**WINDSOR BOARD OF EDUCATION  
AGENDA ITEM**

**For Consideration by the Board of Education at the Meeting of:** January 15, 2019

**Prepared By:** Dawn Hunter

**Presented By:** Craig Cooke

**Attachments:** Pertinent Information Related to the England/France Trip

**Subject:** England and France Overnight Field Trip-April break 2020 (Dates to be secured after BOE 2019-2020 school calendar approval in January 2019), 2<sup>nd</sup> Reading

---

**Background:**

Students at Windsor High School were provided the opportunity to travel to France in 2017, 2010 and Canada in 2011, 2013, 2015, 2018 to experience firsthand French culture with myself as tour leader. I would like to provide students with another opportunity to travel to France in 2020 with the experience of an additional neighboring country, England. Art teacher, Marjorie Renno, and I have teamed up in collaboration to give Windsor High School's World Language and Art students the unique opportunity to participate in a trip that we have tailored to expose students to the two different cultures; languages, food, customs, and famous landmarks and works of art in world-renowned art galleries.

**Status:**

A proposed field trip in April 2020 to England and France is considered for students enrolled in all levels of World Language and Art (Preference will be given to former/present students who are enrolled in World Language or Art. If any other Windsor High School student shows interest in signing up for the trip, teacher recommendations will be required if the French/Art teachers are not acquainted with the interested student). The educational objectives of the trip, as well as the cost, itinerary, trip and cancellation insurance are included in the packet provided to the Windsor Board of Education. As part of the cost of the tour, I have included the price with the all-inclusive insurance that each student will be required to purchase in the event that the Board determines that it is unsafe to travel at the time of the trip.

**Recommendation:**

Move the Board of Education approve the proposed trip to England and France as a 2<sup>nd</sup> reading reserving the right to cancel if it feels that the safety of the students is at risk.

## Grant Funded Field Trips/Travel

### **2012 & 2011 Greater Hartford Arts Council – Windsor Walks: Building Bridges**

- In partnership with the Windsor Historical Society, I designed a semester long project for my Pre-AP Studio Art students to be lead on walking tours through our historic district. Students took photographs and did sketches along these tours that were then used to develop works of art that addressed the question: How does perception influence interpretation? Students also met with local artists throughout the semester. The project culminates with a student designed exhibit that unifies the community through discussion of how we all experience our community. The project continues today as self-funded by generous donors who attended the original exhibits.

### **January 2011 Selected Member of American Artist Delegation to United Arab Emirates**

- *Selected as part of the Inaugural Group of American Artists to exhibit at the Sharjah Art Museum in the United Arab Emirates. Served as part of the American delegation of artists who traveled to the Middle East to work with an international group of artists, curators and educators to participate in the 29<sup>th</sup> Annual Juried Exhibit of the Emirates Fine Arts Society.*

### **2010 Windsor Education foundation Grant – Art & Reading Initiative**

- Working with other Art Department members, we developed a unit where art students visited the Museum of Fine Arts in Boston to view the Albert Durer Exhibit: Virtuoso. While there, students completed a written critical analysis of a chosen work of art. Upon return, they developed narratives employing the writing process to create a story inspired by that work in order to connect ideas between art and literature. High School students then presented these stories to middle school students and led the younger students in a printmaking project based on the presented narratives.

### **2008 ING Classroom Grant – Strategies for Critically Analyzing Art (on site at the Guggenheim, NYC)**

- Organized ING grant funded student art trip to NYC for advanced art students to work with museum staff on critical analysis activities in conjunction with the Guggenheim's retrospective of Cai Guo-Qiang. Students were asked to consider materiality, concept and form as they developed their own visual investigations for their senior portfolios.

## Hotel information

Even though you'll be far from home, your comfort won't be compromised. That's because when you travel with Explorica, you'll stay in clean, safe, attractive hotels that provide modern amenities and easy access to major attractions.

It is Explorica's policy to accommodate students in safe and clean hotels. We follow the three "C"s for our hotels – clean, comfortable and convenient. Upgraded hotels are available upon request.

The selection of our hotels is based on proximity to tour sights, comfort, quality and safety. Students are roomed in either triple or quad accommodations based on the hotel availability. Students have the option to upgrade to twin rooming for \$45 per night. Paying adults (23 or older) are roomed in twin/double accommodations and a \$45 per night double/twin rooming supplement is included in the adult total cost (\$75 per night for cruises and ferries). Adults have the option to upgrade to a single room for an additional \$40 per night.

##### *Group Leader Evaluations*

*"The hotel was nice and had great common spaces for hanging out. Excellent breakfast and nice rooms."*

## Meal information

Explorica provides breakfast and dinner daily on all tours (unless otherwise indicated on your itinerary). Explorica makes sure all travelers have the opportunity to experience local cuisine with their meals, such as a tapas dinner in Spain, crêpes in France or wiener schnitzel in Germany.

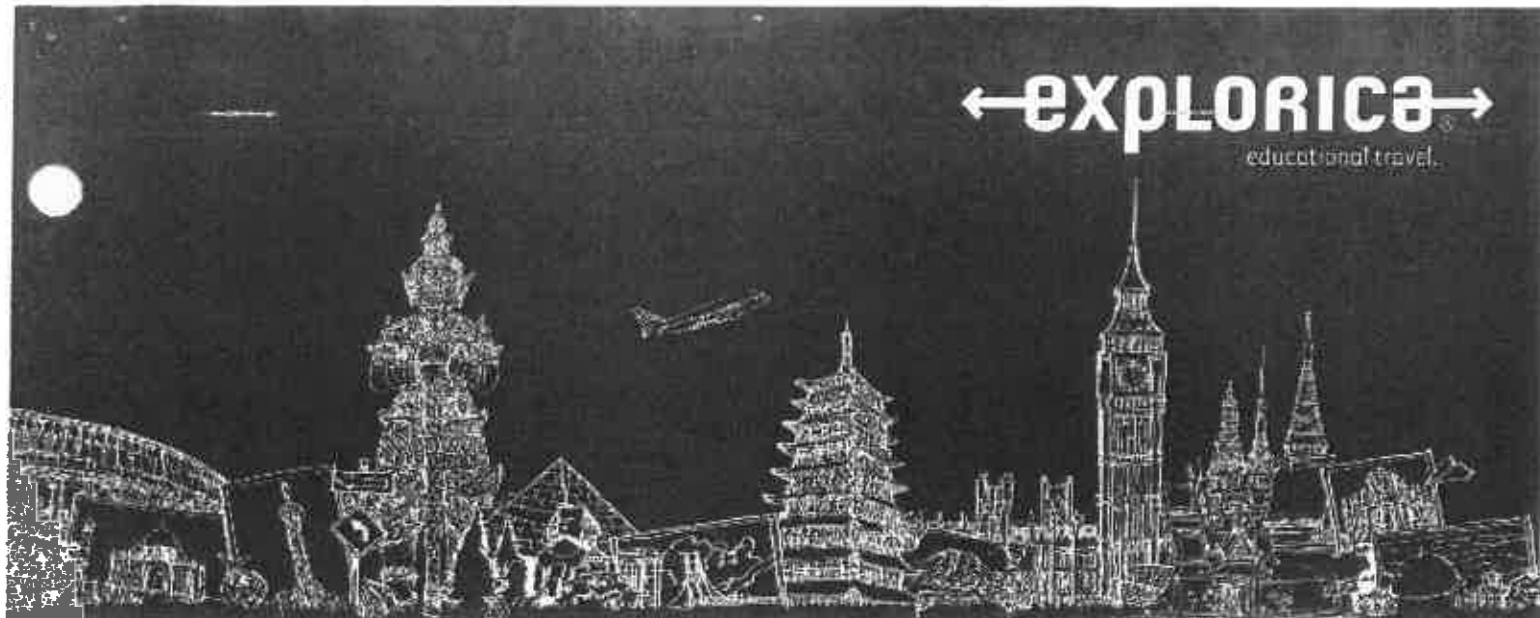

## Tour director

Your tour director is responsible for organizing the overall logistics of the trip. He or she will be with you from the beginning of the tour until the end to oversee the arrangements for all transportation, meals, accommodations and sightseeing. The tour director can also provide a wealth of information and suggestions for your free time. Local guides are your resource for detailed destination information and help supplement the travel experience.

## Communication on tour

Explorica provides a Tour Diary for each group that travels. We were the first company to develop the diary and have been providing this service for 10 successful years. Our online Tour Diary lets parents and friends see pictures of the group as they travel, so they know their children are safe, happy, learning and having fun. Here is an example of a posting for a group that traveled on our Galápagos Islands tour in February 2017:

"Day 2 - Hello everyone! Today was a wonderful first day! After breakfast we went to visit the highlights of Quito, museums, churches, plazas, government palace, and more. Then we had lunch in a traditional restaurant of the old town, after that we went to the equator line; there we had fun practicing some experiments and some of us got a certification as 'egg master.' We went back to the hotel and at night kids had dinner, and finally it was time to prepare everything to Galapagos! Tomorrow we leave early. We're having a great time!"

## Safety and security

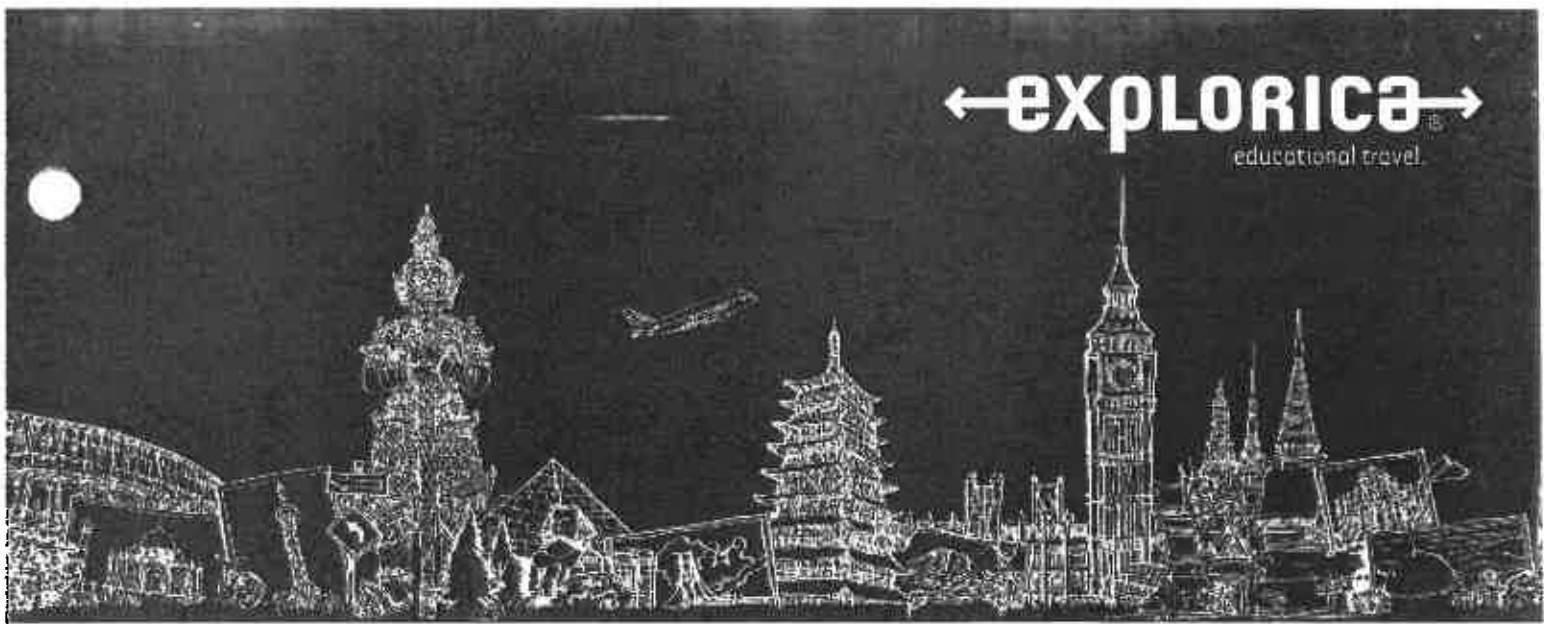

All tour directors come highly recommended with at least five years of experience in the industry. In addition to their safety expertise, we provide 24/7 emergency support, and have a global presence with over 45 offices around the world.

Explorica also offers each traveler the option to purchase the Travel Protection Plan at \$12/day or \$18/day for the Travel Protection Plan Plus.

Explorica has a \$50 million Liability Insurance Policy (see below). We can have the school information printed on the certificate before traveling.

We are a member of USTOA: United States Tour Operators Association's \$1 Million Travelers Assistance Program. As an Active Member of USTOA, Explorica, Inc. is required to post \$1 million with USTOA to be used to reimburse, in accordance with the terms and conditions of the USTOA Travelers Assistance Program, the advance payments of Explorica, Inc. customers in the unlikely event of Explorica, Inc.'s bankruptcy, insolvency or cessation of business. Further, the \$1 million posted by Explorica, Inc. may be sufficient to provide only a partial recovery of the advance payments received by Explorica, Inc. Complete details of the USTOA Travelers Assistance Program may be obtained by writing to USTOA at 275 Madison Avenue, Suite 2014, New York, New York 10016, by email to [information@ustoa.com](mailto:information@ustoa.com) or by visiting their website at [www.USTOA.com](http://www.USTOA.com).

In addition to the USTOA, Explorica is affiliated with the following notable organizations: Student Youth Travel Association (SYTA), National Tour Association (NTA), European Tour Operators Association (ETOA), Better Business Bureau (BBB), International Air Transportation Association (IATA), World Youth Student & Educational (WYSE) Travel Confederation, British Educational Travel Association (BETA). We also partner with iJET, a leading worldwide security and risk management organization, for additional assistance in evaluating global conditions.

## Liability policy

To Whom It May Concern,

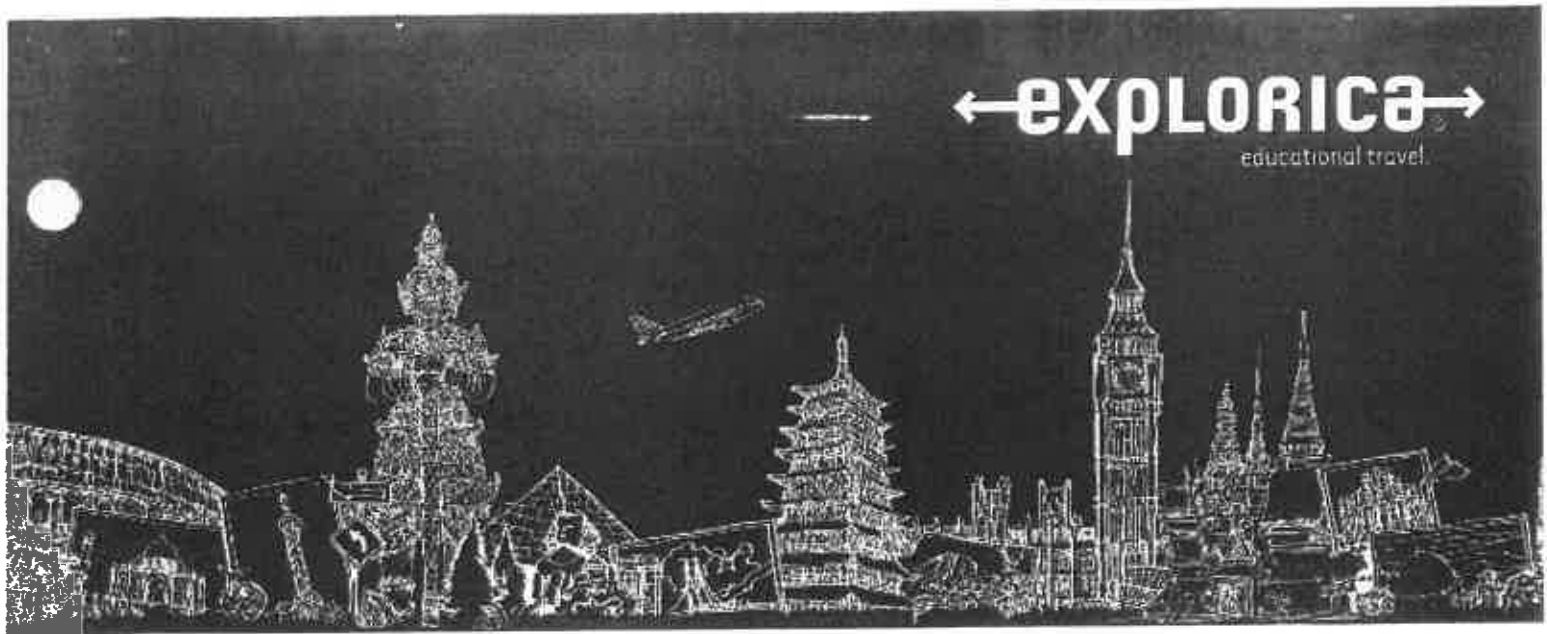

We understand that many school officials have expressed concern about allowing their students to travel. We want to assure you that the safety of the tour participants is Explorica's number one priority and that we have policies and procedures in place to protect the school, school district, teachers and participants involved with this tour.

Explorica's liability insurance is one of the largest in the industry at \$50 million. This insurance coverage extends to cover certain individuals acting on behalf of Explorica as tour directors, program leaders, chaperones, and volunteer speakers. Your school can be named as additional insured, if desired.

We of course share your concern for the students' safety and peace of mind. Our optional Cancel for Any Reason travel protection plan provides medical, baggage and cancellation insurance coverage for our travelers. We also have a network of support staff in the United States as well as a 24-hour emergency service for groups and their families. We offer additional peace of mind for parents and friends of our travelers by providing an online Tour Diary that is updated with pictures and journal entries by the Tour Director throughout the trip.

If you would like to discuss this matter further, we would be happy to speak with you at any time. Please call us at 1.888.310.7120.

Sincerely,  
Stephane Cosse  
VP Operations

## Positive feedback

After every tour Explorica asks our program leaders to create an evaluation to judge our overall pre-tour, during tour, and post-tour performance as a company. Everything is judged and it is a great way to provide feedback for us to improve as a company. Oftentimes we are given such positive feedback that we want to share it with potential Explorica program leaders.

**Linda L., English & German teacher, Bowdoin, ME**

My students had the time of their lives on this trip. Our tour director was so knowledgeable and incredible that Berlin, Prague and Munich just came alive during these 10 days. What an experience!

**Michelle D., Coburg, ON**

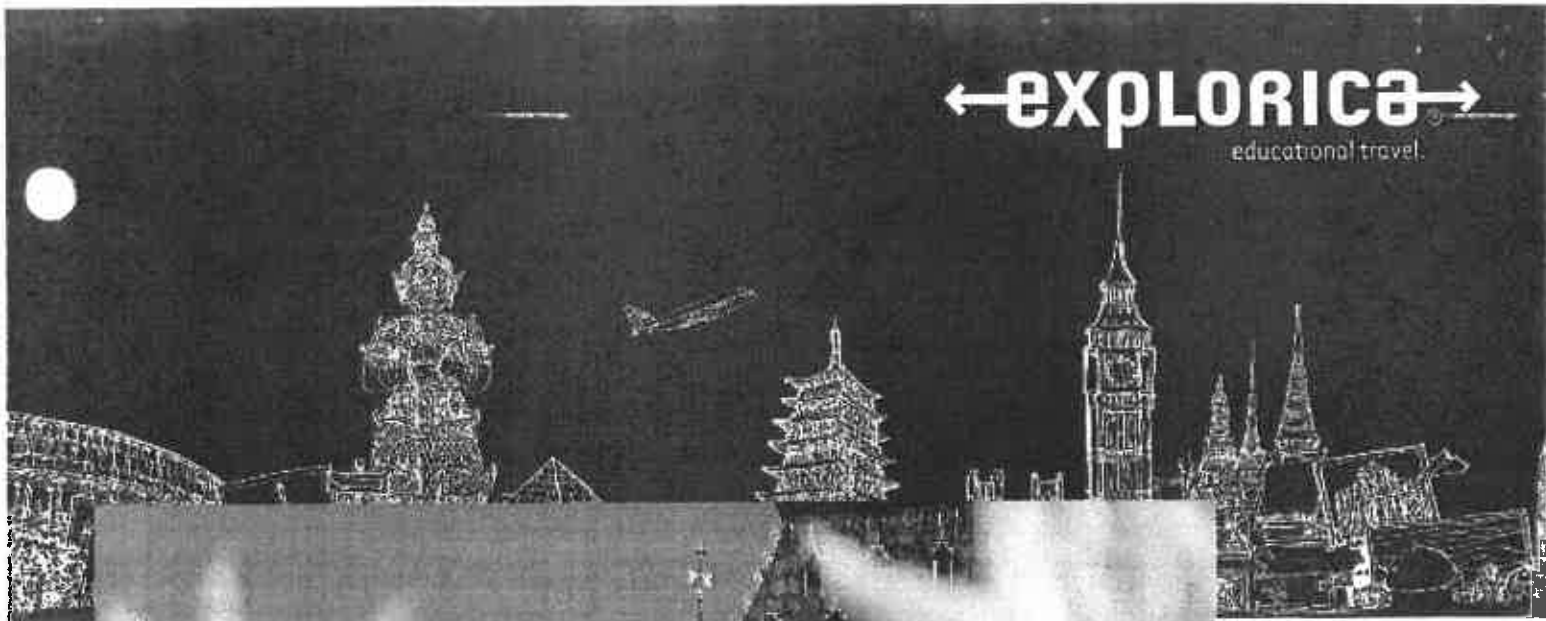

Well-organized, educational and safe travel — I couldn't ask for more! I have students knocking on my door the first day back asking, "Where is the trip next year?"

**Joe H., Spanish teacher, Chandler, AZ**

I LOVE teaching, but I LOVE traveling more! What better experience can we bring to the lives of our students than actually living in the countries we study?!

**Kathleen W., French teacher, Higganum, CT**

A wonderful experience for the students, especially hitting Carnevale in Venice. Our tour director enlivened the whole trip with his wit, charm and depth of knowledge.

## Partners

We work directly with the best suppliers in the business, communicating with them constantly to ensure that the accommodations, activities, transportation and meals for our student groups are second to none. We collaborate with United Airlines, Marriott, Hard Rock Cafe and more to bring you the highest quality meals, transportation and accommodations available.

## Your Explorica tour

We work with you every step of the way to ensure every aspect of your tour goes your way, from the preliminary planning process to your students' safe arrival home. That's why our dedicated staff works around the clock, so that you can get back to doing what you do best: changing lives one student at a time.

## Tour directors

With Explorica, you never work alone. Our professional tour directors provide 24/7 Explorica support for your group on tour, accompanying you every step of the way from arrival to departure. We perform detailed background checks on all our tour directors, who are fully trained in safety procedures and fluent in your destinations' languages.

### **Requirements for all Explorica tour directors:**

- › Regular criminal background checks
- › Valid first aid certification
- › Intensive annual trainings in safety & security
- › References before hire

### **Tour director responsibilities:**

- › Advise students on safety practices, such as keeping hotel doors locked, securing valuables, locating emergency exits, and implementing the "buddy" system
- › Liaise effectively with Explorica's operations and emergency departments

### **Tour director department support from Explorica:**

- › Designate a child protection officer to ensure the safety of all minors on tour
- › Organize annual tour director conferences to communicate safety & security updates
- › Organize on-tour support visits, sending senior tour directors to assist for quality control and emergency assistance purposes

## Ground transportation

Explorica's emergency and land departments are available 24/7 and routinely deal with transportation issues. Itineraries can be rescheduled accordingly to make up for any missed activities where possible.

### Public transportation

When traveling via public transit, students are organized into sub-groups with chaperones. Our 6:1 student-to-chaperone ratio supports safety when traveling in this fashion. Every group travels with a tour director familiar with cities visited and corresponding public transit systems.

### Rail transportation

We only work with the best trains in Europe with the highest safety ratings, including Eurostar, AVE, TGV, and a number of other international rail transit lines.

### Coach safety features and equipment

- › All our motor coaches are equipped with standard safety features to protect passengers.
- › Seat belts (when present in the coach) are present for the comfort and safety of passengers. Wearing them is compulsory in most European countries.
- › Fire extinguishers are usually located at the front of the vehicle.
- › Emergency exits include instructions for use in an emergency. Most coaches also have roof hatches that can be used as emergency exits.
- › First aid kits are often located in the overhead compartment above the first row of seats. They should be in a container clearly marked with the Red Cross symbol.
- › Adhere strictly to current driving hours legislation

## Flights

### Airline partners

We only work with the most reliable airlines to ensure that all of our tours arrive on time and safe in their destination. Our airline partners include most major airlines, such as Alitalia, KLM, Air France, American Airlines, British Airways, JetBlue, Lufthansa, Iberia, Virgin Atlantic and Delta Airlines.

### Flight delays and cancellations

Explorica's emergency department is available 24/7. The Explorica Travel Protection Plan also provides generous coverage for any additional costs incurred due to delays and cancellations. Itineraries are often rescheduled accordingly to make up for any missed activities.

## Activities

### **Water safety (swimming, kayaking, boating, canoeing, etc.)**

Life jackets are provided for all water-based activities by the activity provider. Groups do not visit beaches without lifeguards.

### **Adventure activities**

For adventure activities such as zip-lining, snorkeling, hiking, circus school or others, proper safety equipment (helmets, belays, snorkels, etc.) is required for all participants. The activity provider may require participants, or chaperones in the case of minors, to sign a waiver or release agreement. Participants are not required by Explorica to participate in this or in any activity, and may choose not to do so. Tour directors should advise their group leaders that if they have any students who are afraid of heights, water or uncomfortable doing an activity, then non-participation may be the best option.

## Meals and accommodations

### **Food safety**

All restaurants are inspected by Explorica staff and must pass safety inspection. All food allergies and requests are noted by the tour director and group leader, and all restaurants are notified of allergies in advance.

### **Hotel safety**

All hotels are inspected by Explorica staff and must pass safety inspection. All hotels provided have security staff, and additional security or specific floor supervision can be provided upon request. Nighttime security is included in all our domestic tour packages. Teachers, chaperones and students will be placed on the same floors to ensure additional supervision when possible.

## Communication on tour

We promise to keep our student travelers as safe as possible, but we understand that most parents want to check in for themselves. To ensure that student travelers can contact their families as much as possible, we make sure that there are a number of communication options available. This way students can share their adventures with those at home, and parents can personally verify that their children are safe and secure while on tour.

### **Emergency assistance**

We believe it's important to be prepared for any emergencies that might arise while traveling. With Explorica's worldwide network, internationally located offices, and 24/7 emergency support, we can help you with any problem, at any time, in any country. If a problem or emergency occurs on your tour, we will respond swiftly and appropriately to minimize any disruption to your trip.

### **Explorica Customer Care**

Our dedicated 24-hour emergency contact line is always staffed and ready to provide rapid response. If you have an emergency any time during your tour, please call 1.617.210.6194.

### **Worldwide network**

While on tour, our international network of offices enables us to react immediately to any situation requiring immediate on-site assistance

### **Tour Diaries**

Our exclusive online Tour Diaries enable parents to check in on their students' daily activities while on tour, without interrupting any of their adventures. Our tour directors publish photos and journal entries at the end of each day on tour, so that families at home can keep tabs of their travelers from across the country or across the world.

### **Calling home**

While travelers should be careful about flaunting expensive smartphones, it can be a great safety asset to have a working phone while traveling. On international tours, consider using a prepaid international calling card or international cell phone to keep in touch with your group and your family at home. We recommend purchasing international calling cards in destination countries, as locally bought cards are the most effective.

## Travel protection

Protect yourself, your belongings and your tour investment with the best insurance in educational travel. We suggest all travelers purchase one of our two travel protection plans, so they are covered for lost bags, misplaced tickets or passports, or illness during the tour.

Through Trip Mate, our third-party travel protection plan provider, four out of five Explorica travelers protect their tours with our travel protection plans. Explorica offers two great plans that help protect your educational travel investment.

### **Explorica Travel Protection Plan**

Our standard protection plan covers you for the following events:

- › A traveler's injury, sickness, or death of an immediate family member
- › Theft of passport or visas
- › Loss of luggage and personal effects
- › Trip cancellation or trip interruption due to covered reasons such as a covered sickness, injury or death
- › Trip cancellation or trip interruption due to terrorist acts, as defined.

### **Explorica Travel Protection Plan PLUS**

For everything else, there's our Travel Protection Plan PLUS, which includes our exclusive Cancel For Any Reason waiver benefit in addition to our standard insurance. This means that no matter *what* your reason, if you cancel your trip at least 30 days prior to departure, you will be reimbursed for 75% of cancellation fees in *cash*, an option not available anywhere else.

# The Explorica safety plan

Explorica's approach to safety and security is to be prepared. We always plan not to have a crisis, but we prepare for everything just in case. Explorica has a very comprehensive internal response plan (including a major incident response plan) regarding the many emergency situations that may occur while on tour. The following major incidents are considered in Explorica's plan:

- › Flight, bus, train, cruise or ferry accident
- › Fire
- › Terrorism
- › Natural disasters
- › Injury or death of a tour participant
- › Overnight hospitalization
- › Criminal charges
- › Lost student or adult
- › Allegations by participants
- › Pandemics

All levels of the company are involved in order to resolve any situation. This includes the direct involvement of the tour director, their communications to the tour director supervisors, the Emergency Department, the Operations Department and our Customer Care Department. There is a corresponding priority and escalation process, with senior executive involvement only a mobile phone call away, 24 hours per day.

# Emergency management

Tour directors are trained on how to address emergency situations at the onset of every travel season. Explorica provides an emergency phone number to all participants, parents, chaperones, tour directors and anyone else associated with the trip. Explorica's emergency and operations staff conduct drills and trainings on an annual basis, to test all processes and procedures.

## **Minor incidents**

Tour directors report any minor accident to our operations team at the onset of the incident. Depending on the situation, appropriate personnel are informed via an internal communication system, which alerts multiple departments of minor accidents, allowing them to work quickly and efficiently to resolve the issue. Incidents are not resolved until labeled as closed in the system.

## **Major incidents**

Similar to a minor accident, all information regarding a major accident is reported via our internal communication system. In a major accident situation, our safety & security officer is contacted immediately to ensure the situation is communicated accordingly to all parties. Tour directors and ground representatives work with the group leader to ensure all parties are safe and taken care of for the remainder of the tour. We will contact the insurance provider when necessary.

## **Extreme weather or natural disasters**

In the case of extreme weather or natural disasters, the tour director will report the situation via our internal communication system and notify our safety & security officer. Arrangements will be made to ensure the safety and satisfaction of the students on tour.

## **Allergies**

Explorica advises the tour director and all relevant suppliers of allergies provided by the traveler online or by the group leader by completed allergy forms. The tour director will work with chaperones to ensure students' safety.

## **Prevention and action plan for missing students**

Head counts are performed at each meeting point on tour, and each time the group boards a bus or other form of transportation. All students receive the hotel's name, address and phone numbers. In the event of a missing student, our emergency procedures would be activated and all parties on location would support efforts in finding the student. Teachers are also accountable for assisting in these efforts.

## **Lost or stolen passports**

In the event of a lost or stolen passport, your group's tour director and the Explorica operations team will assist you in the proper procedures for obtaining a new one. Explorica is not liable for lost or stolen passports. For coverage in such an event, please purchase one of our travel protection plans.

# Proactive security steps

**Explorica's Safety & Security Guide is available to all group leaders before their tour, and we have emergency contingency plans in place on all travel programs. To ensure the highest level of safety for our travelers in every scenario:**

- › We have a global presence with over 45 offices around the world to monitor situations and assist in the event that safety issues arise.
- › Our VP of Risk Management, supported by our 24/7 team of dedicated risk management professionals, continually assesses all travel destinations and situations.
- › We partner with iJet, a leading worldwide security and risk management organization, for additional assistance in evaluating global conditions, and we actively monitor any security issues with them.
- › Our tour directors live and work in the cities our students visit and are available at all times to support their groups. We are in regular contact with all of our staff on the ground to provide up-to-date information on local conditions.

**If a terror event or natural disaster occurs in your city during travel (if group is together without the tour director):**

- › The tour director and group leader should determine whether to shelter in place, to return to the hotel, or to move to a safer location.

**If a terror event or natural disaster occurs in your city during travel (if group is together with the tour director):**

- › If you are at a location/activity determine whether it is best to shelter in place, return to the hotel, or move to a safer location.
- › If you are at a restaurant/other public location, you can consult with locals for their recommendations.
- › Contact Explorica as soon as practical (as well as your school). Use the 24/7 number listed below.

**If a terror event or natural disaster event occurs in your city during travel (if during free time):**

- › During free time, it is likely your group will be fragmented and in multiple locations. Your top priority as group leader is to determine the safety of your students.
- › All group participants (students, chaperones) must understand that if there is an incident in the city at time of travel, they must either immediately return to the hotel for headcount, or contact you indicating they are safe but unable to safely return to the hotel at the time.
- › You may choose to share a secondary meeting location if your hotel is unsafe for return.
- › If participants assess that it is not safe for them to return to the hotel, they can shelter in place. They should then reach out to you via phone/text, email, or through social media posts. Students without phones may need to borrow one from local residents.
- › Contact Explorica as soon as practical (as well as your school). Use the 24/7 number listed below.

## **How to reach Explorica in an emergency:**

- › Phone **+1.617.210.6194** (24/7 Emergency Contact Line)
- › Please program the above number and your school's number into your phone prior to travel.

Explorica disclaimer: The purpose of this document is to serve as a preparatory guide for group leaders and Explorica team in-country in the event of a terror incident/natural disaster in the city in which a group is traveling. This document is not intended for distribution to students. It is based on the best knowledge and recommendations of the Explorica Risk Management team. Note that situations on the ground may dictate a different course of action, and participants should use their judgment about the safest course of action in an emergency.

## Liability

We understand that many school officials are concerned about allowing their students to travel, but we assure you that safety is Explorica's number one priority. We have taken all precautions to protect students and other tour participants, and we have policies in place to protect the school, school board, teachers and participants involved with our tours.

Explorica has an exceptional safety record, but in the unlikely event of injuries or damages resulting from our negligence, we have a \$50 million liability policy with Zurich Insurance Group that protects third parties such as the school and school board. For additional information on our liability insurance, or to receive proof of coverage, please contact your Explorica program consultant or call 1.888.310.7120.

# Explorica's Code of Conduct

**Educate yourself about the culture you're visiting.** Before you jet off across the world, do a little research. How do they dress? What do they eat? How do they say "hello"? This will help you adjust to the new environment and keep you from looking like a tourist.

**X marks the spot.** Be where you need to be when you need to be there. Always come prepared with local maps, essential phone numbers, and a watch, so it's easy for you to get to designated meeting spots on time. Scheduled activities are mandatory. If you need to be excused from an activity for any reason, please ask your group leader for permission in advance.

**Pay attention to your surroundings.** In a new environment, there's a lot to take in, but you need to stay alert. Be mindful of your safety and belongings at all times, so that you can avoid any mishaps while traveling.

**Listen to your group leader and tour director.** Your group leader is responsible for your safety, and your Explorica tour director is an expert in every aspect of your destination. It is important that you listen to them and do what they say at all times. This means getting places on time, respecting curfew, and following all rules in place, so everyone can have a fun and safe experience.

**Organize your free time responsibly.** Throughout your trip you'll have periods of free time. During this time, you should always be with a small group, and never stray too far from your meeting place. Be sure to wear a watch, carry a map, and allot plenty of time to get to your meeting place early, so the rest of your group doesn't have to wait.

**Respect the people and the culture.** When you travel, think of yourself as a guest in someone else's home. Even if foods, clothes, or behaviors seem strange to you, be understanding and accepting of the culture.

**Illegal activities will not be tolerated.** The laws abroad may be very different from the laws back home, but no matter how strange they may seem to you, follow them! If not, you are subject to the legal consequences and immediate dismissal from the tour.

**Consumption of hard alcohol will not be tolerated.** We do not permit excessive drinking on our tours. The allowance of a glass of wine or beer at meals is up to the discretion of your group leader if you are over 18 and of legal drinking age in the country you are visiting.

**Offer help and support to your peers, group leader and tour director.** You're all in this together! Whether a friend needs a hand lifting a suitcase, your group leader needs to get everyone quiet to call roll, or your tour director needs help learning someone's name, lend a helping hand to whoever needs it.

**Damages are your own personal responsibility.** If you break it, you buy it. If you damage anything in your hotel or bus or incur any additional fees (e.g. phone calls, room service, etc.), you will be held responsible and required to pay for it. If you notice any damage upon arrival, notify your tour director immediately.

**Experience the world and have fun!** These rules are in place to keep your entire group safe, healthy, and happy on tour. Now it's your job to get out there and enjoy the experience of a lifetime. *Bon voyage!*

## Budget Assumptions for 2019-2020

1. **Enrollment:** Each year the Windsor School District commissions the New England School Development Council (NESDEC) to conduct an enrollment projection study. NESDEC uses the cohort survival technique as well as current town-specific information in preparing Windsor's enrollment forecasts.

District Wide enrollment has had a steady increase over the past few years. In 15/16 and 16/17, enrollment remained stable. The NESDEC projected enrollment for 17/18 and 18/19 showed a decrease of 36 students over 16/17 and then another decrease of 19 students over 17/18. Contrary to the study results, 17/18 enrollment increased to 3,238 and the final October 1<sup>st</sup> 2018 results have enrollment at 3,269 for 18/19. *This is an increase of 83 students over the past two years.* The projected enrollment for 19/20 shows a continued increase.

2. **Staffing & Programs:** Based on the likelihood of a lean 19/20 budget, any requests for additional staffing will be highly scrutinized and may not survive the budget process. Decisions around staffing and program redesign will be driven by their potential impact on raising student achievement while honoring the commitment to be fiscally responsible.
3. **Health Insurance:** If we continue to have low claim trends as we've been experiencing the past few years, the cost for health care is projected to remain flat and possibly decrease slightly.
4. **State & Federal Funding/Grants:** ECS & Excess Cost Funding for Windsor is expected to remain stable for 19/20. Changes at the state level change daily. The entitlement grants (Title and IDEA) have held flat. We're hopeful that those grants will not be cut in 19/20.
5. **ECS Alliance Grant:** Funding reliability of the Alliance Grant has varied over the past 6 years. 18/19 is year 6 of the grant. Funding for 19/20 is highly likely to remain consistent with 18/19.
6. **Energy:** All schools are now operating with natural gas and by Spring 2019, 5 of our 6 schools will have completed a total school LED upgrade. The energy efficiency upgrades that have been made, have allowed the district to lower energy costs over the past few years. Locking in a rate sooner rather than later is important in order to remain flat funded in this budget line item. Cost-saving measures within the facility and operations area are a must.
7. **Facilities:** All capital needs are presented to George Greco, Facilities Director. State and federal compliance issues must be addressed. The need to properly maintain our buildings is also a priority and we anticipate a request for increased major maintenance funding.
8. **Transportation:** The contractual increase for Dattco Transportation is 3.9% or \$183,515 for 19/20. The % increase is due to lower % increases in prior years. Special education transportation for 19/20 is estimated to increase by \$83,500 (4.3%) for 19/20. This increase is due to an increase of individualized transportation based on student needs.
9. **Diesel Fuel:** Diesel fuel has been at a low the past two years. We do not anticipate that moving forward. The lock in price in 17/18 was \$1.81/gallon and in 18/19 it is \$2.05. The projected rate for 19/20 is \$2.50/gallon which is consistent with that Town of Windsor's projection. This is an increase of \$42,182. This will be monitored in the coming months by the Town.

**PROCEDURES FOR CONCUSSION MANAGEMENT – RETURN TO LEARN**

**Purpose**

1. To educate members of the school district and community regarding potential effects and complications of concussion, especially Second Impact Syndrome (potential for a second concussion within a 12 month period);
2. To promote early recognition of concussion in students and referral for medical assessment should a head injury occur in school;
3. To facilitate collaboration between school staff, students' physicians, and families; and
4. To ensure safe and consistent management of students who have sustained a concussion.

**Concussion Management: Medical**

1. Staff will immediately: (1) exclude from physical education and recess activities, as well as intramural sports, any student who sustains trauma to the head and/or symptoms of a concussion and (2) refer the student to the school nurse for assessment. If the trauma occurs after regular school hours, the coach or athletic trainer will notify the school nurse about the injury as soon thereafter as possible.
2. School staff members will notify the school nurse as soon as they become aware of a student who has sustained a head injury or concussion outside of school.
3. The school nurse will: obtain injury details; assess the student, utilize the SCAT II tool if indicated by a medical professional; notify the parent/guardian and provide the Acute Concussion Care Plan to take to his/her physician; refer for medical evaluation, as indicated; and exclude from further physical education, intramurals, interscholastic sports and recess any student who has sustained a head injury and is suspected of having a concussion until such time as the student is medically cleared to return to such activities.
4. The school nurse will return students to contact activities only with the written medical authorization of the student's physician verifying that it is safe for the student to return to full participation in physical education, intramural or interscholastic sports and recess activities.

5. The school nurse will consult with the student's counselor and administrator before processing a physician's authorization for return to all physical education, recess and intramural or interscholastic activities to ensure consistency between academic and athletic management of the student's follow up care.
6. If the school nurse questions whether it is safe for a student to return to participation in contact activities according to the medical authorization, the school nurse will consult with the nursing supervisor and school medical advisor, as appropriate, and action will be taken accordingly.
7. Staff will never, under any circumstance, override the decision of the school nurse regarding a student's participation in high risk activities during school, sports, or school related events.

#### **Concussion Management: Educational (Pre-K through 12<sup>th</sup> grade)**

1. Assessment results and recommendations for participation in educational and physical activities in school, including classes, related academic work, physical education, recess, extracurricular activities, and intramural or interscholastic sports will be provided to the school nurse by the family and/or student's physician.
2. Authorization for exchange of information will be provided to parents/guardians for signature when needed.
3. Physician notes requesting academic adjustments of any type related to the diagnosis of concussion will be shared with the school academic team which will review the adjustments and implement reasonable short term accommodations.
4. When a student requires educational adjustments beyond three weeks, the school nurse will advise the parents of the possibility of the school district's request for an assessment by a qualified neurologist or concussion specialist.
5. When the student is requiring educational adjustments beyond three weeks as determined by recommendations from the student's physician after a follow-up appointment and receipt of recommendations, a team meeting with the academic team will be convened to develop an Individual Health Care Plan (IHCP) to address appropriate health services/educational supports and accommodations and to review the 'return to learn' process.
6. As appropriate, the school nurse will obtain data from the academic team and report follow-up data including school attendance, academic performance and symptom assessment to the physician prior to the medical evaluation.
7. When a student is receiving adjustments beyond three weeks, medical updates including updated accommodations will be required at least monthly for review by the team.

8. Once a student has been medically cleared to return to sports, and other high risk activities the individualized health care plan and academic adjustments related to concussion will be terminated.
9. Only after a student has been cleared to fully participate in academics can the student be cleared to return to interscholastic and intramural sports. Accommodations may remain in place as necessary.
10. In the event that a student is unable to attend school and requirements for Home Bound instruction are met, procedures for initiating Home Bound instruction will be initiated.
11. In the event that a student's concussion symptoms are continuing over an extended period of time and a student is referred for consideration of a disability under Section 504, the Section 504 team will meet to determine if concussion-related accommodations are appropriate.

**POLICY REGARDING STUDENTS AND  
SECTION 504 OF THE REHABILITATION ACT OF 1973 AND  
TITLE II OF THE AMERICANS WITH DISABILITIES ACT OF 1990**

Section 504 of the Rehabilitation Act of 1973 ("Section 504") prohibits discrimination against individuals with a disability in any program receiving Federal financial assistance. Similarly, Title II of the Americans with Disabilities Act of 1990 ("Title II" or "ADA") prohibits discrimination against individuals with a disability by state and local governments. To be protected under Section 504 and the ADA ("collectively, "Section 504/ADA"), an individual must (1) have a physical or mental impairment that substantially limits one or more major life activities; (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

In order to fulfill its obligation under Section 504/ADA, the Windsor Public Schools recognize a responsibility to avoid discrimination in policies and practices regarding its personnel, students, parents/guardians and members of the public who participate in school sponsored programs. In this regard, the Windsor Public Schools prohibit discrimination against any person with a disability in any of the services, programs or activities of the school system.

The school district has specific responsibilities under Section 504 to identify, evaluate and provide an educational placement for students who have a physical or mental impairment that substantially limits a major life activity. The school district's obligation includes providing access to a free appropriate public education ("FAPE") for students determined to be eligible under Section 504/ADA. Under Section 504, FAPE is defined as the provision of regular or special education and related services that are designed to meet the individual educational needs of a student with a disability as adequately as the needs of students without disabilities are met, and that are provided without cost (except for fees imposed on nondisabled students/parents).

If the parent/guardian of a student disagrees with the decisions made by the professional staff of the school district with respect to the identification, evaluation or educational placement of his/her child, the parent/guardian has a right to request an impartial due process hearing.

In addition, a student or parent/guardian of a student may also file an internal grievance/complaint on these issues or any other type of discrimination on the basis of disability by or within the district by utilizing the grievance/complaint procedures outlined in the Board's Administrative Regulations Regarding Students and Section 504 of Rehabilitation Act of 1973 and Title II of Americans with Disabilities Act, and/or may file a complaint with the Office for Civil Rights, U.S. Department of Education ("OCR"):

Timely reporting of complaints facilitates the prompt investigation and resolution of such complaints. If the complaint is made verbally, the individual taking the complaint will reduce it to writing.
- B. At any time, when a complaint involves discrimination that is directly related to a claim regarding the identification, evaluation or educational placement of a student under Section 504, the complainant may request that the Section 504/ADA Coordinator submit the complaint directly to an impartial hearing officer and request a hearing in accordance with Section III.D. Complaints regarding a student's rights with respect to his/her identification, evaluation or educational placement shall be addressed in accordance with the procedures set forth below in Section III.
- C. Retaliation against any individual who complains pursuant to the Board's policy and regulations listed herein is strictly prohibited. The district will not tolerate any reprisals or retaliation that occur as a result of the good faith reporting or complaint of disability-based discrimination or as a result of an individual's participation or cooperating in the investigation of a complaint. The district will take necessary actions to prevent retaliation as a result of filing a complaint or the participation in an investigation of a complaint.
- D. If the Section 504/ADA Coordinator is the subject of the complaint, the complaint should be submitted directly to the Superintendent who may conduct the investigation or appoint a designee to conduct the investigation in accordance with these procedures.
- E. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating

circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible.

F. The complaint should contain the following information:

1. The name of the complainant;
2. The date of the complaint;
3. The date(s) of the alleged discrimination;
4. The names of any witnesses or individuals relevant the complaint;
5. A detailed statement describing the circumstances in which the alleged discrimination occurred; and
6. The remedy requested.

However, all complaints will be investigated to the extent possible, even if such information is not included in the complaint. In such circumstances, additional information may be requested by the investigator as part of the investigation process.

G. Upon receipt of the complaint, the individual investigating the complaint shall:

1. Provide a copy of the written complaint to the Superintendent of Schools;
2. Meet with the complainant within ten (10) school days to discuss the nature of the complaint, identify individuals the complainant believes have relevant information, and obtain any relevant documents the complainant may have;

6. Communicate the outcome of the investigation in writing to the complainant, and to any individual properly identified as a party to the complaint (to the extent permitted by state and federal confidentiality requirements), within fifteen (15) school days from the date the complaint was received by the Section 504/ADA Coordinator or Superintendent. The investigator may extend this deadline for no more than fifteen (15) additional school days if needed to complete the investigation. The complainant shall be notified of such extension. The written notice shall include a finding whether the complaint was substantiated and if so, shall identify how the district will remedy any identified violations of Section 504/ADA;

7. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of staff and/or other individuals who may have information relevant to the complaint. If fixed timeframes cannot be met, complainant will receive notice and interim measures may be implemented as necessary (see subparagraph 6);

  9. In the event the investigator concludes that there is no violation of Section 504/ADA, the district may attempt to resolve the complainant's ongoing concerns, if possible.
- H. If the complainant is not satisfied with the findings and conclusions of the investigation, the complainant may present the complaint and written outcome to the Superintendent for review and reconsideration within thirty (30) calendar days of receiving the findings. This process provides an opportunity for the complainant to bring information to the Superintendent's attention that would change the outcome of the investigation. In submitting the complaint and written outcome for review, the complainant must explain why he/she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, *and* how this information would change the investigator's determination in the case. Failure to provide all such information may result in the denial of the review.

Upon review of a written request from the complainant, the Superintendent shall review the investigative results of the investigator and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator and complainant, a meeting with appropriate individuals to attempt to resolve the complaint or a decision affirming or overruling the investigator's conclusions or findings. The Superintendent shall provide written notice to the complainant of his/her decision within ten (10) school days following the receipt of the written request for review.

## Drug/Alcohol Violations

If a student with a disability violates the Board's policies relative to the use or possession of illegal drugs or alcohol, the Board may take disciplinary action against such student for his/her illegal use or possession of drugs or alcohol to the same extent that the Board would take disciplinary action against nondisabled students. Such disciplinary action is not subject to the complaint or due process procedures outlined below.

### RESTRAINT AND SECLUSION OF PERSONS AT RISK

The Board of Education seeks to foster a safe and positive learning environment for all students. The Board of Education mandates compliance with this regulation at all times. Violations of this regulation by a Board of Education staff member or other individual working at the direction of, or under the supervision of, the Board of Education, may result in disciplinary action, up to and including possible termination of employment status and/or termination of contract for services.

Nothing within these regulations shall be construed to interfere with the Board's responsibility to maintain a safe school setting, in accordance with Connecticut General Statutes § 10-220, or to supersede the justifiable use of reasonable physical force permitted under Connecticut General Statutes § 53a-18(6).

- B. No provider or assistant shall use involuntary physical restraint on a person at risk EXCEPT as an emergency intervention to prevent immediate or imminent injury to the person at risk or to others.
- C. Physical restraint of a person at risk shall never be used as a disciplinary measure or as a convenience.
- D. Providers and assistants must explore all less restrictive alternatives prior to using physical restraint for a person at risk.
- E. Providers and assistants must comply with all regulations promulgated by the Connecticut State Board of Education in their use of physical restraint with a person at risk.

F. Monitoring

1. A provider or an assistant must continually monitor any person at risk who is physically restrained. The monitoring must be conducted by direct observation of the person at risk.
2. A provider or an assistant must regularly evaluate the person being restrained for signs of physical distress. The provider or assistant must record each evaluation in the educational record of the person being restrained.

III. Procedures for Seclusion of Persons at Risk

A. No provider or assistant shall use involuntary seclusion on a person at risk EXCEPT as follows:

1. as an emergency intervention to prevent immediate or imminent injury to the person at risk or to others; OR
2. as specifically provided for in the IEP of the person at risk, if other less restrictive, positive behavior interventions appropriate to the behavior exhibited by the person at risk have been implemented but were ineffective.

B. Seclusion as a Behavior Intervention in an IEP

1. Prior to including seclusion in the IEP of a person at risk, the PPT must review the results of a functional behavioral assessment and other information determined to be relevant by the PPT. If, based on this information, the PPT determines that the use of seclusion is an appropriate behavior intervention for the person at risk, the PPT shall include the assessment data and other relevant information in the IEP of the person at risk as the basis upon which a decision was made to include the use of seclusion as a behavior intervention. The use of seclusion in the IEP must be reviewed at least annually by the PPT. The PPT must include the following information in the IEP of the person at risk:

2. When seclusion is included in the IEP of a person at risk and is used as a behavior intervention strategy more than two times in any school quarter, the PPT must convene to review the use of seclusion as a behavior intervention. At this PPT meeting, the team may consider whether additional evaluations or assessments are necessary to address the behavior of the person at risk and may revise the IEP as appropriate.
  3. Prior to including seclusion in an IEP of a person at risk, the PPT must inquire as to whether there are any known medical or psychological conditions that would be directly and adversely impacted by the use of seclusion as a behavior intervention. A person at risk may not be placed in seclusion if such person is known to have any medical or psychological condition that a licensed health care provider has indicated will be directly and adversely impacted by the use of seclusion. The PPT may request a medical or psychological evaluation of the child for purposes of determining whether there is a medical or psychological condition that will be directly and adversely impacted by the use of seclusion as a behavior intervention. Any written statement from a licensed health care professional in this regard shall be included in the special education file of the person at risk.
- C. Seclusion of a person at risk shall never be used as a disciplinary measure or as a convenience.
  - D. Any period of seclusion (1) shall be limited to that time necessary to allow the person at risk to compose him or herself and return to the educational environment and (2) shall not exceed one hour. The use of seclusion may be continued with written authorization from the building principal or designee to prevent immediate or imminent injury to the person at risk or

to others. Where transportation of the person at risk is necessary, the written authorization to continue the use of seclusion is not required if immediate or imminent injury to the person at risk or to others is a concern.

E. Providers and assistants must explore all less restrictive alternatives prior to using seclusion for a person at risk, unless seclusion is being used pursuant to the IEP of the person at risk.

F. Any room used for seclusion must:

1. be of a size that is appropriate to the chronological and developmental age, size and behavior of the person at risk;
2. have a ceiling height that is comparable to the ceiling height of the other rooms in the building in which the seclusion room is located;

4. be free of any object that poses a danger to the person at risk who is being placed in the seclusion room;
5. have a door with a lock only if that lock is equipped with a device that automatically disengages the lock in case of an emergency.<sup>1</sup> Any latching or securing of the door, whether by mechanical means or by a provider or assistant holding the door in place to prevent the person at risk from leaving the room, shall be able to be removed in the case of any emergency. An “emergency,” for purposes of this subsection, includes but is not limited to the following:
  - a. the need to provide direct and immediate medical attention to the person at risk;
  - b. fire;
  - c. the need to remove the person at risk to a safe location during a building lockdown; or

Prior to engaging in physical restraint and/or seclusion practices pursuant to this regulation, Board of Education employees must successfully complete the Board of Education's physical management training program.
- B. The Board shall provide training in physical management, physical restraint and seclusion procedures including, but not limited to, training to recognize health and safety issues for children placed in seclusion to ensure the safe use of seclusion as a behavior intervention.

The incident form must be included in the educational file of the person at risk who was physically restrained or secluded. The information documents on the form must include the following:

1. An attempt shall be made to notify the parent or guardian of the person at risk on the day of, or within twenty-four (24) hours after, physical restraint or seclusion is used with the person at risk as an emergency intervention to prevent immediate or imminent injury to the person or others.
2. Notification may be made by telephone, e-mail, or other method which may include, but is not limited to, sending a note home with the person at risk.
3. The parent or guardian of a person at risk who has been physically restrained or placed in seclusion shall be sent a copy of the

completed standardized incident report of such action no later than two (2) business days after the emergency use of physical restraint or seclusion, regardless of whether the parent received the notification described in subsections 1 and 2 above.

4. Where seclusion has been included in the IEP of a person at risk, notification shall be made in accordance with Section III(B)(1)(e) above.
- C. The Director of Special Education [or other responsible administrator], or his or her designee, must, at each initial PPT meeting for a child, inform the child's parent, guardian, or surrogate parent, or the pupil if such pupil is an emancipated minor or eighteen years of age or older, of the laws relating to physical restraint and seclusion as expressed through this regulation, and of the laws and regulations adopted by the Connecticut State Board of Education relating to physical restraint and seclusion.

**Section: Community Relations**

**Subject: COMMUNICATIONS WITH THE PUBLIC P-1110.1**

**BOARD OF EDUCATION POLICY  
WINDSOR PUBLIC SCHOOLS  
WINDSOR, CT**

**Parent Involvement**

The Board of Education believes that the education of children is a cooperative effort among parents, school and community. In this policy the word “parent” also includes guardians and other family members involved in supervising the child’s schooling.

Increased parent and community involvement improves student achievement. Parent and community involvement initiatives in the school system will be flexible and creative, promote effective two-way communication, and offer opportunities for all parents to participate. The implementation of this policy is the responsibility of all district staff.

Further, the Board of Education believes that the administration must take whatever steps are necessary to facilitate a broad variety of opportunities for parents to connect frequently with the schools in which their children are enrolled and with the overall system.

Each school should:

- A. Encourage strong home-based partnerships;
- B. Provide for consistent and effective communication between parents and school officials;
- C. Offer parents ways to assist and encourage their children to do their best;
- D. Offer ways parents can support classroom learning activities;
- E. Provide opportunities for parents to have a voice in planning and decision-making at both the school and district level; and
- F. Include a parent and student/feedback mechanism.

**Community Relations****P 1110.1****FAMILY ENGAGEMENT**

The Board of Education believes strongly that students are most successful when educators, families, and community members work in full, equal, and equitable partnership. By creating an understanding that student learning and development is a shared responsibility, school, family, and community partnerships have proven to result in enhanced academic performance, improved social and emotional skills, and improved student attendance.

Recognizing that effective partnerships must be mutually developed and fully supported, the Board of Education is committed to providing the systemic resources necessary to foster meaningful family and community engagement and a culture of collaboration. To that end, at both the district and school level these resources will include, but not be limited to:

- Regular, meaningful, two way communication between schools and families that includes information related to student progress as well as strategies to support learning at home
- School environments that are both welcoming and governed by policies and procedures that take into account families' needs and cultural backgrounds
- Authentic opportunities for families and community members to participate actively in school and district planning, program development, and decision making
- Shared opportunities for school staff and families to build their capacity to partner effectively and to co-develop cultural competence

Responsibility for providing these resources rests with Windsor Public School staff members at both district and school levels. Administrators, teachers, and support staff will be committed to establishing collaborative, trusting relationships with families and community and to developing full, equal partnerships that are focused on and linked to student learning.

\*\* Site 44 Employee Personnel Services reflects an increase of \$40,000 compared to the Budget Book.

Rationale for above asterisks: Tuition Reimbursement has been budgeted under Site 42, however, this line item is managed by the Assistant Superintendent of Human Resources and should be budgeted under Site 44.

\*\*\* Windsor High School budget was reduced by \$27,545, per 10/16/18 BOE Meeting 18/19 Staffing Update

# WINDSOR BOARD OF EDUCATION

## AGENDA ITEM

**For Consideration by the Board of Education at the Meeting of: January 15, 2019**

**PREPARED BY:** Danielle Batchelder

**PRESENTED BY:** Danielle Batchelder

**ATTACHMENTS:** Student Enrollment Report & Recap

**SUBJECT:** Student Enrollment as of January 1, 2019

---

### **BACKGROUND:**

Attached are the enrollment figures as of January 1, 2019. Mrs. Batchelder will answer any questions.

### **STATUS:**

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

**Out of District - Special Education:** Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

**Private Placement - Special Education:** Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

### **RECOMMENDATION:**

## WINDSOR BOARD OF EDUCATION AGENDA ITEM

**For Consideration by the Board of Education at the Meeting of:** January 15, 2019

**Prepared By:** Dana Plant

**Presented By:** Danielle Batchelder

**Attachments:** Food Service Financial Report

**Subject:** Cafeteria Operations – December 2018

---

**Background:** The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities, at St. Gabriel's and CREC's Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and CREC AAE. We operate the After School Snack Program for our Treehouse Program in Windsor. We operated our Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, Wilson Library, and added Poquonock Elementary School location during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.
