pursuant to Tex. Gov't Code, Chapter 791.*

Local education agency name: MEDINA VALLEY ISD, (163908)

County district number: 163908

Point of contact: Dwight Henry MCHazlett

This Operation Connectivity Interlocal Acquisition Agreement ("Agreement") contains key information and terms regarding your LEA's participation in the Operation Connectivity bulk purchase process. The following addendums are incorporated into this Agreement:

1. State Funding Allocation Methodology Addendum *(attached)*
2. EDGAR Certification Addendum *(attached – to be executed by Region 4)*
3. Grant Program Guidelines *(attached)*
4. LEA Order Logistics Confirmation *(separate document)*
5. Additional Quantity Request *(separate document)*

Due the urgency required to maintain our position within our vendors' supply chain, **please submit the completed and signed copy of this Agreement [as well as your Additional Quantity Request Addendum] through DocuSign by COB Tuesday, August 4, 2020.** Should your LEA not be able to provide signed approval of this Agreement by this date, your order will unfortunately have to be cancelled, and this Agreement will automatically terminate without further action by the parties.

Below you will find your LEA's allocated quantities per provider / OEM ("Vendor") and model. These quantities are based on two inputs: 1) your LEA's requested quantities as included in your LEA's bulk order survey / form, 2) the total dollar value for which the state funding program is able to cover 50% of your LEA hotspot / device costs, as based on the state's allocation methodology (see State Funding Allocation Methodology Addendum).

Any change to the quantities allocated below must be requested by emailing customerservice@teabulkorder.com with your revisions. We will then review requested revisions and send you an updated Agreement. Please note that allocated quantities can only be decreased. Any proposed revisions to increase quantities for any Vendor or model will be rejected.

For quantity needs above what the state has allocated your LEA [capped at your LEA's *remaining quantity* as listed in your Additional Quantity Request Addendum], please include this in your LEA's Additional Quantity Request Addendum. If your submitted Additional Quantity Request Addendum is accepted, it will become a binding part of the Agreement. Your Additional Quantity Request Form must be submitted by Tuesday, August 4, 2020. Failure to submit by the deadline will result in your Additional Quantity Request Addendum being rejected.

ADDENDUM ONE

State Matching Allocation Methodology

Overview

On July 17, 2020, Governor Abbott, Lt. Governor Patrick, Speaker Bonnen, Senate Finance, and House Appropriations Committee Chairs announced eLearning funding for Texas students. The State of Texas will allocate \$200 million in Coronavirus Aid, Relief, and Economic Security (CARES) Act funding to the Texas Education Agency (TEA) for the purchase of eLearning devices and home internet solutions to enable remote learning during the COVID-19 pandemic for Texas students that lack connectivity.

The majority of the \$200 million in CARES Act funding will be allocated to LEAs through matching funds for purchases of hotspots (with data plans) and devices through a statewide bulk purchasing event. This document provides the methodology for the allocation of these CARES Act funds. Additional state dollars may be available through a reimbursement program. More details will be released as this is designed. The TEA is the passthrough agency for this grant. Region 4 Education Service Center shall serve as the grant recipient and shall conduct the bulk purchases on behalf of LEAs.

Funding Allocation – Bulk Purchase Matching Funds

LEAs will be eligible for fund matching of 50% of the expenditures incurred through the statewide bulk purchasing event. However, the level of LEA fund matching for purchases made through the statewide bulk purchasing event will be contingent on the number of economically disadvantaged students in the LEA.¹ The amount of fund matching will not exceed 50% of LEA expenditures to purchase device and/or hotspots for the number of economically disadvantaged students in the LEA. The costs associated with device and hotspot purchase volume that exceeds the number of economically disadvantaged students in an LEA will not be eligible for fund matching.²

If an LEA is purchasing a quantity of devices and/or hotspots less than the number of economically disadvantaged students, the LEA will still receive the full 50% fund matching for those expenditures.

¹ The number of economically disadvantaged students in an LEA are calculated as the PEIMS ages 3-21 low income students (eligible for free lunch, reduced price lunch, or federal aid programs), from the October 2019 fall collection, released for 2020-2021 ESSA funding formulas.

² If an LEA orders more devices and/or hotspots than they have economically disadvantaged students, the LEA will still have the opportunity to order at the bulk purchase order's discounted rates, but those expenditures will not be eligible for fund matching.

For example (figures illustrative):**District A orders device volume equal to economically disadvantaged (eco dis.) enrollment**

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District A is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **500** devices x \$200 cost per device = **\$100,000 LEA spend**
- LEA spend eligible for fund matching: up to **500** students x \$200 cost per device = up to **\$100,000**
- TEA fund matching: up to **\$50,000**
- LEA responsibility: \$50,000

District B orders device volume greater than economically disadvantaged enrollment

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District B is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **750** devices x \$200 cost per device = **\$150,000 LEA spend**
- LEA spend eligible for fund matching: up to **500** students x \$200 cost per device = up to **\$100,000**
- TEA fund matching: up to **\$50,000**
- LEA responsibility: \$100,000

District C orders device volume less than economically disadvantaged enrollment

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District C is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **250** devices x \$200 cost per device = **\$50,000 LEA spend**
- LEA spend eligible for fund matching: up to **250** students x \$200 cost per device = up to **\$50,000**
- TEA fund matching: up to **\$25,000**
- LEA responsibility: \$25,000

ADDENDUM TWO

EDGAR CERTIFICATIONS (TO BE EXECUTED BY REGION 4)

The following certifications and provisions are required and apply when the Local Education Agency ("LEA") expends federal funds for any contract. **Accordingly, the parties agree that the following terms and conditions apply, as applicable, in all situations where Region 4 has been paid or will be paid with federal funds:**

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when LEA expends federal funds, LEA reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

Pursuant to Federal Rule (B) above, when LEA expends federal funds, LEA reserves the right to immediately terminate any agreement in excess of \$10,000 in the event of a breach or default of the agreement by Region 4 in the event Region 4 fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract. LEA also reserves the right to terminate the contract immediately, with written notice to Region 4, for convenience, if LEA believes, in its sole discretion that it is in the best interest of LEA to do so. Region 4 will be compensated for work performed and accepted and goods accepted by LEA as of the termination date if the contract is terminated for convenience of LEA. The Contract is not exclusive and LEA reserves the right to purchase goods and services from other vendors when it is in LEA's best interest.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when LEA expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or

subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when LEA expends federal funds during the term of an award for all contracts and subgrants for construction or repair, Region 4 will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when LEA expends federal funds, Region 4 certifies that Region 4 will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by LEA.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by LEA, Region 4 certifies that during the term of an award for all contracts by LEA resulting from this procurement process, Region 4 agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Pursuant to Federal Rule (G) above, when federal funds are expended by LEA, Region 4 certifies that during the term of an award for all contracts by LEA resulting from this procurement process, Region 4 agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by LEA, Region 4 certifies that during the term of an award for all contracts by LEA, Region 4 certifies that neither it nor its principals is presently debarred, suspended,

proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by LEA, Region 4 certifies that during the term and after the awarded term of an award for all contracts by LEA, Region 4 certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by LEA for any contract, Region 4 certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. Region 4 further certifies that it will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When LEA expends federal funds for any contract, Region 4 certifies that it will comply, as applicable, with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

CERTIFICATION OF EQUAL EMPLOYMENT STATEMENT

It is the policy of LEA not to discriminate on the basis of race, color, national origin, gender, limited English proficiency or handicapping conditions in its programs. Region 4 agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Contract, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), sex (except where based on a bona fide occupational qualification) or race, color, religion, national origin, or ancestry. Region 4 further agrees that every subcontract entered into for the performance of this Contract shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor. Breach of this covenant may be regarded as a material breach of the Contract.

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

Region 4 certifies that it is in compliance with all applicable provisions of the Buy America Act.

PROGRAM GUIDELINES

Introduction to the Program Guidelines

TEA, as the pass-through entity¹, is the grantee² from the U.S. Department of Education (USDE) and TEA awards subgrants to non-federal entities³ such as local educational agencies (LEAs), including school districts, charter schools, and education service centers, and to a lesser degree institutions of higher education (IHEs), and nonprofit organizations (NPOs) who are the agency's subgrantees⁴. These guidelines apply to all subgrantees of TEA, regardless of whether referenced herein as subgrantee or grantee. For purposes of this document, TEA may use the terms grantee and subgrantee synonymously for its subrecipients.

This part of the request for application (RFA), Program Guidelines, is to be used in conjunction with the [General and Fiscal Guidelines](#) and any application instructions. The Standard Application System (SAS) consists of Application Part 1 (PDF – narrative schedules) and Application Part 2 (Excel - budget schedules) to be completed in order for the applicant to be eligible for funding.

For applicants selected for funding, all guidelines and instructions will be incorporated by reference into the Notice of Grant Award (NOGA).

Reference to the General and Fiscal Guidelines

The Program Guidelines provide information specifically relevant to this grant program. The [General and Fiscal Guidelines](#) provide information relevant to all TEA grant programs. Throughout the Program Guidelines, cross-references are given to applicable sections of the [General and Fiscal Guidelines](#). It is critical that you review all referenced sections of the [General and Fiscal Guidelines](#) when preparing your application.

¹ Pass-through entity is defined as a non-Federal entity that provides a subaward to a subrecipient to carry out part of a federal program. (2 CFR 200.74)

² Grantee is defined as the legal entity to which a grant is awarded and that is accountable to the federal government for the use of the funds provided. The term “grantee” does not include any secondary recipients, such as subgrantees and contractors that may receive funds from a grantee. (34 CFR 77)

³ Non-federal entity is defined as a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient. (2 CFR 200.69)

⁴ Subgrantee is defined by TEA to be the same as a subrecipient which is defined as a non-federal entity that receives a subaward from a pass-through entity to carry out part of a federal program; but does not include an individual that is a beneficiary of such program. (2 CFR 200.93) Subgrantee is defined in 34 CFR 77 as the legal entity to which a subgrant is awarded and that is accountable to the grantee for the use of the funds provided.

Grant at a Glance

This section provides detailed information about the grant program.

Program Purpose, Goals, and Objectives

The purpose of the Remote Learning Operation Connectivity-CV19 grant is to support Texas LEA purchases of eLearning devices and home internet solutions to enable the remote learning of students during the COVID-19 pandemic. Bulk purchases will require a local match, either from LEA funds or from local Coronavirus Relief Funds (CRF), as defined by TEA. This local match requirement may be waived by TEA in cases of significant hardship.

Eligible Applicants

See the [General and Fiscal Guidelines](#), Eligibility Requirements.

Region 4 Education Service Center is the only eligible applicant for this grant.

Shared Services Arrangement

See the [General and Fiscal Guidelines](#), Shared Services Arrangements.

Shared services arrangements (SSAs) are not allowed.

Cost Share or Matching Requirement

See the [General and Fiscal Guidelines](#), Cost Share/Match Requirement.

There is no cost share or matching requirement imposed on Region 4 Education Service Center for this grant program. Per the Program Purpose, Goals, and Objectives stated above, LEAs who benefit from bulk purchases may be required to match, either from LEA funds or from local CRF funds.

Supplement, Not Supplant

For supplement, not supplant guidance, see the Supplement, Not Supplant Handbook on the Grants Administration Division's [Administering a Grant](#) page.

The supplement, not supplant provision does apply to this grant program.

Limitation of Administrative Funds

See the [General and Fiscal Guidelines](#), Administrative Costs.

NOTE: Administrative funds include **both** direct administrative costs **and** allowable indirect costs.

TEA limits the amount of funds that may be budgeted to administer this grant, including direct administrative costs and indirect costs, to no more than \$1,000,000 of the total grant awarded.

PROGRAM GUIDELINES

To calculate the maximum indirect costs that can be claimed for a grant, complete the [Maximum Indirect Costs Worksheet](#), posted on the Administering a Grant page, under the Handbooks and Other Guidance section.

Pre-Award Costs

See the [General and Fiscal Guidelines](#), Pre-Award Costs.

Pre-award costs are permitted, if requested, from May 21, 2020, to stamp-in date.

Application Requirements and Assurances

This section identifies the two types of requirements in which applicants must comply to be eligible for funding:

- 📌 Statutory requirements (requirements defined in the authorizing statute)
- 📌 TEA program requirements (requirements defined by TEA program staff)

Statutory Requirements

See the [General and Fiscal Guidelines](#), Statutory Requirements.

Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a grantee or subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the [General and Fiscal Guidelines](#), Fingerprinting Requirement.

The following requirements are defined in the statute that authorizes this program. The applicant must comply with each of these requirements in the application to be considered for funding:

1. Necessary expenditures must have been incurred due to COVID-19 pandemic, defined as actions taken to respond to the public health emergency which may include expenditures to respond directly to the emergency, or to second-order effects of the emergency.
2. Allowable costs cannot have been accounted for in the most recently approved budget as of March 27, 2020, defined as (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget or (b) the cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation; without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency.
3. Allowable costs must be incurred May 21, 2020, through December 30, 2020, defined as when the entity has expended funds to cover the allowable cost.

TEA Program Requirements

See the [General and Fiscal Guidelines](#), TEA Program Requirements.

In addition to the statutory requirements, TEA has established the following program requirements. The applicant must comply with each of these requirements in the application to be considered for funding:

PROGRAM GUIDELINES

1. Grant expenses will be to facilitate and administer the statewide bulk purchase program whereby providing a unique service to Texas LEAs to purchase eLearning devices and home internet solutions to enable the remote learning of students during the COVID-19 pandemic as described in the federal CRF guidance document as facilitating distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
2. Any grant funds not used in the bulk purchase program or administrative costs will be returned to TEA in a time and manner requested by TEA.
3. Grant administrative costs will be reasonable and necessary, not to exceed \$1,000,000, including indirect costs.
4. Grantee, with assistance from consultants, will negotiate the bulk procurement prices and order for the LEAs, provide shipping information to the vendors, and provide LEAs with appropriate guidance for asset tagging and inventorying of purchased equipment so that the LEA retains proper ownership and maintains documentation of the purchase.
5. TEA will make all determinations regarding apportionment of matching funds to LEAs and LEA orders, including vendors, product and service specifications and LEA financial participation. All order information will be provided by Region 4 and approved by TEA to be placed with vendors. TEA shall provide approval to Region 4 specifying any amendments to orders, including any changes to LEA recipients or LEA financial participation. Region 4 may rely on all TEA direction and approvals.
6. On behalf of TEA, Region 4 may, if needed on a temporary basis, enter into purchase agreements with vendors to procure and take title, if and as needed, of all ordered products and services. Region 4 may enter into sale, transfer or other agreements as appropriate with LEAs to transfer or assign any ownership or warranties of products and services.
7. Initial bulk orders shall be made by Region 4 to vendors as specified by TEA, and orders shall be modified as additional data is collected by TEA and Region 4 from LEAs. TEA shall provide funds to Region 4 sufficient to cover the full amount of any order placed that is not covered by funds actually received by Region 4 from LEAs not to exceed the initial total grant award of \$200,000,000. Except for the initial bulk orders, no orders shall be placed or modified by Region 4 until sufficient funds have been received from TEA and LEAs.
8. Region 4 shall not take any permanent ownership of products or services subject to this grant. Region 4 shall not be responsible for issuing asset tags on any devices. Region 4 shall not be responsible for warranting devices and shall have no liability to LEAs for any products or services procured under this grant. LEAs shall be required as a condition of participation to waive any liability against Region 4.

10. Grantee must provide data and reporting information as required by TEA or the federal government in a time and manner requested by TEA.
11. 12. Grantee must collaborate and communicate with TEA in the time and manner requested by TEA.
13. Grantee may utilize noncompetitive procurement with these federal funds as authorized by TEA.

LEA support resources

Operation Connectivity bulk order program

Provides LEAs the opportunity to purchase hotspots and devices at **negotiated rates with major ISPs / OEMs**

Central purchase on behalf of LEAs allows order **prioritization in supply chain**

Through this program, LEAs will be awarded **matching fund allocations** from state

The administration of the bulk order program will be done through ESC Region 4

- The Operation Connectivity Taskforce was tasked with exploring a state bulk purchasing option on behalf of LEAs
- During our exploratory phase, TEA was informed that Region 4 ESC was providing support to Mayor Turner's Health Equity Task Force Technology Access Committee.
- The Committee's chair, Gaby Rowe, had already made significant progress in negotiating favorable prices for a bulk order of devices and hotspots.
- Given the rates that had been negotiated for Region 4 schools, the time sensitive nature of this procurement, and the fact that Region 4 could accept matching payments from LEA's, TEA provided Region 4 authority to act on its behalf to administer the bulk order.
- Region 4 will be executing the day to day logistics of procuring the devices, accepting the matching funds from LEA's, and working with the vendors and LEAs on the delivery of devices.
- TEA will determine the fund allocation methodology; the administration of the bulk order program will be executed through Region 4

Over 1M devices
and 480K hotspots
have been
requested for bulk
purchase by LEAs
across Texas

With state funds providing matching dollars for the
majority of requested devices and hotspots

Funding Allocation – Bulk Purchase Matching Funds

The majority of the \$200 million in CARES Act funding will be allocated to LEAs through matching funds for purchases of hotspots (with data plans) and devices through a statewide bulk purchasing event.

Funding details (see next page for examples):

- **LEAs will be eligible for fund matching of 50% of the expenditures** incurred through the statewide bulk purchasing event.
- However, the level of LEA fund matching for purchases made through the statewide bulk purchasing event will be **contingent on the number of economically disadvantaged students in the LEA.**¹
 - The amount of TEA's fund matching will not exceed 50% of LEA expenditures to purchase device and/or hotspots for the number of economically disadvantaged students in the LEA.
 - The costs associated with device and hotspot purchase volume that exceeds the number of economically disadvantaged students in an LEA will not be eligible for fund matching. However, an LEA can order additional devices and hotspots via the bulk order purchase and pay with local funds.²
- If an LEA is purchasing a quantity of devices and/or hotspots less than the number of economically disadvantaged students, the LEA will still receive the full 50% fund matching for those expenditures.

1. The number of economically disadvantaged students in an LEA are calculated as the PEIMS ages 3-21 low income students (eligible for free lunch, reduced price lunch, or federal aid programs), from the October 2019 fall collection, released for 2020-2021 ESSA funding formulas.

2. If an LEA orders more devices and/or hotspots than they have economically disadvantaged students, the LEA will still have the opportunity to order at the bulk purchase order's discounted rates, but those expenditures will not be eligible for fund matching.

Funding Allocation – Bulk Purchase Matching Funds Examples

District A orders device volume equal to economically disadvantaged (eco dis.) enrollment

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District A is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **500** devices x \$200 cost per device = **\$100,000 LEA spend**
- LEA spend eligible for fund matching: up to **500** students x \$200 cost per device = up to **\$100,000**
- TEA fund matching: up to **\$50,000**
- LEA responsibility: \$50,000

District B orders device volume greater than economically disadvantaged enrollment

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District B is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **750** devices x \$200 cost per device = **\$150,000 LEA spend**
- LEA spend eligible for fund matching: up to **500** students x \$200 cost per device = up to **\$100,000**
- TEA fund matching: up to **\$50,000**
- LEA responsibility: \$50,000

District C orders device volume less than economically disadvantaged enrollment

- Enrollment: 1000 total students; **500** economically disadvantaged students
- District C is capped at 500 total devices for this program (due to percent eco dis.)
- Bulk order: **250** devices x \$200 cost per device = **\$50,000 LEA spend**
- LEA spend eligible for fund matching: up to **250** students x \$200 cost per device = up to **\$50,000**
- TEA fund matching: up to **\$25,000**
- LEA responsibility: \$25,000
