Background Information:

The 87th Texas Legislature passed House Bill (HB) 1525 in 2021, which amended state law to create weighted funding for students being served in a G/T program. Beginning with the 2021-2022 school year, for each student a local educational agency (LEA) serves in their program for gifted and talented students, up to five percent of the LEA's students in average daily attendance, the LEA shall receive an allotment equal to the basic allotment multiplied by 0.07. These funds are in addition to the funds LEAs receive for their G/T programs under the basic allotment.

Funds provided by the new G/T allotment under Texas Education Code (TEC), §48.109, must be used “in providing programs for gifted and talented students under [TEC] Subchapter D, Chapter 29.” La Vega will expand the programs through the creation of curriculum and independent study units for the 2023-24 school year.

LVISD Gifted and Talented Program Review

Statistics and demographics

According to the Texas State Plan for the Education of Gifted/Talented Students (2.25), "The population of the gifted/talented services program is closely reflective of the population of the total district and/or campus."

Population representation in a district or school gifted program enrollment should be proportional to district or school enrollment. A discrepancy exists when your representation index (RI) is under the Equity Allowance Goal. This discrepancy indicates an under-representation that is beyond a statistical chance.

The Equity Allowance Goal is the minimum amount any subpopulation should represent in your gifted program. Wright, Ford, and Young (2017) designate a twenty percent (20%) threshold. This means that the representation index (RI) should be at least 80% or 0.8 to be considered equitable. RI is a ratio of the gifted population to the general population.

(LOCAL) Policy Comparisons

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue, bold font: **new text**.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.
