2015-2016 Windsor Teacher of the Year

Michelle Carras is the Windsor Public Schools Teacher of the Year for 2015-2016. A committee of her peers selected her from 41 nominated teachers. She has been a teacher in Windsor Public Schools since 2013 and is currently a Special Education teacher at Windsor High School. She previously taught at the CREC Hartford Juvenile Detention Center and in schools both in and around Albany, NY.

Michelle is a graduate of Marist College where she received her Bachelor of Arts Degree in Special Education/Psychology and a Masters Degree in Educational Psychology. Michelle lives with her family in East Hartford.

The Windsor Public Schools' Teacher of the Year Program recognizes and honors teacher excellence. It does not attempt to select the "best" teacher; rather, to identify, from among Windsor's many outstanding teachers, one teacher to serve as a visible and vocal representative of what is best in the profession. The program celebrates excellence in teaching by recognizing teachers who have inspired a love for learning in their students and who have distinguished themselves in the profession.

Windsor's Teacher of the Year selection process begins in March when teachers are asked to submit written nominations of colleagues. Nominations were received. Those teachers who were nominated then decided whether or not to continue in the process and be interviewed by a panel of colleagues. Following the interview process, a classroom visit takes place on the finalist. Michelle is now working on her State of Connecticut Teacher of the Year application packet.

The Windsor Board of Education announces the teacher of the year at its June meeting. The teacher of the year is invited to the September Board meeting and is formally recognized.

**Sara Anderson-Potts Named CAS High School
Exemplary Educator for 2015-2016**

The Connecticut Association of Schools has announced that Windsor High School teacher, Sara Anderson-Potts, has been selected as the CAS High School Exemplary Educator of the Year for 2015-2016.

Sara will be formally recognized at a Board of Education meeting in the fall and also at a CAS celebration in November.

The letter announcing the award is attached.

Subject: AP Scores 2015

Background:

This is the regular yearly update on AP scores and student enrollment. Scores were last presented in the Spring of 2014. The presentation this year will include scores from both the 2014 and 2015 testing years along with some historical perspective.

Status:

The AP program has seen continual growth in number of students and overall exams while maintaining a high level of success in our overall pass rate.

Recommendation:

The AP program continues to grow and meet with success at WHS. We continue to look for ways to finance training for teachers and to support students outside of the regular school day.

AGENDA ITEM

Asst. Supt. for Human Resources

Presented By: Terrell Hill

Attachments: Human Resources Staffing Update for Opening of the 2015-2016 School Year

Subject: Update on Staffing at Start on the 2015-2016 School Year

Background:

For the September Board of Education meeting information is always provided on all of the personnel actions that have taken place since the June Board of Education meeting.

A. Recruitment Fairs

Human Resources actively recruited new teachers at recruitment fairs. Windsor Public Schools administrators and teachers have actively recruited at the following teacher/administrator job fairs: University of Connecticut, Westfield State University, CREC Minority Teacher Recruitment Fair, and ARC (Alternative Route to Certification Program). Administrators and teachers accompanied the Assistant Superintendent for Human Resources to fairs.

B. Advertisements

We advertised our teacher openings in the *Hartford Courant*, *Northeast Minority News*, CT REAP (website with CT educational jobs), CEA (CT Educ. Assoc.), CASCIAC (CT Assoc. of Schools and CT Interscholastic Athletic Conference), CAPSS (CT Assoc. of Public School Superintendents) and the Windsor Public Schools Website. In our efforts to reach a much larger and, more diverse population we have contracted with *CareerBuilder.com* which allows us to advertise a position on over 1600 websites nationwide, as well as 36 Diversity websites. We have also have contracted with *HBCUcareers.com*, a company that focuses on recruiting efforts aimed at HBCU's (Historically Black Colleges and Universities). This organization makes full use of the popularity of social media by posting jobs to Facebook and Twitter. Social media has become an integral part of our everyday lives and if we want to attract the best and the brightest we must advertise where they are looking.

Hiring Process

Candidates participate in multiple rounds of interviews which typically include representation from teachers, curriculum supervisors, building administrators and central office administrators. We also require a writing sample for all positions and an authentic assessment (such as teaching a lesson) whenever possible. The authentic assessment portion is another tool for the district to differentiate candidates. All interview processes for teachers end with an interview with the Assistant Superintendent for Human Resources. Interview processes for administrators below the rank of cabinet or building principal end with an interview with the Superintendent.

Another important piece of the process is the reference check. Administrators complete a district reference check form by personally contacting at least three (3) of the candidates' references. A detailed conversation ensues focusing on areas that are important to Windsor in its new hires.

New Teacher Orientation

All new teachers, including those hired during last school year, took part in a comprehensive two day new teacher orientation held on August 24th and 25th. The orientation focused heavily on instructional strategies that the teachers new to Windsor could put into use immediately. The orientation included a lunch put on by the Windsor Chamber of Commerce and completion of Module 5 of the State of Connecticut's TEAM program. TEAM stands for Teacher Education and Mentoring Program and is a five module program for new teachers. Completion of Module 5 prior to the start of the school year puts Windsor's teachers ahead of schedule for this program. Additionally, the new teachers were familiarized with the SEED (CT System for Educator Evaluation and Development) document, covering teacher evaluation regulations and procedures.

C. Statistics

As of September 8, 2015 there are 74 new employees in the district. This number includes teachers, Central Office staff, paras, AFROTC, food services, and a nurse. Of the "newly hired" 9 employees actually began contracted employment during the 2014-2015 school year. Teacher openings were due to teachers taking positions in other districts, retirements, childrearing, or moving out of state.

For all newly hired certified employees (46 total), the division between male and female is approximately 20% male, and 80% female. Of the newly hired certified staff approximately 17% of them are people of color.

Of the newly hired teachers:

- 61 % have taught previously in another school district
- 39 % are teachers new to the profession

ATTACHMENTS: Financial Statement for Fiscal Year that Ended June 30, 2015

SUBJECT: Fiscal Year '15 Year End Financial Report

BACKGROUND:

Each year at this time, the budget from the previous school year is officially closed and a report made to the Board on the end year status.

The Board of Education's budget for Fiscal Year 2015, which ended June 30th, was \$65,220,673. Our unexpended balance is \$718.00. (NOTE: results have not been audited.)

For the Fiscal Year End June 30, 2015, there were under expenditures in certified and non-certified salary and benefits. Offsetting this under expenditure was over expenditures in areas such as substitute salaries, special education tutor salaries, pupil transportation, Special Education tuition, magnet school tuition and technology. The savings in salary and benefits are attributable to favorable hiring and savings in employee health insurance. The savings in employee health insurance is a result of the move to self-insurance and a low claims year. Transportation cost increases were a result of added bus runs to accommodate additional Special Education transportation students throughout the school year.

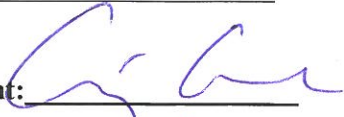

STATUS:

A letter will be sent to the Town of Windsor notifying them of the amount that will be returned.

RECOMMENDATION:

That the Board approves the return of \$718.00 to the Town. (Final amount subject to completion of the audit.)
