Consider Budget Amendments

Presented for:

Board action ☒ Report/Review Only ☐

Supporting documents:

None ☐ Attached ☒ Provided Later ☐

Contact Person:

Ms. Diane Roepke

Background Information:

Section 2.10.6 of the Financial Accountability System Resource Guide, version 14.0, dated January 2010, states that budget amendments are mandated by the state for budgeted funds reallocated from one function level, and state and/or federal project to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and must be amended in the budget for legal compliance.

All budget amendments are required to be adopted by the last day of the fiscal year. All necessary budget amendments must be formally adopted by the school board and recorded in the board minutes.

Fiscal Implication:

Budget amendments are included that move from one function to another. Increase in property insurance premium in the amount of \$20,958 will reduce fund balance.

Administrative Recommendation:

It is recommended that the Board approve the attached Budget Amendments as presented.

Board of Trustees
La Vega Independent School District
400 E. Loop 340
Waco, Texas 76705

We are pleased to confirm our understanding of the services we are to provide the La Vega Independent School District (the "District") for the year ended August 31, 2020. We will audit the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and combining statements, including the related notes to the financial statements, which collectively comprise the basic financial statements of the District as of and for the year ended August 31, 2020. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis.
- 2) Exhibit G-1 - Budgetary Comparison Statement – General Fund.
- 3) Exhibit G-6 – Schedule of the District's Proportionate Share of the Net Pension Liability – Teacher Retirement System of Texas
- 4) Exhibit G-7 – Schedule of District's Contributions – Teacher Retirement System of Texas
- 5) Exhibit G-8 – Schedule of the District's Proportionate Share of the Net OPEB Liability - Teacher Retirement System of Texas
- 6) Exhibit G-9 – Schedule of District Contributions for Other Post-Employment Benefits – Teacher Retirement System of Texas

We have also been engaged to report on supplementary information other than RSI that accompanies the District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

- 1) Combining Schedules.
- 2) Required TEA Schedules (except Exhibits J-4 and J-5).

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on –

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provision of the Uniform Guidance, and will include tests of the accounting records, a determination of major program(s) in accordance with Uniform Guidance and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our Single Audit. Our report will be addressed to the Board of Trustees of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or to acts by management or employees acting on behalf of the District. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major program(s). Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected

individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted audit standards.

Audit Procedures—Internal Controls

Our audit will include obtaining an understanding of the District and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards* and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for

the types of compliance requirements that could have a direct and material effect on each of District's major programs. The purpose of these procedures will be to express an opinion on District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal award and related notes of the District in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for (1) designing, implementing, establishing and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that the District programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is also responsible for making all financial records and related information available to us and for accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the District complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review when performing our field work.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to [include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon OR make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon]. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates

that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information. With regard to electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's reports or nine months after the end of the audit period.

We will provide copies of our reports to the District; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Kirk & Richardson, P.C. and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Texas Education Agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Kirk & Richardson, P.C. personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release or for any additional period requested by the Texas Education Agency. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit on approximately July 2020 and to issue our reports no later than your January 2021 board meeting, date to be determined. Sandhya Magar, CPA is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be at our standard hourly rates plus out-of-pocket costs (such as report reproduction, word processing, postage, travel, copies, telephone, etc.) except that we agree that our gross fee, including expenses, will not exceed \$25,575. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered periodically as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 30 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report(s). You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

We appreciate the opportunity to be of service to the District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

Kirk & Richardson, P.C.

LVISD School Health Advisory Council (SHAC) Annual Report for 2019-2020

Authority and purposes for the SHAC:

Each school district in Texas is required under Chapter 28.004 of the Texas Education Code to establish and maintain a district-level School Health Advisory Council. The School Health Advisory Council of the La Vega` Independent School District is specifically authorized by the Board of Trustees in District policies BDF (Legal), EHAA (Legal), EHAB (Legal), EFAA (Legal), and FFA (Local).

The purpose of the SHAC is to assist the District in ensuring that local community values are reflected in the District's health education instruction. The council's duties include recommending:

1. The number of hours of instruction to be provided in health education;
2. Curriculum appropriate for specific grade levels designed to prevent obesity, cardiovascular disease, and type 2 diabetes through coordination of health education, physical education and physical activity, nutrition services, parental involvement, and instruction to prevent the use of tobacco;
3. Appropriate grade levels and methods for human sexuality instruction; and
4. Strategies for integrating the curriculum components specified above, with the following elements in a coordinated school health program: school health services, counseling and guidance services, a safe and healthy school environment, and school employee wellness.

Because of SB 530 passed during the 80th session of the Texas Legislature (2007), the Council has the additional responsibilities of advising the District regarding the extension of Coordinated School Health programs into middle schools and making recommendations about the importance of daily recess at elementary schools.

Policy BDF (Legal) requires that the Board approve the membership of the SHAC. A majority of the members must be parents of students enrolled in the District who are not employed by the District. Members are nominated to represent all geographic regions of the district, as well as elementary, middle, and high school levels.

Accomplishments and Activities during 2019-2020:

- Reviewed and revised the Parent Involvement Policy, Parent Compact, and Federal Programs
- Reviewed SHAC responsibilities for new members
- Discussed opportunities for parents to attend the district-wide Parent University and topics presented.
- Parent Engagement Team provided information on planned activities throughout the year.
- Reviewed and revised the Wellness Policy to include updates from TSDS.
- Received Big Decisions implementation from Student Success Team.
- Additional meetings were added to discuss the SHAC response to Senate Bill 11 and HB18. The changes charged SHACs with the following responsibilities:
 1. Advise on the mental health curriculum
 2. Increase parental awareness regarding:
 - (a) Risky behaviors and early warning signs of suicide risks;

- (b) Behavioral health concerns to include mental health disorders and substance use disorders; and
- (c) Available community programs and services to address these concerns

- No changes for Child Nutrition Services as reported by Mr. Thiel.

The SHAC is required to meet three times each school year. We met September 17, 2019; January 28, 2020; and February 19 and 25, 2020. The fourth and last meeting is scheduled June 4, 2019. Future virtual meetings will be scheduled to recommend changes to policy relative to SB 11 and HB 18.

La Vega ISD Wellness Policy

Note: This “Basic” district-level wellness policy template meets the minimum Federal standards for local school wellness policy implementation under the final rule of the [Healthy, Hunger-Free Kids Act of 2010](#), the Alliance for a Healthier Generation Healthy Schools Program Bronze-level award criteria, and minimum best practice standards accepted in the education and public health fields.

Preamble

La Vega ISD (hereto referred to as the District) is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, and in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks.^{1,2,3,4,5,6,7} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students.^{8,9,10} In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically.^{11,12,13,14} Finally, there is evidence that adequate hydration is associated with better cognitive performance.^{15,16,17}

This policy outlines the District’s approach to ensuring that environments and opportunities exist for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students in the District have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school campus– in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the District in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The District establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

This policy applies to all students, staff, and schools in the District.

I. School Wellness Committee

Committee Role and Membership

The District will convene a representative district wellness committee (hereto referred to as the School Health Advisory Committee [hereto referred to as SHAC] that meets at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this district-level wellness policy (heretofore referred as “wellness policy”).

The SHAC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals (e.g., health education teachers, school health services staff [e.g., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services], and mental health and social services staff [e.g., school counselors, psychologists, social workers, or psychiatrists]; school administrators (e.g., superintendent, principal, vice principal), school board members; health professionals (e.g., dietitians, doctors, nurses, dentists); and the general public. When possible, membership will also include Supplemental Nutrition Assistance Program Education coordinators (SNAP-EDEDSNAP-Ed). To the extent possible, the SHAC will include representatives from each school building and reflect the diversity of the community.

Leadership

The Superintendent or designee(s) will convene the SHAC and facilitate development of and updates to the wellness policy, and will ensure each school’s compliance with the policy.

The designated official for oversight is:

Dr. Peggy Johnson – Director of Bilingual Education and Special Programs La Vega ISD
peggy.johnson@lavegaisd.org

II. Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The District will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines

specific to each school; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. It is recommended that the school use the [Healthy Schools Program online tools](#) to complete a school-level assessment based on the Centers for Disease Control and Prevention's School Health Index, create an action plan that fosters implementation and generate an annual progress report.

This wellness policy and the progress reports can be found at: <http://www.lavegaisd.org>

Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at La Vega ISD Administration Office. Documentation maintained in this location will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the policy has been made available to the public;
- Documentation of efforts to review and update the Local Schools Wellness Policy; including an indication of who is involved in the update and methods the district uses to make stakeholders aware of their ability to participate on the DWC;
- Documentation to demonstrate compliance with the annual public notification requirements;
- The most recent assessment on the implementation of the local school wellness policy;
- Documentation demonstrating the most recent assessment on the implementation of the Local School Wellness Policy has been made available to the public.

Annual Notification of Policy

The District will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. The District will make this information available via the district website and/or district-wide communications. The District will provide as much information as possible about the school nutrition environment. This will include a summary of the District's events or activities related to wellness policy implementation. Annually, the District will also publicize the name and contact information of the District leading and coordinating the committee, as well as information on how the public can get involved with the school wellness committee.

Triennial Progress Assessments

At least once every three years, the District will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of the District are in compliance with the wellness policy;
- The extent to which the District's wellness policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- A description of the progress made in attaining the goals of the District's wellness policy.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

The position/person responsible for managing the triennial assessment and contact information is: Dr. Peggy Johnson La Vega ISD Director of Elementary Education and Special Programs peggy.johnson@lavegaisd.org.

The SHAC, in collaboration with individual schools, will monitor schools' compliance with this wellness policy.

The District will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The SHAC will update or modify the wellness policy based on the results of the annual School Health Index and triennial assessments and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. **The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.**

Community Involvement, Outreach and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively communicate ways in which representatives of SHAC and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means appropriate for that district. The District will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. The District will use electronic mechanisms, such as email or displaying notices on the district's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. The District will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents.

The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The District will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

III. Nutrition

School Meals

Our school district is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams *trans* fat per serving (nutrition label or manufacturer's specification); and to meeting the nutrition needs of school children within their calorie

requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within the District participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP), After School Snack Program (ASSP) and Summer Food Program (SSO). All schools within the District are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (The District offers reimbursable school meals that meet [USDA nutrition standards](#).)
- Promote healthy food and beverage choices using at least ten of the following [Smarter Lunchroom techniques](#):
 - Whole fruit options are attractively displayed.
 - Sliced or cut fruit is available daily.
 - Daily fruit options are displayed in a location in the line of sight and reach of students.
 - All available vegetable options have been given creative or descriptive names.
 - Daily vegetable options are bundled into all grab-and-go meals available to students.
 - All staff members, especially those serving, have been trained to politely prompt students to select and consume the daily vegetable options with their meal.
 - White milk is placed in front of other beverages in all coolers.
 - Alternative entrée options are on posters or signs within all service and dining areas.
 - A reimbursable meal can be created in any service area available to students (e.g., salad bars, snack rooms, etc.).
 - Student surveys and taste testing opportunities are used to inform menu development, dining space decor and promotional ideas.
 - Student artwork is displayed in the service and/or dining areas.
 - Daily announcements are used to promote and market menu options.
- Menus will be posted on the District website or individual school websites, and will include nutrient content and ingredients.
- Menus will be created/reviewed by a Registered Dietitian or other certified nutrition professional.
- School meals are administered by a team of child nutrition professionals.
- The District child nutrition program will accommodate students with special dietary needs.
- Students will be allowed at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch, counting from the time they have received their meal and are seated (meets Healthy Schools Program Gold-level criteria).
- Students are served lunch at a reasonable and appropriate time of day.
- Participation in Federal child nutrition programs will be promoted among students and families to help ensure that families know what programs are available in their children's school.
- The District will implement the following Farm to School activities (meets Healthy Schools Program Gold-level criteria; mark/circle the four activities the District plans to do):
- Local and/or regional products are incorporated into the school meal program;

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

- Messages about agriculture and nutrition are reinforced throughout the learning environment;
- School hosts a school garden;
- School utilizes promotions or special events, such as tastings, that highlight the local/regional products.

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the [USDA professional standards for child nutrition professionals](#). These school nutrition personnel will refer to [USDA's Professional Standards for School Nutrition Standards website](#) to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day* and throughout every school campus* (“school campus” and “school day” are defined in the glossary). The District will make drinking water available where school meals are served during mealtimes.

- *All water sources and containers will be maintained on a regular basis to ensure good hygiene and health safety standards.*
- Students will be allowed to bring and carry (approved) water bottles filled with only water with them throughout the day, if approved by campus administration.

Competitive Foods and Beverages

The District is committed to ensuring that all foods and beverages available to students on the school campus* during the school day* support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: <http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks>. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at www.foodplanner.healthiergeneration.org.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed the USDA Smart Snacks nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, school stores and snack or food carts.

Celebrations and Rewards

All foods and beverages given to students on the school campus must be “allergen aware” and preferably prepackaged items. These items must be brought into the front office and approved by the Principal or designee.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

Snacks

Snacks served during the day or in after-school care or enrichment programs will make a positive contribution to children's diet and health, with an emphasis serving fruits and vegetables as the primary snack. Water will always be available.

Fundraising

Any food item available for purchase during the school day cannot be sold during meal period times. Schools are limited to three fundraisers per school year and all fundraisers must be approved in advance by the principle or designee. Items not meant for purchase on the school campus (i.e. frozen cookie dough) may be sold at any time.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff, teachers, parents, students and the community.

The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will ensure 100% of foods and beverages promoted to students meet the USDA Smart Snacks in School nutrition standards. Additional promotion techniques that the District and individual schools may use are available at <http://www.foodplanner.healthiergeneration.org/>.

Nutrition Education

The District shall implement a coordinated health program with a nutrition education component and establish the following goals for nutrition education:

- Students shall receive nutrition education that fosters the adoption and maintenance of healthy eating behaviors.
- The food service staff, teachers, and other school personnel shall coordinate the promotion of nutrition messages in the cafeteria, the classroom, and other appropriate settings.

Essential Healthy Eating Topics in Health Education

The District will include in the health education curriculum a minimum of 6 of the following essential topics on healthy eating:

- Relationship between healthy eating and personal health and disease prevention
- Food guidance from [MyPlate](#)
- Reading and using FDA's nutrition fact labels
- Eating a variety of foods every day
- Balancing food intake and physical activity
- Eating more fruits, vegetables and whole grain products

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

- Choosing foods that are low in fat, saturated fat, and cholesterol and do not contain *trans* fat
- Choosing foods and beverages with little added sugars
- Eating more calcium-rich foods
- Preparing healthy meals and snacks
- Risks of unhealthy weight control practices
- Accepting body size differences
- Food safety
- Importance of water consumption
- Importance of eating breakfast
- Making healthy choices when eating at restaurants
- Eating disorders
- [The Dietary Guidelines for Americans](#)
- Reducing sodium intake
- Social influences on healthy eating, including media, family, peers and culture
- How to find valid information or services related to nutrition and dietary behavior
- How to develop a plan and track progress toward achieving a personal goal to eat healthfully
- Resisting peer pressure related to unhealthy dietary behavior
- Influencing, supporting, or advocating for others' healthy dietary behavior

Physical Activity

Children and adolescents should participate in at least 60 minutes of physical activity every day. A substantial percentage of students' physical activity can be provided through a comprehensive school physical activity program (CSPAP). A CSPAP reflects strong coordination and synergy across all of the components: quality physical education as the foundation; physical activity before, during and after school; staff involvement and family and community engagement; and the district is committed to providing these opportunities. Schools will ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education.

The district shall implement, in accordance with law, a coordinated health program with physical education and physical activity components and shall offer at least the required amount of physical activity for all grades.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education.

All students will be provided equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

All District **elementary students** in each grade will receive vigorous, daily physical activity for at least 30 minutes throughout the school year. If the District determines, for any particular grade level, that requiring moderate or vigorous daily physical activity is impractical due to scheduling

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

concerns or other factors, the District may as an alternative require a student in that grade level to participate in moderate or vigorous activity for 135 minutes during each school week.

All [District] **secondary students** (middle and high school) are required to take the equivalent of one academic year of physical education.

The District physical education program will promote student physical fitness through individualized fitness and activity assessments (via the [Fitness Gram](#) or other appropriate assessment tool) and will use criterion-based reporting for each student.

Essential Physical Activity Topics in Health Education

Health education will be required in all grades (elementary) and the district will require middle and high school students to take and pass at least one health education course. The District will include in the health education curriculum a minimum of 12 the following essential topics on physical activity:

- The physical, psychological, or social benefits of physical activity
- How physical activity can contribute to a healthy weight
- How physical activity can contribute to the academic learning process
- How an inactive lifestyle contributes to chronic disease
- Health-related fitness, that is, cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition
- Differences between physical activity, exercise and fitness
- Phases of an exercise session, that is, warm up, workout and cool down
- Overcoming barriers to physical activity
- Decreasing sedentary activities, such as TV watching
- Opportunities for physical activity in the community
- Preventing injury during physical activity
- Weather-related safety, for example, avoiding heat stroke, hypothermia and sunburn while being physically active
- How much physical activity is enough, that is, determining frequency, intensity, time and type of physical activity
- Developing an individualized physical activity and fitness plan
- Monitoring progress toward reaching goals in an individualized physical activity plan
- Dangers of using performance-enhancing drugs, such as steroids
- Social influences on physical activity, including media, family, peers and culture
- How to find valid information or services related to physical activity and fitness
- How to influence, support, or advocate for others to engage in physical activity
- How to resist peer pressure that discourages physical activity.

Recess (Elementary)

All elementary schools will offer a daily recess on all days during the school year as appropriate. *This policy may be waived on early dismissal or late arrival days.* If recess is offered before lunch, schools will have appropriate hand-washing facilities and/or hand-sanitizing mechanisms located just inside/outside the cafeteria to ensure proper hygiene prior to eating and students are required to use these mechanisms before eating. Hand-washing time, as well as time to put away coats/hats/gloves, will be built in to the recess transition period/timeframe before students enter the cafeteria.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 9/2016 to Reflect the USDA Final Rule

Outdoor recess will be offered as appropriate and when weather is feasible for outdoor play. Recess will complement, not substitute, physical education class.

Classroom Physical Activity Breaks (Elementary and Secondary)

The District recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students will be offered **periodic opportunities** to be active or to stretch throughout the day on all or most days during a typical school week. The District recommends teachers provide short physical activity breaks as appropriate.

Resources and ideas are available through [USDA](#) and the [Alliance for a Healthier Generation](#).

Staff Wellness and Health Promotion

The SHAC will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources and performs other functions that support staff wellness in coordination with human resources staff. The subcommittee leader's name is _____ (*list here*).

Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts.

Glossary:

Extended School Day – the time during, before and after school that includes activities such as clubs, intramural sports, band and choir practice, drama rehearsals and more.

Dr. Peggy Johnson

Background Information:

Each district and campus is required annually to prepare a district and campus improvement plan. The plans should focus on improving the performance of all students as measured by the State of Texas Assessments of Academic Readiness (STAAR), Texas English Language Proficiency Assessment System (TELPAS), and Performance Based Monitoring Analysis System (PBMAS) Reports. The plans should outline the major initiatives the district and campuses will focus on throughout the school year and will be modified as additional needs are identified. Additionally, the plans should identify the budgetary priorities for the district.

The proposed 2020-2021 DIP and CIPs have been responsive to feedback from numerous sources, such as, Comprehensive Needs Assessment (CNA) surveys, Texas Academic Performance Reports (TAPR) data, School Report Card (SRC), PBMAS reports, District and Campus Assessment, TELPAS, discipline and attendance reports. Board of Trustees and Superintendent goals were also identified.

Fiscal Implication:

A significant amount of funds identified in the plans is included in the approved 2020-2021 budget. However, in the future it might become necessary for additional funding to be identified or repurposed.

Administrative Recommendation:

Administration recommends the Board approve the 2020-2021 District Improvement Plan and Campus Improvement Plans as presented.

Area Reviewed	Summary of Strengths What were the identified strengths?	Summary of Needs What were the identified needs?	Priorities What are the priorities for the campus, including how federal and state program funds will be used?
Demographics Long-Range Goals: 3, 4 Short-Term Objectives: 1, 2, and 3	• The district offers full day PK for qualifying students. • Stable graduation rate. • Stable attendance rate. • Effective PK-3rd intervention. • Increasing student enrollment (50-100 per year). • Career and Technical Education (CTE) course offerings have expanded within clusters. • Klaras Center for unaccompanied youth. • Place students in SPED appropriately in classrooms based upon individual needs. • Provide bilingual services for PK-1st students.	• Increase staff demographics to match student enrollment. • Improve the achievement performance of all students by closing the achievement gaps. • Provide personnel to meet intervention strategies of at-risk students at secondary. • Increase English Learners (ELs) achievement scores. • Reduce disparity between ethnicities for discipline referrals. • Improve services for Special Education (SPED) and EL students with the addition of bilingual aides. • Expand the bilingual program. • Establish character education at all grade levels. • Revision of the Gifted/Talented program to meet new requirements under HB-3 [TEC29.123].	• Improve the achievement performance of all students by closing the achievement gaps. • Reduce disparity between ethnicities for discipline referrals. • Improve services for SPED, GT and EL students with the addition of bilingual aides.
Student Achievement Long-Range Goal: 1 Short-Term Objectives: 1, 5 and 9	• Student support programs (<i>AVID, CIS, ACE, Gear Up</i>) improve student achievement and student readiness. • All campuses are conducting PLCs and data meetings. • District-wide Tier Interventions are being implemented in STAAR tested areas (<i>Math, Reading</i>). • District student STAAR performance met or exceeded regional and state performance for ELLs in all subjects. • Provide supplemental services to all special populations through approved before and after school tutorials/pullouts: Saturday School, and STAAR Academy.	• Assign a minimum of one full-time ESL teacher to each campus and two dual-language teachers for grade 3. • Meets or Masters performance on state level assessments for all core content areas as measured by state assessments. • Improve performance of African-American, SPED and White students for core content areas as measured by state assessments with an emphasis on effective strategies for SPED students. • Continue to bridge the achievement gap for SPED and Bridge Programs. • Continue to implement best practices across the district (<i>AVID, SIOP, CRP, Explicit Instruction and RtI</i>). • Increase performance on state assessments for Writing, Science, and Social Studies. • Continue to emphasize academic vocabulary by creating and utilizing a word rich environment across all content areas. • Improve SAT/ACT at/above criterion. • All populations improve on STAAR. • Continue a monitoring system to track improvements in performance of African-American, and SPED. • Implement Dyscalculia pullout for students with learning disability in math.	• Improve academic performance of all student groups while targeting specific student needs at each campus. • Continue to implement, monitor, and track improvement using the La Vega Crosswalk campus, district and state data and assessments. • Increase the Meets or Masters performance on state level assessments for all core content areas as measured by state assessments.
School Culture and Climate Long-Range Goal: 4 Short-Term DIP Objectives:	• All schools met the safe school requirement under Title IX. • 98% of students and 90% of staff feel safe at school as measured by the district's CNA survey. • Employs five law enforcement officers. • Staff positive outlook, 90%. • Students feel respected (<i>district CNA survey</i>). • District-wide foundation of AVID.	• Reduce the number of discipline referrals for students. • Refine the DAEP program restructuring schedules. • Continue to provide new opportunities for extracurricular and club activities. • Develop a district-wide plan for discipline using positive behavior initiatives. • AVID – Implement all aspects. • Train/Define role of officer/behavior aide.	• Develop district-wide plan for discipline using positive behavior initiatives. • Develop teacher-student relationship building to increase percentage of students who “feel teachers know me and my background”. • Need for character education district-wide.

2, 5, 6 and 8	- Teachers believe students can learn (<i>district CNA survey</i>). 96% of students want to do well in school.	- Develop teacher-student relationship building to increase percentage of students who “feel teachers know me and my background”. - Need for character education district-wide.	
Staff Quality/ Professional Development Long-Range Goal: 3 Short-Term DIP Objective: 4	- Professional development (PD) provided by LVISD. - Years of experienced staff. - Formal and informal feedback on teacher performance is maintained in a secure management system (Talent Ed) for teachers to access. 100% of the district’s faculty and staff are certified. - Staff is compensated at a fair and competitive salary. - Continue to provide targeted staff development. (<i>Reading Academies, Pk-12th grades</i>). - Provide PD on ELAR adoption (K-8).	- Continue to strengthen the mentoring program for new teachers with updated mentor training. Differentiate the mentoring program between teachers that are new to the district and teachers that are new to the profession. - Continue to ensure that new hires are EL certified and receive training in all district initiatives. - Disaggregate ITBS, DIBELS, MAPS, TELPAS, STAAR and STAAR Alt data to determine professional development (PD) needs of instructional staff. - Establish a system to assign highly effective staff to highest needs students; include SPED and CTE teachers. - Establish a common, district-wide understanding of Professional Learning Communities (PLCs). - Administrators and teachers will use PLCs to develop test questions for total alignment. - Provide training in all district initiatives for all staff (ongoing goal). - Provide best practices in classroom management. - Provide professional development for culturally relevant teaching strategies. - Targeted staff development (<i>Reading Academies</i>). - Decrease turnover rate (<i>currently 23.8%</i>) but release ineffective teachers. - Strengthen Response to Intervention (RtI) procedures. - Develop a PD plan to include staff needs and monitor implementation of PD on delivery of high-yield strategies, connect to teacher appraisal system (T-TESS), and provide coaching where needed. - Provide PD on Edlio for teachers to respond to communications from parents. - Recommended online resources for quick access to additional instructional strategies. - Administrators and teachers collaborate to deconstruct TEKS. - Administrators review lesson plans and provide feedback. - Establish Reading Academies. - Establish TOT ESL. - Provide PD for all PK-6 teachers on reading and handwriting strategies. - Provide Dyscalculia training for teachers and interventionists. - Training for teachers on how poverty effects student’s mental development. - Training for teachers to understand more about our students,	- Continue to strengthen mentoring for new teachers with updated mentor training and differentiate the mentoring program between teachers that are new to the district and teachers that are new to the profession. - Continue to ensure that new hires are EL certified and trained in all district initiatives. - Provide PD based on identified needs and provide coaching where needed; such as high-yield strategies, DMAC, new ELAR/SLAR adoption (K-8), and Sangha Edlio. - Establish Reading Academies. - Establish TLT ESL. - Provide PD for all PK-6 teachers on reading and handwriting strategies. - Provide Dyscalculia training for teachers and interventionists. - Training for teachers on how poverty effects student’s mental development. - Training for teachers to understand more about our students,
Curriculum, Instruction, Assessment Long-Range Goal: 1 DIP Objective: 1	- Scheduled campus-wide assessments are used for Reading, Writing, Math, Science and Social Studies. - Continuation of ECHS. - Dual credit enrollment increased. - All campuses have RtI process in place. - Curriculum mapping. - Interim assessments. - Pursuing the implementation (introduction) of a P-TECH program at the high school.	- Expand the Response to Intervention (RtI) and student supports all core content areas so that it is comprehensive for grades PK-12 and ELL. - Increase teacher expertise in responding to data and providing scaffolded supports. - Implement and monitor the level of student engagement. - Implement and monitor rigorous TEKS instruction in grades PK-12 in all content areas. - Increase achievement on benchmarks and state assessments. - Implement a district system for RtI to ensure that there are no gaps in services.	- PLCs will implement and monitor quality instruction using the <i>La Vega Crosswalk</i>. - Implement Response to Intervention (RtI) to support behavior and academic essential standards. - Increase student engagement through culturally responsive instruction, AVID, Explicit Instruction, and SIOP strategy implementation. - Refine RtI Tier III interventions on all campuses.

		• Develop a vertical alignment document of system to specify critical content of each grade/content level. • Increase student engagement through culturally relevant instruction and SIOP strategy implementation. • Provide technology/online resources to teachers. • Refine RtI Tier III interventions on all campuses. • Implement new 9-12 ELAR TEKS. • Curriculum mapping.	• Implement new 9-12 ELAR TEKS. • Curriculum mapping (expand vertically).
Family and Community Involvement Long-Range Goals: 1 and 4 Short-Term Objectives: 8 and 9	• Maintains and increased parent involvement. • Communities-in-School (CIS) continues to provide support for students and families of 1st-12th grades. • Parent communication is provided in English and Spanish. • Annual Title I parent meetings are held for all Title I school-wide campuses in conjunction with Parent University. • School Status is utilized at all campuses. • The district website provides information for student, parents, and staff. • Parent Portal enables parents to check their child's grades and attendance. • Most parent volunteers feel appreciated. • Adequate calendar of activities. • Parent University. • Two full-time district parent liaison. • Continue Family Engagement district wide. • Family engagement workshops. • Continue partnerships within the community.	• Increase parent participation in and use of online resources such as Parent Portal, on-line surveys, district website, online registration, and School Status. • Continue parent education classes district wide. • Involve parents in the campus decision-making process. • Increase parent volunteer opportunities. Teach families how to become involved in the campus decision-making process, such as parent workshops and volunteer opportunities. • Continue parent education classes to support SPED and EL populations. • Increase communication with parents about events, grades, report cards, and family engagement opportunities.	• Encourage families opportunities to become more involved in the campus decision-making process, such as-parent workshops volunteer opportunities, and social media. • Continue parent education classes to support SPED and EL populations. • Increase communication with parents about events, grades, report cards, and family engagement opportunities.
School Context and Organization Long-Range Goals: 3 and 4 Short-Term Objective: 4	• Superintendent Advisory Council (SAC) meets regularly and has teacher membership from each campus. • Teachers have a voice in decision making in district policies through the Vision in Action (VIA) committee. • All stakeholders have a voice in decision making in district policies through the District Quality Improvement Council (DQIC) committee. • Comprehensive Needs Assessment (CNA) surveys allow a voice in identifying needs in school improvement. • Continuation of ECHS program. • All campuses providing interventions and after school support to students. • 10 instructionally focused strategies implemented district-wide. • Professional Learning Communities. • District-wide AVID foundation. • Moving in a positive direction with Language/Content objectives. • Establishment of curriculum camp (vertical alignment). • District-wide implementation of data meetings and analysis of all subpopulations. • District defined PLCs.	• Refine the implementation of the district student code of conduct. • Develop a tiered behavior intervention system for discipline. • Create master schedule based on student needs driven by special programs. • Continue vertical alignment efforts throughout the school year with appropriate groupings. • Establish monthly family involvement and engagement activities on each campus. • Continue summer curriculum camp for teachers and vertical alignment efforts throughout the school year with appropriate groupings.	• Develop a tiered behavior intervention system for discipline. • Create master schedule based on student needs driven by special programs. • Establish monthly family involvement and engagement activities on each campus. • Continue summer curriculum camp for teachers and vertical alignment efforts throughout the school year with appropriate groupings.

Technology Long-Range Goal: 1 Short-Term Objective: 1 and 7	• Increased availability of district wide technology for teachers and students. • Technology department actively pursues E-Rate annually. • Reliable technology infrastructure, wireless access, up-to-date software and internet speed, labs/mobile labs, and support of technology department. • Student to computer ratio. • The district has good technical support provided by a dedicated tech staff (with additional members). • Variety of electronic devices increased. • Improved connectivity. • CTE program expanding (number of students and course offerings). • Sunset (Replacement) program for technology hardware has been successful. • System and processes put in place by technology are providing increased reliability. • Successful deployment of Google Chromebooks throughout the district. • 1 to 1 iPad implementation at LV Primary School Phil Bancale Campus.	• Incorporate the technology application TEKS into curriculum. • Provide time to do investigative lessons (<i>not just computer-based programs</i>). • Implement staff development on how to instruct with technology and how to integrate it into existing curriculum. • Increase support for students with weak tech skills in all grades. • Provide a comprehensive tech plan for staff using Microsoft and Google classrooms. • Provide technology/online resources to teachers. • Provide 30 minute weekly instruction in Technology TEKS in K-5. • Provide more technology at elementary campus. • Provide in-depth training on ways to effectively implement technology during staff development days. • Cyber Security training required by the state needs to be implemented. • Training for the LITES (Leaders in Technology Education) needs to be implemented. • District's bandwidth needs to increase (both WAN and Internet). • Provide classroom sets of technology.	• Increase the district's bandwidth both WAN and Internet through E-Rate. • Provide a comprehensive plan to support Microsoft and Google classrooms and to embed technology TEKS in K-5 K-8 instruction. • Provide in-depth training on ways to effectively implement technology during staff development days. • Cyber Security training for all staff. • Provide classroom sets of technology.

La Vega ISD DIP Board Goals 2020-21

Approved by the LVISD Board of Trustees on:

Approved by the District Quality Improvement Council on: March 3, 2020

District Long-range Goal(s):

1. The academic performance of La Vega ISD students will meet state and federal standards.
2. The La Vega ISD Board of Trustees will approve a fiscally sound budget.
3. La Vega ISD will retain and attract quality staff.
4. La Vega ISD will provide adequate facilities that enhance teaching and learning.

Short-term objectives for achieving district long-range goals in the 2020-21 school year, LVISD will:

1. Meet or exceed the state and federal standards for all students and all student groups.
2. Meet or exceed 95% student attendance rate for all students and all student groups.
3. All students and all student groups will meet or exceed the state standard for graduation.
4. 100% of instructional staff will obtain 15 hours of Continuing Professional Education (CPE) credit.
5. Each survey participant group will achieve 80% on the district culture and climate survey.
6. All schools will meet federal requirements for safe schools under Title IX to ensure a safe and orderly school environment.
7. Students and staff achieve a level of Proficient in foundational digital skills (*i.e. word processing, spreadsheet, presentation software*); telecommunications (*i.e. School Status*); LMS implementation (*i.e. NearPod, Google Classroom, Microsoft Teams*); and digital citizenship as measured annually through district approved assessment.
8. All campuses will uniformly implement the Family and Community Participation Reporting Process to document a 10% increase in involvement.
9. All campuses will implement a Coordinated School Health program as measured by CIP activities and a 5% improvement in FitnessGram results for grades 3-12.

Priority for Services Action Plan Region 12 Shared Service Arrangement

Priority for Services (PFS)

NCLB P.L. 107-110 §1303 (d) requires that "In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who are failing, or most at risk of failing, to meet the State's challenging State academic content standards and challenging State student academic achievement standards, and whose education has been interrupted during the regular school year." In their NCLB Consolidated Application for Funding, districts are required to target MEP services to "Priority for Services" students. These students must be identified through NGS by running a Priority for Services Report. Information regarding services provided to these students will be monitored through the Texas Education Agency's monitoring system called the Performance-Based Monitoring Analysis System (PBMAS).

• Criteria for Priority for Services

Students are flagged who:

- Have made a move during the previous or current regular school year;

AND AT LEAST ONE OF THE FOLLOWING:

- Are in Grades 3-12, Ungraded (UG) or Out of School (OS) and have failed one or more of the state assessments (STAAR), were Absent, Not Tested or were not enrolled in a Texas school during the state assessment testing period for their grade level.
- Are in grades K-3 and have been designated as LEP in current or previous school year.
- Are in grades K-2 and have been retained in the same grade during two subsequent years, or are over-age for their current grade level.

Objective:	Region 12 MEP SSA Districts will identify migrant children and youth who require priority access to MEP services and develop a plan for serving such students.
Goal:	To ensure that identified Priority for Services migrant children in Region 12 Migrant SSA districts receive interventions in order to succeed in school.
Summative Results:	Students advancing to the next grade level, passing state assessments, regular school attendance, passing grades.

APPENDIX B

AVID – Advancement Via Individual Determination is an in-school academic support program that prepares students for college eligibility and success. By targeting students who are capable of completing rigorous curriculum but are falling short of their potential, AVID pulls these students out of their unchallenging courses and puts them on the college track.

CIS – Communities in Schools brings community resources into schools to empower success for all students, removes barriers for vulnerable students at risk of dropping out, and keeps kids in school and on the path to graduation by leveraging evidence, relationships and local resources to drive results.

CRP – Cultural Relevant Pedagogy.

EL – An English Learner is a person who is learning the English language in addition to his or her native language.

ID&R – Identification and Recruitment.

IHE – Institute of Higher Education.

LEP – An acronym which stands for Limited English Proficiency. Hence, a LEP student is considered an English Learner or EL.

Project Link – A charitable and educational organization that helps children and families navigate to become healthier, safe, and educated.

SIOP – The Sheltered Instruction Observation Protocol was developed to make learning comprehensible to English Learners.

VIA – Vision in Action

The Texas Education Agency evaluates public schools and districts under state and federal accountability requirements.

State Accountability - The ratings and the data used to determine the rating for each campus and district. The 2019 accountability rating overall was a “C”.

Texas Consolidated School Rating Report - Combines the accountability ratings, distinction designations, Financial Integrity Rating System of Texas (FIRST) rating, and community and student engagement rating for each district and campus in Texas.

School Report Card - Produced annually for each Texas public school campus. Contains some information from the Texas Academic Report as well as some information from the State Accountability Ratings. [Archived report card](#) information is available for the past five school years.

Texas Academic Performance Report (TAPR) - Pulls together a wide range of information annually on the performance of students in each school and district. The report provide extensive information on staff, programs, and demographics for each school and the district.

Snapshot School District Profiles - Provides an overview of public education for a particular district in a specific school year. In addition to state-level information, the profile contains characteristics of the district. Additional historic data is available for each district beginning with 2002-03 from the TEA Performance Reporting website.

Results Driven Accountability (RDA) - A data system that reports annually on the performance of school districts and charter schools in selected program areas (bilingual education/English as a second language, career and technical education, certain federal Title programs, and special education).

Performance-Based Monitoring Analysis System (PBMAS) - A data system that reports annually on the performance of school districts and charter schools in selected program areas (bilingual education/English as a second language, career and technical education, special education, and certain Title programs under the No Child Left Behind Act). . . PBMAS Reports and Data website.

Financial Integrity Rating System of Texas (FIRST) - Texas Education Agency's Financial Accountability Division oversees public school financial accountability and provides each district with a rating.

Area Reviewed	Summary of Strengths What were the identified strengths?	Summary of Needs What were the identified needs?	Priorities What are the priorities for the campus, including how federal and state program funds will be used?
Demographics	All areas of STAAR testing improved. The number of students participating in the CTE program continues to be above the state average. The number of minority faculty and staff has increased over the last 4 years. Increased enrollment in Dual Credit classes and TSI testing. Increased campus enrollment. Drop out rate is below the state average and remains stable.	LEP students comprise 16% of the total School population. The number of African American SPED students is disproportionate to the campus enrollment. The number of overage students entering high School continues to exceed the state average at 25%. The mobility rate continues to increase Additional classrooms Lower teacher to student ratio. Move toward matching teacher demographics to student demographics.	Continued intervention programs in all subject areas. Read 180 to assist with reading comprehension. Provide a full time reading and math coach to assist teachers and students with interventions. Provide support for at risk students through interventions before, during, and after the school day in all subject areas through the ICU program. Pirate time will address intervention, GT, SPED, ESL and enrichment needs.
Student Achievement	ECHS success in all areas of STAAR EOC. All areas on STAAR EOC show improvement over time. Increase in TSI taken, AVID student participation, Dual Credit Enrollment, Increase College Scholarship, and increased Success Academy results.	ELAR overall passing 1st time Math overall 1st time passing Student attendance decrease Low staff attendance Intervention for retesters Dropout rate # of students graduating on minimum plan No distinctions on EOC # of students @ advanced areas	Math Instruction – 1st time teach improvement needed which will require incorporating more PD and improved technology. ELAR Instruction – 1st time teach improvement needed which will require incorporating more PD and improved technology. Student attendance Tier 2/3 Intervention Increase performance of special pops in ELAR, Math by including more interventions such as Read

			180, ICU tutorials, and Saturday School. Increase distinctions earned on EOC. Increase students scoring advanced measures. Increase students graduating distinguished. Increase student participation in the GT program.
School Culture and Climate	Higher level of accountability for students and staff. Increase in attendance of students and staff. Fully staffed increases moral and stress. More established push for UIL performance academically. Students and staff feel safe at school. The formation of the Guiding Teacher Coalition. The formation of the Principal Advisory Council. Monthly Passing of the Pirate to an outstanding teacher.	Continued follow through of accountability. Formal PBIS incentives for attendance for both students and faculty. Formal PBIS program that shifts from punitive consequences to focusing on positive behavior. Capturing Kids Hearts training to assist with classroom approach to reaching our students. CHAMPS training to establish a common approach to classroom management. Restorative discipline training to assist with approaching difficult situations with our students. Truancy cases followed through.	Clear understanding of vision and mission for all stakeholders. Structured PBIS initiatives for both students and faculty. Capturing Kids Hearts Training. CHAMPS Training Restorative Discipline Training. Consistent discipline procedures and consequences. Mentor program carried out by math and English coaches for not only first year teachers, but also struggling teachers. Establish a welcoming atmosphere upon entering the building.
Staff Quality/ Professional Development	PLC meetings Mentor program Data meetings ESL certifications The formation of the Guiding Teacher Coalition.	Increase in number of teachers in core areas Retention of staff More availability of subs More district directed PD	New staff training needs to be more robust, including more relevant campus information. Mentor/support needed to increase retention rate of teachers. More PD that is content specific and determined in a collaborative setting such as the content PLC meetings.
Curriculum, Instruction, Assessment	Identifying Essential Standards during the district Curriculum Camp. Prioritizing low performing skills.	Continued vertical alignment, more communication from level to level. Viable AP/Pre-AP Curriculum Campus Grading Policy should be	More training for intervention and inclusion teachers. Effective & Meaningful high yield strategies & management

	Common assessments Lesson plans	consistent across the whole campus and also from campus to campus. The assurance that there is technology for all students Inclusion teachers following a co-teach model in classrooms. More of Tier 2 interventions campus wide that are structured. School-wide Binder system for AVID as well as an increased use of WICOR strategies that will allow the campus to move towards being an AVID demonstration school. Reading and math coaches are needed to assist with ensuring all curriculum is a viable grade appropriate curriculum that contains elements of differentiation.	The continuation of vertical alignment that increases the rigor of the viable, grade appropriate curriculum that also develops assessments that match instruction.
Family and Community Involvement	The use of Edlio being done bilingually and outdoor electronic marquee has improved communication with parents to alert them to activities and issues which impact their children. Hiring of more bilingual staff The incorporation of School Status has increased teacher-parent communication, admin-parent communication, as well as overall campus communication to parents. Parent University participation increased this year. FAFSA nights offered to not only LVHS, but also surrounding districts. The use of Parent Portal to access grades.	Add testing dates to the webpage Increased participation in parent support groups beyond athletics and band programs to include academics as well as campus culture and climate issues. Individual parent participation and support in remediation opportunities needed by their son/daughter. More parents involved in ARD, LPAC and SIT meetings which define services available to assist students in need.	Increased opportunities for parents to assist in school activities, and meetings. The creation of a parent advisory committee. Continued use of call-outs in multi-languages. Different methods to contact parents: text and email blast

School Context and Organization	Students believe teachers care and are knowledgeable Parent Portal, Edlio and School Status Breakfast and lunch provided for all students, as well as light evening meals for tutorials. Senior Graduation Plans Teacher Guiding Coalition Principal Advisory Council Department head meetings	Increase the time for passing periods. English, Math, Science teachers Academics for all needs to be articulated in a more organized fashion. This should include decisions that are based on what is best for the majority of the students population. Analyze the master schedule to ensure tested areas have appropriate student-teacher ratio, look at placement of these periods during the day. Improve staff attendance – attendance incentives. Increase parental involvement. The formation of cohort teams to ensure students are appropriately addressed to ensure success.	Develop a more stringent support system for teachers (i.e. mentor programs, pd plans, PLC). Staff Attendance incentives. Increase parental involvement opportunities. Prioritize core classes to earlier periods (conferences 7th & 8th) Master schedule completed before the end of school year.
Technology	Increase technology access through Chromebooks for students. Various technology resources such as touch screen tvs, document cameras, z space, defined stem.	More technology for students, including access for all.	Improve training for staff on technology integration including in class support. Develop a maintenance and replacement plan for all technology resources. Continued support of technology use in classrooms. Standardization of applications used campus wide. COVID-19 FINANCIAL IMPACT LA VEGA ISD

CHILD NUTRITION

Estimated \$100,000 per month revenue reduction each month with participation decrease
(Avg monthly lunch participation has gone from 41,000 to 11,000 and breakfast from 25,000 to 7,600)

Reduction in food & Aramark costs but increase in payroll costs

We were negative for the month of April with expenditures larger than revenue

Currently, USDA has approved current feeding program through June 30

GENERAL OPERATING

We have incurred/encumbered \$186,826 in COVID-19 costs with an estimated additional minimum
\$50,000 in the next few months
(\$150,000 was spent for Technology paid for by the Technology Lending Grant for distance learning)

Very limited amount allowable reimbursement from FEMA

District ADA reduces from our budgeted ADA for state funding by approx. 20 students which reduces our
state revenue

Anticipate lower tax collections next year

Mr. Robinson is a graduate of Midwestern State University. He has 12 years of experience as an educator and 10 years of experience as a Head Band Director. He comes to us from Perryton ISD, a Class 4A program in north Texas. His career has included stops in Kermit, Wharton, Mexia, and Desoto as well.

Mr. Robinson was chosen from an impressive field of candidates over a two week period of interviews that consisted of three rounds. Joining me on the interview committee were Dr. Shields, Ms. Gibson, Ms. Roepke, Dr. Rudd, Coach Hyde, and Mr. English.

We are thankful for the years of hard work and dedication by Mr. Tom English and are fortunate that the program he has built attracted such a highly qualified field of candidates. We are also excited about the energy and potential that Mr. Robinson will bring to our band program moving forward!
