The designs were developed in collaboration with campus principals to maximize available space while providing equitable learning environments at both campuses. Proposed

improvements include additional instructional and storage space, writable wall surfaces, laboratory sinks, updated cabinetry and countertops, and durable finishes.

Mr. Barnes reviewed the anticipated project timeline, including design development, contractor selection, and construction. Administration presented a recommendation to utilize the Competitive Sealed Proposal (CSP) procurement method for the multi-campus HVAC and electrical projects funded through the 2026 Bond Program. Due to project delays and the need to expedite construction, administration recommended CSP in place of the previously considered Construction Manager at Risk (CMAR) method. The revised approach is intended to help maintain a summer 2027 construction schedule and avoid extending portions of the work into 2028.

Board members discussed project timelines, equipment availability, anticipated lead times, and the procurement process

The Board President presented the annual Continuing Education Credit (CEC) report, reviewing the status of required training for each Board member. All current trustees had completed their required continuing education training, with the exception of Trustee Hobratschk, who had one remaining requirement related to parental rights. The Board also acknowledged incoming Trustee Bobby Kirkpatrick and his progress toward completing required training.

9.2. Early Literacy Report

Lauren Ambeau, Deputy Supt, presented an overview of Friendswood ISD’s curriculum and instructional practices, with an emphasis on elementary literacy, professional learning, and student achievement. The presentation highlighted the district’s work over the past eight years to develop an aligned, comprehensive curriculum across elementary campuses while maintaining teacher autonomy and incorporating research-based instructional practices.

Administration discussed the district's balanced approach to literacy, combining phonics instruction through Reading Horizons with reading comprehension, guided reading, and other instructional resources. The district has not formally adopted Bluebonnet Learning but continues to evaluate it as an additional resource. Ms. Ambeau reviewed student performance data from mCLASS reading assessments and STAAR results, highlighting continued growth in early literacy. In 2025-2026, 80% of K-2 students finished the year at or above benchmark on mCLASS assessments, compared to 66% nationally. Additionally, fifth-grade STAAR Reading results reflected an eight-percentage-point increase in students achieving Masters Grade Level, from 48% to 56%.

The presentation also emphasized the district's use of standards-based grading, ongoing student assessments, collaborative teacher learning, and individualized student goal setting. Moving forward, the district will continue focusing on reading comprehension, written responses to reading, instructional rigor, and strengthening intervention practices through its Multi-Tiered Systems of Support (MTSS). Board members engaged in discussion regarding curriculum resources, student growth, assessment requirements, and intervention strategies.

4. Information Items

4.1. District and Campus Accountability Goal Reports

Friendswood ISD Academic Performance and Accountability Report Summary

Friendswood ISD administration and campus leaders presented the district's 2026 accountability results, celebrating the achievement of A ratings at every campus. This distinction is particularly significant, as only approximately 2-5% of Texas districts with a 5A or 6A high school achieve A ratings across all campuses annually.

Although the district maintained its overall accountability rating, leaders acknowledged that the goal of increasing academic growth ratings by two letter grades was not achieved. Several areas improved by one letter grade, demonstrating progress. Administration emphasized the importance of continued student growth, targeted interventions, and data-driven instruction.

Board members discussed the complexities of the state accountability system, including changing student demographics, economically disadvantaged populations, performance comparisons, and the impact of individual student growth. Leaders also highlighted the importance of attendance incentives, early academic intervention, and collaboration among teachers and instructional teams.

Overall, the presentation celebrated the district's exceptional academic performance while reinforcing its commitment to continuous improvement, closing achievement gaps, and ensuring every student demonstrates academic growth.

4.2. ESL Report
The Board received the ESL report and were able to ask questions. This is a state mandate.

Recess to closed or executive session pursuant to Texas Government Code, 551.074 Personnel Matters: To deliberate the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of a public officer or employee; or to hear a complaint or charge against an officer or employee; and Texas Government Code, 551.072 Deliberation Regarding Real Property - A governmental body may conduct a closed meeting to deliberate the purchase, exchange, lease, or value of real property if deliberation in an open meeting would have a detrimental effect on the position of the governmental body in negotiations with a third person; and Texas Government Code 551.071 - consultation with attorney.

2026-2027 CONTRACT

This Interlocal Contract and Memorandum of Understanding ("Contract") is entered into by and among Dickinson Independent School District ("DISD") and the following Texas public school districts (individually or collectively the "District(s)") (each a "Party" and collectively the "Parties"):

- Friendswood Independent School District
- Galveston Independent School District
- Hitchcock Independent School District
- Santa Fe Independent School District
- Texas City Independent School District

WHEREAS, the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code authorizes governmental entities to enter into interlocal agreements to perform governmental functions and services that each party to the contract is authorized to perform individually;

WHEREAS, the Safe and Secure Schools Act, Chapter 37 of the Texas Education Code, authorizes Texas independent school districts to develop a "disciplinary alternative education program"; and

WHEREAS, the Parties desire to enter into this Contract for the purposes of DISD to provide educational and related services for the Districts' eligible student(s) at the Coastal Alternative Program ("CAP") and to, through this Contract, define the duties and responsibilities of DISD and the Districts regarding CAP;

NOW THEREFORE, in consideration of the mutual covenants and conditions contained in this Contract, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

1. **Term.** This Contract term is for the 2026 – 2027 school year as set forth by DISD's adopted 2026-2027 Academic Calendar (the "Term"). During the Term, CAP will be physically located in Dickinson ISD, at the K.E. Little Learning Center located at 622 Oklahoma Avenue, Bacliff, TX 77518 (the "Facility").

2. **Eligible Students.** The Parties agree that: (1) DISD shall be the Fiscal Agent of CAP and provide the services described herein for the Districts' Eligible Students; (2) the Districts shall pay DISD, in accordance with and as set forth in Section 19 of this Contract, to reimburse the costs associated with the Districts placement of Eligible Students at CAP; (3) CAP has a maximum capacity of sixty (60) total students and placement of an Eligible Student is contingent upon space availability; and (4) student(s) enrolled in grades 6 -12 in a District who fall under one of the following shall be eligible to attend CAP ("Eligible Student"):
   a) A student who is found to have engaged in offenses described in Texas Education Code ("TEC") Section 37.007 resulting in "discretionary" expulsion.
   b) A student who has been erroneously assigned to the JJAEP because their expulsion meets "discretionary" expulsion qualifications, not "mandatory."
   c) A student qualifying under (a) or (b) above, who is or was last enrolled in any Galveston County school district and currently resides in a District.

d) A student who is required to register as a sex offender if placement as CAP is decided pursuant to the provisions set forth under TEC § 37.0081.

After 60 students have been placed at CAP, placement shall be allocated in priority order as set forth in subsection b – Capacity Placement Priority, below. When CAP is full and cannot accept additional Eligible Students, the Districts remain responsible for providing Eligible Student(s) with educational services until space becomes available, if at all.

In the event, a District expels a student, no later than the second business day after the date the expulsion hearing, the District shall provide notice of the expulsion to CAP, in accordance with and as set forth by TEC § 37.009 and with any other notice or information required by TEC § 37.010 and Texas Family Code § 52.04.

      iii. After the expulsion determination is made in the affirmative, the District must provide the CAP Principal with a copy of the order of expulsion which shall (1) adhere to the requirements set forth in TEC § 37.0081(a)(1)&(2) and (2) include the District's Code Of Conduct specifying the behavior(s) resulting in recommendation for placement at CAP (the "Expulsion Order"). Placement of an Eligible Student receiving special education services and/or qualifying for accommodations under Section 504 of the Rehabilitation Act of 1973, shall be determined by the Admission, Review and Dismissal (ARD) Committee of the Eligible Student's District and in accordance with state and federal laws and Section 5 of this Contract.

Commentary

Article XVI, section 1 of the Texas Constitution requires all elected or appointed state and local officers to take the official oath of office found in section 1(a) and to subscribe to the anti-bribery statement found in section 1(b) before entering upon the duties of their offices.

Elected and appointed state-level officers required to file the anti-bribery statement with the Office of the Secretary of State include members of the Legislature, the Secretary of State, and all other officers whose jurisdiction is coextensive with the boundaries of the state or who immediately belong to one of the three branches of state government. Questions about whether a particular officer is a state-level officer may be resolved by consulting relevant statutes, constitutional provisions, judicial decisions, and attorney general opinions. For more information, see Op. Tex. Att'y Gen. No. JC-0575 (2002) (determining the meaning of "state officer" as it is used in Article XVI).

Effective September 1, 2017, Senate Bill 1329, which was enacted by the 85th Legislature, Regular Session, amended chapter 602 of the Government Code to require the following judicial officers and judicial appointees to file their oath and statement of officer with the secretary of state:

> Officers appointed by the supreme court, the court of criminal appeals, or the State Bar of Texas; and
> Associate judges appointed under Subchapter B or C, Chapter 201, Family Code.

Local officers must retain the signed anti-bribery statement with the official records of the office. *As a general rule, city and county officials do not file their oath of office with the Secretary of State– these officials file at the local level. The Legislature amended the Texas Constitution, Article 16, Section 1, in November 2001 to no longer require local level elected officials to file with our office.* **The Office of the Secretary of State does NOT file Statements or Oaths from the following persons**: Assistant District Attorneys; City Officials, including City Clerks, City Council Members, Municipal Judges, Justices of the Peace, and Police/Peace Officers; Zoning/Planning Commission Members; County Officials, including County Clerks, County Commissioners, County Judges, County Tax Assessors, and District Clerks; and Officials of Regional Entities, such as, Appraisal Review Districts, Emergency Service Districts, and School Districts (ISD's).

VISIONING MEETING 3

Architectural Design

The Friendswood High School Agricultural Center project will build the current program with additional animal capacity and enhanced layouts to improve functionality. The project will consist of three separate buildings to create a comprehensive agricultural center. The first building includes new career and technology educational programs – Agricultural Mechanics and Construction. For each program there is a lab component as well as classroom. The second building takes the existing agricultural barn, utilizes existing structural components, but renovates the space to include all components needed for a agricultural show arena. The third building is the animal barn and will consists of pin space for twenty cattle, fifty swine, fifty small animal, and thirty poultry pins. Exterior materiality will be primarily masonry at the public facing façade with metal panel accents. The materials will provide durability and longevity. The interior materials of the career and technology facility will bring in the exterior materials to create a cohesiveness between inside and out.

Structural Design

Foundation System: Geotechnical design information is not currently available. Once this information is provided, a meeting with the Client will be requested to discuss the potential foundation systems as recommended in the project geotechnical report. Based on previous experience, the foundation types likely to be recommended include a slab on grade with perimeter grade beams supported by deep foundation elements (DFEs).

It is anticipated that the ground floor will consist of a 5” thick slab reinforced with #3 bars at 12” on-center each way over prepared subgrade. Subgrade preparation will consist of removing a portion of on-site expansive soils and replacing them with select fill or on-site soils that have been moisture-conditioned per the geotechnical report. The slab will be placed over a 15 mil, Class A vapor retarder. Perimeter grade beams are anticipated to be approximately 18” wide and 24” deep with approximately 30 plf of mild reinforcing. Perimeter grade beams will be earth-formedwith the vapor retarder terminating at the outside face of beams. Interior, earth-formed grade beams not supported by deep foundation elements will be provided between metal building frame supports.

Superstructure System: For all buildings, the roof system is anticipated to consist of steel roof panel over cold formed metal purlins atop rigid frames. It is anticipated that roof purlins will be spaced at approximately 5’-0” on-center. The wall system is anticipated to be steel wall panel over cold formed metal girts running along the length of the wall and spaced at approximately 5’-0” on-center. The purlin and girt framing will be supported by rigid frames as needed to accommodate span requirements. The lateral stability for all buildings will be provided by the use of the rigid frames, rod bracings, and portal frames where rod bracing is incompatible with the architectural layout. The design of all superstructure framing will be completed by a structural engineer, specializing in the design of pre-engineered metal building systems, hired by the contractor.

Mechanical Design

HVAC design and construction shall be in accordance with 2024 International Mechanical Code (IMC) and 2024 International Energy Conservation Code (IECC).

System Summary: Air cooled DX units will serve front of house Ag spaces, CTE classrooms, CTE shop spaces, and CTE support spaces; Livestock and arena spaces will be heated and ventilated only.

Air cooled DX split systems will be used to condition front of house and educational spaces. Ventilation air shall be provided in accordance with the 2024 IMC. Livestock pens will be heated and ventilated with exhaust fans and radiant heaters. Shop spaces will be equipped with dedicated ventilators, dust collectors, and fume extraction to support the trade tools within. The mechanical system shall be monitored and controlled by a direct digital control (DDC) Energy Management System (EMS).

Plumbing Design

Plumbing design and construction shall be in accordance with 2024 International Plumbing Code (IPC) and 2024 International Energy Conservation Code (IECC).

Domestic water, sanitary waste systems, and compressed air systems will be designed for each building with respect to the plumbing requirements of each building. Domestic water systems will be designed to be protected from freezing. Interceptors will be designed for the sanitary systems to collect respective waste from entering the public sewer system per code. Plumbing fixtures will be commercial grade.

Electrical Design

Electrical design and construction will be in accordance with 2026 National Electrical Code (NEC) and 2024 International Energy Conservation Code (IECC).

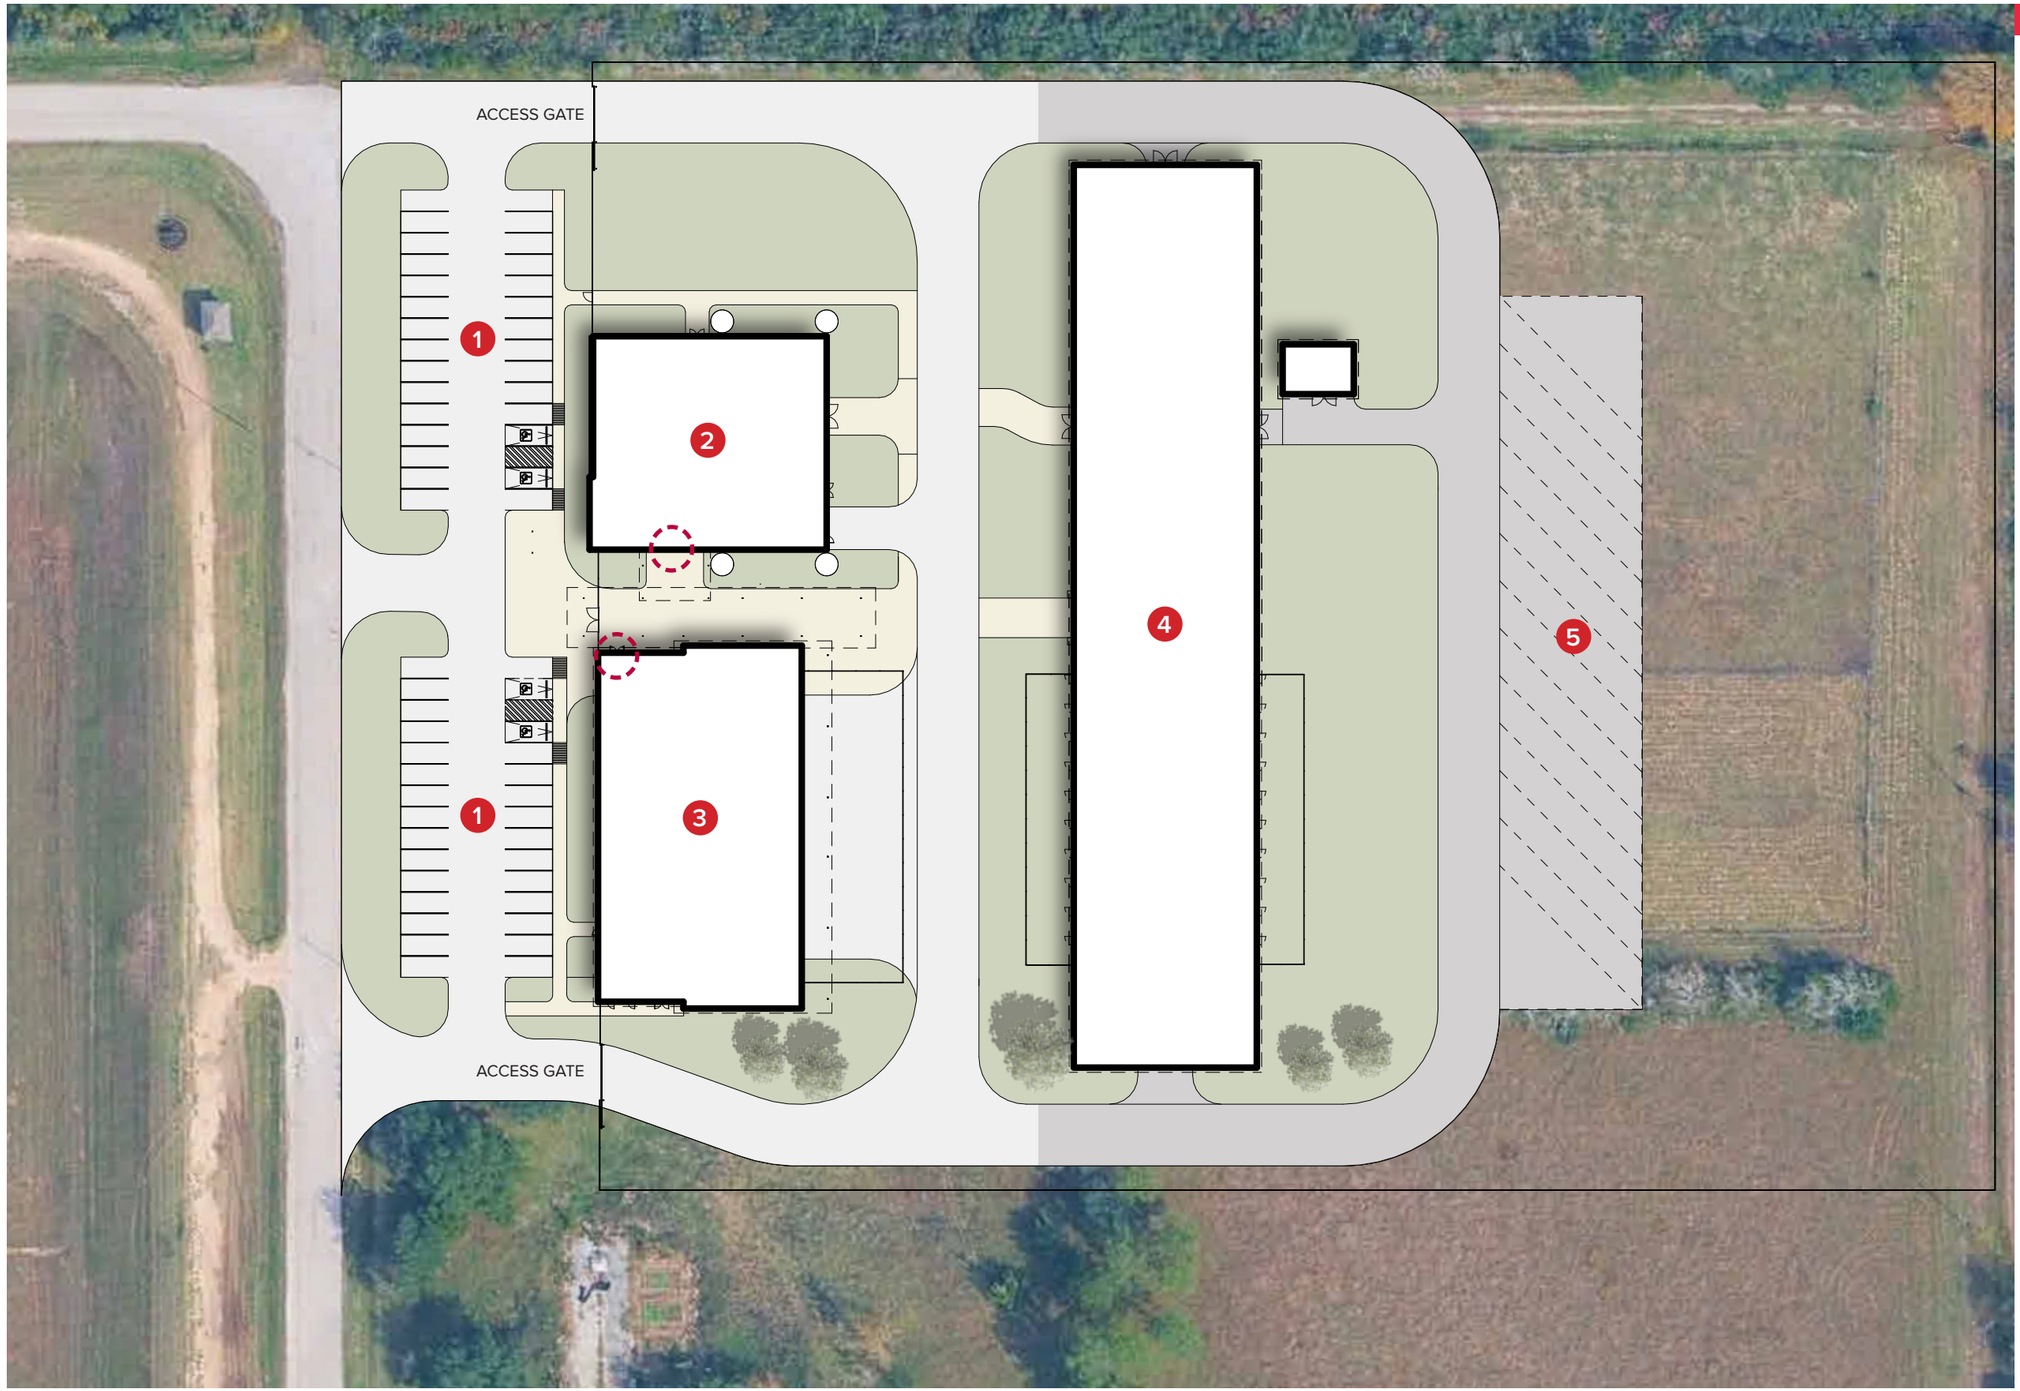

Power for the facility will be provided by a new 480Y/277V service from electrical utility provider. 480Y/277V power will be utilized to feed mechanical, lighting, and large equipment loads. 480-208Y/120V transformers will be located in electrical rooms to serve receptacles and other 120/208V loads. Loose panels and transformers will be used in all areas will all gear and pathways being NEMA 4X rated. Lighting design for the Facility will be LED lighting in all areas. Exit signs with emergency battery packs will be utilized in all emergency egress pathways. Vacancy/Occupancy sensors will be used for isolated rooms with common spaces being controlled through BMS. The lighting design will provide 90-minute emergency back up as required by NFPA 101.

- A trustee requesting an item be placed on the agenda shall contact the Board President.
- If any two trustees, one of whom may be the President, request an item for the agenda, it shall be included on the agenda.
- In reviewing the agenda before posting, the President shall ensure that any topics the Board or any two Trustees have requested to be addressed are either on that agenda or scheduled for deliberation at an appropriate time in the near future. [BE (Local)]
- The Board President shall not have authority to remove from the agenda a subject requested by two trustees without the specific authorization of those trustees. [BE (Local)]
- Board Meetings will be conducted according to Robert's Rules of Order, except where noted in Board Operating Procedures
- Motions to Suspend the Rules of the meeting shall require a ⅔ supermajority vote.
- The Board President controls the agenda during the board meetings.
- A motion is necessary to close the meeting.

3. Board Member Communication at Meetings

With the Public:

- Since the Public Comment portion of the Board Meeting is designed to allow the public an opportunity to be heard, Board Members are encouraged to "listen" attentively and not comment or debate issues. [BED (Local)]

- If the issue is one that needs a response, or if the issue is related to a posted agenda item, the Board President will direct the Superintendent to respond either in writing or, if appropriate, Board Members may address the issue at the meeting.

With Other Board Members, Presenters, or Administrative Staff:

- Board Members should respond to one another and all others in a professional manner and with utmost respect.
- Each Board Member is encouraged to express his/her own views, but should avoid confrontation or accusation.
- Each Board Member who wishes to speak will indicate to the presiding officer and be recognized before speaking to allow each Board Member an opportunity to speak and be heard before an individual member has a second chance to address a topic.
- The Board supports decisions of the majority after honoring the right of the individual members to express opposing viewpoints and vote their convictions. [BBD (Exhibit)]

4. **Questions/Concerns/Requests for Information**

- A Board member, acting in their official capacity, wishing to make a records request pertaining to records that are not in conjunction with Board agenda items, may do so by emailing the Superintendent a description of the information requested. Once a request is processed, all Board Members will have access to the information.
- In the event of a question/concern dealing with a posted agenda item for a Board of Trustees meeting, the Board member may contact the person listed and copy the Superintendent.

5. **Campus Visitations**

- Board Members, in their official capacity, are welcome to visit campuses after notifying the Superintendent. When acting as a parent, district visitation procedures are to be followed.
- It is not the role of a Board Member to inspect campuses or to talk with staff or students about issues/concerns on that campus.
- Individual Board Members may not make presentations on campuses except when invited by the district for special events, academic programs, or office/school business. (This procedure is not intended to restrict campus visits by Trustees acting in their capacity as parents or grandparents.)

6. Parent/Community/Employee complaints/Concerns

- Board Members should strongly encourage the community/employee member to follow the appropriate channels within the District's organization structure or grievance procedure as outlined in policy. [BED (Local)]
- Board Members shall be cognizant of the fact that they may be called upon to sit as final arbiters in connection with grievances, as well as due process hearings. For that reason, they must remain impartial and should not seek information about a pending issue.

- In some instances, complaints and requests should be referred directly to the Superintendent (reports of sexual harassment, etc.). [BBE (Local)]

7. Personnel Matters

- It is not a function of the Board to select or evaluate personnel (other than the Superintendent).
- The Board or individual Board Members should not suggest, interview or otherwise be involved with the selection process.
- The Board's role is to approve/reject personnel recommendations made by the Superintendent.

8. Contact with Companies That Provide Services to the District, including but not Limited to Vendors, Consultants, Auditors, Architects, etc.

- Individual Board Members shall not directly communicate regarding District business with those who provide services to the district without the express prior authorization of the Board President.

9. Communication with the Media

MEDIA

- The Board President shall be the official spokesperson for the Board on non-routine media calls. The comments made must reflect the Board's opinion on the issue; otherwise, it should be noted that it is his/her personal opinion.
- Board Members retain the right to speak to the media as individuals, but are strongly encouraged to direct media calls to the Board President or the district spokesperson.
- When speaking to a media representative, a Board Member will clarify when speaking as an individual rather than as a spokesperson for the Board of Trustees. When speaking as an individual, the Board Member will remind the media representative of the position or action of the Board of Trustees as a body, if the Board has taken action on the issue.
- The Board President, the Superintendent, and/or the district spokesperson should be called at once by Board Members to notify them about the media contact.
- The Board President, Superintendent, and/or district spokesperson should notify the entire Board about media contacts or issues that might spark media attention.

SOCIAL MEDIA

- Board members who post on internet sites (including social networking sites, blogs, etc.), respond to inquiries, or make statements must emphasize that the Board member is speaking in his/her individual capacity and his/her views do not represent the views of the Board or the District. Sample language that Board members may include in their statements follows: "Any views or opinions presented in this communication are solely those of the author in my individual capacity and expressly do not represent those of Friendswood Independent School District or its Board of Trustees. Individual FISD trustees are prohibited from speaking in an official capacity outside of the Board room."

10. Anonymous Letters/Phone Calls

The district's current phone system has reached end of life support. This means our current phone software is no longer supported for feature enhancements or security upgrades, which protect our system against cybersecurity attacks.

The district requested solutions from five purchasing co-operative vendors and reviewed seven proposed solutions. The proposed solutions included SIP and cloud options. The district recommends Verge Network Solutions Business Cloud Communications System (VBC) which provides phone access at 9 sites through their redundant cloud sites which lifts the 36 simultaneous inbound call restriction. The service includes porting all of the District's telephone numbers, nine auto-attendants, E911 dispatchable-location records for all nine sites, migration of existing extensions and call flows. Existing landline fax lines will transition to e-fax which will allow for all users to send a fax from their email and provide 10 incoming lines to receive faxes via email that can then be distributed electronically to the intended recipient. The proposed system also includes 100 licenses with "soft phone" access which means that the user can access their extension through an app installed on a cell phone or laptop. 4G/5G survivability is also included with the proposed solution. Cellular routers will be installed at each site to ensure connectivity in the event the primary internet connection fails. Phones automatically route through the cellular router and stay connected to the cloud with full functionality. The recommended quote includes an option for a 10th site to add phones to the Career and Agricultural Sciences Center upon construction completion.

If approved, the general fund will incur an estimated annual savings of $24,000 due to the elimination of existing SIP, maintenance fees, and fax landlines. The recommended Verge Network Solution VBC complete 5-year quote of $299,874.85 will be split funded with the remaining Bond 2021 tech funds and 2026 funds. The pricing is based on the TIPS purchasing cooperative.
