5. **Patron Comments:**

The Alsea School Board of Directors values the opinions and input of students, staff, parents, and community members. Although board meetings are held in public, they are not meetings of the public. Please keep your comments to 3 minutes or less. If you intend to speak to the board this evening, you will need to fill out one of the blue comment cards and hand it to the Board Secretary, Lora Nickle. Public comments may also be made via Zoom. If you intend to speak via Zoom, please put your name in the comments so that the board chair can call on you. Before you begin your comments, please state your name and if you are speaking for an organization, please state that organization. For more information about public comments at a board meeting, please see Alsea School District Policy BDDH.

May 2025 Board Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. Facilities

Work on the football field will begin this week. The first step is removing the existing grass. Starting the week after Memorial Day, heavy equipment will be on-site to begin scraping the surface, adding topsoil, leveling and crowning the field, and then hydroseeding. This process should take about 1–2 weeks. After that, we'll be watering and mowing the field regularly throughout the summer to help the new grass take hold.

To make irrigation more efficient, we've purchased a water wheel that will now serve as our main way to water the field. This new equipment will save time and labor, as it can water the entire field from one position without needing to move multiple irrigation pipes each day. While we looked into an in-ground irrigation system, the cost—about \$35,000—was outside our budget. Mr. Elbers researched other options and found this water wheel to be a practical and cost-effective solution that will free up our staff to focus on other projects.

In addition to the field work, our maintenance team will be busy with several projects this summer, including:

- Replacing windows in the library offices
- Reroofing the high school modular
- Repairing and painting the grandstands
- Deep cleaning classrooms, offices, and hallways
- General grounds maintenance

All of this will be done while coordinating with the ongoing seismic construction happening on campus.

2. Summer Learning Grant

Alesea School District was selected as a recipient of a \$36,000 Summer Learning Grant for Summer 2025. The primary goal of this grant was to support academic and enrichment programs with a strong focus on literacy.

After reviewing the grant requirements and attending informational webinars, I made the decision to respectfully decline the funds for this year. The grant came with several non-negotiable conditions, including the need to provide 80 hours of in-person instruction led by certified teachers, a strong emphasis on literacy, and the ability to serve breakfast, lunch, and snacks if needed.

Given the significant construction happening on our campus this summer, particularly the cafeteria being out of service—it is not feasible to host a compliant summer learning program onsite. I also reached out to neighboring districts to explore partnership opportunities where we could bus students and contribute to their programs. Unfortunately, Corvallis and Philomath school districts were not recipients of the grant, meaning their programs didn't have to meet the time requirements (only 45 hours), and therefore didn't

meet the requirements tied to our funding. Lincoln County was uncertain about the location of its summer programming, so a partnership couldn't be confirmed in time.

Another limiting factor was the extremely short timeline—we would have had only about a week and a half to submit a detailed plan that met all grant requirements.

The good news is that the Legislature has earmarked Summer Learning funds for next year, and we are optimistic that Alsea will again be selected as a recipient. We expect to receive confirmation in October, which will give us significantly more time to plan, coordinate logistics, and hire the necessary staff to run a successful and impactful program in 2026.

3. Comprehensive Literacy Development Grant

Last week, Alsea School District was invited to apply for Oregon's Comprehensive Literacy Development (CLSD) Grant. This is a competitive, federally funded grant that offers financial support over four years to help districts improve literacy outcomes for students from birth through 12th grade.

The CLSD Grant aims to strengthen educator capacity and expand the use of high-quality, evidence-based literacy practices, particularly in high-need schools. Alsea School District is eligible to receive up to \$750,000 over the grant period.

Mrs. Shunk and I recently attended a webinar that provided a detailed overview of the grant and its application requirements. Together, we will be developing a comprehensive plan based on district data and research-based strategies in hopes of securing this funding to enhance our literacy programming.

The application is due on June 30, 2025, and we are committed to submitting a strong proposal that aligns with the needs of our students and staff.

For more information about the CLSD Grant, please visit: [Oregon Department of Education – CLSD Information](#)

4. RUS DLT Grant Update

We are pleased to share that funds from the RUS Distance Learning and Telemedicine (DLT) Grant have officially been released. Through this grant, Alsea School District will receive significant technology upgrades, including:

- New TV monitors for all classrooms
- A new video system for the library
- Brand-new laptops for all teachers
- A telehealth cart to support student wellness.

The total grant award is \$155,000 for equipment and installation, with the district providing approximately a \$20,000 match, which is covered within our current technology budget.

A representative from the grant team will be on-site later this week to conduct a walkthrough of our facilities and evaluate classroom setups in preparation for installation. Our goal is to have all equipment installed and operational for the start of school.

5. ADMr/ADMw Update and Potential Funding Impact

Approximately every 4–6 weeks, the ODE releases an updated ADMr breakdown for districts. These reports reflect the ADMr figures that ODE uses to calculate each district’s weighted Average Daily Membership (ADMw), which directly affects state funding.

In the most recent update, we identified a significant change in one category that could potentially reduce our state funding. Specifically, the number in the “Students on IEP Above 11% of ADMr” category dropped from 25.40 (as of 3/3/25) to 3.80 (as of 4/29/25). This change could result in an estimated funding reduction of approximately \$220,000.

Don and I have scheduled a meeting with ODE to review this calculation, determine whether a reporting or formula error may have occurred, and fully understand the implications for our district’s budget.

We will provide an update once we’ve had that conversation and have more clarity on the next steps.

6. Risk Management Inspection and Follow-Up

In April, our insurance agent, Nathan Cortez, conducted a risk management walkthrough of the Alesia School District facilities. The purpose of this visit was to identify potential safety concerns and provide recommendations for corrective action. Overall, the district performed reasonably well; however, several areas were identified for improvement.

Key findings included:

- Daisy chaining of electronic devices
- Improper storage of food items
- Organizational concerns in the shop and art classrooms, and maintenance areas

- Uncovered windows in certain areas
- Doors obstructed by debris or materials.

Following the inspection, Mr. Elbers, Ms. Nickle, Mr. Roberts, and I met to review the report and develop a plan to address the findings. Two of the more critical concerns were addressed immediately with the necessary staff. The remaining items will be addressed during the spring and summer months.

These inspections are valuable opportunities for us to evaluate and improve the safety and functionality of our facilities. I appreciate the collaboration and responsiveness of our staff as we work together to maintain a safe and efficient learning environment.

7. Update to IIGBA Discussion

Mr. Roberts, Soren and I have met in regard to looking at our Policy IIGBA and a policy called “Responsible Use of Technology” that Tigard – Tualatin School District showed as one that they use for their district. Mr. Roberts reviewed what the district already has in place, and we are still looking at wording, etc., before sending it to OSBA for a review. We will have something to show the board at the June meeting.

8. Update on District Purchasing Policy – DJ

There is a paragraph in policy DJ that states:

“The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds not to exceed \$75,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services.”

The amount that the superintendent is, by district policy, authorized to enter into and approve payment on contracts is one of the lowest in our region. For example, Monroe School District authorizes their superintendent to enter into and approve payments up to \$150K, which is what the standard amount OSBA recommends for this policy. Lebanon Community School District does not give an actual dollar amount; instead, their policy states that the superintendent is authorized to enter into and approve payment within current budget appropriations.

There was a question posed about the 2nd sentence of this paragraph. I sent the question about what constitutes a “service contract” to OSBA legal. Here’s the response I received back...

“The language in your board policy comes right out of ORS 332.075. That statute doesn’t define what a “service contract” is, but broader public contracting law defines “services” to mean “services other than personal services designated under ORS 279A.055.” ORS 279A.010(1)(kk).

It seems to me that in the context here—“service contracts that include the provision of labor performed by district employees”—that an example would be a contract with, say, Sodexo, where the district employees provide the labor but Sodexo provides the food. Or, yes, a transportation company that provides the busses, but the bus drivers are district employees.”

2. 3rd and 4th Grade to Cape Perpetua

On Thursday, May 1st, our 3rd and 4th grade classes took a field trip to Cape Perpetua to hike in the woods and explore tide pools. The kids spent time with Ranger hiking the trails around the Cape. Thank you to Mrs. Treadway and Ms. Pinion, as well as parent volunteers, for taking our students on this amazing experience.

3. OMSI Science Festival

On Wednesday, April 30th, OMSI came to Alsea and hosted a science festival for our community. The SIA grant paid for this amazing event for our community. There was a nacho bar for all attendees. We had 75 people attend this event. Thank you to Sara Littlefield and all the parents, staff, and student volunteers for putting on this.

4. HS Prom

The Alsea HS Prom was held on Saturday, May 3rd, at the Alsea Grange Hall. The juniors and Ms. Ellis did an amazing job planning and decorating the Grange Hall. We had all but nine of our students attend the dance. Thank you to all the chaperones and for all the community members who donated food and decorations for the prom! Thank you to the students for being amazing and having fun in a safe manner!

5. Kindergarten Round Up

We held Kindergarten Round up in April. During this event, we opened the classroom up for families to visit with their incoming kindergarten students. We had 4 students attend this event with their families and partnered with the preschool across the street to help transition the students. We are estimating that we will have 8 kindergarten students for the upcoming year. Mrs. Shondell is working with Alsea Preschool to start integrating the preschool students into the classroom to help with transitioning into kindergarten.

6. After School Programming

Since March, we have been having after school programming for students in K – 12. We are offering pottery with Mr. Lynch, culinary with Mr. Taylor, and choir with Ms. Ellis. These offerings are possible through a grant from the Benton Community Foundation. We are hoping to expand our offerings for next year to include other activities for more student engagement.

7. UPCOMING IMPORTANT DATES FOR SENIORS

Senior Banquet – May 28th – 6pm

Graduation – June 6th – 7pm

ALSEA SCHOOL DISTRICT BOARD REPORT

Name: Heather Shunk **Position:** Principal

BOARD MEETING DATE: May 13, 2025

[Link for April 2025 Assembly Slide Deck](#) - Attendance, Welcoming New Students, Birthdays, Students of the Month, School Registration, Happenings in Each Class, and Exploratory Class, April character trait "HUMBLE". 4-H Presentation by 3rd Grade Student. *May character trait - IMAGINATIVE

Progress to Annual Typical Growth (Median)

I-Ready Growth Data - Average for Entire School:

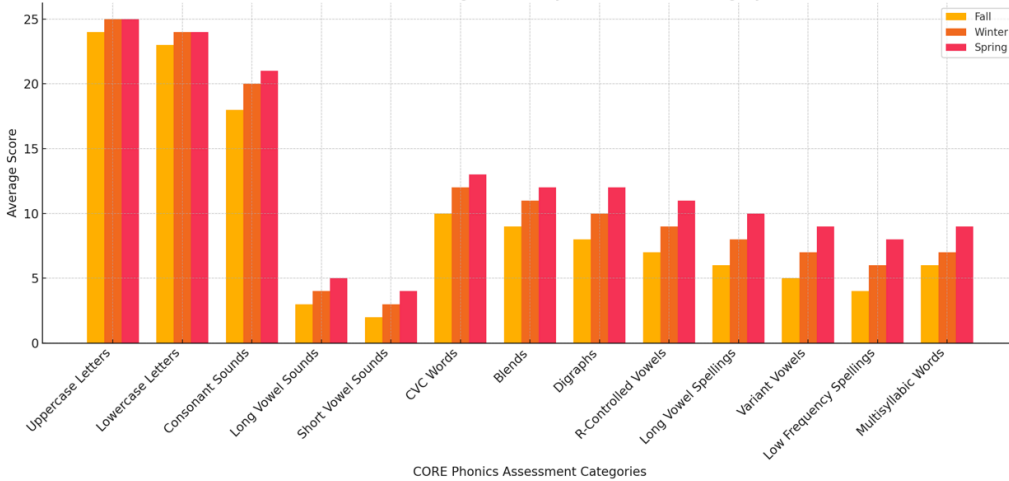

As we begin the third and final I-Ready diagnostic window, current data reflects that K–5 students have achieved 41% of their annual typical growth in Reading and 62% in Math, based on schoolwide median progress. While Math growth is on track, additional support in Reading remains a priority.

Progress to Annual Typical Growth (Median)

To boost student progress, we are encouraging at-home I-Ready usage and sharing tools with families to make independent practice more effective. This partnership with parents is key as we work together to help all students finish the year strong and meet their growth goals. Ongoing 1:1 tutoring and small group instruction occurs daily.

Whole-School Average Scores by CORE Phonics Category

Core Phonics - Foundational:

Across all grade levels, schoolwide CORE Phonics data shows consistent improvement in key foundational areas. Students demonstrated strong early mastery in letter naming (averaging 25/26 by Spring) and made notable gains in consonant sounds, short vowels, and CVC word reading throughout the year.

Progress was also seen in more complex areas like blends, digraphs, and R-controlled vowels, though categories such as multisyllabic words and low-frequency spellings remain areas for continued instructional focus. These insights will guide our planning for small group instruction, intervention targeting, and next year's professional learning priorities.

Preparing for next school year:

- Collaboration on workbooks that align with math and reading priority standards for students and parents to track their progress.
- Encouraging families to register early and save their spot for next school year.
- In person field trips.
- Decisions on school theme for 25-26, likely Grit or Perseverance.
- Platform and schedule analysis.

c. Athletics and Activities

Board Report – 5/13/25

Summary:

Track is in full swing. Our MS team is representing well with numbers and their effort and commitment to their team, not to mention they all are getting PRs just about every time they go somewhere. MS Oregon Meet of Champions is this Friday, 5/16/25. We wish all our athletes the best!!

HS track will be at districts May 22-23 at Portland Christian HS. Looking forward to their results. State Championships will take place May 29-30.

Baseball is going well. All our Alsea players are an integral part of the teams. Currently Monroe/Alsea baseball is 14-2 in league play and 17-4 overall, making them 8th ranked. Currently they have a 15-game winning streak.

We have ordered the new Football uniforms for next season. Once we have some mockups for Volleyball we will make those orders as well.

FB schedule is complete and up on OSAA. We will have limited home games this season due to the work being done on the FB field. As the season progresses, we will monitor the grass to ensure it is getting established. I know that not having as many home games is less than ideal, but unfortunately this is where we are at this point.

Volleyball schedule is complete and up on OSAA. We will add a couple more dates between now and the start of the season.

The work on the field is beginning this week. They will be preparing the field for tilling and removing the old grass, then the field will be recrowned and finally hydro seeded. Hopefully the grass will be growing in a month or so.

I have reached out to partner with brasforgirls.org to procure sports bras for all our female students. This organization gives this piece of equipment to schools, alleviating the expense for our families. Any student in need will have this resource. These will be available to all our students, whether playing a sport or for everyday use in PE. I am very glad we will be able to provide this equipment at no charge.

Thursday, May 15, we will have our PBIS committee meeting and will be finalizing our work this week. We are also working on a re-brand for our school to help increase student spirit and school pride.

MOB info to come.

We are currently accepting applications for the Alsea student body council. This is something we have not had at Alsea for some time and felt it was time to have this opportunity available to our students who want to get involved.

I am also putting together a student AD/Leadership opportunity. This will be an opportunity for a couple of students, 11-12 grade, to learn the ins and outs of what being an athletic director is about. This will be a TA position.

If you have any questions or concerns, please contact me directly.

d. Business Manager Report

Financial Summary – April 30, 2025

General Fund Resources

- State School Support – The ODE issued an update for 23-24 and 24-25 SSF, which had a significant impact on the district for 24-25 and subsequent years. Prior estimates showed IEPs over the 11% cap that qualified for reimbursement as 25.40. The revised figure is 2.30, which is a drop of 23.10, or a loss in funding for 24-25 of \$240,000. The ODE computes this amount based on poverty, etc and districts cannot compute the amount due to the complexity of the formula. The 2.30 figure had been used in prior estimates but believed the ODE figure was correct and used in prior months' projections and in developing the 25-26 proposed budget. Included in the statements is a comparison showing the impact of the change. .
- Property taxes – the statements reflect tax turnover through March 31.
- 1312 – Tuition from Other Districts – payment for students attending the Learn at Home Online that are residents of another district and reported by that district to the ODE for funding purposes.
- 1510 - Earnings on investments – The earnings rate with the Local Government Investment Pool (LGIP) is 4.60%, down from 4.64% for the prior month. The district is earning approximately \$35,000 per month. The interest earned is allocated to various funds based on that fund's cash balance as of the end of the month and the investment pool interest rate.
- No changes in the other revenues.

General Fund Expenditures

- All salaries and benefits have been encumbered, as well as projections for substitutes and additional salaries are included in the financial statements. The substitute and additional salaries are based on the average for September through January and annualized through June.
- As shared prior months, all non-payroll items have also been encumbered. In other requirements, a transfer to the Special Revenue Fund for Special Education Stipends has been projected. The grant covers only the stipend amount, not associated payroll costs. The district is required to pay all payroll costs associated with the grant.

Special Revenue

Changes

- No changes compared to last month.
- All claims have been made for funds spent year to date. All grants are being monitored to ensure dollars are spent by the end of the grant period.

Food Service Program

- Included are the student participation, financial statements and per meal breakdown through 4/30/25. The attached statement reflects the participation by month, with the annual participation at 66.4% for the breakfast program; 65.6%, lunch program.
- The projected transfer from the General Fund will be approximately \$56,109.50. The average cost per meal is \$5.87 while reimbursement is \$4.22, or a transfer from the General Fund of \$1.65 per meal.

Debt Service

- No change in the Debt Service, with the projected fund balance ending is estimated at approximately \$32,000.

Capital Projects

- 400 – Capital Projects - reflects interest received on monies at the LGIP. Expenditures are the replacement of the windows, architectural services for the kitchen, and the upgrade to the fire alarm system. The fund has \$20,000 available for additional projects.
- 410 - Bond 2021 and OSCIM Grant –The fund has \$50,737, with all projects either paid or encumbered.
- As shared last month, the additional costs for the fire alarm system this summer is \$58,207. This cost will be paid from the remaining funds in 400-Capital Projects and 410 – Bond/OSCIM Fund.
- 430 – Seismic Rehabilitation – represents approved service contracts. The district has received reimbursement for all invoices through March 31 and has submitted the April claim to the Oregon Business Development Department. Per the grant, claims will be made after each month's end.

Internal Service Funds

Unemployment Reserve

- As shared last month, currently the district is charging all salaries approximately 4% on each payroll and transferring the funds into the Unemployment Reserve Fund to cover quarterly unemployment claims. The \$6,800 represents claims for the first two quarters of 24-25. However, it is still unknown what the costs will be for Spring and Summer breaks.

PERS Reserve

- No change compared to last month.

e. Construction and Seismic Report

Alsea School District Construction Manager's Report

Report Date: May 6, 2025

GENERAL OVERVIEW

A special Board meeting was held April 15 to review the initial construction cost summary for the Gym Seismic project. Numerous options were presented at that time to significantly reduce the budget overrun. The Board made decisions on each option and then approved an additional \$350k to supplement the project budget. The design team incorporated the approved changes into a final addendum which was issued on April 30. The contractor is using this addendum to prepare the final construction cost by May 9. Construction is scheduled to begin in the locker rooms May 12 with the rest of the work area beginning after school is out, on June 16.

A second Seismic Grant application for the High School Classroom Wing was submitted to the State in January. Unfortunately, we were notified on May 6 that we did not receive the grant this year. The engineer will resubmit the application at the end of this year for potential acceptance in May 2026.

The Fire Alarm Replacement project has been designed and permitted. Construction is scheduled to begin on June 16, after school is out, and will be coordinated with the Gym Seismic project.

PROJECT TEAM

Alpine Abatement was selected via hard-bid process as the asbestos removal contractor for the Gym Seismic project.

BUDGET

The updated budget summaries for the various projects are provided below with comments for each.

Gym Seismic

The updated budget summary for the Gym Seismic project is provided below. The final construction cost is pending as of the time of this report.

To date, 13% of the project budget has been spent.

Fire Alarm Replacement

Salem Fire Alarm is scheduled to begin construction June 16 when school is out.

PROJECT-SPECIFIC ACTIVITY

Gym Seismic

No new activity pending abatement commencement May 12.

Fire Alarm Replacement

No new activity pending construction starting June 16.

COMMUNICATIONS

IMS monthly reports are being provided to the School Board.

f. Safety Committee Report

Alsea School District
Safety Committee meeting
April 17, 2025 3:30 PM
Staff Room

Committee Members Present: Lora Nickle, Mary O'Brien, Sara Littlefield
Committee Members Absent: Keenan Elbers, Joe Harris

1. Staff Concerns
 - a. Broken slide pieces
 - b. Missing bar, top of a slide

The Committee looked at the concerns, the information will be passed on to the Maintenance Department. The missing bar appears to have not been installed as it looked like there is no way that it could have been removed. Maintenance will assess as well.
2. PACE - WLA
 - a. Quarterly walk through, 2nd
 - b. WLA Risk Assessment Results

The Committee went over the results of the WLA walk through. A meeting between Lora Nickle, Keenan Elbers, Krista Nieraeth and Nathan Roberts has been scheduled for April 22nd to review the concerns.
3. May Fire/Earthquake Drill
 - a. Scheduled for the 6^h
4. Additional Concerns:
None

The hands are positioned around the central text, creating a sense of shared learning and reading.

SMART Reading at Alsea School

2024 -25 School Year

SMART Reading =
Start Making A Reader Today

The SMART Reading program is a non-profit that serves schools in Oregon by providing books and volunteer reading support.

One of the critical components for a successful future is the ability to read. Successful literacy takes time and access to books. The SMART Reading program creates opportunities for both!

Our kindergarten and 1st grade students have each been matched with a student in middle or high schooler. Each week, the readers make their way to the K/1 class to meet with their reading buddies. Here is where the magic happens!

Kinder and 1st grade students are there to listen and enjoy a good story and some good company, but can often be seen reading some parts or trading off reading pages. Every other week, the listeners get to pick a book out from the SMART Reading Library to bring home and add to their own library.

Looking Forward

For next year's program, we are hoping to expand to also include second graders. We are also hoping to include community members, so if anyone is interested, please contact Sara Littlefield.

This program is a wonderful way that volunteer readers can make a meaningful and direct impact in our community that will be carried with each student for a lifetime.
