3. A remote participant must use both video and audio;

Good morning, Sally:

Thank you for your email and your questions. As you may know, the state legislature recently passed a law regarding remote participation in meetings held by public agencies (which, under the Freedom of Information Act, include board and subcommittee meetings). Most of the provisions are effective July 1, 2021 through April 30, 2022. In brief, the new law provides as follows:

- Regarding remote participation by the public: A board of education **may**, but is not required to, provide for public participation by means of electronic equipment or by means of electronic equipment in conjunction with an in-person meeting. If it does, it must comply with various provisions of the law (regarding notice, agendas, voting, opportunity for participation, etc.).
- Regarding remote participation by board members: A board **must** provide board members the opportunity to participate by means of electronic equipment, except that a board is not required to adjourn or postpone a meeting if a member loses the ability to participate because of an interruption, failure or degradation of that member's connection by electronic equipment, unless the member's participation is necessary to form a quorum.

It seems as though the proposed bylaw is intended to address remote participation by Board **members** (given the reference to attendance and executive sessions), but it is not entirely clear. In any event, depending on what was intended, some of the proposed bylaw's provisions may violate the newly passed law and/or conflict with other Windsor BOE policies currently in place. I would be happy to assist the Board in revising the bylaw so that it complies with the new legislation, but I wanted to reach out with this preliminary information and seek clarification first.

In addition, I attach our Model Policy on Meeting Conduct, which was recently revised in light of the new legislation, because it provides a comprehensive overview of a board's options and obligations in conducting meetings by means of electronic equipment through April 30, 2022.

I hope this information is helpful. Please let me know if you would like to set up a time to discuss.

Thank you,

Dori

- B. “Electronic transmission” means any form or process of communication not directly involving the physical transfer of paper or another tangible medium, which (A) is capable of being retained, retrieved and reproduced by the recipient, and (B) is retrievable in paper form by the recipient.

2. Meeting Conduct

- A. Meetings of the \_\_\_\_\_ Board of Education (the “Board”) shall be conducted by the Chairperson in a manner consistent with the adopted bylaws of the Board and the provisions of law, including the Freedom of Information Act.
- B. All Board meetings shall commence at, or as close as practicable to, the stated time, provided there is a quorum.
- C. All regular and special Board meetings shall be guided by an agenda that will have been prepared and delivered in advance to all Board members and other designated persons and made available to the public in accordance with the Freedom of Information Act.
- D. Robert's Rules of Order shall govern the proceedings of the Board except as otherwise provided by these bylaws.
- E. In the event that a Board meeting is interrupted by any person or group of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are willfully interrupting the meetings, the Chairperson may order the room cleared and continue in session.

1. Only matters appearing on the agenda may be considered in such a session.
  2. Duly accredited representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any such session.
  3. Nothing in these bylaws shall prohibit the Board from establishing a procedure for readmitting an individual or individuals not responsible for willfully disturbing the meeting.

4. Procedures for Board Member Participation By Means of Electronic Equipment
- A. Effective July 1, 2021 until April 30, 2022, the Board shall provide Board members the opportunity to participate in meetings by means of electronic equipment, except that the Board is not required to adjourn or postpone a meeting if a Board member loses the ability to participate because of an interruption, failure, or degradation of that member's connection by electronic equipment, unless the member's participation is necessary to form a quorum. Conditions for participation are as follows:
    1. If a quorum of the Board members attend a meeting, other than an executive session, by means of electronic equipment from the same physical location, members of the public must be permitted to attend such meeting in such physical location.
    2. Any physical or demonstrable material that is used in the course of the proceedings must be present in the physical location, if any, where the public is located.
    3. All those in attendance at the meeting, at whatever location, must be able to hear and identify all participants in the proceeding, including their individual remarks and votes.

4. Any vote taken at a meeting during which a Board member participates by means of electronic equipment shall be taken by roll call, unless the vote is unanimous.
5. The minutes of the meeting shall record a list of Board members who attended the meeting in person and a list of Board members who attended the meeting by means of electronic equipment.

Any Board member who participates orally in a meeting conducted by means of electronic equipment shall make a good faith effort to state such member's name and title, if applicable, at the outset of each occasion that such member participates orally during an uninterrupted dialogue or series of questions and answers.

- B. **After April 30, 2022**, Board member participation in meetings by means of electronic equipment shall be governed by all applicable laws, rules, regulations, and guidance, as appropriate, in effect at the time of such participation.
- C. When a Board member is participating in a meeting by means of electronic equipment, the Chairperson shall take the necessary steps to ensure that the conditions enumerated above are met. In addition, the Chairperson shall take the necessary steps to ensure that a Board member participating by means of electronic equipment has adequate opportunity for participation in Board discussion, including the opportunity to take the floor and make motions.

***[Note: Boards that do not wish to provide for public participation by means of electronic equipment may elect not to include this section. However, Boards should be prepared to accommodate any changes necessitated by pandemic-related conditions in the event such conditions warrant a return to fully remote Board meetings.]***

- G. Whenever a meeting being conducted by means of electronic equipment is interrupted by the failure, disconnection or, in the Chairperson's determination, unacceptable degradation of the electronic means of conducting a meeting, or if a Board member necessary to form a quorum loses the ability to participate because of the interruption, failure or degradation of such member's connection by electronic equipment, the Board may, not less than thirty (30) minutes and not more than two (2) hours from the time of the interruption or the Chairperson's determination, resume the meeting (1) in person, if a quorum is present in person, or (2) if a quorum is restored by means of electronic equipment, solely or in part by such electronic equipment.
1. In each case of resumption of such meeting, electronic access shall be restored to the public if such capability has been

restored.

2. The Board shall, if practicable, post a notification on its Internet web site and inform attendees by electronic transmission of the expected time of resumption or of the adjournment or postponement of the meeting, as applicable, and may announce at the beginning of any meeting what preplanned procedures are in place for resumption of a meeting in the event of an interruption.
- H. In the event that a Board meeting is interrupted by any person or group of persons so as to render the orderly conduct of such meeting unfeasible, and if such person or group of persons is attending such meeting by means of electronic equipment, the Chairperson may terminate such person's or group of persons' attendance by electronic equipment until such time as such person or group of persons conforms to order or, if need be, until such meeting is closed.
