Background Information:

The 87th Texas Legislature passed House Bill (HB) 1525 in 2021, which amended state law to create weighted funding for students being served in a G/T program. Beginning with the 2021-2022 school year, for each student a local educational agency (LEA) serves in their program for gifted and talented students, up to five percent of the LEA's students in average daily attendance, the LEA shall receive an allotment equal to the basic allotment multiplied by 0.07. These funds are in addition to the funds LEAs receive for their G/T programs under the basic allotment.

Funds provided by the new G/T allotment under Texas Education Code (TEC), §48.109, must be used “in providing programs for gifted and talented students under [TEC] Subchapter D, Chapter 29.” La Vega will expand the programs through the creation of curriculum and independent study units for the 2022-23 school year.

La Vega Gifted and Talented Program Review

“Gifted and talented student” means a child or youth who performs at or shows the potential for performing at a remarkably high level of accomplishment when compared to others of the same age, experience or environment and who:

- exhibits high-performance capability in an intellectual, creative or artistic area;
- possesses an unusual capacity for leadership; or
- excels in a specific academic field.

Gifted students from every cultural background see the world in unique ways and are developing minds that just might discover innovative answers to the most challenging questions of their generation.

Identification

New identification procedures for identification 2022-23 forward:

EVERY student in Kindergarten, First, Second Third and Fourth Grade were screened for Giftedness. The student completed at least 4 of 6 “planned experiences” drawings. (Students were given a prompt like, “Draw a picture or write about a hero”, “Draw or write about a time you had fun.”)

The drawings and writings were evaluated by Dr. Cecelia Boswell, GT State Consultant & LVISD Consultant. Afterwards she trained our campus teams of counselors and teachers to look for signs in drawings and writings that would indicate further testing for giftedness is needed. Campus teams reevaluated those identified by Dr. Boswell and confirmed initial identification for further screening.

Those children who had scores signifying gifted possibilities on a majority of the planned experiences were then given the NNAT3 (Naglieri Nonverbal Ability Test- 3rd Edition) Naglieri is the author of the test that eliminates LANGUAGE / VOCABULARY as a barrier to identifying giftedness. The NNAT-3 is used to make certain we are not screening OUT children that may have a delay in language due to poverty, English as a secondary language, or disability or delay in reading. Additional data collected included teacher questionnaires, parent questionnaires, and observation conducted by counselors/teachers/administrators.

Findings of the new identification system:

Grade Level	Identified in 2021	Identified by new system	Total	Summary notes
Kindergarten	0	7	7	This is the same system used in previous years. All kindergartners are required to be screened.
First Grade	5	7	12	Historically, first graders are not identified because they are moving from kindergarten. Identification occurred in the spring this year.

Second Grade	10	4	14	Second grade was the focus of the new ID system, thus the dramatic increase in identification.
Third Grade	13 (moved up from 2nd grade last year)	2	15	
Fourth Grade	16	22	38	Fourth grade was the focus of the new ID system, thus the dramatic increase in identification.

Statistics and demographics

According to the Texas State Plan for the Education of Gifted/Talented Students (2.25), "The population of the gifted/talented services program is closely reflective of the population of the total district and/or campus."

Population representation in a district or school gifted program enrollment should be proportional to district or school enrollment. A discrepancy exists when your representation index (RI) is under the Equity Allowance Goal. This discrepancy indicates an under-representation that is beyond a statistical chance.

The Equity Allowance Goal is the minimum amount any subpopulation should represent in your gifted program. Wright, Ford, and Young (2017) designate a twenty percent (20%) threshold. This means that the representation index (RI) should be at least 80% or 0.8 to be considered equitable. RI is a ratio of the gifted population to the general population.

Utilization of the Texas Performance Standards Project

The Texas Performance Standards Project (TPSP) comprises a set of performance standards, curricula, and assessments for differentiating instruction and deepening academic learning. TPSP enhances gifted/talented (G/T) programs from kindergarten through high school

TPSP gives teachers guidelines for student research activities from kindergarten through high school. These projects, called “tasks,” provide students with opportunities for inquiry across multiple content areas. Tasks are aligned to the Texas Essential Knowledge and Skills (TEKS) for English language arts and reading, mathematics, science, and social studies.

TPSP tasks provide interdisciplinary connections and real-world applications. In high school, TPSP tasks include open-ended investigations that support extended study with a mentor in a student’s area of interest.

La Vega ISD Student Dress Code

2022-2023

La Vega ISD's student dress code supports equitable educational access and is written in a manner that does not reinforce stereotypes.

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group on the basis of race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, national origin, disability, age, immigration status, or any other basis prohibited by law, that adversely affects the student.

Students shall be dressed and groomed in a manner that is clean and neat and that will not be a health or safety hazard to themselves or others.

Basic Principle for elementary campuses: School- appropriate dress will be required!

- Shirts will need to be long enough that when arms are raised, bellies do not show
- Shorts, skirts and dresses will need to be at fingertip length, meaning that when a student's hands are by his or her side, the hem of the garment touches the fingertip.

All clothing items in the "must wear" and "may wear" categories must meet this basic principle.

Students Must Wear:

- A shirt that is solid colored or patterned without text **or** a college themed or La Vega spirit T-shirt.
- Pants, jeans, shorts, or skirts and that do not have holes, frays, or tears. Girls should wear shorts under dresses or skirts.
- Shoes that secure at the heel.

- Appropriate Undergarments that are fully covered

Students May Wear:

- Hoodie Sweatshirts worn over a shirt (as described in the “must wear” category) Hoods must be fully removed at all times during school hours.
- Warm up suits
- Crocs with the heel strap secured (sports mode!)
- Leggings only allowed under dresses or skirts

Students Cannot Wear:

- Images or language that depicts violence, drugs, alcohol, or any other legally prohibited substance
- Clothing that has or alludes to hate speech, profanity, or pornography
- Tank tops of any kind
- Athletic shorts
- Any clothing that reveals or makes undergarments visible
- Any item that obscures the face or ears, such as sunglasses
- Accessories that could be considered dangerous or be used as a weapon
- Swimsuits (except as required by field trips or athletic practices)
- Pajamas of any kind except on campus approved days
- Spandex of any kind
- Dental jewelry or “grills”
- Jackets or trench coats that extend beyond the knee
- Slides, slippers, flip-flops, or house shoes of any kind

*Campus administrators will have the discretion to make final decisions on any dress code issues.

Contact Person:

Dr. Charla Rudd, Chief Academic Officer for Acceleration

Background Information:

The goal of the program is to improve graduation rates for students who are in danger of dropping out of school, have dropped out, or who are behind in core subject courses

The OFSDP is a program, authorized under the Texas Education Code (TEC), §29.0822 and 19 Texas Administrative Code (TAC), §129.1027 that La Vega ISD may offer to provide flexible hours and days of attendance for students in any grade who meet one of the following criteria:

- the student is at risk of dropping out of school, as defined by the TEC, §29.081;
- the student, as a result of attendance requirements under the TEC, §25.092, will be denied credit for one or more classes in which the student has been enrolled;
- the student is attending a campus with an approved early college high school program designation;
- the student is attending a campus implementing an approved innovative campus plan; or
- the student is attending a community-based dropout recovery education program, as defined by TEC, §29.081 (e-1) or (e-2).

Annually the Board of Trustees reviews the progress of the Success Academy and flexible attendance program and procedures to determine if continuation of the program is warranted. At the April meeting the board heard about the 2021-22 program progress and progress of students to date for the 2021-22 school year. The board agreed the progress was significant to continue to offer the program.

APPLICATION

Updated April 2022

Optional Flexible School Day Program (OFSDP)

2022-2023 School Year

ELIGIBLE APPLICANTS: The Texas Education Agency (TEA) will make available to eligible school districts and open-enrollment charter schools an application form that must be completed and submitted annually to the TEA for approval.

Definition of Program Provisions

Eligible Students

A student in any grade level is eligible to participate in an OFSDP authorized under the [TEC, §29.0822](#), if the student is:

- at risk of dropping out of school, as defined by the [TEC, §29.081](#),
- attending a campus implementing an approved innovative campus plan,
- attending a TEA-designated ECHS as defined by the [TEC, §29.908](#), P-TECH, or ICIA,
- attending a community-based dropout recovery education program, as defined by the [TEC, §29.081\(e-1\) or \(e-2\)](#), or
- not meeting attendance requirements under the [TEC, §25.092](#), resulting in denied credit for one or more classes in which the student has been enrolled.

AND

There must be an agreement in writing to the student's participation:

- by the student, if the student is over 18 years of age; or
- by the student and the student's parent or person standing in parental relation to the student, if the student is less than 18 years of age and not emancipated by marriage or court order.

Assessment

The student must take the required state assessments specified under the [TEC, §39.023](#), during the regularly scheduled assessment calendar.

Participation in University Interscholastic League (UIL)

A student enrolled in an OFSDP under the [TEC, §29.0822](#), may participate in a competition or other activity sanctioned or conducted under the authority of the University Interscholastic League (UIL) only if he or she meets all UIL eligibility criteria.

Attendance Credit

A student attending an OFSDP under the TEC, §29.0822, may be counted in average daily attendance (ADA) for purposes of funding under the TEC, Chapters 46, 48, and 49, only for the actual number of contact hours the student receives, not to exceed 720 hours or 43,200 minutes per 12-month period. **Students enrolled in the traditional program for part of the year and the OFSDP program for part of the year may not earn more than one ADA.**

Board Approval

The board of trustees of a school district must include the OFSDP as an item on a regular agenda for a board meeting. Board of trustees of a school district must discuss the progress of the program before approving the program and applying to operate an OFSDP (see Appendix Two).

Continuation or Revocation of Program Authorization

Applications are approved for a period of one (1) school year. Continuation of the approval for the OFSDP will be contingent on the demonstrated success of the program. Determination of success will include a review and analysis of data provided in the mandatory final progress report(s). The commissioner of education may revoke authorization for participation in the OFSDP after consideration of relevant factors, including performance of students participating in the program on assessment instruments required under the TEC, Chapter 39; the percentage of students participating in the program who graduate from high school; and other criteria agreed to in the application and adopted by the commissioner of education. A decision to revoke approval of the program by the commissioner of education is final and may not be appealed.

Reporting Requirements

Following approval of the application, the applicant may be required to submit progress reports based on criteria selected by the applicant and agreed to by the commissioner. When requested, reports will require applicants to disclose the overall progress of the students in the program, the number of students enrolled in the program (disaggregated by ethnicity, age, gender, and socioeconomic status), the number of students graduating from high school (disaggregated by ethnicity, age, gender, and socioeconomic status), and additional criteria selected by the applicant and agreed to by the commissioner. The TEA will provide notice to applicants and additional instructions for completion of reports at least 45 days before the date a report is due, or as soon as possible, in order to give school districts and charter schools adequate time to prepare and submit the reports to the TEA. The TEA may request additional reports as necessary to monitor and assess progress of students participating in the program.

A. Student Admission to Program

Students are referred to Success Academy by the high school counselor, high school administrator or truancy officer. Students or parents wishing to have their child enrolled must go through one of these channels.

- B. Student Referral and Admission to the program contains the following documents:
 - Referral – typically completed by a team consisting of high school cohort counselor, Assistant Principal for Cohort, Success Academy Lead Teacher, Adult Student or Parent if child is a minor.

- Application and Enrollment - filled out by the adult student or parent (of minor) upon initial acceptance to Success Academy. The parent and student must agree to the stipulations or they are not able to attend Success Academy.
 - An “introductory” email is sent out once a student starts at Success Academy. This is sent to campus / district personnel and parents and student. This helps make sure all parties are aware of the change.
 - OFSDP Plan Application (If applicable). Stipulations that the student must complete attendance of regular Success Academy prior to being approved for flexible attendance. The application outlines to daily attendance and weekly total for the student to be successful and remain in OFSDP. Parental consent is obtained for all minor students.
 - PEIMS clerk adds the student to the OFSDP minute documentation form and makes change in track identification for student in PEIMS records.
 - Graduation Checklist Template
 - This form is used to assign courses. Counselors create the overall courses needed to graduate. This form aids in breaking the this to the referral courses into small bitesize “doable” courses for the student to track progress toward graduation.
 - The counselor check off the credits as the student completes the course and highlights what is needed to make sure the student is enrolled in the correct courses. The counselor make sure to indicate courses where A and B sections have the potential to be averaged together.
 - Transcript
 - Opt-Out Agreement (when and if signed) electronic version released by TEA.
 - The counselor complete prior to sending the student to Success Academy. However, we are wanting more students to graduate with an endorsement. If the parent and student sign in-person, the form is scanned and sent to high school to be placed in the student’s permanent record.
 - Other pertinent information (CPR certificate, SB 30 Interaction with Police, Speech requirment, etc....)
5. The estimated number of OFSDP students served per teacher ranges from 3-5 students per semester for a yearly maximum of 30 students
6. The OFSDP program will offer career and technology education and bilingual education services. Pregnancy related services are provided through district supports and personnel housed on the same campus. The program has three teachers and one support staff. Between the three teachers, two have the required certifications for CTE and ESL.
- The LEAD Teacher has the ESL Supplemental certification. Students identified as English Language Learner at the beginning or intermediate level will be placed in this classroom teacher’s classroom since the teacher is bilingual. For all other ELL students, students are placed equally in the two teacher’s classrooms and receive the accommodations and services recommended through the LPAC.
 - Any student who requires an ESOL I or ESOL II will be taught by the Lead Classroom teacher because of the two certifications (ELAR and ESL 7-12).
 - Students investigate careers in transportation, distribution, and logistics are provided support through Classroom Teacher 2. Students are supported with investigating careers in other programs of study by the

teacher and provided experiences and connections with partnering universities (Tarleton State University, Texas Tech University, and Texas State Technical College) and MOUs.

- The OFSDP is located at the facility that also houses the Student Support Specialists and the Special Education Department. Professionals that support students in need of pregnancy related services are notified and provide services and counseling support. Certified personnel from the La Vega High School (i.e., guidance counselors, instructional specialists, interventionists, and elective teachers) provide support and accelerated instruction when needed and requested.

7. Required recording of instructional minutes daily by teacher of record.

- Teachers track, record, and verify the actual number of minutes of instruction each day. Actual attendance begins when the student arrives in the classroom and begins work on coursework. Teachers note individual instructional time (hour: minute) on a daily contact register. When students depart for the day or transition to another classroom, the end time is noted by the classroom teacher on the teacher's daily contact register. (hour: minute). The form is based on the TEA recommended attendance form.
- Daily attendance sheets for every classroom teacher are collected and converted from hour: minute format to instructional minutes per student per teacher. The Success Academy Lead Teacher and the PEIMS Clerk generate a weekly student detail instructional minute report. Students with less than 45 minutes on any day are left blank on the official Daily Contact Register. At the end of day, teachers will certify the number of minutes each student was in attendance. The teacher will sign the log sheet at the conclusion of the week. Each teacher signs and dates the completed instructional minutes log for their classroom.
 - i. Each 3-week reporting period, the PEIMS Clerk and Lead Teacher along with the High School PEIMS clerk review for reasonableness, counseling needs, parent conferences needed, etc. The minutes are compared to IEP, ARD or LEP plans to ensure they align.
 - ii. Detailed student daily minute reports are stored electronically and shared with District PEIMS coordinator. The District PEIMS Coordinator, Chief Academic Officer for Acceleration, High School Principal, and Lead Teacher for Success Academy review individual student progress and attendance from multiple perspectives.
- The High School and Success Academy Credit Recovery Program tries to minimize the possibility of students generating more than one ADA but transferring students from a traditional program to the OFSDP at the beginning of a 6-week period. Parent – student conferences, ARD meetings, LPAC, 504 and Student Intervention Team meetings are conducted to review program eligibility, instructional needs, and program requirements. Attendance is reviewed and verification that students do not receive more than 10,800 minutes per course.
- Students transferring to the Success Academy from the La Vega High School as well as outside the district are placed on an alternative track in the Student Information System to further identify the program and time of attendance.

- The Student Attendance is tracked through exemplar forms provided by TEA for recording attendance. Success Academy staff must log on using their usernames and passwords. The teachers log on and record the time as indicated on the computer clock for each individual student on the class roster. The system records the date and time of each log in and type of entry (i.e., attendance, grades, ...). The system automatically times out after 5 minutes of inactivity. Teachers may make changes to attendance up to 24 hrs. after initial attendance has been entered. After that, the daily attendance sheet is removed from the teacher access and the teacher is required to submit documentation and request forms for correction to the Success Academy Lead Teacher. Any changes to attendance that are made are documented with date, time, individual log in, and specificity of changes to the attendance data made.
- f. Every 6-week period, data is reviewed by the Success Academy team, high school PEIMS and administration, and District PEIMS and administrators. Both 42400 and 42401 records are reviewed to identify any student reported simultaneously. The District and HS PEIMS staff ensure student minutes are accurate (180 – Traditional Days Present x 240).
 - iii. Data reviewed include:
 1. Beginning and ending dates of reporting period, including the year
 2. Total number of days of instruction in the reporting period
 3. Instructional track
 4. Student's original entry date and any subsequent withdrawal and reentry dates. (Both 42400 and 42401 series records are created – this ensures if status of enrollment changed from traditional to OFSDP)
 5. Student grade level code
 6. Average daily attendance
 7. Special education instructional setting code
 8. Career and technical education code
 9. ESL program type code
 10. Gifted/talented indicator code
 11. Pregnancy-related services code
 12. Absences by date and total for reporting period
 13. Total eligible days present and total eligible minutes present for OFSDP by 6-week reporting period.
 14. Total ineligible days present (less than 45 minutes of instruction) and total ineligible minutes present for the OFSDP.
 15. Attendance data total for all students, by grade
 16. Signature page signed by persons recording data (Success Academy PEIMS clerk) and approving data (Success Academy Lead Teacher).

8. Eligible OFSDP students can participate in credit recovery programs offered during the summer months.

- Summer school operates for 3 weeks from June 1 – June 24. Students are assigned coursework necessary to prepare for EOC testing and/or course completion for graduation in August. Each OFSDP student participating in Summer Credit Recovery course will have the sum of earned ADA and traditional AA earned calculated. The formula used OFSDP minutes eligible = (calendar days – traditional ays present) x 240 will determine the number of days and minutes the student may attend.
- Summer school is operated by two teachers. Each teach is assigned no more than 20 students. Both teachers track, record, and verify the actual number of minutes of instruction each day for each student. Each OFSDP student with maximum minutes eligible will be provided to each teacher.
- Teachers note individual instructional time (hour: minute) on a daily contact register.
- The High School and Success Academy Credit Recovery Program reviews weekly logs and course completion to check that attendance and maximum number of minutes each student is eligible to generate turning in only those eligible minutes per student so not to exceed the 10,800 maximum. .

Consider the Approval to Seek Bids for the Addition to the Fieldhouse with Locker Room and Weight Room Expansion

Mr. Todd Gooden

Background Information:

- Earlier this spring, Dr. Shields and I met with Athletic Director Willie Williams and Asst. Ad/Head Football Coach, Don Hyde. They made us aware of two pressing needs. The first was that we currently have over 70 student athletes without lockers and a place to dress due to the increase in participation of our boys' soccer program. That number will only increase in the coming years. The second was the limitations of our current weight room space. Currently, we have over 450 student athletes at the high school. Our current weight room accommodates less than 70 at a time. They were asking for a facility that would allow more athletes/teams to train simultaneously, so that all sports-boys and girls, would have equal access to the weight room. Dr. Shields asked me to begin work on what a facility would look like that could address each of these needs. We hired the architectural firm, WRA to present us with some options. Coach Williams, Coach Hyde, Mr. Langlotz and I have met with this firm multiple times. Attached is the plan that we think will address our needs for the foreseeable future. Prior to going out for bids on the expansion, we would need to order a survey. We are asking for the approval to begin the process of going out for bids to see what this project will cost and how we will pay for it.

Fiscal Implication:

WRA architects	TBD-hourly rate
Land Survey by RLK engineers:	\$8800
Geotech Survey by Langerman Foster	\$8500
Project cost is based upon bid process.	TDB

Administrative Recommendation:

The District recommends that the board approve the request to seek bids for the project
