### 1. **Transportation**

Mr. Elbers and I met with WLA representatives to discuss the ODE Audit and necessary improvements to our transportation programming. The district has set up secure Google Folders to help facilitate and organize all files between the two organizations, including driver files, vehicle maintenance, and daily inspection forms, that will ensure the district complies all state and federal regulations. Mrs. Smallwood is working with WLA to get these files completed by the end of school year, as well as set up the same system for Alsea transportation for ease of access and organization.

As I've said prior, as a charter school, transportation is hugely important for us to bring in not only students who live within our district boundaries, but also those other students who live outside, but chose to come to Alsea. If we want to increase our student enrollment, this is an issue that is a high priority. Our issue is not the routes, but the number of drivers. To grow and maintain our enrollment if we chose to continue to be a charter district, we need more drivers who can drive regularly. Regular driver positions have been posted throughout this year and last, and we have not received any applications to help fill our positions. If we cannot fill our positions, we may have to look at continuing to contract with First Student for a driver for the upcoming school year.

### 2. **Facilities – Football Field**

Mr. Elbers has been working with our insurance company to find a company to redo the football field based on the vandalism that happened. We found a company, approved by our insurance company, that will come in and complete regrade, recrown, reshape, and then replant our football field playing surface starting in May. We have received the settlement amount from the insurance company, minus the deductible of \$1000, which will be paid out of a donation from Soderstrom Architects. The field should be ready in time for the upcoming fall football season. There has been no word on any arrest in this case from the Sheriff's Office.

### 3. **RTI Conference in Phoenix**

Over the spring break, Mrs. Shunk and I attended the RTI At Work Conference in Phoenix, AZ. At this conference, we learned about ways to implement different tiers of support for all students, using interim assessment data, staff strengths, schedules, and assessments in general, as well as examples of how other schools, both elementary and secondary, have implemented systems that fit their needs. I look forward to working with Mrs. Shunk in how our district can use our current system to continue to build a stronger and more robust tiered systems of supports for our students, and then how each school can implement these systems based on the schedules and needs.

## 2. OSAS State Testing

We will be starting the major haul of state testing this week. In the month of April, students in grades 3 – 8 and 11 will be taking the OSAS ELA testing, and in May, will be taking the OSAS Math test. We have staff trained to administer the test, which will be done in the library and both resource rooms, and all accommodations will be in place for those students who require them. Thank you to the staff for their flexibility in moving rooms and helping us complete this state and federal requirement.

## 3. K – 4 OMSI Planetarium Visit

On Tuesday, April 1<sup>st</sup>, OMSI visited Alsea Elementary and did a presentation on the stars and galaxy in the mobile Planetarium that they brought. Students in grades K – 4 attended this presentation. This assembly was purchased through the SIA grant for STEM and enrichment activities. Thank you to Ms. Pinion for setting this activity up for our students.

## 4. Leadership Activity

For the month of March, our Leadership class did a fundraiser for their class. They sponsored a coin drive in the school, with all the grades putting coins in to either have Mr. Harris/Ms. Nieraeth or Mr. Schlechter/Mr. VanDerZwan to get slimed. Winning by \$5, Mr. Harris and I were slimed! The class earned \$200 that will help fund Leadership activities for the school.

## 5. 4<sup>th</sup> Grade to Clemens Park

This winter, Mrs. Treadway and her 4<sup>th</sup> grade class, working with ODFW, raised trout in a classroom tank. Right before Spring Break, the class then went to the Fish Hatchery to tour the facilities and see the growth of fish from eggs to adults, as well as released their fish that they had been raising in the classroom into the Alsea River. They were also able to dissect and discuss the anatomy of a trout as well!

## PLC Work B&M and LaHO - A Focus on Priority/ Essential Standards

Focusing on priority standards is a commitment we make to our families to ensure all students are prepared for the next grade with a strong academic foundation. Teachers will work collaboratively to dive deep into the identified priority standards as well as the most essential parts of the curriculum and the assignments that reflect proficiency in these vital skills. Through powerful grade-level PLC collaboration, teachers become experts in the priority standards—sharing ideas, analyzing student data, and holding each other accountable for student learning. This process allows us to teach with purpose, support each other professionally, and stay focused on what matters most for student success.

## Student-Led Conferences - April 2 & 3

At Learn at Home Oregon, we're excited to bring Student-Led Conferences to our school community—a newer concept, but one with a powerful impact. These conferences shift the spotlight to students, giving them the opportunity to reflect on their growth and share their learning journey with pride.

Students have carefully selected work they want to showcase, including passion projects, writing samples, math tasks, and SEL reflections. This approach increases student ownership, builds confidence, and strengthens the partnership between home and school. When students lead the conversation, both they and their families become more deeply invested in the learning process.

## Board Report – 4//25

### Summary:

Track is in full swing. Our MS team is representing well with numbers and their effort and commitment to their team. The MS will be competing at McKenzie on the 10<sup>th</sup> of April. They have a few other meets coming up and will keep updated on those.

Baseball is going well. All our Alsea players are an integral part of the teams. Currently Monroe/Alsea baseball is 2-3.

3<sup>rd</sup> grade solar system gallery walk was a big hit this last Tuesday. Ms. Pinions class work very hard on their projects, and they all turned out so good! Solar system gallery walk is always a big hit, all of our students get to go in to support.

We are ordering our new uniforms for Football and Volleyball for next season.

FB and VB schedules are coming together, and we are looking forward to some of our match ups for next season.

Due to the damage to the FB field this last year, we will not be hosting the Jamboree this year. We want to give the grass as much time to get established before putting all those teams on the surface. This also means that we will have at least the first four games of the season away, but those teams agree to come to us the following year.

It is my understanding that the work on the field will begin sometime in May, once the field dries out some.

If you have any questions or concerns, please contact me directly.

## Financial Summary – March 31, 2025

### General Fund Resources

- State School Support – Changes in State School Support Formula Estimates (Page 5) provide the new projections for 23-24 that were sent out on 4/1/25. The district's SSF allocation changed significantly due to the reduction in teacher's experience compared to the state teacher average. The state average for teacher experience is 12.07 years compared to the district's average experience of 6.95, or a reduction of 5.12 years times \$25. The prior estimate had the district's average experience below the state average by 2.30 years. This change represents a \$70.50 reduction per ADMw. The update reduction compared to the prior month's figures is \$116,906 more, for a total reduction of \$122,772. The Change in State School Support Formula Estimates page also shows the current 24-25 SSF estimate compared to the budget, which was shared in the February Board Meeting. Please keep in mind, these are estimates and not final figures for 23-24 or 24-25. The final figures for 23-24 will not be available until May, with the 24-25 still an estimate with both changing again.
- Property taxes – the statements reflect tax turnover through February 28, which represent a 97% collection of the current levy.
- 1312 – Tuition from Other Districts – payment for students attending the Learn at Home Online that are residents of another district and reported by that district to the ODE for funding purposes.
- 1510 - Earnings on investments – The earnings rate with the Local Government Investment Pool (LGIP) is 4.64%, down from 4.70% for the prior month. The district is earning approximately \$35,000 per month. The interest earned is allocated to various funds based on that fund's cash balance as of the end of the month and the investment pool interest rate.
- 5300 – Insurance Reimbursement – the district received \$31,980 for the field repair, with the other reimbursement for the van repair.
- No changes in the other revenues.

### General Fund Expenditures

- All salaries and benefits have been encumbered, as well as projections for substitutes and additional salaries are included in the financial statements. The substitute and additional salaries are based on the average for September through January and annualized through June.
- As shared prior months, all non-payroll items have also been encumbered. In other requirements, a transfer to the Special Revenue Fund for Special Education Stipends has been projected. The grant covers only the stipend amount, not associated payroll costs. The district is required to pay all payroll costs associated with the grant.

## Special Revenue

### Changes

- The district has been awarded the Menstrual Dignity Grant (265), for \$910.40. The funds are for supplies and will be spent by June 30.
- No other changes to the existing grants and programs compared to last month.

### Food Service Program

- Included are the student participation, financial statements and per meal breakdown through 3/31/25. The attached statement reflects the participation by month, with the annual participation at 66.8% for the breakfast program; 65.4%, lunch program.
- The projected transfer from the General Fund will be approximately \$54,342.67. The average cost per meal is \$5.82 while reimbursement is \$4.24, or a transfer from the General Fund of \$1.58 per meal.

### Debt Service

- No change in the Debt Service, with the ending projected fund balance is estimated at approximately \$31,000.

### Capital Projects

- 400 – Capital Projects - reflects interest received on monies at the LGIP. Expenditures are the replacement of the windows, architectural services for the kitchen, and the upgrade to the fire alarm system. The fund has \$19,097 available for additional projects.
- 410 - Bond 2021 and OSCIM Grant –The fund has \$50,546, with all projects either paid or encumbered.
- As shared last month, the additional costs for the fire alarm system this summer is \$58,207. This cost will be paid from the remaining funds in 400-Capital Projects and 410 – Bond/OSCIM Fund.
- 430 – Seismic Rehabilitation – represents approved service contracts. The district has received three payments from the Oregon Business Development Department. Per the grant, claims will be made after each month's end.

## Internal Service Funds

### Unemployment Reserve

- Currently the district is charging all salaries approximately 4% on each payroll and transferring the funds into the Unemployment Reserve Fund to cover quarterly unemployment claims. The \$6,800 represents claims for the first two quarters of 24-25. However, it is still unknown what the costs will be for Spring and Summer breaks.
- The current balance to cover future claims is \$149,893.
- However, it is still unknown what the costs will be for Spring and Summer breaks. Once the district receives the claims for the summer break period, the district will have a year's claim figures and can adjust payroll accordingly to ensure the minimum reserve is maintained.

### PERS Reserve

- A new fund has been created dedicated to cover increases in PERS costs. A payroll liability account for prior PERS expenses has been in the books. These funds have been transferred to the new fund to properly reflect the dollars. Interest earned in these funds is also being recorded, as with other funds that have available funds in the investment pool. The average PERS increase to the district is approximately \$35,000. These dollars can be used to flatten the increase over the next biennium.

# Questions & Comments

**Alsea School District 7J  
Board Recommendation Form**

**To:** The Board of Directors of Alsea School District  
**Prepared By:** Krista Nieraeth, Superintendent  
**Date:** April 8, 2025

**Background:**

Oregon Department of Education provides school districts throughout the state with grants for SIA, HSS, EIIS, EL, and CSI/TSI. There are statute requirements for how the grants are distributed and the requirements for each grant. In order to lessen the burden of application and reporting, ODE created the Integrated Guidance application, which is the one application for all the grants.

One of the requirements of the IG application is that the application and plan is presented to the board, with an opportunity for public comment, and there be formal approval by the board of the plan.

Please note that for the 25 – 27 biennium, Mr. Staehely and I are estimating that Alsea SD will be losing approximately the following percentages for HSS and SIA from the previous biennium: HSS: 20% SIA: 32% CSI/TSI: 18% This reduction is due to the reduction of ADMw.

We will receive the same amount of money for EL and EIIS for the 25 – 27 biennium as we did for the 23 – 25 biennium.

**Action Requested:**

ODE requires that the board approves, after presentation and opportunity for public comment, the Integrated Guidance plan.

**Motion Requested:**

“I motion that we approve the 25 – 27 biennium Integrated Guidance plan as presented.”

## **District Purchasing**

The function of district purchasing is to serve the educational program by providing the necessary supplies, equipment and services. Items commonly used in the various schools and their subdivisions will be standardized and be consistent with educational goals and in the interest of efficiency or economy.

The business manager is appointed by the Board to serve as purchasing agent. They will be responsible for developing and administering the district's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget, by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payroll, a requisition and purchase order system must be used.

No purchase with the exception of a petty cash purchase will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made with an approved purchase order.

The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds not to exceed \$75,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services.

The business manager will review bills due and payable for the purchase of supplies and services to determine if they are within current budget appropriations. After review, the business manager will direct payment of the just claims against the district. The superintendent and business manager are responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee or agent of this district shall use or attempt to use their official position to obtain financial gain or for avoidance of financial detriment for themselves, a relative or a member of their household, or for any business with which the Board member, relative or member of household is associated. “Student” means any person who is in any grade from prekindergarten through grade 12 or 21 years of age or younger and receiving educational or related services from the district that is not a post-secondary institution of education, or who was previously known as a student by the person engaging in sexual conduct and who left school or graduated from high school within one calendar year prior to the sexual conduct.

All such reports will be reported to the Oregon Department of Education (ODE) or Teacher Standards and Practices Commission (TSPC) in accordance with such administrative regulation.
