POLICY REGARDING RETENTION OF ELECTRONIC RECORDS AND INFORMATION

I. POLICY

The Board of Education (the "Board") complies with all state and federal regulations regarding the retention, storage and destruction of electronic information and records. The Superintendent or his/her designee shall be responsible for developing and implementing administrative regulations concerning the retention, storage, and destruction of electronic information and the dissemination of such administrative regulations to all employees.

II. USE OF E-MAIL AND ELECTRONIC COMMUNICATIONS

The Board of Education provides computers, a computer network, including Internet access and an e-mail system, as well as any electronic devices that access the network such as wireless and/or portable electronic hand-held equipment that can be used for word processing, wireless Internet access, image capture and recording, sound recording, information transmitting and/or receiving, storing, etc. (including but not limited to, personal laptops, Smartphones, network access devices, Kindles, Nooks, cellular telephones, radios, CD players, I-Pads or other tablet computers, walkie-talkies, Blackberries, personal data assistants, I-Phones, Androids and other electronic signaling devices), (referred to collectively as "the computer systems"), in order to enhance both the educational opportunities for our students and the business operations of the district.

Electronic messages sent by school officials and employees as part of their work and/or by using the district's computer systems and/or network are not private communications and are potentially subject to disclosure. Employees must understand that the Board has reserved the right to conduct monitoring of these computer systems and may do so *despite* the assignment to individual employees of passwords for system security. Any password systems implemented by the District are designed solely to provide system security from unauthorized users, not to provide privacy to the individual system user.

The system's security aspects, message delete function and personal passwords may be bypassed for monitoring purposes. Therefore, employees must be aware that they should not have any expectation of personal privacy in the use of these computer systems. This provision applies to any and all uses of the District's computer systems, including any incidental personal use permitted in accordance with the Board's policy and regulations regarding computer use by employees.

Any retained messages may be retrieved as part of routine monitoring by the Board, an employee investigation or a formal discovery process as part of litigation. Employees should bear in mind that e-mail messages may be retained at different locations within the computer network and that these messages are subject to retrieval. Consequently, employees should use discretion when using computers or other electronic technology to send, record or retain electronic communications and information.

III. RETENTION OF ELECTRONICALLY STORED INFORMATION

Electronic communications on District computers or electronic communication systems shall be retained only as long as necessary. The same record retention policy that applies to paper records applies to electronically stored information, including e-mail communications. Therefore, like paper records, the content and function of an electronic record, including e-mail communications, determines the retention period for that document. The District will comply with all of the minimum standards set forth in the Municipal Records Retention Schedules, as issued by the Office of the Public Records Administrator for the State of Connecticut.

In addition to the retention guidelines established by the Board and used by school district officials and employees, all school officials and employees have a duty to preserve all records and electronic information, including records and electronic information that might otherwise be deleted or destroyed, that relate to any matter that is currently in litigation or may be anticipated to involve future litigation.

SOCIAL MEDIA

The Board of Education recognizes the importance and utility of social media and networks for its employees. The laws regarding social media continue to evolve and change. Nothing in this policy is intended to limit an employee's right to use social media or **personal online accounts** under applicable law, as it may evolve. The Board acknowledges, for example, that its employees have the right under the First Amendment, in certain circumstances, to speak out on matters of public concern. The Board will resolve any conflict between this policy and applicable law in favor of the law.

Ordinarily, the use of social media by employees, including employees' **use of personal use of social media online accounts**, will not be a legal or policy issue. While a policy cannot address every instance of inappropriate social media use, employees must refrain from social media use that:

- 1) interferes, disrupts or undermines the effective operation of the school district;
- 2) is used to engage in harassing, defamatory, obscene, abusive, discriminatory or threatening or similarly inappropriate communications;
- 3) creates a hostile work environment;
- 4) breaches confidentiality obligations of school district employees; or
- 5) violates the law, board policies and/or other school rules and regulations.

The Board of Education, through its Superintendent, will adopt and maintain administrative regulations to implement this policy.

REPORTS OF SUSPECTED ABUSE OR NEGLECT OF ADULTS WITH AN INTELLECTUAL DISABILITY OR AUTISM SPECTRUM DISORDER

Section 46a-11b of the Connecticut General Statutes requires that certain school personnel report any suspected abuse or neglect of persons between eighteen (18) and sixty (60) years of age who: 1) have an intellectual disability or 2) receive funding or services from the Department of ~~Developmental~~Social Services' ("~~DDSDSS~~") Division of Autism Spectrum Disorder Services. In furtherance of this statute and its purpose, it is the policy of the Board of Education to require ALL EMPLOYEES of the Board of Education to comply with the following procedures in the event that, in the ordinary course of their employment or profession, they have reasonable cause to suspect that a person with an intellectual disability or an individual receiving funding or services from ~~DDSDSS~~' Division of Autism Spectrum ~~Disorders~~Disorder Services between eighteen (18) and sixty (60) years of age has been abused or neglected.

1. Scope of Policy

This policy applies not only to employees who are required by law to report suspected abuse and/or neglect of adults with intellectual disabilities, but also to ALL EMPLOYEES of the Board of Education.

2. Definitions

For the purposes of this policy:

"Neglect" means a situation where a person with an intellectual disability either is living alone and is not able to provide for himself or herself the services which are necessary to maintain his or her physical and mental health, or is not receiving such necessary services from the caretaker.

"Statutory Mandated Reporter" means an individual required by Conn. Gen. Stat. Section 46a-11b to report suspected abuse and/or neglect of adults with intellectual disabilities. In the public school context, the term "statutory mandated reporter" includes teachers, school administrators, school guidance counselors, paraprofessionals, registered or licensed practical nurses, psychologists, social workers, licensed or certified substance abuse counselors, mental health professionals, physical therapists, occupational therapists, dental hygienists, speech pathologists, and licensed professional counselors.

The statutory mandated reporter shall also immediately notify the Superintendent.

Such initial oral report shall be followed by a written report to the Director of the Office of Protection and Advocacy for Persons with Disabilities not later than five calendar days after the initial oral report was made, and a copy of any written report shall be given to the Superintendent.

4. Reporting Procedures for Non-Statutory Mandated Reporters

The following procedures apply only to employees who are not statutory mandated reporters, as set forth above.

a) If an employee who is not a statutory mandated reporter has reasonable cause to suspect that any person with an intellectual disability, or any individual who receives funding or services from the ~~Department of Developmental Services~~DSS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years of age has been abused or neglected, the following steps shall be taken.

- (1) The employee shall as soon as practicable, but not later than seventy-two (72) hours after having reasonable cause to suspect abuse or neglect, make an oral report by telephone or in person to the Superintendent of Schools or his/her designee, to be followed by an immediate written report to the Superintendent or his/her designee.
- (2) If the Superintendent or his/her designee determines that there is reasonable cause to suspect or believe that any person with an intellectual disability, or any individual who receives funding or services from the ~~Department of Developmental Services~~DSS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years has been abused or neglected, the Superintendent or designee shall cause reports to be made in accordance with the procedures set forth for statutory mandated reporters, set forth above.

- b) Nothing in this policy shall be construed to preclude an employee from reporting suspected abuse and/or neglect of adults with intellectual disabilities, or any individual who receives funding or services from the ~~Department of Developmental Services~~DSS' Division of Autism Spectrum Disorder Services, directly to the Office of Protection and Advocacy for Persons with Disabilities.

5. Contents of Report

Any oral or written report made pursuant to this policy shall contain the following information, if known:

- a) the name and address of the allegedly abused or neglected person;

- d) any additional information that the reporter believes would be helpful in investigating the report or in protecting the person with an intellectual disability or who receives funding or services from the ~~Department of Developmental Services~~DSS' Division of Autism Spectrum Disorder Services.

6. Investigation of the Report

If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report, and shall, to the extent feasible, endeavor to coordinate any such investigation with the investigation conducted by the Office of Protection and Advocacy for Persons with Disabilities.

The Superintendent's investigation shall include an opportunity for the suspected abuser to be heard with respect to the allegations contained within the report. During the course of an investigation of suspected abuse by a school employee, the Superintendent may suspend the employee with pay or may place the employee on administrative leave with pay, pending the outcome of the investigation.

If the investigation by the Superintendent and/or the Office of Protection and Advocacy produces evidence that a person with an intellectual disability, or any individual who receives funding or services from the ~~Department of Developmental Services~~DSS' Division of Autism Spectrum Disorder Services,

PSYCHOTROPIC DRUGS**

In accordance with Conn. Gen. Stat. § 10-212b, the Board of Education prohibits school personnel from recommending the use of psychotropic drugs for any child. Moreover, personnel may not require that a child obtain a prescription for a controlled substance (as defined in the Controlled Substances Act, 21 U.S.C. § 801 *et seq.*) in order for the child to: 1) attend school; 2) receive an initial evaluation or reevaluation to determine a child's eligibility for special education; or 3) receive special education and related services. Further, upon the consent of the student's parents or guardian, school personnel may consult with the medical practitioner regarding such use. Nothing in this policy shall be construed to prohibit discussion of medical evaluation by Planning and Placement teams or 504 meetings, or of appropriate staff providing data, at the request of the student's guardian, to the child's medical practitioners.~~

~~The Board recognizes the right of a parent or other person having control of a child to refuse to administer or consent to the administration of any psychotropic drug to the child. Therefore, this referral shall not be the sole basis for district staff to file a report of neglect or abuse with the Department of Children and Families.~~

~~The Superintendent of Schools or his/her designee shall promulgate this policy to district staff and parents/guardians of students annually and upon the registration of new students.~~

WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: January 18, 2017

Prepared By: Dana Plant

Presented By: Danielle Batchelder

Attachments: Food Service Financial Report

Subject: Cafeteria Operations – December 2016

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center, CREC's Academy of Aerospace and Engineering and CREC's Museum Academy. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fifth year of the summer feeding program serving breakfast and lunch at CREC Metropolitan Learning Center. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, adding Wilson Library and the Performing Arts Academy in Windsor during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

6.a. Recommendation on Oliver Ellsworth Mural

Discussion:

Dr. Cooke reported that the Oliver Ellsworth Mural Committee has developed four recommendations:

1. Recreate original mural, taken from a digital image, onto canvas to size 36" x 51" with black frame. This is the largest size possible without losing the integrity of the image. The committee suggested this canvas mural be located on the original wall for the remainder of this school year. Ms. Wood, Vice Principal of OE, was looking into other locations for the mural after the current school year.
2. A rededication event of the original mural on canvas to be held preferably as an evening event. This will allow current OE students/families and prior OE students who were part of the original mural an opportunity to join in the event. Additionally, other OE/community members could be invited.
3. The committee discussed the possibility of a second mural, depicting Windsor's diversity and culmination of a WPS education, which was brought forward by students on the committee. The mural would encompass the 'next phase' of their lives/path, depicting possible careers and future plans. Students on the committee were to create a Google doc/survey to elicit ideas/thoughts from their colleagues.
4. The second mural would be located at the Board of Education offices at the L.P. Wilson Community Center and would be designed and created by current WHS art students allowing all Windsor community members the opportunity to enjoy the mural.

Dr. Cooke reported that he was impressed with the work of the committee and his direction would be to accept their recommendations and put them in place. The cost to recreate the mural on canvas is low; the second mural would be done by art teachers and students at the high school who have volunteered.

Questions and discussion ensued.
