Re: Consider Bilingual and ESL Stipends for the 2021-2022 School Year
Date: April 12, 2021

As we have discussed in the past, it is difficult to find bilingual certified teachers for our campuses. We currently have a bilingual position that we do not have any applicants for. In order to attract bilingual certified teachers to the district, we are recommending an increase in the stipends that we pay to bilingual and ESL teachers and are recommending a signing bonus for newly hired bilingual teachers.

Superintendent Recommendation: Approve the recommended stipends.

Re: Consider Adoption of Allotment and TEKS Certification for 2021-2022
Date: April 13, 2021

School districts and charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS). Districts and charters must submit certifications to receive access to ordering 2021−22 instructional materials through EMAT. Any district that submits a form prior to May 7, 2021, will be able to order from EMAT when it opens on May 10, 2021, for the 2021–22 school year. The due date for the form is May 28, 2021, and EMAT access will be provided within 5 business days of form submission.

Superintendent Recommendation: Adopt the Allotment and TEKS Certification for 2021-2022.

Proclamation 2021:
The SBOE uses a proclamation to call for new instructional materials or new information about currently adopted instructional materials. The proclamation lists the subject areas scheduled for review. It contains a schedule of adoption procedures, requirements of publisher participation, links to the required TEKS/English Language Proficiency (ELPS), and instructions for providing electronic files for braille and large-print materials. Proclamations are named for the year the materials go into the classroom. Details on Proclamation 2021 can be found in THIS document.

Local Adoption Process:

The review and adoption process determines the instructional materials eligible for adoption by the State Board of Education (SBOE). The process starts when the SBOE calls for new instructional materials and is complete with the selection and implementation of new materials by school districts.

Local authorities for each school district or open-enrollment charter school set their own policies for selecting instructional materials for their students. Local policies must include the requirement that materials are selected in an open meeting.

The District shall establish a team, as needed, to select instructional materials and technological equipment to be purchased with the District's instructional materials allotment. The team shall make selections based upon District instructional needs and in accordance with administrative regulations and board policy. MVISD Local Policy can be found HERE.

District Adoption Team:
