"THE BIGGEST EFFECTS ON STUDENT LEARNING OCCUR WHEN TEACHERS BECOME LEARNERS OF THEIR OWN TEACHING, AND WHEN STUDENTS BECOME THEIR OWN TEACHERS." —

John Hattie, *Visible Learning: A Synthesis of Over 800 Meta-Analyses Relating toAchievement* (2008)

Our current identity no longer reflects the organization we have become.

The public recognizes a recreation facility. The community depends on a comprehensive recreation department.

01

ORGANIZATIONAL CLARITY

Creates a clear distinction between the department, the facility, and the services delivered across the community.

02

STRONGER PUBLIC UNDERSTANDING

Makes the full scope of programs, leagues, fields, events, aquatics, fitness, and partnerships easier to recognize.

03

GREATER STRATEGIC VALUE

Positions the department more effectively for partnerships, funding opportunities, public trust, and future growth.

A clearer identity aligns how the organization is seen with the full value it already delivers.

4012-D Focused Graduation Pathway

Commented [GM1]: I think we need to sit down with Kena about this... One of my concerns is that we are creating a pathway for students to take care of their core credits in one swoop... It may likely become "the easy way" to get a high school diploma???

Definitions

• FGP Student: A student who meets the eligibility requirements, attends a South Summit School District school, and consents to participate in the Graduation Pathway.

• GED® Exam: A standardized high school equivalency test measuring proficiency in core subjects, such as Reasoning Through Language Arts, Mathematical Reasoning, Science, and Social Studies.

Program Requirements

The goal of the Focused Graduation Pathway program is to allow students an alternate pathway to high school completion using a hybrid of in-person courses and proficiency-based completion of core credits through successful passing of GED® assessments. The program will be overseen by the Student Services Director. High school administrators will refer students based on the recommendations of their counselors and intervention teams using outlined eligibility criteria and individual student needs and goals.

Commented [SH2]: I would use Director since that is your title

Candidate Eligibility Criteria

To be considered as a candidate for the Focused Graduation Pathway, a candidate must:

• Be a senior enrolled in high school.

• Be significantly deficient in high school credits earned, with at least 3 of those credits being in the core areas (mathematics, language arts, science, social studies).

• Demonstrate a 9th grade reading level as indicated by the Lexile exam.

• Maintain their high school enrollment with satisfactory attendance throughout the entirety of the pathway.

Enrollment

Students wishing to enroll in the Focused Graduation Pathway must meet with applicable school staff to review policy and procedures. Enrollment into the Focused Graduation Pathway is voluntary. Parents must provide written consent for their student to be enrolled

in the Focused Graduation Pathway. If the student is a verified unaccompanied minor, the student may sign consent.

Instructional Support

Students will be enrolled in GED® prep courses for each subject area identified as a need. These classes will be taught by highly qualified subject area experts until the student demonstrates readiness through a practice test.

Commented [SH3]: This will require a conversation with Kena about how to use FTE at the high school. We will need to think through how this will work as students enter and exit the program.

How we will determine who a "high quality subject area expert" is?

Commented [SC3R2]: Experts are already in place in the GED courses. This should not affect FTE, maybe one student a year.

Testing

An FGP student must complete a GED® exam at an approved testing center or through an online proctored test, in accordance with exam policies and procedures.

Credits

Core credit will be awarded to an FGP student for passing GED exams up to:

- 4.0 language arts credits for passing the Reasoning through Language Arts exam
- 3.0 social studies credits for passing the Social Studies exam
- 3.0 mathematics credits for passing the Mathematical Reasoning exam
- 3.0 science credits for passing the Science exam

Awarded credits shall be recorded on the student's transcript as Pass/Fail instead of a letter grade when official exam results are obtained by the school. The equivalency exam will be included in the course name of the transcript for each entry.

Additional Credits Required to Receive a High School Diploma

Students will need to complete all remaining graduation requirements to be eligible to earn a state high school diploma.

Student Enrollment and Retention

FGP Students will maintain enrollment in a K-12 school until they have completed the requirements for graduation, or their class has graduated. Students will be assigned a school counselor to track their progress towards graduation and to set goals for post graduation.

Commented [SH4]: How are you guys picturing this goes? Are students outsourced to an online GED prep class? Will the class be in person with a teacher at the high school? And how is it funded?

Commented [SC4R2]: FGP student would have to go to the night GED class until able to pass the practice exam.

Reporting Requirements

The Student Services Director will annually report to the State Superintendent the following:

- Enrollment numbers
- Completion rates
- Other relevant data as determined by the State Superintendent

Oversight and Compliance

The State Superintendent will oversee the implementation of this policy and ensure compliance with state and local requirements. Schools failing to meet the standards outlined in this policy may lose authorization to participate in the FGP.

C. Determination of residence for homeless, unaccompanied youth, or emancipated minors may include consideration of the following criteria:

    1. The place, however temporary, where the student actually sleeps;

    2. The place where the student keeps his/her belongings; and/or

    3. The place which the student considers to be home.

    4. Such recommendations concerning a child's domicile as made by the Utah State Department of Human Services.

D. Determination of residence for such students may not be based upon:

    1. Rent or lease receipts for an apartment or home;

    2. The existence or absence of a permanent address; or

    3. A required length of residence in a given location.

E. After the student is enrolled and attending the school, the school secretary or Director of Student Services will assist the parent or unaccompanied youth in obtaining necessary records, completing forms, and/or provide

other assistance as necessary.

F. Any disputes involving school selection or enrollment of a homeless child or an unaccompanied youth shall be referred to the Director of Student Services. However, a homeless child or unaccompanied youth must be immediately admitted to the school in which enrollment is sought pending resolution of the dispute.

    1. The parent, guardian, or unaccompanied youth must be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or youth to appeal the decision.

    2. If the parent, guardian or unaccompanied youth wish to appeal the decision, the principal should be notified.

    3. The principal will notify the Director of Student Services, who will ensure the appropriate dispute resolution process is carried out as quickly as possible.

    4. The Director of Student Services will convene an appeals committee. This committee will be composed of a school administrator, a counselor from an uninvolved school, and the Director of Student Services.

    5. The appeals committee will hear the dispute and render a written decision which will be provided to the appellant. The decision of this committee may be appealed to the superintendent or his/her designee within fifteen business days of the date of the decision. The parent, guardian, or unaccompanied youth may also appeal the decision of the committee to the State Superintendent of Public Instruction.

G. If there is a dispute as to the residence or the status of an emancipated minor or an unaccompanied youth, the Director of Student Services should be contacted, but the issue may also be referred to the Utah State Board of Education (USBE) for resolution.

IV. Enrollment for Students with Disabilities

A. For a student with a disability being educated pursuant to an individualized education program (IEP), the appropriate educational placement must be determined by the student's IEP team.

B. The decision to accept a student requiring special education services must include consideration of the capacity of the school's special education program, and the services mandated by the student's IEP. Services provided in self-contained programs are an IEP team decision and not an enrollment option.

C. The capacity of the special education program is defined by using the weighted count described in the USBE Special Education Rules. If 90% of that capacity has been reached, additional enrollment requests requiring special education services may not be granted.

D. If it is determined that the school has not reached the 90% capacity, schools will use the process outlined in Policy 6009 in determining which applications to accept.

E. If, during the course of the school year, a student requires additional special education services, the IEP team will determine an appropriate placement, which may or may not be at the same school.

F. A transfer student's enrollment may be discontinued if it is determined by enrollment projections that the capacity of the special education program will exceed 90% capacity for the coming school year. Parents will receive notice no later than March 15 if the student's enrollment is to be discontinued.

V. Dual Enrollment

A. Any child who is enrolled in a regularly established private school or a home school may also enroll in a District school for dual enrollment purposes. Any dual enrollment student may participate in any academic activity in the schools of the District subject to compliance with the same rules and requirements that apply to a full-time student's participation in the activity. Dual enrollment students are required to attend school part-time as prescribed by the School Board. In addition, a student who attends a portion of the school day at a District school shall be subject to administrative scheduling and teacher discretion of the District's school.

Dual enrollment students are subject to the school's tardy and truancy policies according to the school's pre-established time schedules.

B. A student enrolled in a dual enrollment program is considered a student of the District for purposes of state funding to the extent of the student's participation in the District school's programs.

C. A dual-enrollment student with a disability may participate as a dual enrollment student consistent with State Board rule and federal regulations. The school shall prepare an IEP for such a student prior to the student's participation in dual enrollment using comparable procedures to those required for identifying and evaluating public school students. A student with a disability seeking dual enrollment is entitled to services for the time, or the number of courses, that the student is enrolled in the public school, based on the decision of the IEP team.

VI. Determination of Alternative District of Residency

A. A student's custodial parent may request a determination that the district is a student's alternative district of residency.

1. Any such requests must be in writing;

2. The parent/student must indicate why the student should receive resident services from the district in accordance with Section II above; and

3. The request must be submitted to the district's Director of Student Services.

B. Upon receiving such a request, the Director of Student Services will review the request and, within ten business days, make a recommendation to the superintendent on whether the student should be treated as a resident of the district.

C. The student's custodial parent's district of residence is responsible for the student's education services pending the superintendent's decision.

D. The superintendent will issue a written decision within ten business days setting forth the statutory reasons for approving or denying the request.

E. If the superintendent approves the request, the district shall assume responsibility for providing educational services for the student and enroll the student immediately.

1. If a request is approved for a student qualifying for services under IDEA, the district shall conduct an individualized education program (IEP) meeting with representation from the district and the former district of residence.

2. If a request is approved for a student attending a private human services program facility, the student is entitled to educational services at a school designated by the district.

    a. The district is not required to provide educational services on site at a private human services program facility, unless the student's district IEP team determines that on-site services are required to meet the student's needs under federal law.

3. The district is not responsible for a student's required transportation between a healthcare facility or human services program facility and the designated school.

4. The Superintendent or Director of Student Services may periodically reevaluate the non-resident student's eligibility for district education services in accordance with the criteria outlined in Section II.

F. If the superintendent denies a student request, the student may appeal the decision within ten business days to the State Superintendent of Public Instruction.

VII. **Residency Documentation**

A. Before a student is enrolled in a district school, the student's parent(s) must show proof of residency in the district, except for a determination regarding homeless or unaccompanied youth, or emancipated minors (see, Section III above).

B. The following are examples of documentation a school may request to show residency. The district considers two forms of any of the following --in any combination -- to be sufficient to establish residency (e.g., one document from Section 1 and one document from Section 2; or two documents from Section 2; or one document from Section 1 and one document from Section 3, etc.):

1. Documents showing primary residence:

a. A copy of deed and/or record of most recent mortgage payment;

b. A copy of lease and record of most recent rent payment;

c. Legal affidavit from landlord affirming tenancy, stating the duration of tenancy, and record of most recent rent payment, if available, or statement in the landlord's affidavit that s/he is not charging the family rent;

d. Other documentation acceptable to the district that confirms legal guardian's primary residence; or

e. If none of the above is available, a legal affidavit from the leader of a recognized, established religious unit (ward, stake, parish, mosque, synagogue, etc.) affirming that the family lives at the address designated by the parent.

2. Documents dated within the past 60 days:

   a. Letter from approved government agency, such as assisted housing, food stamps, or unemployment payments;

   b. Payroll stub;

   c. Bank or credit card statement;

   d. Utility bill;

   e. Valid driver's license;

   f. Current vehicle registration;

   g. Valid Utah photo identification card;

   i. Voter registration documentation; or

   j. Church or religious records.

3. Documents dated within the past year:

b. Excise (vehicle) tax bill; or

c. Property tax bill.

C. The following documents do not establish residency:

1. powers of attorney;

2. letters from friends or relatives;

3. P.O. Box in district boundaries; or

4. property owned in district boundaries.

D. The school does not need to retain documentation provided by a student's parent(s) or legal guardian(s) once residency has been confirmed.

E. False or misleading information regarding residency or other pertinent information will result in revocation of the student's enrollment.

VIII. Age of Entrance Requirement and Grade Placement

A. School assignment and grade placement of any K-12 student is determined by the district.

B. In order to enroll a child in kindergarten, the child must be at least five years of age on or before September 2 of the school year for which enrollment is sought. Enrollment in a kindergarten program is optional.

1. The District may enroll a child in kindergarten who does not meet this age requirement if the child moves to Utah from a different state in which the child, during the school year, was a resident and was enrolled in kindergarten in accordance with the prior state's kindergarten age requirements and transfers to the enrolling school after the beginning of the same school year. The District may also enroll children as described below.

Utah Code § 53G-4-402(8) (2025)

C. The district will enroll six-year-old children, who have not attended a kindergarten program, based on the child's date-of-birth:

1. Children who turn six years old between July 1 and September 1 will be enrolled in kindergarten, and their grade-level placement will be evaluated before the end of that school year.

2. Children who turn six years old prior to July 1 will be enrolled in first grade, and their grade-level placement will be evaluated before the end of that school year.

D. In order to enroll a child in first grade, the child must be at least six years of age on or before September 2 of the school year for which enrollment is sought.

E. Students entering the district after first grade, will be placed according to their age.

F. Compulsory education laws require all children age 6 to 18 to be enrolled in school or have a documented, current, authorized exemption from school.

IX. **Foreign Immigrant Students**

A. Students whose most recent school enrollment was in a foreign country shall be enrolled in their age-appropriate grade in the South Summit School District.

B. After enrollment, parents or guardians may request retention or acceleration following the process in Policy 4006 Student Retention and Acceleration.

C. Students who have graduated from or otherwise completed a high school program or its equivalent in a foreign country are not eligible for enrollment in the District.

X. Foreign Non-Immigrant Students

A. The Board and District administration shall not authorize enrollment for any foreign non-immigrant students if any part of the enrollment would violate the laws, regulations, or guidelines of the United States or the Department of Homeland Security (DHS).

B. Foreign non-immigrant students are eligible for graduation from District high schools provided they meet current Utah graduation requirements.

1. Students must provide official transcripts to receive credit for courses taken in their home country. As credits may not exactly transfer, make-up credits may be required. Students are responsible for the time and expense of make-up credits.

2. Foreign non-immigrant students who choose not to graduate but complete their 12th grade year in a District school may be recognized by school administration during graduation ceremonies.

XI. Enrollment Documentation

A. In accordance with state law, upon enrollment for the first time in any school, the individual enrolling the student (the “enroller”) shall provide within 30 days of the date of enrollment:

1. A certified copy of the student’s birth certificate; or

2. Other reliable proof of the student’s

a. identity;

b. biological age; and

c. relationship to the student's legally responsible individual; and

d. an affidavit explaining the enroller's inability to produce a copy of the birth certificate; and

3. A certified, accurate, and complete immunization record or official immunization exemption; and

4. If applicable, a report card or written withdrawal form from the school last attended.

B. If the documentation described in Section VIII inaccurately reflects the student's biological age, the enroller shall provide to the school:

1. An affidavit explaining the reasons for the inaccuracy; and

2. Except as provided in section VIII below, supporting documentation that establishes the student's biological age.

a. The supporting documentation may include:

i. a religious, hospital, or physician certificate showing the student's date of birth;

ii. an entry in a family religious text;

iii. an adoption record;

iv. previously verified school records;

v. previously verified immunization records;

vi. documentation from a social service provider; or

vii. other legal documentation, including from a consulate, that reflects the student's biological age.

C. If the supporting documentation described in Section XI is not available, the school shall assign a review team to work with the enroller to determine the student's biological age for the district to use for a student's

enrollment and appropriate placement in a public school.

1. The review team must include three members, one of whom has completed the state-mandated child sexual abuse and human trafficking prevention training within the last two years.

    a. The members of the review team may include a district administrator, the student's teacher(s); the school principal; a school counselor; a school social worker; a school psychologist; a culturally competent and trauma-informed community representative; a school nurse; or a relevant educational administrator.

D. A school shall report to local law enforcement and to DCFS any sign of child trafficking that the review team identifies in carrying out the review team's duties.

E. A school enrolling a transfer student must request a certified copy of the transfer student's cumulative file directly from the student's previous school within 14 days.

1. The student's previous school must send the file within 30 school days of receiving the request, unless it has been notified by DPS that the record is that of a missing child.

    a. If the student's record has been flagged as that of a missing child, the school may not forward the record to the new school and must notify DPS of the request.

XII. Legal Surname

A. Students must be registered, and permanent records maintained, under the legal surname as shown on the student's birth certificate. This does not preclude the use of a preferred surname in daily school activities.

XIII. Guardianships and Durable Powers of Attorney

A. The district may grant a child admission to one of its schools under a durable power of attorney in circumstances described in Sections II.

B. The durable power of attorney must be issued by the party who has legal custody of the child, must designate the individual with whom the child lives as the child's custodian, and must grant the custodian full authority to

take any appropriate action in the interests of the child, including authorization for educational and medical services.

C. Both the party granting and the custodian shall agree to assume responsibility for any fees or other educational charges, and, if a fee waiver is requested, to provide the district with all financial information necessary in order to determine eligibility for fee waivers.

D. The district may revoke its grant of admission to a student under durable power of attorney at any time.

E. Be aware that durable powers of attorney do not confer legal guardianship of a child and may be revoked at any time by the parties named in the agreement.

F. A power of attorney meeting the applicable requirements and accepted by the district shall remain in force until the earliest of the following occurs:

1. the child reaches the age of 18, marries, or becomes emancipated;

2. the expiration date stated in the document; or

3. the power of attorney is revoked or rendered inoperative by the grantor or grantee, or by order of a court of competent jurisdiction.

G. Upon request, the district may provide required court documents, including affidavits of waiver, when an individual is petitioning a court for legal guardianship of a minor child.

H. NOTE: A document issued by other than a court of law that purports to award guardianship to a person who is not a resident of the jurisdiction in which guardianship is awarded is not valid until reviewed by a court of law.

XIV. Procedures for Admission of Foreign Exchange Students

A. Refer to Policy 6009 and Procedure 6009-A

XV. Transfers from Persistently Dangerous Schools and for Student Victims

A. Pursuant to state law, students may transfer out of schools designated by the USBE as “persistently dangerous” (see, Utah Admin. Code R27714-2-

1, Identification of Persistently Dangerous Schools). In the event such a designation occurs:

1. the board shall develop criteria for and subsequently designate district schools available to accept students requesting a transfer from the persistently dangerous school;

2. parents of all students attending the persistently dangerous school shall be notified of available transfer schools no later than August 15 of the school year of designation; and

3. parents of students moving into a persistently dangerous school community shall be immediately notified of the school's persistently dangerous status and their right to request a transfer.

B. Within 30 days of receiving notification of persistently dangerous school status, parents may submit a written transfer request to the board. Students shall be assigned to an available school within 30 days of a written parent request for transfer. Parents must decide within 10 days following notification to accept the school assignment offered by the board or have their children remain in the resident school.

C. Parents may appeal any decisions made under this section to the Director of Student Services in accordance with these administrative procedures.

D. In accordance with state law, students who have been disciplined for certain violent criminal offenses or federal gun-free school violations forfeit their right to transfer.

E. If a student is a victim of a violent criminal offense that occurs on school property or a federal gun-free school violation, the student and his/her parents shall receive notice of transfer options and other available services in accordance with state law.

XVI. Special Provisions Related to Children of Military Families

A. For purposes of this section only, an eligible student means a student who is a dependent child of a member of uniformed services who is on permanent change of station orders, and is:

1. Relocating to the state and does not reside in the state during the district's enrollment period; or

2. Relocating out of state during the school year.

B. The district shall allow an eligible student to provisionally enroll in a district school at the same time and in the same manner as individuals who reside in the state.

C. The district may not require proof of residence from an eligible student at the time the eligible student applies to enroll in a district school.

D. The district shall require proof of residence within 10 days after the eligible student's first day of residence in the state.

E. The Interstate Compact on Educational Opportunity for Military Children ("Compact") may require the district to implement additional alternative procedures relating to the enrollment and placement of children of military families. For purposes of these procedures, the Compact may affect enrollment requirements, including requests for documentation, age of entrance requirements, and grade placements. See, Utah Code Ann. §§53E3-901 et seq. and 53G-6-306.

5. The District and district schools may share a student immunization record or other records relating to vaccination or

immunization with other schools or school districts and with local and state health departments and the Utah Department of Human Services as necessary to ensure compliance with student immunization requirements and to prevent, investigate, and control the causes of epidemic, infectious, communicable, and other diseases affecting the public health.

Utah Code § 26B-1-212 (2022)

6. Upon request, a school shall provide a student's immunization record to a new school to which a student transfers (this does not require consent of the student's legally responsible individual). If no specific request is made for a student's immunization record, that record shall be transferred when any student records are transferred to a new school.

*Utah Code § 53G-9-306(3) (2025)*2025

D. Exemptions

1. Vaccination with required vaccines is not a prerequisite for admission to the District schools if the student qualifies for a medical or personal exemption to the vaccination requirement.

2. A student qualifies for the medical exemption if the student's legally responsible individual provides the school with:

   a. A completed vaccination exemption form and

   b. A written notice signed by a licensed health care provider stating that, due to the physical condition of the student, administration of the vaccine would endanger the student's life or health.

3. A student qualifies for the personal exemption if the student's legally responsible individual provides the school with a completed ~~online~~ vaccination form stating that the student is exempt from the vaccination because of a personal or religious belief.~~module certificate~~.

4. A vaccination exemption form remains valid for as long as the student remains enrolled in the public education system. The

exemption form is part of the student's permanent school record, including if the student transfers schools. If the school offers both remote and in-person learning options, a student with a vaccination exemption may not be denied the opportunity to participate in in-person learning based on the student's vaccination status.

*Utah Code § 53G-9-303 (2025)*Utah Code § 53G-9-303 (2025)

E. Conditional Enrollment

1. If upon review it is determined that the school has not received an immunization record for a newly enrolled student, or that there are deficiencies in the immunization record, the school shall place the student on conditional enrollment and within five days of doing so provide notice to the student's enroller. This notice shall state that the student has been placed on conditional enrollment for failing to meet the immunization record requirements, shall describe the deficiencies in the immunization record or state that no immunization record has been provided, shall give notice that the student will not be allowed to attend school unless a compliant record is provided or the deficiencies are cured within the conditional enrollment period, and shall describe the process for obtaining a required vaccination. When possible, the notice shall be delivered in the enroller's preferred language and using one of the following methods as determined by mutual agreement between the enroller and the school: written notice delivered in person, written notice by mail, written notice by email or other electronic means, or telephone (including voice mail).

   Utah Code § 53G-9-306(2)(b) (2025)
   Utah Code § 53G-9-308(3) (2022)

2. If the school receives a compliant immunization record within the conditional enrollment period, the student shall be removed from conditional enrollment status. Unless an extension is granted as provided below, if the record is not provided within the conditional enrollment period, the student shall be prohibited from attending the school.

Utah Code § 53G-9-308(4), (5) (2022)

3. The conditional enrollment period is the time period during which the student's immunization record is under review by the school or 30 calendar days after the school provides notice of the lack of or a deficiency in an immunization record. The student must begin receiving required immunizations within 30 calendar days of school enrollment. Where the student is receiving multiple doses of a required vaccine, the principal or other administrator shall extend the conditional enrollment period by the amount of time medically recommended to complete all required vaccination dosages. The principal or other administrator may grant an extension of the conditional enrollment period in extenuating circumstances if there is agreement between the administrator one of the following that an extension will likely lead to compliance with the immunization record requirement: a district nurse, a health official, or a health official designee (including a social service provider or a culturally competent and trauma-informed community representative). A newcomer student enrolling in a school for the first time constitutes an extenuating circumstance.

   Utah Admin. Rules R396-100-7 (February 25, 2024)

F. Conditional Enrollment of Military Child

1. A military child who at the time of school enrollment has not been completely immunized against each specified disease may attend under a conditional enrollment, and shall be given 30 days from the day of enrollment to obtain:

   a. each specified vaccine if the specified vaccine only requires one dose; and

   b. at least the first dose of a specified vaccine, if the specified vaccine is a series of vaccines.

2. Except as provided above, a military child is subject to rules developed by the Utah Health Department in accordance with

Utah Code § 53G-9-305.

Utah Code § 53E-3-905(3) (2018)

G. Action Upon Disease Outbreak

1. In the case of a disease outbreak, the school principal or school nurse shall, upon the request of an official from a local health department, take the following steps:

   a. Identify each student who is not immune to the outbreak disease;

   b. Notify the legally responsible individual of any such student, providing information regarding steps the legally responsible individual may take to protect students; and

   c. For a period determined by the local health official, but not to exceed the duration of the disease outbreak, do one of the following at the discretion of the principal or other administrator after obtaining approval from the local health department:

      i. Provide a separate educational environment for non-immune students that ensures the protection of those students and of the remainder of the student body; or

      ii. Prevent non-immune students from attending school.

Utah Code § 53G-9-309(3) (2022)

III. ***Students with Potentially Life-Threatening Allergies***

A. Parent's or Legal Guardian's Responsibility

1. The student's parent or guardian has the primary duty to inform school authorities about the child's potentially life-threatening medical condition(s) upon registration of the child or upon medical diagnosis of the medical problem. Therefore, the student's parent or guardian shall:

a. Annually notify, in writing, the school of the child's allergies and, if not already on file with the school, provide written physician verification of the child's allergies.

b. Work with the school to develop a plan that accommodates the child's needs, including an Allergy and Anaphylaxis Emergency Action Plan. In the case of a child's potentially life-threatening food allergy, develop an Individualized Healthcare Plan with the appropriate school staff.

c. Provide written documentation, instructions, and medications as directed by a physician, using the Individualized Healthcare Plan as a guide. Give permission for student's photo to be shared on a need-to-know basis.

d. Provide properly labeled medications and replace medications after use or upon expiration.

e. Educate the child in self-management of their allergy, including, where applicable:

    i. safe and unsafe foods;

    ii. strategies for avoiding exposure to unsafe foods, including how to read food labels (age appropriate);

    iii. symptoms of allergic reactions;

    iv. how and when to tell an adult that the child may be having an allergy-related problem.

f. Review the Individualized Healthcare Plan and Allergy and Anaphylaxis Emergency Action Plan with the appropriate school staff, the child's physician, and the child (if age appropriate) after a reaction has occurred.

g. Provide emergency contact information, including the name, phone number, fax number, and address of the student's treating physician.

B. School's Responsibility

1. Registration procedures shall enquire as to whether or not a student has medical problems of which the school should be aware.

2. Review the health records and/or information submitted by parents and physicians.

3. In developing a reasonable accommodation of the student with a potentially life-threatening food allergy, the following guidelines are recommended:

    a. The school principal or principal's designee, classroom teacher(s), the parent(s) or legal guardian, the student (as age appropriate) and a district nurse or other qualified person should develop the Individualized Healthcare Plan. Other persons may be involved as determined to be necessary.

    b. Consideration in the Individualized Healthcare Plan shall be given to:

        i. elimination, whenever reasonably feasible, of allergens from meals, educational tools, arts and craft projects, and incentives;

        ii. education of the student, parent or guardian, community, staff, and food handlers;

        iii. appropriate standards of hygiene and maintenance for facilities and students;

        iv. classroom and school routines in light of the age, maturity, and ability of the student, and expectations regarding personal responsibility;

        v. emergency procedures and preparation for such;

vi. procedure to be followed should a “dangerous” food product be brought to the classroom.

4. Provide copies of the Allergy and Anaphylaxis Emergency Action Plan to all staff who interact with the student on a regular basis, including substitute teachers.

5. Review the Individualized Healthcare Plan and Allergy and Anaphylaxis Emergency Action Plan with parent or guardian, student (as age appropriate) and physician after a reaction has occurred at school or a school-related activity and consider whether the plans need to be modified.

C. Emergency Injection for Anaphylaxis

1. In addition to students with known, potentially life-threatening allergies who have specific prescriptions for medication to respond to reactions, the following addresses the use of stock medications to treat reactions in others.

2. This policy does not create a duty or standard of care for a person to be trained in the use and storage of injectable epinephrine rescue medication, nor does it create a duty on the part of the District or a school to store injectable epinephrine rescue medication at a school (apart from the obligation to make injectable epinephrine rescue medication available to trained individuals as set forth below). A decision to complete the training program described below and to make injectable epinephrine rescue medication available for emergency medical situations is voluntary. A school, school board, or school official may encourage a teacher or other school employee to volunteer for such training. A school, the school board, or a school official may not prohibit or dissuade a school employee from (a) being trained in use and storage of injectable epinephrine rescue medication, (b) possessing or storing an injectable epinephrine rescue medication on school premises (if the employee is a qualified adult and the possession and storage is in accord with training), or (c) administering an injectable epinephrine rescue medication (if the employee is a qualified adult and the administration is in

accord with training).

Utah Code § 26B-4-406 (2025)

3. Each primary and secondary school shall make initial and annual refresher training regarding the storage and emergency use of an injectable epinephrine rescue medication available to any interested teacher or other school employee, who is at least eighteen (18) years of age, who volunteers for such training. The training may be provided by the school nurse, or other person qualified to provide such training, designated by the school district physician, the medical director of the local health department, or the local emergency medical services director.

4. A person who provides this training shall include instruction on:

    a. techniques for recognizing symptoms of anaphylaxis;

    b. standards and procedures for the storage and emergency use of an injectable epinephrine rescue medication;

    c. emergency follow-up procedures, including calling the emergency 911 number and contacting, if possible, the student's physician and a parent or guardian; and

    d. written materials covering the information provided during training.

5. The volunteers shall retain for reference the written materials covering the information provided during training.

Utah Code § 26B-4-407 (2025)

6. A teacher or other school employee who has received the above training regarding the storage and emergency use of an injectable epinephrine rescue medication becomes a "qualified adult" and:

    a. May obtain (along with the school nurse) from the District Nurse, the medical director of the local health department, the local emergency medical services director, a physician,

pharmacist, or any other person or entity authorized to prescribe or dispense prescribed medicines or drugs, a prescription for injectable epinephrine rescue medication;

b. May immediately administer an injectable epinephrine rescue medication to a person exhibiting potentially life-threatening symptoms of anaphylaxis at school or a school activity when a physician is not immediately available;

c. Shall initiate emergency medical services or other appropriate medical follow-up in accordance with the training materials after administering an injectable epinephrine rescue medication.

7. Each primary or secondary school shall make an emergency injectable epinephrine rescue medication available to any teacher or other school employee who is employed at the school and has become a "qualified adult." However, the school is not required to keep more than one emergency injectable epinephrine rescue medication on the school premises so long as it may be quickly accessed by a teacher or other school employee who is a "qualified adult" in the event of an emergency.

Utah Code § 26B-4-406(5) (2025)
Utah Code § 26B-4-409 (2025)

8. A school may obtain a prescription for a supply of injectable epinephrine rescue medication for storage at the school and use by qualified adults if the school (a) designates an individual to complete an initial and annual refresher training program regarding the proper storage and emergency use of injectable epinephrine rescue medication and (b) stores the injectable epinephrine rescue medication according to Utah Department of Human Services standards.

Utah Code § 26B-4-409(5) (2024)

9. The following, if acting in good faith, are not liable in any civil or criminal action for any act taken or not taken under the authority

of § 26B-4-406 et seq. with respect to an anaphylactic reaction: (a) a "qualified adult," (b) a person who conducts training regarding the emergency use and storage of injectable epinephrine rescue medication, and (c) the District or its schools.

Utah Code § 26B-4-410 (2025)

D. Student's Responsibility

1. The student will be proactive in the care and management of his or her food allergies and other reactions based upon the student's developmental level, including the following:

   a. Should not trade or share food, utensils, or containers with others;

   b. Should not eat anything with unknown ingredients or known to contain any allergen;

   c. Should notify an adult immediately if he or she eats something the student believes may contain the food to which he or she is allergic.

   d. Know the location of his/her epinephrine nasal spray or injectable epinephrine rescue medication, if applicable, or other emergency medications.

   e. Wash hands before eating.

E. Student Self-Administration of Epinephrine

1. Under Procedure 6024-A, elementary students are prohibited from carrying or self-administering medication on school premises except in certain limited circumstances. However, any student may possess and self-administer an epinephrine nasal spray. In addition, students may possess or possess and self-administer injectable epinephrine rescue medication provided that the student's parent or guardian has previously provided the school with a signed written request and written health care provider approval.

2. The written request must state that the parent or guardian authorizes the student to possess or possess and use the injectable epinephrine rescue medication while acknowledging that the student is responsible for, and capable of, possessing or possessing and self-administering the injectable epinephrine rescue medication.

3. The health care provider approval must state that the provider finds that it is medically appropriate for the student to possess or possess and self-administer an injectable epinephrine rescue medication and the student should be in possession of the injectable epinephrine rescue medication at all times.

Utah Code § 26B-4-407(4) (2025)

F. Medication Sharing Prohibited

1. No student is permitted to sell, share, or otherwise give to others any medication, prescription or non-prescription. Violations of this policy are subject to disciplinary action under the school's drug policies.

G. Resource Materials for Training

1. Training materials and information, along with other resource material relating to emergency administration of epinephrine, are available at the following:

a. A Shot to Live, http://medicine.utah.edu/pediatrics/a-shot-to-live/

b. Get Trained, http:/www.nasn.org/ToolsResources/FoodAllergyandAnaphylaxis/GetTrained

IV. Medical Treatment Directives

A. Background

1. In very isolated situations, a child who is terminally ill may be enrolled and actively participating in a public school. This policy

sets forth what school personnel may and must do if a student is subject to an "order for life sustaining treatment" directive and faces a life-threatening medical emergency.

2. The law provides that an "order for life sustaining treatment" executed pursuant to Utah Code 75A-3-106 may be directed to health care providers or emergency medical service providers licensed or certified under Utah Code Title 53, Chapter 2D, Utah Emergency Medical Services Act. An order for life-sustaining~~life sustaining~~ treatment gives direction to health care providers, health care facilities, and emergency medical services providers regarding the specific health care decisions of the individual to whom the order relates. The law further provides that those licensed or certified emergency medical providers may be directed to withhold or withdraw all life-sustaining procedures. Professionals licensed pursuant to Utah Code § 53-2d-402 include paramedics, advanced emergency medical service technicians, emergency medical services technicians, emergency medical responders, behavioral emergency services technicians and advanced behavioral emergency services technicians. Such professionals are granted immunity from liability for complying in good faith with an order for life-sustaining~~life sustaining~~ treatment. Such professionals are also granted immunity for providing life-sustaining treatment notwithstanding a contrary directive in an order for life-sustaining~~life sustaining~~ treatment.

Utah Code § 53-2d-402 (2025)
Utah Code § 75A-3-101(19) (2025)
Utah Code § 75A-3-106 (2024)

B. School Employee Responsibility

1. Medical service providers who are school employees may have responsibilities related to the treatment or withholding of treatment for persons for whom a valid order for life-sustaining~~life sustaining~~ treatment has been issued pursuant to Utah Code § 75A-3-106 . Such providers may act in good faith to exercise their judgment with

regard to complying with an order for life-sustaining~~life sustaining~~ treatment to withhold or withdraw life-sustaining treatment or to provide life-sustaining treatment despite a contrary directive in the order.

2. With the exception of situations governed by paragraph i, above, it is the policy of the District that first aid shall be provided to any and all students in need of such assistance while under the control and/or supervision of the District. Orders for life-sustaining~~life sustaining~~ treatment will not be followed by school district staff who are not licensed under Section 53-2d-402.

3. When a school employee or volunteer observes or becomes aware of a medical emergency involving a student, normal responsive actions should be taken, including the summoning of emergency medical personnel and administering first aid.

4. This should be done by school staff irrespective of whether an order for life-sustaining~~life sustaining~~ treatment is in place and has been provided to the school with respect to that particular student.

Emergency Safety Intervention

Procedure 6029-G

Section: 6000 - Students

I. Emergency Safety Interventions

A. This policy governs the use of emergency safety interventions, which are used to address situations where a student presents an immediate danger (to self or others).

II. Definitions

A. Emergency safety intervention, or ESI: the use of seclusion or physical restraint when a student presents an immediate danger to self or others.

B. Seclusion: seclusionary time out, meaning the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving, including:

1. Placing the student in a locked room; or
2. Placing a student in a room where the door is blocked by furniture or held closed by staff.
3. The room or area must meet applicable health department and fire marshal regulations.

C. Chemical Restraint: the use of medication administered to a student, including medications prescribed by the student's physician or other qualified health professional, on an as-needed basis for the sole purpose of involuntarily limiting the student's

freedom of movement.

D. Comprehensive Emergency Safety Intervention Training: a training required for key identified school personnel that has the components described in Subsection R277-608-4(2).

E. Corporal Punishment: intentional infliction of physical pain upon the body of a student as a disciplinary measure

F. Emergency Safety Intervention Committee or ESI Committee: an emergency safety intervention committee as described in Section R277-608-6.

G. Functional Behavior Assessment or FBA: a systematic process used to understand the function and purpose of a student's specific, interfering behavior and factors that contribute to the behavior's occurrence and nonoccurrence for developing effective positive behavioral interventions, supports, and other strategies to mitigate or eliminate the interfering behavior.

H. Foundational Behavior Support Training: a training required for all school employees who supervise students or may be asked to assist in managing a student's behavior that has the components described in Subsection R277-608-4(1).

I. Physical restraint: personal restriction that immobilizes or reduces the ability of an individual to move the individual’s arms, legs, body, or head freely.

J. Physical escort: a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.

K. Mechanical restraint: the use of any device or equipment to restrict a student’s freedom of movement.

L. Immediate danger or immediate and significant threat: the imminent risk of physical violence ~~or aggression~~ towards self or others, or other physical behaviors which are likely to cause imminent risk of substantial bodily injury or serious bodily injury.

M. Substantial bodily injury: bodily injury which does not amount to serious bodily injury, but which causes or creates protracted physical pain, temporary disfigurement, or temporary loss or impairment of the function of any bodily member or organ.

N. Serious bodily injury: bodily injury that creates or causes serious permanent disfigurement, protracted loss or impairment of the function of any bodily member or organ or creates a substantial risk of death.

O. Disengagement strategies: strategies for safely and effectively releasing or separating oneself or others from a situation, person, or engagement to protect oneself or others.

~~O.~~P. ESI key employee: an employee who has received comprehensive ESI training and is authorized to use an ESI with a student.

III. Emergency Safety Intervention

A. An emergency safety intervention is using seclusion or physical restraint when a student presents an immediate danger to self or others (not for disciplinary purposes). The District shall implement policies and procedures for the use of emergency

safety interventions for all students which are consistent with evidence-based practices.

B. Physical restraint as part of an emergency safety intervention may not be used with a student except within the guidelines stated below under Physical Restraint. Mechanical restraint may not be used as part of an emergency safety intervention, except those which are protective, stabilizing or required by law, or any device used by a law enforcement officer in carrying out law enforcement duties, including seatbelts or any other safety equipment when used to secure students during transportation. Chemical restraint may not be used on a student.

C. Seclusion as part of an emergency safety intervention may not be used with a student except by a key employee and only when a student presents an immediate danger of serious physical harm to self or others, when less restrictive interventions have failed, and within the guidelines stated below under Seclusion.

~~D.~~ For a student with a disability, emergency safety interventions may not be written into a student's individualized education program as a planned intervention unless school personnel, the family, and the IEP team agree less restrictive means have been attempted to address the qualifying circumstances (that is, circumstances where the student presents an imminent danger of physical violence or aggression towards self or others which is likely to cause serious physical harm) have been attempted, a functional behavior analysis has been conducted, and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

IV. Physical Restraint

A. Reasonable and necessary physical restraint may only be used in self-defense, to obtain possession of a weapon or other dangerous object in the possession or under the control of a student, to protect the student or another individual from physical injury, to remove a student who is violent from a situation, or to protect property from being damaged when physical safety is at risk. Prior to its use, a school employee must first use the least restrictive available intervention available, including a physical escort. It may not be used as a means of discipline or punishment. The student may not be placed in a prone (face-down) or supine (face-up) position in physical restraint. No restraint may be used which obstructs the airway of a student or which adversely affects a student's primary mode of communication.

B. All physical restraint must be immediately terminated when either (a) the circumstances warranting the restraint are no longer present, or (b) the student is in severe distress. The restraint must be for the minimum time necessary to ensure safety and the District's release criteria must be implemented. However, before stopping, releasing, and reassessing, a student may not be physically restrained for more than the shortest of: 30 minutes; the time described in the District's emergency intervention training program; or when law enforcement intervenes~~arrives~~.

V. **Seclusion**

A. Seclusion may only be used by ESI certified staff, for purposes of maintaining safety and may not be used: as a behavioral

intervention, as a ~~means of~~ disciplinarye practice ~~or punishment~~; for coercion, retaliation, or humiliation; because of inadequate staffing; or for a staff member's convenience. Seclusion may not be used with students below grade 1. There shall be immediate and continuous review of the decision to use seclusion. Seclusion shall be used for the minimum time necessary to ensure safety as reasonably understood by the employee and shall end according to the District's release criteria. In any event, a student may not be placed in seclusion for more than 30 minutes per occurrence except that, if the parent or guardian cannot be reached after 15 minutes and the 30 minute time limit has been reached, the student may be reassessed and may be returned to seclusion for an additional 30 minutes if the student continues to pose an immediate and significant threat to the student or others and less restrictive interventions remain ineffective. Seclusion may not be used unless the employee has used other, less restrictive interventions before the seclusion. In using seclusion, the employee must confirm that the area meets applicable fire and public safety regulations. During the seclusion, the student must be maintained within line of sight of and actively supervised by an employee who is familiar to the student and who has received comprehensive ESI training.

Utah Admin. Rules R277-608-~~5(9) – (12) (March 10, 2025)~~

B. Whenever seclusion is used, the school shall debrief all witnesses, involved staff members, the student who was secluded, and the parent of the student. The use of seclusion shall be documented the District's student information system, and the documentation shall include the reason for its use, its duration, ~~and~~ any alternative strategies attempted, and whether the room used for seclusion complied with requirements for seclusion.

Utah Code § 53G-8-301~~(10)(b)(i), (c) (2025)~~

VI. Designated Area for Seclusion

A. A school within the District may designate an enclosed area for the sole purpose of seclusion if the following conditions have been met.
    1. The school has submitted a written application requesting approval from the Board of Education which:
        a. Describes the enclosed area;
        b. Outlines the data and reasoning for designating an enclosed area;
        c. Documents that the school has given written notification to the parents of the school's students of the proposed enclosed area and has invited and considered parent input regarding the proposed area; and
        d. Demonstrates that the proposed area satisfies the standards and requirements of Utah Admin. Rules R392-200 and Utah Admin. Rules R710-4;
    2. The Board of Education has consulted with the District's ESI committee regarding the application;
    3. The Board of Education affords parents from the school in question the opportunity to comment on the proposed enclosed area; and
    4. The Board of Education determines that designation of the enclosed area is appropriate and approves the application.

    Utah Admin. Rules R277-608

B. The District shall, by December 31, 2026, report the following to the Utah State Board of Education:
    1. The location of each existing seclusion room;
    2. Whether and to what extent each seclusion room meets the standards for seclusion rooms set out in Utah Code § 53G-8-301(14);
    3. Any plans to construct new seclusion rooms; and
    4. The District's plan and timeline for bringing each existing or planned seclusion room into compliance with the standards set out in Utah Code § 53G-8-301(14).

    Utah Code § 53G-8-301

C. Existing seclusion rooms shall be brought into compliance with the standards for seclusion rooms set out in Utah Code § 53G-8-301(14) according to procedures and milestones established by the Utah State Board of Education.

Utah Code § 53G-8-301(14)(b) (2026)

E. If school staff, a school, or administration become aware of a violation of the physical standards for seclusion rooms set out in Utah Code § 53G-78-301(14), that shall be reported to the Board of Education. A corrective action plan shall be developed and the violation and the corrective action plan shall be reported to the Utah State Board of Education as provided for in rules established by the State Board.

Utah Code § 53G-8-301(13)(a)(i) (2026)

~~VI.~~VII. Parental Notice

A. When an ESI (physical restraint or seclusion) is used, a school shall notify the student's parent immediately and in any event within 15 minutes of use. The employee shall also notify the school administration and provide documentation of the ESI to the ESI Committee. ~~If an ESI is used for more than 15 minutes, a second notice shall be given immediately to the student's parent and to school administration.~~

B. The notice provided shall be documented in the student information system records.

~~c.~~ The school shall, upon his or her request, provide to the student's parent or guardian a copy of any notes or additional documentation taken during an ESI. Student Need: Reading (Grades K-4)

Needs Assessment & Data Description:

After careful analysis of Acadience Reading Assessment Data and Progress Monitoring Reports, data shows that K–4 students are struggling to make adequate progress toward grade-level proficiency as defined by state benchmarks.
Furthermore, specific student subgroups—specifically Multi-Language Learners (MLL) and Students with Disabilities (SWD)—showed some growth, but slow overall progress toward grade-level proficiency.

Root Cause Analysis:

Teachers require targeted support and additional resources to:
1. Enhance and deliver more rigorous Tier 1 instruction (high-quality, whole-group core instruction).
2. Conduct informative data analysis to drive daily instruction.
3. Effectively implement instructional adjustments derived from formative assessments and direct student feedback.

Action Steps:

Increase the knowledge, skills, capacity, and instructional ability of educators by utilizing the instructional coach, maximizing learning during Professional Learning Community (PLC) sessions by focusing on data-driven discussions around student impact, student assessment, feedback, and progress monitoring of standards, and by intentionally increasing understanding of the comprehension side of the reading rope (Science of Reading). (SB241)

Goal 1:

By June 1, 2027, the End of Year (EOY) Acadience Reading Assessment Composite Score will show that 72% of K–4 students are scoring in the Green (On Benchmark) or Blue (Above Benchmark) indicators. We will know our MLL students have made typical or above typical growth in reading by utilizing the WIDA assessment.

Performance Metrics & Measurement:

Baseline Data: The total number of students flagged with Red (Well Below Benchmark) and Yellow (Below Benchmark) indicators on the Beginning of Year (BOY) Acadience Reading Assessment.

Student Need: RISE Mastery of Standards

Needs Assessment & Data Description:

After careful data analysis of RISE Scores for grades 3 and 4, results indicate that students are currently struggling to make adequate progress toward grade-level mastery of standards as defined by state benchmarks. In addition, Multi-Language Learner (MLL) students and Students With Disabilities showed some growth, but slow overall progress toward grade-level mastery.

Root Cause Analysis:

Teachers require targeted support and additional resources to enhance and provide more rigorous Tier 1 instruction. Furthermore, there is an evident need for structured instruction regarding informative data analysis, alongside dedicated support for implementing actionable information derived from formative assessments and student feedback.

Action Steps:

Increase the knowledge, skills, capacity, and instructional ability of educators by utilizing the instructional coach, maximizing learning during PLC sessions by focusing on data-driven discussions around student impact, student assessment and feedback, and progress monitoring of standards, and by intentionally increasing understanding of the comprehension side of the reading rope (Science of Reading)(SB241). Educators will also participate on a Student Impact Team and provide input in regards to requested/ needed professional learning. Admin will support educators by observing classrooms and providing feedback using a Science of Reading Observation Tool (SB241).

Goal 2:

By June 1, 2027, 3rd and 4th grade ELA RISE scores will see a 5% increase in mastery.
3rd and 4th grade Mathematics RISE scores will see a 5% increase in mastery.
4th grade Science RISE scores will see a 5% increase in mastery.

Performance Metrics & Measurement:

Baseline Data: Spring 2026 Scores of the RISE Test in ELA, Mathematics, and Science (4th Grade Only).
Target Goal (By June 1, 2027):
3rd and 4th grade ELA RISE scores will see a 5% increase in mastery.
3rd and 4th grade Mathematics RISE scores will see a 5% increase in mastery.
4th grade Science RISE scores will see a 5% increase in mastery.

Implementation & Evidence:

Coaching & Observation Cycles: Deploy the Instructional Coach to partner with teachers on Tier 1 Science of Reading strategies (specifically Language Comprehension strands). (SB241)Administrators will support this through routine classroom walkthroughs and providing actionable feedback utilizing the Science of Reading Observation Tool (SB241).
Data-Driven PLCs: Focus weekly Professional Learning Community (PLC) protocols around data-driven discussions regarding student impact, common assessments, student feedback, and continuous progress monitoring of state standards.
Student Impact Team: Establish a collaborative Student Impact Team where educators actively participate, analyze subgroup trends (MLL and Students With Disabilities), and directly provide input regarding needed or requested professional learning. Staff members participate along with stakeholders (when necessary) in collaboration on a Student Study Team/Literacy Team (SB241)

Resource Allocation Goal 2:

Student Need: Performance Matters (Standards Success)

Description:

After careful data analysis of spring 2026 performance matters data, K to 4 students are struggling to master proficiency of grade-level standards. In addition, MLL students and Students With Disabilities showed some, but slow, progress towards mastery of standards.

Root Cause Analysis:

The primary area for growth right now is ensuring our Tier 1 instruction fully aligns with the cognitive depth of grade-level standards. Additionally, we need to tighten the alignment and rigor of our exit tickets so they give us an accurate read on true student mastery.

Action Steps:

Subgroup Focus: Actively monitor the progress of MLL students and students with disabilities, sharing modified scaffolding ideas that preserve text/task rigor.

Performance Metrics and Measurement:

Baseline Data: Spring 2026 Scores of the Performance Test in ELA, Mathematics, and Science Grades K to 4.

Target Goal (By June 1, 2027):The EOY Performance Matters Test Grades K to 4 will show a 5% increase in mastery

Progress Monitoring of specific standards in grades K to 4.

Goal 2:

Definitions:

Board Chair is the elected or appointed chairperson of an entity's governing body, e.g. Mayor, Commissioner, Councilmember or Trustee. The official title will vary depending on the entity type and form of government.

Clerk is the bookkeeper for the entity, e.g. Controller, Accountant, Auditor or Finance Director. Though the title for this position may vary, they validate payment requests, ensure compliance with policy and budgetary restrictions, prepare checks, and record all financial transactions.

Chief Administrative Officer (CAO) is the person who directs the day-to-day operations of the entity. The CAO of most cities and towns is the mayor, except where the city has a city manager. The CAO of most local and special districts is the board chair, except where the district has an appointed director. In school districts, the CAO is the superintendent. In counties, the CAO is the commission or council chair, except where there is an elected or appointed manager or executive.

General Ledger is a general term for accounting books. A general ledger contains all financial transactions of an organization and may include sub-ledgers that are more detailed. A general ledger may be electronic or paper based. Financial records such as invoices, purchase orders, or depreciation schedules are not part of the general ledger, but rather support the transaction in the general ledger.

Mitigating Controls are systems or procedures that effectively mitigate a risk in lieu of separation of duties.

Original Bank Statement means a document that has been received directly from the bank. Direct receipt of the document could mean having the statement 1) mailed to an address or PO Box separate from the entity's place of business, 2) remain in an unopened envelope at the entity offices, or 3) electronically downloaded from the bank website by the intended recipient. The key risk is that a treasurer or clerk who is intending to conceal an unauthorized transaction may be able to physically or electronically alter the statement before the independent reviewer sees it.

Treasurer is the custodian of all cash accounts and is responsible for overseeing the receipt of all payments made to the entity. A treasurer is always an authorized signer of all entity checks and is responsible for ensuring cash balances are adequate to cover all payments issued by the entity.
