LA VEGA ISD DISTRICT AND CAMPUS IMPROVEMENT PLANS FOR 2021-2022

May 18, 2021

Purpose of District and Campus Improvement Plans

- Serves as a blueprint for addressing needs.
- Brings focus, coherence, and accountability to reform activities.
- Outlines specific and measureable strategies and activities to carry out identified goals.

Board Goals

- The academic performance of La Vega ISD students will meet state and federal standards.
- The La Vega ISD Board of Trustees will approve a fiscally sound budget.
- La Vega ISD will retain and attract quality staff.
- La Vega ISD will provide adequate facilities that enhance teaching and learning.

Over-arching Goals for 2021-2022

- Mitigate student learning loss as a result of COVID-19 by providing evidence-based interventions.
- Implement activities to respond to the social and emotional needs students have acquired as a result of COVID-19.
- Ensure that facilities are environmentally safe for staff and students.

New District-Wide Priorities

- Provide opportunities for teachers with proven track records of academic student success to become leaders of teachers.
- Increase collaborative learning around lesson planning, instructional delivery, and analysis of student work.
- Increase frequency of “just-in-time” professional learning for teachers.
- Increase opportunities for Student Teachers to partner with teams of teachers during internship.

New District-Wide Priorities

- Provide opportunities for teachers to earn National Board for Professional Teaching (NBPTS) certification to promote better teaching and better learning.
- Participate in the Teacher Incentive Allotment, as part of House Bill 3 to reward, recruit, and retain excellent teachers.
- Implement the Dual Language Immersion program at 4th grade.

Mr. James D. Garrett

Background Information:

Section 2.10.6 of the Financial Accountability System Resource Guide, version 14.0, dated January 2010, states that budget amendments are mandated by the state for budgeted funds reallocated from one function level, and state and/or federal project to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and must be amended in the budget for legal compliance.

All budget amendments are required to be adopted by the last day of the fiscal year. All necessary budget amendments must be formally adopted by the school board and recorded in the board minutes.

Fiscal Implication:

Budget amendments are moving from one function to another.

Administrative Recommendation:

Approve the budget amendments as presented.

LA VEGA INDEPENDENT SCHOOL DISTRICT
INVESTMENT REPORT
MARCH 31, 2021

The District's cash and temporary investment balances and transactions for the quarter ended March 31, 2021 reflect the investment objectives and guidelines expressed in the District's Investment Policy.

The following is a summary of the district's cash and temporary investment position by fund group on March 31, 2021. These funds are liquid and available immediately, subject to outstanding obligations.

	<u>American Bank</u>	<u>TexasTERM</u>	<u>Texas Class</u>	<u>Total</u>
General Fund	\$ 228,277	\$ -0-	\$ 10,122,627	\$ 10,350,904
Interest & Sinking	497,296	-0-	294,174	791,470
Food Service	<u>449,653</u>	<u>43,567</u>	<u>-0-</u>	<u>493,220</u>
Total	\$ 1,175,226	\$ 43,567	\$ 10,416,801	\$ 11,635,594

Cash

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the School Depository Act and under the guidelines of the Public Funds Investment Act. American Bank of Waco deposits for safekeeping and trust with the District's agent, bank-approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract.

On March 31, 2021, the balance of the district's bank deposits were \$526,748 and \$486,107 for the Maintenance and Operations and Interest and Sinking funds, respectively. These balances were covered by FDIC insurance and by collateral held by the District's agent in the District's name. The District's cash balances were properly collateralized or insured at all times during the quarter.

Temporary Investment Earnings

Cash balances are held by American Bank, TexasTERM and Texas Class. The following is a summary of each pooled fund group's interest earnings for the first seven months of the fiscal year, as well as the budgetary comparison:

	<u>As of 03/31/2021</u>	<u>Annual Budget</u>	<u>Over/(Under)</u>
General Fund	\$ 8,813	\$ 150,000	\$ (141,187)
Interest & Sinking	439	-0-	439
Food Service	<u>22</u>	<u>500</u>	<u>(478)</u>
	\$ 9,274	\$ 150,500	\$ (141,226)

Interest Earnings & Rates

The table depicts the interest earned by each investment category. The District's total earnings from investments were **\$9,274** for the seven-months ended March 31, 2021.

	<u>American Bank</u>	<u>TexasTERM</u>	<u>Texas Class</u>
Average Monthly Yield	0.05%	0.05%	0.1051%

Unfortunately, in the current financial environment, these rates are in line with market conditions, resulting in the earnings reported.

We, the approved Investment Officers of La Vega ISD, hereby certify that the following Investment Report represents the investment position of the district as of March 31, 2021 in compliance with the Board approved Investment Policy, the Public Funds Investment Act (Texas Government Code 2256), and, Generally Accepted Accounting Principles (GAAP).

Background Information:

We were recently notified that our former audit firm is no longer offering audit services to its client base outside of the Fort Worth metro area.

The business office solicited Requests for Qualifications/Proposals from area accounting firms, having received submissions from three qualified firms:

- Pattillo, Brown & Hill (PBH)
- Jaynes, Reitmeier, Boyd & Therrell, PC (JRBT)
- Singleton, Clark & Company (SC&C)

Members of the business office thoroughly reviewed the proposals, scoring the responses on many factors related to the execution of the audit. Some of these included experience of the firm and staff, size of the firm and staff, training received, professional credentials, and the overall estimated cost.

Fiscal Implication:

N/A – required under state law

Administrative Recommendation:

Approve administration's recommendation in engaging **Jaynes, Reitmeier, Boyd & Therrell, PC** as the audit firm for the 2020-2021 fiscal year, with the option to renew annually thereafter.

Mr. James Garrett

Background Information:

The current Food Service Management Contract with Aramark Educational Services, LLC was effective July 1, 2017. It is now time to approve the amendment for the 2021-2022 school year. The amendment for the 2021-2022 will begin July 1, 2021 and provides for a 3.6% CPI increase (based on the Dept of Labor CPI increase) in the Fixed Price Per Meal/Meal Equivalent as follows:

	<u>2021-2022</u>	<u>2020-2021</u>
Breakfast	\$ 1.6630	\$ 1.6052
Lunch	\$ 1.9640	\$ 1.8958
Snack	\$ 0.8436	\$ 0.8143
Equivalent Meal	\$ 2.2093	\$ 2.1325

The guaranty for the coming fiscal year is \$91,056; this is a more conservative estimate coming out of the last year we've experienced.

The Amendment has received Texas Department of Agriculture approval. After the Amendment is approved by the Board of Trustees, it will be signed and sent to Aramark for their signature and an original will be submitted to Texas Department of Agriculture.

Fiscal Implication:

Positive activity for 2021-2022 Fund 240 – Child Nutrition Budget

Administrative Recommendation:

It is recommended that the Board approve the Amendment with Aramark Educational Services, LLC for 2021-2022.

RE: Renewal of Fixed-Meal Rate Food Service Management Contract between Aramark Education Program Management Office (Aramark) and the La Vega Independent School District (District) for the 2021-2022 School Year

Dear Mr. Garrett:

This office has received and reviewed the District's proposed renewal of the Fixed-Meal Rate Food Service Management Contract with Aramark for the 2021-2022 School Year. The contract renewal is approved. A copy of the complete contract, signed by all parties, must be on file with the Texas Department of Agriculture (TDA) before the food service management company begins operating in the school for the term of this contract. Please ensure that a signed copy is submitted to TDA before the school year begins.

Please be advised that contracts, along with supporting documentation, and competitive procurement procedures for contracting for food service management, are subject to review by the U.S. Department of Agriculture (USDA) and other federal agencies. Additionally, federal and state regulations, as well as policies and procedures implementing those regulations, may change, which would require amendment to a contract that has been approved. It is the responsibility of each school district under contract with a FSMC to ensure compliance with regulations, policies and procedures.

School districts under contract with a FSMC will be notified by this office of any change to current requirements that must be addressed by the District. If you have any questions, please contact Geoff Horni, Senior Contract Specialist, at: (512) 463-6176.

Sincerely,

Lena Wilson

Resolution of the Board Regarding ESSER III and Policy CB(LOCAL), State and Federal Revenue Sources

WHEREAS, on April 28, 2021, TEA notified school districts of the opportunity to apply for their allocation of the Elementary and Secondary School Emergency Relief III (ESSER III) Fund, which should be used to respond to the pandemic and to address student learning loss as a result of COVID-19;

WHEREAS, TEA published guidance regarding how these funds can be used and local compliance requirements school districts must follow, including a recommendation that districts develop local board policy to address how the district will provide the required public notice regarding federal grants and awards for consistency;

WHEREAS, Texas Education Code 11.151 gives the Board of Trustees the exclusive power and duty to govern and oversee the management of the public schools of the District; and

WHEREAS, the Board finds that a need exists to adjust local policy provisions to address public notice for federal grants and awards and approval of required grant plans;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of **La Vega Independent School District** adopts the following text for inclusion at CB(LOCAL), State and Federal Revenue Sources:

- The District shall provide public notice of federal grant applications through an information item at a Board meeting and by publishing information on the District's website. The District shall make available opportunities for public input as required by law or the granting agency.
- Approval of required grant and award plans shall be by the Superintendent.

The change to CB(LOCAL) is effective based on the adoption date of this resolution.

LVISD School Health Advisory Council (SHAC) Annual Report for 2020-2021

Authority and purposes for the SHAC:

Each school district in Texas is required under Chapter 28.004 (a-c) of the Texas Education Code to establish and maintain a district-level School Health Advisory Council. The School Health Advisory Council of the La Vega` Independent School District is specifically authorized by the Board of Trustees in District policies BDF (Legal), EHAA (Legal), EHAB (Legal), EFAA (Legal), and FFA (Local).

The purpose of the SHAC is to assist the District in ensuring that local community values are reflected in the District's health education instruction. The SHAC is an opportunity for parents and community members to partner with schools to provide recommendations to the School Board to mitigate the issues facing our students.

The council's duties include recommending:

1. The number of hours of instruction to be provided in health education;
2. Curriculum appropriate for specific grade levels designed to prevent tobacco use, unhealthy eating, inadequate physical activity, alcohol and other drug use, sexual behaviors that may result in HIV infection or other STD, and violence;
3. Appropriate grade levels and methods for human sexuality instruction; and
4. Strategies for integrating the curriculum components specified above, with the following elements in a coordinated school health program: school health services, counseling and guidance services, a safe and healthy school environment, and school employee wellness.

SHACs assist the districts in ensuring that local community values are reflected in health education instruction. Additionally, SHACs play an important role in strengthening the connection between health and learning. They can help parents and community stakeholders reinforce the knowledge and skills children need to stay healthy for a lifetime.

"If schools do not deal with children's health by design, they deal with it by default."

(Health is Academic, 1997)

The State Board of Education gave final approval on November 20, 2020 to the new health education TEKS. They will be effective August 1, 2022 to be implemented with the 2022-2023 school year. No later than July 31, 2021, the commissioner of education shall determine whether instructional materials funding has been made available to Texas public schools to purchase materials to cover the newly adopted health education TEKS. If the funding is available, schools will begin implementation in the 2022-2023 school year. If funding has not been made available, the commissioner will determine no later than July 31 of each subsequent year. The new TEKS will be implemented the following year after notification.

Accomplishments and Activities during 2020-2021:

- Reviewed and revised the Parent Involvement Policy, Parent Compact, and Federal Programs

- Reviewed SHAC responsibilities for new members
- Discussed opportunities for parents to attend a virtual Parent University.
- Parent Engagement Team provided information on planned activities throughout the year.
- Reviewed and revised the Wellness Policy to include updates from TSDS.
- Received Big Decisions implementation from Student Success Team.
- Received Child Nutrition Services report about successes from Mr. Thiel.
- Reviewed new Health Education TEKS to determine the course of action for campus implementation.

The SHAC has met three times this school year. The dates were September 17, 2020; January 28, 2021; and February 18, 2021. The fourth and last meeting is scheduled June 8, 2021.

La Vega ISD Wellness Policy

Note: This “Basic” district-level wellness policy template meets the minimum Federal standards for local school wellness policy implementation under the final rule of the [Healthy, Hunger-Free Kids Act of 2010](#), the Alliance for a Healthier Generation Healthy Schools Program Bronze-level award criteria, and minimum best practice standards accepted in the education and public health fields.

Preamble

La Vega ISD (hereto referred to as the District) is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, and in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks.^{1,2,3,4,5,6,7} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students.^{8,9,10} In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically.^{11,12,13,14} Finally, there is evidence that adequate hydration is associated with better cognitive performance.^{15,16,17}

This policy outlines the District’s approach to ensuring that environments and opportunities exist for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students in the District have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school campus– in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the District in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The District establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

This policy applies to all students, staff, and schools in the District.

I. School Wellness Committee

Committee Role and Membership

The District will convene a representative district wellness committee (hereto referred to as the School Health Advisory Committee [hereto referred to as SHAC] that meets at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this district-level wellness policy (heretofore referred as “wellness policy”).

The SHAC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals (e.g., health education teachers, school health services staff [e.g., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services], and mental health and social services staff [e.g., school counselors, psychologists, social workers, or psychiatrists]; school administrators (e.g., superintendent, principal, vice principal), school board members; health professionals (e.g., dietitians, doctors, nurses, dentists); and the general public. When possible, membership will also include Supplemental Nutrition Assistance Program Education coordinators (SNAP-EDEDSNAP-Ed). To the extent possible, the SHAC will include representatives from each school building and reflect the diversity of the community.

Leadership

The Superintendent or designee(s) will convene the SHAC and facilitate development of and updates to the wellness policy, and will ensure each school’s compliance with the policy.

The designated official for oversight is:

Dr. Peggy Johnson – Director of Bilingual Education and Special Programs La Vega ISD
peggy.johnson@lavegaisd.org

II. Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The District will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

specific to each school; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. It is recommended that the school use the [Healthy Schools Program online tools](#) to complete a school-level assessment based on the Centers for Disease Control and Prevention's School Health Index, create an action plan that fosters implementation and generate an annual progress report.

This wellness policy and the progress reports can be found at: <http://www.lavegaisd.org>

Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at La Vega ISD Administration Office. Documentation maintained in this location will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the policy has been made available to the public;
- Documentation of efforts to review and update the Local Schools Wellness Policy; including an indication of who is involved in the update and methods the district uses to make stakeholders aware of their ability to participate on the DWC;
- Documentation to demonstrate compliance with the annual public notification requirements;
- The most recent assessment on the implementation of the local school wellness policy;
- Documentation demonstrating the most recent assessment on the implementation of the Local School Wellness Policy has been made available to the public.

Annual Notification of Policy

The District will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. The District will make this information available via the district website and/or district-wide communications. The District will provide as much information as possible about the school nutrition environment. This will include a summary of the District's events or activities related to wellness policy implementation. Annually, the District will also publicize the name and contact information of the District leading and coordinating the committee, as well as information on how the public can get involved with the school wellness committee.

Triennial Progress Assessments

At least once every three years, the District will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of the District are in compliance with the wellness policy;
- The extent to which the District's wellness policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- A description of the progress made in attaining the goals of the District's wellness policy.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

The position/person responsible for managing the triennial assessment and contact information is: Dr. Peggy Johnson, La Vega ISD Director of Bilingual Education and Special Programs, peggy.johnson@lavegaisd.org.

The SHAC, in collaboration with individual schools, will monitor schools' compliance with this wellness policy.

The District will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The SHAC will update or modify the wellness policy based on the results of the annual School Health Index and triennial assessments and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. **The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.**

Community Involvement, Outreach and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively communicate ways in which representatives of SHAC and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means appropriate for that district. The District will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. The District will use electronic mechanisms, such as email or displaying notices on the district's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. The District will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents.

The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The District will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

III. Nutrition

School Meals

Our school district is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams *trans* fat per serving (nutrition label or manufacturer's specification); and to meeting the nutrition needs of school children within their calorie

requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within the District participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP), After School Snack Program (ASSP) and Summer Food Program (SSO). All schools within the District are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (The District offers reimbursable school meals that meet [USDA nutrition standards](#).)
- Promote healthy food and beverage choices using at least ten of the following [Smarter Lunchroom techniques](#):
 - Whole fruit options are attractively displayed.
 - Sliced or cut fruit is available daily.
 - Daily fruit options are displayed in a location in the line of sight and reach of students.
 - All available vegetable options have been given creative or descriptive names.
 - Daily vegetable options are bundled into all grab-and-go meals available to students.
 - All staff members, especially those serving, have been trained to politely prompt students to select and consume the daily vegetable options with their meal.
 - White milk is placed in front of other beverages in all coolers.
 - Alternative entrée options are on posters or signs within all service and dining areas.
 - A reimbursable meal can be created in any service area available to students (e.g., salad bars, snack rooms, etc.).
 - Student surveys and taste testing opportunities are used to inform menu development, dining space decor and promotional ideas.
 - Student artwork is displayed in the service and/or dining areas.
 - Daily announcements are used to promote and market menu options.
- Menus will be posted on the District website or individual school websites, and will include nutrient content and ingredients.
- Menus will be created/reviewed by a Registered Dietitian or other certified nutrition professional.
- School meals are administered by a team of child nutrition professionals.
- The District child nutrition program will accommodate students with special dietary needs.
- Students will be allowed at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch, counting from the time they have received their meal and are seated (meets Healthy Schools Program Gold-level criteria).
- Students are served lunch at a reasonable and appropriate time of day.
- Participation in Federal child nutrition programs will be promoted among students and families to help ensure that families know what programs are available in their children's school.
- The District will implement the following Farm to School activities (meets Healthy Schools Program Gold-level criteria; mark/circle the four activities the District plans to do):
- Local and/or regional products are incorporated into the school meal program;

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

- Messages about agriculture and nutrition are reinforced throughout the learning environment;
- School hosts a school garden;
- School utilizes promotions or special events, such as tastings, that highlight the local/regional products.

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the [USDA professional standards for child nutrition professionals](#). These school nutrition personnel will refer to [USDA's Professional Standards for School Nutrition Standards website](#) to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day* and throughout every school campus* (“school campus” and “school day” are defined in the glossary). The District will make drinking water available where school meals are served during mealtimes.

- *All water sources and containers will be maintained on a regular basis to ensure good hygiene and health safety standards.*
- Students will be allowed to bring and carry (approved) water bottles filled with only water with them throughout the day, if approved by campus administration.

Competitive Foods and Beverages

The District is committed to ensuring that all foods and beverages available to students on the school campus* during the school day* support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: <http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks>. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at www.foodplanner.healthiergeneration.org.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed the USDA Smart Snacks nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, school stores and snack or food carts.

Celebrations and Rewards

All foods and beverages given to students on the school campus must be “allergen aware” and preferably prepackaged items. These items must be brought into the front office and approved by the Principal or designee.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

Snacks

Snacks served during the day or in after-school care or enrichment programs will make a positive contribution to children's diet and health, with an emphasis serving fruits and vegetables as the primary snack. Water will always be available.

Fundraising

Any food item available for purchase during the school day cannot be sold during meal period times. Schools are limited to three fundraisers per school year and all fundraisers must be approved in advance by the principle or designee. Items not meant for purchase on the school campus (i.e. frozen cookie dough) may be sold at any time.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff, teachers, parents, students and the community.

The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will ensure 100% of foods and beverages promoted to students meet the USDA Smart Snacks in School nutrition standards. Additional promotion techniques that the District and individual schools may use are available at <http://www.foodplanner.healthiergeneration.org/>.

Nutrition Education

The District shall implement a coordinated health program with a nutrition education component and establish the following goals for nutrition education:

- Students shall receive nutrition education that fosters the adoption and maintenance of healthy eating behaviors.
- The food service staff, teachers, and other school personnel shall coordinate the promotion of nutrition messages in the cafeteria, the classroom, and other appropriate settings.

Essential Healthy Eating Topics in Health Education

The District will include in the health education curriculum a minimum of 6 of the following essential topics on healthy eating:

- Relationship between healthy eating and personal health and disease prevention
- Food guidance from [MyPlate](#)
- Reading and using FDA's nutrition fact labels
- Eating a variety of foods every day
- Balancing food intake and physical activity
- Eating more fruits, vegetables and whole grain products

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

- Choosing foods that are low in fat, saturated fat, and cholesterol and do not contain *trans* fat
- Choosing foods and beverages with little added sugars
- Eating more calcium-rich foods
- Preparing healthy meals and snacks
- Risks of unhealthy weight control practices
- Accepting body size differences
- Food safety
- Importance of water consumption
- Importance of eating breakfast
- Making healthy choices when eating at restaurants
- Eating disorders
- [The Dietary Guidelines for Americans](#)
- Reducing sodium intake
- Social influences on healthy eating, including media, family, peers and culture
- How to find valid information or services related to nutrition and dietary behavior
- How to develop a plan and track progress toward achieving a personal goal to eat healthfully
- Resisting peer pressure related to unhealthy dietary behavior
- Influencing, supporting, or advocating for others' healthy dietary behavior

Physical Activity

Children and adolescents should participate in at least 60 minutes of physical activity every day. A substantial percentage of students' physical activity can be provided through a comprehensive school physical activity program (CSPAP). A CSPAP reflects strong coordination and synergy across all of the components: quality physical education as the foundation; physical activity before, during and after school; staff involvement and family and community engagement; and the district is committed to providing these opportunities. Schools will ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education.

The district shall implement, in accordance with law, a coordinated health program with physical education and physical activity components and shall offer at least the required amount of physical activity for all grades.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education.

All students will be provided equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

All District **elementary students** in each grade will receive vigorous, daily physical activity for at least 30 minutes throughout the school year. If the District determines, for any particular grade level, that requiring moderate or vigorous daily physical activity is impractical due to scheduling

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

concerns or other factors, the District may as an alternative require a student in that grade level to participate in moderate or vigorous activity for 135 minutes during each school week.

All [District] **secondary students** (middle and high school) are required to take the equivalent of one academic year of physical education.

The District physical education program will promote student physical fitness through individualized fitness and activity assessments (via the [Fitness Gram](#) or other appropriate assessment tool) and will use criterion-based reporting for each student.

Essential Physical Activity Topics in Health Education

Health education will be required in all grades (elementary) and the district will require middle and high school students to take and pass at least one health education course. The District will include in the health education curriculum a minimum of 12 the following essential topics on physical activity:

- The physical, psychological, or social benefits of physical activity
- How physical activity can contribute to a healthy weight
- How physical activity can contribute to the academic learning process
- How an inactive lifestyle contributes to chronic disease
- Health-related fitness, that is, cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition
- Differences between physical activity, exercise and fitness
- Phases of an exercise session, that is, warm up, workout and cool down
- Overcoming barriers to physical activity
- Decreasing sedentary activities, such as TV watching
- Opportunities for physical activity in the community
- Preventing injury during physical activity
- Weather-related safety, for example, avoiding heat stroke, hypothermia and sunburn while being physically active
- How much physical activity is enough, that is, determining frequency, intensity, time and type of physical activity
- Developing an individualized physical activity and fitness plan
- Monitoring progress toward reaching goals in an individualized physical activity plan
- Dangers of using performance-enhancing drugs, such as steroids
- Social influences on physical activity, including media, family, peers and culture
- How to find valid information or services related to physical activity and fitness
- How to influence, support, or advocate for others to engage in physical activity
- How to resist peer pressure that discourages physical activity.

Recess (Elementary)

All elementary schools will offer a daily recess on all days during the school year as appropriate. *This policy may be waived on early dismissal or late arrival days.* If recess is offered before lunch, schools will have appropriate hand-washing facilities and/or hand-sanitizing mechanisms located just inside/outside the cafeteria to ensure proper hygiene prior to eating and students are required to use these mechanisms before eating. Hand-washing time, as well as time to put away coats/hats/gloves, will be built in to the recess transition period/timeframe before students enter the cafeteria.

ALLIANCE FOR A HEALTHIER GENERATION MODEL WELLNESS POLICY

Updated 1/2019 to Reflect the USDA Final Rule

Outdoor recess will be offered as appropriate and when weather is feasible for outdoor play. Recess will complement, not substitute, physical education class.

Classroom Physical Activity Breaks (Elementary and Secondary)

The District recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students will be offered **periodic opportunities** to be active or to stretch throughout the day on all or most days during a typical school week. The District recommends teachers provide short physical activity breaks as appropriate.

Resources and ideas are available through [USDA](#) and the [Alliance for a Healthier Generation](#).

Staff Wellness and Health Promotion

The SHAC will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources and performs other functions that support staff wellness in coordination with human resources staff. The subcommittee leader's name is _____ (*list here*).

Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts.

Glossary:

Extended School Day – the time during, before and after school that includes activities such as clubs, intramural sports, band and choir practice, drama rehearsals and more.

School Campus - areas that are owned or leased by the school and used at any time for school-related activities, including on the outside of the school building, school buses or other vehicles used to transport students, athletic fields and stadiums (e.g., on scoreboards, coolers, cups, and water bottles), or parking lots.

School Day – the time between midnight the night before to 30 minutes after the end of the instructional day.

Triennial – recurring every three years.

Background Information:

Each district and campus is required to annually prepare district and campus improvement plans. The plans should focus on improving the performance of all students as measured by the State of Texas Assessments of Academic Readiness (STAAR), Texas English Language Proficiency Assessment System (TELPAS), and Results Driven Accountability (RDA) Reports. The plans should outline the major initiatives the district and campuses will focus on throughout the school year and will be modified as additional needs are identified. Additionally, the plans should identify the budgetary priorities for the district.

The proposed 2021-2022 DIP and CIPs have been responsive to feedback from numerous sources, such as, Comprehensive Needs Assessment (CNA) surveys, 2019 Texas Academic Performance Reports (TAPR) data, School Report Card (SRC), RDA reports, District and Campus Assessments, TELPAS, discipline and attendance reports. State Assessment data lags due to 2020 assessments not being given during COVID shelter-in-place. The plans align with and address the Board of Trustees and Superintendent goals.

Fiscal Implication:

A significant amount of funds identified in the plans is included in the approved 2021-2022 budget. However, in the future it might become necessary for additional funding to be identified or repurposed.

Administrative Recommendation:

Administration recommends the Board approves the 2021-2022 District Improvement Plan and Campus Improvement Plans as presented.

APPENDIX

AVID - Advancement Via Individual Determination is an in-school academic support program that prepares students for college eligibility and success. By targeting students who are capable of completing rigorous curriculum but are falling short of their potential, AVID pulls these students out of their unchallenging courses and puts them on the college track.

CIS - Communities in Schools brings community resources into schools to empower success for all students, removes barriers for vulnerable students at risk of dropping out, and keeps kids in school and on the path to graduation by leveraging evidence, relationships and local resources to drive results.

CRP- Cultural Relevant Pedagogy.

EL - An English Learner is a person who is learning the English language in addition to his or her native language.

ID&R - Identification and Recruitment.

IHE- Institute of Higher Education.

LEP - An acronym which stands for Limited English Proficiency. Hence, a LEP student is considered an English Learner or EL.

Project Link- A charitable and educational organization that helps children and families navigate to become healthier, safe, and educated.

SIOP - The Sheltered Instruction Observation Protocol was developed to make learning comprehensible to English Learners.

VIA - Vision in Action

The Texas Education Agency evaluates public schools and districts under state and federal accountability requirements.

State Accountability - The ratings and the data used to determine the rating for each campus and district. The campus and district distinction designations earned by campus are listed. La Vega ISD has **MET STANDARD** for the past six school years.

Texas Consolidated School Rating Report - Combines the accountability ratings, distinction designations, Financial Integrity Rating System of Texas (FIRST) rating, and community and student engagement rating for each district and campus in Texas.

School Report Card - Produced annually for each Texas public school campus. Contains some information from the Texas each district with a rating. Academic Report as well as some information from the State Accountability Ratings. Archived report card information is available for the past five school years.

Texas Academic Performance Report (TAPR) - Pulls together a wide range of information annually on the performance of students in each school and district. The report provides extensive information on staff, programs, and demographics for each school and the district.

Snapshot School District Profiles - Provides an overview of public education for a particular district in a specific school year. In addition to state-level information, the profile contains characteristics of the district. Additional historic data is available for each district beginning with 2002-03 from the TEA Performance Reporting website.

Performance-Based Monitoring, Analysis System (PBMAS) - A data system that reports annually on the performance of school districts and charter schools in selected program areas (bilingual education/English as a second language, career and technical education, special education, and certain Title programs under the No Child Left Behind Act)...

Financial Integrity Rating System of Texas (FIRST) – Texas Education Agency's Financial Accountability Division oversees public school financial accountability and provides each district with a rating.
