Contact Person:

Ms. Jamie Shaver

Background Information:

Section 2.10.6 of the Financial Accountability System Resource Guide, version 14.0, dated January 2010, states that budget amendments are mandated by the state for budgeted funds reallocated from one function level, and state and/or federal project to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and must be amended in the budget for legal compliance.

All budget amendments are required to be adopted by the last day of the fiscal year. All necessary budget amendments must be formally adopted by the school board and recorded in the board minutes.

Fiscal Implication:

Budget amendments are moving from one function to another.

Background Information:

TEA has changed the definition of equipment for the initial purchase price from \$5,000 per unit or local acquisition threshold, to \$10,000 per unit.

Fiscal Implication:

The increase of equipment threshold will be reflected in TASB LOCAL POLICY CFB (Capitalization Threshold) and EDGAR State & Federal Grant Manual.

Administrative Recommendation:

Increase Equipment threshold from \$5,000 to \$10,000

DATE:	January 30, 2025
SUBJECT:	Revised Timeline for Implementation of the new Federal Grant Regulation Changes
CATEGORY:	Federal Grant Compliance
NEXT STEPS:	Share information with federal grant, program, and business staff

This letter provides important updated information relevant to all current federal grant programs and grant applications and should be shared within the (local educational agency (LEA) as quickly as possible.

As described in the series of trainings TEA staff conducted around the regions last Fall, the federal Office of Budget and Management (OMB) released changes to the federal Uniform Grant Guidance (UGG) that is incorporated into the Education Department General Administrative Regulations (EDGAR) last summer with an effective date of new grant awards issued by the federal government on or after October 1, 2024. For most LEAs this limited the implementation until July 1, 2025, for all its new formula grant awards.

In September, USDE issued additional federal regulation changes under EDGAR effective immediately. These changes were mostly technical clean-ups with only a few substantial changes. Your regional education service center (ESC) will be providing information on these changes.

Please note that in mid-January 2025 the U.S. Department of Education (USDE) issued notice making all the new UGG changes effective immediately, like the EDGAR changes, for all active awards from USDE. While much of the new regulations provide increased flexibility and spending threshold changes, this implementation date change in the middle of the year may have major impacts on LEA compliance, policies, and procedures. Below are a few of the key impacts for LEAs.

Key Changes and Impacts to LEAs

1. The definition of equipment has changed the initial purchase price from \$5,000 per unit or local acquisition threshold, whichever is lower, to \$10,000 per unit or local acquisition threshold, whichever is lower. LEAs will need to quickly determine if they will continue to utilize the federal definition of equipment or make a more restrictive policy to remain at the \$5,000 threshold or different local acquisition threshold amount.

This letter supersedes current Financial Accountability System Resource Guide (FASRG) rules 1.2.4.3 Capitalization of Assets referring to the \$5,000 threshold per unit cost for capitalized assets. The FASRG will be updated to reflect this change in April of 2026. The new per unit cost will be increased to \$10,000 to align with the federal changes outlined in this letter.

2. The modified total direct cost (MTDC) threshold for use in determining your indirect cost rate for grants has increased from \$25,000 to \$50,000.

However, these changes do not affect the LEA's rate or implementation of the rate in this grant year.

3. The threshold for requiring a federal single audit increased from \$750,000 total expenditures in federal funds per the LEA's fiscal year to \$1 million of federal expenditures.

This change will determine if you are required to have the federal audit at the end of your current fiscal year. Remember, if you are not required to have the federal audit you may not use federal funds to pay for one if you choose to continue to have the federal audit. Many LEAs currently use the low-risk identification in the federal audit as their eligibility for locally certifying a higher micro-purchase threshold.

Implementation

All LEAs should create, revise, and/or update all applicable grant policies and procedures to align to the implementation of all the federal grant changes as quickly as possible.

TEA federal grant monitoring reviews will issue findings with no questioned costs this year for findings solely related to the changes implemented early by this new USDE notice.

Keep this letter as documentation for auditors.

2025–26 Certification of Provision of Instructional Materials

In accordance with [Texas Education Code 31.1011](#), local educational agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) Section [28.0022](#); (iii) Section [43.22](#), Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The TEKS Certification 2025–26 Survey includes a section to allow LEAs to certify they meet this requirement.

Like last year's process, the agency will utilize the following tools:

Certification 2025–26 Form:

Printable, hard copy of the survey to be completed offline and presented to the board of trustees or governing body for ratification and signatures.

Certification 2025–26 Survey:

Web-based application where LEAs will submit their responses collected on the TEKS Certification 2025–26 Form, and where LEAs will upload the signature page of the Form.

This year's Certification Process requires:

- The completion of the Certification 2025–26 Form;
- Ratification by the LEA's board of trustees or governing body in an open, public-noticed meeting; and
- Submission of the Certification 2025–26 Survey and upload of the ratified Certification 2025–26 Form.

TEA recommends that LEAs complete these steps by **May 1, 2025**. The Certification 2025–26 Form can be accessed at the following link on the [Certification of Provision of Instructional Materials webpage](#).

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 28, 2025, and is scheduled to reopen on May 15, 2025. **Completion of the Certification Process is required to regain access to allotment funds when EMAT reopens in May of 2025.**

Certification 2025–26 Survey submissions received after May 15, 2025, will typically be processed within five business days, then access to EMAT provided.

Instructions to Complete the Certification Process for 2025–26

1. **Review the Certification 2025–26 Form:** Print the fillable TEKS Certification 2025–26 Form found on the [Certification of Provision of Instructional Materials webpage](#).
2. **Gather information:** The form may require consultation with content area leads or other LEA staff.
3. **Complete Certification 2025–26 Form:** Complete the TEKS Certification 2025–26 Form by hand or digitally.
4. **Obtain needed signatures:** Ratify the **Certification 2025–26 Form** by the LEA's board of trustees or governing body in an upcoming, open board meeting.

5. **Submit Certification 2025–26 Survey:** Complete the online Certification 2025–26 Survey by answering the questions. Inside the survey you will upload the signed Allotment and Certification 2025–26 Form from Step 4. The survey will be open for submissions beginning Monday, March 17, 2025, and will be located on the [Certification of Provision of Instructional Materials webpage](#).

Additional Supports

- TEA will be hosting a webinar to review the Certification 2025–26 Process on *Monday, March 24th, at 2:00 p.m. CDT*. [Registration](#) is required.
- TEA will host office hours to support LEAs with the Certification of Provision of Instructional Materials process; registration is required.
 - Monday, March 31st at 11:00 a.m. CDT | [Register on Zoom](#)
 - Thursday, April 3rd, at 11:00 a.m. CDT. | [Register on Zoom](#)
- To facilitate completion of this year's submission, LEAs may request a copy of their previous year's submission by submitting a [Help Desk Ticket](#).
- For questions about the Certification 2025–26 Form, Survey, or Process, please submit a [Help Desk Ticket](#).

Review Terminology

Additional Supports

- **Scope and Sequence:** A document that provides a brief outline of the standards and a recommended teaching order for a particular course/grade-level over the course of a school year.
- **Full-subject materials** (often referred to as Tier 1 or core materials): instructional material designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.
- **Supplemental materials** (may be used in Tier 1, Tier 2, or Tier 3 settings): instructional material designed to assist in the instruction of one or more of the essential knowledge and skills
- **SBOE-Approved Instructional Materials:** SBOE-approved instructional materials are any materials that go through the IMRA process and receive approval by the SBOE. In Texas, SBOE-approved instructional materials are considered HQIM and qualify for the SBOE-Approved Instructional Materials Entitlement as outlined in Section 48.307.
- **State-Adopted Instructional Materials:** state-adopted instructional materials were reviewed and adopted in the preceding Proclamation process. These materials have not been reviewed in the IMRA process, are not considered HQIM (per the Texas definition), and are not eligible for additional HB 1605 funding entitlements.

About the Qualtrics Survey

Within the Qualtrics survey you will be given a list of commonly known publishers and products. Should your LEA use a LEA-developed product, or the product is not listed, you will be asked to write in the name of the publisher and product.

You can find a list instructional materials on the [Certification of Provision of Instructional Materials webpage](#).

Certification 2025–26 Survey Ratification [Printed and uploaded PDF]

In accordance with [Texas Education Code §31.1011](#), school districts and open-enrollment charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS) for the coming school year. Additionally, in accordance with Texas Administrative Code [19 TAC §66.105](#), school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C).

These certifications must be ratified by local school boards of trustees or governing bodies in public, noticed meetings. Districts and open-enrollment charter schools will be unable to order instructional materials through EMAT until the certifications have been received by the Texas Education Agency (TEA).

None ☐ Attached ☒ Provided Later ☐

Contact Person:

Todd Gooden

Background Information:

In order to be able to comply with the City of Bellmead's request to clear our drains of any and all debris to allow sufficient drainage for our high school property, the District is asking for approval of the attached scope of work. Once this is completed, it is expected that the City will grant us a permit to begin all projects at the high school, including the ECHS and multi-purpose pavilion. The junction of the drainage site sits inside the track, on the turf, but out of bounds of the football field. The attached photo shows the exact location.

Fiscal Implication:

Because of the resolution passed by the board at the onset of construction, we will be able to use bond funds to pay for this project.

Administrative Recommendation:

It is recommended that the Board approve this bid and scope of work.
