## Background

- Mission CISD is committed to transparent financial management strategically allocating resources for educational excellence.
- The district's financial health is multifaceted, drawing from sources such as Average Daily Attendance (ADA) for Foundation School Program (FSP) funds, local taxes, federal funds, grants, and prudent investments.
- This comprehensive strategy ensures a diverse and sustainable revenue base supporting its educational commitment.

## Strategic Utilization of ESSER Funds

- Mission CISD strategically utilized Elementary and Secondary School Emergency Relief (ESSER) funds during the fiscal year to pay for instructional salaries, freeing up local funds to overcome supply chain challenges that would have impacted capital projects.
- As ESSER II and ESSER III funds reach exhaustion, the District will shift back to local funding sources.

# Fiscal Year 2022-2023 Financial Update

## Expenditure – Debt Service

Most school districts in Texas carry debt from bond elections because that's how they fund construction of new schools, construction to renovate older campuses, replacement of expensive life-cycle systems, and additional capital projects.

As of June 30, 2023, the total value of Mission CISD's General Obligation Bonds is \$86,054,960.

The Fiscal Year 2024 Annual Obligation was \$8,456,047.

## Strategic Planning

- Via the Defeasance resolution, the District moved pennies earmarked for compression to the Interest and Sinking (I&S) tax rate.
- This strategic use of I&S tax collections accelerates debt repayment, saving tax payers money on interest.
  - 2024 Cash Defeasance
  - Net Present Value Savings: \$1,167,293
- Also, the District will use I&S tax collections to build capacity for a possible future “No Tax Increase” bond, to ensure the upkeep of top-tier facilities.

## Budget Monitoring - State Compliance

- The Finance Department meets with Program Directors every six weeks to review their program data and updated projected revenue for their programs.
- For state compliance, the Special Programs need to spend at least 55% of their allotment.

## Monitoring Tool

- The District developed and continues to refine a tool to determine expenditure compliance for state programs. The tool compares projected revenue to current-year expenditures, indicating if the District is on track to pass the 55% compliance test.

## Budget Monitoring - Federal Compliance Monitoring Tool

- ESSA LEA MOE Calculation mandates local educational agencies (LEAs) to uphold state and local expenditures at a set level from one fiscal year to the next.
- The District designed the 2023-2024 Budget to meet compliance and actively monitors expenditure data to ensure we stay on track.

- The District also developed and continues to refine a tool to determine expenditures for federal compliance. The tool compares current-year state and local expenditures to previous year state and local expenditures.

## Expenditure Trend Analysis - Overtime and Substitutes

Over the past seven years, the school district's expenditure trends indicate a notable increase in specific areas. We are currently trending toward ending the fiscal year with the following increases:

- Overtime expenditure has seen an increase of 25%.
- Spending on Substitute Teachers has grown significantly by 92%.
- Costs associated with Substitutes for Support Staff have surged by 457%.

To manage and mitigate these rising expenses, we will implement stringent monitoring and cost-control measures. Our strategies will include:

- Optimizing staffing schedules to reduce overtime.
- Promoting teacher and staff health and well-being to minimize the need for substitutes.
- These actions aim to achieve a more sustainable financial trajectory for our school district.

## Expenditure Trend Analysis – Special Education and Career and Technology

- In the last five years, our district's spending on Special Education has risen by 51.23%, and Career and Technology Education expenditures have increased by 46.35%.
- To address these surges, we are working with Moak Casey on staffing. We will also work with a Special Education consultant to help ensure we are positioned correctly for IDEA-B.
- These measures target a balanced and sustainable financial path forward.

## 2023-2024 Financial Outlook:

- We closely monitored expenditures in overtime, substitutes, and utilities, and continue to oversee School Health and Related Services (SHARS). Despite these factors, we expect to end the fiscal year without a budget deficit if Average Daily Attendance stays at 12,832. We will finalize attendance data by June 5th.
- We anticipate a final functional budget amendment, as done annually, to ensure no deficits in any function. The fund balance will remain untouched.

## Avoiding the ESSER Fiscal Cliff

To prepare for the anticipated cessation of ESSER funding in the 2024-2025 school year and to address the possibility of an unbalanced budget, our district has implemented the following strategic actions:

- **Fiscal Prudence:** We have taken measures to save funds to our fund balance, ensuring we have a financial cushion to mitigate any potential budget shortfalls.
  - The following slide will present information from TEA demonstrating our savings through ESSER fund usage, which will help “level off the funding cliff”.

# Looking ahead: alleviating the Effects of the Funding Cliff

- 2023-2024 is the last school year to **supplant** with ESSER funds to level off the funding cliff.
- Consider using ESSER III first for allowable activities, to save other federal grants and state and local M&O funds.
  - Must be reasonable and necessary, meet the intent of ESSER statute (pandemic-related), and be allowable.
- If supplanting with state and local M&O, be mindful of other federal MOE requirements (e.g., IDEA-B).
- For more information on supplanting M&O funds, please refer to this [training video](#) from April 2022, which uses this [training deck](#). Slides 16-22 are most relevant.

# Fiscal Year 2024-2025 Financial Update

**The ESSER Years:** From FY 2020 to FY 2023, the fund balance increased by \$33,796,539.

# Fiscal Year 2024-2025 Financial Update

## Avoiding the ESSER Fiscal Cliff

**Staffing Study:** The District commissioned Moak Casey to conduct a staffing study using District TAPR Data, the Master Schedule, and the 23-24 PEIMS Fall Snapshot.

We are currently evaluating certain positions for potential **reduction through attrition**, as advised by the staffing study. These positions include:

- Child Nutrition Program Staff
- Custodial Staff
- Maintenance Staff
- Security Guards (not reducing)
- Transportation Staff
- Instructional Aides
- Teachers
- Others

# Fiscal Year 2024-2025 Financial Update

## Avoiding the ESSER Fiscal Cliff

- **Enrollment and Attendance Monitoring:** The District utilizes Daily Enrollment and Attendance Reports to closely monitor student enrollment and attendance and identify trends that may impact our funding and resource allocation.
- **Flexible School Day Program:** The District strategically implemented the Optional Flexible School Day Program (OFSDP) to provide an option to restore student instruction time and attendance, potentially increasing attendance.
- **Public Relations Collaboration:** The District partners with the public relations team on our Attendance Matters campaign to raise student attendance awareness.
- **Community Engagement:** The District coordinates community events such as the Pre-K Roundup, Mission CISD Showcase, Music in the Park, Lunch and Learns, and Back to School Bash to foster a strong connection with the community and promote enrollment and engagement in our schools.

- **2024-2025 Online Student Registration:** In preparation for the 2024-2025 school year, Mission CISD is actively promoting Online Student Registration. Registration is currently underway, with many campuses approaching or achieving 100% student registration for the upcoming year. Districtwide, we have reached 99.71% completion.

## Considerations

### Student Basic Allotment:

- Current Amount: \$6,160
- Unchanged Since: 2019

### Inflation Impact:

- Inflation Rate: 20%
- Adjusted Amount:  $\$6,160 \times 20\% = \$1,232$
- Total Impact:  $\$1,232 \times 12,800 \text{ ADA} = \$15.7 \text{ million}$

### Legislative Update:

- Funding: No additional funding provided

### District's Financial Prudence:

- Mission CISD has followed TEA recommendations and demonstrated prudent savings.
- Savings Achieved: \$33.8 million saved over the past three fiscal years.

44

### Moving Forward:

- These savings can be utilized to sustain the district until the next legislative session.
- We need to advocate for Public School Funding.

## Preliminary 2024-2025 Budget

- **Considerations:**
  - Maintain focus on educational outcomes.
  - Ensure minimal disruption to essential services.
  - Seek opportunities for efficiency and cost savings without compromising quality.
    - Maximizing the efficiency of Professional Learning Community (PLCs).
- Following recommendations, we still anticipate a preliminary shortfall for 2024-2025. We are actively working to review and reduce expenditures.
- Also, we must use the fund balance if the District decides to provide a salary increase and cover part of the rise in self-funded health insurance costs. However, this method is not sustainable. Therefore, we must continue to analyze the data and right-size our budget and staffing levels.
- \$2.6 million still needed in payroll reductions through attrition.
- \$1.8 million shortfall (anticipated).
- \$3.3 million in raises.
- \$2.1 million in health insurance costs increase (employer contribution).
- Total expenditures over revenues is: \$9.8 million
- Revenue neutral balanced budget since we saved \$33.8 million (over the last three years) where we could balance from fund balance as suggested by TEA.
