ATTACHMENTS: Student Enrollment Report & Recap

SUBJECT: Student Enrollment as of October 1, 2021

BACKGROUND:

Attached are the enrollment figures as of October 1, 2021. Mrs. Batchelder will answer any questions.

STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

Out of District - Special Education: Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

Private Placement - Special Education: Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

Subject: Food Service Financial Report

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities Saint Gabriel's and CREC's Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and CREC AAE. We operated our Summer Food Service Program of lunch and breakfast at the following locations; Windsor High School, Oliver Ellsworth School, Clover Street School and Wilson Library during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

Policy Committee – Virtual
Unapproved Minutes**

Tuesday, September 14, 2021 5:30 PM
L.P. Wilson Community Center, Board Room
601 Matianuck Avenue
Windsor, CT 06095

The following are the unapproved minutes of the Tuesday, September 14, 2021 Policy Committee - Virtual. Any additions or corrections will be made at a future meeting.

Mr. David Furie:	Present
Ms. Maryam Khan:	Present
Mr. Leonard Lockhart:	Present
Mr. James Ristas:	Present

1. Call to Order, Pledge to the Flag and Moment of Silence

The meeting was called to order at 5:30 PM by Chair Maryam Khan with the Pledge to the Flag and Moment of Silence. Superintendent of Schools Dr. Terrell Hill and Assistant Superintendent for Instructional Services Dr. Santosha Oliver was also in attendance.

2. Audience to Visitors

None

3. Proposed Attendance at Meeting via Electronic Communications

Mr. Lockhart reviewed the guidance given by the district's law firm, Shipman & Goodwin. Shipman & Goodwin had received the basic wording of the draft bylaw, Attendance at Meeting via Electronic Communications bylaw and made a recommendation which was returned at the end of August. No further guidance from them is anticipated.

Mr. Furie stated that it had been discussed to limit electronics as to not include phones, but in reviewing the document, it seems that phone use would be permitted by board members during meetings.

Mr. Ristas suggested requesting clarification of the provision that seems to require providing electronic equipment to the public. He suggested informally following the provided document.

Mr. Furie agreed that some areas need more clarity, including finding out if some items are statutory.

Ms. Khan stated that there is terminology used that will need to be adjusted. She reminded the committee that the state mandate is in place until April 30, 2022.

Mr. Ristas suggested that the sunset of the bylaw should be adjusted to reflect that it would be revisited after one full school year of the bylaw being used after the absence of a statewide authority mandating procedures.

Mr. Furie questioned if there is anything in the statute requiring transcription rather than minute-taking. He also commented on the requirement for attendance, including if board members are virtual or in-person.

Mr. Ristas noted that the rules for regular meetings are not the same as special and committee meetings. He also asked if there is a current mask mandate for Town Hall. It was confirmed that masks are required in all municipal buildings in the Town of Windsor.

Mr. Lockhart stated that Ms. Khan would bring the recommendation to the full board next week. Clarification will be requested from Shipman & Goodwin. No action is anticipated at the regular board meeting. He said that he expects this will be presented as a unified decision. He suggested that if either caucus has questions to first present them to Ms. Khan first.

Mr. Bosch asked if there was a need for a SEL Coordinator and what was the vision of the position.

Dr. Hill responded that the coordinator is at the core of the movement of the whole district to respond to the Social Emotional Learning needs of the students.

Mr. Panos asked about the comparison of Windsor to other districts for the certified resignations.

Ms. Batchelder said that Windsor is comparable to other districts and that people left for many reasons, including to leave the field entirely. She also said that when there is a change in leadership, some people choose to leave.

Mr. Ristas asked if there had been a memo to staff from Dr. Hill to either "shape up or leave."

Dr. Hill responded that there was no such memo and that he had clearly stated his expectation that staff work harder and that many people leave the district for many reasons.

Mr. Ristas asked Ms. Batchelder to retract her statement that there was a memo about "a new sheriff in town", to

which she responded that "get the memo" was a figure of speech and an actual memo never existed.

Ms. Falotico said that there seems to be a common theme of working hard in a rough environment where students and staff didn't get as much support as they could have. She urged the board to not look at the list of resignations and take it too seriously.

Mr. Eleveld stated that there were quite a few retirements and that the loss of staff only accounted for about 2%, which is lower than in a corporate environment.

Ms. Ricketts asked about separations and if they are due to the expiration of the ESSER I grant.

Ms. Batchelder confirmed that some staff left at the end of the grant period but that other positions were filled due to the ESSER II grant.

Ms. Taylor stated that it is a nationwide issue of teaching staff leaving their positions.

6. Student Representative Report

Ms. Falotico noted that there have been a lot less COVID-19 issues this year and it should be celebrated. She said that although Junior year is stressful, Senior year is insane. Having spoken to some of the student body she said that they have been happy with the transition into this year and happy to have some type of normalcy. She said that SEL brings more support to students and that advisory is less structured causing serious growth since last year and she suggests that nitty-gritty questions be asked of the students. There has been a return of Student Government Council and Homecoming activities are planned.

Mr. Bosch stated he was glad to have Ms. Falotico here and that she is a dynamic speaker. He asked her what some of the Senior stressors are and what would help.

Ms. Falotico stated that college applications and college essays are complex and that students could benefit from a club, summer course, or one-on-one staff time to assist in writing college entrance essays.

7. Board of Education

Mr. Lockhart stated that over the summer he had participated in a CABE Leadership Retreat and continued to educate himself. He said it had been quite awhile since the whole board had been together.

c. Policy Adoption

1. Proposed BL on Attendance at Meetings via Electronic Communication

Ms. Khan stated that a bylaw was drafted and sent to attorney Shipman & Goodwin. A state statute is in place until April 30, 2022 which the board will follow until its expiration. Until then, Mr. Lockhart will ask for clarity regarding the optional items in their draft.

Mr. Bosch left the meeting from 8:01 PM - 8:04 PM.

Mr. Ristas said that if a sunset provision is feasible, it would be made to apply for one school year.

Mr. Furie said the committee was unanimous about Mr. Ristas' point.

Mr. Lockhart received general consent for the board to use the draft as guidance to the board as an operating document, in effect by law through April 30, 2022 and that he has been authorized to engage Shipman & Goodwin on behalf of the board to seek further clarity on the points stated.

d. CABA Level II Distinction Award

Mr. Lockhart reviewed the requirements of the CABA Level I Board of Distinction Award and how it differs from the Level II award. Level I does not require board approval for its submission to CABA. In a prior meeting, the Level II award had been discussed as it required all BOE members' signatures to be submitted. As several board members chose not to sign, Mr. Lockhart chose to submit the documentation to CABA for informational purposes only. CABA convened for a June 16, 2021 meeting where, if Mr. Lockhart had been present at the meeting and not attended WHS graduation, he would have gotten a vote on the CABA agenda item allowing a majority vote to approve the Level II award submission by the board of education. As it stands, the motion passed and is now being brought to the board for a vote to submit the collected documentation for award submission.

Mr. Panos recommended not submitting, as only completing the required number of items doesn't make the board distinctive. He said that there are issues with the board that are contrary to "distinctive."

Mr. Lockhart suggested bringing concerns over the required items directly to CABA.

Mr. Furie said he would vote in favor and said that requirements were met.

Ms. Ricketts said that the board should be proud of the work they've put in and that they go above the minimum.

Mr. Bosch said he would abstain. He said he is not award driven and feels that the hurdle was not set high. He said that the board can provide better examples than were presented and the submission needs work.

Mr. Lockhart said that he needed to pushback on the quality of the packet and that he wished he had heard that argument sooner. He corrected Mr. Bosch when it was said the board only had one day to review the material, when Mr. Lockhart had given them a week to review and sign.

Mr. Ristas said that the material was weak and that with policy and bylaw violations they are not a board of distinction. He said he would vote in favor based on the hard work that was put into creating the submission.

Ms. Taylor stated she didn't know how an award could be made into a negative thing. She said they should pat themselves on the back and that she is proud.

Mr. Panos asked why the vote was happening in lieu of signing.

Mr. Lockhart asked if there would be general consent to accept the submission rather than everyone signing it and there was not consensus.

Move the Board of Education approve its submission of the required criteria for the CABA Level II Distinction Award to be submitted by the superintendent's office. This motion, made by Mr. David Furie and seconded by Mr. Ronald Eleveld, Passed.

Mr. Brian Bosch: Abstain (Without Conflict), Mr. Paul Panos: No, Mr. Ronald Eleveld: Yes, Mr. David Furie: Yes, Ms. Maryam Khan: Yes, Mr. Leonard Lockhart: Yes, Ms. Charlotte Ricketts: Yes, Mr. James Ristas: Yes, Ms. Ayana Taylor: Yes

e. Meaning of the word Equity as used in Professional Development

Mr. Lockhart began by explaining the placement of agenda item 7e, as part of the Board of Education report. As he expected there to be a discussion between the board and Dr. Hill's staff, he had it placed there, not realizing that Mr. Panos wanted ownership of the discussion.

Mr. Panos spoke at length, citing various sources and expressing his opinion that equity is counter productive.

Dr. Hill noted that a monologue is not a discussion and if Mr. Panos wanted the definition of equity, as he had requested by email, he wanted his administrators ready to answer any questions.

Mr. Lockhart requested that the question about the definition of equity be answered.

WHS Assistant Principal Stephanie Lockhart read the Connecticut State Department of Education's definition of equity: "Educational Equity is the recognition that the barriers that marginalized students face are due to our actions, therefore requires us to dedicate a greater amount of resources to remove them."

Mr. Panos said he agreed with the definition but disagrees with how it is applied in the district.

Mr. Ristas said he disagreed with the definition the administration gave. He asked the board if they are prompted to feel differently about the term equity. He asked if Windsor marginalizes its students. He then read a prepared document. He quoted multiple sources and offered his opinion on the negative impact of equity work and the ReCenter professional development.

Ms. Ricketts asked Mr. Ristas follow-up questions about his sources, his understanding of texts and explained the similarities and differences in their opinions.

Mr. Furie explained that equity allows all to succeed, while equality gives everyone the same advantages. He said he is very proud of what the district has done.

Mr. Ristas read excerpts from the ReCenter training and said that it is about grouping students together, not teaching them as individuals.

Ms. Khan said that teachers always teach the individual and that Mr. Ristas is making the assumption that black students are the ones who need help. She also stated that his interpretation of the material is not what it actually is.

At this point in the discussion, Mr. Ristas used the term "colored" when speaking about black students.

Mr. Lockhart expressed that he wished a conversation about affirmative action could be had. He stated that the intensity that certain members speak to Dr. Hill is offensive. He said some of what has been said is hurtful.

Mr. Panos said that this has not been an attack on Dr. Hill, but on the general trend in education.

Mr. Lockhart said that the democrats are being attacked.

Mr. Panos asked if he did offend the democrats and offered Mr. Lockhart his written materials to review. Mr. Lockhart declined the offer.

Ms. Taylor stated her outrage at the huge monologues. She said that students, teachers, and administration were watching. She said when the term "colored students" was used, to never disrespect her by saying that. She asked how, in 2021, he could use that word. She demanded an apology for the use of the term.

Mr. Ristas responded to Ms. Taylor and said to "get over it."

Mr. Lockhart requested a general consensus to move to the next agenda item. There was agreement and this agenda item was closed.

8. Superintendent's Report

Dr. Hill began by saying he did not feel attacked by anyone during agenda item 7e. He respected other opinions and thanked Mr. Ristas for pointing out that Dr. Cooke was in charge of the ReCenter training. He stated that out of 45 professional development sessions, only one dealt with equity. He is committed to doing the work.

He stated that this year's convocation was held at Dunkin' Donuts Park in Hartford on Tuesday, August 23. Danielle Batchelder was the emcee for the event. Remarks were made by Deputy Mayor Joseph McAuliffe, Town Manager Peter Souza, Educator of the Year Dr. Monica Brase and Paraeducator of the Year Michael Kastner, as well as himself.

Dr. Hill thanked the Windsor Chamber of Commerce and the Windsor Historical Society for hosting the new teacher's luncheon. This year's luncheon was moved to WHS due to torrential rain.

He thanked community partners Talcott Resolution on Griffin Road North and Accu-Time Systems on International Drive, as well as WHS alumni organized by Carol Engelmann, who donated back-to-school supplies for the 2021-2022 school year. The supplies have been distributed by the Office of Family and Community Partnerships.

Mr. Lockhart left the meeting from 9:58 PM to 10:00 PM.

Staff and students returned on Monday, August 30, 2021. Cabinet and district leaders visited all the schools on the first day. He took the opportunity to speak with students to express his expectation for greater effort to accomplish greater academic success.

Regarding transportation, the district has received communication from DATTCO regarding the bus driver shortage. This is a nationwide problem and in an effort to combat this shortage, DATTCO has tried recruiting through many channels, including recruitment bonuses. There currently are enough drivers to handle scheduled pick-up and drop-off of students. The Commissioner of Education has been in contact with superintendents regarding the shortage and efforts to remedy this.

Dr. Hill emphasized the domino effect of traffic congestion at the schools not allowing the buses to depart quickly for additional runs. He recommended, specifically for Sage Park Middle School, that students be dropped off on the sidewalk to arrive at school, when parents are already waiting for several minutes to even enter the parking lot.

He wanted to make sure that Ms. Canter (who spoke during audience to visitors) knew that he heard her concerns over transportation communication. He reviewed the process that is in place, although not foolproof, to inform families when a bus is late. He also spoke about a new system in place called Apptegy which allows for timely communication, because it was rolled out as school began, it does require fine tuning.

He asked STEM Director Dr. Noha Abdel-Hady and Arts and Humanities Director Bonnie Fineman speak about the Summer Enrichment Program. Dr. Abdel-Hady gave an overview of the program and the classes offered. Ms. Fineman read reviews from parents and staff members regarding their opinion of the program. There was an overwhelmingly positive response with requests for it to be held next summer as well. Windsor Public Schools' students from grades (incoming) first through senior year were offered classes which were funded with the ESSER I grant.

Dr. Hill invited the public to a reception on Tuesday, October 19 at 6:00 PM to say goodbye to BOE members who are leaving.

Mr. Eleveld said "I no longer vote to extend meetings. If we can't get the work done in 3.5 hours, we're headed to 4 hours, and maybe you guys like to stay here all night, but we do need to be a little realistic about it."

b. Staffing Update for Opening of 2021-2022 School Year

Ms. Batchelder said that the district held, mostly virtual, recruiting fairs. The majority of first interviews were conducted virtually with the second being in person. The new teacher orientation included building substitutes, behavior technicians, and SEL staff. She reviewed staffing statistics.

c. Fiscal Year 2021 Year End Financial Report

Mr. Bosch asked what the acronym SFSD means. He also asked if it had been forecast before.

Ms. Batchelder responded with School Food Service Department. This had not previously been forecast as, due to the pandemic, there hadn't been incoming funds from students.

Mr. Eleveld mentioned insurance coverage as well as certified/non-certified staff.

Recording Techniques 2

1847 Honors 1.0 credit. Prerequisite: Recording Techniques 1. Open to grades 11-12. This course allows students who are familiar with the recording facilities available in the Music Lab to further pursue their songwriting and production skills. Music Fundamentals

1830 College 0.5 credit. Open to grades 9-12. Music Fundamentals is a survey-style music course that provides students with an introduction to various elements of music. Topics covered include music history (popular music from the 1950's to the present), music theory (rhythm, staff skills, note recognition and scales), careers in music, and hands on performance (drums, piano, guitar). Students research music artists by decade and create mini presentations that summarize their research. Students also acquire basic performance skills on the drums, piano and guitar, and may elect to perform singly or in a group as a final project. Music theory exercises are computer-based, and support student practice on each of the instruments covered in the course. All instruments are provided, although students are encouraged to use their own equipment if they prefer. No prior musical training is required, and the course may not be repeated for credit. Upperclassmen will be given priority in enrollment.
