on our own school and local community from WHS Leadership Council to Shad Derby Court. As an employee of Bart's, this was her view for many months of high school. When assigned a community landscape she sought out the historic value, geographic location and family impact of Bart's Drive-in. She said it brought to mind the families she would watch eat ice cream at this picnic table and share stories of their own memories of Bart's, creating the sort of legacy that community is built on. Catie was also the recipient of the 2016 WHS Art Department Community Service Award, acknowledging her dedication to helping grow the art program for future students. Catie will bring her talents to the College of Charleston in South Carolina this fall where she plans to major in Business and minor in Art.

Superintendent's Choice Purchase Prize by Shayla Gawlak for "Portrait" - Shayla's keen observation skills lend themselves to her empathetic nature and excellent drawing technique. The selection of this particular self-portrait offers the community a glimpse into the eyes of our thoughtful youth. Shayla's continued desire to seek out critical feedback to help her work grow and evolve has taken her from simply being a student in art class to a stand out in the art show. Shayla embodies the mission of the Windsor Public Schools to develop the genius in every child and to create lifelong learners with this technically excellent and expressive artwork as a prime example of the ability to think critically and to solve complex problems utilizing analytical ability, creativity, research skills, logical reasoning, innovation, integrative understanding, and resilience. These impressive skills will serve her well as she attends Becker College in Worcester, MA in the fall to major in Pre-Veterinary Science.

WHS Purchase Prize by Gisselle Rosado for "Dreamer" - This work is part of Gisselle's Senior Concentration Portfolio, where she developed a personal investigation with essential questions to guide her work. Gisselle's compassionate nature has led her to investigate how our personality traits manifest themselves as she created dynamic color compositions of symbolic objects merged with human anatomy. As a quiet, but not necessarily shy person, Gisselle eventually turned this

investigation inward with a reflective self-portrait where her opened skull reveals the brain of a dreamer drifting from butterflies in the night sky to whales and jellyfish in the deep blue sea. Throughout Gisselle's entire portfolio, her surreal imagery and exceptional technique draw viewers into a dreamlike world where individuals are seen for who they are on the inside and not limited to their physical appearance. Her artwork reaches a level of complexity and sophistication that is due in no small part to her tireless work ethic. Gisselle is sure to wow the faculty at Hartford Art School as she plans to major in Art at the University of Hartford this fall.

Recommendation:

Recognize Catie Lewis, Shayla Gawlak and Gisselle Rosado and their selected art pieces.

2016-2017 Windsor Teacher of the Year

Jennifer Tigre is the Windsor Public Schools Teacher of the Year for 2016-2017. Jennifer has been a teacher in Windsor Public Schools since 2010 and is currently an Eighth Grade English Language Arts teacher at Sage Park Middle School. A committee of her peers selected her from 57 nominated teachers.

Jennifer is a graduate of Endicott College where she received a Bachelor of Arts Degree in English and completed coursework for her teaching certification at San Diego State University. She is currently pursuing a Masters Degree in Curriculum and Instruction from the University of New England.

Windsor's Teacher of the Year selection process begins in March when teachers are asked to submit written nominations of colleagues. Nominations were received. Those teachers who were nominated then decided whether or not to continue in the process and be interviewed by a panel of colleagues. Following the interview process, a classroom visit takes place on the finalist. Jennifer will now serve as Windsor Public Schools' nominee for the State of Connecticut Teacher of the Year.

The Windsor Public Schools' Teacher of the Year Program recognizes and honors excellence in teaching. Every recipient serves as a visible and vocal representative of what is best in the profession. The program celebrates excellence by recognizing teachers who have inspired a love for learning in their students and who have distinguished themselves in the profession.

The Windsor Board of Education announces the teacher of the year at its June meeting. The teacher of the year is invited to the September Board meeting and is formally recognized.

ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

MEMORANDUM

TO: Dr. Craig Cooke, Superintendent of Schools

FROM: Gary Brochu

DATE: June 9, 2016

RE: Freedom of Information Request for Student Directory Information

This memorandum addresses the release of student directory information in response to a request for this information pursuant to the Connecticut Freedom of Information Act ("FOIA"). Specifically, the Windsor Board of Education (the "Board") received a request for parent email address information and the administration released the requested records in response.

Confidentiality of Student Educational Records

Student educational information is protected by Federal law from disclosure by educational institutions absent parental or student consent, once students reach the age of eighteen. Specifically, the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.C. § 1232g prevents the disclosure of student "education records" without parental consent. Education records are defined as records, files, documents and other materials which contain information directly related to a student.

This protection for student educational records is recognized by the FOIA. Conn. Gen. Stat. § 1-210(b) states that educational records which are not subject to disclosure under the federal Family Educational Rights and Privacy Act, 20 U.S.C. § 1232q need not be disclosed by a public agency in response to a FOIA request. Similarly, Board policy expressly notes that it "complies with the state and federal regulations regarding confidentiality, access to and amendment of education records." BOE Policy 5125.

Directory Information

Although the FERPA prevents the release of education records by educational institutions, it does exempt from this restriction "directory information." In other words, student information that is designated as "directory information" may be released upon request without parental notification or consent. Concerning directory information, the FERPA states that

“any educational agency or institution making public directory information shall give public notice of the categories of information which it has designated as such information with respect to each student...and shall allow...a parent to inform the institution or agency that any or all of the information designated shall not be released without the parent’s prior consent.”

20 U.S.C. § 1232g(a)(5)(B). Board Policy 5125 contains a definition of directory information, stating that

“Directory information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent’s name, address and/or email address, the student’s name, address, telephone number, email address, photographic, computer and/or video images, date and place of birth, major field(s) of study, grade level, enrollment status (full-time; part-time), participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees, honors and awards received, the most recent previous school(s) attended....”

BOE Policy 5125.

As required by both Federal law and Board policy, the Board sends to the parents of each district student at the start of the school year a form entitled “Release of Directory Information Without Prior Written Consent.” This form expressly informs parents that directory information “may be released by the school district to third parties without the prior written consent of parents.” It appropriately provides a provision for parents to refuse their consent for the release of directory information by the school district. In addition, this form specifically identifies twelve types of information that are considered directory information, including names of parents, address, and email address.

Freedom of Information Requests

Except as otherwise provided by any federal or state law, all records maintained or kept on file by any public agency shall be public records. Every person shall have the right to promptly inspect such records during regular business hours and the public agency must provide copies of any such documents upon request, unless the records requested are exempt under the FOIA. Conn. Gen. Stat. § 1-210(a) (formerly § 1-19(a)).

Upon receipt of a request for records pursuant to the FOIA, the Board is obligated to allow for inspection of said records or provide copies, unless the records are exempt from disclosure. For example, a request for copies of student transcripts would be properly denied by the Board as those the transcripts would be protected from disclosure by the FERPA. A request for student records that have been properly designated as directory information, however, are expressly not protected from disclosure by the terms of the FERPA and are subject to disclosure pursuant to the requirements of the FOIA unless, as noted above, the parents have expressly refused consent of the release of their student’s directory information.

In addition to the requirements of Federal and state law, BOE Policy 5125 contains a provision which states that "information designated as directory information will not be released when requested by a third party unless the release of such information is determined by the administration to be in the educational interest of the school district and is consistent with the district's obligations under both state and federal law." This language places an additional restriction on the release of directory information, calling for a determination by the administration as to whether the release of information is "in the educational interest of the school district."

A review of the FERPA does not find a similar provision concerning the release of directory information. Assuming that student information is properly designated as directory information, and the parents have not provided a refusal to consent to the release of this information, the FERPA does not provide for any additional restrictions on the release of this information. As noted above, the exemption for the release of student records under the FOIA is dependent on the provisions of the FERPA. The additional restriction imposed by Board policy (the determination of whether the release of records is in the educational interest of the school district) is beyond the exemption to disclosure recognized by the FOIA and will not be acknowledged or enforced by the FOIC. For example, State v. FOIC, p.1, Conn. L. Tribune (Conn. Super. 01/25/98) (unpublished op.), holds that an exemption from disclosure may be established only by a federal law or state statute, and not by an agency's regulations. Accordingly, a request for copies of directory information must be complied with by the school district without any consideration of whether or not the release of this information is in the "interest of the school district."

This analysis of the application of the effect of a directory information designation pursuant to the FERPA, as well as the specific provisions of BOE Policy 5125, was discussed with Thomas A Hennick, Public Education Officer for the Freedom of Information Commission ("FOIC"). Mr. Hennick agreed with the conclusion that student records designated as directory information must be disclosed pursuant to the FOIA and, furthermore, that the FOIC would not recognize any additional restrictions on the release of directory information imposed by board of education policies.

Conclusion

Based on the information provided, the Board properly released student directory information in response to a request pursuant to the FOIA.

**Subject: CONFIDENTIALITY AND ACCESS TO EDUCATION P-5125
RECORDS**

I. POLICY

The Board of Education ("Board") complies with the state and federal regulations regarding confidentiality, access to and amendment of education records. The Board shall implement procedures that protect the privacy of parents and students while providing proper access to records. Availability of these procedures shall be made known annually to parents of students currently in attendance and eligible students currently in attendance.

II. DEFINITIONS

- A. Access is defined as the right to inspect or review a student's education records or any part thereof. Access may include the right to receive copies of records under limited circumstances.
- B. Authorized representative means any entity or individual designated by the Board, a State educational authority, or an agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), to conduct -- with respect to Federal- or State-supported education programs-- any audit or evaluation, or any compliance or enforcement activity in connection with Federal legal requirements that relate to these programs.
- C. Biometric record, as used in the definition of personally identifiable information, means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual, such as fingerprints, retina and iris patterns, voiceprints, DNA sequence; facial characteristics and handwriting.
- D. De-identified education records means education records or information from education records from which all personally identifiable information has been removed, and for which the district has made a reasonable determination that a student's identity is not personally identifiable, whether through single or multiple releases, taking into account other reasonably available information.
- E. Directory Information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent's name, address and/or e-mail address, the student's name, address, telephone number, e-mail address, photographic, computer and/or video images, date and place of

birth, major field(s) of study, grade level, enrollment status (full-time; part-time), participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees, honors and awards received, the most recent previous school(s) attended, and student identification numbers for the limited purposes of displaying a student identification card. The student identification number, however, will not be the only identifier used when obtaining access to educational records or data. Directory information does not include a student's social security number, student identification number or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems unless the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN or password.

- F. Disciplinary action or proceeding means the investigation, adjudication or imposition of sanctions by an educational agency or institution with respect to an infraction or violation of internal rules of conduct applicable to students.
- G. Disclosure means to permit access to or to release, transfer, or other communication of personally identifiable information as contained in education records by any means, including oral, written or electronic means, to any party except the party identified as the party that provided or created the record.
- H. Education Records
1. Education records means any information directly related to a student that is recorded in any manner (e.g., handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche) and that is maintained by the school system or persons acting for the school system.
 2. Education records do not include:
 - a) private, personal, or working notes in the sole possession of the maker thereof, and which are not accessible or revealed to any other individual except a "substitute";
 - b) records maintained by a law enforcement unit of the school district that were created by that unit for the purpose of law enforcement;
 - c) employment records used only in relation to the student's employment by the school district that are 1) made and maintained in the normal course of business, 2) relate exclusively the student's capacity as an employee, and 3) are not made available for any other purpose;

- d) records on an eligible student (i.e. over 18 or attending a postsecondary educational institution) that are considered “treatment records” as they meet the following criteria: 1) the records are maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional capacity or assisting in a paraprofessional capacity, 2) the records are made in connection with the treatment of the student and 3) the records are disclosed only to individuals providing such treatment (treatment does not include remedial educational activities or activities that are part of the program or instruction of the school district); however, the school district must, upon request, permit an eligible student to have a physician or other appropriate professional of the student’s choice review his/her treatment records;
 - e) records created or received by the school district after an individual is no longer a student in attendance and that are not directly related to the individual’s attendance as a student; and
 - f) grades on peer-graded papers before they are collected and recorded by a teacher.
- I. Eligible Student is a student or former student who has reached 18 years of age or is attending an institution of post-secondary education or is an emancipated minor.
- J. Law Enforcement Unit is an individual, office, department, division, or other component of an educational agency or institution, that is officially authorized or designated by that agency or institution to 1) enforce laws or refer matters of law enforcement to appropriate authorities or 2) maintain the physical security and safety of the agency or institution.
- K. Legitimate Educational Interest means the need for a school official to review an education record in order to fulfill his or her professional responsibilities.
- L. Parent is defined as a parent or parents of a student, including a natural parent, a guardian, or surrogate parent, or an individual acting as a parent in the absence of a parent or guardian. The rights of a parent shall transfer to an eligible student; however, a parent of a student who claims that student as a dependent under Section 152 of the Internal Revenue Code of 1986 is entitled to access to the student’s education records without the eligible student’s consent.
- M. Personally Identifiable Information includes, but is not limited to, the student’s name; the name of the student’s parent or other family members; the address of the student or his/her family; a personal identifier, such as the student’s

social security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the school district reasonably believes knows the identify of the student to whom the education record relates.

- N. School Official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, consultant, therapist, or school resource officer); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
- O. Signed and Dated Written Consent to disclose personally identifiable student information from a student's education records must specify the records to be disclosed, the purpose of disclosure and the party to whom such records should be provided. Consent may include a record and signature in electronic form provided that the consent identifies and authenticates a particular person as the source of electronic consent.

III. ANNUAL NOTIFICATION OF RIGHTS / RELEASE OF DIRECTORY INFORMATION

- A. On an annual basis, the school district will notify parents and/or eligible students currently in attendance of their rights regarding a student's education records. This notice will be published in all student handbooks in the District and will also be published in the school district's guide to Special Education Services and will be published in any other manner "reasonably likely" to inform such parents and eligible students of their rights. The school district will take steps to ensure that parents or eligible students whose primary or home language is not English or who are disabled will also be notified of their rights regarding a student's education records.
- B. On an annual basis, the school district will also notify parents and/or eligible students currently in attendance of any categories of information designated as **directory information**. This notice will provide such individuals with an opportunity to object to such disclosure. An objection to the disclosure of directory information shall be good for only one school year. Parents and/or eligible students may not use the right to opt out of directory information disclosures to prohibit the school district from requiring students to wear or display a student identification card.

- C. In the annual notification, the school district will also provide notice to parents and/or eligible students that the district is legally obligated to provide military recruiters or institutions of higher education, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary student or the parent of the student objects to such disclosure in writing. Such objection must be in writing and shall be effective for one school year.

IV. CONFIDENTIALITY OF EDUCATION RECORDS

- A. All school officials are directed to maintain the confidentiality of personally identifiable information contained in a student's education records. Each person who has access to education records is responsible for ensuring personally identifiable information is protected from disclosure at collection, storage, disclosure, and destruction stages. Disclosure of information is permitted only in accordance with Board policy and administrative regulations and in a manner consistent with state and federal law.
- B. Education records are not public records and any disclosure other than to persons authorized to receive the records without prior consent of a parent or an eligible student violates the law and Board policy, except as provided in federal and state statutes.
- C. The school district shall use reasonable methods, including administrative policies and procedures, as well as physical and technological access controls, to ensure that school officials obtain access to only those education records in which they have a legitimate educational interest.
- D. The district shall use reasonable methods to identify and authenticate the identity of parents, students, school officials and other parties to whom the district discloses personally identifiable information from education records.
- E. The district shall require contractors and other outside agencies with access to education records to certify their compliance with the confidentiality requirements of this policy, as well as applicable state and federal law.

V. ACCESS TO EDUCATION RECORDS

- A. Parents and/or an eligible student have the right to inspect and review all education records of the student unless such rights have been waived under Section XI, below. Parents' rights of inspection and review are restricted to information dealing with their own child. In the case of an eligible student, the right to inspect and review is restricted to information concerning the student. All requests for access to education records must be in writing.

- B. When submitting a written request to inspect or review education records, the request must identify the record or records being sought. The school district will notify the parent or eligible student of the date, time, and location where the records may be inspected and reviewed.
- C. The parents or eligible students may designate in writing a representative to inspect and review the records. Consent for disclosure of education records to a designated representative must be signed and dated by the parent or eligible student.
- D. A school professional shall be present at all such inspections and reviews and shall respond to reasonable requests for explanations and interpretations of the records.
- E. For the records of **regular education students**, the Board will make education records available for inspection and review by parents or eligible students within a reasonable period of time, but in any event, no more than forty-five (45) calendar days from the receipt of a written request.
- F. For **students requiring special education**, the Board will comply with a request to inspect and review a student's education records within ten (10) days of the request; or within three (3) days of the request if the request is in order to prepare for a meeting regarding an IEP meeting (planning and placement team meeting) or any due process proceeding.
- G. Parents of students eligible to receive special education and related services (or the eligible student) have the right to receive **one free copy** of their child's (his/her) education records. The request for the free copy must be in writing and the Board shall comply with the written request within five (5) school days of the request. Notwithstanding the fact that a test instrument or portion of a test instrument may meet the criteria of an "education record" under the Family Educational Rights and Privacy Act, 20 USC 1232g, any test instrument or portion of a test instrument for which the test manufacturer asserts a proprietary or copyright interest in the instrument shall not be copied. The parent or eligible student retains the right to review and inspect such information and the board of education shall respond to reasonable requests from the parent or eligible student for explanations and interpretations of the student's education record, which may include reviewing copyrighted testing instruments.
- H. Aside from a parent or eligible student, staff members, school employees and other school officials may access a student's educational records **only if** they have been determined by the school system to have a legitimate educational interest in accessing the information contained in such records. Disclosures to any other parties, may only be made in accordance with the exemptions and provisions set forth in Section VII, below.

- I. Pursuant to the procedures set forth in Section VI, below, the district maintains a record of all parties that have requested access to education records, including access to education records found in computer memory banks.

J. Non-custodial Parents:

A parent does not lose his or her right to access to education records upon divorce. Non-custodial parents retain their rights to review their child's education records unless the school district has been provided with evidence that there is a court order, state statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes the non-custodial parent's rights. School notices shall be mailed to the non-custodial parent/guardian requesting the notices at the same time that they are provided to the custodial parent/guardian. Any requests by the non-custodial parent/guardian to receive school notices shall be effective for as long as the child remains in the school the student is attending at the time of the request.

K. Copies of Education Records/Fees:

- 1) The school district cannot charge a fee to search for or to retrieve the education records of a student. As noted above, if a student has been identified as requiring special education and related services, the parents' (or eligible student's) right to inspect and review the child's records shall include the right to receive one free copy of those records. The request for the free copy shall be made in writing. The board of education shall comply with such request as stated above. A charge will be levied for additional copies; in no case will the charge exceed 50¢ per page.
- 2) In addition to the provision above regarding special education students, if circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's education records, the district shall:
 - a. provide the parent or eligible student with a copy of the records requested, or
 - b. make other arrangements for the parent or eligible student to inspect and review the requested records.
- 3) The Board reserves the right to charge for copies of a student's education records. Such charge will not exceed 50¢ per page.

VI. RECORD KEEPING REQUIREMENTS/DOCUMENTATION OF ACCESS TO EDUCATION RECORDS

- A. The school district will appoint an individual to be responsible for the care and upkeep of all education records. Education records are kept by categories, each of which encompasses a specific type of data collected during a student's educational career. These categories also determine how long the school district must maintain the records. The school district will provide to parents, on request, a list of the categories and locations of education records collected, maintained, or used by the school district.
- B. Except as provided below, a record (log) will be kept documenting each request for, and disclosure of, personally identifiable information from the education records of each student, including information found in computer memory banks. The record log shall contain:
- 1) the name of any individual, agency, or organization that requested or obtained access to the student's records;
 - 2) the date of the request for access;
 - 3) whether access was given;
 - 4) the purpose for which the party was granted access to the records;
 - 5) the names of additional parties to whom the receiving party may disclose the information on behalf of the school district; and
 - 6) the legitimate educational interest in obtaining the information.
- B. The record (log) requirement does not apply to requests from, or disclosure to:
- 1) a parent or eligible student;
 - 2) a party seeking directory information;
 - 3) a party who has a signed and dated written consent from the parent and/or eligible student;
 - 4) school officials from the school district in which the student is currently enrolled who have a legitimate educational interest in the information contained in the student's record; or
 - 5) persons seeking or receiving the information as directed by a Federal grand jury, other law enforcement subpoena, or ex parte order of the Attorney General of the United States (provided that the information requested is not to be redisclosed).
- C. The record (log) is a permanent part of the student's education records and must be available to the parent or eligible student upon request.
- D. If the district makes a release of education records without consent in **a health and safety emergency**, the district must record:

- 1) the articulable and significant threat to the health and safety of a student or other individuals that formed the basis for disclosure; and
- 2) the parties to whom the district disclosed the information.

VII. THE RELEASE OF RECORDS OR PERSONALLY IDENTIFIABLE INFORMATION

- A. The school system or its designated agent(s) may not permit release of education records or any information from such records which contains personally identifiable student information to any outside individual, agency, or organization without the signed and dated written consent of the parents or eligible student, except as indicated in Section VII.C below. Personally identifiable information contained in the education record, other than directory information, will not be furnished in any form (i.e., written, taped, person-to-person, statement over the telephone, on computer disk, e-mailed, etc.) to any person other than those listed below, unless prior written consent has been obtained.
- B. To be effective, the written consent must be signed and dated and must specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made.
- C. Personally identifiable information may be released **without consent** of the parents, or the eligible student, only if the disclosure meets one of the criteria set forth below:
 1. The disclosure is to other school officials within the district, including teachers, who have been determined by the school district to have legitimate educational interests in the education records.
 2. The disclosure is to a contractor, consultant, volunteer, or other party to whom an agency or institution has outsourced institutional services or functions, provided that the outside party (a) performs an institutional service or function for which the district would otherwise use employees, (b) is under the direct control of the district with respect to the use and maintenance of education records, and is subject to the requirements of FERPA with respect to the use and redisclosure of personally identifiable information from education records.
 3. Transfer Students:
 - a) The disclosure is to officials of another school, including other public schools, charter schools, and post-secondary institutions, in which the student seeks or intends to enroll, or where the student is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer. Disclosure of personally identifiable information will be made only upon condition that the

student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record pursuant to Section X.

- b) When a student enrolls in a new public school district (including public charter school), the receiving school district must send written notice of such enrollment to the school the student previously attended not later than two (2) business days after the student enrolls. Not later than ten (10) days after receipt of such notice, the sending school shall transfer the student's records to the new school district.
 - c) Upon notification by the Department of Children and Families of a decision to change the school placement for a student attending district schools who is placed in out-of-home care by DCF pursuant to an order of temporary custody or an order of commitment, in accordance with section 46b-129 of the Connecticut General Statutes, the Board shall transmit to the receiving school, not later than one (1) business day after receipt of such notification from DCF, all essential educational records for the student, including, but not limited to, the student's individualized education plan and behavioral intervention plan, if any, and all documents necessary for the receiving school to determine appropriate class placement and to provide educational services. The Board shall transfer nonessential records to the receiving school in accordance with subsection b) above.
- 4. The disclosure is to authorized representatives of the U.S. Comptroller, the U.S. Attorney General, the U.S. Secretary of Education, or State or local educational authorities. Disclosures of this nature may be made only in connection with an audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with the Federal legal requirements that related to these programs, so long as the district enters into a written agreement with the authorized representatives conducting the audit or evaluation, which agreement must comply with 34 C.F.R. 99.35(a)(3) and require that the authorized representative protects the confidentiality of personally identifiable student information consistent with FERPA requirements. Such entities may make further disclosure of personally identifiable information to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.
 - 5. The disclosure is made in connection with a student's application for, or receipt of, financial aid, if such information is necessary to determine eligibility for, the amount of, or the conditions for financial aid, or to enforce the terms and conditions of financial aid.

6. The disclosure is to state and local officials or authorities within the juvenile justice system as long as the officials and authorities to whom the records are disclosed certify in writing to the school district that (a) the information is required by the court, (b) will not be disclosed to any other party without the prior, written consent of the parent of the student, except as provided under State law. Disclosure shall be permitted for information relating to the student's school attendance, adjustment and behavior, as well as the student's individualized education program (IEP) and related documents if the student receives special education services. If a student is placed on probation by the juvenile court, school officials may issue their own recommendation concerning the conditions of the student's probation.
7. The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, so long as (a) the study does not permit personal identification of parents or students by individuals other than representatives of the organization, (b) the information is destroyed after it is no longer needed for the purposes for which the study was conducted, and (c) the district enters into a written agreement with the organization conducting the study that ensures that the study protects the confidentiality of personally identifiable student information consistent with FERPA requirements.
8. The disclosure is to accrediting organizations in order to carry out their accrediting functions.
9. The disclosure is to parents of an eligible student who claim that student as a dependent student as defined in Section 152 of the Internal Revenue Code of 1986.
10. The disclosure is to comply with a judicial order or lawfully issued subpoena, provided that the educational agency makes a reasonable effort to notify the parent or the eligible student in advance of compliance, unless such disclosure is in compliance with (a) a federal grand jury subpoena and the court has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed; or (b) any other subpoena issued for a law enforcement purpose and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed; or (c) an ex parte order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning the investigation or prosecution of terrorism crimes specified in sections 2332b(g)(5)(B) and 2331 of title 18, U.S. Code.

11. If the school district initiates legal action against a parent or student, the school district may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff.
12. If a parent or eligible student initiates legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself.
13. The disclosure is to appropriate parties, including parents of an eligible student, in connection with a health and safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. In making a determination regarding the disclosure of education records without consent in a health and safety emergency, the district may take into account the totality of the circumstances pertaining to the threat to the health or safety of a student or other individuals. If the district reasonably determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, provided, however, that the district record such disclosure in accordance with Section VI. D, above.
14. The disclosure is to the parent of a student who is under 18 years of age or to the student.
15. The disclosure concerns sex offenders and other individuals required to register under Section 170101 of the Violent Crime Control and Law Enforcement Act of 1994, 42 U.S.C. 14071, and the information was provided to the district under 42 U.S.C. 14071 and applicable federal guidelines.

D. Directory Information

The school district will notify parents (of students currently enrolled within the district) or eligible students (currently enrolled in the district) annually of any categories of information designated as directory information. This notice will provide such individuals with an opportunity to object to such disclosure. An objection to the disclosure of directory information shall be good for only one school year.

1. School districts are legally obligated to provide military recruiters or institutions of higher education, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary student or the parent of the student objects to such disclosure in writing. Such objection must be in writing and shall be effective for one school year.
2. In all other circumstances, information designated as directory information will not be released when requested by a third party unless the release of such information is determined by the administration to be in the educational interest of the school district and is consistent with the district's obligations under both state and federal law.
3. The school district may disclose directory information about students after they are no longer in enrollment in the school district. Notwithstanding the foregoing, the district will continue to honor any valid objection to the disclosure of directory information made while a student was in attendance unless the student rescinds the objection.
4. An objection to the disclosure of directory information shall not prevent the school district from disclosing or requiring a student to disclose the student's name, identified or institutional email address in a class in which the student is enrolled. Parents and/or eligible students may not use the right to opt out of directory information disclosures to prohibit the school district from requiring students to wear or display a student identification card.
5. The school district will not use the student's social security number or other non-directory information alone or combined with other elements to identify or help identify the student or the student's records.

E. De-identified Records and Information

1. The school district may release education records or information from education records without the consent of a parent or eligible student after the removal of all personally identifiable information, provided that the district has made a reasonable determination that a student's identity is not personally identifiable, whether through single or multiple releases, taking into account other reasonably available information.
2. The school district may release de-identified education records including student level data from education records for the purpose of education research by attaching a code to each record that may allow the recipient to match information received from the same source, provided that:

- a) the district does not disclose any information about how it generates and assigns a record code, or that would allow a recipient of the information to identify a student based on the record code;
- b) the record code is used for no purpose other than identifying a de-identified record for the purposes of education research and cannot be used to ascertain personally identifiable information about a student; and
- c) the record code is not based on a student's social security number or other personal information.

F. Disciplinary Records:

Nothing in this policy shall prevent the school district from:

- 1. Including in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.
- 2. Disclosing appropriate information concerning disciplinary action taken against a student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community, to teachers and school officials who have been determined to have legitimate educational interests in the behavior of the student.

- G. In accordance with state and federal law, the district will facilitate the transfer of records of suspension and expulsion of a student to officials of any private elementary or secondary school in which the student is subsequently enrolled or seeks, intends or is instructed to enroll.

H. Records of the Department of Children and Families ("DCF")

- 1. Documents related to any Department of Children and Families ("DCF") child abuse and/or neglect investigations that are maintained by the Board are considered education records under the Family Educational Rights and Privacy Act ("FERPA"). As such, they are subject to the confidentiality and disclosure requirements set forth in this policy and in corresponding provisions of state and federal law. Such records, including records of allegations, investigations and reports made to DCF, should be kept in a confidential and central location, with restricted access and shall be disclosed only as authorized by law. In addition to meeting the requirements under FERPA, should the Board receive a request to disclose confidential DCF records to an outside third party, the Board shall redact the name or other personally identifiable information concerning the individual suspected of being responsible for the alleged abuse and/or

neglect unless the requested records are being released to the individual named in the DCF records.

2. In addition, the district shall redact the name or any personally identifiable information related to the identity of any individual responsible for making a report of alleged child abuse and/or neglect before releasing or transferring any DCF records containing such reports.

VIII. REDISCLOSURE OF EDUCATION RECORDS

- A. The school district may disclose personally identifiable information from an education record only on the conditions that:
 1. the party to whom the information is disclosed will not subsequently redisclose the information to any other party without the proper consent of the parent or eligible student, and
 2. the officers, employees, and agents of a party that receives such information may only use the information for the purposes for which disclosure was made.
- B. Notwithstanding the provisions of Section A. above, the school district may disclose personally identifiable information from an education record with the understanding that the information may be redisclosed by the recipient of the information as long as prior written consent for disclosure is not required, for one of the reasons listed in Article VII, Section C. above, and at least one of the following conditions is met.
 1. The record of the original disclosure includes the names of the parties to whom redisclosure is being made and the legitimate interests each such party has in requesting or obtaining the information.
 2. In the case of disclosures made pursuant to a court order or lawfully issued subpoena, the district has made a reasonable effort to notify the parent or eligible student in advance of compliance with the subpoena (except if such subpoena meets the criteria set forth above in Article VII, Section C. (10)).
 3. Disclosure is made to a parent, an eligible student, or the parent of an eligible student.
 4. The information is considered directory information.
- C. In the event that the Family Policy Compliance Office determines that a third party outside of the school district has improperly redisclosed personally identifiable information from education records in violation of FERPA, the

school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

IX. AMENDMENT OF EDUCATION RECORDS

- A. If a parent or an eligible student believes that information in the student's education records is inaccurate, misleading or in violation of the student's right to privacy, he/she is entitled to:
 - 1. Request in writing that the school district amend the records;
 - 2. Receive within a reasonable period of time a decision from the school district with respect to its decision on the amendment(s) requested by the parent or eligible student.
- B. If the school district decides to amend the records, the school district shall promptly take such steps as may be necessary to put the decision into effect with respect to the requested amendments, and shall inform the parent or eligible student of the amendment.
- C. If the school district decides that an amendment of the records in accordance with the request is not warranted, it shall so inform the parent or eligible student and advise him/her of the right to a hearing pursuant to this policy.

X. HEARING RIGHTS AND PROCEDURES

A. Rights

- 1. Upon written request of a parent or eligible student to the Superintendent, an opportunity for a hearing shall be provided to challenge the content of a student's education records on the grounds that the information contained in the education records is inaccurate, misleading, or otherwise in violation of the privacy rights of the student.
- 2. If, as a result of the hearing, the school district decides that information contained in the education records of a student is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the records shall be amended, and the parent or eligible student shall be informed in writing.
- 3. If, as a result of the hearing, the school district decides that information contained in the education records of a student is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the parent or eligible student shall be informed of the right to place in the student's education records a statement commenting on the contested information or stating why he or she disagrees with the district's decision, or both.

- a. Any statement placed in the records of the student shall be maintained by the school system as part of the records of the student as long as the record or contested portion is maintained by the school system.
- b. If the contested portion of the education record is disclosed by the school system, the statement of disagreement by the parents and/or eligible student shall also be disclosed.

B. Procedures

1. The hearing shall be held within a reasonable time after the school system has received the request, unless the parent or eligible student requests a delay.
2. The parent or eligible student shall be given notice of the date, place, and time of the hearing, within a reasonable time in advance of the hearing.
3. The hearing will be conducted by a person or persons appointed by the Superintendent of Schools. This person(s) shall be knowledgeable of the policies relating to confidentiality and shall not have a direct interest in the outcome of the hearing.
4. The parent or eligible student and the school system shall have the right to be represented by person(s) of their choosing at their own expense, to cross-examine witnesses, to present evidence, and to receive a written decision of the hearing.
5. The decision reached through the hearing shall be made in writing within a reasonable period of time after the hearing. The decision will be based solely upon the evidence presented at the hearing and shall include a summary of the evidence and the reasons for the decision.

XI. WAIVER OF RIGHTS

- A. A student who is an applicant for admission to an institution of post-secondary education or is in attendance at an institution of post-secondary education, may waive his or her right to inspect and review confidential letters and confidential statements of recommendations with the following limitations:
 1. The student is notified, upon request, of the names of all individuals providing the letters or statements.
 2. The letters or statements are used only for the purpose for which they were originally intended.

3. The waiver is not required by the agency as a condition of admission to or receipt of any other service or benefit from the agency.
 4. The waiver is in writing and executed by the student, regardless of age, rather than by the parent.
- B. A waiver may be revoked with respect to any actions occurring after the revocation.
- C. Revocation of a waiver must be in writing.

XII. SPECIAL CONFIDENTIALITY PROCEDURES FOR HIV-RELATED INFORMATION

- A. The following definitions shall apply to Section XII of this policy:

1. Confidential HIV-Related Information

"Confidential HIV-related information" means any information pertaining to the protected individual or obtained pursuant to a release of confidential HIV-related information, concerning whether a person has been counseled regarding HIV infection, has been the subject of an HIV-related test, or has HIV infection, HIV-related illness or AIDS, or information which identifies or reasonably could identify a person as having one or more of such conditions, including information pertaining to such individual's partners.

2. Health Care Provider

"Health Care Provider" means any physician, dentist, nurse, provider of services for the mentally ill or persons with mental retardation, or other person involved in providing medical, nursing, counseling, or other health care, substance abuse or mental health service, including such services associated with, or under contract to, a health maintenance organization or medical services plan.

3. Protected Individual

"Protected individual" means a person who has been counseled regarding HIV infection, is the subject of an HIV-related test or who has been diagnosed as having HIV infection, AIDS or HIV-related illness.

4. Release of confidential HIV-related information

"Release of confidential HIV-related information" means a written authorization for disclosure of confidential HIV-related information which

is signed by the protected individual, if an eligible student, or a person authorized to consent to health care for the individual and which is dated and specifies to whom disclosure is authorized, the purpose for such disclosure and the time period during which the release is to be effective. A general authorization for the release of medical or other information is not a release of confidential HIV-related information, unless such authorization specifically indicates its dual purpose as a general authorization and an authorization for the release of confidential HIV-related information.

5. School Medical Personnel

"School medical personnel" means an employee of the Board who is a school nurse or the school district medical adviser.

B. Confidentiality of HIV-related Information

1. All school staff must understand that no person who obtains confidential HIV-related information regarding a protected individual may disclose or be compelled to disclose such information. Each person who has access to confidential HIV-related information is responsible for ensuring that confidential HIV-related information is protected from disclosure and/or redisclosure.
2. Confidential HIV-related information is not public information and any disclosure, other than to persons pursuant to a legally sufficient release or to persons authorized by law to receive such information without a legally sufficient release, violates the law and Board policy.

C. Accessibility of Confidential HIV-related Information

1. No school staff member who obtains confidential HIV-related information may disclose or be compelled to disclose such information, except to the following:
 - a. the protected individual, his/her legal guardian or a person authorized to consent to health care for such individual;
 - b. any person who secures a release of confidential HIV-related information;
 - c. a federal, state or local health law officer when such disclosure is mandated or authorized by federal or state law;

- d. a health care provider or health facility when knowledge of the HIV-related information is necessary to provide appropriate care or treatment to the protected individual or when confidential HIV-related information is already recorded in a medical chart or record and a health care provider has access to such record for the purpose of providing medical care to the protected individual;
- e. a medical examiner to assist in determining cause of death; or
- f. any person allowed access to such information by a court order.

D. Procedures

1. If a school staff member, other than school medical personnel, is given confidential HIV-related information regarding a protected individual who is also a student from the student's legal guardian or the student, the school staff member shall attempt to secure a release of confidential HIV-related information for the sole purpose of disclosing such information to school medical personnel.
2. If a school medical personnel member is given confidential HIV-related information regarding a protected individual, who is also a student, by a student's legal guardian, or by the student, and the legal guardian or the student requests accommodations to the student's program for reasons related thereto, the school medical personnel member shall inform the legal guardian or the student, if an eligible student, that a release of confidential HIV-related information is necessary before such information may be disclosed to other educational personnel capable of assessing the need for and implementing appropriate accommodations to the student's program.
3. Any school staff member who obtains confidential HIV-related information from a source other than the protected individual or his/her legal guardian, shall keep such information confidential and shall not disclose such information.
4. No school staff member may disclose confidential HIV-related information to other school staff members without first obtaining a release of confidential HIV-related information.
5. Any record containing confidential HIV-related information shall be maintained in a separate file, and shall not be subject to the provisions of this policy regarding accessibility of general student records.

6. If school medical personnel determine that the health and safety of the student and/or others would be threatened if a release of confidential HIV-related information is not obtained, the school medical personnel may seek a court order authorizing disclosure. In such cases, such confidential HIV-related information may be disclosed as set forth in and subject to any limitation of such court order.

E. Disclosures Pursuant to a Release

1. Any disclosure pursuant to a release shall be accompanied by a notice in writing stating, "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by said law. A general authorization for the release of medical or other information is NOT sufficient for this purpose."
2. Oral disclosures must be accompanied or followed by the above notice within ten (10) days.
3. Except for disclosures made to a federal, state or local health officer when such disclosure is mandated or authorized by federal or state law, a notation of all disclosures shall be placed in the medical record or with any HIV-related test result of a protected individual, who shall be informed of such disclosures on request.

XIII. CHILD ABUSE REPORTING

Nothing in this policy shall limit a mandated reporter's responsibility to report suspected child abuse or neglect under the Board's Child Abuse and Neglect Reporting Policy [reference policy number]

1. ~~Scheduling Major Tests~~ Test Schedules

- A. ~~In fairness to students who must be absent because of required religious holidays and in order to avoid the necessity for make-up activities, major tests and/or the introduction of new topics and materials should not be scheduled on these days.~~ When scheduling either classroom or system-wide tests, teachers and administrators are encouraged to consider possible conflicts with religious holidays that the students in their classes may encounter. Efforts should be made to choose a schedule for tests and makeup opportunities that are reasonable under the circumstances and maximize the number of students in attendance. Teachers should let parents know of important class activities such as tests, field trips, or presentations as far in advance as possible so that potential conflicts with religious obligations can be avoided or accommodated. Windsor Public Schools does not designate specific days of religious significance on which testing is prohibited.

WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: June 21, 2016

PREPARED BY: Danielle Batchelder

PRESENTED BY: Danielle Batchelder

ATTACHMENTS:

SUBJECT: End of Year Financials

BACKGROUND:

The projected balance as of June 30, 2016 for FY 15/16 is \$255,230. The surplus is largely due to the mild winter which contributed to less energy consumption in the forms of diesel fuel, oil, natural gas and electricity.

STATUS:

Request to purchase following items with year-end monies:

1. Security Camera Upgrade for Sage Park Middle School in the amount of \$105,300. Sage Park Middle School is the only school that is not currently on the new Avigilon platform for the security cameras. This upgrade will provide a very intuitive interface allowing easy access to archived video and allow for multiple login capability and will accommodate any future expansion with the hardware.
2. New Window Blinds at John F. Kennedy School in the amount of \$15,000. There rooms on the west side of the building facing the courtyard do not have blinds. This was a recommendation from the security audit that was done this school year.
3. 30 New Football Helmets. These helmets have worn out their life expectancy for re-conditioning them.
4. New Public Address System in WHS Main Gymnasium in the amount of \$12,600. The current PA System is of poor quality and the sound is muffled. When there are events held in the gymnasium, individuals in the gym cannot hear an announcement which could pose a security risk.

RECOMMENDATION:

The BOE approve the purchase of the following items with year end surplus monies:

Sage Park Middle School Security Camera Upgrade in the amount of \$105,300

New Window Blinds for John F. Kennedy School in the amount of \$15,000

30 New Football Helmets in the amount of \$6,000

New Public Address System in WHS Main Gymnasium in the amount of \$12,600

The BOE approve to return \$116,330 to the Town of Windsor (exact amount will be reported to the BOE during the September BOE Meeting once the financial audit is complete).

WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: June 21, 2016

Prepared By: Dana Plant

Presented By: Danielle Batchelder

Attachments: Food Service Financial Report

Subject: Cafeteria Operations – May 2016

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center and Museum Academy. New to us this year is CREC Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fourth year of the Summer feeding program serving breakfast to our summer school students this year at Oliver Ellsworth and CREC Metropolitan Learning Center serving breakfast and snack. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex and Goslee Pool during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

Status: Financial Report for May 2016

WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: June 21, 2016

Prepared By: George Greco

Presented By: Danielle Batchelder

Attachments: Professional Cost Estimate

Subject: Clover Street Partial Roof Replacement Project

Background:

The existing roof in this area was installed at the Clover Street School in 1988. This roof is a ballasted EPDM (Ethylene Propylene Diene Monomer) rubber membrane roof and carried a 10 year warranty and was not addressed in 1995 or 1997 when the remaining buildings were re-roofed. As the rubber ages, the membrane shrinks and it begins to pull away from its termination point resulting in tears and leading ultimately to leaks. Replacement of the roof will prevent leaks and damage to the facility and also address major concerns pertaining to Indoor Air Quality (IAQ) issues.

At its January 20, 2016 regular meeting, the Board of Education approved the Educational Specifications for the Clover Street School Roof Replacement Project. The Town Council approved the application for the project on February 1, 2016, and also appointed the Public Building Commission (PBC) to oversee the project. The Town Council approved funding for the project in the amount of \$360,000 on April 4, 2016. The PBC, through competitive bid process, selected the firm of Tecton Architects, Inc. to prepare professional cost estimates, bid documents and plans for the project. At its meeting of May 24, 2016 the PBC approved the plans and bid documents.

Status:

The project has been accepted for State reimbursement by the Office of School Construction Grants of the State Department of Administrative Services; it has been funded by the Town Council and is scheduled for accomplishment during the summer of 2016. The State Department of Administrative Services, Office of School Construction Grants, requires Board of Education approval of the final plans and project manual.

Recommendation:

The project has been accepted for State reimbursement by the Office of School Construction Grants of the State Department of Administrative Services; it has been funded by the Town Council and is scheduled for accomplishment during the summer of 2016. Subject: Budget Transfers

Background:

Board Policy 3160 requires budget transfers to be approved by the Board of Education. Financial reports are provided monthly to the BOE. As we move to close out FY 2016 there is a need for budget transfers. While the June 30th final report of school expenditures will not be submitted until the September Board meeting (Policy 3150), the key area of budget transfers for this fiscal year are indicated below.

Status:

The projections of expenditures for the close of Fiscal Year 2016 indicate that budget transfers are necessary; the largest amounts are for Special Education Transportation, Magnet School Tuition, Substitutes and Tutor Salaries. Other budget transfers will be needed to cover supplies and purchased services.

The line items that will cover the above needs are Benefits, Salaries, and miscellaneous supply and material accounts from all department budgets.

It should be noted that these transfers are **within** the total approved appropriation from the Town of Windsor for the Fiscal Year. Total expenditures for the fiscal year will **not** exceed the budget appropriation of \$66,025,942.

Recommendation:

The BOE approve the projected line item transfers. In accordance with BOE Policy 3150, a final financial report including line item transfers will be presented at the regular Board of Education meeting in September 2016.
