RE: Acme Construction
Baseball Field Perimeter Xeriscape – East High
Requisition # TBD
\$251,245.00

Dear Superintendent Grant:

Isaac Astill will be submitting a requisition for landscape revisions on the perimeter of the baseball field at East High School. The intent is to xeriscape the area, provide gravel retention on the slope adjacent to tennis courts, and integrate seating options.

An Invitation for Bids process was utilized to locate a vendor capable of performing the noted services. Acme Construction was found to be the lowest priced, responsive, and responsible vendor.

Project costs are \$239,245.60. An owner's contingency of \$12,000.00 has been added. Total PO amount is \$251,245.00.

Permission is requested to issue a purchase order to Acme Construction for \$251,245.00. Funds for this expenditure will come from the 2026-2027 Capital Projects fund.

School Financial Reports for Student Activities

For the Two (2) Months Ending August 31, 2026

The *School Financial Reports for Student Activities* gives an account of activities in the Student Activity Fund (Fund 21). This fund is used to account for, and report proceeds that are restricted or committed to student activities.

All revenue in this fund is derived from:

1. Student curricular, co-curricular, and extra-curricular fees
2. Donations
3. Fundraising proceeds
4. Miscellaneous school revenue including gate receipts, building rental income, and other optional student fees

Amounts in the Student Activity Fund are controlled at a school level. The school administrator has discretion to use funds for the benefit of the school and its students.

**(Longwell and Fife-Jepperson)

2. [CTC Architect Purchase Order and Construction Manager \(CM\)/ General Contractor \(GC\)](#)

*(4) [A motion](#) was made to the board to approve the purchase order for VCBO Architects, Inc. in the amount of \$2,013,855.00 to complete the design of the remodel project to convert the Riley building into a new career and technical center and authorize the procurement process to select a construction manager, and a general contractor for the project. The motion was approved four to three with Board Members Romano, Williams and Anderson voting no.

**(Longwell and Jensen)

The board discussed the proposed next phase of the CTC project, including approval of architectural services and initiation of the construction management procurement process. The board reiterated the previous [motion approved on May 20, 2025](#), which states *"to approve the property use of the former Riley Elementary site for an expanded Career and Technical Center with the contingency that the district will not be using any of the general funds or capital funds to cover the cost unless specifically requested and approved by the board, and approve phase one to procure an architecture firm to do what is necessary to identify the needs of the building for the upcoming phases."* Board members expressed differing viewpoints regarding the project's financial impacts, long-term planning considerations, and its potential to expand student access to career and technical education opportunities.

G. [SUPERINTENDENT REPORT:](#)

Superintendent Grant reported a successful start to the school year, thanked staff for their preparation and support of district initiatives, highlighted the fine arts and literacy presentations, and emphasized expectations for positive sportsmanship and appropriate student conduct at school athletic events.

BOARD COMMITTEE REPORTS:

[Bryce Williams](#) provided an update on upcoming Utah School Boards Association (USBA) activities, including the regional meeting and the relaunch of the Master Boards certification program, and encouraged board member participation in both opportunities.

[Board Member Anderson](#) serving on the Salt Lake County Parks and Recreation Advisory Board, reported on a proposed county bond measure that would fund deferred maintenance and capital improvements, including projects that could benefit areas served by district schools. She also noted the potential impact of the bond and other governmental funding decisions on taxpayers and encouraged continued attention to their effect on future district funding and community support.

[Board Member Longwell](#) reported on recent Finance Committee discussions, including the internal audit process, review of purchasing thresholds and board oversight practices, long-range capital planning, and the purpose and content of monthly budget reports.

At 8:12 p.m. [the motion](#) was made:

*(1) That the board meet in closed session to discuss pending or reasonably imminent litigation and the character, professional competence, or physical or mental health of an individual and that the board adjourn immediately upon the conclusion of closed session. ADDITION TO THE MINUTES

The Board of Education of Salt Lake City School District acts by a vote of a majority of the board members in an open and public meeting. Statements by individual board members, in or out of board meetings, written, oral, or in social media, do not necessarily represent the views of the majority of the board or any other board member. Nevertheless, out of respect to the elected office that each board member holds and consistent with state law and board policy, the board allows its members to attach to board meeting minutes any other information that any member requests. When the board votes to approve minutes, that vote signifies that the minutes are a correct record of what occurred and what was asked to be included in the minutes. It does not signify any individual board member's agreement with the substance of the content.

The following information was distributed in the public meeting of the board and has been included in the minutes at the request of the board member(s): None.

All active educators are required to hold a current Utah Educator License. Utah Board Rule R277-301 provides three licensing options for educators: professional educator license, associate educator license, and LEA-specific educator license. In accordance with R277-301-7, an LEA may, with approval by the LEA governing board in a public meeting and in accordance with SLCSDB Board Policy P-6, District Specific Educator Licensing, issue an LEA-specific educator license or endorsement to individuals requiring such licensure.

The following request is for SLCSDB employees who need an LEA-specific educator license while they work toward meeting the requirements of one or more of the following: professional educator license, associate educator license, and/or an endorsement attached to an educator license. The Department of Human Resource Services works with these individuals to ensure they will obtain the appropriate licensing credentials for their teaching assignments. Each LEA-specific educator license or endorsement is valid until June 30 of the third school year after the Superintendent issues the license (R277-301-7). I ask that you please review the following individuals listed below for a SLCSDB LEA-specific license and/or endorsement and requested board action.

Requested Board Action:

I request that the board approve the noted educators for a SLCSDB LEA-specific license and/or endorsement.

Last Name	First Name	License Request	Endorsement(s) Request	Rationale
Montejo	Jenna		Gifted/Talented	Teacher requires this endorsement to provide instruction in gifted/talented classroom and is currently working toward the professional endorsement
Gordon	Kimberly		Library Media (K-12)	Teacher is working toward the library-media endorsement and needs LEA while working toward the endorsement
Sanchez	Jamie		Gifted/Talented	Teacher requires this endorsement to provide instruction in gifted/talented classroom and is currently working toward the professional endorsement
Monteiro	Chase		Gifted/Talented	Teacher requires this endorsement to provide instruction in gifted/talented classroom and is

				currently working toward the professional endorsement
Hernandez Monzon Cejas Fuentes	Ciro		Spanish (to be attached to elementary license)	Teacher currently has a Spanish endorsement attached to a secondary license but needs it attached to the elementary license to be qualified for kindergarten instruction
Plancarte	Maria	Early Childhood		Teacher works to provide programming for Rose Park's Pre-K/Kinder model and requires the EC license to continue providing instruction in that program
Bauer	Aubrie		Gifted/Talented	Teacher requires this endorsement to provide instruction in gifted/talented classroom and is currently working toward the professional endorsement
Haines	Allison		Gifted/Talented	Teacher requires this endorsement to provide instruction in gifted/talented classroom and is currently working toward the professional endorsement

Subject: Salt Lake Community Reinvestment Agency (CRA) Amendments

Summary:

The Salt Lake City Community Reinvestment Agency (CRA) has submitted two amendments to Interlocal Agreements previously entered into between the CRA and the Board of Education of Salt Lake City School District (District) to clarify that the tax increment revenue received for the Salt Lake City Library is not included in the tax increment remitted to the Agency.

The two project areas covered by the amendments are:

- **Block 70 Development Project Area:** Starting with tax year 2016 and going through tax year 2040, this project diverts 70% of the school district's tax increment for the development of 14.44 acres located south of 100 South, north of 200 South, east of Main Street, and west of State Street (Block 70). The remaining 30% of tax increment is remitted to the district. This is the area where the Eccles Theater was built. This agreement was approved by the Salt Lake City School District Board of Education in or around November 2011.
- **North Temple Viaduct Project Area:** Starting with tax year 2012 through tax year 2036, this project diverts 100% of the school district's tax increment from the development of the North Temple viaduct and Trax line. This agreement was approved by the Salt Lake City School District Board of Education in or around November of 2009.

These are contractually binding Interlocal Agreements approved by a previous Board of Education. The proposed amendments do not make any changes related to participation of the district and any opposition to the amendments would not be in good faith.

When these projects were approved, our B-3 policy for Tax Increment Financing did not exist, and the associated questions for the ad hoc committee cannot be retroactively applied. Thus, the committee requests that the amendments be approved by way of approving this memo on the 10/6/2026 Consent Agenda.

Acknowledging that the original underlying agreements have imposed financial burden to the district, and demographic studies indicate they have been ineffective at generating family-sized housing, the ad hoc committee further asks the Board to direct our Business Office to coordinate an annual update from the CRA to provide an adequate forum for discussion on these underlying Interlocal Agreements, as well as subsequent agreements.

Requested Board Action:

By consenting to this memo, the board agrees to approve the two CRA Amendments that clarify the Salt Lake City Library tax increment is not included in the Block 70 and North Temple Viaduct project areas and direct the Business Administrator to coordinate an annual update from the CRA at a future board meeting.

FIRST AMENDMENT
to the
INTERLOCAL AGREEMENT
among
the SALT LAKE CITY COMMUNITY REINVESTMENT AGENCY
(formerly known as the Redevelopment Agency of Salt Lake City)
and
BOARD OF EDUCATION OF SALT LAKE CITY SCHOOL DISTRICT
and
SALT LAKE CITY CORPORATION
Block 70 Community Development Project Area

THIS FIRST AMENDMENT (“First Amendment”) to the above-named Interlocal Agreement (“**Agreement**”) is executed as of _____, 2026 (“**Effective Date**”) by and among the SALT LAKE CITY COMMUNITY REINVESTMENT AGENCY, *f/k/a* Community Reinvestment Agency of Salt Lake City, a public agency created under Utah Code Title 17C (the “**AGENCY**”), the Board of Education of Salt Lake City School District (the “**DISTRICT**”), and SALT LAKE CITY CORPORATION, a body corporate and politic of the State of Utah (the “**CITY**”) (collectively, the “**PARTIES**”).

RECITALS

- A. The Parties entered into the Agreement effective as of December 1, 2011, wherein the District and the City each agreed to pay the Agency a portion of its respective Tax Increment created by certain projects and by other development activities on Block 70 (the “**Project Area**”) to provide financial assistance in connection with the development of projects in the Project Area as set forth in the Draft Project Area Plan.
- B. At the time the Parties entered into the Agreement, the Agency was known as the Redevelopment Agency of Salt Lake City. The Agency’s name has since changed to the Salt Lake City Community Reinvestment Agency. The Redevelopment Agency of Salt Lake City and the Salt Lake City Community Reinvestment Agency are the same party.
- C. The City’s payment of tax increment from the 2024 and 2025 tax years to the Agency included tax revenue received for the use and benefit of the Salt Lake City Library, contrary to the Parties’ intent.
- D. The Parties now desire to amend the Agreement to clarify their mutual

understanding and intent that revenue received for the use and benefit of the Salt Lake City Library is not to be included in the City's portion of the Tax Increment.

AMENDMENT

NOW, THEREFORE, for good and valuable consideration, including the mutual covenants contained in this Amendment, the Parties agree to amend the Agreement as follows:

1. The following provision is hereby included in the Agreement as section 1(c):
 - c. Tax Revenue Received for the Salt Lake City Library Excluded. For the avoidance of doubt, the City's portion of the Tax Increment described herein shall not include tax revenue received for the use and benefit of the Salt Lake City Library.
2. Terms capitalized in this First Amendment but not defined have the meanings set forth in the Agreement.
3. Except as expressly amended pursuant to the terms of this First Amendment, the Agreement shall remain in full force and effect in accordance with its original terms. If any provisions of this First Amendment conflict with the provisions of the Agreement, the provisions of this Second Amendment shall govern and control. All remaining provisions of the Agreement, not specifically altered by this Amendment, shall continue in full force and effect under this Amendment.

Subject: Rocky Mountain Power Underground Utility Easement

Purpose

Board consideration of an underground utility easement with Rocky Mountain Power

Background

Rocky Mountain Power has requested a permanent underground utility easement along the northwest portion of the M. Lynn Bennion Elementary School property. The proposed easement is approximately 8 feet wide by 241 feet long and would allow Rocky Mountain Power to construct, operate, maintain, repair, replace, and access underground electrical and communication facilities.

The easement is associated with Rocky Mountain Power's conversion of the existing overhead electrical line to an underground system. Rocky Mountain Power would pay for the installation of the underground line and removal of the existing overhead line, resulting in no anticipated construction cost to the District.

District Benefit

The existing overhead power line currently creates a larger limitation on how this portion of the property can be developed or improved. Based on District discussions regarding the project, improvements near the existing overhead line are generally constrained by an approximately 25-foot clearance requirement. Undergrounding the line would reduce that constraint. The proposed easement itself is 8 feet wide, and the District's understanding is

that future improvements could generally be located within approximately 10 feet of the easement, subject to applicable Rocky Mountain Power requirements and approval.

Although the District would grant a permanent utility easement, the conversion provides several potential long-term benefits. It removes the existing overhead utility conflict, improves the electrical grid feed serving the area, and provides greater flexibility when considering future development or improvements to the property. That flexibility has value regardless of the long-term use of the site.

The easement reserves access and maintenance rights for Rocky Mountain Power and requires the easement area to remain clear of structures, trees, and other hazards that could interfere with its facilities. These restrictions apply to a relatively narrow area and should be considered in relation to the benefit of removing the broader limitations associated with the existing overhead line.

Proposed Agreement

Under the proposed arrangement, Rocky Mountain Power would install the underground electrical facilities and remove the existing overhead line at its cost. In exchange, the District would grant an approximately 8-foot-wide by 241-foot-long permanent easement for the underground facilities and the access necessary to operate and maintain them. The attached Exhibit A identifies the proposed easement area on the District property.

Recommendation

Administration recommends approval of the proposed underground utility easement with Rocky Mountain Power, subject to final legal review and confirmation of Rocky Mountain Power's responsibility for the underground installation and removal of the existing overhead facilities.

Administration believes the agreement provides a reasonable benefit to both parties. Rocky Mountain Power is able to address its utility infrastructure needs, while the District receives the benefit of undergrounding the existing electrical line at no anticipated cost. The limited 8-foot easement also provides the District greater flexibility for future improvements or development by reducing the restrictions associated with the existing overhead line. For these reasons, Administration considers the proposed easement a beneficial agreement for both Rocky Mountain Power and the District.

Subject: 400 South Bridge Replacement – Franklin Elementary / Jordan River Trail Property

Purpose

Board consideration of a proposed property agreement with Salt Lake City

Background

Salt Lake City is preparing to replace the 400 South bridge over the Jordan River, with construction anticipated to begin in October 2026. The project requires modifications to the roadway crossing and associated grade changes and realignment of the Jordan River Trail immediately south of Franklin Elementary School.

To complete the project, the City needs rights to a small, irregularly shaped portion of District-owned property on the northeast side of the 400 South and Jordan River intersection. The survey exhibit identifies the affected area as approximately 0.033 acre, or 1,428 square feet. Because the property is owned by the District, the proposed real estate arrangement requires Board consideration.

District and City Coordination

District staff, Salt Lake City representatives, and Franklin Elementary administration met at the site approximately a year ago to review the area and discuss possible solutions. The remaining piece of District property is small, irregularly shaped, and has limited practical use for school operations. During that discussion, school administration also identified the secluded area as a location that has presented student supervision and behavior concerns.

The City initially hoped to complete the project without purchasing the District property. Through subsequent discussions, staff have worked toward a compromise that would allow the City to complete the bridge and trail improvements while also making improvements to the remaining District property.

Proposed Approach and District Benefit

Under the proposed approach, the City's work would include improvements to the remaining District-owned area adjacent to the reconstructed trail. Rather than evaluating the transaction solely on the cash value of a small parcel with limited operational use, Administration has considered the overall value of the improvements the District would receive as part of the project.

Based on the current concept, the improvements are expected to make the remaining area more functional and manageable while also incorporating sustainable and environmental improvements associated with the Jordan River corridor and trail project. In Administration's view, these improvements provide a reasonable basis for the proposed compromise and may provide greater practical, long-term value to the District than monetary compensation alone for the affected property.

This approach also supports completion of a significant City infrastructure project while improving an area adjacent to Franklin Elementary that currently provides limited benefit to the school.

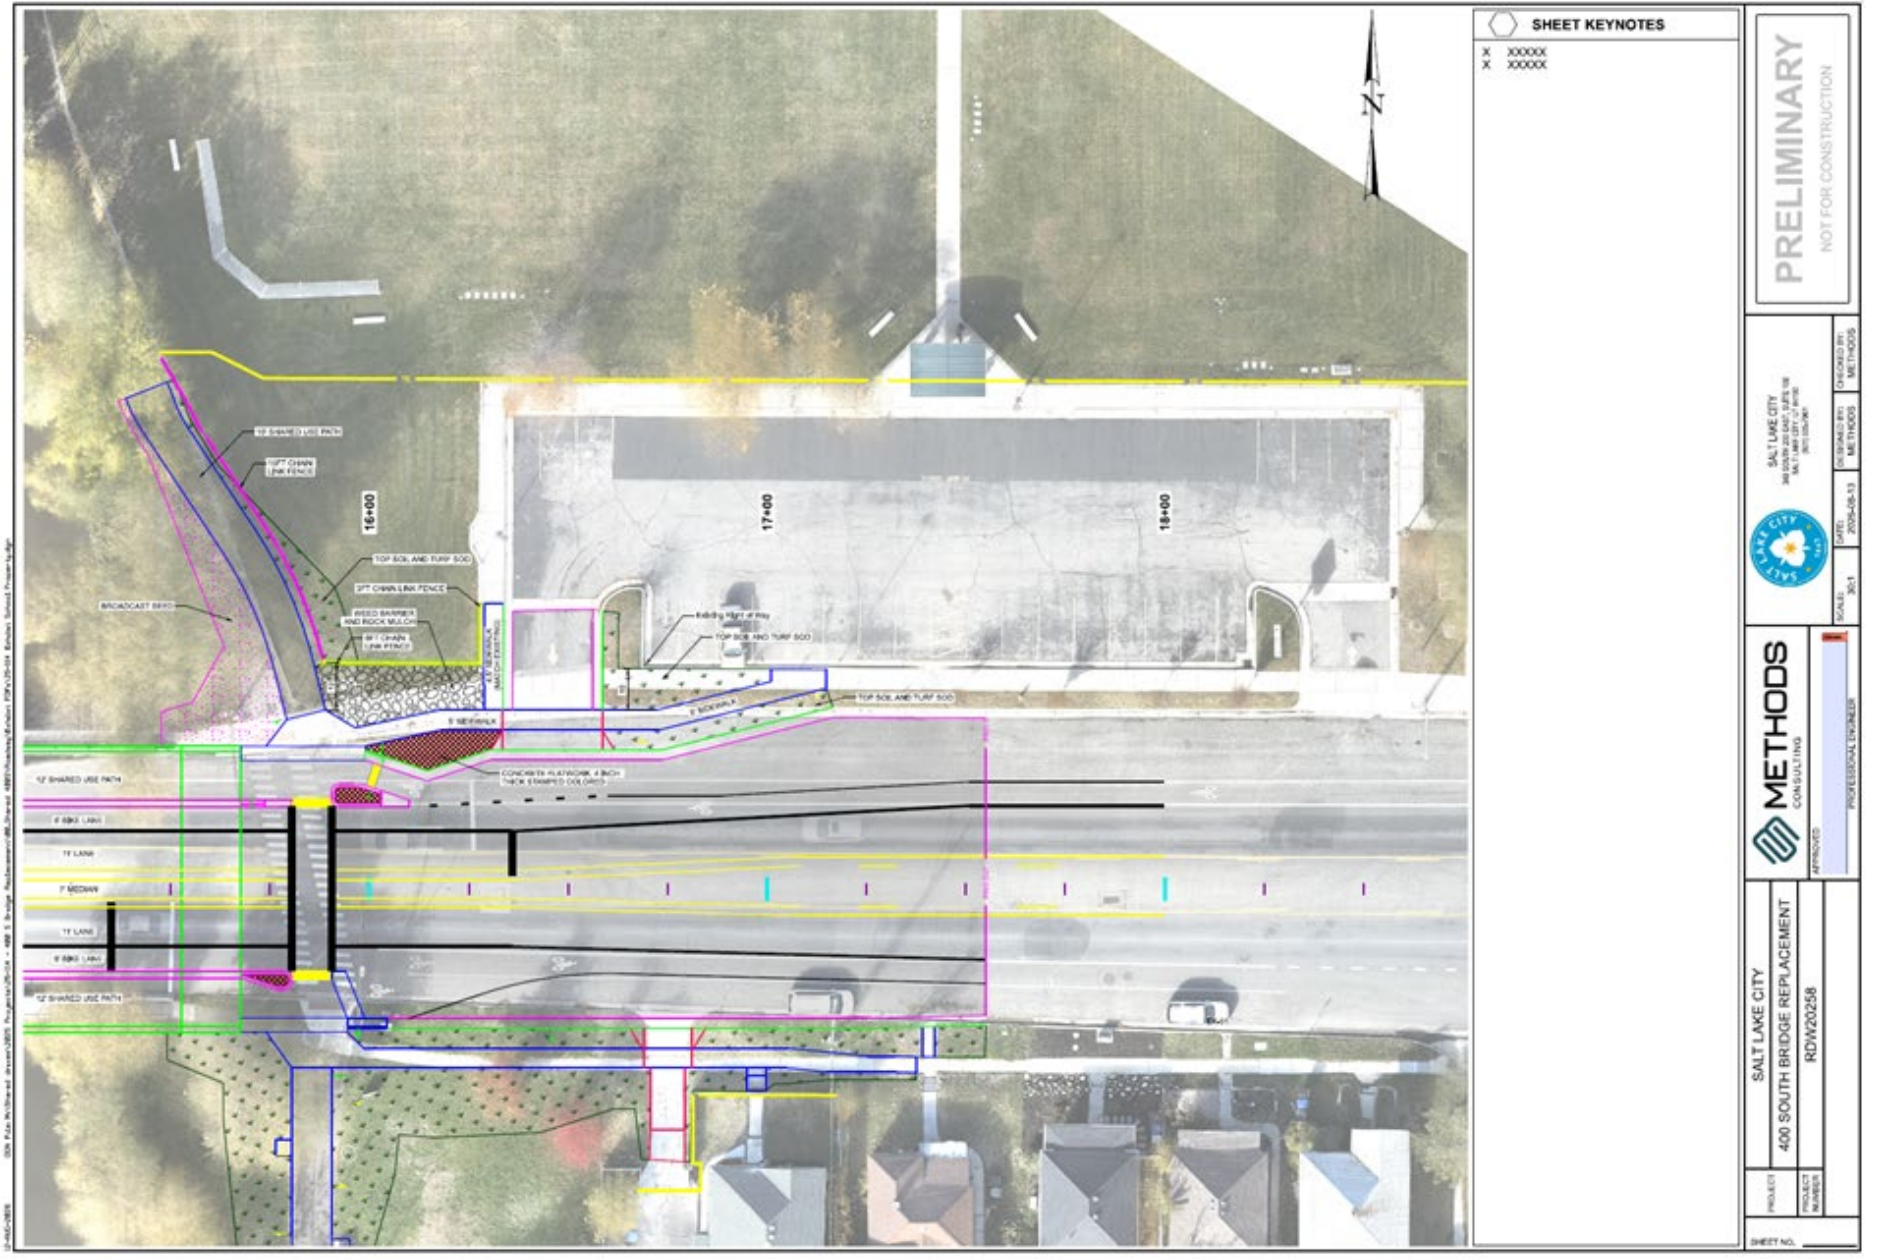

Recommendation

Administration recommends proceeding with the proposed agreement with Salt Lake City, subject to final review of the property documents and confirmation of the specific improvements the City will provide. The final agreement should clearly define the property rights being conveyed, the City's improvement obligations, restoration requirements, and any continuing maintenance responsibilities.

Administration believes this represents a reasonable and mutually beneficial resolution that addresses the City's infrastructure needs while providing tangible improvements to the District's remaining property.

THE POLICY

The Salt Lake City School District Board of Education allows the use of district buildings and grounds as community civic centers when that use does not interfere with a district function or purpose. The district does not discriminate or deny access to its facilities on the basis of age, color, disability, national origin, sex, religion, or any other protected characteristic outlined in federal and state law. The district also ensures equal access to its facilities for all youth groups listed in Title 36 of the United States Code, including scouting groups.

Any group using district facilities must comply with all applicable federal and state laws, board policies, and district administrative procedures. The district reserves the right to deny any organization access to its facilities that has previously violated any applicable law, policy, or procedure, or for any other rational and lawful reason. The board will annually review and approve the rental fee schedule for district facilities.

The purpose of this policy is to support the community's use of district facilities.

The district has set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

No district employee or student shall be subjected to discrimination in employment or any district program or activity on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status. The district is committed to providing equal access and equal opportunity in its programs, services and employment including its policies, complaint processes, program accessibility, district facility use, accommodations and other Equal Employment Opportunity matters. The district also provides equal access to district facilities for all youth groups listed in Title 36 of the United States Code, including scouting groups. The following people have been designated to handle inquiries and complaints regarding unlawful discrimination, harassment, and retaliation: Tina Hatch and Leah Morisi, Compliance Officers/Title IX Coordinators, 406 East 100 South, Salt Lake City, Utah 84111, (801) 578-8388 and (801) 578-8230. THE POLICY

The Salt Lake City School District Board of Education recognizes the value in preparing every member of our district community to safely and effectively respond to emergencies and disasters. To assist schools, the district has prepared a standard emergency plan for each school to implement after reviewing and inserting school-specific information. In accordance with state and federal law, these plans regulate ~~each school's~~~~the operation of schools~~ during an emergency. Compliance with these plans aids the district in protecting and caring for students, staff, and ~~community members~~~~patrons~~, before, during, and immediately after a threatened or actual emergency or disaster. Relevant information from these plans must be shared with parents and school community councils because effective emergency preparedness planning and response requires the coordination, cooperation, and participation of the entire community. The district shall establish close working relationships with various entities responsible for directing and coordinating emergency services ~~in order to~~ ensure proper collaboration and support in the event of an emergency. As part of the district's participation in the Schools Aid Families in Emergencies ("S.A.F.E.") program, the district's elementary schools will also be open to serve as temporary shelters and reunification centers for displaced neighborhood residents after a catastrophic disaster.

The purpose of this policy is to promote the safety and welfare of students and staff, protect district facilities, and ensure district cooperation with public safety entities.

The district has set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

Subject: Construction Update

Purpose

This memorandum provides the Board with a consolidated construction update for the West High School and Highland High School rebuild projects. Both projects continued to advance during September, with major structural, foundation, utility, and site work underway. Detailed project reports and photographs are attached for reference.

West High School

Construction at West High School remains focused on-site utilities, structural steel, and continued tilt-panel work in Areas 10 through 13. Comcast and Lumen utility demolition and relocation work along 200 West is nearing completion, while new footings are being formed and poured in Area 13 near Crown Burger and progressing north. Earthwork and foundation pier drilling near the athletics building and bridge locations are also being finalized.

Vertical construction continues to become more visible across the north portion of the site. Steel roof trusses and roof decking are being installed in the manufacturing and auto shop areas, with structural steel installation and welding continuing in those spaces. Curtain wall and dividing tilt panels are also being erected. Tilt-panel erection continues southward from the north end of the site, while additional panels are being formed and poured in Areas 12 and 13. Structural steel for the five-story academic wing has also begun arriving, with most of that steel anticipated to be on site by late January before erection begins.

Highland High School

Highland High School continued to make significant progress during September. Work advanced on the west side of the site with continued soil removal, while utility installation and infrastructure improvements progressed on the east side. Gas meters serving the school were relocated, the new sewer line installation began on the east side, and the first StormTech water mitigation system was installed. Footing and foundation work also continued as large-scale excavation and shoring activity began to slow after approximately 65,000 tons of soil had been removed from the site.

Work was also completed to maintain school and athletic operations during construction. Modifications to the existing football stands preserve access, including ADA access, and asphalt and track material were reinstalled to return lanes 6 through 8 on the southeast side of the track to usable condition.

Off-site athletic improvements are also progressing. At Sugar House Park, the softball field and infield have been groomed, fencing is complete, and new sod has been installed with time to establish before the spring season. At Dilworth Elementary, the baseball infield has been completed, with demolition and replacement of the existing backstop scheduled to follow.

Summary

Both high school rebuilds continue to advance through major construction milestones. West High is transitioning further into visible vertical construction with tilt panels, structural steel, and roof systems progressing, while Highland continues foundation, utility, and site infrastructure work and prepares supporting athletic facilities for spring use. The attached project updates provide additional construction detail and current field photographs for each site.

- \$4,200,000 in property tax used to for Special Education expenditures in excess of State and Federal funding.
- \$1,900,000 transfer from the General Fund to the Child Nutrition Fund to keep the fund balance from going negative.
- \$450,000 increase in substitute teacher costs from prior year to a total of \$3,100,000.

Capital Projects Fund

- Total Revenue \$34,706,648
 - Total Expenditures \$87,728,884
 - Unspent Bond Proceeds \$96,918,954
 - Reserved Fund Balance \$36,718,993
-
- Expenditures were \$101,594,606 less than budget due to slower than anticipated expenditures on the high school rebuilds.

Debt Service Fund

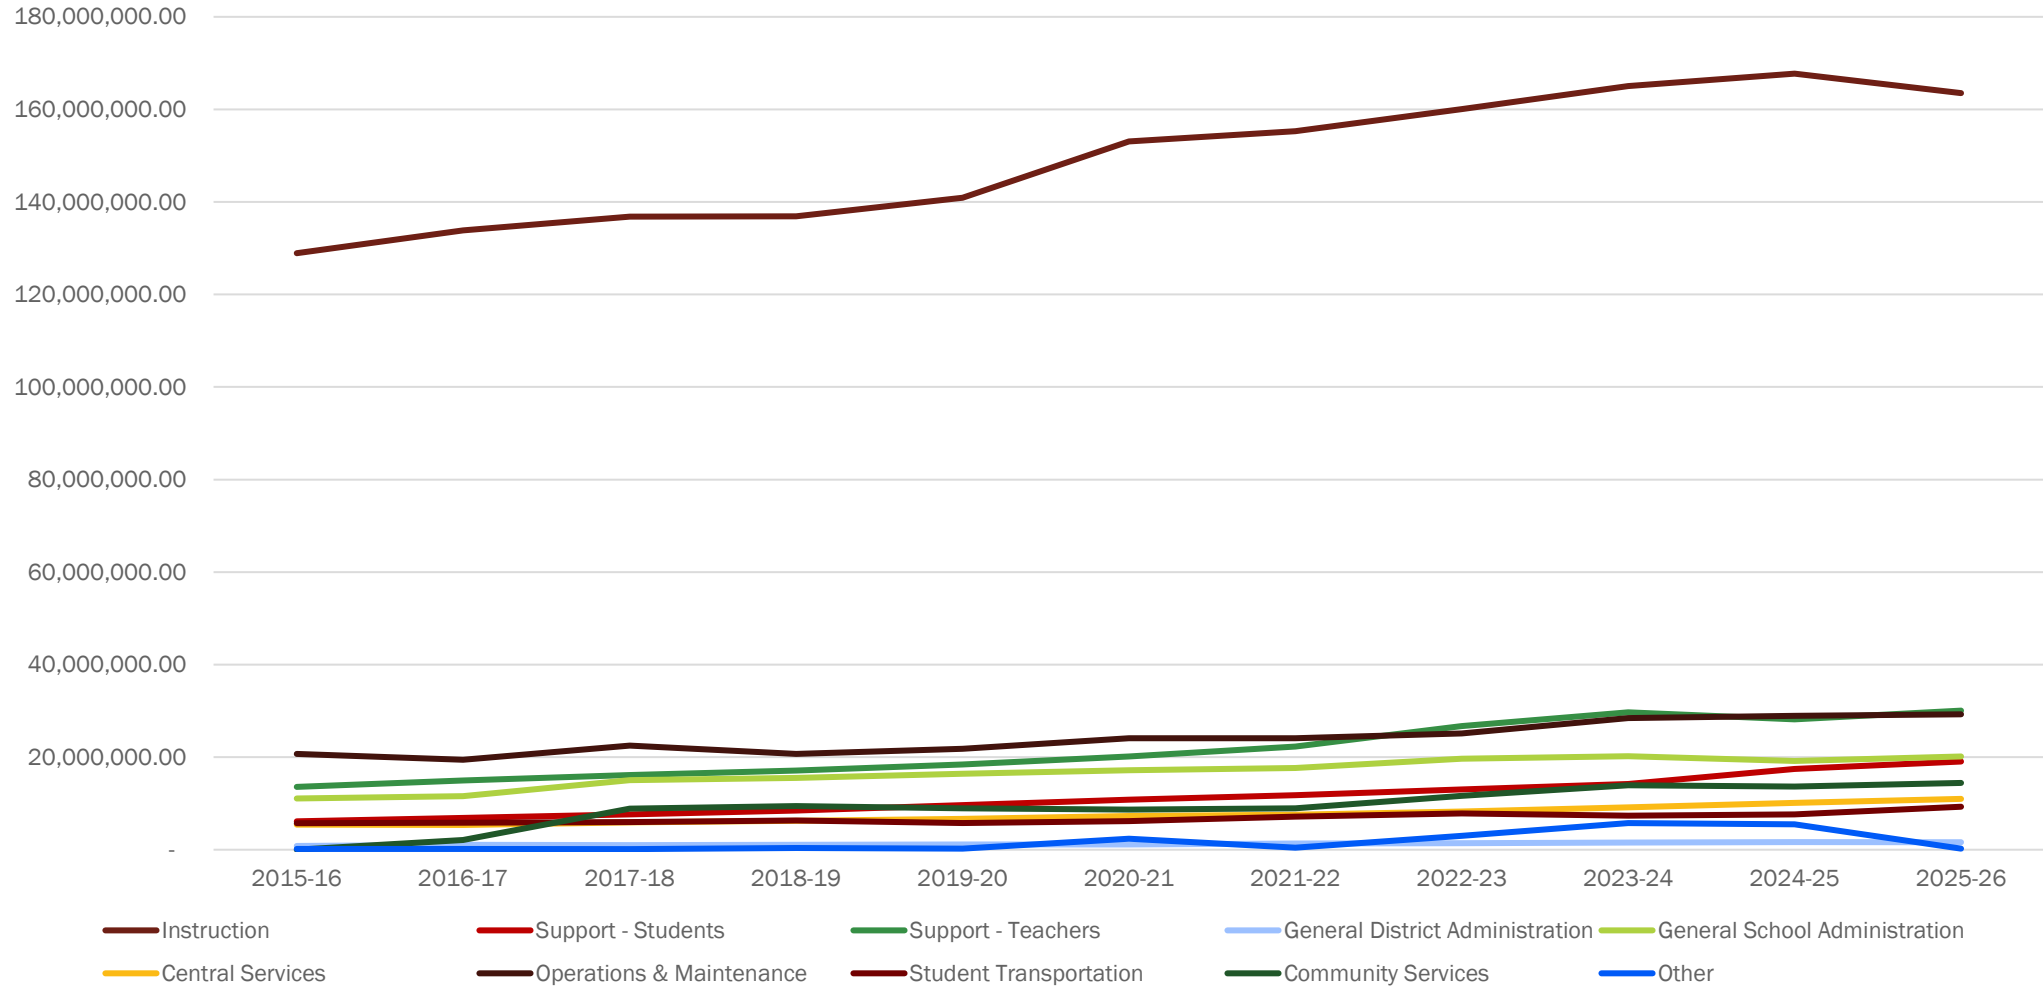

- Total Revenue \$11,850,349
- Total Expenditures \$10,838,096
- With the approval of the bond in November 2024, the tax payers of Salt Lake City guaranteed to pay the amount of taxes necessary to make the annual debt payment for the life of the bonds.
- These funds consist of new revenue dedicated to the principal and interest payments of the bonds.

RE: Optional Specialized Programs (OSP)

This presentation will review Board Policy I-3 and its Administrative Procedures and provide an overview of the Optional Specialized Programs (OSPs) at five schools: Curriculum and Assessment Lab at Ensign Elementary and Clayton Middle School, AP Capstone at East High School, and International Baccalaureate at Highland and West High Schools.

Board Action Requested

The presentation is for information and discussion. No Board action is requested.

Optional Specialized Programs

What is an Optional Specialized Program (OSP)?

School developed

An optional specialized program is developed or proposed by a specific school. After approval, the site administrator has responsibility to implement the program.

Core requirements

It may differ in instructional or structural emphasis from the standard educational program, but must still meet Utah Core Standards, Board policy, and district procedures. Students should achieve at least as well as students in a traditional program at the school.

School responsibility

The program must be budget neutral. The school community council (SCC) helps define its relationship to the school.

Curriculum and Assessment Lab (C&A)

Learning design

C&A uses authentic learning experiences in blended classrooms. Students work across grade bands in elementary school and English / Social Studies in middle school.

Where offered

Grades 1-2: 26 students (13/13)

Grades 3-4: 26 students (14/12)

Grades 5-6: 23 students (11/12)

Clayton: whole school integrated philosophy

Program aims

Six Performance Results complement Utah Core:

- Self-directed learners
- Quality workers and producers
- Cooperative group participants and leaders
- Contributors to our community
- Complex thinkers and problem solvers
- Effective communicators

Advanced Placement (AP) Capstone

Builds on AP classes

- Students take AP classes and exams based on their interests.
- Students can earn the AP Diploma after junior year, before they apply to college.
- This program **REQUIRES** original research, designed by the student.
- Students in the AP Capstone program have the space and flexibility to pursue other pathways and interests

Two-year sequence

AP Seminar and AP Research build students' skills and prepare them for advanced college coursework as they:

- Analyze topics through multiple lenses to construct meaning and understanding.
- Plan and conduct original research.
- Propose solutions to real-world problems.
- Plan and produce communication in various forms.
- Collaborate to solve a problem.
- Integrate, synthesize, and make cross-curricular connections.

Student outcome

Students who earn a score of 3 or higher on these two course exams and four additional exams receive the AP Capstone Diploma.

AP Capstone

Student opportunities

Over 50 sections of AP are offered at East in more than 20 subjects plus the AP Seminar and AP Research classes. Faculty are authorized to teach more than 30 different subjects.

2025 Score Results

- 465 students took at least one AP test.
- 807 AP tests were taken at East.
- 62% of students passed at least one AP test
- 94% of students who took AP Research received a 3 or higher
- 88% of students who took AP Seminar received a 3 or higher
- AP Scholar (Score of 3+ on 3 exams)= **79** students
- AP Scholar with Honor (Score of 3+ on 4+ exams, avg score of 3.25)= **20** students
- AP Scholar with Distinction (Score of 3+ on 5+ exams, avg score of 3.5)= **37** students

AP Capstone Diplomas

- AP Capstone Diploma (Passed 4 AP exams, Seminar, and Research) = **24** students
- AP Seminar and Research Certificate (Juniors who passed Seminar and Research, completing 4 AP exams during senior year) = **7** students

International Baccalaureate (IB)

Student options

The schools provide rigorous course sequences that students plan with counselors and IB staff. The curriculum emphasizes broad study and an international perspective. This is an open-enrollment program that begins its course of study in grades 11-12.

To graduate with an IB Diploma, a student must receive a combined total score of 24 points in six courses (three HL, three SL). A 4 is a passing score on an IB assessment.

Highland

Highland offers the IB Diploma Programme.

- 20 IB courses are offered.
- About 100 students are taking at least one IB class.
- About 87% of students taking an IB assessment receive a score of 4 or higher.
- 27 of 32 students were awarded IB diplomas in 2025 (increased from 14 in 2024).

West

West offers the IB Diploma Programme and the Career-related Programme. The career route combines IB study with a CTE pathway.

Highland offers the IB Diploma Programme.

- 49 IB courses are offered.
- About 380 students are taking at least one IB class.
- About 91% of students taking an IB assessment receive a score of 4 or higher.
- # IB diplomas were awarded in 2025.
- # IB Career diplomas were awarded in 2025.

MEMORANDUM

October 6, 2026

TO: Salt Lake City School District Board of Education

Dr. Tiffany Hall, Executive Director

RE: SB241 Early Literacy Framework and Update

Utah Senate Bill 241 (SB 241), effective July 1, 2026, establishes a statewide goal for 80% of third-grade students to read on grade level by 2030. The legislation creates new requirements for early literacy instruction, educator training, assessment, intervention, progress monitoring, family communication, and third-grade retention.

Report Overview

The attached report provides an overview of the legislation and the district's implementation planning. Key requirements include:

- Aligning Tier 1 curriculum and instruction and Tier 2 and Tier 3 intervention with the science of reading
- Providing required training for K–3 teachers, elementary administrators, and paraprofessionals who support early literacy
- Strengthening procedures for screening, diagnostic assessment, and progress monitoring
- Providing targeted intervention and an Individual Reading Plan for students who need additional support
- Communicating assessment results, student progress, and available supports to families
- Implementing the third-grade retention process while applying the exemptions established in law

District Implementation

Salt Lake City School District will build on its existing early literacy systems, including evidence-based curriculum, LETRS training, literacy specialists, diagnostic assessments, intervention programs, and school-based problem-solving teams. Implementation will require coordinated work across Teaching and Learning, Student Services, Special Education, school administrators, teachers, and families.

The district's goal is to identify reading needs as early as possible and provide increasingly intensive support before students reach the end of third grade. Staff will continue refining procedures, professional learning, family communication, and data-monitoring systems as additional state guidance becomes available.

Board Action Requested

This report is provided for Board information and discussion. No formal action is requested.

Teaching & Learning

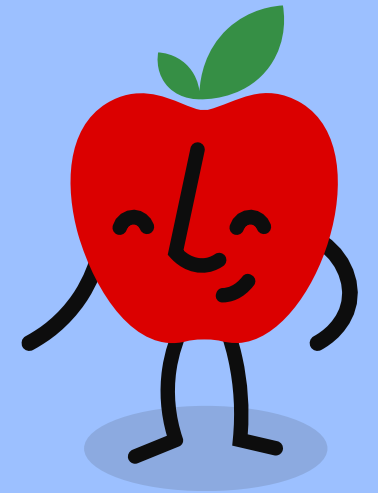

October 6, 2026

Why Literacy, Why Now?

Nearly half of Utah students are not reading on grade level

Early literacy predicts long-term success

Statewide urgency and accountability

SB 241: Strengthening Early Literacy

- Sets a statewide goal for **80% of third-grade students to read on grade level by 2030**
- Requires K–3 curriculum, instruction, and intervention aligned with the **science of reading**
- Expands educator training requirements for K–3 teachers, administrators, and paraprofessionals
- Requires the use of Individualized Reading Plans (IRP) for students who need support

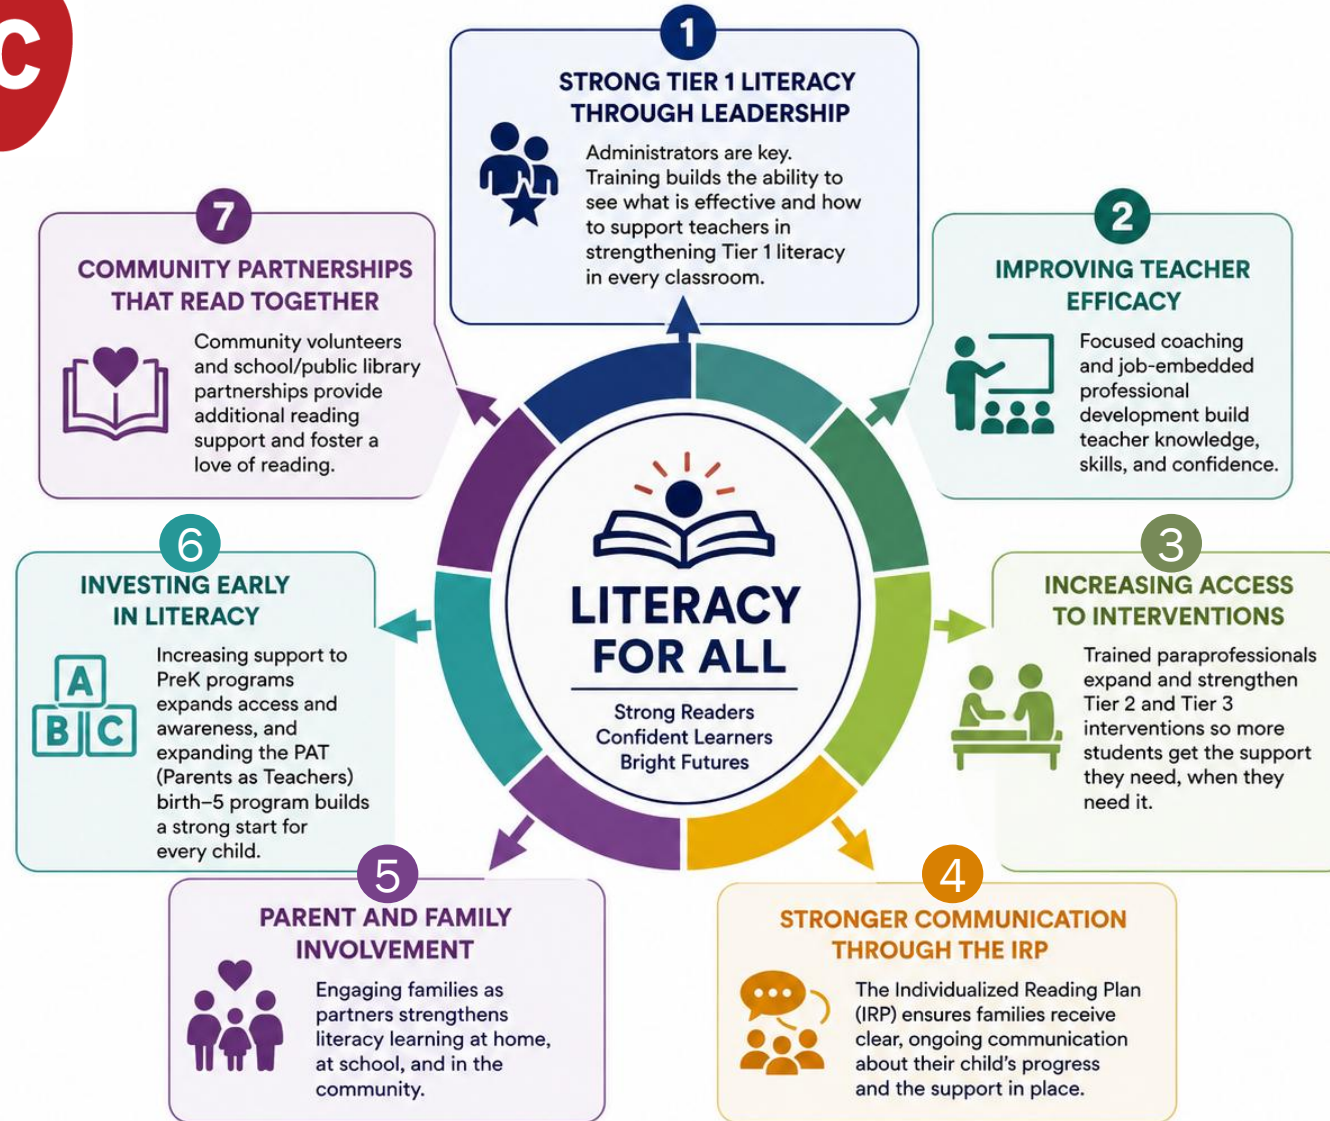

SB 241: Strengthening Early Literacy

- Strengthens screening, diagnostic assessment, progress monitoring, and targeted intervention
- Requires schools to develop reading plans and communicate regularly with families when students need support
- Establishes a third-grade retention process for students who do not meet the required reading benchmark, with specified exemptions

Building a Community of Readers and Learners

Every Student. Every Classroom. Every Day.

TOGETHER, WE BUILD LITERATE LEARNERS AND A STRONGER COMMUNITY.

EQUITY • COLLABORATION • HIGH EXPECTATIONS • SUPPORT • BELONGING

1

STRONG TIER 1 LITERACY THROUGH LEADERSHIP

Administrators are key.
Training builds the ability to
see what is effective and how
to support teachers in
strengthening Tier 1 literacy
in every classroom.

2

IMPROVING TEACHER EFFICACY

Focused coaching and
job-embedded professional
development build teacher
knowledge, skills, and
confidence.

Why is Tier 1 Critical?

- All students receive Tier 1 instruction; the goal is for at least 80% to meet learning expectations through strong core instruction alone
- If substantially fewer than 80% of students meet expectations, strengthening core instruction becomes the focus
- Adding intervention for specific students cannot address widespread gaps in Tier 1 instruction
- Strong Tier 1 instruction is the foundation for reading success
- Tier 1 literacy blocks should be at least 120 minutes of instruction

1

STRONG TIER 1 LITERACY THROUGH LEADERSHIP

Administrators are key.
Training builds the ability to
see what is effective and how
to support teachers in
strengthening Tier 1 literacy
in every classroom.

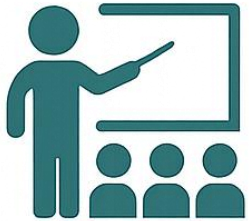

Key Activities

2026-27-ongoing:

- Monthly learning communities with administrators to develop literacy understanding
- Observation cohorts to build district coherence and expertise in evaluation and feedback
- Advisory groups focused on strategies, connections, and outreach

2

IMPROVING TEACHER EFFICACY

Focused coaching and job-embedded professional development build teacher knowledge, skills, and confidence.

Key Activities & Timelines

2026-27 / ongoing:

- Coaching focus on K-3 classrooms (80% of time), starting with K & 1
- Professional development for teachers offered at site and/or district level by coaches or other experts
- Expectations and support for using data and working with paras to ensure interventions are appropriate

3

INCREASING ACCESS TO INTERVENTIONS

Trained paraprofessionals expand and strengthen Tier 2 and Tier 3 interventions so more students get the support they need, when they need it.

Effective Tier 2 and 3 interventions match instruction to individual reading needs, monitor progress, and adjust support. Sustained teacher learning and coaching are essential to turning additional instructional time into improved reading outcomes.

What are Tier 2 and 3 Interventions?

Tier 2: Targeted intervention

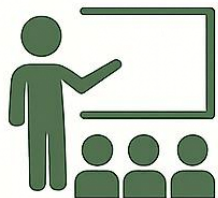

Explicit, systematic instruction in small groups focused on identified reading needs, such as decoding or fluency. Regular progress monitoring helps teachers determine whether the instruction is working.

Tier 3: Intensive intervention

More individualized, intensive instruction for students with significant or persistent reading difficulties. Support may include smaller groups, additional instructional time, more practice and feedback, and more frequent adjustments based on progress.

3

INCREASING ACCESS TO INTERVENTIONS

Trained paraprofessionals expand and strengthen Tier 2 and Tier 3 interventions so more students get the support they need, when they need it.

Key Activities & Timelines

2026-27:

- Determine site needs for support based on data
- Allocate program resources for paras
- Provide training and support for paras working in grades K - 3
- Explore options for additional intervention support and training

4

STRONGER COMMUNICATION THROUGH THE IRP

The Individualized Reading Plan (IRP) ensures families receive clear, ongoing communication about their child's progress and the support in place.

The IRP connects assessment, instruction, intervention, and family partnership into an actionable plan that is reviewed and adjusted to improve student reading outcomes.

What is the Individualized Reading Plan (IRP)?

The IRP turns assessment results into a specific plan for helping a student become a successful reader.

It identifies:

- the student's reading needs
- the support the school will provide
- ways the family can help
- how progress will be tracked

Individualized Reading Plans: Who?

Kindergarten

Benchmark

Grades 1-3

Grade 4

reaching benchmark

Parent Request

Parent requests
an IRP

Kinder: using MOY & EOY

Grades 1-2-3: using BOY, MOY & EOY

4

STRONGER COMMUNICATION THROUGH THE IRP

The Individualized Reading Plan (IRP) ensures families receive clear, ongoing communication about their child's progress and the support in place.

Key Activities & Timelines

2026-27:

- Develop and implement the IRP through PowerSchool to include consistent language, interventions, and schedules
- Use the Parent Letter to open clear communication with parents
- Create opportunities for parents to learn about how they can support their students

SB241 Parent Letter Language

Our goal is not simply to notify families—it is to help them become active partners in their child's literacy development.

School Language	Family Friendly Language	At-Home Supports
Phonemic Awareness	Hearing and working with sounds in words – Your child is learning to hear, identify, and manipulate the individual sounds in spoken words, which is an important foundation for learning to read.	• Practice listening to and playing with sounds in words • Read rhyming books and nursery rhymes together • Play oral sound games (rhyming, blending, segmenting, substituting sounds) • Read aloud together every day
Multisyllabic Decoding	Reading longer words – Your child is learning strategies to read and understand longer words with two or more syllables.	• Practice reading longer words together • Break longer words into syllables or meaningful word parts • Discuss prefixes, suffixes, and base words during reading • Read longer words in connected text • Reread familiar passages to build confidence and accuracy

5

PARENT AND FAMILY INVOLVEMENT

Engaging families as partners strengthens literacy learning at home, at school, and in the community.

Key Activities & Timelines

2026-27 / ongoing

- Implement activities and learning opportunities for parents at school
- Increase family use of school library resources
- Develop and increase partnerships with community organizations and city libraries to support adult literacy development

6

INVESTING EARLY IN LITERACY

Increasing support to PreK programs expands access and awareness, and expanding the PAT (Parents as Teachers) birth-5 program builds a strong start for every child.

Key Activities & Timelines

2026-27 / ongoing

- Add additional literacy support for Early Childhood instructors
- Pursue additional funding from private sources to:
 - Increase access to PAT classes
 - Increase access to PreK 3&4 classes
 - add targeted summer programming for kindergarten readiness

7

COMMUNITY PARTNERSHIPS THAT READ TOGETHER

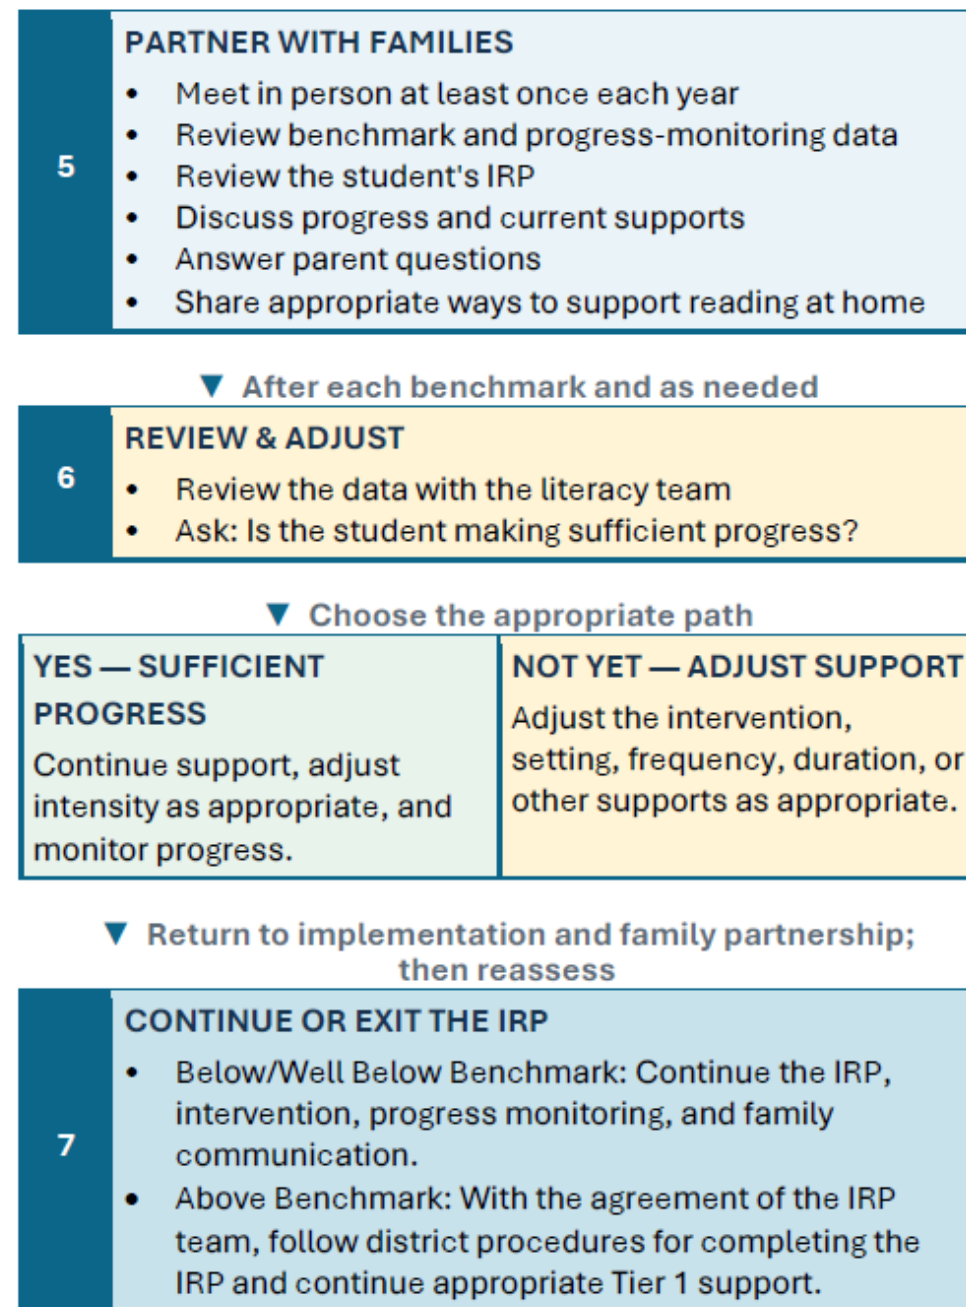

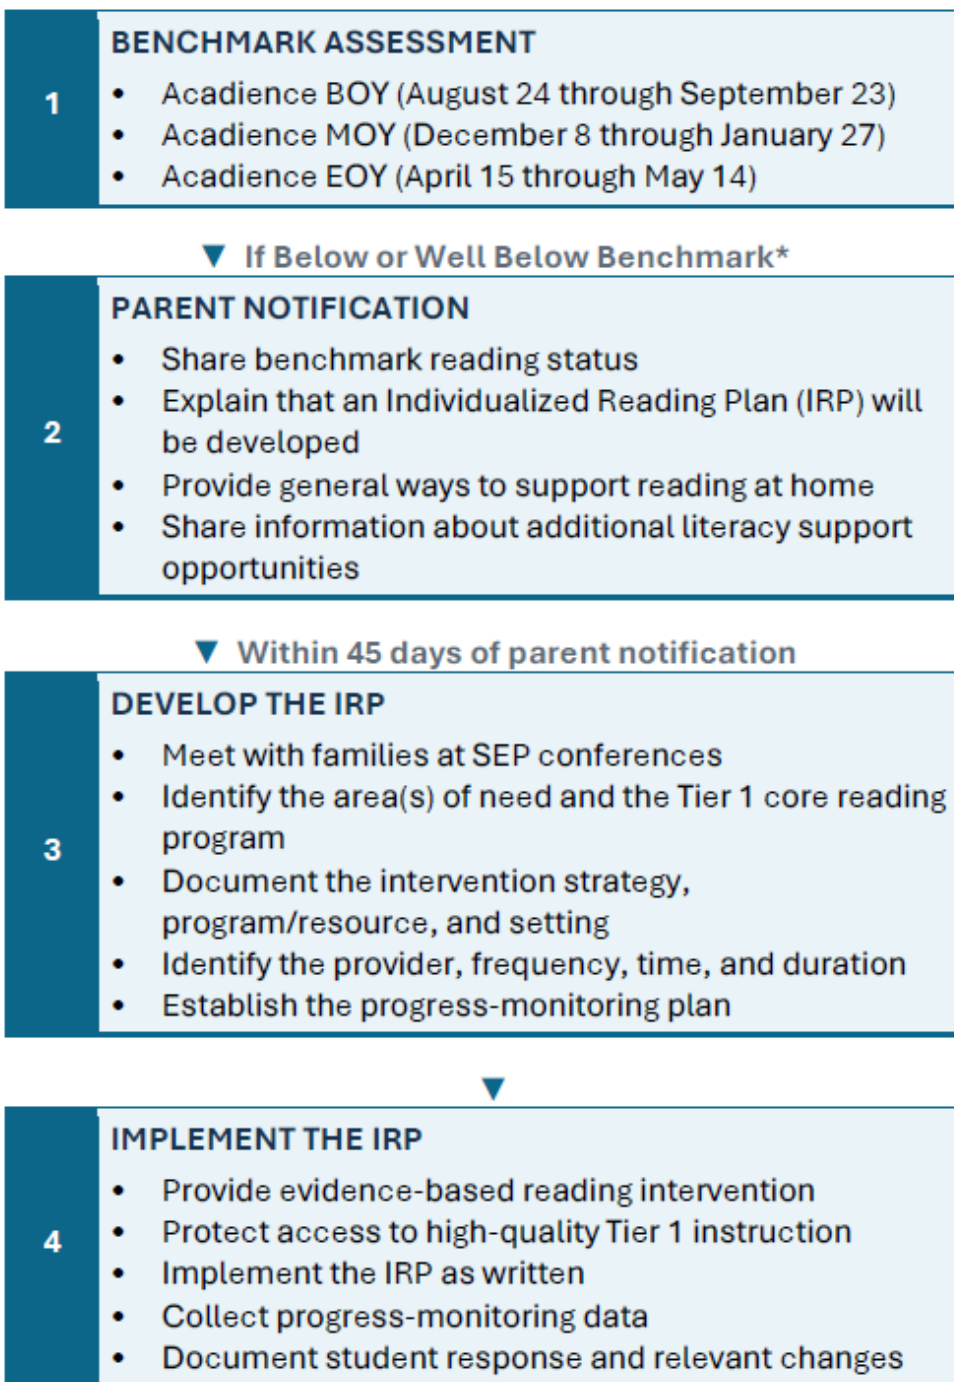

Community volunteers and school/public library partnerships provide additional reading support and foster a love of reading.

Key Activities & Timelines

2026-27 / ongoing:

- Develop community programs with trained volunteers to support reading in and outside of the school day
- Expand current school library programming
- Connect school libraries with city libraries to build summer reading opportunities

Timeline and Process

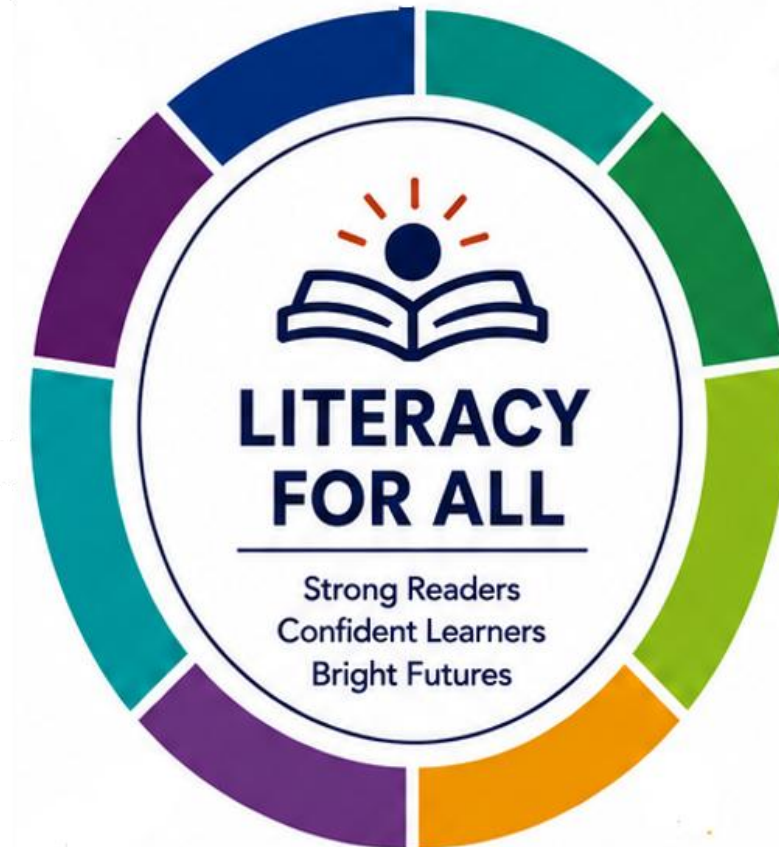

Retention Decision Guide

Kindergarten	First Grade	Second Grade	Third Grade
Middle or End of Year • Well below benchmark	End of Year • Well below benchmark • Lacks above typical process • Has an IRP	End of Year • Well below benchmark • Lacks above typical process • Has an IRP	End of Year • Prior to 2029: below or well below benchmark • From 2029-30: below and well below benchmark
Discretionary Retention Consider and discuss value with guardian if there are other factors in addition to reading	Discretionary Retention Consider and discuss value if the student has an existing IRP and lacks above typical progress	Discretionary Retention Same as grade 1, and if the student began grade 2 below benchmark	Discretionary Retention Prior to 2029, discretionary. Starting 2029-30, retain the student unless a good cause exemption applies

Exemptions to Grade 3 Retention

- The student scores below benchmark, but not well below benchmark, and makes typical academic progress
- The student is an English learner with limited English proficiency and fewer than three years of instruction in an ELL program
- The student has an IEP or Section 504 accommodation plan that indicates participation in Acadience is not appropriate
- The student has been retained in kindergarten or grades 1 - 3
- The student moved to a school for or during grade 3 and has not previously had an IRP or received intensive reading interventions.

To: Salt Lake City School District Board of Education
Superintendent of Schools

From: Board Policy Subcommittee

Subject: Board Policy B-3: Tax Increment Financing

Summary:

Attached are redlined and clean copies of the proposed changes to Board Policy B-3: Tax Increment Financing, which were reviewed during the September 28, 2026, policy subcommittee meeting.

This policy and its accompanying administrative procedures were recently revised and approved by the board. Nonetheless, the subcommittee decided to follow its published annual review schedule which had this policy up for review this month. After reviewing the non-substantive tweaks to the policy language, the subcommittee recommended it be placed on the discussion agenda of this board meeting.

If you have any questions or need any additional information on this policy, please contact the superintendent or the board president prior to 5:00 p.m. October 6, 2026.

Requested Board action:

We request that the board vote to move this document to action and subsequently approve it.

THE POLICY

The Salt Lake City School District Board of Education recognizes the value in supporting the economic development, and urban renewal goals of Salt Lake City to positively impact district students and families and increase the district's tax base. However, the board's primary obligation is to provide a high-quality education to every district student, and it ~~hasis entrusted with~~ limited education dollars with which to accomplish that goal. To that end, the board is singularly cognizant of its fiduciary responsibility to the public regarding the use of their tax dollars. ~~In utilizing district dollars for tax increment financing, the board will ensure~~ ~~recognizes the need for~~ strict scrutiny, transparency, and accountability of all proposed and on-going development projects.

The board believes that strategic partnering with a local government agency can offer opportunities to support the board's mission and vision, as well as its financial strategies. When a new tax increment financing project is proposed, the board is committed to thoroughly evaluating and discussing the proposal to determine whether the project meets the criteria necessary for district participation. After reviewing the proposal and discussing it in an open board meeting, the board may choose to participate, decline participation, or negotiate the terms of its participation based on issues of mutual interest to district stakeholders, the board, and the City. When a new tax increment financing project is proposed for a Housing and Transit Reinvestment Zone ("HTRZ"), the board directs the superintendent's designees to apply the same criteria used to evaluate other tax increment financing proposals when voting on the district's potential participation in an HTRZ.

The purpose of this policy is to provide the board with a framework for analyzing, reviewing, and monitoring any current and proposed tax increment financing projects.

The board has set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

No district employee or student shall be subjected to discrimination in employment or any district program or activity on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status. The district is committed to providing equal access and equal opportunity in its programs, services and employment including its policies, complaint processes, program accessibility, district facility use, accommodations, and other Equal Employment Opportunity matters.
