## Lincoln County School District Equity Team

### Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation that covered land in what is now Tillamook, Lincoln, Benton, Marion, and Coos Counties. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

### NUTRITION SERVICES

Lincoln County School District

School Meals Gardens Food Pantry

As we enter June and approach the end of the school year, the gardens are thriving, and we are learning quite a bit about the vegetable preferences of our local deer population.

Last month, the gardens hosted two successful plant sales at Newport Middle School and Toledo Jr./Sr. High School. Students learned propagation techniques by starting plants from both cuttings and seeds. Student entrepreneurs from Newport High collaborated across CTE classes to build and plant cedar planter boxes, which were a huge hit with the community. Thank you to Ms. Hargett and Mr. Pedersen for their support and leadership in this effort.

Participating schools earned more than \$1,200 to support their school gardens, while also generating additional funds to help sustain the overall garden program. -Scott

# thank you

As we approach the final day of school, we want to express our immense gratitude to the Sodexo kitchen staff! By the end of the 25/26 school year, they will have served more than 775,000 meals to both students and staff, averaging around 4,500 meals each school day.

This remarkable achievement is a testament to their unwavering dedication and hard work. Each meal provided reflects their commitment to ensuring that every child has access to nutritious food, which supports their growth and learning.

As we transition into the summer months, we are thrilled to continue offering meals through our Free Summer Meals Program, ensuring that no child goes hungry when school is out.

19

Here's to a summer filled with health, happiness, and community!

## FRESH FRUIT AND VEGETABLE PROGRAM (FFVP)

FFVP is an important tool in our effort to combat childhood obesity. The program has been successful in introducing elementary school children (K-8) to a variety of produce that they otherwise might not have the opportunity to try. Some of this month's offerings include: White Nectarines, Black Grapes, Sugar Snap Peas, Black Plums and Apricots.

*Did You Know?*

Apricots are ancient, nutrient-dense stone fruits native to Asia that have been cultivated for over 4,000 years. Despite looking like tiny, fuzzy peaches, they are actually part of the rose family and are closely related to plums, cherries, and almonds.

## Lincoln County School District Board Meeting General Session, June 9, 2026

Date: June 5, 2026

Dear: LCSD School Board & Transportation Leadership,

The school year is already in full swing, and we are renewing our relationships with our returning students but also building new ones with new students. We are reteaching school bus rules and working diligently with all students, so we can be safe and respectful together.

### Driver staffing

We are working diligently to increase the applicant flow through recruiting campaigns.

- FY 26 Wages: \$22.45 – \$27.91
- Hiring Bonuses of \$3500 for CDL S/P endorsed drivers
- Hiring Bonuses of \$2000 for non-CDL S/P endorsed drivers
- Paid Training
- \$500 Employee Referral Bonus

The data on the left represents the projection of route coverage for the 2026/2027 school year.

### Recruiting

- Driver Recruitment and Retention Efforts Based on current staffing projections and responses from employees regarding their plans for next year, we anticipate approximately 22 CDL & Type 10 drivers may not return for the 2026–2027 school year. As a result, recruitment remains a critical focus for the Transportation Department.

To strengthen our recruitment efforts, we are increasing our visibility and community engagement through several outreach initiatives:

- **Local Job Fairs:** We continue to partner with workforce development organizations and community centers to participate in career fairs, providing opportunities to connect directly with prospective candidates and share information about employment opportunities within the Transportation Department.

- **Parades, Community Events, and Banner Bus Outreach:** Transportation staff represent the district at local parades and community events, utilizing a decorated school bus and informational materials to raise awareness of driver opportunities and engage with community members in a positive, family-friendly setting.
- **Farmers' Markets and Local Festivals:** These events provide valuable opportunities to meet residents where they are, introduce them to the benefits of school bus driving, and reach individuals who may not have previously considered employment in student transportation.

Through these efforts, we aim to build a strong pipeline of qualified candidates and ensure adequate staffing levels to support safe and reliable transportation services for the upcoming school year.

## Customer issues/ resolutions

- **Driver Shortage:**
  - Our pipeline remains healthy; however, there are many candidates who test out of the program due to failing their background or drug test.
  - Our recruiting efforts will also include signing up for Chamber of Commerce membership during the summer.

## Noteworthy Successes

### Counting Down the Days Until the 2026–2027 School Year

- While students and staff are looking forward to the start of summer break, the Transportation Department is already preparing for the 2026–2027 school year. Several important projects must be completed before routing and scheduling activities can begin.
- Key summer responsibilities include
  - coordinating and managing transportation for summer school,
  - completing deep cleaning and maintenance activities on the bus fleet,
  - identifying returning drivers and staff,
  - and continuing recruitment efforts to address current and future staffing needs.
- Recruitment remains a top priority as we work to ensure adequate staffing levels for the upcoming school year.

## Routing updates

- The registration for Summer Learning has ended, and we are already working on routing.
- This summer, there will be road construction on NE Harney St in Newport which will greatly impact routing. As we begin routing, we will need to divert our buses to take a different route to get from Yaquina View to the other schools which may add to the route time.
- Other upcoming construction in that area may also lead to delays, unless we can reroute for the duration of the construction. Updates to follow as they become available.

## Important dates

- June 10-LCSD Last Day of School
- June 11-SVS & ECS Last Day of School
- June 12- End of Year Employee Picnic @ Fogarty Park
- June 20-Beachcomber Day Parade
- June 26-Touch-a-Truck Event in Newport
- July 2-4-Lincoln County Fair
- July 11 Toledo Summer Festival Parade
- July 22-Employee Lu'au at Ona Beach Park

# Impact Report Year 2025-26

## *Empowerment & Engagement*

Lincoln County School District is excited to launch our new annual Impact Report. This inaugural report is designed to share information in areas in which LCSD programs make a direct impact in our schools and community outside of the classroom. We believe our responsibility to provide a well-rounded and meaningful education goes beyond a strong academic foundation and truly supports our commitment to Every Child, Every Day, Future Ready.

We are committed to removing barriers and fostering inclusivity to ensure every student succeeds, and gathering quarterly feedback from the LCSD Equity Committee helps in this process. This year, we analyzed family engagement night and conference attendance data to find new ways to connect with families and the community. By expanding our bilingual support services and increasing our real-time interpretation at our district events, we are working to ensure that every family feels heard, valued, and informed. We strive to move beyond family engagement to family empowerment, providing events and opportunities our families want to be a part of to plan, learn, and celebrate together.

Our Student Services Department worked closely with our school counselors, social workers, area care teams, homeless advocates, and Lincoln County Public Health to increase support and access to resources. We also continued to strengthen our partnership with our School-Based Health Centers, increasing access to mental health and primary care for students and families. We know these are vital services in our schools and community.

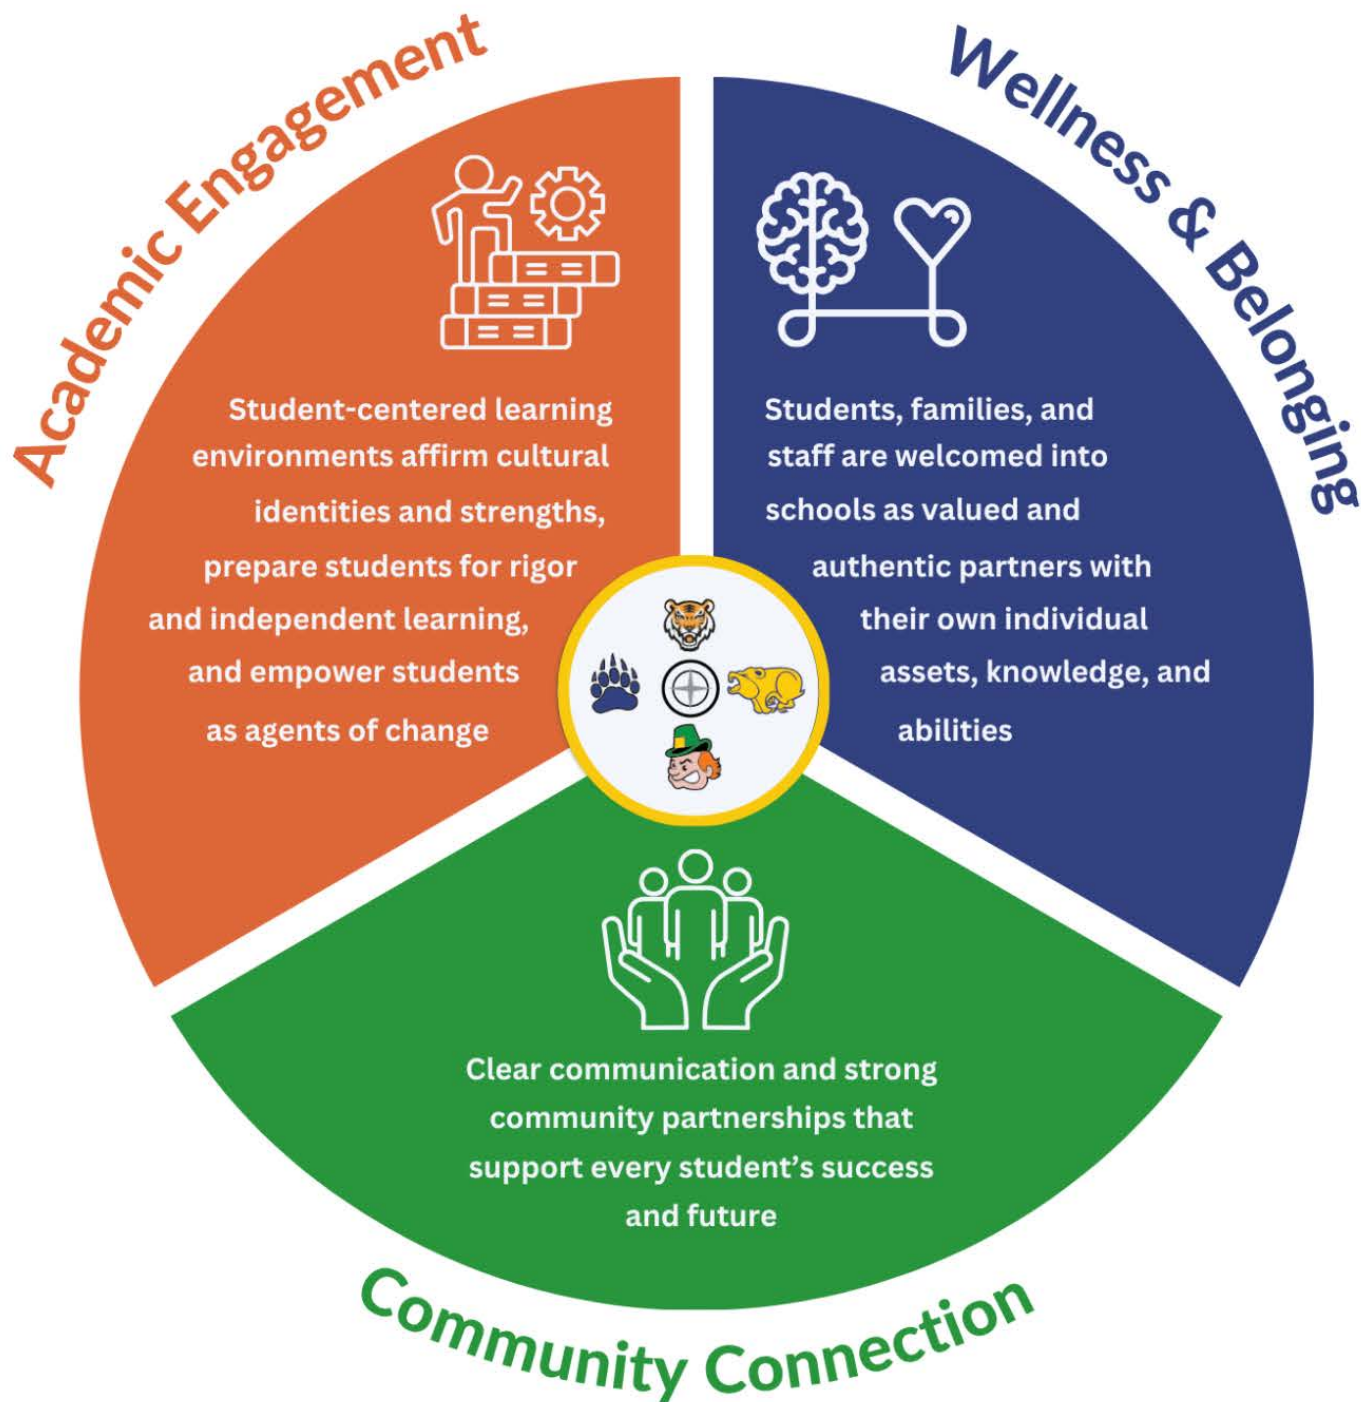

We know we still have a long way to go to provide equitable access for all of our families and students, but we believe this report is a start in sharing where we are, in hopes that others will share with us how we can continue to improve. Together, we will move from an engaged school community to one that is built by the collective empowerment of all of Lincoln County. Our children deserve the very best we have to give, and we are dedicated to making it happen.

10.c. Board

10.c.1. Policy IKJ - Artificial Intelligence

Code: IKJ  
Adopted: 6/926  
Revised/Readopted:  
Orig. Code: IKJ

## Artificial Intelligence

{The purpose of this policy is to facilitate actions regarding artificial intelligence. Many OSBA members have developed statements, policies, or positions, or have responsible use agreement language that includes related content; this policy is not intended to replace that language.}

The Board believes that artificial intelligence (including generative artificial intelligence) is a useful tool. The Board also recognizes that generative artificial intelligence involves risk, including input and output bias, inaccuracies, and hallucinations. As such, it is critical that staff and student use is conducted responsibly.

### Independent Student Use

Specific rules for the independent use of generative artificial intelligence for assigned student work may be developed by the teacher and communicated to students. Teachers should consider the following in establishing these rules:

1. Accessibility of programs and technology for all students outside of school;<sup>1</sup>
2. Student awareness of bias and inaccuracies and student ability to responsibly address those concerns; and
3. The teacher's ability to detect usage accurately and consistently.

Failure to follow these rules may result in incomplete credit or disciplinary action.

### Student Use as Part of Class

Teachers may use generative artificial intelligence as part of instruction to further course objectives. Only applications approved by the district's [IT Department] will be allowed to be used as part of the class. All Terms of Use will be followed, along with any additional rules established by the [IT Department] or the teacher. Students are not allowed to share logins or passwords.

[Prior to allowing students to use generative artificial intelligence as part of a class the teacher will provide notice to parents with an explanation of its use.] [The [district] [school] will provide notice to parents regarding student use of generative artificial intelligence as part of classes.]

### Staff Use

District staff are authorized to use generative artificial intelligence to perform various work functions. Staff are responsible for ensuring their use complies with all laws, including, but not limited to copyright and privacy laws.

### Staff Professional Development

---

<sup>1</sup> For example, do all students have access to computers and internet away from school; does the age of the students affect their ability to access generative artificial intelligence?

The district will seek out professional development opportunities for staff to learn how to use generative artificial intelligence for various work functions.

### **FERPA and Confidentiality**

All laws regarding student records, confidentiality, privacy, and student internet use will be followed at all times. District staff are prohibited from sharing personally identifiable information (PII)<sup>2</sup> with any generative artificial intelligence application.

### **Violations**

Students and staff in violation of policy or related rules may be subject to discipline and may be referred to law enforcement.

# Social Science Updates for the 26/27 School Year

Open Educational Resource Materials for grades K-5 (no formal adoption)

6th grade to join secondary adoption team due to the 6/7 standards alignment and preparations for middle school. (currently piloting TCI)

Grades K-4 worked to align SS standards to units and read aloud stories from Savvas My View Literacy and will also use additional resources to ensure all standards are taught.

Grade 5 chose a few novels that aligned to standards and also used Open Educational Resources for materials recommendations aligned to the standards and chronological timeframe of standards.

# K-4 Lesson Overview: Bridging Literacy, TSEL, and Social Science

Meticulously crafted for the K-4 classroom to integrate high-quality read-alouds with Transformative Social Emotional Learning (TSEL) and the 2024 Oregon Social Science Standards.

## Grades K-2: Picture Book Read-Alouds

- Engage students in complex concepts.
- Manageable instructional blocks.
- Natural breaks for scheduling.

## Grades 3-4: Chapter Books & Narratives

- Strategically broken into multiple lessons.
- Spans length of the unit.
- Matches pacing for complex narratives.

# Key Components of Every Lesson

**Structured Conversations (QSSSA):** To maximize student engagement and support English Learners, every lesson embeds the QSSSA strategy (Question, Signal, Sentence Stem, Share, Assess). This ensures every student has the processing time and linguistic scaffolding needed to participate in academic discourse.

**Essential Disciplinary Practices (EDP):** Lessons move beyond rote memorization by integrating the ten Essential Disciplinary Practices, such as developing inquiry questions, thinking chronologically, and analyzing diverse perspectives.

**AVID Strategies:** To foster high-level inquiry and collaboration, lessons incorporate AVID strategies—including Character Corners (p. 68), Socratic Seminars (p. 72), and The Hot Seat (p. 86)—to help students process text and visuals deeply.

- AVID Resources: [AVIDStrategies.pdf](#)
- Preview the directions for the strategy
- Allow for timing for teaching any new AVID Strategy
- Page number next to AVID Strategy in lesson plan

**Critical Conversations:** Using the Facilitating Critical Classroom Conversations framework, these lessons provide 'Teacher Moves' to help navigate complex topics like ethnic studies and systemic inequities with care and intentionality.

**Content & Language Objectives:** Each segment includes clear objectives aligned with the Instructional Review Tool and English Language Proficiency standards, ensuring that social science instruction also drives language development.

# Instructional Flow

## Instructional Flow:

-  **Strong Beginning:** Explicitly teach Tier 2 vocabulary and activate prior knowledge through a “Strong Beginning” protocol.
-  **The Middle:** Follow guided “Stop and Ask” points (referenced by page number) to promote discussion and check for understanding.
-  **Strong Ending:** Every lesson concludes with a Formative Assessment, often utilizing Quick Writes or Exit Tickets (e.g., “**What is one thing you learned today that changed how you think?**”) to capture student growth and lingering questions.

## Planning & Progression:

-  The scope and sequence provided offers a developmentally appropriate progression throughout the year. These resources will be housed in the **Portal** beginning in the 26/27 school year.

# Additional Resources

Each unit incorporates additional resources that support teaching the standards. Many have been selected from the Tribal History/Shared History lessons from ODE and CTSI.

**Lesson Placement:** Lessons were added to the “Resource” column each time the standard was addressed (i.e. some lessons were added to each unit). If a lesson was added to multiple units, use your discretion as to when in the year to teach it based on the other lessons and resources provided.

## Resources:

- Siletz Tribal History- Shared History Lessons
- Tribal History/Shared History (TH/SH) : American Indian/Alaska Native Education : State of Oregon

# 5th Grade Curriculum Overview: Inquiry and Complexity

**Shift to Higher Complexity & Comprehensive Units:** In 5th grade, the Social Science standards transition into a higher level of historical complexity ranging from the foundational elements of society to the tensions of the Missouri Compromise. To meet this rigor, our curriculum shifts from a purely read-aloud-based model to comprehensive units.

**Pacing Guide & Curated Resources:** The team has created a pacing guide, including scope and sequence, with resources for each unit. These resources have been expertly curated from Oregon Open Learning and the ODE Social Sciences Instructional Framework.

**Novels as Supplemental Anchors:** While we provide high-quality novels to deepen student empathy and historical context, the novels serve as supplemental anchors. Teachers are empowered to integrate these literary texts within their Social Science blocks. Please use the scope and sequence document to design custom lessons that bridge the narrative of the novels with the specific evidence-based requirements of the 5th-grade standards.

# Books to Purchase for Read Aloud

## Second Grade:

- Grace For President (Kelly DiPucchio)
- A Chair For My Mother (Vera B. Williams)
- The Ox-Cart Man (Donald Hall)

## Fifth Grade:

- The Birchbark House (Louise Erdrich)
- Encounter (Jane Yolen)
- Blood on the River (Elisa Carbone)
- Chains (Laurie Halse Anderson)

## 12.a.2. Appropriations Transfer

**Resolution 2025/26-\_\_\_\_**  
**2025-26 Appropriations Transfer**

Oregon budget law requires that appropriation levels (instruction, support services, enterprise and community services, capital projects and debt service) must not be overspent. In accordance with ORS 294.450, budget law allows the Board of Directors to authorize transfers of appropriations and/or resources after declaring the need, purpose and amount of the transfer.

Paid claims in the self-insurance funds are higher than anticipated for 2025-26. Additionally, the auditors are now requiring additional accruals of the runout through December annually. Due to these factors, it appears that the District does not have adequate appropriations to cover the estimated runout accrual and June claims of \$168,825.

Oregon budget law allows transfers from Contingency by board resolution to other line items of up to 15% of the original appropriated amount. Fund 610 Dental/Vision Insurance Fund has a total of \$988,107 appropriated and therefore has \$148,216.05 available for transfer by resolution. Fund 620 District Group Medical HRA has a total of \$4,127,270 appropriated and therefore has \$619,090.50 available for transfer by resolution.

Recommended for transfer are the following appropriations within the named funds:

	<u>Increase</u>	<u>Decrease</u>
Fund 610 Dental/Vision Contingency		\$145,000
Fund 610 Dental/Vision Claims	\$145,000	
Fund 620 Group Medical HRA Contingency		\$125,000
Fund 620 Group Medical HRA Claims	\$125,000	

This will provide an additional \$101,175 in appropriations should the runout be higher than estimated.
